APSLEY, Jan. 22 (ENS)—Women Association of Trinity Church elected the following officers at the home of Mrs. W. Earnshaw: President, Mrs. Don Newberry; vice-president; Mrs. H. Montgomery; recording sec'y, Mrs. N. Wilson; corresponding sec'y. Mrs. W. Lean; treasurer, Mrs. John Tucker; organist, Mrs. W. Lean and asst. organist Mrs. John Tucker. Mrs. N. H. Wilson was in charge of the election.

Avoids Car Collision

CAMPBELLFORD, Jan. 22 —(ENS)—A truck driven by Wm. Auger of Marmora overturned in the ditch on No. 30 Highway, three miles from the town limits, early on Thursday.

Travelling north, Auger said he was rounding the crest of a hill when he met two cars travelling abreast at a high speed, and to avoid a head-on collision, swung too far to the right and swerved into the ditch. He escaped injury and the truck was only slightly damaged.

Mrs. S. Benson Dies

WINDSOR, Jan. 22—(CP)—Mrs. Stella C. Benson, widow of J. E. Benson, former inspector of public schools, died in hospital Friday after three weeks illness. She was born in Hastings County and came to Windsor 29 years ago from Picton.

Reveal Amazing Contrasts In The Life Of Christ

REV. E. R. JAMES

His Name Shall Be called Wonderful. Isaiah 9: 6.

Do you believe that Jesus Christ is WONDERFUL?. What can you say to an unbeliever to prove it? No man has ever dared to point a finger of reproof at the Christ—his character is perfect. What does Christianity have that none other religion has. There is only one answer— Christianity is Christ, who is the Son of God and the Son of man. Have you carefully read the Gospels. which are written in simple language. There you will realise that the Teacher of Nazareth makes the most startling claims for Himself and yet no man calls Him a deceiver.

Christ's Claims

Heaven and earth shall pass away but My words shall not pass away. I, if I be lifted up shall draw all men unto Me. Ye are from beneath I am from above. I and My Father(God) are one. No man cometh unto the Father but by Me. He that hath seen Me hath seen the Father. The Son of Man shall come in His glory with all the holy Angels and shall sit upon His throne of glory and before Him shall be gathered all nations. He that loveth father or mother more than Me is not worthy of Me. He that denieth Me before men shall be denied before the angels of God. Come unto me all ye that labour and are heavy laden and I will give you rest. I am the Way, the Truth and the Life. Without Me ye can do nothing. My sheep hear My voice and I give unto them eternal life. All things are delivered unto Me of My Father, and no man knoweth the Son but the Father, neither knoweth any man the Father save the Son and he to whomsoever will reveal Him. If a man love Me My father had given all things into come unto him and make our abode with him.

The blind and the lame came to Him in the Temple and He healed them. And when the chief priests and the scribes saw the wonderful things He did they were displeased.

Before Abram was (born) I AM. Can you wonder that the devout Jews took up stones to stone the Man Who claimed to be be God.

Now will you read these heart moving word, praying for a vivid imagination.

"Jesus knowing that the Father had given all things into His Hands, and that He was come from God, and went to God; Ariseth from supper. and laid aside His garments, and took a towel and girded Himself. After that He poured water into a basin, and began to wash the disciples feet, and to wipe them with the towel wherewith He was girded. After He had washed their feet and was set down again He said unto them. If I, your Lord and Master have washed your feet; Ye ought also to wash one another's feet. The servant is not greater than His Lord. If ye know these things, happy are ye if ye do them. St. John 13.

THE LORD JESUS SAID LEARN OF ME FOR I AM MEEK AND LOWLY IN HEART.

WE BEHELD HIS GLORY, THE GLORY AS OF THE ONLY BEGOTTEN OF THE FATHER, FULL OF GRACE AND TRUTH.

Preparation Is Watchword Written Into Most Lives

BY WILLIAM E. GILROY, D. D.

"Be prepared" is a watchword written largely over our life today. Its significance is largely in the area of security and military preparedness, but it has a very much larger application to the whole of life and to every enterprise and venture. It is an important watchword in the realm of religion.

"Preparation" is written over every aspect of the ministry of Jesus, the missionary labors of Saint Paul, and the whole story of the founding of Christianity.

John the Baptist, whom Jesus called the greatest of all men born of women, prepared the way, and called for preparation: "Prepare ye the way of the Lord, make His paths straight."

But that was only the beginning of the Christian preparation. We must never forget the long period of preparation in the life of Jesus himself, the nearly 18 silent years in Nazareth before He began His public ministry. Nor should we forget Paul's silent years, his going into the desert and the long preparation before he launched out on his missionary journeys.

Think of the boy Jesus in Nazareth, waiting patiently, preparing fully, obediently listening, before He began that ministry, which was to last so shortly in earthly years, but which was to be timeless and endless in its truth and blessing for mankind. Nothing in God's providence is accomplished without discipline and preparation.

I speak of these things with some feeling, Because I recall how at one time in my own life, under unfortunate influences and impulses, I was tempted to throw up my college work with its severe discipline and take a short cut into "Christian work." As I look back I can see how unprepared I was and how much I needed discipline and training.

Education, of course, is not all. The poet Tennyson prayed in "In Memoriam" that knowledge should grow from more to more, but along with more of reverence. And Paul's prayer for the disciples was that their love's should abound more and more in knowledge, and in discernment. An old adage says that "a little knowledge is a dangerous thing"; but loveless knowledge is even more dangerous.

But without education and the discipline of scholars we could not have had our English Bible. or the church, or all the valued things that despisers of education forget that education made possible.

But it is well to remember what I am stressing—that the greatest of all ministries, the ministry of Jesus, had back of it years of preparation. The same applies to the ministry of Paul. "Be prepared" is still the watchword of Christian progress.

Young People Buy Launch

TORONTO: The United Church of Canada has bought a new sleek white motor launch to help carry the gospel to outlying villages on the Pacific coast. The launch was purchased out of contributions from young people of the United Church of Canada toward a special $16,000 project of the Missionary and Maintenance fund.

The 26-foot craft is now en route to Cape Mudge Indian village at the southernmost tip of Quadra Island. It is the latest addition to the United Church mission fleet.

It is named Robert C. Scott after a retired United church minister who went to Cape Mudge nearly 30 years ago and did missionary work there until 1925. The minister, Capt. Scott, attended the dedication.

The mission boat is now handled by Lloyd Hooper who served with the Army Service Corps Overseas during World War II.

INDIAN REBEL—Jules Sioui sits at desk in his Indian "government" headquarters at Loretteville, Que., prior to leaving for Quebec jail to be sentenced for conspiring to incite Indians to rebellion. The well-scrubbed office on the Huron reservation is Sioui's home, barbershop and grocery store. Himself a Huron, Sioui can't speak a word of any Indian dialect.

MAIN ST. TOPICS

EARLY OR LATE?

Fred Ward, Warkworth, saw a robin this week in the yard of his home. Maybe this robin is an early bird from the south or is one of a few who stay north for the winter.

OVER THE QUOTA

Peterborough exceeded its Hydro power quota Friday. The register was 274,000 wkh., up in the brackets that brings worry to the Utilities Commission. The average for the five industrial days of the week was 265,000 kwh.

ADDRESSES FRIDAY NITE CLUB

G. H. Roper, general secretary of the YMCA, spoke to the Friday Nite Club Friday night. His topic was "How the YMCA was Formed."

TAPS TREES

Mild spring-like weather last week tempted Charles McCleary, Warkworth, to tap a few maple trees. Within a short time he had enough sap to boil down into syrup and to make some sugar.

ATTENDANCE POOR

Attendance at the local hockey games isn't quite as good as attendance in the TVL. At the opening of the new rink in Lakefield had about 1,700 while the opening of the Civic Arena had about 1,200. The attendance at the Junior "B" game here on Friday night was only 600.

NO ICE CUTTING

Ice companies in the city haven't been able to cut the ice due to the mild weather. The ice in Chemong Lake is only 12 inches thick and about 16 inches is the depth required. One dealer said the weather will have to change or there will be no ice for his customers this coming summer.

RECEIVE THANKS

Lindsay Sub-Division of the Catholic Women's League have received letters of appreciation from Prime Minister Louis St. Laurent and retired Prime Minister W. L. Mackenzie King. The sub-division sent letters of appreciation and congratulation to both officials.

BUSINESS MEETING

Rotary meeting on Monday will be a business meeting with every committee reporting. There will be 22 reports from the committees. Governor E. Simmons of the Rotary District will be the guest of the club January 31.

FEAR COUNTY "HUNTED OUT"

Game Overseer Wallace Scott of Kinmount says Haliburton County might become "hunted-out" unless the deer season is restricted. He recommended to Haliburton County Council that the provincial government be asked to limit the season to 10 days. Scott also requested a bounty be placed on fox as done in Victoria and Peterborough counties.

NORMAN A. WILKES

Norman Wilkes New Assessor Arrives Feb. 16

Appointed head of the Peterborough assessment department, last week, Norman A. Wilkes was born in Hamilton, Jan. 1904, son of Alfred W. Wilkes who died several years ago. His father was in the printing business in Hamilton and was widely known in fraternal circles there before taking over the Rainy River Record about 15 years ago.

Peterborough's new assessment commissioner who will take up his duties here on February 16, spent four years in the bank after leaving school, and then left a teller-accountant position to help his father in the printing business. The depression hit both of them, folding their shop.

Mr. Wilkes worked on temporary staff of the assessment department in Hamilton for seven months in 1931, nine months in 1932, was appointed a permanent clerk in Jan., 1933, junior assessor in March 1941 and senior assessor in August that year. Mr. Wilkes was rejected from military service in the Hitler war, but he had served eight years in the militia after 1920. His brother, an Anglican chaplain, Major R. O. (Rusty) Wilkes, was decorated in the Italian campaign and is now chaplain of the western military district, comprising Alberta, British Columbia and the Northwest Territories.

INVITED TO AFFILIATE WITH STEEL

An official invitation to affiliate with the Steelworkers has been received by the Independent Outboard Marine Workers Union. Regarding affiliation, a letter signed by John Mitchell, director, district 6, USWA says in part: "If you decide to do so, you will be most welcome to join our organization....and your applications for membership will be accepted without payment of the usual initiation fee, since you will be transferring your memberships from another union." Another letter urging the employees to join the USWA has been received by the Independent Union from George Kass, president of Local 1302, USWA, Evrinrude Motors local in Milwaukee, Wisconsin.

8 DP Families Employed In Haliburton

Eight Latvian families have taken temporary accommodation in Haliburton county while the men work out their yearly contract with the Dept. of Labor. All of the men are employed with the Hydro Electric Power Commission in timber operations at Eagle Lake.

The group is part of the 3,000 displaced persons who reached Canada in late 1948 to make new homes in Canada. Under contract with the government the men must work one year at assigned work, and after that period they are free to make their homes wherever they can find employment and accommodation.

The eight men brought their families to this country they satisfied authorities that living accommodation was available.

Mr. and Mrs. Dick Snider, Haliburton are hosts to Mr. and Mrs. Ernest Berkinbergs. Mr. Berkinbergs is a pharmacist. Mr. and Mrs. Ruffus Anderson, Haliburton have rented one of their cottages to Mr. and Mrs. Imaands Frismanis, and their daughter age 10. Mr. Frismanis is an electrical engineer. Mrs. Jack Davis, Haliburton is host to Mr. and Mrs. Zanis Bunbulis and their two children, a girl 11 and a son 16. Mr. Bunbulis was a building contractor in Latvia.

Samuel Walling, Haliburton has provided accommodation for two families, Mr. and Mrs. Otto Aparinis, and their two daughters, ages two and four, and for Mr. and Mrs. Juligs Bracus. Mr. Aparinis is a skilled cabinet- maker and Mr. Bracus was a farmer in his native land.

Byron Walker, Minden has rented two cottages to two families. They are Mr. and Mrs. Mikelis Berkis, and their 18-year-old son who is also employed by the H. E. P. C.; and Mr. and Mrs. Jekaps Albriks, a farmer.

Expect 500 Food Handlers

Five hundred employees of restaurants, hotels and lunchcounters of the city are expected to attend a Food Handlers course next week. Sponsored by the Peterborough Branch of the Health League of Canada and the city Department of Health, the first course was held here last year, with 400 attending.

The course will include films and brief talks on sanitary methods of preparing and handling food, rat and vermin control. A practical demonstration of germ development is given. Those who attend the afternoon or evening sessions next Wednesday and the final session on Feb. 2 will receive a certificate.

In charge of the discussions will be Dr. R. A. Kelly, Medical Officer of Health, William Nash, Chief Chemist at Canada Packers here and Ronald MacPherson, Sanitary Inspector.

NORWOOD FAIR ANNUAL

Annual meeting of East Peterborough Agricultural Society, Norwood Fair, is Wednesday, Jan. 26, at 2 p.m. in the town hall at Norwood.

Blood Donations Free In Ontario

During the war more than 25,000 blood donations were given by residents of Peterborough and district the Blood Donor Clinic operated at the local branch of the Red Cross Society.

The peacetime collection of the blood will be made by visits to larger centres, of which Peterborough is one of Mobile Clinics. These clinics will be completely manned by doctors, nurses and technicians and carrying with them all the necessary equipment.

Instead of having a clinic open every day the mobile clinic will visit a centre every four months and in a few days can take care of the number of blood donations required. Peterborough needs 2500 donors.

The Red Cross rooms corner of Brock and George Sts., up-stairs, will be open afternoons and evenings from Monday, January 31 to Saturday, February 5, both days inclusive for the registration of donors.

Army's New Recruit Was In Australia

Latest applicant to join the Active Force at the Armories is John James Norwood, 21, of Wilberforce. This young man has just spent 20 months in Sydney, Australia. His parents went to visit friends there and couldn't return until three months ago due to conditions in that area.

Recruiting authorities at the Armories interviewed Mr. Norwood. His application for enlistment has been forwarded to the Area Headquarters.

ALD. DODDS SPEAKER

Ald. Hurrell Dodds, chairman of the Board of Works, is engaged for a talk on municipal government at the meeting of young people's society of Mark St. United Church on Jan. 31.

Mrs. Alice Waldron Dies 3 Days After Accident

Unconscious in hospital for three days after being struck by a taxi, Mrs. Alice Waldron, 60, of 735 Young St., died on Friday night. Both legs were badly broken and she received head and other injuries. The driver of the taxi was Murray Hill, 137 Dublin St.

A charge of careless driving has been laid against Hill, thus there will be no inquest.

Mrs. Wandron early Wednesday morning started across the intersection at Braidwood and Lock Sts. to catch a bus. She paused in the middle of the street to wave to a friend, and was struck by the taxi driven south on Lock St.

The impact threw her some distance. Later she was removed to St. Joseph's Hospital.

Hill appeared in police court on Wednesday morning and pleaded not guilty to the charge of careless driving. He was remanded for a week on $4,000 bail.

Mrs. Waldron leaves her husband, Charles Waldron; a son, Stanley Victor Taylor, with whom she lived; four daughters: May Taylor of Cobourg, Mrs. Melvin Ketcheson (Florence) of Bethune St., Mrs. W. Lang (Jessie) of Aylmer St., and Mrs. John Eastabrook (Violet) of Burnham St.

She also leaves 11 grandchildren.

The former Alice May Spicer, she was born in Hope township, daughter of the late Richard Spicer and Eliza Jane Powell. Mrs. Waldron moved to Peterborough about 30 years ago after residing for some time in Port Hope.

She was a member of the Salvation Army.

Funeral will be from the Duffus Funeral Home on Monday, Jan. 24, at 2 p.m., Major Charles Watt of the Salvation Army officiating. Burial will be in Welcome Cemetery.

THANKS OF JUNIORS

Thanks to Canada Packers and Gordon Matthews for the junior department dinner and to the county council for two scholarships of $100 each was expressed by Don Milburn of the junior branch of Peterborough Exhibition at its meeting Friday.

Wm. C. English Superintendent Of CGE Plant

William C. English, who served for the past 12½ years as mechanical superintendent of the Canadian General Electric Company, has been appointed general superintendent of the Peterborough Works. With this announcement from the management is included the combining of the mechanical superintendent's department with the general superintendent's department.

Mr. English attended Central Public School and Peterborough Collegiate Institute before joining the Peterborough works in 1907. He served his apprenticeship as a tool designer and worked in the machine shop for a number of years. Mr. English commenced his continuous service at Peterborough works in 1916.

In 1930 he was appointed supervisor of the tool design, and in August, 1936, he was appointed mechanical superintendent, which position he held until his newest appointment as general superintndnt.

A member of the Quarter Century Club and Foremen's Association, Mr. English also found the time to take an interest in the Boy Scouts Association, serving as its president for several years. He is a past president of Peterborough Kiwanis Club and a former director of the Peterborough Chamber of Commerce. In thet field of recreation, Mr. English is well known as a member of the Peterborough Sketch Club, and his sketches have been exhibited on several occasions.

Veteran Welfare Payments In Nine Counties $14 Million In 3 Years

Expenditures for veterans' welfare in the nine counties of central eastern Ontario were more than $14,000,000 since November, 1945. Figures on the Kingston district — covering the counties of Leeds, Frontenac, Lennox and Addington, Prince Edward, Hastings, Northumberland, Peterborough, Victoria and Haliburton — were released Friday covering operations until Dec. 20 of 1948. Re-establishment credits involving a total cost of $7,240,880.06 have been paid to veterans in the area up to that date. Of this, more than four and a half million dollars was for purchase of furniture. More than 2,000 applicants received $775,000 for housing assistance not under the National Housing Act. These applicants were required to furnish at least one-third of the value of their housing purchases.

There were 105 applications under the Act, with a total value of $48,000. Repairs and modernization of homes accounted for another $272,000 of the total, and there was $54,000 given 145 veterans for payment of mortgages on homes.

Provision of working capital totalled $867,000 and almost $400,000 was paid for purchase of tools and equipment. Small business purchases—there were 138 of them—amounted to $71,000. Veterans' insurance costs came to $169,000. Vocational and education training and miscellaneous accounted for about $21,000.

College Allowances

The report showed that 1,853 veterans in the nine counties had received University Training allowances. There are at present 1,079 veterans enrolled in Queen's University, Kingston, with 103 others repeating their year at their own expense. Total payments since 1945 for allowances for university students in the area was $3,134,260.62. In addition, the sum of $2,131,938.20 has been paid for university training fees for veterans.

Under the Veteran's Rehabilitation Act, up to Dec. 20, 1948, there were 3,248 veterans of this district at one time or another in receipt of Out-of-Work Allowances. Total payments were $66,503.18.

Vocational Training Allowances were granted to 1,725 veterans, with 71 still receiving this allowance. Cost in the three-year period has been $847,701.28.

Awaiting Return Allowances—which are maintenance grants to veterans establishing themselves in small businesses or farms — were provided for 1,645. There have been 1,407 successfully established under this arrangement. Of that number, 817 are listed as general business enterprises, 341 have taken up fulltime farming under the Veterans' Land Act and 230 not under the Act. Five were established in commercial fishing under VLA and seven without that scheme. Seven of the total number established were women veterans. The average number of weeks in which this allowance was paid to successful applicants was 28, with an average payment of $403.41. Eighty-five were not established.

Total payments for the awaiting returns allowances were $770,221.53.

Illness Allowances

Temporary incapacitation allowances were awarded to 87 veterans who lost time from work through illness not of a type which could be treated through treatment hospitals. Cost was $10,895.97.

Another important part of the work mentioned in the release of figures is with disabled veterans. At Dec. 20, 1948, there were 835 registered. Of that number, 385 were employed, 81 still in hospital or receiving treatment, 25 receiving special training and 32 ready for employment but not yet employed. Most of these veterans are in receipt of disability pensions.

War veterans' allowance is now paid to a total of 1,110 of all wars in this district. Of that number, 190 are widows of veterans who died and three are veterans' orphans.

$1,000 For British Fund Included In County Grants

Three new beneficiaries received grants from the County Council this year. The United Emergency Fund for Britain received $1,000 and the Peterborough Tuberculosis Association and the Lakefield Arena $500 each. In committee Reeve Melville Johnson, of North Monaghan, moved that the UEFB receive $2,000, but this was defeated and Reeve Ross Harrison and Reeve Peter Pearson moved half that amount be granted.

Mr. Johnston moved the Tuberculosis Association be allowed $1,000 but this also, on a motion by Reid and Darling was halved.

Claiming that not only Lakefield but the surrounding rural district would benefit from the Lakefield Arena, Reeve William Grant asked that a grant of $1,000 be given toward the cost of its construction.

He said that it was not an annual request, and that he hoped a similar one would not have to be made for another 20 years. Addressing the other Reeves, he said: "It occurred to me you might make some contribution to the construction of the rink. And I think the other villages should be helped if they provide services for the rural community."

"It is the first time I have asked for anything in my four years as Reeve of Lakefield," he said. "I think it is worthy of support from the County Council.

"Sometimes I think the rural community is spoiled," said Mr. Grant, "Those people living within a few miles of Peterborough need only journey a short distance to the city and spend money for their entertainment."

"I'm in favor of a grant to the Lakefield Rink," said Deputy-Reeve Richard Stewart of Otonabee, "but I wouldn't like to say how much it should be."

Mr. Grant then moved that the Lakefield Rink receive $1,000 and he was seconded by Reeve Ernest Leeson of Havelock, but it was defeated.

"If we give Lakefield $1,000 we'll have to do the same for others," objected Ross Harrison, reeve of Smith. "I want to think this matter over." Gale Elliott, reeve of Harvey, said that there was no better form of recreation than that obtained on a rink, but he, too, thought that the request was too high. Norman Wilson, reeve of Burleigh Anstruther, also spoke against the motion.

"I don't think these things should be thrown on tax bills," said James Humphries, reeve of Asphodel. He suggested that Lakefield will finance its own rink if the farmers would help us canvass," replied Mr. Grant. "We are doing a community service—serving a wider area than the village itself.

"Rural communities used the old rink and will use the new one," continued the Lakefield Reeve, "and we want them to; but we also want them to help." The amended figure of $500 was proposed by Deputy-Reeve Robert Tully of Smith, and Grant.

2500 BLOOD DONORS

URGENTLY NEEDED TO REGISTER FROM PETERBOROUGH AND DISTRICT

No greater gift can one human being give another than life itself. Today, thanks to modern advances in medical science, BLOOD is life.

Every year thousands of lives are lost in Canada. Many of them could have been saved had immediate blood transfusion facilities been available.

Realizing the great benefits to mankind, the Canadian Red Cross has embarked on a national program to provide a Blood Transfusion Service for our people.

The Red Cross rooms situated corner of Brock and George Streets, upstairs, will be open for the general registration of donors from Monday, January 31st to Saturday, February 5th, afternoons and evenings, both days inclusive, when it is hoped there will be a spontaneous response of men and women between the ages of 18 and 65 in good health to register.

PRACTICAL PLANS FOR THE HOME YOU WANT AND HOW TO PLAN IT

'41 Flying Clubs Will Map Training Course

OTTAWA, Jan. 22 — (CP). — Representatives of 41 flying clubs will meet here next Monday and Tuesday to map in detail what is described as the best program of flying and ground school training ever available to civilians in Canada.

The program, under which the Transport Department will assist both schools and pilot trainees, is expected to make the 20th annual meeting of the Royal Canadian Flying Clubs Association the most momentous since the clubs stepped in to assist in elementary training under the war-born British Commonwealth Air Training Plan.

Technically, the Transport Department's plan went into effect January 1, but it involves higher standards of training still to be threshed out by the clubs themselves. Representatives of the 41 non-profit clubs hope to decide exactly how they will operate under the new plan and how to standardize their training methods.

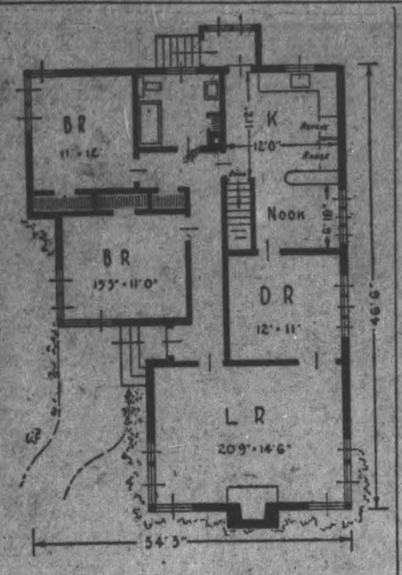
Provide Payments

The plan provides for payment of $100 to each approved flying club or school for each qualified pilot turned out, $100 to each student qualifying for a private pilot's licence, and an additional $100 to students accepted for the RCAF Reserve or Auxiliary.

It costs the average student about $285 to $300 to qualify for his private licence. Under the new scheme, he will receive $100 on qualifying. Should he be accepted in the Air Force Reserve or Auxiliary, he will get back another $100, cutting his training expense to about one-third.

This Federal assistance is expected to result in a much larger pool of trained pilots in Canada to meet the needs of civil aviation and defence preparedness.

Coupled with the financial aid, the private pilot will get a better flying course, based on standards set by the International Civil Aviation Organization.



HOUSE NO. 9—A grey stucco cottage with modern lines—yet not departing too far from the traditional. See all those corner windows! There are four of them altogether — two in the big living room, and one in each of the bedrooms. Such a house could be built with the chimney-end toward the street, or broadside, with the entrance toward the street, according to the lot frontage available. Notice that the bedrooms have large closets, which insulate the rooms from each other. You will like the kitchen-dining nook arrangement. There is a fine dining room as well! No cross-room traffic is necessary using the plan, since the hall properly serves as an artery. For further information write Home Building in Canada, 372 Bay St., Toronto.

Definite Plans Required Keep Home Looking Good

No home has yet been built that can maintain its original freshness without a definite plan of periodic touching-up conditioning. You'll be more than astonished to find how many small things meet your eye when you set about looking for them. . . small items that quickly develop into expensive proportions if neglected. It's the greatest wisdom to take heed of that much publicized "stitch-in-time" proverb where your house is concerned.

All floors, walls, ceiling, stairs, window sills and doors should be given the once over every month or two. In fact, not only the room's foundation but everything in the room should be sized up with the most minute attention for signs of wear, breaks, or even lost fragments which may be replaced or substituted.

Check Sills and Threshold

You may have noticed that window sills often became worn before the rest of the room shows wear and tear and may need retouching occasionally. This happens particularly above radiators . . . or in a commercial section where outside grime sifts in. Thresholds, too, seem to catch the quicker than other parts of the brunt of wear quicker than other parts of the floor, and kitchen or cupboard shelves are liable to spots or marred places before the rest of the woodwork is passe.

Any odds and ends of paint left over from original decoration of walls, floor or furniture should be saved for "touching-up purposes. And don't forget to table them so you won't have to pry open several of the cans in your basement corner or work shop before you strike the right one.

Perhaps, due to some fault your steam radiators are peeling off their coating. If this is the case, all of the loose paint should be removed with wire brushes so that the surface is absolutely clean. Then the uncoated areas should be gone over with a coat of some approved metal primar before the radiator is repainted the color desired.

Paint Bureau Drawers

The interiors of your bureau drawers will look twice as spic and span if coatd with paint. A coating of blue is said to prevent linens from yellowing, incidentally. And while we are about it, let's sandpaper and apply wax. This will prevent any roughness of the wood from snagging delicate fabrics. You have no ideas how much difference it will make with the interiors of drawers in your kitchen furniture if paint coated. Sticky spots or spilled grease may be readily removed with a damp cloth before they become absorbed by the wood. The same rule applies to kitchen shelves as well.

Careful attention should be paid to windows. Sometimes you'll find panes have cracked without apparent reason. This may be due to lack of putty. Sometimes heavy rainfalls cause the wood to swell from the absorption of excess moisture and the resultant pressure cracks the glass. To guard against this as far as possible, keep your window frames well painted to exclude moisture. See that the inner edges are thoroughly covered. . . even when they are not exposed to view.

A Word About Glazing

Don't neglect loosening putty around the glass. . . and never use anything but the very best grade of putty. Cheap putty is likely to fall out soon after drying or else to shrink away from the glass and wood. Such crevices welcome moisture into the house to cause serious defects at times. Good putty is made from linseed oil, whiting and white lead. . . poor putty from marble dust, some drying oil and mineral oil.

That the old time method of setting window panes was a superior method is evidenced my many old houses. To begin with, the entire sash was first primed with paint. This prevented the porous wood from absorbing the oil from the putty which would encourage its drying out and dropping away. Next, the grooves were filled with excellent quality putty into which the pane of glass was set and secured with glazing points. More puttly was applied to prohibit the entrance of moisture between sash and glass, and last of all, the entire sash. . .including the band of putty. . .was paint-coated. It's advisable, incidentally, to run a strip of priming coat about a quarter of an inch along the glass at the same time you're priming the sash. This chase than it can obtain on smooth glass.

Linoleum Floors

The rest of your room will not look shipshape if your floors are not also rejuvenated, linoleum and linoleum rugs quite often become come torn or broken at the edges. Such breaks are not only dangerous heel-catchers. but unless a crack is immediately sealed it will soon become irreparably scuffed. Furthermore, any water that may find its way into it will rot the under surface of the linoleum. A satisfactory method of repair is to melt some sealing wax of a colour to match the linoleum. Run this carefully into the break and smooth it flat before it cools. If a fragment of linoleum is broken away, cut a piece of cloth larger than the break, cover it with glue and slip it underneath. Insert the fragment in place and weight it down until the glue dries.

Harwood Floors

If your hardwood floors are beginning to show paths where the finish is worn away, it may be you can patch them up without completely refinishing. This depends on the original coating. If it was without shellac, you can simply clean the area, touch up the worn spots with more shellac and then rewax the entire surface.

With a varnished floor, however, you'll get the best results by cleaning and touching up the worn area with varnish and then re-coating the whole surface. Floor varnishes dry so quickly nowadays that it's not such an upsetting matter to undertake the refinishing of a floorf as it used to be. Anyway, if you"ll only apply a thorough coating of wax two or three times a year you'll save yourself a lot of further trouble. Of course, you can rewax the spots subjected to heaviest wear as often as they become dulled.

Cuss Fund Curbs Stars' Tongues On Movie Sets

BY BOB THOMAS

HOLLYWOOD, Jan. 22 (AP)—If Loretta Young has her way, Hollywood's language will be purer than driven snow.

The academy award-winning actress is sole proprietor of what she calls The Cuss Fund. Anyone who swears within her hearing has to contribute to it. Proceeds go to St. Anne's Home for Unwed Mothers.

Loretta has special rates for the degrees of profanity. Here are the prices:

10 cents for hell and damn.

25 cents for taking the Lord's name in vain.

$5 for four-letter Anglo-Saxonisms and all others.

Loretta, a Roman Catholic who takes her religion seriously, lately decided there is entirely too much cussing in Hollywood.

"It was the one thing I disliked about making pictures," she said. "Every time I heard a cuss word it would jar me. I decided I would do something about it."

Keeps Carton Handy

She has kept a paper carton handy on her recent pictures. Every time someone on the set lets fly with language you wouldn't use in Sunday School, she collects.

On some pictures, she has made a heavy haul. She complained mildly that her current "Come To The Stable" is too genteel to be profitable for St. Anne's

The cuss fund gets to be a game on her sets. Director Lloyd Bacon once handed her a dollar and said, "that entitles me to 10 'damns'."

Some actors are unprofitable for the fund. She said she never heard Robert Mitchum swear. Van Johnson was equally urbane.

Collections are not always easy. Rudy Valee, a man not noted for his liberality, was slow about forking over 75 cents until Loretta threatened to collect interest.

Reading-at-Meals

(Contiued from Page 5)

strip-column size-maybe on a roll which could be handily stretched beside the plate like a slim Egyptian papyrus!

With the end of the war, many of the causes have been removed, but the habit of reading at meals continues. Apparently, it will be hard to shake. People who have not caught it will either have to take it up or reconcile themselves to gazing at their companions over headlines, around magazines edges or under books.

Permit For Reporter

MOSCOW, Jan. 22—(AP)—The New York Times, which has had no correspondent in Moscow since the spring of 1947, is to be represented here again. An entrance visa has been granted to Harrison E. Salisbury as a Times correspondent, the press section of the Ministry of Foreign Affairs announced Friday.

8 Youths Jailed

TORONTO, Jan. 22—(CP)—Eight Toronto youths Friday were sentenced to one month in jail and fines of $50 each for aggravted assault on streetcar conductor William Genno last week. They also face charges of creating a disturbance. Genno said the youths dragged him from his streetcar and assaulted him when he admonished them for swearing and causing a disturbance.

REASON FOR FLIGHT — The sudden illness of Harold Dunn of Toronto and Ottawa, civilian radio operator at Arctic Bay on far north Baffin Island, led to the mercy flight by an RCAF aircraft which was forced to land on the ice of Hudson Bay near Churchill Friday. Dunn, shown here, was taken ill earlier this week.

THIRD REICH FOUNDER—Otto Strasser, one of the founders of Naziism who fled his native Germany when Hitler became chancellor in 1933, now lives near the little Annapolis Valley community of Bridgetown. He found refuge in Portugal and was brought to Canada by the allies in 1941. Now he has been refused permission to return to Germany to lead a "League for German Survival". Strasser is shown seated at the desk in his three-room apartment surrounded by letters from old followers and new adherents in Germany.

Story Of Great

(Continued from Page 5)

knowing what it was I got kind of nervous.

"We sneaked along the fence a ways until I see Murray Thomas standing there in the road. I knew he couldn't shoot for beans so I decided that this was the place to make a break. I stopped to give him a chance to empty his gun so there would be no accident while I was getting across.

"Sure enough he missed me by about three feet. But by this time I was so nervous that when the gun went off I just couldn't help jumping and I jumped right into that load of buckshot. When he came in after me I told him what I thought of him in no uncertain language and he let me have it again."

Just then we heard a regular fusilade from the bush about a hundred yards away. "I guess that's poor old Burt," the wolf said. It was. When I turned back to him he had gone to the happy hunting grounds.

I found him sitting on a stump. I sat down and we talked things over.

"You know," he said. "You boys are over doing this. We don't mind giving the dogs a run on Saturday and letting the boys have a few long shots for practise but when you start ganging up on us."

Then he revealed that he was the president of the Douro Foxes Protective Association and that they were willing to meet with the Fish and Game boys and talk things over. He gave me the following statement as a basis for negotiations

"If the boys from the Association will agree to sleep in on Saturdays and let us have the rabbits we'll agree to lay off the chickens."

Then I go to thinking about that wolf that had outfoxed the boys by hiding in the old barn until they had gone past. I looked him up too and asked him what he thought of the situation. But he was the strong, silent type. All he said was: "Nuts".

Defending Interests

BELGRADE, Jan. 22—(AP)—Premier-Marshal Tito Friday hurled back at Russia the charge of deviation from the Marxist-Lenin line and said radio Moscow is issuing "enemy propaganda and anti-revolutionary propaganda" against Yugoslavia. Tito said his Yugoslav Communist party is defending the interests of small countries throughout the world.

Ask US Buy More Sell Less In Other Lands

BY FORBES RHUDE
Canadian Press Business Editor

The United States should buy more from other countries and sell them less, John J. McCloy, president of the International Bank for reconstruction and development, says in effect.

"Call this discrimination against American goods if you will, but it is a way to avoid giving goods away."

Mr. McCloy, an American, gave his views to the Foreign Policy Association in Minneapolis. His hard-hitting advice to Americans and Europeans, about making trade adjustments is of interest to Canadians who also are making adjustments; as are his comments on the American market, in which Canadians are making good headway.

He told European countries they are not trying hard enough to sell in the United States, and told the United States to give them encouragement.

Exports Smaller

"During the last three years the proportion of European exports to the western hemisphere has been smaller than before the war; they have been attracted to other regions where prices are higher and market conditions easier.

"There are difficulties in the way of exporting to the United States, but it is a mistake to exaggerate the obstacles or to underrate the extent of the American demand.

"British automobiles sales in the United States were greater than anyone expected in 1946. There are special circumstances, but the fact that British cars in any quantity could sell in the United States, particularly with the relatively high cost of the cars, shows the possibilities which exist.

"Sustained effort, good quality, reasonable prices, will find a response in the American market, and when it is borne in mind that the problem for Europe is not to capture a large share of the market but only to achieve a volume of sales amounting to a fringe of American demand, it would seem that greater efforts in this direction could profitably be made."

ASTHMA
New Treatment
Supplies Now Available

If you are an asthmatic you will be particularly interested in the news that International Laboratories are introducing their Respatone Asthma Tablets on the Canadian market.

It is claimed that Respatone will help cut short the worst spasmodic attack in thirty seconds or less, restore easy breathing in fifteen to thirty minutes and most probably give immunity from further attacks for extensive periods. So as to make Respatone Asthma Tablets available to the large number of asthmatics they have been put up in three sizes: 10 tablets, 75c; 30 tablets, $1.75, and a large economy pack of 100 tablets, $5.00. It will take some time before a complete distribution has been made to the drug stores from coast to coast but a free test supply as well as regular supplies can be obtained from Springwood Pharmaceuticals Ltd., Dept. PER 7, P.O. Box 216, Victoria, B.C. No asthmatic will miss this opportunity of testing out a new product. Write now.

British Film Critics Pan Canadian Film

LONDON, Jan. 22 (CP)— British film critics today turned thumbs down on Canadian-made "Whispering City." The film, starring Paul Lukas and Mary Anderson, opened in London this week.

Produced by Quebec Productions Corporation of Montreal, the picture was filmed at Quebec and St. Hyacinthe, Que.

Canadian-born Milton Shulman of the Evening Standard said in a one-sentence review: "Canada can do better than this."

Other sample comments:

Reg. Witley, Daily Mirror: thumbs down—even allowing for the fact that the picture. . .was made at primitive studios formerly used as a naval barracks."

Leonard Mosley, Daily Express: ". . .Canada's first attempt at a full-length film . . . looks that way."

DO YOU KNOW THIS BOY? Port Colborne police and Welland County Hospital officials are trying to establish identity of this boy found dazed at Port Colborne Tuesday night. He apparently is a victim of amnesia.

MAYOR WILLIAM ENGLAND of Paris (left), who called in Provincial Police to the strike at Penman mills, said on Friday he intends to remain as mayor until law and order are restored. He operates a garage and gas station. Crowd of strikers and sympathizers is shown (right) outside the mayor's home, where they marched to protest arrest of seven pickets Tuesday.

Exhibition Shows Surplus In First Post-War Year

The Peterborough Exhibition had $17,642 cash in the bank at Dec. 31, 1948, including its operating surplus of $847.27 and a profit of $900.32 from its general business, as reported at the annual meeting Friday.

Expenditure on the grounds in restoring them to peace time use after seven years' occupation by the Canadian Army, plus repairs and removal of several buildings and the construction of a new cattle barn, amounted to $39,706.

The Exhibition received from the R. A. Morrow Memorial Park Trust $26,979.33 toward the capital expenditure on grounds and buildings.

Seventy members of the exhibition, otherwise known as the Peterborough Agricultural Society, attended the meeting, with Hugh Stewart, president, in the chair. Directors elected for this year were: Mrs. G. K. Fraser, N. W. McConkey, Lt.-Col. F. E. Birdsall, H. T. Rehill Harry McIntyre, Haig Kelly, Frank Savigny, Hugh Stewart, Gordon Hancock, Dr. Harry Hamilton, Ross L. Dobbin, Alex. Huston, Clarence Mann, J. Arthur McIntyre, John Kitney, C. E. Moore, Vern Campbell, Clare Collins and six junior farmers: Ron Frankish, Manson, Cathcart, Allan Drummond, Morris Telford, Burritt Mann and Don Milburn.

The names of 30 members of the association were presented in nomination from which the 18 seniors were elected by ballot.

"When we revived the Exhibition last year," said Mr. Stewart, "we thought that we would be quite happy if we lost $3,000 or $4,000. So it is all the more gratifying that we made a little profit. We are grateful to everybody who helped. I am delighted to see so many good people present for this meeting, and especially the three women who are with us. We had a struggle to get organized last year, and we ran into hot weather for our Exhibition, but that is all behind us. I don't think any of our directors was greatly burdened by the work allotted to them, and they all did a fine job. Merton Storey and Bruce Sargent on the horse committee had too much to do and there should be some extra help for that committee this year."

Excellent Position

R. J. Ward, manager of the Bank of Commerce, explained some of the items in the financial statement which he submitted as treasurer.

"I am not a director, so I feel permitted to say that the Exhibition last year was a great credit to the president, Mr. Stewart, the secretary-manager, Mr. G. A. Gillespie, and to the body of directors. The Exhibition's financial position is excellent and the Board are in a place where they can go forward with greater confidence after that experience and with the money they have available."

Expenditure on improving the grounds was as follows:

Building materials and cost of construction performed by contractors $33,067.68; wages $5,639.28; salaries $1,000. Total—$39,706.96.

Capital receipts: From the R. A. Morrow Memorial Park Trust $26,979.33; grant from Federal government $3,000. Total: $29,979.33. Excess of expenditure over receipts: $9,727.63.

Mr. Gillespie said, in reference to that section of the financial statement, that the directors hoped to obtain some further assistance from the R. A. Morrow Trust, and also from the Federal Government.

The Dominion grant of $3,000 is to be repeated annually for four more years, to a total of $15,000, but the directors feel justified, Mr. Gillespie said, in asking for an additional grant in view of the cost of the necessary work in reclaiming the grounds and restoring the buildings to the former condition.

Another column of the report showed the operating costs and outlay of the Exhibition.

Disbursements — Judges $553; grandstand show $2,725; electricity $740.69; advertising $1 662.64; rentals,—tents, chairs, etc., $540.18; race startin ggate $300; prize lists tickets, ribbons $1,579.99; Peterborough Citizens Band $250; Peterborough Pipe Band $110; stationery $232.96; hay, straw, feed, chloride, gasoline, etc., $1,419.55; wages $2,542.28; salaries $540; prize money $11,056.73; general expenses $258.57. Total $24,511.59.

Receipts: booth space rentals: $3,196; entry fees $1,526.50; prize list advertising $1,049; donations, prize last $453; proceeds from midway $2,829.16; admission charges $13,305.20; provincial grant $1,500; federal grant $1,000. Total—$25,358.86. Surplus: $847.27.

In the general account, payments were: Insurance $1,505.30; rent (two years) $400; donations $230; telephone $88.49; postage and excise $96.52; audit fee (1947) $125; expenses, annual meeting $33.35; wages $581.52; salaries $1,250. Total $4,310.16.

Receipts — Sale of buildings (sold in 1947; collected 1948) — $1,215; fire insurance recovery $220; bank interest $95.17; rentals $3,566.33; memberships $204. Total $5,300.00. Net profit from general operations $990.32.

Cash on deposit: Dec. 31, 1947—$25,532.27; Dec. 31, 1948—$17,642.23.

Total disbursements for the year, being the aggregate expenditure on grounds, building improvements, plus operation of the exhibition, plus the general operations: $68,528.73.

Total receipts, $60,638.69. Excess of disbursements over receipts for the year $7,890.04.

Visitors' Compliments

Claude Bottom, Bobcaygeon, president of the District Fairs Association, said the results of Peterborough's revival of its exhibition were wonderful. "You picked out an exceedingly hot week but we drove down every day, and, as they say, we stayed until the last dog was hung. I wish to add my congratulations to the board. In my report to the Department of Agriculture, I told them of the success you made. I believe that everybody in the district is behind you, and we are all glad you are operating again. We will be right at your back again this year."

Bert McLean, manager-secretary of the Lindsay Exhibition, said there used to be a feud between Lindsay and Peterborough but those days were gone. "I didn't feel happy during the war about the exhibitions that were closed, Toronto, Ottawa, Peterborough and others, and I was mighty glad when you decided to start up again. I think you put on a great show after all the difficulties you had to face. I like coming to your meeting, and we would like to have some of your members visit us next Tuesday. I am glad to see my old friend Tom Brown out today. He has been a stalwart of the Peterborough Exhibition, and a great man."

G. A. Brethen, president of Norwood Fair, suggested that Peterborough should try to get the same dates as London instead of the same as Ottawa. Exhibits were heavy at Ottawa last year

Mr. Stewart said it was an idea worth considering. "We had to take the August dates last year."

Clarence Coons, president of Lakefield fair, said the August show probably attracted many tourists who were in the district at that time.

"I think the Exhibition did a good job," said Everett Birdsall. "Ottawa sweltered as much as we did. I don't feel that we had enough beef cattle, and when I am at the convention in Toronto I'll see if we can persuade some more of the beef men to come. I think fairs may be asking breeders to keep their cattle on exhibit too long. There has been some talk of the CNE reducing the time the cattle entries remain there."

Bert McLean said Lt.-Col. Birdsall had touched upon a problem that was becoming more apparent—the time breeders have to spend at the various exhibitions. "I think what we'll have to do in Lindsay is make Wednesday a thrill day, and have the livestock on Thursday and Friday, and let them go home Friday night. Some of the breeders feel that they should not have to stay more than one day."

Norman McConkey commented that prize money is about the same as it was 10 or 15 years ago, but costs to the breeders were only half what they are now.

Find Modern Art Resembles Ancient Work

BY WILIAM BOSS

LONDON, Jan. 22 (CP)—From the native Canadian Indian totem pole to the fantastic creations of picasso may seem a long stride, artistically speaking.

But a current London exhibition brings them together—alongside one another, in fact—and the conclusion would seem that so-called modern art is "old hat."

On London's Oxford Street, in an exhibition titled "40,000 years of modern art," Canadian Indian handiwork is seen besides works covering the story of man as recorded in painting and sculpture by the "moderns" of all the ages. By all standards of any of the ages it compares well.

From the cave man to picasso and from South Nigerian masks through Canadian totems to the scultpure of Henry Moore, the exhibition sponsored by the institute of contemporary arts shows specimens from the "schools" of the ages, side by side. "Modern" art seems to be ancient stuff.

In terms of sheer finish, execution of the idea regardless how fantastic the conception, the Canadian Indian — exemplified mainly by slate and wood totems from Haida, Queen Charlotte islands— was a superior craftsman to primitive workmen in New Guinea of the Solomons, for instance.

Agricultural Society Reports Improvements

APSLEY, Jan. 22 (ENS)—The Rev. C. A. G. Spence reported improvement in exhibits and larger entries in some classes by members of the Agricultural Society, when the year's activities were reviewed at the society's annual meeting in the Public Library.

Mrs. Staples reported that there were no outstanding payments and the Society had a good balance.

Officers elected were: Honorary President, Rev. C. A. G. Spence; president, Frank McFadden; 1st vice-president, Mrs. Wellington Lean; 2nd vice president, Aubrey Blakely; directors, Messrs. Joe Tucker, Dan Lapham, Herb Tucker, and Howard Harris.

Ladies directors, Mrs. Robt. Scott, Mrs. Frank McFadden, Mrs. Blakely, Mrs. C. Smith and Mrs. B. Wagner.

AREA OF CRASH—This map shows the general area of the search for 11 men aboard an RCAF aircraft forced down on the ice of Hudson Bay, 70 miles southeast of Churchill. The plane left Winnipeg earlier in the week for Arctic Bay to pick up Harold Dunn, department of transport radio operator, who is ill. The plane left Coral Harbor on Southampton Island Thursday night for Churchill. Distress signals were later heard and the plane was sighted Friday on the ice.

Electric Lights At Arctic Bay

TORONTO, Jan. 22 — (CP).— Electric lights, modern heaters, and good food feature life at Arctic Bay, where ailing radio operator Harold Dunn was stationed before a plane flew him out on Friday.

Nine white persons and 30 Eskimos make up the population of the tiny settlement, 400 miles inside the Arctic Circle, said G. C. Gill, officer in charge of radio operations for the Department of Transport.

The prefabricated plywood buildings are heated with coal and oil brought in by supply ship said Mr. Gill in an interview here. The coal and oil, also used for cooking, aggregate about 40 tons and 4,000 gallons a year respectively.

Electric lights, operated from a gasoline generator, help make the life a relatively comfortable one during the six-months-long nights, when the Department of Transport men take regular weather observations. These are sent south on the 10,000-watt radio transmitter.

First Appearance

LONDON, Jan. 22 —(AP)— Laurence Olivier and Vivien Leigh made their first appearance together on a London stage last night. Judging from the ovation they received the noted couple clicked. The pair appeared in an old Vic presentation of Richard Sheridan's "School For Scandal." They played to a packed house. After the performance crowds lined the street and sent up a cheer when the famed couple came out of the theatre. The critics gave the performance rave reveiws in today's press.

Senator Fallis Only P.C. From Ontario

TORONTO, Jan. 22—(CP) — Senator Iva Campbell Fallis of Peterborough says she isn't perturbed about being the only Progressive Conservative from Ontario in the Senate at the opening of the fourth session of Canada's 20th Parliament.

"Indeed, I do not feel like 'one who treads alone some banquet hall deserted' but rather like a mother who, seeing some members of her family gradually taken from the home circle, goes on, happy in the thought that she will have that much more love and attention to bestow on those still with me," Mrs. Fallis, 65, told an interviewer.

"Undoubtedly, my appointment was a compliment to the women of our party across the Dominion. I have thoroughly enjoyed every minute of my work in the Senate, so much so that I am one of the 'faithful few' who always stay through to prorogation.

"I hope I have represented most other women as well as those of my own political faith. I have not deviated, nor do I believe Canadian women would so wish, from advocating a policy of equality of opportunity for women."

Convinced that the happiest homes are those where sons and daughters share the confidence, love and bounty of their parents, Senator Fallis says her "aim will continue to be an effort to show Father Parliament that the women of his household should be expected to share the duties and responsibilities of government with their brothers.

Speaking in the Upper House not long ago, Hon. Iva Fallis said: "The best policy any government can formulate and follow is one which encourages the individual citizen to develop his own initiative."

She admitted to being "old-fashioned enough to believe that a country's greatness is still the measure of the thrift, industry and initiative of the individual citizen.

Miss Ella Foley Crowned Queen of the Snow Ball

All homage to the Queen of the Snow Ball! Dancers stood at attention as their lovely "Queen", Miss Ella Foley, and ladies-in-waiting entered St. Joseph's auditorium Friday evening, and formed an aisle for her to reach the stage. She was truly lovely in a gown as white as the new-fallen snow that had covered bare city streets just in time for the Ball, and an ermine wrap was about her shoulders.

Gold and silver glittered in the crown placed on her head by Miss Helen Strano, last year's queen. A bouquet of deep red roses was presented by Miss Marie Kieran, prefect of St. Peter's Sodality. Miss Betty Houlihan, vice prefect, and Miss Margaret Caravaggie, convener of the dance, stood by to attend their sovereign. Miss Foley spoke to her subjects, thanking them for the great honor bestowed on her.

The occasion was given greater dignity by the present of the Rev. P. P. Butler who made a short address. The Rev. F. A. Marrocco of Ottawa also came to the city for the ceremony and to renew acquaintance with Sodalists with whom he had worked several years ago.

"Ave Maria" sung by Miss Helen Hajnik was a fitting climax to the proceedings.

Balloons decorated the walls, and streamers in the hall were of blue and silver, while big silvered letters over the band announced the annual "Snow Ball". The program was marked out with each dance having a name such as "Bobsled Beat", "Icicle Parade", "Cranberry Capers", "Snow Shovel Shuffle" and "Snow Storm".

In the receiving line were Dr. and Mrs. W. S. Fitzpatrick, Mr. and Mrs. J. C. Rutherford, Miss Marie A. Kieran, Mr. Patrick Farley, Miss Mary Overend, and Mr. Michael O'Brien. The chairman was Mr. S. J. Houlihan, and Mr. J. P. Legros took the guest register.

Imaginative Artist Subject Of Frye's Address

Poetry and painting of William Blake took on new aspects of meaning to Women's Art Association members Friday afternoon. The life story of this man, described as the greatest genius since Shakespeare, was told at their meeting by Professor Northrop Frye of Victoria College, Toronto.

Professor Frye is an outstanding authority on Blake. His brilliant study of the poet, published last year, has won international acclaim.

Many in the audience were unfamiliar with the extraordinary art work of Wm. Blake, who never used a model. Purely an imaginative artist, he transferred his visions to copper plate. Those engravings, probably numbering more than two thousand, are now worth fabulous prices. Some were sold as works of art during his lifetime to provide his means of existence, and he did a great many hack-work designs for employers.

Being interested in religion, like his shopkeeper father, Blake wrote long poems which he called prophecies. During his span of life, 1757 to 1827, the French and American Revolutions took place and he wrote poems in sympathy. His engravings became tuned with that which he most enjoyed, illustration of the Bible. Perhaps his greatest work is a highly imaginative and characteristic series on the book of Job.

Mr. Frye explained that this man's visionary faculty was simply a fact to him. He believed there were two worlds: the one seen which didn't make much sense, and the one in which his visions were real. Blake set out to show people what that other world would be like and for that reason is called the greatest painter. It was a long time after his death, however, that this fact became known. For a time he was totally forgotten and no one seemed to know what he did or how. His life passed a good deal in neglect and he was dubbed a lunatic. Fashionable painters of the day did not notice him.

There are few today, however, to whom his poem "Tiger, tiger, burning bright" is not familiar. This and others which illustrated his deep understanding were read by Professor Frye, one having been composed by the boy at 14. He also displayed reprints of the symbolic paintings, most of them the sort that is found in illustrated Bibles. A tremendous respect for outline, which Blake insisted must be clear, was noticeable. It is seen that a number of 20th century painters are doing very much as Blake did.

Many changes took place in the man's remarkable lifetime, all of which deepened his attitude to life, Mr. Frye pointed out.

The Augustine age or age of reason was in ascendancy then; he saw the rise and fall of Napoleon and beginning of the Victorian age. His wife was completely illiterate at their marriage but he taught her to read and write and to be his assistant, until it was often difficult to tell their engravings apart.

The man who wrote poetry at 12, did some of his greatest paintings at 70, and could foretell vital happenings, could not get along at school, so at 10 years he was apprenticed in engraving which was then an important industry. After his beloved brother died, Blake said he came back to him in a dream with the process for combining his arts. The method was to write a poem, trace it in back-hand on copper plate with an acid-resisting liquid and then put the plate in acid which left the writing standing out. The prints were made by dipping this in black or colored inks, obtained through methods he and his wife devised.

Members made good use of a question period to fill in details of their knowlege of William Blake.

Mrs. N. D. Seaton, president, thanked Professor Frye.

Progress of Arab World Theme at Cairo Exhibtion

By MAURICE ABROAF

CAIRO, Jan. 22—(Reuters).—The progress of the modern Arab world, with the splendors of its colorful past as background, is the main theme of the 16th agricultural and industrial exhibition to be held here from Feb. 15 to March 31. Although the main object of the exhibition is to demonstrate recent development and progress in Egypt's agriculture and industry, the outstanding feature will be a specially - constructed "palace of the Orient" which is to show similar developments in the Arab league states.

Notable absentees from this palace are Trans-Jordan, Iraq and Yemen.

Built at a cost of nearly $360,000 the palace is a magnificent piece of Arab architecture.

A feature of the exhibition will be the "Nile Valley Avenue"—an expression of Egypt's national aspirations as embodied in the demands for unity between Egypt and the Sudan.

Lined by 17 Buildings

This "avenue" is lined by 17 buildings, each representative, in vivid architectural form, of the main towns and provinces of Egypt from north to south, leading to a building representing the Sudan.

Along this avenue one can see miniatures of the lighthouse of Alexandria, a ship in Port Said, the oil refineries of Suez, and the Citadel of Cairo, as well as the various crops of the delta provinces, the grapevines and figs of the Fayoum, life in a desert oasis, cotton cultivation in upper Egypt and a miniature Aswam dam.

There will be few foreign exhibits as only foreign products of possible benefit to Egyptian agriculture and industry are allowed. The main foreign exhibits are those of imperial chemical industries of Britain and the Nitrate Corporation of Chile.

DOROTHY DIX

Father Told Give Welcome To Daughter's Boy Friend

DEAR MISS DIX: I am 17-year-old girl and have a boy friend who is 18 of whom I am very fond. My problem is whether he should be allowed to come into our house or not. My mother thinks he should, but my father forbids it. Father says that I cannot have boys to visit me in my home until I am engaged or married. He is willing for me to have a boy friend, but he doesn't want him in the house and he tells me I should meet him outside.

Dorothy Dix

Who is right about this, my mother or my father?

ANXIOUS

✧ ✧ ✧

ANSWER: Your mother is right and your father is just as wrong as a man can be. Any father who shuts the door on his daughter's friends simply throws her to the wolves, for youth will be served, and if teen-agers cannot have their pleasures safely at home, they will take them dangerously abroad.

Selfish and tyrannical fathers who forbid their daughters to have dates because they don't want their routine disturbed are not uncommon, but your father breaks all the records for lack of consideration and sense of protection of a daughter when he refuses to let you entertain your boy friends in your home and orders you to meet your dates on the streets.

Girl's Citadel

Certainly no father can be stupid enough not to know that her home is every girl's citadel to which she can flee for protection, and to take that away from her leaves her helpless to defend herself against the evil men who prowl around looking for such little lambs to devour. No little bobby-soxer can possibly have the knowledge and sophistication to deal with men, and especially is she handicapped if she is forced to pick up her dates on the street.

It is every father's bounden duty to make his girls' boy friends welcome in his home and to get acquainted with them so that he can help his daughters pick out the right sort of husband.

✧ ✧ ✧

DEAR MISS DIX: What would you do about a boy who talks to you all the time except when his parents are around? I know the boy very well and I also know his parents, who are friend of ours. The reason why I ask this question is because I like the lad and am trying to find out just what is wrong with him. If you think you know, please tell me.

DIMPLES

✧ ✧ ✧

ANSWER: Sure, Dimples, I know why your boy friend's flow of conversation congeals when Papa and Mama are around. It is because he is embarrassed and he can't act natural to save his life. I have seen it happen hundreds of times. Bobby was the life of the party until Father and Mother dropped in on it, then he shut up like a clam.

Probably the explanation of this is that most of us never get over standing in awe of our parents until we are middle aged. But the main reason that youngsters are always dumb and awkward in the presence of their fathers and mothers is because they are so deathly afraid that their parents will repeat everything they have said and make a joke out of it. And the one thing that youth can't stand is to be ridiculed. You have to be old and thick-skinned before you can take a joke.

✧ ✧ ✧

DEAR DOROTHY DIX: After a boy has gone for quite a long while and you have been writing him all the time and you are still in love with him, how do you greet him when he comes home? Should you use just an ordinary "hello," and wait until you are alone to tell him how much you still think of him? Or should you run and put your arms around him in front of everyone and kiss him?

WORRIED

✧ ✧ ✧

ANSWER: Well, of course, how you welcome home your boy friend depends on how emotional you are. If you are a gusher you just intuitively bubble over with endearments. But if you are of the reserved type, a chaste kiss or a handshake suffices.

Love-making in public may be sacred to the individual, but it is always amusing to the onlookers. So good taste suggests that you do your courting behind closed doors, instead of making a public parade of it.

Speaking for the young man you are meeting for the first time in several years, my guess is that he would rather you would salute him with: "Hello, John! Glad to see you back," than to smother him with kisses.

potted plants flourish with "NA-CHURS" Liquid FERTILIZER CONCENTRATE in the NEW 59¢ 8 oz. bottle COSTS ONLY 2¢ PER USABLE GAL. AT HARDWARE • SEED • FLORIST AND DEPARTMENT STORES

Mother, Mix Your Own Cough Syrup. It's Fine

This well-known medicine, mixed in your own kitchen, costs very little, but it gives delightful, swift-acting relief from coughs due to colds. It takes but a moment to prepare—it's so easy anyone can do it. And it saves real money.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments until dissolved. No cooking is needed. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Then get 2½ ounces of Pinex from any druggist. Pour this into a 16 oz. bottle and fill up with your syrup. Thus you make 16 ounces of splendid cough syrup—and it gives you four times as much cough syrup for your money. It never spoils, lasts a family a long time, and children love its taste.

And for quick, satisfying relief, you'll say it's really splendid. It has a three-fold action. It loosens the phlegm, soothes the irritated membranes, and helps clear air passages. You'll be delighted by its swift, pleasing results.

Pinex is a special compound of proven ingredients, in concentrated form, a well-known and reliable soothing agent for winter coughs. Money refunded if it doesn't please you.

Maj. Chas. Watt Addresses Havelock LOL

HAVELOCK, Jan. 22—(ENS)—"Be watchful and strengthen the things which remain that are ready to die," was the counsel Rev. Major C. Watt of the Salvation Army, Peterborough, gave as guest speaker Wednesday evening at the Orange Hall. It was "Ladies' Night" and L. O. L. No. 326 entertained their families, Lady McGill, L.O.B.A. No. 471 and the Juvenile Lodge Uo. 284.

Major Watts' subject "Strengthening the Inner Foundations of the Orange Order" was a tremendous challenge to the membership to not retreat but advance in these days when the world is changing rapidly. As illustrations of these changes, Major Watt made comparisons between the airplanes of World War 1 and the modern bombers, the Indian tepee and the log cabins of early times with the homes of today. He spoke also about the progress in the educational system, medicine, social legislation and science.

In all these he said marvelous advancement has been made and we have become afraid of the atomic age. The L. O. L. principles are the same but there must be a re-modeling of their approach to meet the changing conditions. He paid tribute to the co-operation the Salvation Army had received from the Orange Order through the years.

Major Watt used the following quotations from Henry Van Dyke to mark four divisions in his address: Think through confusion clearly; love your fellowman sincerely; act from honest motives purely and trust in God and heaven securely.

Major Watt was introduced by John I. Adams, Master of Havelock LOL.

Edward Payne of Peterborough, county master for West Peterborough, brought greetings from his district. His address was mainly directed to the members of the juvenile lodge in connection with the necessity of regular attendance at church, Sunday school and their lodge and the training received in so doing.

John Cunningham of Peterborough, a former county master, gave a short address.

Mrs. Anson Seabrooks, and Mrs. Robert Wrightly, speaking for the Lady McGill LOBA and Juvenile Lodge respectively, expressed thanks and appreciation to the guest speakers and the LOL for the pleasant evening. Short addresses were made by W. J. Peoples, preceptor of the local Black Knights, Robert Wrightly and Richard Sanderson. The former moved a vote of thanks to Rev. Major Watt, Mr. Payne and Mr. Cunningham.

Rev. F. R. Vanderburgh was chairman for the evening. Other items on the program were: bagpipe selections by piper Harry Anderson and Donald Plunkett; vocal numbers by Lillian and Billy Toms, the latter playing the guitar accompaniments; musical selections by the 'Havelock Merrymakers,' comprising Robert Anderson and Harry Anderson, violins; C. Hopkins, banjo; R. Bertrand, guitar, and B. Robinson, piano. James Watson led in a period of community singing.

The banquet was prepared by John I. Adams, master of the LOL. A vote of thanks was extended to Mr. Adams and his assistants.

Tasty Cranberry Desserts When Fruit Most Plentiful

BY GAYNOR MADDOX
NEA Staff Writer

Make the most of the long cranberry season. The session is all year round if you use canned whole cranberry sauce.

Cranberry Snow

One envelope unflavored gelatin, ¼ cup cold water, 1 cup hot water, 1 tablespoon lemon juice, 1 can jellied cranberry sauce, 2 stiffly beaten egg whites.

Soften gelatin in cold water; dissolve in hot wate. Add 1 tablespoon lemon juice and cranberry sauce which has been beaten with a fork. Chill until partially set. Beat until frothy with rotary beater. Fold in stiffly beaten egg whites. Pour into greased custard cups. Chill until firm. Unmold. Serve with:

Custard sauce: Combine 2 beaten egg yolks, dash of salt, and 3 tablespoons sugar. Gradually stir in 1 1/3 cups scalded milk. Cook over hot water until mixture coats a spoon, stirring constantly. Remove from heat; add 1 tablespoon vanilla. Chill thoroughly before serving.

Cranberry Chiffon Pie

One 9-inch baked pie shell, 1 envelope unflavored gelatin, ¼ cup cold water, ¾ cup lemon juice, 1/3 cup sugar, ⅛ teaspoon salt, 1 can jellied cranberry sauce, 2 egg whites, ¾ cup granulated sugar, ½ cup heavy cream, whipped.

Bake pie shell and cool as filling is being prepared. Soak gelatin in cold water 5 minutes. Dissolve over boiling water. Combine lemon juice, 1/3 cup sugar, and salt, and stir into cranberry sauce that has been crushed with a fork. Add dissolved gelatin. Cool and place in refrigerator until mixture begins to jell.

Beat egg whites until stiff but not dry. Slowly add ¼ cup sugar while beating. Fold the meringue and whipped cream into colled cranberry gelatin mixture and pour into shell Chill until firm.

MONDAY'S MENU

BREAKFAST: Canned grapefruit juice, oatmealsour milk griddle cakes, butter, syrup or honey, coffee, milk.

LUNCHEON: Yankee bean soup, crackers, bologna and tomato sandwiches, stewed pears, sweet crackers, tea, milk.

DINNER: Leftover cold loin of pork, spiced tomato catsup, cream potatoes, buttered cabbage, rye bread, butter, raw carrot sticks, stewed fruit, leftover nut loaf cake, coffee, milk.

Art of Tea Drinking Lost With Social Good Manners

WASHINTGON—Tea is on most Washington restaurant menus. But anything can happen when you ask for it.

"Tea?" a wide-eyed waitress may ask. "Do you really mean that?" Hardened coffee-drinkers at the next table may pause and stare in blunt disbelief. And what you finally get will probably be a far cry from the old-fashioned brew you knew and loved so well back 'ome.

Chances are the gal will come back with a cup of water-not necessarily boiling; not necessarily even hot; maybe only extra lukewarm—and a teabag.

Depending on the restaurant and the waitress, the teabag may be in the water or in the saucer.

Once it's in the cup you mash it bad temperedly with a spoon. This at least colors the water a bit.

Then comes the problem of what to do with the bashed-up bag you either leave it in the cup—and risk swallowing it—or wind up gingerly transferring the drippy, soggy mess to the nearest ashtray.

It isn't always as bad as that, of course. Some places do have teapots and hot water. But the teabag-and-water-in-a-cup routine is all too common.

Blame Restaurants

This sad state of affairs has led to a survey. United States tea merchandisers report that their product has dropped so in popularity—and no wonder!—that an all-out education campaign must be undertaken. They put most of the blame on the restaurants.

There's a suggestion, though, that Americans need more than just a renewed realization of the glories of tea.

The mechants, says the Washington Star, for instance, "could do worse than try selling all of us the idea of recapturing a little of the grace and good manners that our society used to have but now has somehow lost."

The Star looks at it this way: To say merely that tea isn't popular any more and that restaurants are to blame is "oversimplifying" the situation.

"It ignores that fact that within the past few decades life has been growing steadily less gracious and the art of afternoon tea-driking—the epitome of graciousness—accordingly has fallen upon evil days.

"Like candy, it may be dandy for breaking the ice, but liquor is quicker, and so our society—generally speaking—has replaced it with the cocktail party."

Our paths have had to part,
Who yet is never far from us,
And always close in heart.
Whose cherished memory lives on,
To comfort us each day,
And keep that dear one in our thoughts,
Each step along life's way.
It is only for a little while
Our dear ones leave our sight,
For just beyond the hill they wait,
In God's eternal light.

APPLICATION TO PARLIAMENT

NOTICE IS HEREBY GIVEN That the Corporation of the City of Peterborough will apply to the Legislative Assembly of the Province of Ontario, at the next session thereof, for a Special Act for the following purposes:

1—To amend The Peterborough Civic Hospital Act, 1945, to enable the Corporation of the City of Peterborough to provide additional Funds for the completion of the Erection of The Peterborough Civic Hospital and such further Funds which may be required for the Enlargement in the future of the said Hospital.

2—To amend the said Act to permit the Corporation of the City of Peterborough to levy a Special Annual Rate sufficient to provide for the annual estimates submitted by the Board of Governors of the said Hospital and approved by the Council of the City of Peterborough.

3—And for such other purposes as may be necessary to effectually accomplish the aforesaid or which may be incidental thereto.

4—To enable and permit the Corporation of the City of Peterborough to pay to T. A. Wilson Lumber Company Limited the sum of $5,583.42, the balance owed by The Peterborough Civic Arena Committee to the said Wilson Company for the construction of a Covered Skating and Hockey Arena.

DATED at Peterborough, Ontario, this 10th Day of January, A.D. 1949.

THE CORPORATION OF THE CITY OF PETERBOROUGH.

By WILFRID F. HUYCKE, K.C., Solicitor for the Applicant.

I, JAMES S. BURNETT, TOOL DEsigner, R.R. 3, Peterborough will not be responsible for any Debts incurred in my name by my Wife, Mrs. Gwen Burnett, 165 Cameron Avenue, Ottawa, Ontario on or after this date.

Norwood Takes A 4-2 Win Over Lakefield

NORWOOD, Jan. 22 (ENS)—The biggest crowd of the season saw Norwood Combines continue their winning ways in the TVL by pulling out a 4-2 decision over Lakefield here last night. It was a rugged and exciting battle between well-matched teams on good ice. Several fights occurred and Payne had to be patched up once before resuming play.

Lakefield got the first marker but then Hamilton came back to put Norwood in front with two goals. After that, he was watched closely. The two referees were kept busy and the penalty box was over-populated frequently during the hot contest. Lakefield fought hard in an attempt to overhaul the Combines' early lead. The teams:

Lakefield: Goal, Jones; defence, Blewett and Jopling; centre, Wasson; wings, Chappel and Jewell; alternates, Burton, Birch, Henry, Hopkins, L. Lonsberry, S. Lonsberry, Paterson and Fawcett.

Norwood: Goal, Morrison; defence, Simpson and Hamilton; centre, Payne; wings, Fennell and Goodfellow; alternates, Webb, Rogers, J. Brown, G. Brown, Petterson and Puffer.

Referee — T. Junkin and W. Leggitt.

Summary:

First Period

Lakefield—Blewett 10.00
Norwood—Hamilton (Webb) 12.05
Norwood—Hamilton 14.30
Penalties — L. Lonsberry (2), Hamilton (2), S. Lonsberry.

Second Period

Norwood—Webb (J. Brown) 15.30
Penalties—Wasson (2), Blewett, Fawcett, J. Brown, Hamilton, Petterson.

Third Period

Norwood—J. Brown (Simpson) 11.00
Lakefield—Fawcett (L. Lonsberry) 11.25
Penalties—Jopling (2), Chappell, Wasson, Blewett, Payne, Petterson, Hamilton.

Havelock Victors

NORWOOD, Jan. 22—(ENS)—Havelock secured their first win in the Rural Loop series on Thursday night in the arena. Hill was given more support and Elliott was right in there on the forward line. Norwood boys played a good game but found Hill hard to beat. Elliott bagged the first one in at the half way mark in the first period and Laing added one four minutes later.

Elliott again scored in the second period. Hermans was given a minor for holding. Kelly secured Norwood's lone goal on a solo effort after four minutes of play in the third and a few minutes later was sent to the penalty box for tripping.

Havelock: Goal, Hill; defence, G. Milne, J. Hermans; centre, R. Backus; wings, J. McMillan, W. Seeney; alternates, M. Wight, J. Laing, M. Dafoe, G. Elliott.

Norwood—Goal, Aldred; defence, B. Scott, A. Spring; centre, B. Kelly; wings, Webb, Cuthbertson; alternates, Rusaw, Brown, H. Scott, D. Kumpf, Fairfield, G. Rothwell, Rodgers.

Referee: H. Morrison. Linesman, B. Goodfellow.

Westwood Wins 4-2

NORWOOD, Jan. 22—(ENS)—Westwood defeated Keene on Thursday night, in a good clean game, on a fine sheet of ice, before a fair crowd of fans.

Lots of close checking stopped the Keene players. Mackness was well watched at all times. Starke got two in the first and Andrews one, both are Norwood boys.

Dalton beat Renwick early in the second. J. Houle scored from B. Thomson in the third for Keene and B. Thompson tallied for Westwood to give Westwood the game 4-2. Starke received the only penalty of the game and that with only 30 seconds to go. Tempers threatened to flare, but ended in smiles.

Westwood—Goal, Renwick; defence, Shearer and Sargent, centre L. Starke; wings, Woods, Thompson; alternates, B. Warr, H. Neilson, P. Elmhirst, B. Humphries, L. Mason, D. Andrews, B. Edger, W. Morris.

Keene—Goal, Musgrave; defence, Anderson, Dalton; centre, Ted McCarthy; wings, Thomson, Houle; alternates, Thompson, Mackness, Kempt, B. Kumpf, Walton, Whalen, Paudash, J. McCarthy, Howard.

Referee—H. Morrison; linesman B. Goodfellow.

Arena Opened

NOBLETON, Ont., Jan. 22 — (CP)—This village's new $35,000 arena was officially opened last night by Highways Minister George Doucette before a crowd of 3 000. Workmen in the village, whose population is slightly more than 700, volunteereed their labor to build the arena. An exhibition hockey game between two Ontario Hockey Association Junior B teams, Toronto Marlboros and St. Michael's, featured the openingn. Marlboros won 9-1.

He is showing the captain's general report for the last trip to Cap. Grant.

Marmora Library Highly Praised

MARMORA, Jan. 22—(ENS)—Marmora has a library second to none which is highly praised by all Government library officials, C. T. Nicholson, chairman of the Public Library Board, told the annual meeting of the Board on Tuesday. He said the library contained a good selection of up-to-date fiction and non-fiction.

Miss Rita Deacon, treasurer, reported a balance of $170.52.

After the librarian, Mrs. D. Thomson reported on the year's achievements, Mrs. Bruce Robson, assistant librarian, announced that the examination of the "E" librarian certificate, announced at the course at Belleville in November.

It was stated that Miss M. Savage had done voluntary work at the library, typing cards. Miss Anne Lavender had taken charge of the children's Story Hour.

Mrs. D. Thomson, who resigned from the Board after 20 years service, received a fountain pen fro mher colleagues.

Officers elected were: Chairman, C. T. Nicholson; secretary, Mrs. J. H. English; treasurer, Miss R. Deacon; members, Mrs. J. M. Brownlie, Mrs. D. Burdette, Mrs. D. Thompson, Mr. G. Sabine, Mrs. M. Deans and Miss M. Savage. Librarian, Mrs. Bruce Robson; assistant librarian, Mrs. A. M. Jones.

WA Plans Bazaar

ROSENEATH, Jan. 22—(ENS)—Mrs. Frank Adams and Mrs. Everett Adams were hostesses on Wednesday afternoon to the United Church W.A. Rev. R. C. White, conducting devotions, spoke on Christian character. The new president, Mrs. Ford Derry, was in the chair.

Mrs. Fred Norris, treasurer reported receipts of $5.97, expenses $16, and a bank balance of $148.76.

The parsonage committee reported new curtains for the parsonage cost $9.

The serving committee distributed material for making aprons and pillow slips.

Mrs. Arthur Braithwaite reported 31 Christmas and greeting cards, one box of fruit and 4 gifts dispatched.

It was decided on motion to have the bazaar as previously, in the spring, and the birthday meeting in September.

Mrs. E. and Mrs. Arthur Braithwaite will be hostesses for the February meeting and Mrs. Fred Norris and Mrs. Rae Brown the program committee.

The program, in charge of Mrs. B. Thackeray, included a contest by Mrs. J. Thompson; a reading by Mrs. Harold Taylor; a guessing contest by Mrs. A. Braithwaite, won by the convener, and a reading by Mrs. Earl Waldie.

The hostesses served freshments.

WA Raises Funds At Quilting Work

MILLBROOK, Jan. 22—(ENS)—At the January meeting of St. Thomas' Anglican Church W. A. the secretary, Miss Rose Macnamara, reported 10 meetings held during 1948 with an average attendance of 15 and there were 26 members at the beginning of 1949. The treasurer, Mrs. C. M. MacLean said there was a balance at the bank.

Mrs. J. W. Hilton, Dorcas Secretary, told of two annual bales sent in April and of a boy's outfit required at the Gordon Indian School in Saskatchewan. Quiltings held at Mrs. Westmacott's home were well attended and had been profitable she said.

Mrs. MacLean reported eight members in the Junior W. A. which hold work and study meetings fortnightly. At present the juniors were working on scrap books to be sent to Miss Whelpley, prayer partner of the senior W. A. and a worker in the Sunday School by Post in Saskatchewan. Mrs. H. A. Turner reported ten members enrolled in the Blue Cross plan.

Bishop Whyte's account of mission work resumed in Honan, China, following World War II was the study theme. Recent events had caused anxiety for the safety of the Rev. William Simpson, Mrs. Simpson and their two children, who were known to be among those last heard of in Peiping.

Miss Macnamara read an address by Dr. Bob McClure on conditions as he found them when he left China.

Hostesses were Mrs. W. E. Massey Cooke and Mrs. W. Theobald, and the meeting took place at Mrs. Westmacott's home with the president, Mrs. A. Chevis in the chair, assisted by Miss M. L. Collins.

Waif With Amnesia Remember One Man

PORT COLBORNE, Jan. 21—(CP). — An amnesia-stricken waif in the custody of police here remembers only a cream-colored car, a man named Kirby and a woman who smokes a pipe.

The boy, aged about 12, was found dazed but uninjured on the sidewalk of a bridge over the Welland Ship Canal Tuesday night.

Psychiatrists and police have been unable to stir him from his mental lethargy.

He remembers only that his uncle's name, surname or given name, is Kirby, the uncle owns a cream-colored 1948 Studebaker and a neighbor woman smokes a pipe.

Story Of The 4-H Clubs In US, Especially For Parents Of Rural Youth Of Peterborough District — J. T. Tully Given Reserve All-Canadian Award — John A. Carroll Speaker At Plowmen's Dinner.

Joseph T. Tully of Otonabee has received the Reserve All-Canadian award on his bull calf, Otonabee Pabst Prospect, in the selections announced by the Holstein-Friesian Journa.

"Prospect" is a son of Otonabee Pabst Review and Otonabee Supreme Gerben, and was bred and exhibited by Mr. Tully. A half interest has been bought by H. A. Valentyne & Son of Beaverton, newcomers to the Holstein field who are laying the foundation of a new herd.

"Otonabee Pabst Review" was grand champion at the Peterborough Black and White Day at Lakefield Fair, and reserve junior champion to his brother at the Peterbofough district championships last October.

His brother, "Way Brook Rag Apple Review," has been selected as the All-Canadian senior yearling bull of 1948. They are both by the twice Reserve All-Canadian Otonabee Pabst Review.

Bred and owned by O. Chambers of Wilfrid, Ont., Way Brook Rag Apple Review was junior champion at the Holstein championships show in Peterborough last year, and was first and reserve junior champion at the Royal.

Three other Peterborough Holsteins had the honor of being in the top half dozen animals in the Dominion in their class when they were nominated for All-Canadian but did not receive awards in the final ballotjng. These were Westmount Sovereign Mercedes owned by Coughlin Bros., and N. W. McConkey. She was first prize winner at Peterborough Exhibition, Peterborough Championships Show and Peterborough Black and White Day; Littloc Signet Rebecca owned by N. W. McConkey, Peterborough, second and Reserve Junior Champion at Peterborough Championships Show; Otonabee Signet Audrey owned by J. T. Tully, first, junior and Reserve Grand Champion at the Peterborough Championships Show.

It should be of special local interest that the All-Canadian aged cow and the All-Canadian aged bull were winners at the Central Ontario district Holstein championships show at Peterborough last October.

The A-C cow was Forthlyne Dolleta Inka Posch, owned and developed by Hugh Ormiston of Brooklin, Ont. She was reserve grand champion and highest ranking Canadian owned cow at the Royal, and grand champion and best-uddered female at the Peterborough show.

The All Canadian bull was the celebrated Montic Rag Apple Marksman, owned by J. J. E. McCague of Alliston and C. J. Carswell of Beeton. He was grand champion at Peterborough. His selection this year was his sixth straight All-Canadian award. He took that honor first as a three-year-old, and from 1944-48 inclusive has been A-C aged bull.

4-H IN U.S.A.

4-H Clubs in the United States are the counterpart of the Junior Farmers Clubs of Ontario. Present membership is around 2,000,000 young people between the ages of 9 and 21. They are organized into 91,000 clubs which are headed by 203,000 voluntary leaders. At last count, the 4-H graduates numbered 14 million.

The aim of the 4-H Clubs is to make farm lands more productive, farm houses more comfortable places to live in, as related in three different articles in the Arkansas Democrat, Little Rock; Chicago Daily News; and National Geographic Magazine.

The Clubbers go about their task in a hundred different ways: improving crops and livestock, practicing soil conservation, electrifying and beautifying property, modernizing equipment, protecting wildlife. Girls specialize in canning, cooking, dressmaking and home economics.

Seventeen-year-old Maurine Steyer of Exeter, Neb., was a shy little girl when she joined 4-H seven years ago. She began by sewing her own clothes and making a few improvements around the house.

"As I did these things my confidence grew," Maurine recalls. "So I just went on to other things."

These "other things" included improving the quality of her father's seed grain, planting hundreds of trees, selling large quantities of beef, canning hundreds of jars of food. When she received her championships is La Verne E. Hall hands of President Truman, she had already earned $11,716.47, and had won some $700 in 4-H scholarships. At present Maurine is studying agriculture at the University of Nebraska.

Heifer Leads To Herd

Typical of the national boy championshpis is La Verne E. Hall of Wisconsin. His first project in 4-H began when his father gave him a heifer. Acting as jack-of-all trades to farmers in the district in his spare time, he earned enough money gradually to acquire a herd.

"Vernie's done all right," observed a neighbor, summing up the boy's progress over the last few years. "He's got four dozen high class milkers, as well as champion colt, beef cattle, hogs. Besides, he does a lot of talking about better methods of livestock raising."

There's a lot of money floating around waiting to be picked up by 4-H members. Friendly corporations and individuals contribute some $317,000 annually to be distributed as awards. Owners of winning exhibits can sometimes sell their products at fantastic prices.

One Iowa boy raised a champion steer, according to reports, that weighed 1,212 pounds and fetched $43,000. In Omaha 12-year-old Ted Lenocker sold a calf for $1,700. Another lad in Texas was given $4,000 for a steer. By winning prizes and making sales, a 17-year-old Wyoming boy in seven years cleared $6,000 on his poultry.

One leader in Iowa recently remarked "Nearly all my boys have bank accounts and can write checks that would pop your eyes out. One 12-year-old wrote a check for $700 to help his father pay off a mortgage."

Meaning Of 4-H

Don Milburn of Smith attended the 4-H convention at Chicago a little more than a year ago, and learned at close hand the ideals of the 4-H'ers. The name stands for Head, Heart, Hands and Health, derived from the pledge each members takes upon joining: "My head to clearer thinking; my heart to greater loyalty; my hands to larger service; my health to better living, for my club, my county, my community."

Core of the 4-H movement is the "project" just as with Peterborough's young club members. District, county and state competitions wind up the year. Winners from all over the U.S. meet at the National 4-H Congress in Chicago to choose achievement champions.

The philosophy of the member who enters a competiion has become a familiar 4-H slogan: "Win without bragging; lose without squealing." It has been said that no 4-H member ever loses (and that applies to the earnest Junior Farmer) for the skill and experience he acquires from association with friends and neighbors serve him in good stead later in life.

Dan Thornton, a 4-H graduate, is probably the best known cattleman in the U.S. He sold two bulls not long ago for a cool $100,000.

4-H Achievement

At a recent convention, reports the Arkansas Democrat, 4-H members disclosed they had, in the preceding 12 months:

Raised $34,000,000 worth of produce, managed 750,000 head of livestock, cared for 11 million chickens, canned 18 million jars of food, harvested 152,000 acres of fruits and vegetables. In addition 500,000 girls took part in clothing projects.

Even that summary does not tell the whole story of accomplishment by rural youth of the U.S. This is concluding episode. A group of 4-H clubbers, visiting in Washington, D.C., called on Lord Inverchapel, former British ambassador to the U.S. He owns a large farm in Scotland.

Conversation strayed into an argument about the best way to handle a pig.

"Well," said young Roger Newburn of Eagle Grove, Iowa, "you should come out to Iowa to see the way we do it out there."

Inverchapel accepted the invitation on condition that the visit be kept a secret, especialy from the press. The Newburns of Eagle Grove kept their mouths closed tightly.

"I enjoyed those quiet, interesting days on the prosperous Iowa farm," recalled the Ambassador to Frederick Simpich of National Geographic. "I helped with the farm and household chores, and got to bed at nine o'clock."

Lord Inverchapel left Iowa with a high opinion of Roger Newburn and his fellow clubbers, describing them as "the salt of the earth; the finest crop that comes from American farms."

NORTHUMBERLAND AT O.A.C.

Ralph Banbury of Brighton sends a complimentary reference to the youth of Northumberland county in its representation at O.A.C.

"In the diploma course, G. A. Flynn and J. F. Little, Trenton have experienced their first examinations. In the second year degree course, M. A. MacGregor, Colborne RR—5, stood fifth in a class of 197, a considerable honor. Don Rutherford, Colborne RR 5, has started in the second year after taking a cource at Kemptville.

The fourth year do not write Christmas examinations, but Veronica McCormick of Brighton, J. W. Stephen of Campbellford, and W. E. Howell, Colborne, are taking their senior work, and hope to graduate in June.

In the recent short courses Herb Hendy, Campbellford, took agricultural economics; Jean Hornby, Grafton, beekeeping; Aldythe Arthur, Wooler, horticulture, and Donald Skinkle, Warkworth livestock."

FARM FORUM COMMENTS

"Fear of depression prices when they couldn't keep up the premiums keeps some farmers from investing in life insurance. They think the money would be better invested in livestock or equipment." That was part of the comment of S.S. No. 4 Middlesex Forum on the recent insurance broadcast.

S.S. No. 2 Perth, wrote: "Some farmers remember depression times when insurance had to be dropped due to inability to keep up premiums, and are afraid to start all over again." Beechwood Forum in Durham county: "Farmers can't afford life insurance, also have no control of accumulated profits."

Sutton Bay, Temiskaming said they were suspicious of the legal wording of policies. "The majority are of the opinion that the farmer, if clear of debt, leaves an estate in the farm." Providence forum in Durham: "The insurance companies are using our money to make more money. We think the premium should be lower."

URGES VEGETABLE QUALITY

At the recent dinner of Northumberland vegetable growers at Brighton, A.N.L. Butler, field specialist, read a statement from the Ontario secretary, Andrew Fulton, advising a reduction in acreage but increase in quality.

The Ontario acreage has nearly doubled since 1941, and with a heavy yield in 1948 there was an adequate supply of products at present. Mr. Butler said canners must look to their product because frozen methods were growing in popularity. A few years ago the ratio was one frozen package to 53 processed. This year it was one to 15.

Ontario stood third in the north American production of tomatoes in 1948, behind California and Indiana, and Northumberland was fifth in production by Ontario counties. S. C. Peck, Prince Edward county, said consumers knew little about the vegetable grower's share in the price of the canne products. The farmer received, approximately, per can: tomatoes 4c; tomato juice 2c; peas 3c; green beans 4c.

The advantage of close co-operation between the producer and canner was emphasized by the president, George Gummer.

MILK AND WAGES

"In terms of what can be purchased by the wages of labor, milk has not risen in price," W. R. Reek, president of O.A.C., told the Ontario Guernsey Breeders Thursday. "A recent survey by the University of Toronto has shown that a laborer's daily wage today will buy 40 quarts of milk, while in 1939 a day's wage would purchase only 36 quarts. Since 1939 milk has actually risen in price by 50 per cent. Other food commodities have risen 128 per cent. It is time we had a better understanding of the dairy situation."

Donald McCallister of Richmond Hill was elected president of the Guernsey group of 200 breeders.

TWO JERSEYS QUALIFY

Several Jersey cows have recently qualified in the Jersey herd of F.C.H. Bent and Son, Omemee. Included in the lot are Bentleigh Roxie—160234—with a junior three-year-old record in 344 days of 8,703 lbs. of milk, 456 lbs. of fat with a test of 5.24 per cent; Bentleigh Monabell's Roxie Mary—171536—has a senior yearling record in 365 days of 8,103 lbs. of milg, 401 lbs. of fat with a test of 4.95 per cent. Both of these splendid producers are sired by Mr. Bent's senior herd sire, Graham Farm Pride, bred at the famous Graham Farms, Georgetown, Ontario.

SELLS GUERNSEY BULL

Mr. Ernest A. Scott of Chemong Road has sold his four year old registered Guernsey bull, "Cairn Pat Majesty's Triumph" to Mr. Harry Milburn and son, William, also of Smith. He bought it as a calf from Joseph Milligan, then at Cannington and now in the Whitby area, and one of the first Guernsey breeders in Ontario.

CORRECT ANSWER

The Examiner casually submitted a one-question quiz to Frank Paterson the other day. It was the first paragraph of an article in the January edition of Farmer's Magazine which he had not seen for the postman had just delivered it.

The quotation was: "I always feel that the term "soil conservation" carries with it the meaning of large projects—provincial or federal schemes for control of rivers, building dykes and irrigation ditches, or reforestation on a large scale" said John Blank thoughtfully, as he lit still another match to keep his corncob pipe alight. "To my mind the most valuable work a farmer can do is the unspectacular business of halting waste at home, and keeping up the humus of his soil. I prefer to call it 'land use', and save the term 'soil conservation' for the large scale projects."

"Who was John Blank?" Mr. Paterson was asked.

"I'd say his is John Fisher of Burlington," was the reply, and it was correct identification. It is an article about humus in the soil, one of Mr. Paterson's major interests, and quotes Sir John Boyd Orr and Louis Bromfield as it moves out into Mr. Fisher's own interesting experiences.

"OTONABEE PABST PROSPECT" brought the reserve All-Canadian Holstein award to the herd of J. T. Tully, Otonabee. It is an unofficial honor decided by a panel of 15 judges at the various competitions throughout Canada. One of them was Harvey Swartz of Waukesha, Wis., who determined the winners at the district Holstein championship show in Peterborough last October. "Prospect" was bred by Mr. Tully. He was third senior calf at the Royal. A brother of "Prospect" is "Way Brook Rag Apple View" bred by Orvan Chambers of Wilfrid, All-Canadian senior yearling. They are both sons of "Otonabee Pabst Review".

These are the top show Holsteins of Canada for 1948. Upper left is Montvic Rag Apple Marksman. All-Canadian Aged Bull for J. J. E. McCague, Alliston, Ont., and C. J. Carswell, Beeton, Ont., for the fifth straight year. Upper right is Forthlyne Dollets Inka Posch, All-Canadian Aged Cow for Hugh W. Ormiston, Brooklin, Ont. At the left is the All-Canadian Get-of-Sire by Colony Colanthus Perfection. This is the most coveted award of all. Owned by J. Grauer & Sons, Vancouver, B. C. All-Canadian winners were chosen by a committee of judges at the leading fairs of the Dominion.

COMPLICATED CASE—Canada's Board of Transport Commissioners is in the midst of hearing the pros and cons of granting railroads a boost in freight rates. Seven provinces—all except Ontario and Quebec—are opposed to the increase. Hearing the complicated case, left to right, are: Hugh Wardrope, assistant chief commissioner; Hon. Mr. Justice M. B. Archibald, chief commissioner; H. B. Chase, commissioner.

Israeli State Recognized Britain Rules

Expect This Action To Ease Tension Across Middle East

LONDON, Jan. 24 (AP) — A British government source said the cabinet today formally approved British recognition of Israel.

The informant, who declined to be named, said Britain would announce her decision in a matter of days.

The announcement probably will be made by Foreign Secretary Bevin to the House of Commons.

One of the things now holding it up, he said, is a desire to coordinate announcement of British recognition with similar announcement by the Australian and New Zealand governments.

Responsible sources had expected announcement of the move probably would follow Israel's elections tomorrow. It was expected the announcement would come before Wednesday's Palestine policy debate in the House of Commons where Bevin faces criticism frm some members of his own Labor party as well as from Conservatives.

Already Decided

Diplomatic forces said de facto recognition— acknowledgment of the existence of the Jewish State —already had been decided upon.

British sources speculated that the immediate effects of the action might be:

1. An easing of the tension in the Middle East.
2. Aid moderate elements within Israel in tomorrow's elections.
3. Take some of the heat off Bevin when he goes before Commons Wednesday.

France today became the 23rd country to recognize the new Jewish State. Other countries which have recognized Israel include Canada, the United States and Russia.

Armistice Talks Near Breakdown

RHODES, Jan. 24 (AP) — Israeli-Egyptian armistice talks in their final nervous stage were resumed today after a brief period in which it was feared the conference had been broken off in failure.

The resumption may be temporary, but the acting United Nations Mediator, Dr. Ralph J. Bunche, labored to avert a breakdown over touchy Negev boundary issues. A spokesman said the "immediate difficulties" facing the delegations had been solved, but he gave no indication that a successful conclusion could be expected.

This statement came after Bunche went into separate huddles with the Egyptian and the Israeli delegations. Before the meetings, a usually reliable source had said the conference had broken down.

18-Year-Old Yc Builds Brooklin Rink

BROOKLIN, Jan. 24 (CP) — An 18-year-old youth, who managed the construction of a $50,000 ice rink in this Whitby township community, will sit in one of its box stalls Tuesday night when the rink is officially opened. Brooklin is 20 miles east of Toronto.

Allan Maynard is the son of G. H. Maynard of Brooklin, the construction engineer who contracted the building's construction. His son was placed in charge of the project.

R. V. Mowbray, secretary of the management committee said "at first we were stunned at the idea of an 18-year-old boy running the job.

"But before we could say or do anything the lad had his overalls on and was giving instructions to the 25 farmers who had turned up to help with the work."

The funds for the building were raised by the villagers with the help of the provincial government and township council.

Montreal Teachers Return To Work

Strikers Decide To Go Back Unconditionally After Appeal

MONTREAL, Jan. 24—(CP)—An appeal from the Quebec Parents' School brought surprise results early today when 1,800 Roman Catholic French and English-speaking teachers, on strike for higher wages, voted to return to work "unconditionally."

Leo Guindon, president of the French Roman Catholic Teachers Alliance which called the walkout, told the teachers to report to work at 1:10 p.m. today. He said that he thought they should get some rest before resuming classes. The meeting broke up shortly before 3 a.m.

Several hundred members of the French-speaking Alliance voted against the proposal but only four members of the English - speaking Federation of Roman Catholic teachers, which walked out in sympathy, were opposed to it.

Mrs. Jean Panet-Raymond, president of the parents' organization which represents more than 300 French-speaking parents in the Montreal district, appealed to the teachers to return to work "for the sake of parents and the children."

The body pledged itself to meet the Roman Catholic School Commission as soon as the teachers have resumed their classes and use its influence to persuade the commission to treat the strikers with "generosity."

The decision to return to work was given just a day after the general council of the Provincial Corporation of Roman Catholic Teachers promised the striking teachers financial support.

It said it would ask each of its 13,000 members to contribute a day's salary to the teachers to support them during the walkout.

Guindon told the teachers they should expect to receive individual letters from the Montreal Roman Catholic School Commission asking them to return to their classes.

38 Street Cars, Buses Burn

REGINA, Jan. 24—(CP).—Many Regina residents shivered their way to work today in 25-below-zero weather, on foot or riding in army trucks, following Sunday's $1,000,000 fire which destroyed 75 per cent. of the city's street cars and buses.

City officials, meanwhile, started an an investigation into the blaze, one of the most destructive in Western history, which within a few hours destroyed 12 street cars, 17 trolley buses and nine gasoline buses.

Starting with an explosion in the storage section of the municipal transportation system's car barn around 10.30 a.m., fire spread with a crackling, sheet-flame speed that brought the roof tumbling down within an hour.

So fast did the flames move that officials said there was no time to remove any of the 44 vehicles in the building. Had the fire occurred any day but Sunday, less damage would have been done since more of the street cars and buses would have been operating on city lines.

Today city officials were confronted with two tasks, one to investigate the cause of the explosion, the other to ensure that citizens were provided with adequate transportation until replacements for the burned vehicles are available.

110 Fight Blaze

The city's entire complement of fire-fighters — approximately 110 men under Chief W. C. Moffatt— had the blaze under control five hours after it started. But embers continued to smoulder until late in the evening.

Work of re-organizing the transportation system started three hours after the blaze was reported, with Mayor Garnet Menzies calling an emergency meeting of civic officials. They arranged for the city to rent 16 Saskatchewan government buses, some army vehicles and two or three buses from independent companies.

Offers of help in replacing the burned vehicles came from as far away as Halifax, where it was reported some trams might be available for shipment to Regina.

Winnipeg and Calgary also indicated they might be able to assist, while civic officials here said there was a possibility they could obtain buses from Windsor, and six trolley buses from Montreal.

Chiang's Troops Jam Trains In Retreat To Chekiang

SHANGHAI, Jan. 24—(AP).—Large-scale withdrawal of Nationalist units from the Shanghai, Nanking and Hangchow areas were reported under way today. The forces were described as Chiang Kai-shek's "personal troops" entraining for south China points. Thousands of troops, moving with full equipment, were evacuating garrison points between Shanghai and Nanking, these reports said.

SHANGHAI—Gen. Li Tsung-jen's personal envoy from Shanghai said to-night that obstacles to peace talks have been overcome and that a cease-fire will be ordered as soon as negotiations begin.

They jammed railroads and were reported to be en route to Chekiang Province, where the Generalissimo now is in at least temporary retirement at his birthplace, Chikow.

Civilian trains packed with heavy New Year's holiday traffic have been sidetracked for long periods during the last 24 hours to permit troop rail movements.

Meanwhile, strong Communist armies edged near to the vital Yangtze and the capital at Nanking.

The Government continued the southward removal of its Ministries, a spokesman said, "in order to fight on, if Communist peace terms are too harsh to be acceptable."

Face-Saving Surrender

Peiping, the last major Nationalist stronghold in north China, surrendered Saturday with face-saving gestures.

AP Correspondent Spencer Moosa reported from Peiping that a Communist regiment slipped quietly into the city Sunday night.

Rebuffing the Government's latest attempt to negotiate a settlement, the Communist radio assailed the "hypocritical peace offensive" of the Nationalist Government under Acting President Li Tsung-jen. It urged a coalition "united under the leadership of the Communist Party"—a regime emulating "our friend and neighbor, the Soviet Union."

But some Nanking leaders predicted, nonetheless, that the Communists would accept the Government's request for negotiation.

Great Air Ace F. R. McCall Dies

CALGARY, Jan. 24—(CP)—Western Canada today is mourning the loss of one of the Dominion's greatest air aces in the First World War and the "father" of aviation in the west.

Squadron Leader Fred Robert Gordon McCall, SSO, MC, and Bar, DFC, died suddenly at his home here Saturday. He was 54.

Credited with a total of 37 enemy planes shot down during the First World War, Freddy McCall was Canada's fourth ranking ace.

After his discharge from the Royal Flying Corps in 1919, Mr. McCall helped pioneer commercial aviation in Western Canada.

He won wide fame in 1928 when he flew 300 quarts of nitroglycerine from Montana to Calgary. The flight with the highly-explosive cargo was made without incident.

Mr. McCall was one of the founders of civilian flying clubs in Canada and the originator and first president of the Calgary Flying Club.

During the Second World War, he joined the RCAF, and served as squadron leader at several training stations across Canada. He received his discharge in 1945 and had been engaged in the oil business immediately prior to his death.

Ontario Labor Federation Opposes Provincial Code

TORONTO, Jan. 24—(CP)—Ontario's largest labor group, the Ontario Provincial Federation of Labor is on record as opposed to the newly-adopted labor code which the province put into effect following its enactment by the Federal Government.

The Federation, which yesterday ended its annual convention here, was specially critical of the code's provision enabling a union's bargaining rights to be removed by decertification.

Russell Harvey, Ontario Director of Organization for the American Federation of Labor, said decertification meant little in the Federal sphere where companies dealt with strong, long-established unions such as those in railway and communications industries But he predicted that in Ontario this provision could have "catastrophic results" for the labor movement.

The convention, by resolution, suggested these changes:

That unions be permitted to apply for certification and have a vote held when 25 per cent of the workers indicate they want the union; that the outcome of the vote be based on the decision of 51 per cent voting, rather than on 51 per cent of the eligible vote; and that a simple majority of workers should be capable of deciding the issue of a union shop and compulsory checkoff.

The Federation, which claims to represent 250,000 Ontario workers, sidestepped the issue of Communism by shelving touchy issues or passing them on to the Trades and Labor Congress of Canada as national problems.

An organized attempt to unseat Vice-president Bruce Magnuson of Sudbury, regarded as politically pro-Communist, was defeated. Magnuson won handily over George Beetle of London, Ont.

Also re-elected were A. F. McArthur, Toronto, president and Hugh Sedgwick, Hamilton, Secretary. Returned as other mmebers of the executive were W. Godfrey, Fort William, and Bert Green, Toronto.

$50,000 Fire Destroys School

EMBRUN, Ont., Jan. 24 (CP)— Two persons were injured Sunday when fire destroyed the five-room high school in this town 25 miles south of Ottawa, causing damage estimated at $50,000.

Royal Comtois, school principal, suffered a gash on the right hand from flying glass. Gerald Gagne, one of the 20 voluntary fire fighters, sprained an ankle.

Believed to have started in the furnace room, the blaze spread quickly through the brick building, destroying a $2,000 supplementary reading library, rifles and other equipment for 35 cadets, and school books for 105 students.

Two hours after the blaze was discovered at 6:30 a.m. the roof of the school caved in. Within a short time all that remained were smouldering embers and three brick walls. The fourth was toppled over by the weight of the falling roof.

Thirty tons of coal, stored in the basement for winter fuel, were consumed in the blaze.

While arrangements are being made to continue classes in other buildings, school officials will meet with the Ontario Education Department in Toronto today to make plans for construction of a new school.

Car Traffic Paralyzed By Icy Roads

20 Machines Piled Up On Queen Elizabeth Highway Near Toronto

TORONTO, Jan. 24—(CP)—Freezing rain which sheathed highways with ice crippled highway traffic in Southern Ontario today. In Toronto hospitals reported emergency wards jammed with patients awaiting treatment for injuries received in accidents.

Trans-Canada Air Lines cancelled all flights out of Toronto until the weather cleared. Bus lines cancelled trips to Hamilton and Oshawa because of hazardous driving conditions.

Toronto hospital authorities said at 11 a.m. they could not give an accurate count on the number of injuries. Three women received fractures and cuts when 20 cars piled up on the Queen Elizabeth Way west of the city holding up traffic for more than an hour. Several persons were shaken up when a city bus hit a telephone pole. Three were injured but did not require medical attention.

Abandon Cars

Hundreds of motorists' abandoned their cars in southern Ontario.

Motorists abandoned their cars rather than chance hazardous driving on the glassy pavement, provincial police reported. Drivers were warned to proceed cautiously.

"Freezing rain is falling over most of the province and highways are very icy this morning, except in the districts north of Lake Erie, where they are bare and wet," a Highways Department spokesman said.

"Fog is hanging over this district and visibility is not good. In the east and north, the freezing rain is just beginning to fall and in the north it will be mixed with light snow."

The Weather Bureau said temperatures may rise abcve freezing in the Toronto and Niagara districts today, melting the ice.

Cancel Flights

Trans-Canada Air Lines cancelled all flights from Toronto. The last flight to take off from here went at 9:30 p.m. Sunday to Montreal. The T.C.A. spokesman said the bad weather extended from Chicago as far east as the Ottawa valley and north beyond Kapuskasing.

Galt reported that scores of autos were marooned in the nearby town of Hespeler last night when they couldn't climb the ice-sheathed hills which surround the town. Minor accidents were reported in the district. There was heavy fog and poor visibility in the Stratford district but highways were not bad, although the going was slippery.

The highways department reported icy conditions extended from Toronto as far east at Ottawa and as far north as Huntsville, 120 miles from here. Provincial Police reported hundreds of cars stranded.

Scandinavia Plans To Defend Freedom

COPENHAGEN, Jan. 24— (Reuters)—The meeting of Scandinavia Prime Ministers, Foreign Ministers and Defence Ministers tonight announced that "the three Scandinavian nations have made a firm decision to defend their freedom, their independence and their democracy against aggression with all means available."

The Foreign Ministers in what was regarded as a last-minute attempt to avert a breakdown in the Scandinavian defence talks which opened Saturday.

Saturday's optimism had given way to "considerable" doubts whether decisive results will be reached.

The talks were to have ended last night. One usually reliable source stated that only on the insistence of the Norwegian delegation was it decided to continue the talks today.

A press report said the decision to continue had been taken because no one country wanted to take the responsibility for a breakdown.

Ask Senate Reform

OTTAWA, Jan. 24—(CP). —The Senate, taxes and education were dealt with today in resolutions passed at the closed session of the executive committee of the Young Liberals' Federation of Canada. Following discussions of the Senate, the Young Liberals in a briefly-worded resolution urged that "reform of the Senate be immediately considered by the Government."

Lt.-Col. Johnston Jail Governor Dies Suddenly

Lieut-Col. T. Dalton Johnston, 59, governor of Peterborough county jail for the last 20 years, died at his residence, Sunday morning, after an illness of several months from a heart condition.

Col. Johnston was a member of a well-known Peterborough county family which had been interested in the Canadian militia for many years. His father, William David Johnston rose to the rank of colonel as did his uncle, Thomas J. Johnston. They were cavalry officers. His mother was Katherine Henderson.

Col. Johnston was born in Otonabee township, and farmed there until his appointment as governor of the jail in 1928.

His grandfather, Thomas James Johnston, was one of the pioneer settlers of Otonabee. He came to this country from Ireland in 1831, and acquired farm land in the 9th concession about four miles east of this city. When No. 7 Highway was projected easterly from Peterborough, it provided a new road frontage for the Johnston farm, which lay to the south of it. His two sons, William D. and Thomas J. Johnston became interested in the 3rd Prince of Wales Dragoons, forming a military connection with extended through two generations and the First World War.

Overseas In 1914

Col. T. D. Johnston enlisted in the first stages of that war, went overseas in 1914 with the first contingent of the Canadian Expeditionary Force as Lieutenant, and served five years overseas with the 5th Canadian Mounted Rifles. He had attained the rank of Major when he returned home. He had followed in the military footsteps of both his father and his uncle with the 3rd Prince of Wales Dragoons, and it was with that training and experience that he promptly offered his services when the First Great War broke out. In the reorganization of the Dragoons after the war, he became Major of that unit under his uncle, Lt.-Col. T. J. Johnston, who had recruited the 93rd Battalion in 1916 and went overseas with it as commanding officer On the retirement of his uncle in 1923 as commanding officer of the Dragoons, Major Johnston was promoted to the Lieutenant-Colonelcy, assuming commanding and remaining at its head for the next five years.

It should also be recalled in reference to the military background of this family that Lt.-Col. Wm. David Johnston, father of Lt.-Col. T. D. Johnston, had

Dutch Throw Canadian, Two U.S. Yachtsmen Into Concentration Camp

Three Men Freed Once, Then Re-Arrested On Smuggling Charges; British Consular Official Aids Canadian

SINGAPORE, Jan. 24—(AP).— Two American yachtsmen have been held by Netherlands authorities at a Batavia concentration camp for two months on short rations, a Canadian said here today. The Canadian, Philip Stacey of Regina, said he was sailing with the Americans when their yacht, the Lucky Boot, was picked up off Dutch Borneo, and all three were interned by the Dutch on suspicion of smuggling.

Stacey said he was released Jan. 18 through intervention of the British consul. He said the American consul was working to get the others released. They were identified as Robert Smith, 25, former United States navy lieutenant from Portland, Ore., and Foster Pineo, Jr., of Snowhomish, Wash.

Stacey said other Europeans are being held incommunicado at the camp. He described rations there as a bowl of rice and gravy at noon and four ounces of bread and jam at night. He said he lost 20 pounds in confinement.

Held For Week

He went aboard the Lucky Boot at Singapore when it started for Hawaii last Oct. 19. One day out of Singapore a Netherlands gunboat pulled alongside the yacht and took it in town to Tandjoepinang, on Bintan Island. The vessel was flying the United States flag.

After being held a week by guards with fixed bayonets the three were released. Then a monsoon forced the yatcht into waters of Dutch Borneo, where another Netherlands gunboat took it in tow to Bandjermasin. The three were rearrested on suspicion of smuggling.

The Lucky Boot was impounded for two weeks and the men were sent aboard a Netherlands ship to

Pair Steal New Car To Visit Their Wives

BRANTFORD, Jan. 24—(CP)— Two youths, charged with the theft of a new automobile from Bond Motor Sales here told police they stole it because they wanted to visit their wives in Toronto.

Appearing in Police Court here today, Charles A. Pearce, 23, and Gerald A. Fox, 23, both working on a construction project here at the time of the theft, said in statements read to the court that they laid their plans while attending a movie in a Brantford theatre.

They were arrested by Toronto police the morning of Jan. 16 after a 50-mile-an-hour chase through Toronto streets when two traffic officers became suspicious of the shabby clothes the occupants of the new car were wearing.

Loot valued at $350 taken from the motor sales room included anti-freeze, auto batteries, motor oil, tools and cigarets and confections from the White Rose service station at junction of Nos. 5 and 24 highways.

Stirling Lineman In Woods For 24 Hours

HUNTSVILLE, Jan. 24 (CP)— Two telephone linemen, Robert Gilchrist of Orillia, and Stanley McLaughlan of Stirling, were caught in a blinding blizzard while trying to restore telephone service in the Dwight area eight miles from Huntsville, and spent 24 hours in the woods, without shelter or food.

Searching parties were out all Friday night, but failed to locate them. Saturday morning a party of settlers from Dwight set out, and three hours later found the men completely exhausted, frost bitten, and hungry. They had tramped the woods for 24 hours.

They were taken to a hunters cabin, where blankets were bound about them, and a fire built. Later a team was sent in, and they were brought out to Huntsville Sunday night. Gilchrist was suffering from a heart attack, and both men were frost bitten and helpless from exposures.

They have been taken to Orillia where Gilchrist will be admitted to hospital.

Mystery Boy Becomes Wild

PORT COLBORNE, Ont., Jan. 24—(CP).—Joe Caberlin, 15-year-old 'mystery boy,' got back his memory Saturday — and turned into a wildcat.

Joe the "amnesia victim" baffled physicians, police and a psychiatrist for more than three days after he was found lying on a street. He quickly ditched that role after word came through identifying him as a runaway from the Children's Aid Society at Sudbury

His next role—that of Joe the Runaway Boy — gave police a more hectic time.

Hardly had he admitted his identity than Joe's imagination started running wild again. Placed in a detention room at the Welland County Children's Aid Society, Joe distracted attention from himself by wrecking the room's plumbing and causing a flood.

Then he was off again, flying across the fields without shoes, coat or hat. It took three Provincial policemen an hour to get him back.

Now the boy is awaiting to return to Sudbury in a more secure place than the Children's Aid detention room.

Joe's identity was established when Mrs. Grace Wiggs recognized him in a Canadian Press photo published in the Sudbury Star Saturday.

The boy then admitted he had run away Jan. 10 from a boarding home at Sturgeon Falls. Ont., where the Children's A had placed him.

Mrs. Catharine White Unfit To Stand Trial

GUELPH, Jan. 24—(CP)—Mrs. Catharine White of Mount Forest, Ont., arrested Jan. 18 after an inquest into the natural deaths of her 70-year-old husband and 52-year-old mentally ill daughter, has been found mentally unfit to stand trial. She was moved Saturday from Wellington county jail here to the Ontario Hospital at London. She had been charged with neglecting to bury her husband's body, found with the body of her daughter during a small fire at her home.

Newly-Born Asian Bloc Demands Indies Be Freed

NEW DELHI, Jan. 24 (AP).— The Asian Conference spoke softly but firmly to the United Nations Sunday, demanding swift action to free the East Indies from Netherlands rule.

Observers said the significance of the conference — attended by 19 countries — went far beyond the immediate problem of Indonesia. It marked the birth of an Asian bloc representing more than half the world's population and a third of the UN membership.

It also marked the emergence of India, which called the conference, in the role of leader of the East, replacing knocked-out Japan.

Prime Minister Jawarharlal Nehru of India, the conference president, sent the resolutions to Lake Success with a note saying action was overdue.

Here are the conference's recommendations:

1—Immediate withdrawal of Dutch troops from Jogjakarta, Indonesian Republican capital, and from remaining Republican territory by March 15.

2—Immediate release of Republican government leaders and all political prisoners in Indonesia.

3—Restoration of the Republic by March 15 of all areas of Java, Sumatra and Madoero held by the Republic before the Dutch-termed "police action" began last month.

4—Election of an interim government made up of Republican leaders and representatives of other Indonesian territories by March 15, with transfer of complete sovereignty by next January 1; the interim government to control its own armed forces.

A possibility the Indonesian question will be brought before the next United Nations General Assembly was seen at Lake Success following this action.

Pays With Life For Slaying Pen Messenger

KINGSTON, Jan. 24 (CP)—Austin Craft, bank robber and murderer, paid with his life early today for the prison-break slaying of penitentiary messenger John D. Kennedy last April 26.

Craft, who had spent more than half of his 47 years in prisons, dropped through the trap-door of the gallows at Frontenac County jail here at 12:12 a.m. He was pronounced dead eight minutes later.

Before going to the gallows he sang hymns with his spiritual advisor, Rev. C. W. Kay of the Free Methodist Church here. One of his last acts was to take communion in the death cell where he has waited since his sentence was passed Oct. 29.

The minister said Craft made no display of emotion as he walked to his execution. Mr. Kay said that towards the last Craft repented his crimes.

Craft was serving a 10-year sentence in Kingston Penitentiary for the robbery of a bank in Hamilton when he broke loose. Prison messenger Kennedy fell with two shots in his body as Craft and Howard Urquhart, 21, of Toronto, fled in Kennedy's car. They were recaptured four hours later.

In his trial Craft took all the blame for the shooting. Conducting his own defence, he argued that he was insane at the time of the shooting. Urquhart, also tried for the murder, was acquitted.

Hastings To Join High School Area

A by-law permitting the village of Hastings to become part of the Norwood High School District was given second reading at the county council. It is effective January 1.

When the three new high school districts were set up last summer it was expected that Hastings would join but it did not do so. Later the villagers decided to join and they informed the local council of this decision in time for a by-law to be drafted. Final approval of the Department of Education has still to be obtained. High school students from Hastings are already enrolled at the Norwood High School, so the merger will not entail moving any of them from one secondary school to another.

Hastings will then be allowed a member of the newly-formed High School Board. Principal problem will be the organizing of transportation for the students.

John McCann Dies At Home In Malone

MARMORA, Jan. 24 (ENS).—The funeral of John McCann took place to-day, leaving his late residence at Malone, for service at Zion United Church, North Marmora. Rev. G. D. Young officiated and burial was in Zion Cemetery. He died on Friday afternoon. He had been ill intermittently far a few years, his last illness being of two weeks' duration. In his 57th year, he was a son of the late Mr. and Mrs. William McCann. During the First Gerat War he was sergeant-instructer in Canada in an infantry unit. He was later employed by the late W. A. Sanderson in the livery business. He next worked at Deloro Smelting and Refining Company for a number of years. Next he took up farming in his native district. In all his undertakings, he held the deep respect of his co-workers. For some years he was a school trustee in Marmora Township.

He is survived by his widow and five children, namely Alice of Peterborough, Mrs. George Reeves (Dorothy) of Belleville, Mrs. John Lowery (Delia) of Malone, Garnett and Muriel at home. He is also survived by three brothers, Charles, Eldorado, David, Oshawa, Thomas, Marmora, and two sisters, Mrs. Arthur Park, Marmora, and Mrs. Albert Westherall, Oshawa.

Rescue 12 Men In 2 Trips To Ice Field

CHURCHILL, Man., Jan. 24—(CP)—Two round trips by a light RCAF plane completed the rescue Saturday of 12 men who had spent 34 hours on an ice floe after their plane crashlanded Friday.

The story of the stomach-tightening minutes before the big RCAF Dakota, off course and running out of fuel with two ill civilians aboard, was set down on the Hudson Bay ice field was told here Saturday by its pilot, Flt. Lt. Ken Moore of Vancouver.

Moore said simply: "We decided to go down on a prayer. It was only by the grace of God that we were lucky in landing where we did."

Moore and 11 others spent 24 hours on the rough and broken ice field after Charley Able Dog made its belly landing at 2.30 a.m. Friday literally inches from the mile-wide stretch of black, deathly cold water that separates the floe from the main stretch of shore ice 70 miles southeast of Churchill. They huddled within the scant shelter of the crippled plane as the RCAF fought snow-laden Arctic winds and sub-zero temperatures to effect their rescue.

12 Men on Plane

It was not until all the survivors had been brought safely to Churchill Sunday that it was learned that 12 men—not 11, as previously thought—had been on the Dakota when it crashed on the next-to-last lap of a 4,000-mile round trip mercy flight into the Arctic. Even RCAF officers directing the rescue had been unaware that an army medical orderly was aboard.

The men were snatched off the icefield by an RCAF Norseman plane that twice flew the 70 miles from Churchill, Charley Able Dog's destination when it crash-landed. Four men were brought out on the first flight and eight on the second.

Harold Dunn was resting well in hospital at this port today. Near him was Ogloomik, ailing Eskimo hunter also picked up by the Dakota.

Good Landing

For their safety they gave thanks to a wheels-up landing by co-pilot Flt.-Lt. T. R. Heaslip of Oshawa on the only safe piece of ice and to their skilful evacuation by an RCAF rescue plane which later landed nearby and took off the crew and the two patients.

It was touch and go whether the Dakota would settle on ice capable of bearing its weight or skid helplessly into yawning waters which would instantly have closed over it.

Said Flt.-Lt. Ken Moore of Vancouver, pilot and captain of the plane: "It was only by the grace of God that we were lucky in landing where we did."

The Dakota was off course. Its fuel was running short. At the time of the forced landing, almost complete darkness prevailed. Heaslip made the successful landing at 2:40 a.m. Friday, in line with Moore's decision to "go down on a prayer."

"Operation Dunn" then became "Operation Moore." Shortly after Heaslip made the landing, the plane began sending out S O S messages which were picked up at Churchill.

Between Coral Harbor and the 550-mile return hop to Churchill high west winds blew and the magnetic pole made instrument flying unreliable. Instead of bearing southwest as it neared Churchill, the aircraft flew south and east, by-passing its destination.

Pick Up Signals

Reception of the Dakota's distress signals sparked a large-scale search. Flt. Lt. Norman Keene of White Rock, B.C., piloting a ski-equipped Norseman, landed on the ice floe half a mile from the Dakota Saturday after its position had been fixed by wireless contact.

He first evacuated Dunne, Brosseau, the Eskimo and Raie, then made subsequent trips to bring out the others. The original eight-man crew of the Dakota who returned to base at Rivers. Brosseau, Bell and the two patients remained at Churchill.

Major Brosseau informed his two patients that a crash landing would be made on the ice. He had supervised the lashing of Dunne's stretcher to the floor of the aircraft where it was packed with sleeping bags.

"Dunne took it like a brick," said the doctor. "He winked at me and said 'Okay.'"

Moore said the landing was "nice and smooth until the plane ran into a big block of ice. The wings were bent and the engines damaged when we plowed through it.

"We haven't decided what made us go off course," he added. "It could possibly be greater winds than we expected after leaving Coral Harbor. They definitely had a big bearing on the flight.

US Congressional Spy Hunt Fantastic Mystery; Outdoes Hollywood At Best

By GEORGE RONALD

WASHINGTON, Jan. 24—(CP).—The Congressional spy hunt, a fantastic hodge-podge of real-life mystery, consistently outshines Hollywood; the make-believe city where it started. Now popularly known as "the Whittaker Chambers case"—because of the sensational charges by a self-styled former Communist courier —

the inquiry was launched in 1947, with the film capital the centre of attraction. The House of Representatives' nine-man standing committee on un-American activities decided that year to dig into rumors that Hollywood was packed with Communists.

Some 50 movie personalities were summoned to Washington amid a glare of publicity that hasn't faded yet.

The alleged Communists—writers and directors refused on constitutional grounds to say whether they are or had been Communists. Among them was Edward Dmytryk, a native of Grand Forbes B. C.

All 10 were cited for contempt of Congress. Two—John Howard Lawson and Dalton Trumbo—were tried, convicted, sentenced to one year each and fined $1,000 each.

Take Chances

They still are free on bail pending appeal. The other eight waived trial and staked their chances on the outcome of the Lawson-Trumbo case. All 10 lost their jobs as a result of the publicity.

One other person has been indicted as a result of months of investigation. He is Alger Hiss, formerly a key state department official, who is accused by Chambers of having been up to his ears in a pre-war Communist spy ring.

But the charges against Hiss whose trial is scheduled to be held in New York this month are of perjury, laid by a Federal Grand Jury on the basis of Hiss' testimony before that body. The maximum penalty for perjury is five years.

Hiss has steadfastly denied the accusations made by Chambers. The 47-year-old writer who says he broke from the Communist party in 1938, last month quit his job as senior editor of Time Magazine. When he repeated the Hiss-was-a-spy charge outside the protection of the committee hearing room, Hiss sued his for $75,000 for libel. That suit is pending in Baltimore.

Another Libel Suit

Meanwhile, another libel suit has arisen. The defendant is Elizabeth T. Bentley, 40-year-old graduate of exclusive Vassar College, who hit the headlines last July 31 with a confession that—before renouncing Communism—she ran errands for a Soviet spy ring in New York. Chambers' similar public confession came a few days later.

Miss Bentley is being sued for $100,000 by William T. Remington, former commerce department executive. He filed the action in New York after Miss Bentley, on a television broadcast repeated charges she originally made against him at a hearing of the Un-American Activities Committee.

Perhaps the most sensational development was last month's production, by Chambers, of the "pumpkin papers" — microfilm copies of some 80 state department documents which he said had been stolen years before by the spy "apparatus" of which he was a member. He produced them from a hollowed-out pumpkin on his Maryand farm.

Three Investigations

Three espionage investigations still are going strong: the Grand Jury is continuing its New York probe; the Federal Bureau of Investigation is hard at work; The State Department is making its own search for the facts.

Meanwhile, riddled by noisy criticism of its methods, the Un-American Activities Committee has published its report, recommending:

1. Strengthening of espionage laws.
2. A minimum of five years and a $5,000 fine for contempt of Congress.
3. A study of immigration laws to bar disloyal persons.

As the new 81st Congress gets down to business most observers believe the committee will be continued as a House Committee, but with new limitations on its powers.

Boy, 12, Smothers In Bin Of Fine Chaff

GALT, Jan. 24—(CP)—Smothered in a bin of fine chaff, Kenneth Haines, 12-year-old ward of the Ontario Boys' Training School here, died Sunday despite efforts to revive him.

The boy, son of Mr. and Mrs. George Haines of Stratford, had been staying on the farm of Conrad Domm. Playing hide-and-go-seek in the hay mow with another lad, he saw a likely place to hide and plunged down a chute leading into a chop hopper.

His movements jarred chaff from the bin above him. Members of the family pried boards from the bin and dragged him out. He was still breathing but died shortly after reaching hospital, the fine food having entered his lungs. No inquest will be held

Park St. Baptist Had Good Year

At the annual meeting of Park Street Baptist church on Friday night the total receipts for the year were reported to be $8,887.14. Of this amount $1,116.09 was given to support missionary work. Rev. E. J. Whan presided at the meeting.

An increase of 18 members was reported by the clerk. Of this number 13 were enrolled by Baptism on their profession of faith, four by Christian experience and one by letter. The church regretted the loss of two members by death, and seven by letters of transfer.

Reports form all departments were most encouraging. The church during the year organized a Men's Brotherhood. Paul Wicks, president of the organization gave the report on their activities.

Mr. Whan spoke in appreciation of the work of the different boards, and of the spirit of goodwill and co-operation that was manifest in all the work of the church.

Officers were elected for the coming year. They are: deacons, Maurice Dunkley, G. H. Batley, E. W. Young, C. A. Corbett, J. K. Benson, J. P. Halcrow, N. R. Hamilton, Paul Wicks, H. Wall; clerk, Miss Olive Tedford; treasurer, Ansel Taylor; finance board, G. H. Batley, N. R. Hamilton, G. Herzop, R. Rogers, J. C. Barry, F. Edwards, C. Dayman, Roy Springham, and G. R. Spicer.

Prices Edge Ahead Slowly In Dull Action

TORONTO, Jan. 24 — (CP) — Prices edged ahead slowly in the dull action here today. Golds and base metals firmed on some good advances and industrials held steady on mixed gains and losses. Western oils were strong on gains in key issues.

The Exchange's 1 p.m. index showed industrials up .04 at 180.92, gold .82 at 95.63, base metals .71 at 108.76, western oils .41 at 56.53. Volume for the first three hours was 431,000 shares, about 145,000 shares less than Friday's similar period.

Waite Amulet moved strongly in the base metals, touching a new high at 14¼ and sagging to 14, a gain of ⅜. Reeves-Macdonald sold at a new high at $3.75 and Pend Oreille hit a new high at $6.50. Normetal and Quemont also touched new highs on narrow advances.

Wiltsey-Coghlan was active in the golds for a two-cent gain. Wiltsey property adjoins Waite Amulet in the Rouyn district northern Quebec and both stocks featured markets of two weeks ago following reports of a copper find on Waite property.

Several junior producers climbed for gains ranging up to 20 cents while McIntyre and Teck-Hughes dipped in the seniors.

Refining oils were firmer in the industrials and International Paper gained in a steadier paper list.

Shorthorn Breeders Name Officers

Officers of Peterborough Shorthorn Breeders' Club elected Saturday were: Pres. L. Shaw; vice-pres., Clifford Lowes; sec., Elwood Dunford; directors, Melville Pimmett, Percy Donaldson, Alfred Elmhirst, Gordon Kidd, Roy Whittington, H. H. Dinsdale, Archie Matchett.

A general meeting will be held March 5 and a stable meeting is planned for some time that month.

Had Stolen Chickens Given Four Months

Leo Buott, 294 Townsend St., was sentenced to four months in Guelph Reformatory when he pleaded guilty to retaining about 30 chickens which had been stolen from Jacob Katz of Water St. in December. Detective William Clarke testified that the chickens had been found when a search was made under warrant to investigate complaints to the health department. The accused had been found plucking the fowl at his home.

SWITCH COMMITTTEE

Before adjourning the County Council made one change in the committees. Reeve James Gifford of Ennismore replaced Reeve William Grant on the Equalization and Assessment Committee, and the latter was appointed to the Old People's Home committee.

Sheep Industry Threatened By Bad Storms

CHICAGO, Jan. 24—(AP)—The weather threw another solid punch at the Western United States livestock industry.

An estimated 2,100,000 sheep and cattle were snowbound in the Rocky Mountain area. Sheep breeders said the heavy January storms, which have hampered the efforts to get feed to the starving animals, were a threat to the industry.

Seventeen flying boxcars were to load hay at Fallon, Nev., to carry it 210 miles east to the Utah border. The hay will be dropped to the animals.

The United States weather bureau reported snow was general over the entire great plains region.

Sylvan J. Pauly, president of the National Wood Growers Association, said his industry faced its worst threat of annihilation because of the lengthy storms. "The situation is grim at the present time," he said. "We won't know the full extent of damage and loss until spring."

Meat industry spokesmen said ef fect of storms on prices would not be felt before next fall. Most animals destined for spring marketing are now on Eastern United States feedlots.

Transportation was snarled. The Union Pacific Railroad held its trains at Cheyenne and Green River, Wyo., for several hours because of blizzard conditions, but started them moving again.

Buses were delayed or halted, while airlines hoped to resume east-west operations from Denver this morning. Kansas City airports were closed. The Nebraska highway patrol said roads in the Eastern part of the State were "practically impassable."

Plans Complete For Mercy Trip

EDMONTON, Jan. 24—(CP)—Plans are being completed by the RCAF's North West air command for a mercy flight into the Arctic Circle in an effort to save the inhabitants of a remote Eskimo hamlet from being wiped out by a plague.

Activity was spurred by the arrival Sunday of the mercy plane, a ski-equipped Dakota. The plane left Saturday from Trenton.

From Edmonton, NWAC will take over for the flight to the tiny hamlet, Creswell Bay on Somerset Island, 1,000 miles north of Churchill, Man., and 400 miles within the Arctic Circle.

Air force officials said it is expected that detailed plans will be made public today.

come up from the Dragoons and was appointed officer in command of the 247th Battalion when its organization was authorized. He was succeeded in that responsibility by Lt.-Col. G. H. Ackerman who had enlisted as Lieutenant in the 2nd Battalion, CEF, and was wounded overseas.

Conservative Candidate

The Johnston family had long been interested in the municipal affairs of Otonabee township and also in politics of the old riding of East Peterborough. Lt.-Col. Johnston was elected as the Conservative candidate in 1923, defeating Ernest N. McDonald, in the provincial election. In 1926 he was defeated by W. A. Anderson, also of Otonabee. He had received his education at SS No. 12 school in the township and at the Collegiate Institute, and combined with it the broad knowledge he had gained in his adult years. He retained to the end his interest in his native township and county, and was well informed on many subjects.

In religion, Lt.-Col. Johnston was Presbyterian. He was also a member of Corinthian Lodge AF & AM, No. 101, Peterborough. He leaves his wife and three daughters, Barbara, Patricia and Beverley, and his sister, Mrs. A. C. Curtis and Miss Verne Johnston of Peterborough, and Mrs. Marion Ferguson of Toronto. Another sister, Mrs. Wm. (Anna) Tinney, died here just five weeks ago.

The funeral will be held on Tuesday at two o'clock at Col. Johnston's residence at the Court House, Peterborough, under Masonic auspices. Archdeacon W. P. Robertson will be in charge and burial will be made in Little Lake cemetery.

Driver Injured When Car Ditched

Swerving his car to avoid striking some children sledding across No. 7 Highway Sunday morning, G. M. Howe, 202 Alfred St., put his car into the ditch. The car struck a hydro pole, causing more than $200 damage. The collision's impact caused the driver's head to crash into the windshield, breaking the glass.

He was taken to hospital for attention to cuts on face and head.

Provincial Constable Keith O'Shaughnessy investigated.

Minor Blaze Panics Family

CORNWALL, Jan. 24 (CP) — Double misfortune struck Mr. and Mrs. Burnet Martin early today as a result of a minor fire at their residence.

When smoke filled the house, Mr. Martin dashed upstairs to the bedroom where his wife, an invalid, lay in bed, he attempted to lower her to the ground by means of a sash cord. The cord broke and Mrs. Martin fell to the ground 20 feet below.

Mr. Martin then jumped through the window to the ground cutting his forehead. Both were taken to hospital where it was found Mrs. Martin had a broken right leg and Mr. Martin a fractured right arm.

Firemen arrived to find Mr. Martin's mother, Mrs. James Martin, in her 70's, leisurely walking down the stairs to safety. Only three gallons of water were necessary to extinguish the fire in some rubbish in the cellar.

Demolition Squad Moves 3000-Lb. Bomb

LONDON, Jan. 24—(CP)—For 90 minutes Sunday morning life stood still for 1,000 families of Stepney, East London, while a demolition squad cut the life out of a 3,000-pound bomb which fell eight years ago.

"Commercial Charlie" — so-called because it was dropped near heavily-travelled commercial road—was the second biggest recorded bomb dropped by the German air force on Britain.

While engineers worked on the missile 12 streets were blocked off, subway trains stopped running and families and pets evacuated to nearby rest homes until the "all clear."

Resolutions Endorsed

Two resolutions from other County Councils were endorsed by the Peterborough County Council which has ended its January session, late Friday.

A resolution from the Simcoe Council and circulated among the other Ontario Councils asked that the cost of upkeep for indigent patients be borne by the Ontario government.

The other was from Frontenac County recommending that a fox bounty of $5 be paid by all County Councils. Cost would be split between the County which would pay $2 and the Department of Game and Fisheries which would contribute the remaining $3.

Four Escape Injury When Flier Hits Car

TORONTO, Jan. 24 — (CP) — Four Brantford residents escaped injury last night when a Chicago-Toronto flier hit and demolished their car after it stalled on a crossing near Strathroy, Ont.

Herbert Van Valkenburg and his three passengers left the car before the collision and boarded the train to Brantford, the Canadian National Railways said.

Counties Council Defers Home For Aged Extension

COBOURG, Jan. 24—(ENS).—There will be no extension built at the Counties Home for the Aged for some time to come. This was the decision of the Counties Council on the closing date of the January session. Reason for deferment of the work is the high cost of building materials and the fact that government endowed hospitals for the aged may become a reality.

The extension to the Counties Home, tentatively estimated at $60,000 to take care of immediate overcrowding problems, was discussed at the November session and was laid over to the January sittings of Counties Council. Reeve W G. Bowles, in suggesting the deferment, agreed that it was a good idea to make the extensions step by step. He thought building prices were at their peak and would eventually become more reasonable. It was possible to carry on with the present accommodation until building costs were more in line with their proper value, said Reeve Bowles.

Reeve E. Woodyard, who supported deferment, said the time might come when hospitals for the aged would be financed 100 per cent by the Government. If the counties home were free of bed patients, the over-crowding problem would be solved, he said. Reeve G. A. Walton's suggestion that a nurse be added to the counties' home staff to help with the bed patients, was referred to the Board of Management to investigate and report back.

After the committee appointed in November to consider the Brighton and Murray townships road dispute as to the extent of respective responsibility for maintenance had reported its findings, council decided to go further into the matter and the committee which was asked to assume the role of a board of arbitration, will report back in June.

Consider Assessment

After Reeve Woodyard told council that a county assessment, which would take approximately three years to carry out, would bring assessment throughout the counties into line, the committee on county assessments was asked to study the matter further before the subject was brought before council again in June.

Reeve Woodyard said that the various features of each municipality would be taken into consideration in arriving at the assessment of industrial property and the counties-wide industrial assessment would be accordingly equalized.

The committee was asked to see that the various municipalities were informed of the text of the report on this matter so that the representatives would be familiar with it when the time came for them to make a decision.

Reeve Woodward said further, that the government did not favor raising assessments but wanted an equalized assessment. This guaranteed that every municipality would get its fair share of government grants, he said.

Increase Salaries

Council increased the salary of counties clerk and treasurer Bill Barr by $500, to $3,500 a year; a $250 increase for superintendent of the counties home was approved, bringing the salary to $1,250 and the same increase was granted the matron.

The following appointments were made Road commission, four year term, A. Nelson of Darlington; three years term, A. Wartman; two years, C. Chapman; one year, C. B. Jandrew. Corn-borer inspectors, E. J. Kernaghan for Northumberland and P. I. Bentley for Durham county. Special schools committee, three years, R. J. Locke; auditor, criminal justice accounts, H. G. Woodley; Reforestation committee, two years, J. C. Anderson; Children's Aid Society, E. B. Linard for Durham and W. H. Conn for Northumberland. Counties Board of Health, three years, Dr. J. W. Wright; two years, A. Orr; one year, E. A. Woodyard. Board of Management, two year term, A. W. Hayes; Bowmanville Hospital Board, G. F. Jamieson; Port Hope Hospital Board, L. H. Giddy; Cobourg Hospital Board, George Galbraith; Campbellford Hospital Board, R. J. Locke. Commissioners of registry offices Cobourg, G. Galbraith; Colborne, D. McLaughlin; Port Hope, L. H. Giddy and Bowmanville, Norman Allison. Commissioner of jail and counties offices, Roy Dodge. Special County Property committee, L. H. Giddy.

Fox Bounties Raised

The finance committee's report, which was adopted, recommended that the fox bounties be raised from $2 to $3 a pelt, and that every township clerk be authorized by the counties clerk to accept pelts and pay applicants for fox bounties.

Requests for grants from the Navy League, National Institute for the Blind, Northumberland agricultural representative and East Durham Women's Institute were referred to the June session. The committee recommended a grant of $50 to the Peterborough Crop Improvement Association to assist in holding a demonstration in the district this year, the grant to be paid on request.

The agricultural committee recommended membership of the Ontario Agricultural Council with the chairman of the committee as the counties' delegate to the convention.

Reeve D. McLaughlin of Colborne was asked to report at the June session on soil fertility.

The legislative and bylaws committee endorsed the resolution of Ontario County Council which recommended that county wardens be elected by secret ballot. It recommended filing the Ontario County resolution in regard to raising the wolf bounty, and endorsed Grey County Council's recommendation that the Government grant to new building and additions to county homes be increased from 25 to 50 per cent. It also endorsed the resolution of Simcoe County Council which wants the province to assume 100 per cent. of the cost of indigent patients.

Discuss Roads

The road and bridge committee recommended referring to the Road Commission the resolutions from the townships of Percy and Clarke, asking for certain roads to be taken into the county system. The committee wanted the Department of Highways asked to take over county road No. 18 in Hamilton and Alnwick Townships as development road, and recommended that a request from Brighton Village about repairs to the connecting link in that municipality be referred to the Road Commission, along with a similar request from Colborne Village. The request from Hastings Village for the completion of work in that municipality was also referred to the Road Commission. A request for taking over certain roads in Newcastle were approved.

The following resolution will be sent to the Good Roads Convention: "That the Ontario Department of Highways be requested to grant to urban municipalities the same subsidy that is now received by townships and counties for expenditure on roads and bridges."

The Council approved a recommendation to have the portion of road in Brighton Township running southerly from highway No. 2 to Presqu'ile Point taken over as a county road, and also decided to instruct the Road Commission to trade in the one-half ton pick-up truck.

Council passed a bylaw bringing Hastings Village into Norwood High school area.

Five Arrested For Assault

TORONTO, Jan. 24 — (CP) — Five persons were arrested on charges of aggravated assault during the weekend, following three attacks on citizens.

Elmer Duffey was attacked in a restaurant by two men. Police arrested George Bradley, 48, of Toronto, and Harold Cumber, 25, of Montreal.

A 19-year-old youth injured the proprietor of a restaurant. Robert Phillips was arrested after he pushed Louis Bancroft against a stove, burning Bancroft's arms. Police say when Bancroft tried to defend himself, Phillips stabbed him in the hand with a knife. The wound required 20 stitches.

Aubrey Hewitt 18, was attacked by two youths in a fish-and-chip shop. He suffered a possible fractured skull. Police arrested Frank Starter, 18, whom they say is leader of the "beanery gang," and Charles Silkstone, 18, both of Toronto.

Chiang Says Prayer At Mother's Tomb

CHIKOW, China, Jan. 24. — (AP)—Generalissimo Chiang Kai-shek paused here Sunday on his way to possible exile to pray and meditate alone on a quiet, pine-covered mountain near his mother's tomb.

He returned to his native village a suburb of Fanghwa, from Nanking where he retired from leadership of the tottering Nationalist Government.

Accompanied by his eldest son, Chiang Ching-kuo, the Generalissimo went immediately to the mountain retreat.

An army truck hauled fuel to the village school, where Chiang's staff is lodged. Other supplies indicated a stay of several days, at least.

Chiang Kai-shek was described as in good spirits and cheerful.

Establish Commission For Jewish Education

TORONTO, Jan. 24.—(CP) — A permanent commission to promote Jewish religious education in Ontario was established at Sunday's meeting here of the Educational Conference of the Ontario Mizrachi Region. Delegates were from Hamilton, Brantford, Timmins and other Ontario communities were present.

The conference adopted a resolution calling for co-operation with Igud, The Bureau of Jewish Education, and other Jewish educational institutions.

Rabbi David Kishenbaum was chairman of the meeting, which was addressed by Samuel Gordon, official of the Mizrachi organization of America.

Worker Escapes Police

WATERLOO, Jan. 24 (CP) — A husky lumber worker escaped police custody Saturday night following a midnight brawl in a local beverage room. Police said Lorne Grein, 22, escaped during questioning in the police station. Also arrested were Glyn Walters of Kitchener, charged with creating a disturbance, and Harry Peterson and Earl Schmidt, charged with obstructing police.

Chairman Labels As False Hospital Rumors

CAMPBELLFORD, Jan. 24 — (ENS). — The local contractor, Wilfred Spencer, has almost completed the foundation of the new memorial hospital and his work is satisfactory, commented the chairman of the building committee, A. J. Meyers, at an executive meeting of the board on Saturday night.

"False rumors are in circulation in some quarters regarding our financial position," he said, "but our present bank balance of $14,952.73, clear of practically all encumbrances, proves implicitly the inconsistence of these reports. We have just completed the spade work," he continued. "More money will be needed before the project is finished, but the people realizing the benefits of a modern hospital, will respond to the appeal for further donations." Mr. Meyers outlined several schemes for raising funds which were sanctioned by the executive.

He said the cash subscriptions had amounted to $30,552.56, with outstanding pledges of $11,000. In the near future, he said, the Hospital Board would receive $15,000 from the town, $20,000 from Seymour, and approximately $12,500 each from the Ontario and Federal Governments. "With extra effort on our part," he concluded, "we can look with optimism on the overall financial picture."

The following resolutions were carried:

Mills-Locke: That this meeting approve the actions of the building committee with particular reference to the work already accomplished.

Burgess-Murray: That this meeting grant the building committee authority to enter into further contracts for the completion of the hospital, and that the contract for the interior finish be discussed at a later date.

F. G. De Carrol, who has had considerable experience in the electrical and construction trades was appointed a member of the building committee.

Franklin Linton, R. J. Locke, J. D. Mills, F. W. Burgess, J. O. Murray, and A. J. Meyers were present, and Mayor H. M. Donald presided. The annual meeting will be held in the Public Library on Monday, March 21.

Miss Hilda Arthur Heads Centenary WA

ROSENEATH, Jan. 24 (ENS)— Annual meeting of Centenary United Church WA was held in Mesdames N. and W. Lean's home. Mrs. D. Timlin presided.

Receipts for the year were $305.13, with a balance of $35.97. It was decided to donate more to the M and M Fund.

The election of officers conducted by Rev. R. C. White resulted as follows: President, Miss Miss Hilda Arthur; first vice president, Mrs. N. Lean; second vice president, Mrs. A. Elder; secretary, Mrs. Neil Sherwin; assistant, Miss Emma Sherwin; treasurer, Mrs. Reginald Timlin; organist, Miss Hilda Arthur; assistant, Mrs. R. Parliament Hill Has Three Major Events This Week

By GEORGE FITCHEN.

OTTAWA, Jan. 24— (CP). — Three major political events are in the cards for Parliament Hill this coming week.

First, and by the biggest, of these developments will be the convening of the Commons and the Senate Wednesday for what will be the fifth and perhaps the last session of Canada's 20th Parliament. A Federal general election is almost a certainty this year.

The parliamentary opening will be preceded by two big-scale political meetings—the three-day annual meeting of the Liberal Party's Advisory Council and a two-day caucus of Progressive Conservative members of the Commons.

The Liberal meeting is held around this time every year and draws 20 party delegates from each province. It was at this meeting last year that Rt. Hon. William Lyon Mackenzie King announced his plans to retire from the party leadership.

Delivers Main Address

This year the new Leader, Prime Minister St. Laurent, will deliver the main address at the annual dinner and introduce the three new Cabinet ministers to the delegates. They are External Affairs Minister Pearson, Justice Minister Garson, and Reconstruction Minister Winters. All other sessions will be closed.

The Progressive Conservative caucus stems partly from the fact Parliament is about to open and partly from the selection of a new Leader, George Drew, at the national convention last fall. The meetings, to be held in private, take place Monday and Tuesday.

The caucus will determine the party line to be followed on legislation known to be coming before the Commons, discuss the party's organization in the House and likely establish committees to study legislation as it develops.

President Truman's Inaugural Address

Two features of President Truman's inaugural address last Thursday were especially significant to the nations of the world, whether in the Eastern or Western bloc. One was the fact that he departed from precedent by devoting most of the speech to foreign policy; the other was the announcement of a program to make the benefits of United States scientific progress available to the underdeveloped areas of the world. Asia and Africa were not specifically mentioned, but Washington observers unanimously assumed these were the areas to which President Truman referred.

* * *

The predominance of foreign policy pronouncements in the inaugural address should reassure the Western nations counting heavily on the United States for the consolation of security measures. Further reassurance may be found in the nature of the announcements, for they predicted strict adherence to the foreign policy now followed by the United States. This should also serve as a warning to the Communuist-dominated nations that if they begin a war of aggression, they will be resisted by the full strength of the Western nations, and that may serve to extend and enlarge the slight moderation reported in the official Russian attitude.

* * *

Making benefits of United States scientific advances and industrial progress available to underdeveloped areas in Asia and Africa may be intended as a measure to promote democracy and check the advance of Communism in such areas. If so, it will be welcomed, for while Communism apparently has made little headway in Africa, it has made tremendous gains in Asia by promising a better life to people living miserably. If the United States is able to counter promise with performance by helping Asians and Africans to higher living standards, the trend toward Communism in Asia might be checked and the ideology might never gain a foothold in Africa.

* * *

President Truman's inaugural address was long in comparison with the shortest inaugural speech made by a President of the United States — that given by George Washington at his second inauguration. The former contained 2,000 words, while the latter contained only 134. But President Truman's address was brief in comparison with the longest inaugural address — the 8,578-word oration of William Henry Harrison — and when the vast importance of what President Truman had to say is considered, his speech may be described as showing the preference for brevity exhibited by United States Presidents to whom history has given high ranking. If he is able to lead his country successfully in carrying out the great program announced in his inaugural address, President Truman may also be ranked among the great chief executives of the United States.

Fifty Thousand Mental Cases

There are now more Canadian people undergoing treatment or receiving public care because of mental disorders and diseases than the total number of patients suffering from tuberculosis, cancer and infantile paralysis. Fifty thousand Canadians suffering at this moment from mental ailments is a high proportion of our population. It means that one person in every twenty, at the present rate, will require treatment for mental disorders at one time or another in his life. The rate is rising.

That state of affairs shows that there is something very wrong with our society. It is not an answer to say that we need more psychiatrists, more mental hospitals, better kinds of treatment. These are needed, badly needed, but although they provide care and some cures they do not prevent mental derangement, nor as things are now will they lower the incidence of cases.

As we have often said in these columns, changes are needed in our social climate, as well as better provisions for people who go off the tracks. If people's horizons are enlarged beyond the kitchen stove and the town clock and the factory gate; if there is more than worry, money and domestic prattle to engage their minds; if they can find graciousness, beauty and enriching amusements in life, there is less chance of their being subject to mental disorders. Food and a roof are not the purposes of living; they are necessities for it. Man needs more, since man is reported to be three in one—body, mind and spirit. His mind and spirit must be provided for as well as his body. It has been written that man does not live by bread alone.

The Retirement Of Chiang Kai-shek

Generalissimo Chiang Kai-shek has retired from the leadership of his country at one of the darkest moments in China's modern history. It is torn by civil war, wasted by economic ills past reckoning, and dismembered of its northern territory. It seems that peace at any price is all that can save China from complete exhaustion. Part of the price was the retirement of Chiang Kai-shek.

He has been Commander-in-Chief of the Republic of China for 24 of its 38 years, and President since 1928. During most of these years he has had to contend with two major forces which sought to destroy the nation; communism and the Japanese. China survived the long Japanese onslaught, with much help during the late war from occidental nations which broke the Berlin-Rome-Tokyo axis. It has not been able to withstand the more virulent and partly indigenous incursion of communism. Communism, a Chinese branch from Soviet Russian roots and trunks, now overshadows the land. It may be that Chiang Kai-shek's consistent opposition to the Chinese communists has been too intransigent, that after the war he should have attempted to come to terms with them.

At this time he seems to have failed both as a statesman and a military leader. This is, however, not the time to judge him or his policies. The man whose name is better known abroad than that of any other Asiatic except Ghandi cannot be written off the pages of history because at this critical chapter in the Republic of China's story he has surrendered his onerous tasks to others, in the hope that peace may come to the country.

Rita Hayworth As A Princess

We confess to a frank interest in the engagement of Rita Hayworth to Prince Aly Khan, the son of the Aga Khan. The Prince is a statesman of importance, and one of the most moderate of the members of the Moslem League of India. His father, famous for his great wealth and racehorses, is also a statesman of note, and one of the most far-sighted writers on modern Indian affairs. Both father and son have made use of the simple divorce proceedings which their faith makes possible, and Aly Khan has two sons by his first marriage. Miss Hayworth, also, is no stranger to marriage, and was for a time the wife of Orson Welles, a very able actor and experimenter in the film world.

But what chiefly interests us is that Miss Hayworth, who has so often played the part of a girl who rises from obscurity to be the wife of a wealthy and powerful man, is about to do the same thing in earnest. How far, though, her life story exceeds the Hollywood dreams! Not only is her husband to be wealthy and of high rank; he will also be the spiritual leader of 12,000,000 people who will pay large sums for phials of his bath-water and will feel themselves impelled, from time to time, to present him with the equivalent of his own weight in precious stones! What script-writer would dare to conceive of such a thing?

The Cinderella theme, in various forms, has been the stock-in-trade of Hollywood for years, but this out-Hollywoods Hollywood. It is stranger than fiction. Let us hope that, in the fairy-tale tradition, they live happily ever after. Or is that a Hollywood guarantee which real life cannot duplicate?

NOTE AND COMMENT

The atom bomb is reputed to inflict seven kinds of death. With this commodity, however, one to a customer is usually enough.

A psychiatrist says that women who regularly patronize beauty parlours seldom go insane. Though many of them, we are compelled to say, cherish at least one irrational hope.

"Who Would Be 100?" demands the Ottawa *Citizen*. Well, we would, and probably will if we are not cut down by housemaid's knee, or something of that sort.

"Of Cabbages And Kings"

By PETER ELIOT

BROWNING said that he reckoned his autograph was at least worth the twopence which he left the post office to collect when applicants had not troubled to provide postage beforehand. Laurence Housman, like most authors, has had his own troubles with autograph hunters. What he finds most annoying is repacking and readdressing a book which has been sent to be signed even when the stamps have been provided.

* * *

"BUT it is from America," says Housman, "that one get the extremes of generous recognition and arrogant presumption in the matter of autographs. I have one American devotee who sends me a box of preserved fruits (he is a preserved fruit merchant, so trade advertisement may be at the back of it) for every book I autograph for him. I had once an applicant from America, who requested that I would copy out for his autograph collection one of my opems, about a hundred lines in length. 'As he had sent me a stamped envelope I replied to his request; I cannot remember the whole of my reply; only that it began, 'Damn you, Sir, No, I will not.' In the course of time I received and effusive letter of thanks for my 'valuable addition' to his collection; and of course I ought to have guessed that he would esteem so personal a tribute to his brazen effrontery far more than any poem, however long, or however good, that I was capable of writing.

DAME Una Pope-Hennessy has written an extremely readable life story of Charles Dickens which the Reprint Society of Canada published a few months ago. She describes how young Dickens got started.

"After working for over a year in the Gallery, Charles Dickens began to set things down, as they struck him, in a very simple, handy, even ordinary way. Like many of the people who possess in a strong degree the story-telling faculty, his work showed a relish for the commoner stuff of human nature. He called these jottings 'Sketches.' They were to begin with snapshots of actual people and actual occurrences, and then were given the humorous twist which became their leading characteristic. Amusing to write, they made him forget the drudgery of perpetual shorthand. Many young authors have had their first work rejected, so it was without any particular feeling of optimism that he pushed one of his 'Sketches' anonymously into the letterbox of the Monthly Magazine in Johnson's Court, Fleet Street.

"The Monthly Magazine" or "British Register" had just changed owners, having been bought for £300 by a Captain Holland from South America. Only one number had appeared under the new editorship so its files were unlikely to be cluttered up with old manuscripts. On his way to the House late one afternoon Dickens stepped into Chapman and Hall's double-fronted shop, 186 Strand, and spent half a crown on the December number to find that it contained his 'Sketch', A Dinner In Poplar Walk.

"Too excited and upset to feel pleasure in the discovery, he wrote asking for Mrs. Kolle's verdict, 'I am so dreadfully nervous that my hand shakes to such an extent as to prevent my writing a word legibly.' With tears in his eyes he walked into Westminster Hall to master his emotion before going into the Gallery. The undertow had made itself felt powerfully for the first time, the undertow that was to surge up and sweep away his avocational life.

* * *

"HUGGING his secret from all but the Kolles, he quickly followed up his first success by pushing six other 'Sketches' into the same letter box, content to be for the time being unpaid and unrecognized. He soon made acquaintance with Captain Holland and found that it was an understood thing among writers that contributions to his magazine were never a this time paid for. The editor had made it clear to aspirants for fame that as he was fresh from the Bolivar he could only serve youthful authors by giving them a chance to see themselves in print. If they liked to avail themselves of the publicity he offered, it might advantage them as well as the public at large. The authors chose to write for him and Captain Holland soon managed to build up a reputation for the magazine and was able in the autumn of 1835 to sell it at a profit."

"IN a diary which Mrs. Clemens kept for a little while great many years ago," wrote Mark Twain in his autobiography which still makes good reading, "I find various mentions of Mrs. Harriet Beecher Stowe, who was a near neighbour of ours in Hartford, with no fences between. And in those days she made as much use of our grounds as of her own, in pleasant weather. Her mind had decayed and she was a pathetic figure. She wandered about all the day long in the care of a muscular Irishwoman.

"Among the colonists of our neighborhood the doors always stood open in pleasant weather. Mrs. Stowe entered them at her own free will, and as she was always softly slippered and generally full of animal spirits, she was able to deal in surprises, and she liked to do it. She would slip up behind a person who was deep in dreams and musings and fetch a war whoop that would jump the person out of his clothes. And she had queer moods. Sometimes we would hear strange music in the drawing room and would find her there at the piano singing ancient and melancholy songs with infinitely touching effect.

"Her husband, old Professor Stowe, was a picturesque figure. He wore a broad slouch hat. He was a large man, and solemn. His beard was white and thick and hung far down on his breast. His nose was enlarged and broken up by a disease which made it look like a cauliflower. The first time our little Susy ever saw him she encountered him on the street near our house and came flying wide-eyed to her mother and said, 'Santa Claus has got loose.'"

Letters To The Editor

FARMER APPROVES FOX HUNT

Sir: After seeing the fox hunters in operation as I came home and reading the results in your paper, I for one farmer, wish that it would be continued, in fact it could be held several times a month and would be one of the best ways to get rid of these destructive wolves and foxes, that have caused so much trouble with farm fowl and sheep.

They nearly exterminated our spring chickens, also I can vouch for different neighbours who are at wits' end to know what to do about it. I think this hunt is one of the answers; this neighborhood has lost heavily in chickens, geese and turkeys, also a lot of spring lambs killed with sheep though I don't know whether it would be wolves or dogs, as I have no sheep but neighbours have lost heavily in sheep and lambs.

So hoping you could pass this along to the ones responsible for this organized hunt here is one farmer that is really excited about it and hopes it continues. This is a good season as there is very little snow to hamper the men. Last year this would have been impossible as the snow was deep in the woods.

Again I say more power to the fox hunt, keep it up and may the next one be bigger and better. Yours truly,

M. J. BERTRAND.

THE DAILY NEWSPAPER

Sir: I have been studying with a considerable amount of interest, the pages of a few years of our own daily newspaper, the Peterborough Examiner. The study has convinced me of what desultory reading of nearly fifty years had failed to do, and that is, of the vast importance that a daily newspaper exercises in any community, to which it devotes its columns. It doesn't matter what its stripe may be politically or religiously. It is still one of the greatest assets in the welfare of any city, town or village where it plies its daily task.

No wonder that the nickname carelessly lavished on it by a wit of a bygone day has taken such deep root in the English language as to be accepted as a suitable tribute to the press's worth and power. Rightly enough the press itself is pleased with the complimentary designation and accepts it as a tribute to its endeavour to enlighten the conceptions of its readers through its multifarious avenues to knowledge.

The Fourth Estate, to give the high-sounding title its right name, was born about the year 1820 or a little later, when Pitt and Fox and Burke and all the doughty public men of that era were in the public. The term has been several times attributed to Burke, notably by Carlyle, but there is no proof that he was the real coiner of the phrase as it appears nowhere in any of his writings. Macaulay had his supporters but with nothing particularly tangible to go on and perhaps the strongest claimant is met with in Lord Brougham, of whom an unnamed writer in Notes and Queries (First Series, No. 11) distinctly says that he heard Lord Brougham himself avow that he was the author of the phrase.

Whoever it was, the fact remains that the term has become an integral part of our language and places the press in the same category of importance with the three other estates of the English realm, The Lords spiritual (the Bishops), the Lords temporal, (the nobility) and the House of Commons (the members of the lower House in Parliament).

"We scarcely ever stop to think, when we are looking for certain items of news, how much matter there is in any paper that affects us in our daily life."

If we look for religion, there is sure to be something in the proper column. If for information concerning industries, either the prosperity of old ones or the beginning of new ones the newspaper is the only place where we go to be sure of finding it. There is hardly a thing that enures to our daily life that isn't placed there for our benefit. Police, courts, hospitals, churches, one might chalk down the whole gamut of national life, but we know enough to know that if it was not for the power and the exertion of the daily press our lives would be empty and our knowledge of public affairs lamentaly small. We have but to look at the pages of history to realize what a vast panorama of life printing opened to our eyes. The troubadours, the begging friars, and the story-tellers, and quacks of all sorts were sole sources of information in the old days. Most of them were greeted with eagerness by the public and their tales and songs listened to with joy. Every house was open to them. But their tales were in many cases weeks and months old, for walking was slow work, and roads, before the age of Macadam, were deadly for travel.

The Press was the powerful ray that dissipated the mists of the dark ages and did much to sweep away the mists that were still resting noisomely in the pestilential recesses of the earth.

Bible Message

(From the Authorized Version)

Believe me that I am in the Father, and the Father in me: or else believe me for the very works' sake.

Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father. And whatsoever ye shall ask in my name, that will I do, that the Father may be glorified in the Son. If ye shall ask anything in my name, I will do it.

If ye love me, keep my commandments. And I will pray the Father, and he shall give you another Comforter, that he may abide with you for ever: even the Spirit of truth: whom the world cannot receive, because it seeth him not, neither knoweth him: but ye know him: for he dwelleth with you, and shall be in you....

These things have I spoken unto you, being yet present with you. But the Comforters, which is the Holy Ghost, whom the Father will send in my name, he shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you. (John 14: 11-17, 25, 26.)

The Lord then answered him, and said, Thou hypocrite, doth not each one of you on the sabbath loose his ox or his ass from the stall and lead him away to watering? And ought not this woman, being a daughter of Abraham, whom Satan hath bound, lo, these eighteen years, be loosed from this bond on the sabbath day?

Wm. Barnacal Gets Promotion In CGE Company

Capping over fifty years of engineering experience William Barnacal has been appointed assistant works manager of the new Montreal plant of the Canadian General Electric Co. Mr Barnacal is leaving his position as general superintendent of Peterborough Works.

Back in the days when William Barnacal was choosing a career it was necessary to serve an apprenticeship — he served seven years with Cammel, Laird & Co., Birkenhead and Sheffield, England, before he attended Birkenhead and Liverpool Universities, and graduated as a mechanical engineer.

Newfoundland First

When he started to roam in search of new territories he chose Newfoundland where he was employed by Reid Newfoundland Railways for three years. Then he came to Canada and worked in Nova Scotia and Ontario until the war started in 1914. He enlisted with the Artillery and also served with the Intelligence Corps before returning to Canada in 1918.

Back in civilian life he worked in British Columbia and Manitoba and when the Second World War broke out was managing the Mining Division for Dominion Bridge Co. In 1939 he went with the Defence Purchasing Committee which later became known as the Department of Munition and Supply. One of his duties with the organization was to complete the building and equip Sorel Industries Ltd., one of Canada's large gun producing plants. He spent a short period in England studying modern munition production and in 1941 went to the Genelco plant in Peterborough as general superintendent. In 1945 he became general superintendent of Peterborough Works.

Mr. Barnacal has one son, also an engineer, and a daughter.

List Of Returning Officers Revised In January Gazette

OTTAWA, Jan. 24—(CP).—The revised list of returning officers for Federal electoral districts will be published this month in the Canada Gazette, official publication of the Dominion Government. The list is revised each January, but the revision this year is of special importance.

It will be the first list based on the redistribution made last session of parliament, increasing membership of the Commons from 245 members to 255.

The returning officers named also will likely control machinery in the next general election, predicted for either June or October.

Task Assigned

State Secretary Gibson has been assigned the task of revising the list. It will contain only 253 names as two constituencies are two members seats each with one returning officer.

"I am checking over each constituency," Mr. Gibson says. "Returning officers are appointed on a permanent basis. They have to be under 65 year old, be resident in the constituency they act for, and their conduct must be satisfactory.

"If we get no complaints, we assume that the returning officer has been satisfactory and we do not disturb him. They are forbidden from taking part in political activities."

The new list, however, will contain many changes. Several officers have reached 65 some have died, some want to retire and several are no longer in the constituency.

Vets Benefits

The 1949-50 budget Finance Minister Abbott bares to the Commons this spring will probably set aside some $4,000,000 to handle benefits for Newfoundland war Veterans.

$100,000 Fires Sweep Montreal

MONTREAL, Jan. 24—(CP)—Damage estimated at $100,000 was caused by two fires which broke out in Montreal during the week-end.

Early Sunday 75 firemen from seven stations fought three hours before bringing under control a blaze that swept through two two-storey buildings housing the Purity Bakery on northend St. Hubert Street. Damage was estimated at $60,000.

Saturday firemen from eight stations fought a two-alarm fire which damaged a three-storey building on St. James Street west forcing 24 persons to flee their homes. The blaze lasted two hours and damage was set at $40,000.

Gardiner Denies Insulted In Britain

OTTAWA, Jan. 24—(CP)—Agriculture Minister Gardiner Sunday laughed off heartily any suggestion that he had been "insulted" by British cabinet ministers during his 10-day stay in London in December.

"Relations between the British cabinet and myself never have been as warm as they are now," the minister said in an interview.

He knew British cabinet members had been asked to the Canadian Chamber of Commerce luncheon given in his honor Dec. 17, but they all had explained to him previously why they were unable to be present.

Blind Pastor Rev. A. Ward Dies In Toronto

TORONTO, Jan. 24—Member of the educational staff of the Canadian National Institute for the Blind for the past 10 years, Rev. Archibald Ward died Sunday at the Toronto General Hospital. He was in his 69th year.

Mr. Ward's task involved addressing the various churches and presenting the work of the institute. It was while he was serving as superintendent of Baptist missions for Saskatchewan that he lost his sight although he carried on the duties of his office for four years.

He spent the summer of 1947 at Chemong Lake and had been a guest speaker at Murray St. Baptist church in Peterborough.

Mr. Ward was born in England of Scottish parents, and came to Canada as a young man. After several years spent in Nova Scotia, he came to Toronto and entered McMaster University, graduating in 1910. His first pastorate was Brampton Baptist Church and later he became assistant to the late Rev. Dr. John McNeill, Walmer Road Baptist Church, where he remained for about seven years.

Following a pastorate in the First Baptist Church, Saskatoon, he was appointed Superintendent of Baptist Missions for Saskatchewan. He joined the staff of the Canadian National Institute for the Blind in 1936. Mr. Ward was a member of Walmer Road Church and the National Religious Advisory Council of the CBC. He was active in the Baptist Convention of Ontario and Quebec.

Mr. Ward was twice married. His first wife, Margaret Scott, died in 1941. Surviving are his widow, Lavinia Hamilton Ward of 215 College St.; two sons, Gordon M. Ward, Ottawa, and John S. Ward, Toronto, and a daughter, Mrs. H. S. Stibbards, North Bay.

Money Bylaws Passed By County Council

Several money by-laws were passed on Friday at the final session of County Council.

Similar to last year, a by-law authorizing the borrowing of $100,000 to be used until taxes are collected, was approved.

A special construction by-law amounting to $110,000 was given third reading. Most of the money will be applied toward the completion of the Chemong Causeway, and the remainder for completion of the Buckhorn Road.

To provide for expenditures on the system of roads and bridges $160,000 was approved by the Council. This amount is the maximum that can be spent. On this there will be a 50 per cent subsidy from the Department of Highways.

Another non-borrowing by-law approved the earmarking of $105,000 for construction work on the Chemong Causeway. This will receive an 80 per cent subsidy from the Department.

Kicked In Head

TORONTO, Jan. 24 (CP) — Aubrey Hewitt, 18, of Toronto, was taken to hospital Sunday with a possible skull fracture suffered, police said, when he was kicked in the head during a fight with a teen-age group in northwest Toronto. Frank Stothers, 18, and Charles Silkstone, 18, were arrested and charged with assault.

Say Dale Evans Again To Team With Roy Rogers

BY BOB THOMAS

HOLLYWOOD, Jan. 24 (AP)—Back together again! Not Ginger Rogers and Fred Astaire.

Not Greer Garson and Walter Pidgeon.

This time it's Roy Rogers and Dale Evans.

Republic's famed cowpoke and his wife are emoting together again for the first time in two years. The horse opera is called "Susanna Pass" and as usual, there'll be no kissin' or things like that.

The Rogers separated professionally when they joined maritally. In three years they had made 21 pictures together and were the top team on the sagebrush circuit. But when Republic boss Herbert Yates heard the widower Rogers was a-fixin' to marry up with his leading lady, he called the film team off.

"The gangs wouldn't believe the romance," Yates declared.

"What romance?" asked Roy "My pictures haven't any."

Yates, one of the great individualists in the movie business, stuck by his guns. In two years, Roy had four or five different leading ladies. Finally, his fans clamored loud enough for Yates to agree to a rematch.

"A magazine once had a poll to see whether I should get kissed in a picture or not," Roy reported. "About 85 per cent said it was all right. But the studio said the poll was mostly among bobby-soxers who liked a little romance anyway."

Hollywood Background

Sam Goldwyn leaves the motion picture Association and he and Eric Johnston exchange verbal potshots. Now it looks like wide-open warfare between the big studios headed by Johnston and the Independents Fronted by fighting Ellis Arnall. As if the industry doesn't have enough trouble.

The motion picture academy cancels a big dinner at a Warners sound stage and will have its awards in its own theatre, a former third-run neighborhood house. This marks another milestone in the bewildered public relations of the movie industry.

Australia Trying For Beef Deal

CANBERRA, Jan. 24—(AP)—Australia will develop her northern territory if Britain will promise to buy beef that area produces or at least 10 years, Prime Minister J. B. Chiefly said.

He told a press conference that talks about the plan are continuing with the United Kingdom.

Few people live in the northern territory. Roads and railways would have to be built to open up the country.

Chiefly said optimists believe 400,000 tons of beef a year could be exported from the northern territory.

Australia usually exports around 200,000 tons of beef a year.

Long-Term Plans

LONDON, Jan. 24—(AP)— A treasury spokesman said Saturday any hopes to develop Australian meat-producing areas to rival Argentina as the main source of British supplies will necessarily be based on long-term plans.

The spokesman said Chiefly's statement, official knowledge of which had not reached the British government, could not have any bearing on the forthcoming negotiations with Argentina for a new meat contract and a general trade accord to replace the Andes agreement due to expire March 3.

Truck Plows Into Cafe, Plan No Inquest

LONDON, Ont., Jan. 24—(CP)—No inquest will be held in the death of Ralph Bailey, 23-year-old Brantford truck driver whose semi-trailer truck plowed into the Rendezvous restaurant, just east of this city, Saturday morning. The driver died, trapped in the flaming wreckage, when the gasoline tanks of the transport exploded.

The tractor was examined by police and no defects could be found.

Thousands of cars jammed the highway Sunday as people examined the still smoudering ruins of the restaurant from which the owner, Gordon Mahon, his wife and their two children, Mary Anne 5, and Jimmy, 3, escaped the flames clad only in whatever garments they could grab.

The family was upstairs in bed when the loaded 10-ton transport crashed into the front of the restaurant. They were able to salvage only a few articles of furniture and little clothing.

It was not until four hours after the crash that Bailey's body was taken from the cab of the truck.

City firemen and a brigade from the RCAF station at Crumlin, near the scene of the crash, were powerless either to fight the fire or attempt to get Bailey out of the wreckage. Firemen used a fog-nozzle from a booster pump in an effort to subdue the blaze, but had to resort to a bucket brigade when their meagre water supply ran out. Air force firemen also ran a truck service to the air station, bringing water to the scene.

"Any day but Saturday," Mr. Mahon said, "we would have been sitting right in the path of the truck having our breakfast."

Petes Turn Back Meteors In Nifty Senior 'B' Game

Pulling out a 4-2 victory over Toronto Meteors in Lindsay on Saturday night, the Petes took a firmer grip on second place in their OHA senior "B" group standing. It was their second win in four starts and drew them closer to the top-place Legionnaires, sinking Meteors deeper into the third slot. A fair-sized crowd saw a fine, clean contest.

The Petes, minus Wilson and Horton—but with Drake Jopling back—turned in a hustling, battling display to earn the duke on their fight and back-checking. They all looked good in this game, but Goalie Ray Harding was spectacular with some swell saves, especially in a sizzling first stanza. Meteors had a 1-0 edge in the first but the Petes flew back to make it 3-1 to end the second. They drew half of the four penalties.

Were Cold

Arriving late, the Petes weren't warmed up in the first frame and Meteors had a bid margin on play. But Harding held them to one goal as they stormed his citadel repeatedly. Vallure scored it early on neat in-close combination with Parks. Tompkins made Cleary jump but Legrow went off for tripping. He was back when Campbell and Thompson were gated for roughing, and they were hardly back when Campbell got it again for elbowing. He jostled the referee and was given a misconduct. Garvey hit the post once but generally the play was in the Pete's zone this chukker.

Ray was good again in the second to draw a hand, but the Petes soon began bring in and checking back fast to dominate play in a speedy go. Tompkins and Garvey came close, and then Brockley batted in the equalizer at close range, aided by Quigley and McMasters. Thoms was thefted and Red Creighton tried hard as a forward. He got one a bit later at the side of the net on Jack Mortimer's neat corner passout. Toronto fought back but Honey Tompkins took the puck at centre and stickhandled through to pull out the netter in the neatest goal of the game. It was hot and fairly even at the gong.

Good Checking

Garvey and Tompkins nearly notched one to open the third but Meteors started ganging up to keep Harding hopping. Red and Jack were close but Vallure got the only Toronto goal in the scramble. They were pressing and Ray had to hurry almost to the blue line once to save. Garvey clinched it on a passout from Cleary's doorstep, with Jerry Creighton and Tompkins drawing assists. Crowe and Thoms threatened once but Toronto appeared disorganized at the close checking of the Petes the last several minutes and the visitors earned the win going away.

The teams

Petes Goal, Harding; defence, McMasters and T. Parsons; centre, Tompkins; wings, J. Creighton and Garvey; alternates, R. Creighton, F. Parsons, Mortimer, Reid, Tingley, Jopling, Legrow and Brockley.

Meteors: Goal, Cleary; defence, Thoms and Campbell; centre, Bell; wings, Vallure and Parks; alternates, Vergil, Denaat, Carter, Robertson, Crowe, Sadler and Lynn.

Referee: J. Heard.

Linesman: R. Wakelin.

Summary:

First Period:

Meteors—Vallure (Parks) 1.34.

Penalties—Legrow, Campbell (2), Tompkins.

Second period:

Petes—Brockley (Quigley, McMasters) 5.56.

Petes—R. Creighton (Mortimer) 9.12.

Petes—Tompkins, 13.19.

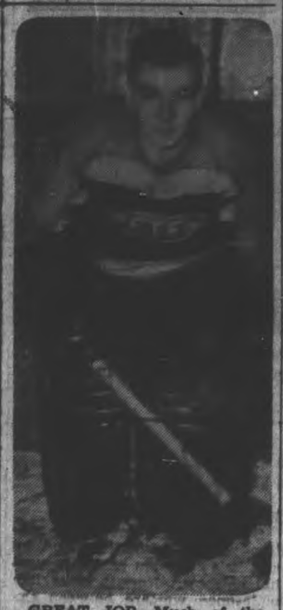
No penalties.

Third period:

Meteors—Vallure (Bell) 4.28.

Petes—Garvey, (J. Creighton, Tompkins) 8.04.

No penalties.



GREAT JOB—Much of the credit for the Petes 4-2 senior "B" win over Meteors in Lindsay on Saturday goes to Goalie Ray Harding who turned in one of his usually great net jobs to rob the Toronto snipers repeatedly.

Rematch McCready And Aussie Champ

One rousing and sustained effort is expected on the Brock Arena wrestling mat Wednesday when Earl McCready and Fred Atkins renew their struggle for British Empire championship recognition. Atkins won in their first bout last week but the Earl McCready manner of his victory has roused McCready to red-hot wrath and the demand for another match.

The rugged Atkins seems to have no precautions about taking on anyone and McCready's stipulation of a new referee was also agreed to. "I'm here in this part of the world to force Whipper Watson to a match for the title," said Atkins, "and I don't care how many challengers I have to beat to prove my ability".

Such confidence may get a rude set-back on Wednesday night for Earl "Moose" McCready is just about unbeatable once his usually placid disposition has been roused. And the way he feels about the Australian champion right now would indicate that the Aurora Farmer will upset the plans even of the rock-elbowed Atkins.

Irish Tom Collins will be welcomed back in the semi-final against John Katan, and Pat Flanagan will meet the new man Tiger Joe Marsh.

PCVS Cagers Take Two Over Cobourg

League games for three of the four P. C. V. S. boys basketball teams began Friday night at Cobourg with the senior and bantam teams winning. The seniors won 46-25, and the bantams 14-5 in a short game. Only the Junior "B" team ran into difficulty as Cobourg's Juniors won 26-9.

Following a tight first quarter when P. C. V. S. only led 8-6, the Cobourg zone defence was blown wide open by quick passing ball handling, permitting Don Griffin to hit the mark four times and Neil Thompson three. The third quarter again found the home team holding P.C.V.S. even 9-9, only to have the winners pull away again in the last quarter, outscoring the homesters 13-6.

Don Griffin with seven field goals and a foul shot for fifteen points led all scorers, Neil Thompson had eight points on four first half hoops while Harold Graifstein and Howard Hempstead had four points each. Bill Jamieson had eight points and Marty McGuire six for the home team.

A Close One

The junior game was close right through the third quarter when Cobourg stretched a 9-6 half time lead to 12-6. However, the P.C.V.S. zone, cracked wide open during the last quarter permitting the fast moving home team seven quick hoops to sew up the game. Clark with six points and Martin with five led the winners scoring. Hendren had five for Peterborough.

The Bantam game starting late and restricted to six-minute quarters was a low scoring affair which found P. C. V. S. always in front. Hempstead and Graifstein had two baskets each in the first half, while Langhorne and Cunningham had one each, as P. C. V. S. led 12-2 at this point. Only Hempstead could score for the winners in the second half and only once. However, Cobourg was held to a loop and a foul shot so the first game in school competition for this year's P. C. V. S. Bantams was a winning one.

The teams—

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Awfully sorry to hear of the death of Ken Colling. The former Belleville sports scribe and long-time COBL umpire—more recently on the OHA executive—and this writer were good friends over a lengthy period. We had a lot of fun battling and kidding with each other in our respective columns, and we always had a big time when meeting in various centres. The 48-year-old Ken was about the best umpire ever to step on a COBL diamond, in our opinion, and he handled games from away back in the 20s till around 1940. A colorful and cheery character, he loved all sports—but his greatest love was baseball.

* * * * * *

Many here in Peterborough will mourn his passing. Mayor Max Swanston was a good friend of his. And Prexy Vern Dawson of the Petes, and Hugh Campbell and Manager Eddie Murphy, Alex Kay, Cy Whatley, Vic Hamilton, Al Heckman, Bill Kay, Eddie Starr, and on and on. Yes, Ken was almost as much at home in Peterborough as in Belleville and he was a frequent visitor here in pre-war days. One time we, with Jim Ellis, visited him in a Kingston hospital and he was full of sports talk. Said he always believed in boosting the youngsters in sports, as the older chaps could take care of themselves. He was a very fine fellow and will be missed by a great many friends.

McCready And Atkins

Two powerful pro grapplers will clash in the main pro mat bout in the Brock Arena this Wednesday night. Boring-in Earl (Moose) McCready will be out to even up the score with scrappy Fred Atkins, Australian heavy champ. They had a hard go of it here last week but McCready figures he got a bad break on the deciding fall from Referee Bun Dunlop. We don't expect the latter will handle this match. Both wrestlers have a large following locally, so the noise this clash may curl the arena shingles. Irish Tom Collins clashes with surly John Katan in the semi-windup, and Pat Flanagan meets Tiger Joe Marsh in the prelim.

"Young Peterborough Night" at Civic Arena this eve at the OHA junior "B" game. Yeah, kids accompanied by adults are let in free at this 8.30 fixture between Whitby and the Triple Links. The ice ought to be okay and we look for another slambang junior puck scrap. The IOOF-ers deserved a win against the powerful Motor City crew here last Friday and they're improving rapidly every game. Wouldn't surprise us any if they knocked off the Whitby outfit this gloaming. Coach Archie Weir expects to ice his full squad, except Chum Fryia, who is still out on the OHA limb till an executive meeting is held in a day or two.

Another In The Bag

Took in the senior "B" struggle up Lindsay way on Saturday night and saw a fine fray. The Petes showed a lot of their oldtime fight to earn a 4-2 win o'er Toronto Meteors. Battled back after a slow start, back-checked all the way and finished stronger than their speedy opponents in a good, clean game. Goalie Ray Harding was the individual star for Red Creighton's crew, and he's certainly having another of his super seasons between the pipes—and out of 'em all the way to the blue line, too! The veteran redhead coach was centre on one line and scored "about my 500th goal, I guess", says he! They all went fine and Drake Jopling was back at the blue line blocking as effectively as ever.

Let's look at the OHA schedules concerning local clubs for this week. Whitby plays the junior IOOF-ers here tonight, and then the Oddfellows go to Lindsay on the morrow to wind up their week's activities. In senior "B", Toronto Meteors meet Legionnaires here this Wednesday, with Legion going to Markham on Friday, and the Meteors mixing with the Petes here that night. There was some talk of Meteors asking a postponement of the Wednesday night fray due to an overcrowded schedule but last report had it that the game would go as billed. The Petes are considering an offer for an exhibition tomorrow night in Orillia, as the men o' McGillis are idle otherwise till Friday, though they have a couple of postponements they'd like to work in.

Marines Too Classy

Marines "A" and "B" hoopsters are starting to roll in earnest now. They were hotter than halfway through a furnace at the Collegiate on Saturday e'en to roll up one-sided counts. Gord McIntyre's up-and-coming "B" club did Lindsay dirt with a 58-33 rub in a Lakeshore Loop number, with Jim Thorburn sparking the attack for 17 points. Added avoirdupois side-lined Jimmy from the "A" squad a year or so ago but he's back in action and hitting that hoop often. Al Clark's classy Marines "A" intermediates gave the Merritton Hellcats a sound trouncing—42-20 if you like grim details—and they're a senior team, yet! Joe Stewart (injured in the second half), Gord Burns, Ed Nicholls and Bill Edger were all prominent on the attack, and Doug Plunkett checked well.

HITHER AND YAWN: An open meeting of the harriers' club at 7.30 tonight in the "Y"; everyone interested is welcome.... YMCA swimmers competed at West End "Y" on Saturday and won the 80-year free style relay for boys under 10.... PCVS girl cagers staged a couple of exhibitions recently prepping for a busy schedule coming up... Trojan Puck Loop executive and boys were disappointed last week as all games were cancelled owing to poor ice there; games will go this week as scheduled, if there's ice... Central nudged out a 3-2 senior school win o'er Queen Alex.... PMHA, industrial, church and school puck fixtures are on according to schedules this week, depending of course on ice.... St. Peter's juves drill at 7.30 tonight at the Orphanage.... Jaycees midgets practice at seven this eve at Confederation.... Petes' hockey club sent a wreath in remembrance of Ken Colling.... Westwood plays Warsaw and Keene meets Havelock tomorrow in rural hockey.... TVL tilts tonight: Warkworth at Hastings, Tweed at Lakefield, Madoc at Frankford, and Norwood at Marmora... Isn't it the oddest winter?

Curling Notes

By HERB MARTIN

Tonight we begin the second schedule — and just as a suggestion, how would it be if we played the game of curling the way the rules call for it to be played—at least it is worth a trial. Some day some of our curlers are going to be playing in an important game—the umpire will check them up, and then the fireworks. Remember, ignorance of the rules is no excuse.

Also tonight the last game of the Tankard test games is to be played. The skips are R. Best and C. Giroux.

On Friday last the ladies played the finals of their vice-skips' bonspiel in both the primary and consolation events, Mrs. Watts winning the trophy and Mrs. Davis the consolation.

Primary

Mrs. C. Woodcox	Mrs. Wilson
Mrs. Lymbeirmer	Mrs. Crough
Mrs. Selkirk	Mrs. Wood
Mrs. Watts	Mrs. J. Green
Skip 11	Skip 9

Consolation

Mrs. Horsfield	Miss Kingan
Mrs. M Cortney	Miss Grant
Mrs. G Green	Mrs. Gladman
Mrs. Davis	Mrs. Welbourne
Skip 11	Skip 4

The ladies began their second schedule last Thursday. It's for the Ostrander Trohy. Results:

Mrs. F. Gladman 11, Mrs. M. Holt 16.

Mrs. F. Hall 7, Mrs. H. R. Martin 8.

Mrs. C. Westbrook 7, Mrs. G. Wood 11.

Mrs. J. Bruce 10, Mrs. H. Dulmage 7.

The winning skips in the Saturday afternoon bonspiel were:

T. Ryan, K. Bissett, S. Lowe, and Dr. McKee.

At night in the mixed rink 'spiel, F. Batten, D. Charlton and R. Payne were the winning skips.

Marines Take Two Tilts In Cage Play

Outboard Marines A and B teams took convincing victories Saturday night in the Collegiate gym against outside opposition. Joe Stewart, captain of Marines A, hit the wall hard on a rush in the second game and had to retire with a four-stitch cut. The club coached by Al Clark won 42-20 from Merritton Hellcats, while Marines B, skippered by Gordon McIntyre, turned back Lindsay 58-33 in a Lakeshore League fixture.

The first fray was a wide-open driving contest. Dadson, Payne, and McLaren got the range early to roll up the score and make it 27-19 at the half for Marines. Lindsay fought back and got some nice layups on fast breaks. They slowed down in the second half and Marines poured it on. Jim Thorburn sparked them with 17 points and Al Deroo, another newcomer, went well. Sturgess was effective both ways for Lindsay with Reeds high scorer as he notched 13 points. The teams:

Lindsay — Watson, Bryan 6, Reeds 12, Lane 8, Sturgess 11, Haugh 1, Saville, Bowen.

Marines B — Payne 6, McLaren 6, Trimm 8, Gardner, Green, Smith 1, Butcher, Batchelor, Dadson 10, Thorburn 17, Griffin 2, Deroo 6.

Referee, J. Stewart; umpire, A. Menzies.

Second Game

Reinforced with Brunotte and Pastor, two of the best cagers in the Niagara Peninsula, the Merritton Hellcats still were no match for the classy Marines A team. The latter had a driving forward line which disrupted the visitors' attacks regularly. Hellcats had a slim early lead, but Marines drove soon to make it 19-6 at the half. Gord Burns got in some neat long tosses and Joe Stewart was effective in close. Hellcats switched to a zone system the second half, but Marines still hit the hoop with Nicholls, Edger, and Menzies most effective. Payne, Brunotte, and Gibson stood out for the losers. Doug Plunkett was strong on defence for the winners. The teams:

Merriotton — Pastor 7, Anderson, Carroll 2, Ayers 2, Fisher, Mitchell, Gibson 2, Payne 4, Cosgrove, Davidson, Brunotte 3, Cameron 4.

Marines A— Plunkett, J. Stewart 8, A. Stewart, Nicholls 10, Edger 6, Burns 8, MacPherson 2, Gillespie 2, Menzies 4, Smith 2, Kidd.

Referee, G McIntyre; umpire, J. Stevenson.

Basketball Pioneer Dies

EAST ORANGE, N. J., Jan. 24—(AP)—James W. Fletcher, 73, who pioneered the game of basketball with Dr. James Naismith in 1890s, died Saturday. Fletcher was listed as the man who staged the first basketball game played under a printed set of rules. In 1894, as physical director of the Holyoke (Mass.) Y. M. C. A., he obtained from Dr. Naismith a hastily-scribbled set of rules which he had printed as the sport's original code.

Patty Berg Winner

TAMPA, Fla., Jan. 24—(AP)—Patty Berg is $900 richer after winning the $10,000 Tampa Women's Open Golf Tournament yesterday with 295. The score tied the record for women's medal play in the United States. Par for 72 holes over the 6,093-yard Tampa course is 280. The red-haired Minneapolis pro needed that record-tying performance to stave off a closing drive by Mrs. Babe Zaharias.

Here and There in Sport

By The Canadian Press

Showing sparkling form, Jack Leibel of Toronto easily won the Canadian singles squash championship at Montreal Sunday. He defeated Howard Davis of Detroit three games to one.

E. L. Gallagher's high-flying Montreal West foursome Saturday night at Montreal won the prized Royal Victoria Jubilee Trophy, emblematic of Canadian single rinks Irons championship, by trouncing an Ottawa rink skipped by Dr. K. J. Blaikie, 11-10 after an extra end.

At Montreal forward Gerald Tremblay of Verdun Cyclones in the Quebec Junior Amateur Hockey Association Saturday was handed a five-year suspension by the Quebec Amateur Hockey Association for playing under an assumed name while over the junior age limit.

It was the second over-age case this season in the Junior A circuit. Six weeks ago Marius Grolesu, high-scoring winger with Quebec Citadels, was given a five-year suspension for being two years over age and using his dead brother's birth certificate.

Tremblay played six games for Cyclones under the name of "Aldo Ghirotto."

University of Toronto Blues edged out a fighting Assumption College basketball squad from Windsor, 51-48 in an exhibition game at Toronto Saturday.

The Windsor quintet led for three-quarter of the game but slowed up enough in the last 10 minutes for the Blues to edge ahead.

Sports activities at Givins public school in Toronto will resume today after a two-week protest suspension, Ken Fraser, school athletic association president, announced during the week-end. Ten men teachers who direct school sports in their spare time "struck" two weeks ago in protest against equal $3,500 maximum salaries paid to men and women teachers. The men want a $800 differential because they said they do more work than the women teachers, particularly in sports.

Herb McKenley, Jamaica's Olympic sprinter, bettered the world mark for 220 yards around a curve Sunday at Sydney, Australia. He also lowered the Australian mark for the furlong. He was timed in 21 seconds for the distance.

The listed world record for 220 yards around a curve is 21.2 seconds, made by Ralph Metcalfe in 1933. The Australian mark is the same but was set on a straightaway by John Treloar in 1946. The regular world record for the 220 is 20.3 and is held by Jesse Owens of the United States.

Stratford Beats Irish 5-3; Gens Triumph

By THE CANADIAN PRESS

Two four-point victories in as many starts have shoved Stratford Kroehlers into contention for the Ontario Hockey Association Junior A leadership.

The latest double-barrel win for Leo Barbini's charges came Saturday when they beat Toronto St. Michael's College Majors 5-3. It followed another four-point win over the Majors Friday night.

The eight points boosts the Kroehlers point total to 45—three points behind the leading Windsor Spitfires and Barrie Flyers. It also forced the potent St. Catharines Teepees into fourth place, with 44 points—one ahead of Oshawa Generals.

In other Junior A games during the week-end, Toronto Marlboros beat the Teepees, 7-5, Oshawa gained a 11-4 win over Windsor Spitfires and the Flyers defeated Galt Rockets 7-5. In the Senior A loop, Owen Sound Mercurys downed the leading Toronto Marlboros 7-6. The win left the Mercury's in third place in the five-team loop.

Drive From Behind

A crowd of some 6,000 saw the Kroehlers drive from behind an early 2-0 lead and tie the game up before the first period ended. The Kroehlers then battled through a scoreless second frame and outscored the Irish 3-1 in the last period.

Bibber O'Hearn counted twice for the winners while Danny Lewicki, Jimmy French and Bill Mitchell got singletons. Gord Hannigan got two goals for the Irish and Red McCarthy got the other.

The Flyers took off in the first period as they forged into a 6-1 lead. Then the Rockets displayed a reversal of form and kept their opponents scoreless while they counted once. In the third period Galt outscored Barrie 3-1.

Paul Meger and Sid McNabney scored two goals for Barrie. Gord Hogg, Don Ashbee and Burcham got the others. Ken Green was the big gun for Galt with three goals. Billy Hartsburg followed up with two.

Inspired Playing

The Generals, who lost to the Spitfires Friday, played like an inspired team as they drove into a 3-0 lead in the first period, held an 8-1 edge at the end of the second and then split six goals in the final frame.

Dick Gamble, Red Stephen and Frank Sullivan each notched two goals for Oshawa. Dusty Blair, Hal Hooper, Ted O'Connor and Don Richardson got one each. Windsor honors went to Bert Giesebrecht, Johnny Wilson, Glen Skov and McKay.

The Dukes gained their 15th win in 37 starts as they moved into a 2-0 lead in the first period, were outscored 2-1 in the middle frame and then came out on the long end of the 4-3 in the third.

THE WINNING GOAL—Left, the pile-up in the Ranger nets just before Kenny Reardon scored the winning goal in Canadiens' 2-1 victory over Rangers in Montreal. Reardon is on top of the squirming heap, digging frantically at the puck held by Rayner, underneath. RIGHT, the puck zooms past Rayner, into the Ranger cage. Rayner, has fallen to the ice, Billy Reay (14) stands by for a rebound, Reardon, who fired the winner, is several feet back, out of the picture.

Week-End Stars

By The Canadian Press

Sid Abel, veteran Detroit pivotman who scored the 100th and 101st goals of his NHL career when the Wings won and drew with Toronto.

Billy Reay, Montreal centre who scored one and set up another marker as Canadiens beat Boston 4-2 Saturday.

Gordon (Red) Henry, Boston goalie who blanked Montreal 3-0 Sunday night in his major league debut.

Chuck Rayner, New York netminder, who played heads up hockey to kick out 45 shots as Rangers earned a 2-2 tie with Chicago Sunday.

NEW CANADIAN DIPLOMAT—Dr. E. H. Coleman, 55, long time under-secretary of state, is the latest addition to Canada's expanding diplomatic corps. He is being appointed to a diplomatic mission abroad —likely minister to Switzerland—and will leave the capital within the next month or so.

WA's Yearly Report Shows $248 Balance

OMEMEE, Jan. 24 —(ENS)— Women's Association of Trinity United Church held its first meeting of the year at the home of Mrs. J. B. Hough. The treasurer's report of the past year's business showed a balance of $248.42.

A committee consisting of Miss L. Race, Mr. W. Weir and Mrs. Moyer was appointed to purchase material for choir gown collars and try to obtain a few second hand gowns or goods to make new ones.

Mrs. R. E. Brooks was appointed W.A. representative on the church building committee. Ways of raising money for the building fund were discussed. It was felt that a larger membership was desirable.

The topic was taken by Mrs. W. Weir, and New Year thoughts were presented by Mrs. Hough and Mrs. V. Lang.

Name Year's Officers At Bailieboro United

The annual Congregational meeting of the United Church was held on Wednesday. Reports showed an active year in all departments.

Combined missionary contributions from all organizations of the church were $310.

Seventeen members were added to the church roll making a total of 85. There were three baptisms during the year.

The officers are. Honorary elders, W. H. Barnard and Rey H. Malcolm; elders. Wm. PLUMBERS FROM ALL PARTS OF ONTARIO convened here Saturday for a meeting of Zone 5. Top shows five city plumbers enjoying a yarn. Left to right, Joseph Carter, James Richmond, Wilbert Regan, Arthur Metheral, plumbing inspector, and Gordon Dobbin, chairman of the Peterborough branch of the Master Plumbers and Steamfitters. At bottom, Jeff Kearn, Windsor, Ontario chairman, gives the Hon. Russell T. Kelley, Minister of Health, his views on the proposed Plumbing Code for the province.

Minister of Health Lauds Proposed Plumbing Code

Praise for the proposed Plumbing Code for Ontario was voiced by the Hon. Russell T. Kelley, Minister of Health, in an address to more than 75 plumbers and steamfitters attending a zone meeting Saturday.

Mr. Kelley said he believed introduction of the Code would not only add stability to the trade but would greatly benefit the health of the people.

He said the measure would have the support of his Department and that it would be ready for presentation to the Government in about ten days. At present some revision to the original program is being made.

After these encouraging remarks to plumbers and heating contractors of Zone 5, Mr. Kelley complained that Ministers of Health before him hadn't told the public enough about the Department.

"There are 17,585 people ill in Ontario with mental diseases," he said, when discussing mental illness in Ontario.

"A mental case causes great sorrow and sadness. It must be remembered that mental illness is another illness like measles, etc."

Mr. Kelley told his audience of two cases that he had experience with. These were of two boys. In the first case the boy's father, a well-known athlete, paid more attention to the boy's brother because he was athletically-minded, while the other boy wasn't. Gradually this boy developed an inferiority complex. Finally he had to be sent to Whitby Mental Hospital. In two years he will be better. In the other case the boy will be well again in six months. Seven out of ten cases that enter Whitby's Mental Hospital are cured, he said.

"The Orillia Mental Hospital has a capacity of 1,800. There are now 2,400 in it, with a waiting list of 1,200. New hospitals are being built but only the most urgent cases can be taken," he said.

"We who have normal children should thank God and have sympathy for those who have mental illnesses and for their relatives."

Mr. Kelley told the members that there are 13 sanitoria for tuberculosis in Ontario with 3,900 inmates. There is a waiting list of 200. New hospitals to accommodate 400 are being built.

Suggests Good Breakfast

"I don't want an enemy in the world, but I believe the young lady who has one slice of toast and a cup of coffee, then a soft drink and a cigarette at work in the morning is just asking for trouble," he said.

The speaker dealt briefly with polio, cancer and heart disease. He believes that any man over 50 years of age should not push cars or do any violent exercises. A man of that age should have a 20-minute rest after meals.

"I may not practice everything I preach but I do have my rest after my meals," Mr. Kelley said.

He outlined eight points of health: (1) diet, (2) posture, (3) see doctor when well, (4) rest and no violent exercise if over 50, (5) care of teeth, (6) care of eyes, (7) a kind deed every day without thought of reward, and (8) to look for the silver lining in life.

"Try to look on the bright side of everything and you will want to live longer and happier. God has given the Province of Ontario everything. There are great opportunities ahead."

Mr. Kelley's address was the climax of a highly successful meeting of the National Association of Masters Plumbers and Heating Contractors. Jeff Kearn, Windsor, chairman of the Ontario branch, presided at the meeting in the afternoon and dinner at night.

Adam Clark, Hamilton, introduced Mr. Kelley who was thanked by Gordon Dobbin, Peterborough.

Entertainment was provided by the Liftlock Four quartet and Miss Mignon Mayneord, the whistler

Gordon Dobbin, chairman of the Peterborough branch, was responsible for arrangements for the zone meeting.

Margarine Sales Booming Merchants Say

Sales of margarine last week at Doherty's meat shop, Reid St. North, were three times heavier than butter would have been, the Examiner was told this morning.

Much of it was new and tasting or experimenting demand, to find out whether popular estimates of the new product were true.

Mendell Braund, Chamberlain St., said his butter sales were cut in half, and probably to a greater extent than 50-50.

"People have been coming back for repeat orders and telling us the taste and quality are good and they should have had margarine long ago," Mr. Braund said.

Canada Packers sold 12,000 pounds of their product here last week.

To Study At Oxford As Rhodes Scholar

News of a Rhodes Scholarship awarded to her niece's husband was received recently by Mrs. Hugh McWha of 429 Rogers St.

Ross S. Thackeray, chief of the Education and Training Section of the Health and Physics Division of the Atomic Energy Laboratories at Oak Ridge, Tenn., has been selected to study under a Rhodes Scholarship at Oxford University, England, beginning in October this year.

Mr. Thackeray's wife is the former Helen M. Walker.

At Oxford Mr. Thackeray hopes to take a course in an Honors School to include study in psychology, philosophy and physiology for two years. He plans to leave for England in September.

Struck By Ice Skates During Car Upset

Two Lakefield youths, Miles Huddlestone, 19, and Jack Huddlestone, 13, were slightly injured Saturday evening when ice skates struck them during a car upset. The car was being driven south on Water St. by Leslie J. Baswick of Lakefield. It skidded when the driver to avoid oncoming traffic and slid into the ditch, turning on its side. The skates caused cuts over the eyes of both youths. Baswick and another passenger, William Huddlestone, were uninjured. There was about $40 damage to the car. PC Harold Mesley investigated.

Wedding Forms Criticized By Clergymen

Local ministers are critical of the Ontario government's new marriage forms which must be filled in by the officiating clergyman.

"It seems to me to be an unnecessary lot of work," said the Rev. Dr. Bruce Gordon, Trinity United Church. "All the information on it is given by the parties at the clerk's office.

"We're working as civil servants and receive no recognition for it," he said. "We perform the marriage ceremony and usually we receive a fee, but sometimes there is no fee."

Several other ministers expressed disapproval on the grounds that they were doing the government's paper work and yet received not so much as a thank-you.

"A staggering thing to look at," was the comment of Archdeacon W. P. Roberison of St. John's Anglican Church.

He said he thought there was too much duplication involved and wasted the time of the officiating clergyman. If the form had been drafted by a committee of clergymen an effective questionnaire would have resulted, he contended.

"As it stands the form is a nuisance and I hope it will be changed."

The Archdeacon said there was one worthwhile addition. The signatures of the contracting parties as well as the witnesses are required. Formerly the only signatures were on the church register, he said, and the form sent to Queen's Park was in the handwriting of the officiating clergyman.

"The worst one can say about it is that it's a jolly nuisance," said the Rev. C. G. Boyd of St. Paul's Presbyterian Church. "It's difficult for one to see the necessity for it because it contains little that can be of benefit to a government department."

"It has come up at some of the Presbytery meetings both in the United and Presbyterian Churches, and may be discussed when the Ministerial Association meets," he said.

He estimated that it added an extra 10 minutes to the time spent by the minister.

"If it's going to help the government then I'm willing to fill out the form but I don't really see how it is any help at all," said the Rev. Ivan C. Morgan of Murray Street Baptist Church. But it would be a big help to the minister if this were filled out in advance, when the licence is issued It would save about 10 minutes of the clergyman's time.

One of the new questions asks for the racial origin of the parties and Mr. Morgan believes this is a mistake: what is really wanted, he contends, is the national origin.

"Well, we're stuck with it now and there's not much we can do about it," was his final comment.

Nominate 13 Veterans For 5 Council Seats

Thirteen of the members of the Ex-Service Employees' Club of CGE have been nominated for the five executive council seats to be filled by ballot next Monday at Canadian Legion Hall. They are: Albert Crowe, Ray Driscoll, Art Beauclerc, Ken LeVasseur, G. R. Farthing, Wm. Flint, Wm. Bennett, Jim Ridyard, Alf Haslett, W. Rickard, Bob Batley, Len Smith, Carl Heintzman.

Business of the meeting is election of officers, receiving reports and discussing this year's prospects.

Two Cars Stolen Both Recovered

Two stolen cars—both recovered within six hours of the theft and with one in a damaged condition—were reported during Sunday night and this morning in the district. Investigating police believe the same person was responsible for both thefts.

The first car was taken early Sunday evening from Arnold Hickson at R.R. 1, Janetville, west of Peterborough. Patrolling police found it shortly after midnight a mile and a half south of Lakefield in the ditch off No. 28 Highway. It had about $100 damage and had been jammed deep in the ditch. Indications were that it had been driven there at a high speed. There was no sign of the driver. Provincial Constable A. F. Grayling of Peterborough investigating.

Early this morning, Lakefield Chief Constable Garnet Samis was advised of the theft of a heavy car belonging to Donald Bain. It was stolen from the parking lot of the Lakefield Hotel, where Mr. Bain is a guest. The car was found—also abandoned—by Provincial Police near Burleigh Falls later this morning.

City Swimmers Win At Toronto

Four Peterborough boys, Brian Reid, Michael Triggs, Frankie De Carlo and Elwin Mowry, all nine years of age or under, won the 80-yard free style swimming relay at Toronto's West End "Y" pool on Saturday. Thirty-two boy contestants with five parents went to the meet from the city. Gordon Minty, honorary swimming coach, Peterborough YWCA, was in charge.

The large meet attracted boys from Hamilton, Toronto, Peterborough and London. In the 160-yard free style relay, Peterborough boys' team, 14 years and under, placed fourth out of nine teams; they were John Boorman, Barry Hollingsworth, Jim Starr and Louis Taylor. The latest addition to the "Y" team is Peter Irwin of Whitby, pupil of the Lakefield Preparatory School. He won his heat and placed fourth in the final, and in the junior 100-yard free style event which drew 15 competitors. It was the first aquatic event Irwin had ever entered.

Band And Songsters At George St. Church

Salvation Army Band and Songsters Brigade exchanged choral places Sunday night with the choir of George St. United Church, and from several accounts both congregations assisted in the spirit of the temporary arrangement. At the close of the services, George St. choir returned home and extended a greeting to the Salvation Army musicians who had taken their place for the service.

Ald. Arthur Burrows welcomed Bandmaster Gerald Routley, Major Watt and their assistants. The Rev. Dr. James Semple joined in the felicities, and Mr. Ben Smith of the Songsters and Mr. Charles Allen, organist and conductor at George St. also spoke briefly. Refreshments were served and the two choirs greatly enjoyed their association of the evening.

Tickets Valued At $4,000 And $200 In Cash Stolen From Regent Theatre

More than $4,000 worth of theatre tickets and $200 in cash were stolen from the Regent Theatre, Hunter St., some time during Friday night or Saturday morning. A. D. Dollack, manager, noticed that the glass windows of the projection booth were broken when he inspected the theatre Saturday morning. Continuing his examination, Mr. Dollack discovered that a cash box, containing the tickets and cash, was missing.

He notified city police, and investigation revealed the intruder had gained entrance through an emergency exit door leading to the lane to the west of the theatre. Either that or the guilty person hid in the theatre after the last show Friday night, and after committing the robbery left by the side door.

The theatre tickets are a uniform type used in all the theatres of the chain, and police are mystified as to why anyone would take the trouble to steal so many.

Five Accidents Reported Over Weekend

City police investigated five minor motor accidents Sunday afternoon.

The cars of Peter McNeely, 250 Bernardo St., and Karl Dorrington, 334 Chamberlain St. collided at London and Downie Sts. about 2.30. Both cars received fender and body damage. PC George B. Shaw investigated.

At Reid and Simcoe Sts., another accident happened little more than an hour later. Cars involved in the second collision were those of Brock Barber, 237 Inglewood Drive, Toronto and John O'Brien, 506 Murray St. The Toronto car had damage to its fender, wheel and axle and there was about $40 damage to the O'Brien vehicle. PC Edward Niziol investigated.

A truck driven by Robert Young, R. R. 1, Ennismore and the car of James D. Armstrong, R. R. 2, Ida, collided at George and Hunter Sts. shortly after noon Sunday. Icy roads were blamed for the accident. Damage to the truck was to a fender, headlight and bumper. Two doors on the Armstrong war were damaged. PC Harold Mesley investigated.

At 2.30 on Geoorge St., near Princess St., cars of Richard C. Haywood, Norwood and Cameron Ford, R. R. 1, Norwood collided. Damage was to the grill, radiator, bumper and door on the Haywood car and Ford's car had damage to its fender, wheel, hubcap and hood. PC Mesley also investigated this accident.

Douro and Rogers Sts. was the scene of a collision at 3.45 between a panel truck driven by Mrs. Thomas M. Elliott, 570 Bethune St. and the car of Harold E. Ralph, 771 Lock St. Fender damage resulted to both and the wheel of the car was damaged. PC Mesley investigated.

Order Inquests

Two inquests will be held in the city court room on Wednesday afternoon. One will probe the death of 19-year-old Winston Goheen in the YMCA swimming pool on January 14. The other is an inquiry into the death of Carl Ellis, 24, whose body was found in the canal on October 13 of last year.

SURGEON COMMANDER MARVIN C WELLMAN, RCN, a native of Rawdon Township and well-known in Marmora where he practised for a few years, has been appointed Atlantic Command Officer and Chief Medical Officer at HMCS Stadacona, Halifax. A son of the late Mr. and Mrs. Arnold Wellman, he was born at Wellman's Corners 44 years ago. He attended High School at Stirling. A brother is Dr. Lorne Wellman of Kitchener, and a sister is Dr. Victoria Wellman, Psychiatric Hospital, Toronto. He has two sons, John and Arnold. He has served with the RCNVR and, recently, with the RCN since 1941.

3 Youths Fined $50 Each For Taking Car

Three city youths received fines of $50 and $2.50 costs and a stern lecture in police court today. The trio, Roy Ellis, 18, of R. R 10, Peterborough, John Billingsly, Jr., 18, 155 Douglas Ave., and Kenneth Robinson, 17, 1178 Monaghan Rd., pleaded guilty to taking the car of John Billingsly, Sr., father of the accused Billingsly.

Detective William Clarke of the city police department testified that the theft of the car was reported early Saturday evening and police in outside centres were alerted. Provincial police in Cobourg found the car and the three youths in that town and arrested them Sunday morning. Billingsly had obtained keys to the car at home belonging to his mother.

Magistrate Philp questioned the accused closely on their occupations and work record recently.

J. Billingsly, Sr., addressed the court on behalf of the three, suggesting suspended sentence under certain conditions to be laid down in the bonds—keeping away from bad company, out of pool rooms, and at home by 11 o'clock each night. The magistrate commented that he did not feel this a case for suspended sentence.

"These boys never stopped to think that if they had had an accident with your car, you might have been faced with heavy lawsuits," he told the father.

"This joyriding is nothing less than a watered-down theft charge," the accused were told.

"The courts regard the matter seriously because it is such a common occurrence. The fine has recently been increased."

In levying the $50 fine on each, he said that it was the lightest that had been imposed for such an offence for some time. He gave an alternative of one month in jail.

FLAG AT HALF MAST

MR. BRONSILAW DUBROWSKI, first Polish veteran to wed in Peterborough, is seen with his lovely bride, the former Werenika Leonowicz, also from Poland, and their attendants Miss Ema Hren and Mr. John Bednarski. Their wedding was the first among the new citizens of this district from displaced persons camps and took place Saturday morning in St. Peter's Cathedral.

First Polish Wedding in City Unites Displaced Persons

Marriage vows were pledged in Polish for the first time in this city, Saturday morning, at the first wedding among new citizens of Peterborough and district who have come from displaced persons camps in Germany.

In St. Peter's Cathedral, Werenika (pronounced like Veronica) Leonowicz became the bride of former Artillery Corporal Bronsilaw (called Ben) Dubrowski, both from Poland. The same ceremony that would have united the couple in their native land was performed by a Polish priest, the Rev. John Sayiwcz from Toronto.

For her wedding the charming bride chose a gown in traditional white, made of sheer crepe in long-sleeved style with square neckline on a gathered bodice and a full skirt that was trimmed with sprays of lily of the valley. Her full-length veil of net with embroidered edge was gathered into a cap and held with a wreath of evergreen, as is the custom of brides in her country, and she carried a bouquet of pink carnations. A cross and chain of antique gold which she wore is a possession brought from her homeland.

She was given in matriage by Mr. R. A. Zberanowski of Peterborough, who gives invaluable assistance in bridging the language barriers. The wedding music was played by Mrs. R. G. Aman.

Maid of honor was Miss Ema Tren from Czechoslovakia, who was celebrating the anniversary of her arrival in Canada one year ago that day. Her frock of yellow faille taffeta was fashioned with a sheer inset yoke, coming to points at back and front and edged with a fold of material that extended over the short puff sleeves, and the full skirt was caught up at the hemline with tiny flower bouquets. She wore a pointed crown headdress of matching net and carried blue and white carnations, tied with blue ribbon.

The groom wore a slip of evergreen with his veteran's ribbons on his lapel and he was attended by John Bednarski.

Train-bearers for the bride were Ann and Nancy Gordon dressed in pretty frocks of yellow and pink silk with bandeaux of tiny flowerlets on their hair. They are the daughters of Mr. and Mrs. W. B. Gordon with whom Miss Hren is employed.

Among the new friends of the young couple who witnessed their marriage were Mr. Alfred Elmhirst of RR 1, Indian River, the groom's employer, accompanied by Mrs. Elmhirst and family, and Miss Velma Bell, superintendent of Queen Mary Hospital, where the bride is a staff employee.

Wedding breakfast for the bridal party and a few close friends was served by the Catholic Women's League of St. Peter's in St. Mary's School. Included among the guests were Miss Gladys Costello and Mr. Wm. Mellis of the National Employment Service local office, and Miss Leta Brownscombe of the YWCA.

Following the Polish customs, the groom gave a big party in the evening to which he invited all his friends of the YWCA Displaced Persons' Club and others. This gay celebration was held in the Knights of Columbus hall.

Mr. and Mrs. Dukrowski have each been given a week's holiday by their employers. After the honeymoon they will return to complete their year's service in farm work and domestic service as arranged prior to their arrival. The bride has six months of her time to put in and the groom has seven. Their plans after that are indefinite.

Mrs. Percy Darling, Secretary of the Renovation Committee and J. McKerchar, chairman, reported on progress during the year.

Ken Jakins, of the lighting committee said "the whole building had to be rewired and in the immediate future."

1949 Budget Given

The 1949 budget was given by Mr. McKerchar. This showed an increase in the minister's salary of $100 a year. Mr. McKerchar explained that this was governed by the Presbytery, which had set the minimum sallary at $2,400 by the end of 1951. Mr. Kelly's stipend is now $2,-100.

J. A. Porter expressed the opinion that the congregation should be canvassed to raise money to meet the obligations.

A. G. Buchanan said "the preparation of the budget had been confined to the most urgent things. The session had decided unanimously to have a canvass of the congregation, he said, and suggested that while they were calling on the members and adherents of the church they find out why a great many do not attend church.

Andrew Young reported for the session and gave the membership as 428, with 218 families.

Financial statements showed that $3,749.43 had been raised during the year with expenditures amounting to $3,642.30 leaving a balance of $107.13. George Spence prepared this report. The sum of $1,093.20 was raised for missions during the year, J. A. Porter reported.

During the evening solos were sung by Mrs. J. R. Hull and Mrs. R. Jackman accompanied by Mrs. E. Rath.

"MISS TRENT VALLEY" is Miss Marie Cosgrave, daughter of Mr. and Mrs. J. Cosgrave of Havelock. She was chosen in a beauty contest at Campbellford recently over contestants from Marmora and Campbellford. With the title, she received a prize of $50. She had previously been voted "Miss Havelock." Miss Cosgrave is now eligible to enter the National Beauty Contest in Hamilton this year.

Children Imitate Mother's Little White Lies

WINNIPEG, Jan. 24—(CP) — Mothers who tell 'white lies" to evade a certain tea party should beware. Their children will notice and imitate.

Mrs. M. L. McQueen, Executive Director of the Council of Social Agencies here, said in an interview that children absorb the influence of their parents more than academic teachings. The child is always searching for a pattern to follow.

Some parents treat pets better than their children, Mrs. McQueen said. They want their children perfect and often "smack them" when they don't do what is considered right.

"Instead small children should be patted and fondled when we want them to do right.

"There are some times, however, when you just don't know what to do when a child does something wrong," said Mrs. McQueen. "There are some times when a light spanking might be in order... I know, I brought up two children."

Choir Exchange Makes History In Church, Army

At the Sunday evening services the choir of George St. United Church ocupied the places usually taken by the songsters at the Salvation Army Temple, while the full choir of Salvation Songsters provided a musical program to a large and appreciative audience in George St. Church. This unusual event proved a happy occasion for both choirs and congregations.

Later, the Salvation Army sonsters and band and the choir members were together in the church parlors as guests of the Women's Association. Mr. Arthur Burrows, choir president, extended a welcome and expressed the hope that the exchange might be repeated.

Eloquent reference to the important place of the Salvation Army in the community was made by the Rev. Dr. J. Semple. Mr. Charles Allen, choir leader, gave a hearty approval to the suggestion for a similar exchange at some future date.

Full credit for the kindly gesture which he believes will have a beneficial impact on the religious life of Peterborough was given to Dr. Semple in the brief address of Major Charles Watt. 'This day of the exchanging of choirs between the Salvation Army and the Church will be an historic one in the annals of the Army" he said. Mr. A. Ben Smith, leader of the songsters, and Mr. R. Routley, bandmaster, spoke enthusiastically of the fine feeling engendered by the exchange.

A new film in natural color photography showed the printing of testaments in colloquial Chinese dialects by the Canadian Press in West China.

Lunch was served by the members of the W. A. of which Mrs. E Wand is president and Mrs. W. H. Frise is convener of the social committee, Mr. Smith, Mr. Routley and Major Watt expressed appreciation to them.

A closing benediction was pronounced by the Rev. Dr. J. R. R. Cooper.

A short memorial service was held in memory of Mr. Benjamin Johnston a member of the Board of Stewards who died during the year. Special prayers were also offered for Mrs. Johnston who has been confined to her bed since her husband's death.

St. Andrew's Membership Increases by 24

MILLBROOK, Jan. 24—(ENS) —A year of progress and a sound financial position, were reported at the annual congregational meeting of St. Andrew's United Church on Friday.

The Rev. G. C. R. McQuade said there was a membership of 200 families and 391 individuals which was an increase of 24; 11 were received on profession of faith and 26 by certificate; six members had died and seven moved from the community. There were 17 births, five marriages, and nine burials. introduction of communicants' The quarterly communion services cards had resulted in at least 30 had been well attended and the members being added to the roll.

G. E. Burnham, treasurer, reported total receipts of $4,971.02; expenditure $3,612.20 and a balance on Dec. 31 of $1,358.82. The thankoffering in October was $941.10 and the sum received towards the M. and M. fund was $436.70.

Mrs. J. McKnight reported for the Women's Association a total raised through teas, dinners, bazar, rummage sale, canvassing for the hostess tea and fowl supper fund, the sum of $1648.09. This figure included a balance of $924.11 from the previous year. Expenditure had been heavy owing to the amount of work done on the parsonage which had cost more than $1,450. Cavan WA contributed $300 to this expense and the balance on hand was $372.34, with bonds of $50 held for emergency purposes.

WMS activities were reported by Mrs. H. R. Edmunds who said total receipts were $280.78, an increase over the 1947 figure. $270 had been remitted to presbyterial treasurer and five groups were functioning actively.

Mrs. B. E. Ingham told of a successful year with the Mission Band. There were 25 on the roll and average attendance had been 23. The allocation had been fully met and educational study, with handicraft, at the monthly meetings had continued.

Attendance Increases.

H. Patton, superintendent, reported an increased enrollment for the Sunday School. $225 had been raised, $150 given the missionary fund of the church, and with immediate financial obligations met, there was substantial reduction of the debt carried from the previous year.

Mrs. M. E. Hobbs, president o the Golden Links Mission Circle which now has 3 life and 24 annual members, reported an average atendance 23.4. The Presbyterial banner had been won for the second consecutive year; the allocation had been exceeded; a deleagte had been sent to the leaders school at Ghitby in Aug.

Miss Bessie Banfill, a missionary to Labrador had visited the Circle and parcels had been sent to the circle's prayer partner, Miss Jean Stewart, in China. One life member, Miss Margaret Smith is now taking a course at the U. C. Training School, Toronto for active service.

J A Powell's name was added to the list of elders. Dr. Jemison was chosen as assistant to the clerk of the session and the names of James A. Thompson and H. W. Gray were added to the committee of stewards

Mr. McQuade referred to his resignation to take effect at the end of August after four years' pastorate on thet charge. He will have completed 43 years in the active ministry.

Owing to illness Dr. Jemison and the recording steward, P. L. Bentley did not attend the meeting.

A hot pot luck supper was served under W. A. auspices.

A FLATTERING COCKTAIL DRESS of a new imported fabric called "French broche", is shown at left. It has long sleeves and a slender skirt. At right is shown an elegant cape of white mink, worn over a formal evening gown of antique white satin.

DOROTHY DIX

Widowers, Advised Marry Second Time if Unhappy

DEAR MISS DIX: My mother died a few months ago, leaving father alone at his home in a distant city. They were very happy together and enjoyed life; but now Dad is living in a lonesome, dejected atmosphere and we are sure he never will be happy again until he accepts another helpmate?

Dorothy Dix

What do you think of second marriages?

TWO DAUGHTERS

✧ ✧ ✧

ANSWER: I think you two daughters are taking exactly the right attitude toward you father marrying again. Most children bitterly oppose this. They consider that Father is showing disrespect to Mother's memory if he puts another wife in Mother's place, and feel that they are acting nobly when they invite father to come and live with them.

None of these arguments cover the case at all. They ignore the fact that a middle-aged or elderly man, who has had a long and happy life with his wife, is just as helpless as a lost child when she dies. She has been friend, companion and personal manager for him, and he doesn't know how to get along without her. He can't even find a shirt or know what to order for dinner, and he is desperately lonely. For few men have many personal friends. They depend upon their wives making their social contacts.

Old Adage Come True

And father, who has been at the head of his house for a generation, simply doesn't fit into his children's homes. He is used to giving orders and doesn't know how to adapt himself to his daughterers-in-laws' and sons-in-laws' regime. The children's noise gets on his nerves. Their friends bore him, and he doesn't like his daughter-in-law's cooking. It is the old adage come true again—that you can't teach an old dog new tricks.

So that is why widowers marry. It it the only solution of their problem, and it is the wise thing for them to do, provided they pick out a wife in their own age class and who is, preferably, an old friend of their deceased mate.

✧ ✧ ✧

DEAR DOROTHY DIX: I am a girl of 16 and have been going with a guy, who is 19, for a year. He is very jealous and gets furious when I even look at another boy. He tells me not to go to town alone or with another girl for fear I might speak to some boy. But if I don't talk much, he says I have a guilty conscience and that I have been out with another boy.

What can I do about this? I like him very much and wish you would give me some advice.

GWEN

✧ ✧ ✧

ANSWER: Well, Gwen, my earnest advice is for you to give this miserable little cad his walking papers and tell him to walk high, wide and handsome around you. I think I never heard of one boy who had so many objectionable qualities as this one has, and you certainly are showing great lack of plain, hard, horsesense when you let him dictate to you about what you shall do and leave undone.

No girl who has any self-respect will submit to a crazy jealous boy who orders her to do this and forbids her to do that. His every act is an insult to you, and you certainly should ditch him for a boy who is at least a gentleman. There are lots of nice boys in the world. Why pick out a heel for your steady?

✧ ✧ ✧

DEAR DOROTHY Dix: I am in love with a boy who professes his love for me, but desires a couple of years of freedom before he settles down. Should I do what he asks me to do and go out with other boys for a while? Should I date him on his conditions, or will it be better not to date him at all until he feels sure that he really loves me.

P. A. K.

✧ ✧ ✧

ANSWER: I think that your boy friend is showing a lot of intelligence by frankly telling you that he wants to have his fling before he marries, instead of afterward. It gives him a chance to work off some of the effervescence of youth and to find out that there isn't so much fun in being a playboy, anyway. Also, it enables him to gauge his affections toward you and find out if what he feels is the grand passion or just a passing fancy. It is a matter of common knowledge that no men are so housebroken as the ones who have had wandering feet and are ready to settle down and be domestic.

And it is equally good for a girl of 18 to have had her little playtime. The most contented wives are those who have had lots of beaux and who have danced their toes off of their feet.

ANSWER

Emem's Tomato Cream Soup

(I have changed this recipe a little since I last printed it.)

In top of double boiler melt 3 or 4 tablespoons butter, add 3 tablespoons flour, 1 teaspoon salt, shake of white pepper, and mix wel. Stir in 2 cups homogenized milk or 1 cup milk and 1 cup top milk which, if preheated, shortens stirring time; stir until thick. Keep hot in top of large double boiler. Meanwhile cook together 1 20-oz. tin tomatoes, 1 slice onion, ¼ teaspoon celery seed, ½ of a bay leaf, ½ teaspoon sugar, 1 whole clove for about 8 or 10 minutes. Strain this and stir into it ½ teaspoon baking soda. When ready to serve pour the hot tomato mixture into the hot milk sauce, stirring, and serve. Do not forget the soda and do not add the cream sauce to the tomato—pour the tomato into the white sauce.

QUESTION: Could you give me a good "Emem" recipe for raisin pie—something I can be proud of—I do not want it to be pastry with flour and thin through. I know how to make good pastry but would like to have the filling and the way to bake it. Mona R.

✧ ✧ ✧

ANSWER: Well, first, the best kind of raisins are raisins which have been seeded, if you want the best flavour.

Raisin Pie

Flaky pastry, 3 cups seeded raisins, 3 cups hot water, ½ to 1 teaspoon grated lemon or orange rind, 2-3 cup sugar, 3 tablespoons flour, ¼ teaspoon nutmeg, 1 tablespoon butter. Line pie plate with pastry. Boil the seeded raisins, water and lemon rind together for 3 minutes. Mix the sugar, flour and nutmeg. Mix a little of the juice from the raisins into them and stir until well mixed. Add this mixture to the raisins, stirring, and cook stirring until clear. Add the butter and cool a little, then pour into lined pie plate. Put on top crust which has been gashed at centre, sealing edges by moistening rim of under crust. (Or this may be baked with a lattice-top crust). Bake at 450 deg. Fahr. for 10 minutes, then reduce heat to 375 deg. Fahr. for about 20 to 25 minutes more. You may use orange rind in place of lemon rind if you wish.

QUESTION: I would like a recipe for lentil soup made with a beef bone. Our doctor says we should use lentils in some of our cooking but I have never cooked them in my life. I would appreciate a recipe. Joyce A.

✧ ✧ ✧

ANSWER:

Beef And Lentil Soup

Buy a beef bone asking your butcher to leave about ¼ lb. meat on it. Cut this lean meat up, and put it and the beef bone, 1 peeled onion, and 1½ teaspoon salt in large kettle with 2 quarts cold water. Cover, bring to boil, and skim off scum. Lower heat and simmer, covered for 4½ hours—OR this may be cooked in fireless cooker or deep well cooker or stove. Strain, and remove meat and cut into shreds. Return to soup liquor. Then add 1 cup washed lentils, another teaspoon salt, and about ⅛ teaspoon pepper. Simmer covered about 1½ hours longer or until lentils are tender. There are many variations of this soup; some chefs like to add 2 or 3 slices of lemon. I like to add about 1 cup very finely cut tops of celery. More meat may be added and it may be used as a main course soup.

Planning Menus in Advance One Way of Trimming Costs

BY GAYNOR MADDOX

To cut food costs, plan menus for several days in advance. Use as many seasonal foods as possible and study markets for wholesome bargains.

Luncheon: Cheese fondue, sliced tomatoes, baked apples, tea, milk.

DINNER: Braised lamb shanks with potatoes, buttered kale, radish relish, bread, butter, raisin cake, coffee, milk.

Luncheon: Escalloped potatoes with spinach, stewed tomatoes, baked custard, tea, milk.

Dinner: Tuna patties, creamed vegetables, corn bread, butter, stewed pears, doughnuts, coffee milk.

Luncheon: Poached eggs on toast, steamed carrots, bread with cheese, grapes, tea, milk.

Dinner: Vegetables soup, braised beef liver with tomato sauce, potatoes, beans, chocolate pudding, coffee, milk.

Luncheon: Tomato soup, bologna salad, bread, butter, grapes, tea, milk.

Dinner: Baked hamburgers, scalloped potatoes, baked beets, celery strips, bread, butter, fruited gelatin, coffee, milk.

Fruit Fluff

(Serves 6-8)

One package fruit-flavored gelatin, 2 cups hot water or hot water and fruit juice, ½ cup crushed fruit pulp, fresh or canned.

Dissolve gelatin in hot water. Chill until slightly thickened. Place in bowl of ice and water and whip with rotary egg beater until fluffy and thick like whipped cream. Fold in fruit. Turn into individual molds. Chill until firm. Unmold. Serve with custard sauce, if desired.

TOMORROW'S MENU

BREAKFAST: Stewed dried fruit, shredded wheat, enriched toast, butter, marmalade, coffee, milk.

LUNCHEON: Leftover cold meat, creamed potatoes, leftover vegetables salad, enriched bread, butter, fruit bowl, cake, tea, milk.

DINNER: Lamb stew with vegetables, biscuit top, steamed packaged dehydrated rice, hot biscuits, butter, green salad, apple pie, cheese, coffee, milk.

Health Rules

The following health rules for everybody are suggested by the Health League of Canada:

Eat right for health—follow a balanced diet.

Be sure the milk you drink is pasteurized.

Avoid dirt—practice cleanliness.

Avoid contact with persons known to be suffering from communicable diseases — including colds.

Relax before and after eating.

Avoid constipation.

Avoid obesity—the state of being overweight.

If dieting is necessary, diet only under the instruction of your physician.

Get at least eight hours sleep daily.

Avoid undue fatique.

Be sure you and the members of your family have been immunized against such communicable—but preventable —diseases as diphtheria, whooping cough and smallpox.

Avoid chills if overheated.

Exercise moderately in open air—unless your physician advises otherwise.

See your physician regularly for complete examinations.

Visit your dentist regularly.

Avoid undue and unnecessary eye strain.

Rice and Tomatoes (1 oz. rice 100 cal. tomatoes 4 oz. Turnip Puff 30 cal.)
Pear Compote with Lemon and Ginger Gingersnap (40 cal.)
Clear Coffee (0 cal.) (1 pear with sugar syrup 85 cal.)

High-Calorie Low-Cost Dinner
Sausage and Sauerkraut Casserole
Dumplings or Mashed Potatoes
Savoy Cabbage and Tomato Salad
Blueberry Pie Coffee

One-Burner Dinner
Homemade Vegetable Soup
Lamb Chops
Tossed Green Salad
French Bread
Coffee Jelly with Custard Sauce
Coffee

Directions

Simmer rice until tender in canned tomatoes with salt and a little pepper, for the rice and tomato dish in Low-Calorie Dinner.

For the turnip puff cook one medium-sized turnip in boiling salted water until tender. Drain, mash very well and add ¼ cup hot milk, 2 tablespoons melted butter, 1 teaspoon salt, shake of pepper. Add one beaten egg. Set aside to cool. Shape into small balls. Roll in crumbs, then in beaten egg diluted with a little cold water, then again in crumbs. Fry in deep fat or bake in very hot oven on buttered pan.

The two hot dishes— soup and chops—can be managed on the one burner if the soup is taken from the heat just before time chops are to be cooked, and held hot in top of double boiler, covered completely with 2 heavy Turkish towels until serving time. Saute the chops on one side, and when they are turned over, serve the soup. When the soup is eaten the chops will be done on the second side.

Commons' Debate On Palestine May Settle Bevin-Crossman Feud

By JAMES McCOOK

LONDON, Jan. 24—(CP).—The debate on Palestine in the House of Commons next Wednesday may settle the feud between Ernie Bevin, former wagon driver, and Dick Crossman, former psychological warfare expert.

Crossman, 49, is Labor MP for Coventry East, and since the general election in 1945 has nagged at Bevin's foreign policies.

The tall, bespectacled, learned Crossman, son of a judge and Oxford-educated, is a strange contrast to the stout, tough Foreign Secretary Bevin, whose formicable phrases often fit no grammatical rules. Some back-bench critics Bevin ignores but political observers agree that Crossman stirs his wrath.

Reports have been current that Britain shortly will extend "de facto" resognition to Israel. Such a move would have a bearing on the Bevin-Crossman feud, for Crossman has been sharply critical of the Foreign Secretary's Middle East policies.

Crossman recently visited Palestine and wrote an article for an English newspaper headed "I Accuse Bevin" and containing the accusation that the Foreign Secretary for three years had "pursued a vendetta against Palestine Jews."

Face Humiliation

He said the Palestine problem would cause "a humiliating climb-down" for Britain "unless of course we get a new Foreign Secretary."

If Britain does recognize Israel, that would cut the ground from under Crossman's feet

Such a concession towards the Jewish state would eliminate many of Crossman's complaints and the former assistant chief of the psychological warfare division of supreme allied headquarters in war may find he has met more than his match in political warfare.

Well-informed political circles said today that "de facto" recognition may be delayed a few days. But they added that announcement of a Cabinet decision in principle to recognize the Israeli state is expected early this week, in any event in time for the Commons debate on Palestine.

At Odds In '46

Crossman and Bevin were at odds as far back as 1946. In that year, when the Foreign Secretary was in the United States, Crossman, considered a ringleader, and 36 other Labor members introduced a resolution in the House asking the Government to "recast its conduct of international affairs."

Prime Minister Attlee and other Ministers rallied behind the absent Bevin, and when the division was moved the rebels lost their courage and abstained from voting in support of their resolution.

But when Bevin returned home he rose in anger before the Labor Party convention and roared that he had been "stabbed in the back." The convention showed it supported Bevin and Crossman curbed his tongue—until the Palestine issue came to the fore.

Marie Louise, queen of Spain, would never receive anybody wearing white gloves.

Win, Draw Against Leafs Gives Wings 6-Point Lead

By BERT ALLEN
Canadian Press Staff Writer

Sid Abel may be a little slower than he used to be, but the 31-year-old Detroit centre still knows what to do with the puck when in close on a netminder.

It was a big week-end for this Melville, Sask., puckchaser who banged home the 100th and 101st goals of his eight-year National League career as the Wings gained a victory and a draw in two meetings with Toronto Leafs.

The Leafs, battling to keep pace with Chicago and New York in the red-hot contest for the fourth and last playoff spot, came from behind to earn a 2-2 stand-off at home and then dropped a tough 2-1 decision to the Wings in Detroit last night.

Montreal and Boston traded victories, each club winning at home. Canadiens shaded the Bruins 4-2 in Montreal Saturday night, but were blanked 3-0 in Boston last night with goalie Gordon (Red) Henry of the Bruins turning in a whitewash job in his major league debut. New York and Chicago ended up in a 2-2 tie at the Windy City Sunday in the other fixture.

Six-Point Lead

The three points Detroit picked up at the expense of the Leafs boosted the pace-setting Wings into a six-point lead over second-place Boston, with Montreal in third spot another two points back.

Rookie Tod Sloan was the hero for 14,056 Maple Leaf Garden fans Saturday when he scored the goal that gave Toronto a tie with Detroit. The goal came with six minutes left in the final frame and wiped out a 2-1 lead the Wings had built up on goals by Jim McFadden and Sid Abel. Joe Klukay opened the scoring for Toronto early in the middle session.

Gordie Howe, back in action after a 20-game layoff for a knee operation, scored the first marker at Detroit which gave the Wings a 2-1 triumph and marked their seventh game without a defeat.

A crowd of 14,448, third largest of the season at the Olympia, saw Harry Watson of the Leafs knot the count 1-1 midway through the third period before Sid Abel defleeted in a 20-foot shot off goalie Turk Broda's shin. It was Abel's 101st NHL counter.

Reay Big Man

Bill Reay was the big man in Montreal's 4-2 victory over Boston Saturday. He set up linemate Joe Carveth for the first goal and scored the goal which gave the Habitants a 3-1 lead in the second session. Ken Mosdell and defenceman Doug Harvey fired the other Canadien goals, while Pete Babando and Johnny Peirson hit the target for Boston.

The victory was a sweet one for Goalie Bill Durnan, coming on his 34th birthday. For Les Colvin, filling in for Frankie Brimsek in the Bruins cage, it was the first game in the major league.

For the Sunday game Boston brought up Henry from their Hershey farm and the redhead played in flawless style to shut out the Habs 3-0.

Boston wrapped up the contest during the ninth minute of the first period when Paul Ronty beat Durnan from close range while Montreal played a man short. Five minutes later Babando cashed his fifth goal in the last four games, and Peirson made it 3-0 in the finale.

Chuck Rayner had a busy night as New York earned a 2-2 tie against the Black Hawks in Chicago. The Blueshirt net custodian blocked 45 shots, while Chicago's Jim Henry was only called on to handle 25.

Rangers led twice during the clean, wide-open game before 16,618 Chicago stadium fans. Clint Albright and Nick Mickoski were the Ranger marksmen, while Roy Conacher and Gus Bodnar connected for the Hawks.

ONE OF THE SURPLUS—University of Western Ontario's Bob Phibbs leaps high into the air as he scores an unneeded field goal as the champion Mustangs defeated McGill University Redmen 51-35 in a basketball game at the McGill gym in Montreal. Myer Bloom tries vainly to prevent the score.

61,000 Fans See Portsmouth Shade Charlton Athletics 1-0

LONDON, Jan. 24 (Reuters)—After two sucessive week-ends of cup draw play, soccer in England saturday returned its undivided attention to league schedules. Not one major upset was provided by the play, which was under admirable conditions, the teams obviously saving themselves for the next phase of the cup battle.

Portsmouth, first division leaders who have lost but one of their last 10 games, shaded Charlton Athletic 1-0 in a London tilt witnessed by 61,000 ans.

Another 60,000, saw the other major London fixture, West Bromwich Albion's 2-0 defeat at the hands of the Tottenham Hotspur. On points however West Bromwich retain the second division's leadership, followed just one point behind by Southampton who tied 1-1 with Luton Town.

Swansea town remains atop the third division's southern section after drubbing Nottingham city 3-1 while in the northern section Rotherham united hung up its twentieth victory of the season, whitewashing Barrow 2-0.

Girl 16 Represents US At Skating Tourney

ARDMORE, Pa., Jan. 24—(AP)—A diminutive Detroit miss of 16 who decided 10 years ago that she wanted to skate like Sonja Henie made ready today for a trip to France to compete for the world figure skating championship.

Virginia Baxter stands a mere five foot one but she has a lot more stature on the ice. She's the United States Ladies' Junior Champion.

Jinny is the youngest girl ever sent to represent the United States as the championship competition, which will be held Feb. 14 and 15 at Paris.

The American contingent leaves from New York aboard the Queen Mary Wednesday. Going with Jinny will be Dick Button of Englewood, N. J., Olympic titlist; Helen Uhle of California, and Yvonne Sherman and Andra McLaughin, both of New York.

Building Costs May Be Eased By End Of 1949

BY FORBES RHUDE

TORONTO, Jan. 24 (CP)— Indications are that Canada will go on building this year at about the same pace as in 1948, Allan C. Ross, President of the Canadian Construction Association, said today in an address prepared for delivery to the association annual meeting.

Variations in some categories may be expected, he added, particularly where shortage of steel and cement may set limits.

As to costs, the rate of rise slowed down from 20 per cent in 1947 to 10 per cent in 1948 and "there is reason to hope that, if we continue to make progress in restraining inflationary factors, the cost rise may be halted by the end of the year."

Mr. Ross said Dominion-Provincial relations are the major problem facing the Canadian people. "The prime essential to a solution to low-rating housing problem is Dominion-Provincial co-operation and agreement on a long-term plan."

He deplored "high taxation" and some social services.

"They should not be such as can be taken advantage of by the wasters, the shirkers and the parasites. . ."

The association's management, he stated, endorses the stand of the Canadian Chamber of Commerce that any labor unions which are dominated by Communists should be denied certification of bargaining rights.

The association also favors, Mr. Ross said:

A Dominion-Provincial Highway Comission with, as its first objective, completion of a trans-Canada highway.

A shelf of deferrable Dominion and Provincial projects which could be put under way in event of a recession.

He gave this construction picture:

Contracts in 1948 for new construction reached an all-time high of $954,000,000 or 33 per cent above 1947.

Actual construction probably was about $1,500,000,000.

Housing contracts almost doubled at $373,000,000; industrial work however, fell by $14,000,000 to $197,000,00; business and institutional construction were up 30 per cent; and engineering work was up 15 per cent.

Decide Bears Operate In Newark This Year

NEWARK, N. J., Jen. 24—(AP)—Newark Bears of the International League will operate here in 1949 and will be managed by Buddy Hassett, general manager Parke Carroll announced Saturday.

In a letter to the City Clerk, Carroll said:

"Pease convey to Mayor Vincent J. Murphy. . . that the Bears will operate in Newark during the 1949 baseball season.

"The program of assistance promised by the (city) Commissioners at noted in the special executive meeting Jan. 19 has caused the Newark club to make this decision."

Hold Last Rites For Frank L. James

Funeral service for the late Frank Leonard James, 69, of 77½ Parkhill Rd., was held today at the Nisbett Funeral Home. The Rev. W. E. Kibblewhite of All Saints' Anglican Church officiated and pall-bearers were Gordon Farthing, Charles McDermid, John Sadler, Henry Simmonds, Arthur Maynard and John Hicks. Burial was at Little Lake Cemetery.

Mr. James died Friday in hospital following a lengthy illness. He was born in London, son of the late Mr. and Mrs. Henry James, and before coming to Peterborough 34 years ago, lived in Montreal.

He worked in the canteen of the punch press department of the CGE until his retirement in 1945. He was a member of All Saints' Anglican Church.

Recover 2 Bodies

WALLACEBURG, Jan. 24 (CP)—Two more bodies of the victims of Friday night's drowning near Algonac, Mich., have been recovered from the St. Clair river. They are Mrs. Laura Smith, 42, an Indian of the Walpole Island Reserve, and Norman Smith, 29, of Algonac. The bodies of Mrs. Emily Nahdee and Mrs. Laura Smith were released by Algonac authorities. Search is continuing for the body of Joseph Peters.

Shot Down In Greece

ATHENS, Jan. 24—(AP)—Lt.-Col. Selden R. Edner of San Jose, Calif., an American air observer, and his Greek pilot have been shot down by Communist-led guerrillas and both are believed to have been killed. The Greek air staff and the United States embassy announced the incident Saturday.

WITH VIRTUALLY ALL OF NORTH CHINA solidly in Communist hands, the Chinese Nationalist government has completed plans for moving its capital and military headquarters to the south. Troops are included in the southward withdrawal. Those above are part of the units which had defended Pengpu and have reached Pukow, just across the Yangtze from Nanking. Canton, which will be the new capital, was the site of the first unsuccessful revolution to overthrow the Manchu Dynasty and set up a Republic of China. The city has long been a center of the Chinese revolutionary movement.

Hockey's Big Seven

By The Canadian Press

Billy Reay of Montreal gained ground in the National Hockey League scoring race on the week-end, collecting one goal and one assist, while the leaders, Chicago marksmen Doug Bentley and Roy Conacher picked up one apiece. Bentley still heads the parade with 45 points, while Conacher and Reay follow with 44 and 37. Sid Abel was the big gainer, garnering two goals and an assist in Detroit's double date with Toronto, and now holds down fourth spot with 36 points.

Law School Row To Be Discussed

TORONTO, Jan. 24 (CP) — Ontario's Law School controversy is scheduled for further threshing out today at a meeting of a special committee on legal education.

The dispute over the question of whether a law student should spend most of his training time in a lawyer's office or in a classroom has led to the resignation of Dean C. A. Wright of Osgoode Hall and of three of the school's five full-time lecturers. Dean Wright favored emphasis on academic training.

The legal education made a two-year investigation of the training situation and presented its report to the Osgoode Hall convocation last Thursday. It is believed that today's meeting will decide whether part or all of the report will be made public.

Meantime, two members of the County of York Law Association, have suggested a Royal Commission inquiry.

Legal education controlled by the law profession itself is unique in Ontario. In this province, it is entrusted by statute to a school operated solely by the Law Society of Ontario. Other Canadian law schools are operated as University Faculties and the profession accepts degrees granted by those faculties in the respective provinces as qualifying students holding them for admittance to the Bar.

Flee Burning Home

GALT, Jan. 24—(CP)—Mr. and Mrs. J. J. Hodgson, their daughter, Mrs. Bill Underwood and her husband, fled in night attire Sunday night from their burning home in the vilage of Ayr. The fire, of unknown origin, is believed to have started in a back kitchen. The large frame dwelling was completely destroyed and the two couples lost all of their possessions, except for a radio, which Mrs. Underwood picked up on her way out of the blazing house.

Canadian Rinks Win

UTICA, N. Y., Jan. 24—(AP)—Two Canadian curling rinks Sunday won top awards in the finals of the four-day annual bonspiel at the Utica Curling Club. The Toronto Granites, skipped by Walter Tomenson, won the coveted Mitchell medal by defeating the Hamilton, Ont., Victoria Rink, skipped by William Hardie, 11-1. Kingston, No. 1, skipped by J. G. Hooper, defeated the Hamilton Thistles, skipped by Dr. C. T. Moyle, 14-12, to cop the Allen Medal.

Strikers Barred

BRANTFORD, Jan. 24 (CP) — Brantford's Board of Education announced Saturday that in future no disputants in a strike would be allowed the use of a school building as a meeting place. The Collegiate Auditorium had been used Friday night for a Textile Workers' meeting in sympathy for the Paris strikers.

Plan Inquiry Into Two Violent Deaths

(By The Canadian Press)

Investigations are under way into two violent deaths which occurred in Eastern Canada during the week-end.

A total of 12 week-end fatalities was tabulated by The Canadian Press. Seven were the result of traffic accidents.

Joseph Allan Morrissey, 26, was found lying in a pool of blood in the bedroom of a Saint John, N.B., tenement house and police said "It looks like murder." They said he had several knife wounds in the chest and head.

In London, Ont., police are seeking the cause of the death of Mrs. Ruth Paige, who died early Monday of head injuries. Her husband said she limped into their home early Sunday and went to bed without explaining her injuries. She was unconscious in the morning.

Two men died from an auto accident Saturday at Grand Pre, N.S., when their car swerved into a ditch to avoid a cat. Raymond Duncan, 15, of Windsor, N.S., and Harry Nix, 31, of Canning, N.S., died of injuries and two other passengers are in serious condition.

Hit By Train

At Bala, Walter G. Baldock, 56, and Wilford K. Purdon, 48; died Sunday at a level crossing. Their motor car slipped on icy rails and was hit by a speeding freight locomotive before the two could jump clear.

Two others died Sunday in Toronto when their truck crashed into an auto. They are Donald J. McKenzie, 36, and James Morris, 50, both of Toronto.

Near London, Ont., truck driver Ralph Bailey of Falkland, died Saturday in the cab of his truck which had crashed through the wall of a roadside restaurant. The building burned down about the truck.

Arni Harkajarvia, Sudbury miner, died under a landfall in a mine at Creighton.

At Belleville, Gus Knight, 61, of Arden, died Saturday of injuries received in a highway collision Tuesday night. Mrs. Alice Waldron, 60, died in Peterborough. She had been unconscious since she was hit by a taxi last Wednesday.

Lose Again

Over in Paris, Sudbury Wolves, Canada's entry in the world hockey championships in Stockholm next month, were defeated 5-3 Saturday by the Racing Club of Paris before 12,000 fans.

Joe Debastiani, Dan Munroe and Joe Tregson were the marksmen for the Canadians. Genest paced the Racing Club attack with three goals.

Max Silverman, manager-catch of the Wolves said after the game that the Wolves had suffered from influenza and that Jim Russell, a member of the Canadian team that won the world championship in Prague in 1938, was laid up in bed.

Central Victors

Central edged out Queen Alex seniors 3-2 in a fine School Hockey League encounter on Inverlea rink. D. Noble notched the first one for Central in the initial inning, and the second period saw scoreless hockey played. Nicholls and McFadden counted in the third for Queen Alex to go in front, but R. Wall counted for Central with three minutes left to tie it, and then W. Foster put in the winner in the last minute of play. The teams:

Central: Goal, Gibbs; defence, Wayne and Lush; centre, Foster; wings, Wall and Kelly; alternates, Rowley, Noble and Harte-Maxwell.

Queen Alex: Goal, Kingston; defence, Nicholls and Woods; centre, McFadden; wings, Reid and McEvoy; alternates, Nicholls, Harrison and Bell.

Referee—W. L. McNeil.

PICKLED BAMBOO

In the West Indies the tops of tender shoots of bamboo sticks are pickled and eaten.

AUTO LOANS
$50 to $1000

Here is how you can obtain a loan on your auto while the car remains in your possession. All loans strictly confidential. Existing liens consolidated.

1. Personal Loans $50 to $1,000 made for any good purpose even though car not fully paid.
2. Refinancing — Present high monthly payments refinanced for smaller amounts and extra cash can often be obtained at the same time.
3. Aut Repairs—You can pay for cost of heavy repairs by spreading amount out over many months here thru a loan on your car.
4. If you want to sell your car we can finance the prospective purchaser if he cannot pay you full cash. Ask us for details.
5. If you wish to buy a car—we can finance the purchase usually at lower down payment than ordinarily required. Ask us to finance your next new or used car.
6. Insurance—You may arrange insurance thru your own broker or we can arrange it for you thru various well-known agencies.

Slim chance of peaceful sleep if you're pestered with pains of heartburn and upset stomach. But you can get quick relief if you keep Rennies handy. Digestif Rennies are pleasant-tasting little tablets which you take like candies (no water needed). Dissolved in the mouth, their soothing ingredients soon help to neutralize excess acid; distress and discomfort are promptly relieved. You'll be asleep before you know it! And for digestive upsets during the daytime, remember you can carry Rennies in pocket or bag; they're separately wrapped for that purpose. If Rennies don't relieve you, it's high time you saw your doctor. 25c and 75c all druggists. Ask for Digestive Rennies.

Perform Autopsy To Determine Strange Death

LONDON, Ont., Jan. 24—(CP)—An autopsy was being performed today to try and determine the mysterious injuries that caused the death in hospital early today of Mrs. Ruth Paige, 28, less than 24 hours after she limped into her home in southeast London.

She was the mother of three children, the oldest seven.

After interviewing the husband, Jack Paige, police said they had no definite clues. They theorized that Mrs. Paige may have been struck by an auto or may have been assaulted and dumped out of a car near her home early Sunday.

She underwent an operation for head injuries Sunday afternoon and failed to rally. Coroner A. R. Routledge said decision on an inquest awaits the result of the autopsy.

Paige said that his wife, who he believed went to a downtown dance alone Saturday night, "came limping into the bedroom looking for her pyjamas" about 4.30 a.m. Sunday.

He asked her what was wrong. She mumbled "I'll tell you all about it in the morning."

About 9.30 a.m. Paige said he awoke and went into the living room but his wife was still sleeping. He spoke to her but she just "mumbled." Then he examined her clothing and found them blood-stained.

Constable Jim Lindsay arrived at the house and found Mrs. Paige unconscious.

Hospital officials said that Mrs. Paige rallied into semi-consciousness later, but never was in condition to be questioned.

Pickets Remain At Paris Plant

PARIS, Ont., Jan. 24 (CP). — Pickets were out in force again to-day when the strike-bound Penman Textile Mills re-opened after a peaceful week-end.

There was no recurrence of incidents that marked last week's disorders, when 12 persons were arrested and charged with various offences. Employees still working listened to taunts from the pickets as they entered the plant to-day.

Local leaders of the United Textile Workers of America (AFL) claimed the number entering the plant was smaller than on any day since the strike started last Tuesday. Other observers claimed the number was greater.

The strike was called to enforce demands for a general wage increase of 15 cents an hour and for recognition of the union as the bargaining agency.

Marmora Storekeeper Dies In Peterborough

MARMORA, Jan. 24 —(ENS)— Samuel A. Stephens, dry goods storekeeper of Marmora, died in hospital, Peterborough, on Sunday at the age of 59 after three months of poor health.

When he came to Marmora 15 years ago, he started a shoe repair business which has since broadened into a dry goods store. His early life was spent in Winnipeg and during the First World War he served with the Canadian Army in Newfoundland and Canada. Before starting business in Marmora, Mr. Stephens lived in Buffalo.

Mr. Stephens was a member of the Sacred Heart Church and the Holy Name Society and was also a member of Marmora Branch No. 237 of the Canadian Legion and the Marmora District Chamber of Commerce. He leaves his wife, formerly Mary O'Neill of Marmora, a daughter, Mrs. John S. Harrigan of Ottawa and a son, Ronald of Marmora. Requiem mass at the Sacred Heart Church will take place at 9.30 Tuesday. The Rev. H. J. Farrell will officiate. Burial will be in Sacred Heart cemetery.

Dies At Choir Practice

RENFREW, Jan. 24 — (CP) — George Appleton, 77-year-old member of the choir of St. John's Anglican Church, collapsed and died Sunday night during choir practice after the evening service. Retired operator of a plumbing business, he had been a choir member for 40 years. A son, daughter and granddaughter are members of the same choir.

RANGOON — Insurgents shot down a Burma Air Force fighter Jan. 20 at Pantanaw, 50 miles to the west of Rangoon, killing two members of the crew.

World News In Brief

Taken from Wires of Canadian Press.

Enjoy Weather.

FORT ERIE— Fort Erie residents enjoyed themselves during Sunday's balmy weather, with the temperature hovering around the 50-degree mark. Two men played a round of golf at the Fried Downs Golf Course and 16 rowboats went out fishing in the ice-free Niagara river.

TORONTO — An investment of 45 cents for a half-pint of oysters paid off in five pearls for Alfred West. The smallest was about the size of a pin head and the largest the size of a small pea. Mr. West will give the usable pearls to a prospective daughter-in-law, who has been collecting pearls for a necklace.

HAMILTON— An 11-year-old boy with six $100 bills to deposit in a local bank shook the official composure of Constable William Bell. The youngster asked the officer to help him make out a deposit slip. Constable Bell took the boy home where his mother confirmed that she had sent him to deposit the money. The boy was better guarded on his next trip to the bank.

BRANTFORD— Twelve of the group of 25 girls ranging in age from 10 to 16, who ran away from the Mohawk Institute have been rounded up and returned to the Institute according to Rev. Zimmerman, principal. The majority of the missing girls were located in the homes of friends and relatives.

TORONTO— Hunters out gunning for a wildcat "four times the weight of a large house cat" which kept rural children home from school at nearby Aurora were unsuccessful in bagging the cat. But they did shoot a fox, plenty of rabbits and a great horned owl.

PORT BRUCE— Tons of ice cascaded into Lake Erie here last week by unusually mild weather and pounding seas continued to cause damage to new dock installations. Slush ice halted construction this Fall before cement decking and cross walls could be completed.

LONDON— The Unitarian doctrine is the greatest menace among university students today, Dr. C. P. Martin, professor of Anatomy at McGill University, said Sunday in an address to university and high school students at Metropolitan United Church.

TORONTO—Rt. Rev. R. J. Renison, Anglican Bishop of Moosonee, asked the congregation of St Paul's Anglican Church to raise funds for a $10,000 Anglican Church near Moosonee at the southern tip of James Bay. It would stand as a memorial to the years of labour by many missionaries in the north.

GODERICH— Springlike weather, with complete absence of snow, has facilitated unloading cargoes of two ships in the Goderich winter fleet. The freighter Bricoldoc and Mantadoc, carrying approximately 272,000 bushels of wheat, have both been emptied during the past week.

CHATHAM — Kent Liberals chose Blake Huffman, prominent farmer of the Blenheim district, to contest the next Federal election for the party. The runner-up was George Frye, former Wallaceburg reeve, who remained in the contest after the first ballot eliminated Arthur Anderson, former Kent county warden and Jack McKenty, Chatham.

PARRY SOUND— The body of Merton Haggert, 28, was found on the railway track near Parry Sound depot. Police said Haggert left a note saying he intended to commit suicide. He leaves a wife and one child.

Arrest 11 Greeks

ATHENS.—Police arrested the leader and 40 members of what they termed a Communist underground organization on charges of conspiring to assassinate three leading Greek officials. Authorities said they seized a large amount of arms. Six women were among those arrested.

NAGOYA, Japan.—Five Americans and a Japanese were killed and an American woman critically injured when an electric train struck their jeep.

LUCERNE, Switzerland. — A self-portrait of Goya, of great value, and stolen Jan. 14 from the Agen Museum, near Bordeaux, France, was found by Swiss police in a roll of old newspapers when they arrested a couple in a train near here.

MILAN. — Conductor Arturo Toscanini has sent $6,000 from the United States for distribution among needy musicians of Milan, the anniversary of the death of the composer Giuseppe Verdi.

ROME.—Italy will build new passenger and cargo ships totalling 700,000 tons between 1949 and 1952 thanks to Marshall Plan aid, Giuseppe Saragat, minister of shipping said.

KANSAS CITY—Kansas City set a goal of 100 days without a fatal traffic accident in 1949. It counted 22 days. Then an automobile and a motorcycle collided. First traffic fatality of the year was the motorcycle rider, Robert Delane Edmunds, 22. His job: traffic safety patrolman.

PROVINCETOWN, MASS. — Four fishermen were rescued when the 48-foot dragger Elsie exploded and burned about a mile off Race Light. Loss was estimated around $18,000. Capt. Charles Bennett, who owns the vessel with Silvert Benson, of Provincetown, and his three-man crew—Frank Lena, 55, Joseph Souva, 42, and Joseph S. Bois, 62—were rescued by the dragger Jesse Dutha shortly before the Elsie's fuel tanks exploded.

Caused Disturbance Fined $15 And Costs

Four minor cases were disposed of in court today.

John Carrol, 35 Norway Rd., Toronto, was fined $15 and $3.50 costs when he pleaded guilty to causing a disturbance in a dance hall. Inspector James F. Reid said that the arresting constable had to wrestle on the dance floor. At the station, when the accused was placed in the cells, he knocked on the door to attract the constable's attention. When the call was answered, said the Inspector, Carrol spit in the policeman's face.

Bernard McGarrity, 730 Lock St., was fined $10 and $2.50 costs for causing a disturbance on Charlotte St.

Keith Fontaine, 146 Aylmer St., North, was fined $10 and $2.50 costs for having liquor in a place other than a residence.

John B. McLeod, 603 Crawford St., Toronto, was fined $3 and $2.50 costs for driving with improper lighting.

Car Production Much Higher Russians Report

By EDDY GILMORE.

MOSCOW, Jan. 24 — (AP).—The Russian automobile industry is out to top the world.

"Ten years ago," said the well-known Russian automobile expert Yevgeni Chudakov in a press interview, "we overtook Britain, France and Germany in truck production and gained first place in Europe."

"There is not the slightest doubt," he added, "that in the near future Soviet automobiles will be the best in the world."

"Already the average capacity of Soviet-made trucks is roughly half as much again as that of the American models.

"In this way, although the United States still manufactures more automobiles, the Soviet Union is overtaking it as regards tonnage carried."

Great things are being predicted for motor transport in the USSR, and the production of a 45-ton truck by the Yaroslavl auto plant is one of the reasons.

This huge truck has already had a trial run between Yaroslavl and Moscow and back and is reported to have stood up well.

Design Bigger Trucks

Chudakov said still bigger trucks are being designed by the Soviet automotive engineers.

Besides long-distance freight haulage, Soviet industrial enterprises are making increasing demands on Russia's automotive plants.

This year the government said they shipped twice as many automobiles as last year to agricultural areas, but the demand is still great.

Large scale socialist economy has laid its imprint on all kinds of motor vehicles manufactured in Russia. Just as medium and heavy models predominate in the local tractor production, in the automotive industry emphasis is on heavy duty trucks of greater carrying capacity.

All new types are said to be provided with improved heavy-duty engines designed for greater speeds than their predecessors.

Wonder Drug Fails To Help

LONDON, Ont., Jan. 24—(CP)—The "Wonder Drug", Glutamic Acid, which is claimed by some researchers to have increased human intelligence by 20 percent, has failed in tests in Ontario Mental Hospital, St. Thomas.

Eleven patients given four months treatment with Glutamic Acid have shown no appreciable increase in IQ Sidney North, a University of Western Ontario medical school student, told the Ontario Psychological Association annual meeting Friday.

The tests are not complete, however.

The study was started under direction of Dr. D. C. Lynch, former superintendent of the hospital.

An examining board tested 75 male mental defectives, screening out all who might have other mental ailments apart from lack of intelligence. Finally, they were left with 16 patients who simply were lacking in normal intelligence.

Their estimated IQ was at least 20 (normal is 100). They were between 15 and 46 years of age.

After four months' treatment the 16 were tested again. Although there was some chance in "behavior" pattern, there was no improvement in the IQ, said Mr. North. Further tests are to be reported after treatment of six months and one year.

HERBERT MORRISON, chairman of the London County Council (Left, Centre), and Mr. Walter R. Owen, J.P. (Right Centre) with other members of the county council examine a model of the new Thames South bank scheme at the county hall. Mr. Morrison opened the beginning of the work by driving the first steel sheet pile into the Thames. The new scheme follows the government decision to use the bank site for the Festival of Britain in 1951.

Young Page Boys Keep Parliament Running Smoothly In Session

By KAY REX

OTTAWA, Jan. 24—(CP).—The wheels of government would grind a little slower if it wasn't for the small gent in the dress suit. He's right on hand with a glass of water when Prime Minister, Cabinet head or member of parliament grows thirsty during a hectic House of Commons debate. He's the fleet-footed one who dashes to the Library for a book at the snap of a parliamentarian's fingers. As long as there have been parliaments in Canada, there always have been page-boys, silent, watching and always alert.

Nowadays chief page J. E. Desjardins is busy grooming another batch of genie for the fifth session of Canada's 20th Parliament, opening Wednesday.

"While most are around 16 year of age, we also have taken on the occasional 12-year-old," said the Chief Page. He is celebrating his 33rd anniversary as a member of the pape staff.

"That first day I was proud as a Peacock when I walked up Parliament Hill, my suit over my arm," he recalled. "In those days we had to supply our own dress suits."

Clothing Headaches

Things have changed. This year every boy is being outfitted in a trim new uniform.

Clothing is on of the biggest headaches with the page staff, said Mrs. Desjardins. The boys insist on growing.

He recalled that one year when the pages came back after an Easter recess, the House of Commons tailor found it necessary to "let out an inch here, and inch there" in several of the suits.

Besides the Chief Page, his assistant, and a senior page, there are 12 boys on the staff.

Well before the opening of every session Mr. Desjardins interviews likely prospects. Those approved see the sergeant-at-arms, Lt.-Col. W. J. Franklin, for a second interview.

If the boys are going to school, they must obtain the go-ahead sign from school officials before taking the job which pays $2.50 a day for the full 30 days of every month the House is in session, plus an extra seven days' pay following the close.

Tom Thumb Rule

The "Tom Thumb" applicant usually is more successful at landing a page-boy job than his taller brother.

"The boys are constantly passing back and forth in front of the members and a tall boy would be too noticeable," explained Mr. Desjardins.

Getting to know at sight all of the 245 members of the Commons is a tough assignment for a grown-up. But it is all part of a page-boy's job.

"I insist all the boys on my staff address everyone older than himself as sir," said the Chief Page. "Please and thank you also must be used frequently."

Graduates from the page-boy staff just naturally seem to do well for themselves in later life.

Several have gone into government departments. A few made a name for themseles during the last war. Among these was Brig. E. M. Smith of Montreal, who commanded the 21st Army Unit of the Governor-General's Foot Guards overseas.

And there was a page who became a member of Parliament. He was W. H. White, Liberal member for Victoria-Alberta in 1908.

Craft's Last Message Cannot Be Released

KINGSTON, Jan. 24—(CP)—The last public message of Austin Craft, sentenced to be hanged here Monday for the prison-break murder of John D. Kennedy, a penitentiary messenger last April 26, was not delivered Sunday as scheduled.

Rev. C. K. Kay of the Free Methodist Church here, selected by the 47-year-old condemned man as his spiritual advisor, was to have read Craft's "last message" from the pulpit of his church.

Mr. Kay said today Sheriff C. H. Wood of Frontenac county was advised the reading of the message would be contrary to prison regulations and could not be allowed.

Games' Party Held

NORWOOD, Jan. 24 (ENS)—A games party was held by the members of Boys' Town on Wednesday night in the old town hall. Thirty-three boys were in attendance along with the Rev. R. D. Duncanson, newly appointed convener of the Recreation Committee of the Board of Trade.

Helicopter Crashes

LOS ANGELES, Jan. 24—(AP)—A helicopter carrying mail crashed in busy Macy Street Friday night. The pilot was killed instantly. F. E. Allan, superintendent of railway mail, identified the pilot as F. N. Slemmons. He was employed by Los Angeles Airways, a contract firm which flies mail between the main Los Angeles post office, municipal airport and various southern California cities.

Say Traffic Congestion Will Be Worse.

BY ALEXANDER GEORGE

WASHINGTON, Jan. 24 (AP)—The motor vehicle, biggest benefactor of the city, is producing the city's biggest pain in the neck.

And G. Donald Kennedy, Vice-president of the Automotive Safety Foundation, says "today's traffic situation is only a sample of what you can expect in five or 10 years."

Kennedy, former Michigan Highway Commissioner, has been studying traffic conditions in all parts of the United States. He says future traffic pressure will be terrific because of rapidly-growing city populations and increased use of motor vehicles.

On a single work-day some 390,000 vehicles enter the area of New York city lying south of 61st Street.

What does that mean in a busy commercial area only two miles wide and five miles long? A New York citizen's traffic commission pictures it this way:

"Think of these cars, trucks and buses travelling toward New York in double rank along two lanes of an express highway loaded to capacity. As the first two vehicles travelling abreast enter the city, the last two would be Cheyenne, Wyo., about 1,800 road miles away."

The New York Citizens Commission said that congestion "add a minimum of $1,000,000 daily to the costs of doing business in the city."

Traffic engineers figure that the citizens of Chicago are out of pocket some $105,000,000 a year because of congestion. The money is wasted in burning up gasoline during traffic delays, in property damage, wage loss, medical expense and insurance overhead resulting from accidents.

200 In Bondage

TOKYO, Jan. 24—(AP)—More than 200 children sold into bondage on farms have been rounded up and returned to their parents, the Kyodo News Agency reported Friday. It said most of the children, all under 15, came from poverty-stricken areas. The Japanese government, spurred on by occupation authorities, was pushing a general inquiry into the child slavery question.

Has 101st Birthday

RT. HON. ANTHONY EDEN, former British Foreign Secretary, chats with George Drew, national Progressive Conservative Leader, at the Thornhill home of George McCullagh. Mr. Eden addresses the Toronto Board of Trade this evening.

May Nationalize Light Operas

LONDON, Jan. 24 — (CP) — Nationalize "H.M.S. Pinafore," "Patience," "Iolanthe" and the Pirates of Penzance?"

Put Bunthorne, the lord high executioner, and Yum-Yum under public ownership like the coal industry?

It could happen.

Hannen Swaffer, London columnist, has suggested in the Daily Herald that the Gilbert and Sullivan light operas should be nationalized and thus protected from misuse when copyrights expire.

Copyrights on Sir Arthur Sullivan's music expire next year, 50 years after his death. Sir William Gilbert's glittering words will lose copyright protection in 1961 when—in Swaffer's words—"the entire operas will be at the mercy of vandals—unless parliament acts."

Government sources took the suggestion with caution, but agreed public authorities had an interest in safeguarding artistic works. They cited the government assistance given the Arts Council of Great Britain which is interested in good theatre as well as other artistic undertakings.

Say Change Taking Place In US Speech Pronunciation

By MELL MOST

NEW YORK, Jan. 24—(AP).—A change is taking place in United States pronunciation, following the same evolution in British, the Linguistic Society of America has been advised. Investigators discovered that, in actual speech the "h" is dropping out of words like "humor" and from "wh" (pronounced "hw") at the start of words like "whip."

The change is occurring in precisely the same words where Englishmen no longer pronounce "h" outside the north of England.

Raven McDavid, Jr., of Greensboro, S.C., preparing a linguistic atlas of the United States and Canada, reported the finding after a survey of Atlantic seaboard states.

He said the change seems to have started along the coast and to be spreading inland. In divided communities, it's the younger and more sophisticated who say "wip" or "whip."

The real Manhattan New Yorker (or Cape Codder) of today has no humor—so to speak.

What he says instead is "yumor"—although all around him in Brooklyn, Westchester County anl Jersey city (or Boston and Plymouth) people still say the "h."

No matter how you spell "whoa," in the Hudson Valley and from Midland Pennsylvania southward, horses stop to the "woa" while the vanishing equines of the New York Metropolitan area hear "hoa." Farther north it's mostly still "hwoa."

You can't teach your children really good English, Prof. Charles Francis Hockett of Cornell University reported to the society's year-end meeting. They learn their speech from older children, not adults, so better make sure of their company.

CONQUEROR'S GROUNDS

Blame Gang For Beating Toronto Girl

Held By 4 Youths While Girl Slashes Her Face

TORONTO, Jan. 25 — (CP) — June Mercer, 17, told police today that four youths held her in a dark lane last night while a girl slashed her face and beat her about the head and body.

Police said this latest outbreak in youth gang warfare likely was the work of the "Willowvale pit gang." They did not amplify. Willowvale pit is a park in Bloor Street near Bathurst in mid-town Toronto.

Miss Mercer said she was returning to her home when she was dragged into a lane by the four youths. When they managed to subdue her they instructed their girl companion:

"Okay. Let her have it!"

Miss Mercer said that during the beating the boys muttered such things as:

"She can't send our leader to jail and get away with it. Squealer. Stool pigeon." None of the attackers was identified.

Injuries Not Serious

The girl took a sharp instrument from her purse and slashed her victim about the face. It was not believed that Miss Mercer's injuries were serious.

Last week, six youths were sentenced to a month in jail and fines for an attack on a street car conductor.

As Miss Mercer swore out assault warrants against her five unidentified attackers a special meeting of Toronto's Board of Control was called to consider the problem of youthful offenders. There have been four such assaults since Friday.

Controller Allan Lamport said "we can no longer tolerate the violence and terror caused by these roaming...zoot-suiters."

Miss Mercer, slashed about the forehead, cheeks and hands, said the youths had sworn no mercy after they dragged her into the lane by the neck.

"On my way home from work I felt something sharp in my back and a voice told me to turn into a lane," she said. "I refused and they dragged me off the street by the neck."

"I pleaded with them to let me go but they just cursed at me."

She quoted them as saying: "This will be an example for others. There won't be any more squealers."

Then a car came up the lane and the "boys said 'Let's go' and threw me into the slush."

SOME OF THE 37 FIINS and Estonians who sailed from Sweden to Miami, Florida, "to escape Russian persecution," are shown aboard their 95-foot auxiliary schooner, the Eeva, at Miami quarantine station at the end of a 6,100-mile voyage. They arrived early Saturday and are being held pending legal action.

Walks Out In Pyjamas And Vanishes

Captured At Pt. Hope Last August Given Three Years

KINGSTON, Jan. 25 —(CP)— Daniel Morris Keller, 50-year-old former Toronto boxing promoter, who lived internationally in grand style for several years, before he was imprisoned for embezzlement last November, is on the loose again.

Also sought by San Francisco authorities on charges of grand larency and forgery, Keller last night walked out of the Kingston General Hospital where he had been transferred from penitentiary, to undergo an operation. Hospital authorities said he was left alone for a few minutes and disapeared about 11 p.m. EST.

The fugitive was clad only in prison-issue pyjamas and dressing gown and was on "temporary ticket of leave" in hospital for treatment. Warden R. M. Allan of Kingston Penitentiary said he was not guarded as temporary leave for hospital treatment is regarded as parole.

Penitentiary officials do not consider Keller as dangerous. Police think he may have received "outside help" since he could not travel far in pyjamas in freezing temperatures.

Given 3 Years

Keller was sentenced in Toronto last November to three years on nine charges of theft and false pretences involving more than $28,000. He faces 19 additional charges in the United States involving some $78,000.

The loudly-dressed promoter was arrested at Port Hope last August less than 36 hours after he stepped into a Montreal-bound aircraft at a Belgian airport. He blubbered and grovelled on the floor of the police car which brought him to Toronto.

Police in Toronto, home of Keller's wife, were warned to be on the lookout for the balding promoter. Border points were also being watched because police believe Keller has "considerable money" in the United States.

Born in the United States, Keller became a naturalized Canadian citizen in 1942. Included in charges against him were two counts of stealing $3,000 in cash from a Timmins man, Lawrence Levert, and $6,000 cash from William H. Learey, a Toronto citizen, both in 1946.

Arrested At Port Hope

Two Toronto detectives arrested the international fugitive in a tourist camp just east of Port Hope. Word had been received from Montreal that Keller had been recognized as he stepped from a transatlantic aircraft at

Worker Rescued

WINDSOR, Jan. 25—(CP).—Construction worker Mike Hecuck, 49, was rescued today from under hundreds of pounds of crushed stone. The man was buried for more than 10 minutes but managed to stay conscious throughout the ordeal. He was pulled through the unloading trap of a railway car when loose gravel shifted and dropped into a hopper of a continuous-belt loader under three feet of stone.

Dairy Council Asks Ottawa For Conference

OTTAWA, Jan. 25 — (CP) — The National Dairy Council today asked the government for a Dominion-Provincial conference on the dairy industry at the earliest possible date.

In a brief submitted to the cabinet, the council said it sought "clarification of the outlook for the industry" particularly in view of the recent supreme court decision permitting the manufacture and sale of margarine.

A statement issued by J. H. Duplan, council president, suggested that the conference consider the constitutional position of all existing legislation relating to the dairy industry.

The brief to the cabinet said:

"The opinions of the justices of the supreme court in reply to the reference by the government as to the constitutional validity of section 5 (A) of the Dairy Act, concerning substitutes for butter, would appear to imply that there is considerable doubt as to the validity of other sections of the act in question.

It suggested that the agenda for the conference include these subjects:

1. Examination of the constitutional position of all existing legislation relating to the Canadian dairy industry with particular attention to and emphasis upon the Dairy Industry Act and Regulations, the Food and Drugs Act and Regulations, provincial legislation relating to the dairy industry.

2. Examination of the over-all supply and demand outlook for milk and milk products, including the outlook for consumption of milk and milk products on the domestic market and ways and means of encouraging an enlarged consumption, and the outlook for dairy products from the standpoint of external trade.

3. Examination of dairy research activities being carried on by various government and other agencies and consideration of proposals to expand and co-ordinate this important work."

The brief pointed out that a similar conference was convened by the dominion government in November, 1918.

Plan Underground Factories Across Canada Defence Chairman Says

Dispersal Of Industry In Smaller Centres Boosts Safety Against A-Bomb; Carefully Organized If War Should Occur

By FORBES RHUDE

TORONTO, Jan. 25—(CP).—Canada already has made plans for putting plants underground, H. J. Carmichael, chairman of the Canadian Industrial Defence Board, said today in an address prepared for delivery to the Canadian Construction Association. He further advised that thought be given to dispersal of industries among smaller centres as a safeguard against the "atom bomb and fast - flying jet - propelled bombers."

"This trend toward decentralization has manifold benefits other than that of national security...."

"There is also the problem of underground location for plants, of such strategic importance that their destruction would be disastrous, already in the planning stage. Two of the necessary sites have been surveyed and selected for potential use when required."

"With the vast majority of the survey work developed and the necessary tests made, there will be a minimum of delay when the actual need arises, in immediately starting their construction."

Mr. Carmichael said a great number of defence problems are being considered, including that of standardization of equipment for the armed forces with that of the United States and Britain.

"An immediate change-over would involve expenditures running into hundreds of million of dollars. However, it is a real problem that will eventually have to be solved, and I can assure you it is receiving the consideration it is justly entitled to.

"The question of just what role our country can best fill in the event of another war is another subject that is receiving a great deal of consideration, and our importance as a possible producer, with our tremendous reservoir of important and critical war materials, could possibly transcend our value as a nation for putting forward a very large armed force in view of our limited population...

Defer Decisions

"Until such time as the north Atlantic Security Pact has been ratified by the various governments concerned, and a settlement, relative to the European Recovery Program, supplying military aid as well as reconstruction aid, has been definitely established, final decisions on these various phases will have to be deferred...

"The Industrial Defence Board, since its inception, has been quietly but carefully organizing industrial mobilization committees in all the industries vital to the successful carrying out of a war program from a defence standpoint, so that we will not be foound unprepared.

Canada's war potential is far beyond any possible demand of own armed forces could make upon it. It is therefore essential, if we are to make our ultimate con-

Cottage Burns Mother, 3 Children Die

ST. JANVIE, Que., Jan. 25 — (CP)—A 32-year-old mother perished Monday night with the three young children she vainly tried to save as flames destroyed a backwoods cottage near this Abitibi county settlement.

Screaming "I must save the babies," Mrs. Arthur Hamel broke from the grasp of neighbors and dashed into the flaming cottage. There she died with her children, Monique, five, Helene, four, and Guy, three.

The five broke out about 5.30 p.m., and it was believed the family was trapped in the cottage. Neighbors of the sparsely-settled district, attracted by the flames, rushed to help but the fire had gained too much headway.

With no water supply nearby, the would-be rescuers had to stand helplessly by as the cottage burned to the ground. Origin of the fire is unknown.

When the fire was out several neighbors searched the ruins of the five-room cottage but could find only the charred bodies of the mother and the youngest child.

Others trekked 40 miles to a lumber camp to tell Hamel of the tragedy and bring him back.

The house was only three quarters of a mile from St. Janvier and only a few hundred feet from the nearest neighbor.

An inquest was ordered later today.

Patrol Boat Captures Dragger From US

DIGBY, N.S., Jan. 25—(CP)—The United States dragger Araho, out of Portland, Me., was placed under 24-hour guard today after being captured by the Canadian patrol boat Cygnus.

Officials said the Araho was dragging illegally within the three-mile limit off the Digby Neck shore when captured near this Bay of Fundy port. Part of a fish catch was aboard the vessel.

Skipper of the 35-ton vessel is Capt. Reuben. S. Doughty. The dragger, which carries a crew of six, is reported to be owned by O'Hara Bros. Fisheries of Portland.

It was not immediately known what disposition would be made of the vessel. Meanwhile, she was under guard at the government pier.

A number of petitions protesting illegal dragging in the area have been sent to Ottawa during he last several months. Lobster and line fishermen complained U.S. draggers had been operating in the prohibited zone, causing damage to their gear. Breeding grounds also were being destroyed, they said.

It was said the draggers came into shore under cover of darkness and dragged within the three-mile limit, returning to the legal zone before dawn.

The Araho is believed to be the first U.S. fishing vessel to have been seized by Canadian authorities since 1915. At that time, the John J. Fallow was taken into custody for a breach of fishing regulations.

In a similar incident more than 50 years ago the American seiner David J. Adams was seized and laid up at Digby for two years before being sold at auction.

Red Patrols Reach Yangtze Offer To Discuss Peace

NANKING, Jan. 25—(AP).—A Chinese Foreign Office spokesman notified world embassies today that the seat of the Government was moving southward, presumably to Canton. The destination of the Government was not given in the announcement, which was made a few minutes after the Communist radio broadcast the Reds were willing to meet Nationalist peace envoys in Peiping.

The formal Foreign Office statement said:

"With reference to the transfer of the seat of the Government southward, the Ministry of Foreign Affairs, in accordance with the decision of the Government has this evening, Jan. 25, sent identical notes to Foreign Embassies and legations in Nanking."

The note followed the failure of the Government to get the embassies to move southward when they were notified Jan. 19 that certain ministers would be moved to Canton.

The formal notice of the Government's move was regarded as a further effort in that direction. One official source said the timetable for completing the Government's move would run to about the middle of February.

Broadcast Offer

The Red radio broadcast its offer to meet the peace envoys of the Government as Communist patrols reached the opposite bank of the Yangtze River.

A radio spokesman for the Communists said the talks could be held in Peiping as soon as that ancient north China city, taken Saturday by the Reds, "is completely liberated."

He said Acting President Li Tsung-jen's five-man peace delegation was acceptable to the Communists except for one member, Peng Shao-hsien. Peng was identified by the Red broadcast as a member of the strong rightist clique of the Kuomintang (Government) party.

Other members of the delegation are Shao Li-tze, Chang Chih-chung, Huang Shao-hsiung and Chung Tien-sin.

The Red spokesman listed "cetrain conditions" to which the Government must agree for the peace talks to be held. Among them were the right points laid down by Communist leader Mao Tze-tung on Jan. 14. Li already has said he would accept them—and they mean virtually total surrender.

Fear-stricken thousands clogged Nanking streets demanding tickets for the south. Trains were jammed. Various officials said their orders were to get out "by tomorrow at the very latest."

The main Communist body had not reached the opposite bank of the mile-wide river. Government offices, in many cases, were deserted except for the poor coolies. Everybody seemed bent on saving his skin and valuables.

To the confusion and traffic snarl was added heavy troop movements.

Chiang's personal troops were heading for his side down in Chekiang province.

Pilots Learn Sub Methods

OTTAWA, Jan. 25 — (CP). — Naval Headquarters announced to-day Canada has shipped a group of its crack naval pilots and observers to study submarine fighting methods at one of the biggest naval bases in the United States.

Headquarters said 12 of its Firefly aircrews, specializing in anti-submarine operations, are attending a five-week course at the US Naval Air Station at San Diego, Calif.

The course, which got under way on Monday, will be devoted in part to getting the pilots and observers familiar with anti-submarine equipment to be fitted shortly on the RCN's Firefly Mark V aircraft.

The new aircraft, manufactured in the United Kingdom, will be embarked on the Navy's carrier HMCS Magnificent, when that ship moves to a UK port next month.

Concurently with the San Diego sub-fighting course, another is being held at the Royal Navy's anti-submarine school at Londonderry, Northern Ireland.

Israeli Citizens Vote In First Elections

TEL AVIV, Jan. 25 — (AP). — Citizens of Israel voted today in the Jewish state's first elections.

It was a wartime election, with about 40,000 Arabs expected to participate. The returns were not expected to be announced before Friday.

The 400,000 Israelis expected to vote today will choose 120 members of a constituent assembly which will draft the state's constitution, set up a government replacing the present provisional regime, chart a course of peace or war and in general lay what is intended to be the permanent foundation of the new Jewish state.

Give $100,000 Save Livestock

CHICAGO, Jan. 25 (AP) — More emergency funds for the storm - stricken western plains states were sought in the United States Congress today as airplanes flew over the snow-covered range lands dropping hay to thousands of starving cattle and sheep.

The first cash aid for the blizzard-swept areas came yesterday from President Truman, who made available $100,000 for immediate aid for snowbound Indians and livestock.

The funds are for relief in the Dakotas, Nebraska, Utah and Nevada—the areas which have been hit by severe snow storms and cold weather for the last several weeks. About 1,000,000 sheep and tens of thousands of cattle are stranded in the desolate areas of the western ranges.

Stockmen described the air force operations a 100-per-cent success. The first of the big "Flying Boxcars" carrying five tons of hay dropped the food for 10,000 sheep on three ranches in a 200-mile radius.

There was no heavy snow in the storm area today but cold weather continued. The mercury was below zero over the Dakotas, Colorado, Utah, Nebraska and also in Montana and Wyoming.

Free Lands Must Co-operate Then Will Beat Reds—Eden

TORONTO, Jan. 24—(CP)— Rt. Hon. Anthony Eden, Deputy Leader of the British Conservative party, lashed out at Communism Monday night as a "fanatical ideology" directed from Moscow against freedom-loving peoples everywhere.

The "free nations on either side of the Atlantic must work and plan together to the fullest extent of their power" to combat Communism, he told 1,300 members of the Board of Trade.

"They must work together . . . in the political, the economic and the military spheres.

"The closer they are collectively the safer will they be individually.

Urging the western world not to underrate the menace of Communism, he said "If we of the western democracies are to prevail we must match their frenzy with an even deeper devotion to the faith we hold."

Mr. Eden, Britain's wartime Foreign Secretary, is on a cross-country tour which will take him also to Winnipeg and Vancouver.

Touching on offairs in Britain, the Deputy Leader of the Opposition party said that although political parties there have their differences the overwhelming majority of the British people hold tenaciously to our free way of life."

"We dispute our differences . . . think our thought . . . cast our votes by ballot.

Returning to conditions in Britain, Mr. Eden said the peoples of North America and Britain now are in an "uncomfortable trade jam."

He suggested the "currency jam" might be overcome if the North American dollar countries would invest more in the sterling area. Prior to the second world war as much as two-thirds of Britain's trade income came from such foreign investments, he said. The same could be brought about again and would aid immensely the present balance of payment difficulties for both Canada and Britain.

Seized By Immigration Men Gieseking Cancels Tour

NEW YORK, Jan. 25—(AP).—Seized by immigration agents and facing an exclusion hearing, German pianist Walter Gieseking has cancelled a protested American and Canadian concert tour and is leaving the United States voluntarily today.

He was held in custody overnight, and his agents said they had booked passage for him on a plane leaving for Paris about 10 a.m.

A number of Jewish groups and others had protested Gieseking's admission to the United States because he played before Hitler and performed in Germany throughout the Nazi regime. The pianist denied he ever was a Nazi.

Gieseking was picked up by immigration officers Monday, a few hours before a scheduled recital at Carnegie Hall.

The concert and the tour were cancelled at the pianist's direction after his seizure, but a crowd estimated at 5,000 milled around the hall and police had to break up a number of scuffles. Several groups picketed the concert before the cancellation was announced.

Gieseking agreed to leave after a hearing was called to determine whether he should be excluded from the country, the Department of Justice announced in Washington. The pianist arrived in the United States last Saturday.

A spokesman for Gieseking's agents in New York said the pianist decided to cancel his tour and return to Europe immediately when he learned that immigration hearings would take several weeks.

The hearing, now called off, had been scheduled to determine whether Gieseking "had any previous political connections in pre-war Germany which would render him inadmissable to this country."

Elizabeth Has Dose Of Measles

LONDON, Jan. 25—(Reuters)—Princess Elizabeth is suffering from measles, it was officially announced today.

The announcement said the attack was taking an ordinary course.

The Princess is at Sandringham, Norfolk, with baby Prince Charles.

Princess Elizabeth had been feeling unwell for the last two days. Dr. J. N. B. Ansell, assistant to Sir Frederick Willans, surgeon apothecary to the household at Sandringham, was called in and today diagnosed measles.

Breathes For His Dog Saves Animal's Life

KANSAS CITY, Jan. 25—(AP)—Robert Jackson breathed for his dog—and helped save the animal's life.

The dog, named Boy, was struck by an automobile Monday. The animal suffered a six-inch chest laceration and five broken ribs. A lung was exposed.

Jackson took the dog to Dr. Deets Pickett, a veterinarian. While the veterinarian joined the ribs with silver wire nd closed the wound, Jackson forced air into Boy's lungs through a tube.

He stuck with the job on the makeshift respirator for four hours until the surgery was complete.

Mother, 2 Sons Escape Flames

LINDSAY, Jan. 25—The service station of Russell Graham, on Colborne East, was completely gutted by fire Monday afternoon. Three living rooms overhead were gutted, and only a few articles of furniture saved.

Mrs. Graham and two young sons, Douglas and Bobby, aged 4 and 5 years, were in the bedroom at the time, and the mother just managed to get the kiddies downstairs before the apartmen filled with smoke.

A small grocery store at the rear and other living quarters were damaged by smoke and water.

A tractor belonging to Ernest Corley and a car owned by Vincent Murphy were destroyed in the fire. The estimated loss is $8,000.

Police Now Believe Jump Injured Woman

LONDON, Ont., Jan. 25—(CP)—Mystery of the birthday celebration that ended in death for Mrs. Ruth Paige appeared solved when, police said, they now believed she received her injuries in leaping from the car of a male companion.

William Edmunds, 30-year-old salesman, walked into police headquarters today and told a story of the 28-year-old mother of three children jumping from his auto while he was driving her home from a dance hall.

"I am satisfied with the man's story," said Detective-Inspector William Snell. "I believe that is how Mrs. Paige was injured to the extent that it caused her death."

The first break in the case was sudden as well as bizarre, because only Monday night police said they thought the woman's severe injuries could only have been caused by a vicious beating.

Tribunal Says Belcher Took Gifts

Received No Money But Used Influence To Assist Donors

LONDON, Jan. 25— (Reuters) —John W. Belcher, a government official, performed services for business men in exchange for gifts, a tribunal reported tonight.

The report of the tribunal which investigated allegations of corruption among government officials said that although Belcher, who resigned as Parliamentary Secretary to the Board of Trade during the hearings, accepted gifts, no money had been paid to him or any other government official.

The report also cast blame on George Gibson, former chairman of the Trades Union Congress, who resigned from his directorship in the Bank of England during the inquiry.

Sydney Stanley, football-pool primoter and key figure in the inquiry, was described as "a man who will make any statement, whether true or untrue, if he thinks that it is to his own advantage so to do."

Special Tribunal

The special tribunal was set up to investigate allegations concerning import licences for fairground machinery, an application for a building licence, a football-pools capital stock transaction, and an increase in paper allocation for a football pool.

The report said the allegations which caused the inquiry to be set up were "largely the result of the statements and activities of" Stanley, a stateless alien.

Eight other members of Parliament and public servants, including Works Minister Charles Key and Hugh Dalton, Chancellor of the Duchy of Lancaster, were cleared of any suggestion of graft in the 40,000-word report.

The report said it was "satisfied" Stanley paid for Belcher and his wife's stay at Margate during the Labor Party Conference in 1947 and made Mrs. Belcher a present of a gold cigarette case and other gifts.

These were made by Stanley to secure quick and favorable consideration by the Board of Trade or other ministries of any application that Stanley wanted approved, the report added.

Belcher accepted Stanley hospitality and gifts "knowing the purpose for which they were made."

Withdrew Prosecution

The report charged that Belcher decided, because of Stanley's gifts, to withdraw prosecution by the Board of Trade of Sherman's pools, third largest football pool in Britain, because of infringement of paper regulations.

The report added that the inquiry was satisfied that Stanley did not seek or receive any assistance from Belcher concerning a building licence for a block of offices or obtaining import licences for obtaining fair-ground machinery.

The report added that Stanley offered Gibson a chairmanship in a new company to induce him to use his influence to obtain the Treasury's recommendation for a public issue of shares.

"Although for other reasons he (Gibson) refused this offer" he continued to assist Stanley to get permission for the issue and in "any other enterprise" in which Stanley sought his help.

"We are satisfied that Mr Gibson did this in the hope of material advantage to himself, although, in fact, all that he received apart from some trivial gifts was the present of a suit of clothes," the report said.

Predict Election in 8 Months

OTTAWA, Jan. 25—(CP).—The Advisory Council of the National Liberal Federation today began plotting its strategy for a general election which some of its members feel may be called within the next eight months, if not "sooner." Though there has been no "tip-from the Government, high party sources said the council is whipping its organization into shape on the supposition that the next election—it is due before July, 1950 — will be held within the eight-month period.

The council opened its annual three-day meeting Monday with 180 delegates, 20 from each of the nine provinces, in attendance. It closes Wednesday, just as the Government opens what may be the last session of this parliament.

All the council's sessions are held behind closed doors, except tonight's annual banquet at which Prime Minister St. Laurent will deliver the main address.

Given Warning

The delegates had before them the warning by Rt. Hon. William Lyon Mackenzie King at last August's national convention that the party would suffer defeat if an election were called on short notice.

The council will study and pass to the government resolutions sent in by regional party groups in the provinces.

These will include a resolution that calls for wider representation for women in the Senate and on the Civil Service Commission and the Board of Pensions Commissioners and another dealing with employment and a high standard of living.

Both were tossed out by the national convention.

Charles Duranceau of Montreal, national president of the Young Liberals announced a meeting will be held Feb. 5 at Kingston to organize a Central Ontario Young Liberals Federation.

Nazis Captured Invasion Plan

HEIDLEBERG, Germany, Jan. 25 (AP)—The Germans captured the Allies' Normandy invasion plan in 1944, but muffed their opportunity by not getting the document back to their commander in time.

This was revealed today by Lt.-Gen. Clarence Huebner, chief of American ground forces in Europe. He related the incident to stress the importance of speedy communications in combat.

Explaining that the plan had been captured on the Omaha beachhead in the initial phase of the Normandy landing, Huebner said: "Had that paper been recognized for its true value the entire outcome of the war might have been different."

As it was, he continued, the Germans sent the document through normal channels and it did not reach Field Marshal Gerd von Rundsedt until 30 days later. By that time the Allies had a firm foothold on the French coast and the document was virtually valueless to the Germans.

Some Doubt

WASHINGTON, Jan. 25 (AP)—Reports that the Germans captured the Allies' Normandy invasion plan in 1944 brought headshakes of doubt from some high army officers Monday.

But all the army department would say officially is that it is checking and is unable to say at this time whether the report is true or not.

tribution in a complete all-out war effort, that the needs of our allies in the United States, Britain and Western Europe, shall be properly co-ordinated into an overall plan whereby those items of war equipment required will be manufactured where the raw materials are available and trained personnel and industrial facilities are most suitable for speedy and economical production.

Careful Study

"At this planning stage it is most important that programs being contemplated are carefully studied to make sure that the facilities that exist are fully utilized before any new facilities are built...."

"From an industrial standpoint, we are in a strong position than ever before in the history of our country. Not only have all the war plants been completely absorbed into our domestic economy, but the expansion which has taken place since the end of the last war has been two or three times greater than that which actually took place under the stimulus of war production...."

Mr. Carmichael further commented:

"Stalin has publicly stated not once but many times, that Communism and the democracies can never exist peacefully together, and the aims and objectives of his party are the destruction of this free enterprise system which has made the North American continent the finest and most prosperous country in the world to live in for all types of classes of people....

"For the time being it appears that we have halted the influence of the Communists as far as western Europe is concerned, but in the Far East the situation at the moment is anything but encouraging...."

WINNIPEG GRAIN

WINNIPEG, Jan. 25 — (CP) — Barley showed independent strength in early trade today on the Winnipeg Grain Exchange as support came in from shippers and processors, and offerings continued light.

Oats prices eased off under selling by American interest as well as commission house offerings prompted by weakneses at Chicago.

Commission house selling and indifferent support contributed to declines in rye. Flax was not open.

10 a.m. prices:

Oats—May ¼ lower at 72¾; July ¼ lower at 70½B; Oct. not open.

Barley — May ¼ higher at $1.07¼B; July not open; Oct. not open.

Rye—May 1½ lower at $1.51⅝; July not open; Oct. not open.

Flax—Not open.

TORONTO FRUITS

TORONTO, Jan. 25 — (CP) — Wholesale fruit and vegetable prices here today are unchanged.

A few good local lambs sold at $25. No sheep were offered.

200 Toronto People Injured By Storm

By The Canadian Press

Freezing drizzle expected to give way today to light snow continues to make highway travel difficult in southern Ontario and in the Montreal and Ottawa areas.

Southern Ontario, along the rim of the Great Lakes, was hit by drizzle which froze as it fell and coated road surfaces. More than 200 Toronto residents were given hospital treatment for street falls.

In the western United States, vast areas are floundering in deep drifts, while Canada's Pacific Coast, usually enjoying balmy weather at this time of year, shivers in below-freezing temperatures.

A storm moving down from Alaska was expected to bring warmer weather to the lower British Columbia mainland. In Vancouver Monday, thermometers dropped to an early-morning low of 12 above zero.

Expect Blood Service Operating By April

TORONTO, Jan. 25 (CP)—The Canadian Red Cross Society expects to have its national blood transfusion service operating from coast to coast by April, despite opposition from hospitals in Ontario and Quebec.

The service—begun in British Columbia early in 1947 — is designed to supply blood free to every patient requiring transfusion service. The scheme is administered by the Red Cross in co-operation with provincial governments and the hospitals. The governments will make an annual grant to aid the handling and administering of the blood and the hospitals will supply the blood and manage the transfusions without charge.

This latter qualification met opposition in both Toronto and Montreal where large hospitals for 10 to 12 years have maintained large-scale blood banks.

S. W. Martin, secretary of the Toronto Hospital Council, explained why the council recently objected to the scheme in Ontario.

Licence Shakedown Run From Toronto

TORONTO, Jan. 25—(CP) — A Toronto paper says today a downtown Toronto business man is the master mind behind liquor licence "shakedown" activities in Ontario. The paper says this claim was made by an informant in close touch with an investigation started Monday by the Liquor Licence Board of Ontario.

The board heard evidence at a closed session on reports of attempts to collect money from applicants in the Niagara Falls area. It is reported the investigation may extend to other parts of the province.

The Telegram said that in one Niagara Falls case, applicants were referred to a Toronto man who called on them and mentioned the sum of $200, plus tips. Its informant also said that up to $800 was being asked of some applicants with the promise of help in getting their licences.

Train Hits Car 2 Men Killed

WINDSOR, Jan. 25 (CP)—Two Tilbury men were killed today when a Canadian Pacific Railway train crashed into an automobile at an east side crossing.

The dead: Robert L. McLean, 38, and Gerald Markel, 34.

The men were sitting in the front seat of the car which was demolished. It was some time before police were able to make identification.

The accident was the fourth within a year at the same crossing. In each case the same train, the Michigan Express, No. 635 was involved.

Mrs. Henry Dunn, who resides in a small cottage on the north side of the single track C.P.R. main line was one of the first at the death scene. She said she always notices the daily passage of the train "because it makes a lot of noise."

Mrs. Dunn said the sound of the whistle and bell of the locomotive was easily heard today but she also thought she heard the sound of a crash. "I was nervous so went out and looked....it made me sick."

She said she stopped a passing motorist and asked him to call police. Asked if the train was travelling fast, Mrs. Dunn said, "I didn't notice but they usually go by here pretty fast."

Prices Slip Downhill In Moderate Dealings

TORONTO, Jan. 25 — (CP) — Prices slipped slowly downhill in moderately active dealings here today. Base metals lost their early firmness to slide into lower ground and golds sagged under mild selling pressure. Industrials moved in a narrow fractional range and western oils held steady in dull action.

Volume for the first three years was 562,000 shares, about 131,000 shares more than yesterday's similar period.

Base metals opened on a continuation of yesterday's strong upward movement but dipped as mild profit-taking became evident. Pend Oreille and Reeves Macdonald, strong yesterday, were down 10 and five cents respectively. Waite Amulet added ⅛ to 13⅞ following announcement of assay results from the property in the Rouyn district, Northern Quebec.

Several steels brightened in the industrials and Dominion Bridge climbed ½ to a new high at 34. Federal Grain Pfd., added $1 at $116 and utilities and liquors were down.

United Keno Hill was strong for a new high at $2.85 in the golds. Dome, Lake Shore and Wright-Hargreaves slackened in the seniors.

RATES RAISED

Membership and dormitory rates were raised by the directors of the YMCA at a meeting Monday morning. They felt that because cost of operations had more than doubled in 10 years, raising the rates on these two items, was justified.

St. Luke's Burns Mortgage At Vestry Meet

Burning of the mortgage on the rectory was the highlight at the 13th annual vestry meeting of the parish of St. Luke's, Ashburnham, Monday evening. Alex Butcher, W. C. Hughes, J. S. Mason and Gordon Manlece took part in the ceremony. All the organizations in the church were well represented. Rev. Walter Gilling presided and opened the meeting with the prayer for the parish.

Parish activities were covered in the Rector's report and progress shown in all departments.

Report of the Wardens, dealing with the finances of the parish, was read by Gordon Manlece, the people's warden, Herber Rogers being absent through illness. The financial report showed that St. Luke's Church was free of all debts.

Reports of the parish organizations were given as follows: Report of the W.A., Mrs. J. J. Turner and Mrs. D. Wyatt; Church Year, Mrs. W. King and Mrs. A McIlvens; Chancel Guild, Mrs. C. Hamilton; AYPU, W. King, Jr.; Boy Scouts, Henry Nokes and E. MacDonald; Wolf Cubs, W. King, Sr.; Brownies, Miss F. Legon and the Breakfast Club, Gordon White.

Officers were chosen: rector's warden, John Gemmell; people's warden, Roly Krant; lay delegates to Synod, G. R. Langley, R. H. Parsons, J. S. Mason; alternate lay delegates, A. Butcher, C. Hughes, W. King; delegates to great chapter, Gordon Manlece, Ernest Lee, John Rogers, D. Wyatt, Fraser Watson; advisory board, the rector, the church wardens, lay delegates to synod, representatives of parochial organizations, E. MacDonald, A. Butcher, E. Lee, Ross Greenley, Gordon Manlece, S. Pammett, C. Hughes, F. Watson, J. Trennum, E. Perase, Heber Rogers; Mesdames G. Manlece, J. J. Turner, D. Wyatt, John Rogers; sidesmen, William Hill, Ross Greenley, A. Butcher; vestry clerk, Roy Davidson; envelope secretary, J. Trennum; auditors, S. Pammett, E. MacDonald; Anson House representative, Mrs. W. J. Gilling; nominating committee, G. R. Langley, R. H. Parson, E. Lee, A. Butcher, C. Hughes; deputy wardens, D. Worboy and Gordon White.

Before the close of the meeting, votes of thanks were expressed to workers in all organizations.

Divorce Ring Indictment

NEW YORK, Jan. 25—(AP)— Ten persons were indicted Monday on charges of taking part in a fake divorce evidence ring which allegedly staged phony bedroom scenes and gave false testimony in court. District Attorney Frank S. Hogan disclosed existence of the alleged ring last November after the arrest of two men and the 20-year-old mother of three children. Adultery is the only ground for divorce in New York State.

Six War Veterans Are Pall-bearers

Funeral service for the late William George Hewitt, 53, of 1001 Water St., who died in hospital on Friday, was held on Monday at the Kaye Funeral Home. It was believed that death was due to exposure from cold. The Rev. Dr. J. R. R. Cooper of George St. United church, officiated and pall-bearers were A. Wagstaff, W. H. Yelland, F. P. Burke, W. J. G. McNabb, A. McBride and M. G. Read, all members of the Canadian Legion, Branch 32. Burial was at Little Lake cemetery.

Mr. Hewitt was born at Boskung, in Haliburton county, son of the late John Hewitt and Clara Johnston. Before coming to Peterborough he lived near Fraserville. Besides his wife, the former Della Bidgood, he leaves six children at home. There are four sisters and three brothers.

He was an adherent of George Street United Church. During the First World War he served with the 252nd battalion.

Safety Policeman Dies

TORONTO, Jan. 25 — (CP)— George A. Wilson, 70, member of the Toronto Police Department for 29 years and known as the "Safety Policeman" died here on Monday. Since his retirement in 1932 he had lived in Shelburne. Noted for his work among underprivileged boys, Mr. Wilson frequently intervened to save a boy from a jail sentence.

Union Street House WhereChickensFound

It was reported in The Examiner on Monday, regarding the conviction of Leo Buett for retaining stolen chickens, that police had made the arrest when the accused was found with them at 294 Townsend St. The Examiner has since been advised that the offence of having the stolen fowl did not take place at that address. The arrest was made following a complaint that Buott had the chickens at an address on Union St. The Townsend St. address was not connected with the offence.

Police Radio System Trips Car Theft Suspect

Hamilton Pair Arrested On City Street

Effectiveness of the Provincial Police radio system in the apprehension of suspects was illustrated in the city Monday night, and today Mervin Robbins, 23, and Miss Betty Ryckman, 18, both of Hamilton, are en route to Guelph to stand trial for car theft.

Provincial Cpl. Lloyd McClure and Prov. Constable Emmett Crough were driving on McDonnel St. shortly before six when they were attracted to a parked car with an out-of-town license. McClure noticed the driver was tinkering under the dashboard, and when he spotted the police car, he ducked out of sight.

The police drew alongside, and questioned the driver Robbins, who said he owned the car and that he lived at 40 St. Matthews Ave., Hamilton. He said the girl was his wife of the same address. When asked for his driver's license, he claimed a hitch-hiker whom they had left off a few minutes before had stolen his wife's purse, in which the license had been carried. While Crough remained talking to the two, Cpl. McClure radioed the license number to district eight headquarters, and within two minutes a message came back from Toronto saying the car was owned by a man in Guelph.

In the meantime Constable Crough walked over to the police car, and the man and woman jumped out of the car and ran, with Crough in pursuit. Just at that time Guelph police cut in on the radio to say the car had been stolen a week ago, in that city. It took but a few minutes to collar the two, and they were taken to the city police station and locked up. When they were searched before being put in the cells, their correct names were obtained from papers on them.

Commenting on the incident, Cpl. McClure said "That's a perfect example of the effectiveness of police radio. We would have brought them in anyway for questioning, because there was no driver's license, but the radio gave us positive reasons for arresting them."

Guelph police took the pair to that city today, on warrants for car theft.

Conservatives Planning Verbal Battle

By D'ARCY O'DONNELL

OTTAWA, Jan. 25 (CP)—Progressive Conservative members of the Commons are due to meet in closed caucus again today to sharpen up their verbal fighting equipment for the session opening Wednesday.

The members held their first formal meeting yesterday with their first formal meeting yesterday with their new leader — George Drew—but exactly what transpired was shrouded in secrecy.

There were indications, however, that out of the discussions would come oral blasts for use against the government and some of its legislation. Mr. Drew, elected to the national leadership at a party convention last October, indicated that some of the first blasts may be fired by himself.

He said that in a meeting with Prime Minister St. Laurent Monday no agreement was reached on the procedure to be followed after the Commons opening. This was interpreted as meaning that a major debate may occur on procedure on the floor of the Commons.

Mr. St. Laurent said some time ago that it was hoped party leaders would agree to adjournment of the throne speech debate after they had spoken to permit passage of the legislation providing for Newfoundland's entry into confederation. Target date for union has tentatively been set for March 31.

Since agreement was not reached with Mr. Drew, the question may be fought out in the Commons.

Mr. Drew said his party is ready for a federal general election whenever it may come. The government did not inform him on the likely election date, but he had seen where Trade Minister Howe had predicted an election in a few months.

Walks Out

Continued from Page 1

Dorval, Que. It was learned he was driving west in a 1947 model Cadillac, bearing a California licence plate.

With this knowledge the detectives scoured highway tourist lodges and camps when they pulled up at cabins between Port Hope and Cobourg, the high-powered car with the U.S. plates was the giveaway which resulted in Kelleher's arrest. He offered no resistance when police walked in on him in the cabin.

Police said a passport seized when Keller was arrested showed that he had been in Belgium and flown from there to London. He proceeded to Montreal and only three weeks previously was known to have been in California.

"He moves fast, this fellow," said Sgt. of Detectives Bert Mace at the time. "We've been trying to catch up with him for two years now."

Faked Illness

Prior to taking Keller to the cells police said it was necessary to take him to hospital for observation. He was apparently overcome by a seizure and slumped to the floor of a restaurant where he was being fed, but hospital authorities were unable to detect any signs of illness.

Police said he had feigned illness before and "we were convinced that he was just putting on an act."

At the police station he was still whining, his trousers all but falling off and his face smudged with dirt, as he was half-dragged, half-carried to his cell.

Before his escape Monday night police had hoped they had put a finish to Keller's spree of hotels, trans-ocean flights and high-powered autos.

Police said Keller operated the "Dan Keller Equipment Company," dealing in bulldozers and steam shovels. They said he accepted down payments for the machines and failed to deliver them or return payment.

Horticulturists Re-elect Mrs. G. K. Fraser

Activities of the Peterborough Horticultural Society showed a 50 per cent increase during 1948 over the previous year, reports at the society's annual meeting showed on Monday night. Mrs. Gordon K. Fraser, president, was re-elected to head the active group for the coming year.

Receipts in 1948 totalled about $2,700, compared to $1,800 in 1947 it was reported. There was about $48 balance after payment of the many projects carried on, which included a large flower show and moves to beautify the city.

Dr. A. J. Madill reporting for the committee on the scenic drive, said the competition was keen among housholders along that route. The award for the most improved grounds went to the late S. E. Curry of 601 Bolivar Street.

Presentation of the Braund Trophy, awarded to the industrial plant in the city for the best-kept grounds, was made to the Canadian General Electric Company for 1948. Ernest Braund made the presentation at the meeting to J. E. Girven, CGE works manager.

D Emery, reporting on beautification measures, noted work which had been done at the intersection of Highways 7 and 28, and some points in the city at which the society was active to improve appearances.

J. Buckley reported that the junior horticulturists had greatly improved and had increased its membership during the year. Arnold Butcher said that a slight decrease in membership in the senior society was shown.

Mrs. A. Butcher reported on the lawns and gardens.

Plans for the coming year include work on a larger and better flower show, said C. Bacon, for the show committee. He said it was planned to improve on the 1948 show, which had been most successful. The number of entrants will be greater this year, he said.

Other officers named at the meeting were: First vice-president, Arnold Butcher; second vice-president, Clarence Bacon; secretary-treasurer, W. C. Wilks; directors, Mrs. A. Butcher, Mrs. F. Curtis, Mrs. A. Baker, Mrs. I. Williams, J. Buckley, J. Riddem, D. Emery, J. A. Smith, L. Ritchie, A. Lee, K. Kemp; associate directors, Mr. and Mrs. A. Maynard, Mr. and Mrs. C. Pilon, G. Lupton, Mrs. William Addyman.

A flower guessing contest was won by Mrs. C. Baker and Mrs. Fred Brown

Entertainment was provided by a vocal and instrumental group from the Salvation Army under the direction of Ben Smith. Refreshments were in charge of Mrs. W. Gracie.

Truro Drama Players Win Group Honors

HALIFAX, Jan. 25.—(CF). — Literary Players Guild of Truro, N.S., won top group and individual honors from two other competitors here Monday night in the Nova Scotia sub-regional Drama Festival—first of several Dominion-wide regional presentations leading to the Dominion final in Toronto in April.

The Maritime provinces are drawn up as one section by Dominion Festival officials. Regional adjudicator Robert Seaight of London, moves on to Charlottetown where he will hear the Prince Edward Island Festival Wednesday and will conclude the Maritime section Friday and Saturday when he hears New Brunswick groups in Saint John.

Howe Prepared To Spend Billion On Public Works, If Things Slack

By FORBES RHUDE

TORONTO, Jan. 25—(CP).—Canadian Federal, Provincial and municipal governments should get ready to spend $1,000,000,000 in public works if things slacken off, Reconstruction Minister Winters said Monday night in a speech prepared for delivery to the Canadian Construction Association annual meeting. However, he looked forward to continued high activity in 1949, with 1950 more uncertain.

Fully-planned projects exceeding $100,000,000 have been assembled, he said, but much remains to be done.

"We would like to have a shelf of at least $300,000,000 of worthwhile federal projects. If Provinces and municipalities would plan to build a proportionate shelf, this would mean a total of potential public projects of about $1,000,000,000.

Worthwhile Cushion

"Not until such a goal is reached can we really speak of a worthwhile cushion. If all governments and industry have the same aim in mind it should not be difficult to get together at an opportune time."

He said more than 275,000 houses have been built in Canada in the last four years, almost 100,000 of them either directly by the government or with government financial assistance, mainly under the National Housing Act. In 1948 some 83,000 units were completed and more are expected this year, with 11,000 expected under government rental housing, compared with 9,000 in 1948.

"To a large extent the success of our rental housing program depends on provincial and municipal co-operation, particularly with regard to assembly of serviceable land. We have found serviceable land for housing purposes becoming more and more scarce.

"Provincial and municipal governments are aware of these needs and I am hopeful that mutually satisfactory arrangements can be worked out, so that the veterans' rental housing project can go forward without any hitch.

Some Checks

"The construction industry cannot undertake more projects than can be carried out with the available number of men and quantity of materials. . . contractors can use their resources to undertake more business construction or build more houses. They cannot do both at the same time.

"If more houses are built at the expense of reduction in the volume of business construction, it means we cannot have the jobs and the income which would have followed the completion of these jobs.

"But fewer jobs and less income mean fewer people being able to afford new houses or rent new apartment or even requiring them . . . . what we need is a balance between business and housing."

Says Communism Won't Gain In India

COBOURG, Jan. 25—(ENS)—Communism would have difficulty progressing in India because of the religions of that country and the intense individualism of the people, Capt. C. H. Patten said at the luncheon meeting of the Rotary Club. Capt. Patten was for 20 years in the British civil service in India.

The speaker said that India would remain linked with Britain because so much British capital was tied up in the country, because of British traditions there and also for the reason that the country was afraid of Russia. The religious problems of India were gigantic and had kept India down for generations, being the cause of much slaughter between Moslems and Hindus. They were all schisms from the three main religions of that country, he said.

Ghandi's influence would live on, Capt. Patten said. He had been able to overcome the caste system and it was breaking down slowly. Ghandi was a saint and his influence over the people would not subside now that he was dead.

Pleads Guilty Stole Chickens

COBOURG, Jan. 25 — (ENS) —Roland Rowe of R. R. No. 1. Camborne, age 35, pleaded guilty in police court yesterday to theft of chickens from Russell Fitchett of Vernonville on January 13. He was remanded for sentence to next Monday. A like charge against Bruce Black of Port Hope was withdrawn. The theft was investigated by Provincial Con. who said that the chickens were sold to a dealer in Peterborough by the accused.

Babies Win Cups

COBOURG, Jan. 25 — (ENS)—Six children received silver cups in the baby popularity contest conducted by the Rotary Club in connection with the Rotary Show in Cobourg Opera House. First prize in the boys' section was Jackie Jackson; 2nd, David Randall and 3rd, Paul Guy. In the girls' section, first prize winner was Linda Skitch; 2nd was Llanda Crossen an d3rd was Gail Holland. The Rotary show drew go to the crippled children's work of the club.

Professional Director

LONDON, Ont., Jan. 25—(CP) —St. Marys Little Theatre, newest in the Western Ontario Little Theatre groups, is to have a professional director for its first production. Roy Irving, Irish actor who came to this continent last winter with the Dublin Gate Theatre Company, and at present in New York, is expected in St. Marys on Feb. 7 to train the first cast.

Rotarians Hear District Governor

CAMPBELLFORD, Jan. 25—(ENS) — Rotary Club was host to District Governor Ed. Simmons of Trenton on Monday night who was guest speaker. He based his remarks on the objects and aims of Rotary and urged that service be put above self.

He said Rotary International in Chicago was big business. In efficiency it compared favorably with the largest industries on the continent. "It controls 181 Rotary districts throughout the world and yet, the surface has hardly been scratched."

Mr. Simmons described the Rotary conference in Quebec City where 159 governors from practitcally all parts of the world assembled to discuss Rotary problems.

"The meeting cost $120,000 but this was small price for what was accomplished in international goodwill and service," he said.

The Rotary Foundation Fund was inaugurated 30 years ago, he said. The year of its inception $52 was contributed "but today it realizes almost $1,100.000 and with the addition of the Paul Harris memorial fund it surpasses the $2,000,000 mark."

The purpose of this fund was to provide means for the exchange of students from one country to another. "In this way the countries of the world will be brought closer together in he concluded.

Rotarian H. R. Longmore introduced the speaker and Rotarian A. D. Bennett moved the vote of thanks. President Bill Brady was in the chair.

Norwood Native Dies In Campbellford

CAMPBELLFORD, Jan. 25 — (ENS)—The funeral of Mrs. Thomas Clayton Rowe, 64, took place on Monday from the residence of her son Harry, Front St. The service was conducted by the Rev. D. White and burial was in Mount Pleasant Cemetery.

The pallbearers were Otto Sarginson, William Cochrane, Earl McDonald, Cecil McConnell, Corey Haynes and Harold Gardner. The flower bearers were Raymond, Clayton, William and Robert Hannah, Welfred and Edward Whatman, Ronald Gardner. Donald Haynes, all grandsons; and Don McGregor, Art. and Harry Redden, Clarence Manning and Gordon Jacobs.

Born in Norwood, she was formerly Mabel Redden, daughter of the late Mr. and Mrs. Rubin Redden. She lived in Campbellford for about 50 years and was a member of the United Church

Surviving besides her husband are three daughters and three sons: Mrs. Corey Haynes (Pearl), Trenton; Mrs. Evelyn Hannah, Belleville; Mrs. Harold Gardner (Helen), Brockville; and Thomas, Harold and Harry of Campbellford; three sisters and two brothers: Mrs. Roul Easton (Eva), Toronto; Mrs. Ryan (Gertie), Vancouver; Mrs. Kitts (Ottelene) Toronto; Charles and Redber, both of Toronto; and twenty-five grandchildren.

Bylaw Delayed

COBOURG, Jan. 25—(ENS)—Passage of a by-law in Northumbehland County, similar to the one which governs the size of trees which can be cut in Durham County, has been deferred until the June session. Council heard W. Kirsh, forestry expert, related how cutting trees below the correct diameter had drastic results on the wooded areas and resulted in erosion, flooding and loss of fertility. Most wooded areas were good for nothing but growing trees and when they were cleared were useless for any purpose, Mr. Kirsh told them.

Millions Want To Flee Russia Author Declares

PARIS, Jan. 24—(AP)—Victor Kravchenko said today millions of men would like to flee Russia as he did.

The Russian author of I Chose Freedom made his statement at start of the trial of his libel suit against the pro-Communist French weekly newspaper Les Lettres Francaises.

Even some of the defense witnesses brought here from Russia think as I do, Kravchenko said. They don't dare admit it for "each one of them has left hostages in the USSR."

Kravchenko wrote his book about life in Russia under Soviet rule after he quit a Russian purchasing mission job in Washington four years ago.

"I will never give up my fight against the Soviet regime," he told the court.

"I quit the Soviet to tell the truth about a regime that is not of truth but of barbarism. The Kremlin rulers reduced the Russian people to despair by imposing on them a reign of terror."

The trial wandered off into a confused argument over the actions of French Communists since the war and the flight to Moscow of Communist leader Maurice Thorez in 1939. There were boos and cat-calls from spectators at the mention of Thorez.

Kravchenko is asking 1 million francs ($3,000) damage for articles which the newspaper published about him and his book.

Defense witnesses include 15 Russians and a number of French Communists, including atomic scientist Frederic Joliot-Curie

Claude Morgan, director of Les Lettres Francaises, declined to tell who wrote two articles for his paper which drew Kravchenko's suit.

"I take full responsibility," Morgan said.

Went To Rochester

TORONTO, Jan. 25 — (CP)— Police said Monday they understood that Sydney Spear, Montreal salesman who has been missing from his home for a month, went to Rochester, N.Y., following a business visit here. The police were commenting on a Montreal report that Spear, who sold his car here, may have been slain.

TEACHERS' WALKOUT ENDS—Montreal Roman Catholic school teachers, their strike over a salary dispute with the Montreal Catholic School Commission a week old, recently voted to return to their classes. Vote was taken (above) in Public Assistance hall.

Decide To Continue Civic Improvements

SYDNEY, AUSTRALIA, Jan. 25 —(Reuters)—Work on civic improvements which were to brighten Australian towns for the Royal tour this year is still going on, although the visit has been postponed indefinitely because of the King's illness.

Councils have decided that the work shall continue, and the improvements may become lasting benefits to the communities.

Many councillors are jubilant over the decisions, claiming that it would have taken them years to get the money thus allocated if the tour had not been proposed.

But to all Australians the gangs of laborers and artisans so engaged are merely echoes of a great event that was to have been —like the top hats and striped trousers which fill tailor shops, the Royal automobiles that now are to be sold, and the windowseats that were never occupied.

PUBLISHER DIES

FREDERICTON—Loran C. McNutt, 92, former publisher of the Fredericton Herald, which existed some years ago, died. Mr. McNutt was appointed collector of customs for the port of Fredericton in 1929.

Copies Old Violins

CHESSINGTON, Surrey, Eng.—Copies of Stradivari, Amati and other "old master" violins are made by 80-year-old George Wulme-Hudson in a private workshop behind his home. Some critics say they are indistinguishable from the original instruments. "I became fascinated by violins at the age of 12 when I was apprenticed to a pawnbroker," Wulme-Hudson said. "I have been making violins ever since—about 850 in all.

Friends Travel To Attend Funeral

WARKWORTH, Jan. 25 (ENS) — Relatives who travelled long distances to attend the funeral of Mr. Walter Weir included Mr. and Mrs. Alex. Merrill, Campbellford; Mr. and Mrs. Gordon Honey of Colborne; Mr. and Mrs. Earl Honey, Port Hope; Mrs. James Honey, Mrs. Clayton Honey and Mr. Will Honey of Toronto; Mr. and Mrs. Arthur Wood, Stouffville (Olive Honey); Mrs. Hutchinson (Helen Honey) of Newburgh, Ont.; Mr. James Campbell, Guelph; Mr. Jim Weir, Belleville; Mr. and Mrs. Archie McCracken, Dartford, and Mr. and Mrs. Archie Campbell, Roseneath.

Protect Caribou In Game Preserve

TORONTO, Jan. 25 — (CP)— Establishment of a woodland caribou game preserve in the Patricia district near the Manitoba boundary was announced Monday by the Ontario government.

Woodland caribou, said one of the few North American animals threatened wit hextinction, are most plentiful in the Red Lake and the Nipigon districts of Northwestern Ontario. The new preserve will protect all game and exclude hunters.

For many years there has been a closed season on woodland caribou, slightly larger than deer.

The following additional crown game preserves also have been established in Southern Ontario, Barriefield, on military property at Barriefield, Frontenac County; Deerlick, Windham Township, Norfolk County; Dudley, Dunley Township, Haliburton County; Heart Lake, Northwest of Brampton in Peel County and Sombra in Sombra Township, Lambton County.

The Twentieth Parliament—Fifth Session

Tomorrow the Houses of the Canadian Parliament convene. It should be an interesting and vigorous session. The new Prime Minister appears in the Commons for the first time in that capacity, and flanked by two senior Cabinet Ministers new to the Federal House. These are the Minister of Justice, Mr. Garson, ex-Premier of Manitoba, and the Secretary of State for External Affairs, Mr. Pearson. Both are highly experienced in public affairs and will enliven the front benches. The Government is faced by the new Opposition Leader Mr. Drew who enters the House of Commons for the first time. There is much speculation about how he will fare in that debating chamber; certainly he will not be unseen, unheard and unsung.

* * *

The matters coming before the legislators are of special interest and importance. The most historic will be the bills providing for the entrance of Newfoundland into the Canadian Confederation on April 1st. That day will probably be marked by special national festivities throughout the country. It falls on a Friday, by the way. Other matters which require early attention are the North Atlantic Security Pact, the St. Lawrence Seaway and emergency legislation like rent controls and the steel administration. The North Atlantic Pact, which is now being considered in Washington by Canadian and American representatives and other observers, may be slowed down somewhat by the stand-offish attitude of Scandinavia and the failure of the five European powers to reach any agreement on a West European union. However, the need for the pact is urgent, and there is sufficient unanimity in western Europe to make it and the Brussels Pact effective co-ordinates. It is ulikely that the Canadian Parliament will take action on the St. Lawrence Seaway until the American Congress approves it. The Opposition may fight a delaying action against what remain of rent controls and other war-time regulating bills, but the inflationary trends in this country are already sharp enough that the Opposition would fear to press too much for abolishing the few checks that are still in force.

* * *

Undoubtedly the expected vitality and cross-fire in the House will be most stimulated by the general opinion that this is an election year. The present Parliament could legally continue until 1950, but it is unusual for a Government not to seek dissolution of Parliament before the full term expires. It is taken for granted, therefore, that this Fifth session will be the last of the Twentieth Parliament. Thus the floor of the House of Commons will be the stage on which the parliamentarians will give their pre-election performances and hope to win the applause of the country for their own parties. It should be a lively, even exciting, session.

Edible Mouse Tail

The correspondence columns of the London *New Statesman and Nation* have lately been punctuated by arguments on the edibility of mice. We think that the writers of the letters have not been concerned with mice as a substitute for rationed fresh beef and mutton; other substitutes are available in greater mass — whale, for instance. Whale steaks are said to be delectable. The argument on mouse as food has a gourmet's sensitive tone, not a gourmand's bellow. He whose palate is ravished by jugged hare cannot be insensible of the possibilities of filet of mouse. Here is a specimen paragraph from one of the letters:

"In respect, however, of the method in which these preserved mice are eaten, I must differ from Austin Lee, and I put it down to the innate courtesy of the Chinese that no other guest at the Chefoo banquet remarked the fact that that part of the mouse which Austin Lee discarded is invariably considered to be the most succulent part. The backbone and tail absorb to an extraordinary degree the delicate flavour of the preserving spirit, and bear in relation to the rest of the body a sweetness and crispness not unanalogous to the relationship existing between the hearts of lettuce or celery and their tough outer covering of fibrous leaves. The texture of the backbone is not dissimilar from that of the bones found in tinned salmon, though infinitely less coarse".

When the subject is treated with such suavity, surely the flesh of the mouse can be regarded with some delicacy. Canadians, who to the horror of English tongues, relish frogs' legs, should not turn up their noses at mice's tails without at least letting the taste tell the story. Mind you, we ourself would prefer to make the experiment on a country, not a town mouse. Urban mice—fed on all sorts of discarded rich food—may be too well-flavoured for a palate accustomed to plain Canadian food like fried frogs' legs and pickled pigs' knuckles.

The End Of "Itma"

When the death of Tommy Handley was reported last week we do not suppose that the news meant much to the majority of our readers. But Handley was a man of importance, in his way; every week his show for the British Broadcasting Corporation commanded 12,000,000 listeners—as many people as there are in the whole of Canada—and the transcriptions which were broadcast overseas were reputed to be heard by 11,000,000 more.

Handleys' program was called "ITMA", a name formed of the initials of its theme song *It's That Man Again*. It was a very fast comedy program peopled with such characters as Colonel Chinstrap, Mona Lott and Mrs. Mopp; its material was highly topical, referring often to news which had become public only a few hours before the broadcast; it was highly critical, also, and took hearty swipes at the government which would not have been tolerated on any other radio system in the world. Millions of listeners were addicts of "ITMA", highbrows, lowbrows and middlebrows alike. It was humour which appealed to every type of mind—in Britain.

"ITMA" would not have appealed to any other audience. Thousands of Canadians heard it in England during the war, and either did not like it or were confused by it. For—gently be it spoken—we are not used to fast fun on the air on this continent, and our popular radio comedians plant their jokes with the utmost care. Furthermore, the extremely intimate handling of British domestic affairs which was Handley's speciality was bound to lose point in lands where those affairs were not of such immediate concern.

But "TTMA" was part of wartime Britain, and one of the few really funny things which kept up the spirits of the British people during the bad days of the Blitz and the years of anxiety which followed. It, and it's creator, will be remembered with gratitude.

Another Burns Anniversary

Today is the 190th anniversary of the birth of Robert Burns. Having said that there is little we can add in pious tribute which is not already in the minds and memory of tens of thousands of Scottish Burns lovers, and in the hearts and ears of other thousands who have not had the luck to have been born north of the Tweed but for whom the lyrics of Robert Burns are ever fresh and ever loved. Some stern critics of poesy have held that Burns is the best of the second rate poets in the language. We shall not have any truck with such critical gradations, for Burns should not be put in a category. His songs and philosophy are primarily for the heart and ear, not for the mind and calculating eye. And since he is a national poet, he belongs in the realms of patriotism where criticism, laudatory or condemnatory, must flounder. So on this day we look with reverence again at pictures of the cottage in Alloway, Ayrshire, where he was born on January 25th, 1759; at the face and dark locks of the Nasmyth portrait, and recall to the mind's eye the monumental shrine at Alloway. That is our prelude to a night of Burns.

The Chinese Way

Chinese customs, even in matters of education, are not as ours. However, war demands special efforts, and according to good modern practice, people of all sorts and conditions are called on to put their shoulders to the patriotic wheel. Here is a news item from the *North China News:*

The police bureau in Peiping on instructions from Fu Tso-yi's North China headquarters will next week start special classes for all registered Chinese nuns and prostitutes in Peiping. Lectures will be given on methods of spotting Communist spies, thrift and co-operation with the Government. About 270 nuns and over 800 prostitutes are affected. Classes will be held separately.

The fate of Peiping, and the peace proposals for it, have probably interrupted this odd educational enterprise.

Art In Britain

By MICHAEL MIDDLETON
Art Critic of The London Spectator

ALL the great national galleries in London suffered in the war, either through the dispersal of their contents and the consequent disruption of their work, or, more commonly and more seriously, through the physical damage resulting from air-raids. Recently, one alone, the Wallace Collection, was able to announce its return to normal peace-time conditions. Now a second, the National Portrait Gallery, has completed its reorganization, and presents the aspect it will retain for several years to come.

* * *

THOUGH only two of the big museums in London are wholly restored to normality, a feature of the post-war years has been the enormous vitality shown by some of the others. In spite of all the handicaps, exhibition after exhibition of quality has been organized, notably at the Tate Gallery and the Victoria and Albert Museum; to these the public has flocked in ever-increasing numbers. The attendance of 307,000 people, for example, during the 17 weeks of the Courtauld Memorial Exhibition of impressionist and post-impressionist painting at the Tate, far exceeded the entire average annual attendance at the Gallery during the early 'thirties. Nearly 150,000 people paid to see the London County Council's exhibition of open-air sculpture in Battersea Park, and during the first week of the important new exhibition of Danish Art Treasures at the Victoria and Albert Museum, over 26,000 people passed through the turnstiles. This impressive collection, which was opened by the King of Denmark, covered the entire range of Danish culture from 8,000 B.C. to the present day. Outside the museum was a replica of the great runic Jelling Stone of the tenth century; inside there was metalwork, tapestries, furniture, painting and sculpture from all periods. The exhibition was exceptionally well displayed and was warmed by such little touches as the inclusion of the luggage and beaver hat belonging to Hans Andersen, together with the coil of rope he habitually carried about with him in case of fire at his hotel.

* * *

THE Lefevre Gallery has been showing recent paintings by Ben Nicholson, Britain's best-known and most deeply convinced abstractionist. Nicholson has pursued an increasingly austere path to the point, where, as one critic put it, it was hard to see how much more could be jettisoned in the way of subject-matter without, as it were, emptying away the baby with the bath-water. However, in his new exhibition, Nicholson has retreated from that culminating point of weaving theorems out of the relationships of squares and circles alone: an element of his fundamental romanticism has reappeared. To be sure, these new pictures are not "realistic" in the sense of attempting a three-dimensional illusion, but they are all concerned with recognizable objects—with the jugs and mugs upon his table, and with the cottages and boats and jetties of St. Ives in Cornwall where he lives. With the most delightful and eloquent colour, with a sureness of design above all with an impeccable taste and never-failing sense of style, Nicholson reinforces once again his claim to be considered one of the most important artists working in the abstract manner.

* * *

ALSO to be seen at the Lefevre Gallery were new designs by Matisse and Moore, printed on canvas by Messrs. Ascher (a firm that has already employed many leading French and British painters, including these two, to design small silk squares). These canvases were of a considerable size and are intended to be used as wall decorations—a twentieth-century equivalent to the tapestries of other times.

* * *

THE work of another St. Ives artist, the young critic and painter Patric Heron, was to be seen at the Redfern Gallery. Heron has been much influenced by Picasso, and by the recent works of Braque. He has attack, he has a firm grasp of the formal devices he employs, and he has at times a fine, sure sense of colour. If it was a little disquieting to see some of the master's motifs—the oil-lamp, for example—used in so open and unashamed a manner; there were also a number of canvases in a more personal idiom. Heron is clearly developing rapidly—this exhibition marked a big advance on his previous one—and it seems likely that he will soon show an increasing independence. Ian Fairweather, at the same gallery, employs a fluent, graphic brush line in a restricted range of colours to produce decorative, orientalized equivalents to vivid scenes in the Middle East.

* * *

THE Leicester Galleries have been showing paintings by Paul Maitland, who was a friend of Sickert and died in 1909 at the age of forty. It is understandable that Maitland's little pictures of the Thames at Chelsea and of park scenes in Kensington Gardens have been overlooked by most people, for they do not proclaim their existence at the top of their voices. Nevertheless, if it is a small talent, Maitland's is a genuine one, and a dozen or so of these paintings proclaim the truth of Sickert's remark "Maitland was born a painter". Also to be seen here were some gay, nursery-like pictures by Barbara Gilligan and designs for a film of Pushkin's story The Queen of Spades by Oliver Messel. Messel is one of the three or four most consistently successful of British stage and film designers, and his new work is as elegant and distinguished as ever.

* * *

OTHER exhibitions ranged from that of the reformed revolutionaries of the New English Art Club, to pictures from the Devonshire Collection shown at Messrs. Agnew in connection with the centenary of the Fitzwilliam Museum in Cambridge. Outside the royal collections, few paintings of such quality remain in private hands. The Rembrandts and the Memlinc by themselves would be remarkable possessions.

Letters To The Editor

FROM A PETERBOROUGH SCHOOLBOY

Sir: The other week I was looking through a copy of the 'Peterborough Examiner' at school and I thought it would be interesting to write to you and tell you about Peterborough in England.

Peterborough is situated on the edge the Fens, which is a great agricultural area of England. It stands on the River Nene and has a population of 43,000 at the last census. Peterborough industries include the manufacture of railway rolling stock and agricultural implements. Both these industries fit with Peterborough's surroundings, because the rolling stock is first used at Peterborough big, important railway centre, and the farming implements are sent to the Fens. Peterborough has a big sugar beet factory which handles sugar beet brought in to Peterborough from the Fens. Also in Peterborough there is a power station which produces electricity for the neighbouring country and the city.

Peterborough is governed by a body of citizens voted for by the other townsfolk. This body is called the City Council and they meet in the Town Hall which is a big building in the centre of the city. As you probably know England is divided into counties. The Soke of Peterborough is a county within a county, an administrative division in the county of Northamptonshire. There is a fine cathedral in Peterborough which has a pleasing combination of several types of architecture, particularly noted for its west front.

There are five cinemas in Peterborough and one variety theatre and one repertory theatre. There are several dramatic societies who produce shows at frequent intervals in the several concert halls.

Judging from an aerial photo I have seen of your Peterborough it is a far smaller city than ours. It is very pleasant to see and I notice you have far more trees in your town than we have here. I would like to visit your town some day to compare the two but that is very unlikely. Well that is all I have to say and I do hope this letter reaches you safely.

Yours truly,
L. CHANDLER.
19 Paston Lane, Walton, Peterborough, England.

SHOULD POLL-TAX BE INCREASED?

Sir: In a recent issue of your paper you extended what might be termed an invitation for letters to The Voice of the People.

I read this column, and would say:

1. It is of a definite local interest.
2. If democracy is freedom of speech then it is democratic.
3. Too bad that so many good letters, and suggestions are never acted upon, or even acknowledged.

Back in the days of World War I I believe, the poll tax was introduced into Peterborough and the amount set at five dollars per year per person.

In 1948 it is still five dollars. During this period dollar values have met drastic changes. We are working on a new slate of costs, and incomes. Property taxes are up all across the country. The taxes on our home are considerably over double what they were in those days.

Why should the poll tax not be increased?

It cannot be said that these good poll tax people do not use the services provided, such as pavement, parks, police protection, hospitals etc. Nor can it be said that they are not being gainfully employed. From where we home owners sit it rather has the earmarkings of an oversight down at the corner office where they talk in terms of mills.

Thanking you,
ERNIE LILLICO.

RECOUNT OF ROCKING CHAIRS

Sir: About the railway stations and the rocking chairs. Your correspondent on Friday was wrong when he said that the waiting room of the C.P.R. station has three rocking chairs. It has only two.

Yours etc.,
ACCURATE COUNTER.

Bible Message

Beloved, let us love one another: for love is of God; and every one that loveth is born of God, and knoweth God. He that loveth not knoweth not God; for God is love.

In this we manifested the love of God toward us, because that God sent his only begotten Son into the world, that we might live through him. . . .

No man hath seen God at any time. If we love one another, God dwelleth in us, and his love is perfected in us. . . .

And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him. (I John 4: 7-8, 12, 16.)

* * *

The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing. (Zeph. 3: 17.)

* * *

Thus saith the Lord, Let not the wise man glory in his wisdom, neither let the mighty man glory in his might, let not the rich man glory in his riches: but let him that glorieth glory in this, that he understandeth and knoweth me, that I am the Lord which exercise lovingkindness, judgment, and righteousness, in the earth: for in these things I delight, saith the Lord. (Jer. 9: 23, 24.)

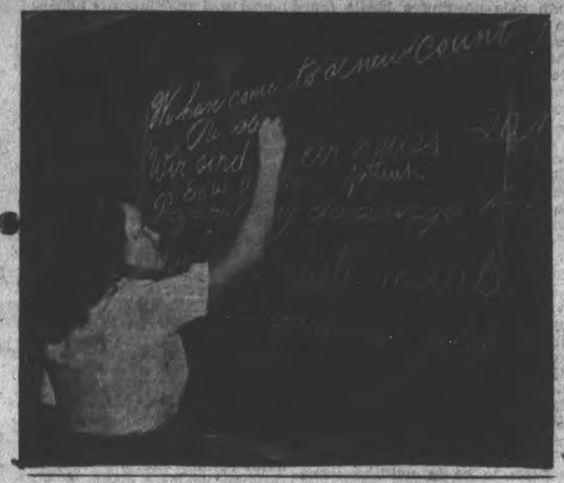
OVER 50,000 DP's have found a new lease on life in Canada, which has admitted more displaced persons than all other non-European nations put together. Many thousands more "near DP's"—persons from war-weary localities — have swelled Canada's postwar immigration. At left is Herman Boersma, Dutch farmer now in Ontario, getting his first exeprience with harvesting corn. At right is Jerry Wladyslow Meier, a Polish-trained metallurgist, now working in Canada's Bureau of Mines. Below, left, a Norwegian girl learns English — the blackboard has writing in German, Slavic, Polish, Dutch and Estonian. Below, right, are three Netherlands' immigrants, Arnoldus, Henricus and Wilhelmus van Moorsel, now on an Ottawa farm to stay.



Reds Showing Big Gain In French Vote

GRENOBLE, France—Jan. 25—(AP)—Gen. Charles de Gaulle's Rightist followers suffered a serious setback and the Communists registered a gain in municipal elections here yesterday, final returns showed today.

De Gaulle's Reassemblement du Peuple Francais lost two or three municipal council seats, although it polled about 200 more in the popular vote than in 1947. The Communists, running about 4,000 ahead of their 1947 total vote, gained one or two seats in the council. The division is yet to be determined under the preferential system used in counting the ballots.

Middle-of-the-road parties represented in the French Government coalition ran about the same as last year and probably will gain one seat in the council.

Observers attributed the RPF set-back to the adverse effect on public opinion of the riots of six months ago when de Gaulle campaigned in Grenoble.

Urges Cementing Of Friendship

PROVIDENCE, R.I., Jan. 25—(CP)—Citizens of Canada and the United States should do everything possible to encourage and cement the friendship which has existed for so long between the two countries, C. Bruce Hill of St. Catharines, immediate past president of the Canadian Chamber of Commerce, said Monday night.

Addressing the annual meeting of the Providence Chamber of Commerce, Mr. Hill said that while most Canadians were aware that friendship with the U.S. was a necessary plank in the foreign policy of Canada, he doubted if a sufficient number of American citizens were aware how vital Canadian friendship was to their own country.

"Canada," he said, "has a vast store of raw materials only partially developed which should be of great interest to every American citizen. The development of the recent discoveries of iron ore in Quebec and oil in Alberta, should not only be of great assistance to the Canadian economy but definitely give the American people a greater feeling of security, as the recent war has demonstrated that oil and iron were two of the top essentials.

Want DP Workers

TORONTO, Jan. 25 — (CP)— R. G. Johnston of Toronto, general manager of the Canadian Construction Association, said Monday it is planning to use European workers to offset a labor shortage in the industry. He told the association's annual meeting the plans, in co-operation with the federal government, would bring tradesmen from Italy, France and other parts of Western Europe.

WHITBY STAGES MASS HUNT

Peterborough set the pace, or possibly revived interest in mass fox hunts, for one was staged by Whitby hunters in the Brooklin area on Saturday. They employed the same system of flanks and beaters but bagged only one fox and a large horned owl. Bernard Hickey shot the fox and Harold Augustus and Gordon Tripp brought down the owl near the latter's farm; it had a wing-spread of 48 inches. Hunters admitted that several fox were flushed and made a getaway and the hunt has raised enthusiasm to stage another affair in February.

British Housewives Trying For More Spending Money

By STUART UNDERHILL

LONDON, Jan. 25—(CP).—British houswives are trying to pry more spending money out of their husbands and what they get they want to be able to keep. The leader of this revolution is Mrs. Jean Mann, Labor member of parliament for Coatbridge, who wants parliament to rule that a woman should get a "just proportion" of a husband's pay cheque and be able to cling to any savings she can manage.

The Scottish member said that she is most concerned with the plight of the middle-aged wife who is haunted by a "fearful apparition" of what would happen if her husband walked out on her.

Mrs. Mann hopes to express her views in the bill. However, she can present it only if she is lucky in the draw to determine which private members of parliament may introduce measures at this session.

Large Support

"I am getting hundreds of letters every week from women supporting my proposals," she said.

Limited support has also come from the Married Women's Association but this group, formed to champion women's rights, says that Mrs. Mann does not go far enough.

"There should be equal partnership in marriage," said an association member at a conference with Mrs. Mann.

"That means all the money of a man and wife shall be pooled as a family income. Upkeep of the home and children would have first call on that pool."

Mrs. Mann demurred. Who would hold the pool and ensure that the money was equally shared? she asked.

How Much?

She did not say what she thought was a "just proportion" of the income for a wife to get. But she stressed her anxiety to win for a woman the right to control her own savings.

"Think of the thrifty housewife," she said. "I am insisting any savings in her own bank pool shall be hers. Her husband cannot claim them and in case of dispute of saving jointly shared, they shall be distributed equally."

She cited the cases of housewives who saved money by doing household repairs — "Shouldn't they benefit? And how about the wife who saved her allowance all during the war only to have her husband run off afterwards with the savings and another woman"

Mrs. Mann obviously speaks for vast numbers of British housewives. A recent survey published in London's Daily Graphic said that although 33 per cent of all incomes have risen since the war only 22 per cent of housekeeping allowances show an increase.

It said the average man spent £1 3s 6d. ($4.75) on himself as compared with the avearge housewife's 7s 6d. The average house - keeping allowance is around £4 weekly out of which the wife is often expected to pay all household expenses, including clothing and rent.

Emily Teachers Plans School Field Day

OMEMEE, Jan. 25—(ENS)—A field day for Emily schools in the spring was proposed by Miss Lamb, president, at the January supper meeting of the Emily teachers in Omemee.

The proposal was discussed and the meeting favored May 23 for the date and thought it would be expedient to combine the Empire Day program with sports events. Futher discussion on the matter, was left over for the April meeting.

Miss Leslie extended an invitation to the teachers to hold the April meeting at Orange Line School.

The group enjoyed a film of Jasper Park.

After the pictures Mrs. Price gave current events.

CBC Approves In Quebec City

OTTAWA, Jan. 25—(CP)—The CBC Board of Governors has approved establishment of the first exclusively English language broadcasting station in Quebec City.

In a series of recommendations released Monday, the Board urged approval of an application from the Goodwill Broadcasters of Quebec Incorporated for permission to establish the new station.

The recommendation was made on condition that the applicants meet the technical requirements of the Transport Department.

Existing stations in Quebec provide predominantly French language broadcasts. The company, which will operate the new station, is composed of J. N. Thivierge, for 25 years connected with radio in Quebec, A. G. Baker, C. Joubert and M. Samson, of Quebec, and J. B. A. Grenier of Beauport, Que.

Application for a similar station was made by CKCV Quebec, but was recommended for denial by the Board. Recommendations are passed on to the licencing authority of the Transport Department and usually are accepted.

The Board said it has decided to grant CFCF Montreal permission to program separately over its frequency modulation outlet on an experimental basis for one year when the situation will be reviewed. This means the station will have different programs on its two outlets.

The application, heard with others at meetings in Montreal last week, was the first of its kind to come before the Board.

Action was deferred on an application from Radio Temiscamingue Limited for a 1,000 watt station at Ville Marie, Que.

Some Health Hints For Boys And Girls

The following health hints for boys and girls are suggested by the Health League of Canada:

Be regular in all your living habits.

Remember, each day's work-time and play-time are equally important.

Cleanliness is important—particularly be sure to wash your hands thoroughly before meal-time.

Clean your teeth after every meal, if possible.

Learn to eat plain foods—cooked whole grain cereals, whole wheat bread, milk, eggs, raw and cooked vegetables and fruit, fish and various kinds of meat.

Guard your health—know how.

About The United Steel Workers of America

Over 50,000 Canadian workers employed in the processing of steel in all its phases work under conditions laid down in contracts between their employers and The United Steelworkers of America.

From the iron ore mines in Wabana, Newfoundland, to fabricating plants in Vancouver, B.C., these workers have banded together to gain for themselves and their families and for the community at large, a standard of living justified by the abundant resources of this Dominion.

The basic need of all workers in mine, factory and office are identical. Food — shelter — warmth: these they must all have merely to exist. But human beings want more than mere existence. They are entitled to more. They cannot function as human being WITHOUT more than mere existence.

Workers everywhere have found that in order to live — not merely to exist — they must unite and build strong organizations. The United Steelworkers of America is such an organization. It has been built and will continue to grow through the efforts of the men and women who are its members.

They are ready to welcome into their Union, workers in Outboard Marine, Western Clock and De Laval plants and to back them in their struggle for first-class working conditions . . . first-class living conditions . . . first-class citizenship.

We did a big Job in 1948...

AND THERE'S A BIG JOB STILL TO BE DONE!

WE'VE JUST completed the busiest year in our history. Ontario and Quebec telephone lines carried a record 9,000,000 calls daily, and service generally was better.

We built more new buildings than in any previous year, added *325,000 miles* of wire — indications of the size of the construction program that enabled us to install 148,981 new telephones . . . another record.

Much remains to be done. Thousands still want telephones, further service improvement is still possible. Every day throughout the coming year, telephone men and women everywhere will be working hard to meet this challenge. In 1949, as in the past, all our efforts will be directed to the achievement of more and better telephone service at the lowest possible cost.

Triple Link Juniors Take Hockey Win From Whitby

Breaking a 7-all deadlock in the third period at Civic Arena last night, the Junior "B" Oddfellows pulled out a 9-7 win at the expense of Whitby. It was a speedy and exciting joust on fast ice, and the kids there for "Young Peterborough Night" got a big bang out of the tilt, judging by their vocal reaction.

Archie Weir's team rapped in four quick goals early in the first and it looked like a walkaway. But the visitors soon settled away to get two back that heat. And they outhustled the homesters for a 4-0 margin in the second to sew it up. They nearly held their own in the third, too, but the Triple Links finished a bit stronger to earn the win. Play was quite clean throughout.

Wyatt, Birch and O'Heron made up the local's most potent front line, and the first two were in on four goals each and Skeeter three. Floyd and Collins were in on a pair apiece. In such a wide-open game, the defencemen had a tough time of it, and both goalies had to work overtime to keep the score within reasonable limits. Williams, Lintner and Hooker were the pick of the Whitby squad, with 14-year-old Delaney turning in a fair chore, also.

Pagett scored in one minute from Collins, and then Birch and Wyatt combined nicely for two quickies. O'Heron got another shortly from Birch to make it 4-0 before Whitby knew what was going on. Hooker made a nice rush and Lintner got one back for the visitors on Williams' pass and, with Floyd off for charging, Hooker scored another in close, assists going to Lintner and Corner. Floyd almost tallied and then O'Heron batted the disc home on O'Reilly's pass. O'Heron got another right after from Wyatt to make it ready 6-2.

Fought Back

Whitby came out battling in the second, with Williams scoring early in close. Deeth was gated for tripping but returned with no damage done. Delaney nearly dented the hemp and a Birch-Wyatt rush came close. Williams whittled it down further from Hooker, nearly driving Byers back through the net. Birch and Pagett in turn threatened as the speed was stepped up in end-to-end rushes. MacDonald was hurt for a time and Lintner scored from Williams with a minute to go. Hooker tied it right after from Lintner as the period finished.

Both sides hustled in a pretty even third go. Floyd got the first from Collins, but Hooker again tied it with Lintner aiding. Deeth was gated for tripping, followed by O'Reilly for high-sticking and O'Heron for holding. All were back—and a threatened fight fizzled out—when Floyd shoved in a smart one. Whitby fought back but Birch clinched it neatly on a pass from Wyatt in the fast going to send the fane home happy.

The teams:

Whitby—Goal, Dolby; defence, Corner and Deeth; centre, Williams, wings, Johnstone and Lintner; alternates, Johnstone, Brown, Sheridan, Delaney, MacDonald, and Lock.

I.O.O.F.—Goal, Byers; defence, W. Berwick and J. Berwick; centre Pagett; wings, Floyd and Collins, alternates, Birch, Truss, Crowley, Wyatt, O'Heron, Whitnell, Anderson, O'Reilly and Hickson

Filchock To Join Rough Riders

OTTAWA, Jan. 25 (CP) — Ottawa Rough Riders, a powerhouse on the ground last season but a bit weak in the air, are on the threshold of acquiring one of the great passing arms in Canada—none other than "Flinging Frankie" Filchock, Hamilton Tiger-Cats playing-coach.

The American import who steamrolled the Tigers to the Ontario Rugby Football Union title in 1948, is expected within the next few days to sign with Riders.

Ottawa football club officers, eager to regain gridiron prestige dimmed when the Big Four champions lost the Dominion title to the Calgary Stampeders, talked turkey with Filchock on the long-distance telephone Monday night.

Terms were discussed—something like $7,500 cash for the 1949 season—and later club officials announced Filchock's entry into the Riders was "almost certain."

Acquisition of Filchock will mean that Bob Paffrath, another American import and a star quarterback performer, is out as far as the Riders are concerned.

One Ottawa football club officer said Paffrath had no intentions of returning to Canadian football this year.

Filchock actually approached the Riders executive during the week-end, it was learned Monday night. And it was immediately presumed by sports observers that the Tigers were about to fold up and amalgamate with the Hamilton Wildcats as a Big Four entry.

When one Rider offical was asked what it will cost Riders to obtain Filchock he replied tersely: "plenty!"

Marmora Wins TVL Tilt From Norwood

MARMORA, Jan. 25—(ENS)—Before an attendance of approximately 1,200, in a game packed with tense moments, Marmora won their home game with Norwood on Monday evening by the score of 10-2. Play commenced at a fast pace and continued so for the first two periods, at the end of which Marmora was leading 8-0.

Both goalies played well and the youthful Borland, supported with a good defence, turned in a superb performance. Hamilton, the speedy Norwood player from whom much was expected, initiated neat play which lacked the necessary finish. The homesters appeared to slacken for the first half of the final period.

Teams:

Norwood—Goal, Morrison; defence, Hamilton, Simpson; centre, Payne; wings, Fennell, Goodfellow; alternates, Webb, J Brown, Rogers, G. Brown, Peterson; spare goalie, Hill.

Marmora—Goal, Borland; defence, G. Leonard, E. Leonard; centre, Cousins; wings, Lavender, K. Trumble; alternates, E. Trumble, Goodchild, McInroy, Kerr, Doyle; spare goalie, Brooks.

Referee, W. Leggitt, Peterborough; linesman, T. Cousins, Marmora.

Summary:

First Period

Marmora—Lavender (G. Leonard) 13:10
Marmora—G. Leonard (Goodchild) 15:25
Marmora—Goodchild (McInroy) 17:17
Marmora—Kerr (Cousins). 19:35
Penalties—Cousins, Fennell.

Second Period

Marmora—Cousins (K. Trumble) 2:05
Marmora—McInroy (Goodchild, E. Trumble) 14:10
Marmora—Cousins (Kerr) 15:30
Marmora—G. Leonard (E. Trumble) 16:56

Markham Trounces Lindsay Meteors 6-3

MARKHAM, Jan. 25—Paced by Harry Milroy who fired two goals and chalked up an assist, Markham Millionaires registered their sixth victory in OHA senior "B" action here Monday night with a 6-3 victory over Lindsay Meteors.

The Forgie brothers, Howard and Bruce, also played standout games for the winners.

The game, slowed by soft ice was cleanly but ruggedly played. Six penalties were handed out by referee J. Heard.

Red Wings Victors

NORWOOD, Jan 25 (ENS). — Clarence Mainland paced the Red Wings to a 4-1 win over the Rangers in Norwood Arena, on Saturday morning, getting three goals and an assist. Smith got the lone goal for Rangers. J. Ferguson and Max Millett were gated for roughing late in the last period.

Line-up—Goal, B. Mullins; defence, C. Fredericks, W. Rusaw; centre, Max Millett; wings, C. Mainland and L. Wallbridge; alternates: B. Bondy, F. Feeley, J. Feeley, F. Rooney, H. Allen.

Referees: D. Morrison, J. Robson.

Apsley Aces Win

Apsley defeated Crowe's Landing in a fast, clean Haywire League puck tilt Saturday. The Aces have not been defeated yet in this rural loop, which draws good crowds. After a scoreless first frame, B. Batten counted for Crowe's Landing and the Aces were unable to tie it up. Early in the third, Bert Howden sewed up the score on a pass from G. Watson. Howden got the winning goal later in the period from D. Dunford. The Apsley goalie turned in a brilliant game.

Powell Heads League

MINNEAPOLIS, Jan. 25—(AP)—Nearest competitor to Ray Powell in the scoring leadership of the United States Hockey League was 16 points behind his 79 as official records were compiled today. Powell, of Kansas City Pla-Mors, had 37 goals, top of the circuit in that department also—and 42 assists. Wes Trainor of St. Paul, in second position, held the assist record with 45, adding 18 markers for his 63 count. His teammate, Bing Jukes, was in third place with 57.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Mrs. Pansy Forbes advises us that Peterborough will be the scene of a two-day international swimming clinic on Feb. 5-6. Clinic will be held at the Public Library and in the pools at the YW and YMCA. A number of ornamental swimming champions and runners-up from the States and Canada will attend and give demonstrations, including the two USA senior champions, Marilyn Stanley and Alice Micus. Jean Mowat, Marjorie Cochand and Marney Delaney are among Canadian winners to show here, also, and Peterborough's own ornamental aquatic aces will be much in evidence. A boy and girl duet from Des Moines is an added attraction. This city has certainly been put on the map insofar as swimming is concerned.

* * * * * *

In line with this, Mrs. Forbes recently had a copy of "Beach and Pool", a New York publication, sent to her. Under an article headed: "1949 A.A.U. National Champions", with a sub-head on women's synchronized championships, a Peterborough girls' team was listed with 90.47 points, the team comprising: Iris Forbes Reilly, Jean Millard, Lillian Groombridge, Marilyn McInroy; and a team with 90.12 points including: Joan Paterson, Norma Gant, Marguerite Buck, Doreen Graham, Lillian Groombridge, Beverley Rumary, Joan Coombes, Marilyn McInroy and Isabel Crary. The teams were called Ornamental Swimming Club, Ontario, Canada. Mrs. Forbes was sent a nice trophy from Des Moines for her assistance at last summer's big meet there.

Trojans Plan Carnival

Trojan Athletic Club plans an ice carnival and moccasin dance at Turner Park (High and Chamberlain) this Saturday p.m. A broom ball game first betwixt Trojan executive and Trojan PMHA midgets, lineups appearing later. Carnival skating at 9.30 with judging of costumes, followed by modern and oldtime dancing on ice in moccasins or what have you. Music by Herb Mullins and George Rutherford with a P.A. system. Prizes for best outfits, comic, too, for boys and girls in various age groups. Money raised (via silver collection) is for boys' sports equipment and games in the new B'nai B'rith Club house used by the Trojans.

Toronto Meteors tangle tomorrow night at nine in Civic Arena with the local Legionnaires, an OHA senior "B" fixture. If the ice is good, it should be a fine fray as these teams really turned it on here in their last scheduled meeting. The Toronto puckists definitely feel they can hand the fast-stepping Legion squad their first setback of the season, and they'll be going to it with no quarter asked or given—except, of course, at the gate. It'll be a hot go and likely before a big crowd. We think Legion will take 'em again.

* * * * * *

An Exciting Contest

Not too many adults felt it worth while to bring their kids in free to Civic Arena last eve for "Young Peterborough Night", but quite a few youngsters were on hand, anyway. And they saw a fast, clean and exciting junior "B" joust with the Oddfellows edging a scrappy young Whitby team 9-7 in the last four minutes of play. Locals started strongly but Whitby out-hustled 'em in the second, and it was pretty even in the lively third chukker till near the end. The IOOF-ers earned the win but had to fight for it on a fine sheet of ice. The work of the line consisting of Bob Wyatt, Tom Birch and Skeeter O'Heron was outstanding, and the rest all worked hard, too.

* * * * * *

Coach Archie Weir isn't predicting anything exceptional for his team this season, since most have two or three seasons yet. A youngish squad. But he reckons they'll keep improving this semester and make a respectable playoff showing, also. He has handled quite a few junior clubs and knows how they come and go. Had a promising pack at the outbreak of war—Joe Rochetta and Bob Parnell, just to mention a couple—when they all (including the coach) broke up to get into the war. And he's handled chaps like Red Sullivan, Arn Dugan, Freddy Mortimer and Keith Montgomery, all of whom left here to play in faster hockey elsewhere. So, he'll develop some good puckists out of this present promising pack.

Tough On The Goalies

Scores were somewhat one-sided in the Trent Valley Hockey League last evening. Before some 1,200 fans in Marmora, the homesters kept intact their unbeaten record of the season with a 10-2 defeat of Norwood. Hastings hadn't it too tough, either, as they turned back Warkworth 8-2. In a game free of penalties, Lakefield at home walloped the Tweed team 14-5. Chittick is still in hospital following his injury in a game two weeks ago and his condition is described as "fair." According to our schedule, the TVL-ers don't go again till Friday, with these games: Marmora at Norwood, Frankford at Madoc, Lakefield at Tweed, and Hastings at Warkworth. Is that right?

Queen Mary Victors Over King Edward

Queen Mary defeated King Edward seniors 5-4 in a School Hockey League encounter, finishing up stronger. Dunn got the first for the ultimate winners from Stewart and then Woodgate scored a pair, aided once by Patterson and again by Cullen, as Crowe counted on Buchan's pass. Woodgate got one each in the second and third periods, Dunn and Patterson each drawing an assist. Dunn, Whatley and Cullen each drew a penalty. Clement and Watson were good on defence for Queen Mary with Buchan and Frizzelle going well for King Edward. Teams:

King Edward: Goal, Stewart; defence, J. Hobart and R. Hobart; centre, Buchan; wings, Crowe and Bell; alternates, Watley, Mullen, Frizzelle, Chalmers, Bryan, Peters and Killingbeck.

Queen Mary: Goal, Deck; defence, Watson and Clement; centre, Dunn; wings, Woodgate and Patterson; alternates, Stewart, Drury and Cullen.

Mayer $635,000 Richer From Sale

INGLEWOOD, Calif., Jan. 25—(AP)—With Honey's sister bringing the top price of $57,200, movie-maker Louis B. Mayer is $635,000 richer today from the auction of 51 two-year-olds in the fourth dispersal sale of his vast racing empire.

The full sister of the great mare, Honeymoon, was purchased Monday night by a film colleague of Mayer, Harry M. Warner, who bought Honeymoon at Mayer's sale two years ago for $135,000

Fifty-two two-year-olds were slated to go on the block at Hollywood Park. But one filly was withdrawn because of an eye cataract. Average sale price was $12,451.

Conversion, full brother of the California stakes winner, Solidarity, drew the highest price for colts. George W. Ring, Beverly Hills, Calif., obtained him for $42,000.

His final sale of the current yearlings will be held later this year.

Lakefield Gets 14-5 Win Against Tweed

LAKEFIELD, Jan. 25—(ENS)—Lakefield knocked over Tweed 14-5 here last night in a speedy and wide-open TVL fixture. Play was speedy and clean all the way, with the homesters having a fair margin but getting a battle at times from the Tweed team. Wasson scored four goals for the winners. The teams:

Tweed: Goal, Courneyea defence, L. Gehan and Colton; centre, Mayne wings, Rivers and Merawr; alternates, Carmichael, B. Geham, Reid, Teal Courtney, Hort, Grey and Rogers.

Lakefield: Goal, Jones; defence, Blewett and Birch; centre, Wasson; wings, Chappell and Jewell; alternates, Fawcett, L. Lonsberry, Patterson, White, Henry, S. Lonsberry and Jopling.

Argos May Get Negro Ball Star

WINDSOR, Jan. 25 (CP) — Freddie Thomas, negro star of basketball and baseball, may appear on the Interprovincial Rugby Football Union scene this fall as a member of the Toronto Argonauts.

Confirming recent reports from Toronto, the Assumption College basketball player said he is "definitely interested" in performing with the Double Blue but will also listen to other football offers "if I attend a Toronto school this fall." He has already applied for admittance to the University of Toronto's School of Optometry.

Thomas, who specializes in the cage and diamond game but who has performed on the gridiron, is currently completing his fourth and final year at Assumption and would be ineligible for Intercollegiate sport if he was accepted by the U of T. He is limited to four year's of College competition.

As a basketball player he has surpassed the scoring records of any previous Assumption player. With three and a half seasons of the cage game under his belt he has amassed a total of 1,600 points—averaging upwards of 20 points a game.

His baseball prowess brought him to the attention of the American League Cleveland Indians who presently have him under contract.

Four Peewee Cups

NORWOOD, Jan. 25 (ENS). — Mr. Wm. Garden, president of the Peewee League, announced at the rink on Saturday morning that there would be four individual cups presented this year, similar to the awards made in the National Hockey League.

In two games L. Peoples has taken the lead with seven points, Clarence Mainland is a close second with six points, and Aldred, Burtt, Joe Rooney and Rusaw all have three points.

Alan McFater, hard-punching Toronto amateur, Monday night added another knockout victim when he dropped Percy King of Toledo, Ohio, in 1:39 of the second round in the main bout of an amateur boxing card in Toronto. King, lightweight champion of Ohio, was felled with two left hooks to the body and a right to the chin. McFater weighed 133 and King about 138. Mel Mallaley of Niagara Falls, Ont., a recent arrival from England, gained a five-round decision over Les Steinhilber of Toronto. They fought at 147 pounds. Another Niagara Falls fighter, Tangerine Bailey, lost a five-round decision to Mickey Cavanagh of Toronto at 138 pounds.

Ben Hogan and Jimmy Demaret finished in a tie for first place in the $10,000 Long Beach, Calif., open golf tournament Monday with 72-hole scores of 272. Demaret shot a 66 Monday and Hogan followed with a 68 to knot the count and call for a playoff to-day. Hogan came up to the 18th hole needing a birdie four to tie Demaret. As a gallery of some 5,000 watched, Hogan sank a 12-foot putt to gain the deadlock. Hogan had previous rounds of 68-66-70. Demaret had rounds of 67-70-69.

Sid Smith of Pittsburg Hornets scored eight points last week to tie Carl Liscombe of Providence Reds for the lead in scoring in the American Hockey League, it was announced Monday night at New York. Both with 64 points they have identical scoring records of 36 goals and 28 assists.

Johnny Chad of Providence was third with 58 points followed by Rookie Gerry Reid of Indianapolis Capitals with 57 and Roger Bedard of Providence with 56.

Doug Harvey of Montreal Canadiens, who suffered a sprained left hand in Saturday's National Hockey League game in Montreal expects to be in uniform when Canadians meet Chicago Wednesday night and left with the team for Chicago Monday.

Buffalo Bisons of the American Hockey League announced Monday night recalling of Bobby Thorpe, right winger, from Seattle of the Pacific Coast League. Thorpe, a native of Port Dalhousie, Ont., is expected here to-day.

At London, Solly Cantor, formerly of Toronto, was awarded a close eight-round decision Monday night over Tommy McGovern of England. Boos greeted the referee's decision. Both fighters were bleeding at the finish from cuts over their eyes. McGovern weighed 135¼, Cantor 135½.

A London turf expert suggested to-day that British thoroughbreds be sent to the United States to race, with the view of encouraging the sale of English-bred horses in that country. Richard Baerlein, Evening Standard racing correspondent, said aggressive salesmanship was necessary in the United States and the Argentine to offset the market that dried up in Singapore and India. Racing has been discontinued in India

At Newark, NJ, Buddy Hassett Monday signed a one-year contract to manage the Newark Bears of the International Baseball League. No terms were announced, but it is generally believed that the figure is between $7,000 and $8,000.

Invited To Try Out

TORONTO, Jan. 25—(CP)—Several promising amateurs have been invited to try out with Toronto Maple Leafs of the National Hockey League, coach Hap Day said Monday night. He said the move was made in an effort to "get them ready in case the situation arose where he could use them," Day said that Don McRae of Sydney Millionaires was one of the amateur invited. 'I got a very nice letter from Don asking for answers to three or four questions,' Day said.

Has Elbow Injury

TORONTO, Jan. 25—(CP)—Rangy Johnny McCormack, high-scoring centre with Toronto Marlboros of the Ontario Hockey Association Senior A Group, may be out of action for two games this week with an elbow injury, it was announced Monday night. McCormack may sit out when the Dukes play host to Stratford Indians Wednesday and Kitchener-Waterloo Flying Dutchmen Friday. Flash Hollett, who has missed the Marlies last two games, is expected to be used for tomorrow night's game, officials said.

To Appoint New Referee For Atkins-McCready Bout

Earl McCready will be fighting tomorrow night in the Brock Arena ring to reverse his only defeat of the past year suffered at the hands of Fred Atkins here last week. The Aurora Farmer is not easily irritated but he is thoroughly bad-tempered, over his loss to Atkins. In Wednesday's re-match he intends to show that the Australian's win was a fluke. The Ontario Athletic Commission will appoint a new official tomorrow to handle the bout and if it is as hard and body-bruising as the first match the fans are in for some excitement. The winner of the bout will likely get a "shot" at Whipper Billy Watson's Empire title. One reason for the Australian champion being in this part of the country is a bout with Watson.

TIGER JOE MARSH

Irish Tom Collins who has fully recovered from the nasty back injury he received last summer comes back against John Katan in the semi-final. To start off the program Pat Flanagan tackles Tiger Joe Marsh who is new here but an established performer in Chicago and the Middle West.

Dutchmen Down Mercurys Take Top Spot In League

By The Canadian Press

Netminder Bruce Dale will probably be more cheerful when the Ontario Hockey Association Senior "A" schedule winds up come Feb. 11. Dale guards the nets for the last-place Stratford Indians—and it's no mean chore. Last night he saw the 158th puck in 32 games get past him. And if it's any consolation, he won't have to worry about post-season playoff games. The four playoff berths have all been taken in the five-team loop and the Indians have shown they're not going anywhere.

Last night Bill Woodward's charges suffered their 26th loss in 32 starts as Hamilton Tigers defeated them 5-3. The defeat left them with 10 points—23 behind their nearest rivals, the fourth-place Hamilton Tigers.

In another Senior A game last night, Kitchener-Waterloo Flying Dutchmen took over sole possession of first place by defeating Owen Sound Mercurys 8-3.

Five Goal Margin

The Tigers piled up a five goal margin in the first period on counters by Johnny Conick, Clare Shillington, Polly Miocinovich, Hal Cooper and Dixon and then went into a slump.

Fortunately the Indians, were weak and inaccurate shooting kept them off the scoresheet until the last period. Johnny Messmer, Bill Walsh and Bill Robertson tallied for the losers.

Spearheaded by Don Bauer, who batted in three first-period goals, the Dutchmen were never headed as they scored five goals in the opening period and three more in the last frame.

The Mercurys missed their star forward, Tommy Burlington, on the sidelines with an injury suffered in a game Saturday night. They brought up Jimmy Nixon from Owen Sound's Junior B team but he was used sparingly.

Other marksmen for the Dutchmen were Bobby Bauer with two and Ted Grasser, Billy Curick and Mickey Roth with one each. Pat McReavy, Mike Shabaga and Bruno Favero found the range for the Mercurys who iced only 12 men.

Four Junior A teams go into action tonight. Oshawa Generals clash with Galt Rockets and Barrie Flyers meet St. Catharine Teepees.

Toronto's "Kid Line" led all National Hockey League point-getters 17 years ago today. Pacing Leafs to the Canadian section lead, Charlie Conacher, Harvey Jackson and Joe Primeau each had 29 points. Final statistics that year showed Jackson with 53 points, Primeau next with 50, and Conacher with 48.

Fine Curling Arena Built In Sudbury

SUDBURY, Jan. 25—(CP)—This nickel-belt city has built itself one of the Dominion's most modern curling arenas and is branded with a stamp of approval by Scotland's touring curlers.

Built through a co-operative efforts of a group of business men who say they just like to curl, the Sudbury Granite Club cost an estimated $150,000. But members of the Club — 500 of them—figure that by doing most of the work themselves they have saved an additional $75,000 to $100,000.

It is outfitted with an ice surface 152 feet by 96 feet six inches and six sheets of ice for curling. The first sod was turned on the site last June.

HORSEMAN DIES

John Walters, 76, retired Canadian horseman, died at his home in Lexington, Ky., Monday of a bullet wound Coroner J. Hervey Kerr said was self-inflicted. He trained horses for George Hendrie of Hamilton, for 20 years before retiring because of ill-health.

Two May Break All-Time Record

PHILADELPHIA, Jan. 25 — (AP)—The all-time goal-scoring record in the American Hockey League apparently is going to be erased by the flashing stick of on of two former teammates—and possibly by both.

Phil Hergesheimer of Philadelphia Rockets and Fred Thurier of Cleveland Barons both have beaten goalies to the punch 230 times in American League play. They need only 14 to break the lifetime mark of 233 established by Les Cunningham before he retired from A. H. L. competition last season.

Statistically speaking, Hergesheimer's record is more impressive.

The 34-year-old native of Winnipeg scored 230 times in 400 A. H. L. games while Thurier has needed 450 games to collect his goals. This is Phil's ninth season of play as against Thurier's 11th. Thurier, 32, is from Granby, Que.

Both sharpshooters joined the league's select "200 goal club" last season to increase membership to a scanty four, including Cunningham and Lou Trudel.

Ostrich Comes Into Own Again In Africa

JOHANNESBURG, Jan. 25 — (Reuters)—The ungainly ostrich, once the key to an $8,000,000 industry in South Africa and later considered better value dead than alive, is coming into its own again as world interest in the ostrich feather market increases.

The last ostrich feather sale of the season ended last month at Oudtshoorn, main centre of the industry, where a bumper figure of $732,000 was realized at feather sales during the year.

A significant commentary on the fickleness of fashion is provided by the story of fortunes made, lost and partially recovered in the industry. Ostrich feathers were first exported from the union in 1870, and 40 years later there was an unprecedented demand for feathers when more than $8,000,000 worth were exported. The industry continued to expand and in 1913 the maximum export figure of $11,814,346 was reached.

The First World War ended a period of prosperity.

Fashions Changed

Changes in fashion and the unsuitability of feathers for the motoring of those days brought about one of the greatest slumps known in any industry in the union.

As the years passed and experiments in the tanning of skins proved successful, ostriches began to be regarded as of more value dead than alive.

Just before the Second World War, skins fetched a good price in the United States, where the curiously marked leather was found to be well adapted for footwear, dressing cases, furniture coverings and others uses.

Now, the tide appears to be turning again. As better prices realized for feathers, farmers are paying attention to possible further breeding.

Recently there has been an extension of American interest in the market. An exploratory visit was made a few weeks ago by the United States consul in Cape Town.

RURAL ONTARIO ENJOYS games nights. Lots of fun is keynote of games being sponsored throughout rural Ontario by the Department of Education's Community Progress Branch. At left, in Shelburne, Jim Taggart of Melancthon and Florence Johnson, Orangeville, finally get to within biting distance of the candy after chewing toward each other on the string. Another contest (right) providing hilarity for onlookers is lapping a glass of water empty by the spoon method. Jim Foster, Terra Nova, shows how it's done.

Import Thefts High

MONTREAL, Jan. 25—(CP)—Thefts and pilferage on Canadian export and import cargoes have reached "astronomical figures," T. W. Waugh, chairman of the insurance advisory committee to the Canadian Marine Board said Saturday. Commenting on a Liverpool report that cargo thefts were a "serious drag" on the British export drive, he said that one Canadian company had reported that 33 per cent of its insurance claims for exports and import losses in 1947 were caused by theft.

Power Shortage Worse

VANCOUVER, Jan. 24 (CP) — British Columbia's critical power shortage worsened Sunday and B.C. electric officials warned that power consumption of major industries may have to curtailed. Weathermen Sunday night forecast no let-up in the cold spell that has gripped Vancouver since Dec. 10 and drastically reduced supplies of water in the company's reservoirs.

Eddie Cantor's Life Story Nearer Studio

By BOB THOMAS

HOLLYWOOD, Jan. 25 (AP).—Eddie Cantor says he may have news "within 30 days' about what studio will film his life story.

The comic with the fried-egg eyes told me the year-old deal for Warner Brothers to make his biography is "completely off." There were two agreements when the pact was made: 1. The film had to cost at least $2,000,000; 2. It had to be in color.

Warners, currently undergoing a serious shakeup, did not want to embark on such a costly project and asked to postpone the film. Cantor declined and the deal ended. Cantor is now angling for another studio.

People and Things

Greer Garson and Errol Flynn are reportedly hitting it off fine on the "Forsythe Saga" set, after observers had forecast fireworks. Both are Irish-born and they're having a gay time together, they're even co-authoring song lyrics . . .

Jose Iturbi is off on another European concert tour after "That Midnight Kiss." He reports the one big shortage among musicians over there is violin strings. "To send them some is like sending gold," he saids.

Humphrey Bogart is just like any other doting father. He bought a movie camera and reels of film and intends to chronicle the life of his new son. Tough guy? Huh? . . .

Paulette Goddard gets out her dancing shoes again for "Anna Lucasta." She does a hot jive number in the film. It's nothing new for Paulette. She starred in Hollywood as a Goldwyn girl and danced with Fred Astaire in "Second Chorus." . . .

Celeste Holm has to explain what happened to her in "The Snake Pit." She appears at the first of the film, then vanishes. It seems that she did appear later in the picture, as a mental case who had gone from near-recovery to lunacy. Her mad scene was cut because it didn't carry out the movie's theme: that mental illness can be cured.

OVC Principal Made Veterinarian Of Year

GUELPH, Jan. 25 — (CP) — Dr. A. L. MacNabb, principal of the Ontario Veterinary College, has been honored as the veterinarian of the year in Ontario. The award was conferred on Dr. MacNabb at the 75th annual meeting of the Ontario Veterinary Association in Hamilton. The Guelph College head is the first man to receive the honor which will be made annually to the veterinarian who has made the most outstanding contribution to the veterinary profession in the province.

Women's Institute Studies Welfare Work

CAVAN, Jan. 25 — (ENS) — Women's Institute heard Miss Richardson and Miss Tappscott, social welfare workers of Port Hope, describe what was being done in this field in Northumberland and Durham, when they met at the home of Mrs. Roy Ferrin. Mrs. Sanfield Staples also read a paper on welfare work. Mrs. Bernice Bell addressed the meeting on the evils of intemperane, delivering her speech originally prepared for Temperance Convention at Newtonville in December. A box social to be held in the Community Hall on February 11 was planned.

Engineer Cleared Of Any Negligence

BUFFALO, Jan. 25 (CP)—Buffalo police said this morning, they had cleared Engineer Albert Walters of St. Thomas, of any negligence in connection with the injury of Richard Roth, 35, of St. Thomas, and his wife Dorothy, 31, struck by a Canadian bound New York Central passenger train at a crossing near the International Railway Bridge spanning the Niagra river. Mrs. Roth, driver of the car said the gates at the crossing were up at the time of the accident. Police said the train was moving slowly and quickly came to a complete stop after hitting the Roth car. A watchman was also on duty at the time.

Runaway Toboggan Hits Man On Roadway

HALIBURTON, Jan. 25 — George Otto was severely hurt by hit-and-run tobogganists recently.

The accident occurred as Mr. Otto was descending an icy hill near his home. The toboggan, travelling at great speed, knocked him down.

The fall stunned him and he lay in the roadway without moving, until Mrs. Elvin Roberts, who had witnessed the mishap, ran to the rescue and escorted him home.

Mr. Otto suffered severe bruises to the head and several other injuries. None of the tobogganists stopped or returned to see what harm they had caused.

MAIN ST. TOPICS

INJURED IN FALL

Sylvester Phillips of Marmora is in Belleville hospital receiving treatment for a hip injury received when he fell on the ice last week.

PAINFUL ACCIDENT

Clifford Broadworth of Dartford was injured recently while working in the woods. He was struck by a tree limb and required several stitches on his nose and face.

OFFICIALLY NAMED

At a meeting of the township of North Monaghan Monday the street running north and south between Park Hill and Sherbrooke immediately west of new hospital was officially named, Wallis Drive. The road was put through last summer.

USING MORE POWER

Monday's power consumption was 268,000 kwh, close to the quota level on which the Hydro-Electric Commission keeps a vigilant eye. Several weeks ago the city got along with 232,000 kwh on Monday. A week later it was 248,000.

COUNTY AIDS VILLAGE

Victoria County Council has voted to pay one-third of the cost, up to $1,000, for the erection of a public restroom in Omemee. The grant will be paid when the building is completed. Similar grants are to be paid to Bobcaygeon and the townships of Laxton, Digby and Longford.

McLAUGHLIN GIFT

Peterborough Civic Band must be envying the Oshawa Regimental and Civic Band which recently received as a gift from R. S. McLaughlin a complete set of new instruments which he had ordered from England. He appears to be the "angel" of the Oshawa band. Some years ago he paid for the shell stand in the city's down-town park.

TOURISTS MAKING ENQUIRIES

Jim Fraser, manager of the Chamber of Commerce, reports a steady influx of letters from Americans and Canadians asking about holiday accommodation in the Kawarthas. Without exception, the Americans are asking how is the bass and muskie fishing. One Toronto man wants to buy a summer resort, and another wants to build a cottage on Rice Lake.

LODGES LOSING MONEY

Skiers report the winter lodges in the Laurentians are taking a beating because of the mild winter, and locally skiers are not getting an opportunity for their favorite winter sport. It has been reported the winter lodger of the New England States and New York State have already lost more than $5,000,000 in revenue because of the mild weather.

ATTEND CHARTER NIGHT

Lions clubs at Lakefield, Peterborough, Bancroft, Port Hope and Millbrook had representatives at Oshawa Saturday night when the Oshawa club received its charter. District Governor Stanley Darling, Peterborough, was the guest speaker. Bancroft club presented a large Union Jack; the Peterborough club, a large American flag; Lakefield club, a framed copy of the Lions' code of ethics, and Millbrook club, a framed copy of Lions' aims and objects.

CHIRP, CHIRP

Another report of unseasonal bird songs being heard has come from Dartford. Arthur F. Ward of that village noted a robin singing in his backyard this week.

FREAK FIRE BURNS TARP

An electric light bulb on Monday night was the cause of a truck fire at Lillico Motors. The truck belonging to Ron Pace, Charlotte St., was driven into the garage and left there. Unknown to the driver the tarpaulin came to rest against an electric light bulb and the heat eventually ignited it. Firemen answered the alarm and extinguished the blaze. Damage was limited to a hole burned in the tarpaulin.

Adjourn Charges Of Gaming To February 1

It took almost half an hour in police court today to read 16 charges against city operators of public places under gaming regulations. All the cases were adjourned to February 1 either without plea, or with pleas of "not guilty."

The charges include: keeping common betting houses, keeping common gaming houses, inducing use of punchboards, permitting use of premises as common betting house. The charges have been laid during the past two weeks by members of the Provincial Police anti-gaming squad.

Several of the accused indicated their desire to plead guilty to the charges. At the suggestion of Crown Attorney John Bradshaw, pleas were reserved until the hearing of all cases, at which evidence of the investigating Toronto officers will be given.

Three city lawyers have been retained to date to defend certain of the 13 accused persons, and it is understood that others are to be obtained in the court hearing, the first gambling raid charges in the city in several years. Those retained so far are John Corkery, Jr., Thomas J. Carley, K.C., and W. J. Arthur Fair, K.C.

Traffic Victim Has Many Mourners

Funeral service for Peterborough's first traffic victim of the year, Mrs. Waldron, 60, of 735 Young St., was held on Monday at the Duffus Funeral Home. Major Charles Watt of the Salvation Army officiated and pall-bearers were Stephen Burrows, Melvin Ketcheson, William Jenkinson, Cyril Withers, John Eastabrook and Lorne James. Burial was at Welcome Cemetery. The funeral was largely attended and there were many floral tributes.

Mrs. Waldron was struck by a taxi Wednesday at the intersection of Braidwood and Lock Sts., and received broken legs, and head injuries. She was unconscious in hospital for three days and died Friday night.

Besides her husband, Charles Waldron, she leaves one son and four daughters as well as 11 grandchildren.

She was born in Hope township, Alice May, daughter of the late Richard Spicer and Eliza Jane Powell. Mrs. Waldron moved to this city 30 years ago from Port Hope. She was a member of the Salvation Army.

Patsy Parr 11-Year-Old Pianist, Played With Seven Major Symphony Orchestras

Toronto-born 11-year-old Patsy Parr, who will be heard in Peterborough on Tuesday, February 8, has been playing the piano since she was four years old. Her mother, a musician, recognizing her talent, took her to Mona Bates with whom she has continuously studied. She gave her first recital a few days after she was six years old. Patsy early intrigued the interest of musicians and critics, who unanimously prophesied a brilliant future. Her increasing activities on the concert platform are justifying their predictions.

Aside from her pianistic ability Patsy has shown unusual creative powers. This has been evidenced by the outstanding record of winning for three successive years in the Composers, Authors and Publishers Association competition.

This competition is open to contestants from Canada and Newfoundland, up to 16 years of age. Last year her compositions "Sonata in A Minor" and song "Drifting Down the River" took the highest award.

In the 1947-48 season, besides giving numerous recitals, she made seven appearances with major symphony orchestras. She has the distinction of being the youngest artist ever to have been engaged by these orchestras. It also marked the year of her successful American debut with the Civic orchestra at the Eastman Theatre, Rochester, and her New York triumph at Carnegie Hall with the "Pops" Symphony orchestra. Miss Parr is being brought to Peterborough by the Registered Music Teachers and the concert will be given in the Collegiate auditorium.

Fish and Game Members Want Pickerel Season May 1

Peterborough Fish and Game Association on Monday night passed a resolution that the pickerel season be set back to May 1 and end on October 1, thus simultaneously ending the bass, lunge and pickerel fishing seasons.

This resolution was received from the Trout Stream Conservation Club which urged the Association to pass it.

An amendment was moved by B. W. Switzer and George Routley proposing that no pickerel fishing be allowed in June. The amendment was overwhelmingly defeated.

Cam Rowatt, president of the Association, stated that the new resolution was practically the same as that already on the books, but it named a closing date which was not contained in the original one.

(The official pickerel season is at present from May 15 to Oct. 15.).

Mr. Switzer said he doubted that the Department would sanction the request of the Association and he moved the amendment which called for a pickerel season from May 1 to May 31 and from July 1 to October 1 of any one year.

This would prohibit angling of any description during the month of June in waters inhabited by bass or maskinonge.

Suggests Sweeping Change

During May, he contended, fishing should be from an anchored boat in a stream or river but not a lake, with natural bait; on the shore anglers might use either natural or artificial bait.

He listed several reasons for his amendment: June fishing for pickerel, either from the shore or anchored boat, is detrimental to maskinonge and bass. Muskies strike most readily in June and many are taken by pickerel fishermen. Fishing disturbs and often removes the adult bass which are guarding their young. Pickerel fishing is not good in June. Often anglers cast artificial lures from the shore in water areas that have no pickerel but many bass and muskies.

In compensation for the loss of June he suggested that the opening date be pushed back to May 1, as at that early date pickerel fishing is not particularly detrimental to bass and muskies. And he contended that the best of the pickerel run is often over by the time the season opens on May 15.

"We must each give up a little for the benefit of fishing in general," said Mr. Switzer.

Cam Rowatt, and two other delegates, as yet unnamed, will attend the three-day annual meeting of the Ontario Federation of Anglers and Hunters beginning on January 30. It was announced that the Hon. Harold R. Scott would be the guest speaker.

Want Higher Bounty

The Association endorsed a recommendation being sent to the Department of Lands and Forests that the bounty on wolves be raised to $40. with the Ontario government granting a 50 per cent subsidy.

Another recommendation was that part of Young's Bay, Clark's Marsh and the duck pond near Gilchrist's Bay, in Stony Lake, should be set aside as a fish sanctuary.

Members agreed that a combined wolf and fox hunt would take place on the first Saturday in February. Details of the hunt remain to be worked out.

There was some criticism of the members of the executive for passing expense accounts without bringing them before the open meeting. A motion passed unanimously that hereafter the executive has permission to pass monetary sums up to $50.

It was also passed that future immediate past presidents and past secretary-treasurers should be automatically included in the executive.

Board Of Works Discusses 1949 Activities

By HARRY THEOBALD

"We have enough sewer work ahead to keep us busy for the rest of the year," City Engineer A. E. Chalmers informed the board of works Monday.

"I'd like to know where those streets are," said Ald. Grant Miller. "I'd like to have a list of the sewers that are hanging fire so we'll know what we're talking about."

"We did that last year," said Ald. Herb Young, "and the result was that after going into the problem we decided to engage outside help and try to catch up."

"We'll have that list for you at the next meeting," was the promise of Ald. H. Dodds, chairman.

That conversation was by way of preface to the boards discussion of the major work to be laid down for 1949.

Ashburnham Sewer

Switching the Ashburnham sewer from its present outlet off Maria St. to cross the river at Burnham's Point has apparently been given top priority. Estimated cost is $52,000, half of which is for the pipe line along Maria St. and the shore of the lake from the foot of Burnham St. to the narrows leading across to McDonald's Point and into the main sewer on the west side of the river.

City Engineer Chalmers was asked to "get things ready" for this job. The city's department can lay the sewer costing about $25,000, but the pumping station and the discharge pipe across the river will probably be let by contract. Utilities Commission, it was said, may lay a water main at the same time.

"It could be laid at the same time as our sewer," Mr. Chalmers said.

Ald. Anglesey moved that Gore and Storie, Toronto, consulting engineers on the city sewage disposal project, be asked to prepare plans and estimates of the cost of the Ashburnham sewer diversion. Ald. D. Miller seconded that motion.

It was understood that Utilities Commission would write the council proposing the double pipe line job.

"We'll do the writing," said Ald Dodds, "and tell them that if they want to lay their main we are willing to co-operate in every way."

Park St. Drain

Another job that has been pressing upon the council in the last three years is the filling of the Park St. drain, south of Lansdowne St., and laying sidewalks on that main street of the new south end.

It has been mentioned in work surveys, but is about to receive strong emphasis in a petition that is being circulated south of Lansdowne St. Reports have been coming up town that Frank Jobbitt, hardware store proprietor, has been engineering this appeal to the council to get rid of the unsightly and menacing ditch which was excavated probably a century ago. It may be true that the Park St. drain was the first civic works job beyond the making of streets and sidewalks in the centre of the town, then of short radius.

Number three on the list of projects will likely be some street paving, the square footage not yet determined.

"And let's have a list of the streets that are to be considered for paving," said Ald. G. Miller.

It transpired that the council advertised for petitions from citizens who wished street paving, new or renewal in their neighborhoods. That "ad" was ignored. These paving jobs that are laid down as local improvements are charged on the basis of 40% against abutting property and 60 cents against the rest of the people, otherwise the city treasury.

HUGH STEWART was the unanimous choice of the directors for his second year as president of the Peterborough Exhibition Monday. Norman McConkey and Don Milburn were re-elected vice-presidents.

Horse Runs Away Breaks Back Has To Be Shot

A dairy horse, which became excited or freightened while its driver was making a call, ran away with the rig this morning, broke its back and had to be shot. The animal was new to the route work.

Keith Alton, Mark St., was the driver. Near Park and Weller the horse started off, leaving its driver behind. Provincial constables Joseph Hanson and Harry Cook, in a cruiser near the scene at the time, picked up Alton and followed the runaway horse.

It ran along Hunter St., and turned into the Reid St. barns of the dairy. Sometime during the flight, it wrenched its back so badly that it had to be destroyed.

Some damage to the wagon was reported.

Ask H. L. Garner To Aid Committee

H. L. Garner has been asked by the industrial development committee to act as a special representative of the council in trying to obtain new industries for Peterborough.

Ald. Richard Raine, chairman of the committee, reported Monday night that Mr. Garner was willing to assist the committee in any way possible.

"He has many contacts with industrial representatives," Ald. Raine said, "and prepared last year quite a long list of industries, including many in Britain, that might be considering branch plants in this country."

"I think the committee is to be congratulated in getting Mr. Garner to act in any way he can for us," said Ald. Grant Miller.

His motion, seconded by Ald. Waddell, gave Ald. Raine and Mayor Swanston "power to act".

Exhibition Board Names Committees For 1949; Re-elects Hugh Stewart

Hugh Stewart was re-elected president of the Peterborough Exhibition at the meeting of its directors Monday afternoon. Norman W. McConkey was retained as 1st vice-president; Don Milburn, 2nd vice-president, and R. J. Ward, treasurer. Mr. Stewart accepted the presidency a year ago in an atmosphere of some doubt and hesitancy about the prospects of reviving the Exhibition after the long war period of tenancy of the entire premises by the Department of Defence. His re-election was unanimous. Mr. Stewart was proposed by Tom Brown, who spoke briefly of the success of the show last year and the dynamic leadership of the president.

Voices Thanks

"I thank you from the bottom of my heart," Mr. Stewart said in acknowledgment of the confidence of his associates. "I appreciate more than I can tell you this expression of your faith in me, and I pledge myself to do all in my power to make our Exhibition better than ever. All that I ask is the same loyal support you gave me last year."

Chairman of committees were appointed as follows:

Property and finance: Harold T. Rehill.

Heavy horses: Haig Kelly, one of the new directors.

Light horses: Burritt Mann.

Dairy cattle: Charles E. Moore, general chairman, with the following assistants, representing the different breeds: Clarence Mann and Wallace Brealey, Ayrshires; N. W. McConkey, Holsteins; Wm. Milburn and Jack Stewart, Guernseys; Vern Campbell, Jerseys.

Beef cattle: Lt.-Col. F. E. Birdsall, general chairman, and Archie Clysdale, Herefords; Clifford Lowes, L. Pimmett, and John Rickard, Newcastle, Shorthorns; Ed DeNure, Aberdeen-Angus.

Sheep and swine: Frank Savigny.

Horse racing: Charles Quinlan.

Poultry: George Paxman.

Health and sanitation: Dr. H. H. Hamilton.

Amusements and midway: Gordon Hancock, chairman; R. M. Glover, Douglas Loomis, Haig Kelly, Clare Collins and J. Dane.

Agricultural committee: John Kitney.

Fine arts and ladies' work: Mrs. Gordon K. Fraser.

Horticulture: Wm. C. Wilks.

Reception: Clare G. Collins.

Publicity: H. T. Rehill.

Concessions: J. A. McIntyre.

Manufacturers: Ross L. Dobbin.

Junior farmers: Don Milburn.

Questioned Cost

Mrs. Fraser and Mr. Collins, both new members of the board, drew committee assignments, although rather reluctant about assuming responsibilities that were borne by others last year. However, they were assured of ample assistance.

Mrs. Fraser offered several suggestions, one of them in the form of a question as to why soft drinks and hamburgers were higher in price at the Exhibition than at nearby booths outside the grounds. "What I wish to say is that I hope the board will not allow any overcharging of the public."

Gordon Hancock said the prices arranged last year were 10 cents for soft drinks and 15c for hamburgers. He understood they were the prices charged within the grounds.

The directors devoted considerable time to the detail of midways and amusements. Decision as to the midway for this year is to be discussed here Wednesday with a representative of a company that expects to book Peterborough. The timing of the evening program, and the kind and variety of entertainment, were freely debated.

City Finds Home For Evicted Veteran

Temporary living accommodation until May 1 for an ex-service man and his family in a north Water Street house owned by the city was approved this morning by Mayor Swanston.

Upstairs quarters were available for this tenant veteran who was required to vacate the premises he was occupying in the south end of the city. It was reported that he threatened resistance yesterday if an attempt was made to eject him without an alternate place to occupy.

Three or four houses owned by the city at the north end of Water St. were offered for sale by the council last year, and as a preliminary the tenants were required to move. Bids were too small for acceptance, and eventually the houses were conditionally relet. New tenants of one of those houses agreed to use only the ground floor and not to lease the upstairs. That property was remembered in the need of the veteran and his family, and the arrangements for him and his family were made by Mr. George McNabb, bailiff, with the approval of Mayor Swanston. The family was to move in at once.

It is understood that the city intends to put the houses on Water St. up for sale again in the spring, and for that reason conditional lease was given to present tenants.

So-Ed Classes Can Accommodate 250

Home Building, Interior Decorating Two Popular Subjects

First of six weekly So-Ed lectures will be held on Wednesday night at the Normal School. Sponsored jointly by the YWCA and the YMCA So-Ed is beginning its sxth year in Peterborough.

Robert Hall of Montreal, public relations representative of the Bell Telephone Co., will give the first lecture on "The Impossible Take a Little Longer". Mr. Hall will use portable demonstration equipment to illustrate his address.

Next week, Dr. W. J. Gallagher, secretary of the Canadian Council of Churches, will be guest speaker. He will tell of his impressions of Europe gleaned from a three-month tour of Holland, France, Belgium and Germany.

"Problems of Modern Education" is the topic of an address by Dr. R. C. Wallace, principal of Queen's University, which will be given on February 23.

The other three speakers will be Dr. Robert McClure, a medical missionary recently returned from China; Archdeacon D. B. Marsh of Aklavik, NWT, who has lived for 23 years in the northland among the Eskimo; and a speaker to be announced later.

Eight Interest Groups

The lectures constitute only part of the program; there are eight interest groups to occupy the attention of those who enrol. Each So-Ed members is permitted to participate in one interest group only. These include social recreation leadership, civic affairs, interior decorating, bridge, home building course, vital issues forum, the fix it corner, and the hostess course.

An indication of what each of these interest groups entails follows:

Social Recreation Leadership

Membership will be limited to about 250 persons, and those enlisting first will have priority in choice of their interest groups.

An adequate bus service to and from the Normal School has been arranged.

Propose Surfacing Strip In CPR Yard

Surfacing of a 24-ft. strip through the CPR yard was proposed at the board of works meeting Monday night. A survey of the area was received from John W. Pierce, OLS., and a motion by Aldermen Raine and Anglesey instructed City Engineer Chalmers to ask the CPR for an agreement permitting the traffic improvement.

Many vehicles turn off Water St. south of the Duffus motors building as a convenient short cut to Queen St. and Ashburnham. That course has been so rutted that suggestions have been coming to the council from time to time that the city should maintain it for traffic purposes. It is understood that the CPR has no objection to the proposal.

2 Hawk Players Lead Scoring For Third Week

MONTREAL, Jan. 25 (CP) — Billy Reay of Montreal Canadiens and Detroit's Sid Abel have closed some ground on Chicago marksmen Doug Bentley and Roy Conacher in the National Hockey League scoring derby, but will still have to go some to catch the high-flying Black Hawk pair.

Official NHL statistics released today show Bentley and Conacher sharing the lead for the third straight week with 45 points apiece.

Reay, showing the best form of his four years in hockey's major league, picked up four points during the week to move into third place with 37 points, while Abel also had a four-point week and now holds down fourth spot with 36.

Jim Conacher of Chicago slumped to fifth with 33 points, two more than Boston's Grant Warwick and Joe Carveth of Montreal.

Supplants Warwick

Abel supplanted Warwick as leading goal-getter by collecting three markers during the week to take over leadership of this department with 19. The Detroit captain's last two goals were the 100th and 101st of his NHL career.

Doug Bentley and Roy Conacher are running one-two in the assists column with 29 and 28 respectively.

Badman Bill Ezinicki passed the 100 mark in penalty time and now has spent 101 minutes in the cooler. Next in line is rushing Kenny Reardon of Canadiens with 93 minutes.

Bill Durnan rides merrily along in top spot in the goalkeepers' averages. Canadiens' big Bill has allowed 84 goals in 38 games for a 2.21 percentage. Harry Lumley of Detroit is second with 2.46.

The shutout contest still is a three-way affair, with Durnan, Turk Broda of Toronto and New York's Chuck Rayner having four whitewash jobs each.

Steals Hearing Aid

PHILADELPHIA.—Theft of another man's hearing aid brought a 2½-year penitentiary term to William Squire, 36. Squire pleaded guilty to the charge, saying he took the instrument to give to his mother as a Christmas present for his stepfather.

Lots of fun IN THE TRENT VALLEY

TRY a leisurely camping trip through the Trent Valley Waterway system, which extends 181 miles from Lake Simcoe, east and south to Trenton, on the northwest tip of the Bay of Quinte. It takes in the Kawartha chain of eight large lakes and numerous smaller lakes, rapids and rivers for fishing. Sturgeon Lake . . . and most of the other lakes in the system—are periodically stocked with muskie fingerlings . . . so anglers can be assured of good sport. Start your trip at Trenton, 57 miles west of Kingston on Highway No.2. For complete details and help in planning a new kind of holiday, write to the Chamber of Commerce, Peterboro, Ont.

In Ontario we have a holiday paradise . . . let's do all we can to encourage visitors from across the border! Published in support of the tourist business by John Labatt Limited.

TORONTO—Toronto City Council Monday night opposed a Federal Government amendment to the criminal code which it said would allow 60 per cent of persons now tried by Magistrate to choose trial by County Judge or Judge and Jury.

KITCHENER—Annexation of suburban Sunnyside, urged recently in a petition from some 50 Sunnyside property owners will not be sought at present. This was the decision reached by City Council's city planning and building committee Monday night after receiving advice from the Water Commission that the city's water supply is not sufficient to allow for annexation.

KITCHENER.—Police knocked on the door of Oscar Wellheiser and handed him $100 for a Victory Bond that he lost in a beverage room two years ago. The finder of the bond, who was not named, held it for two years and then gave it to a woman, who was nabbed by police when she tried to cash it at Ottawa.

TORONTO. — Magistrate S. Tupper Bigelow sentenced a 19-year-old youth to 14 days in jail and told him "the days of fining for assaulting or obstructing the police are over." Police said the youth, John MacDonald, had interfered with a constable as he was breaking up a fight outside a downtown restaurant.

INGERSOLL.—A fast Canadian National Railways passenger train struck the rear end of a stalled transport truck at a level crossing. The train was not derailed, no one was injured, but the transport caught fire and was destroyed.

Consolidated Vultee Aircraft Corporation, builder of the 400-troop transport for the United States Air Force, said one unit of the landing gear failed to retract in flight.

BUTLER, Pa.—Twenty freight cars were derailed on the Baltimore and Ohio Railroad when a diesel locomotive left the rails. No one was injured but wreckers were hampered by a leading tank car of sulphuric acid.

Story Trent Canal System Told To Fish, Game Meeting

A comprehensive review of the Trent Canal Systems was given on Monday night to the Peterborough Fish and Game Association by James P. McGrath, superintendent of the Trent Canal.

Mr. McGrath told the large audience of conservationists at the Knights of Columbus Hall that the system began about 126 years ago and is a natural waterway connecting Lake Ontario and Georgian Bay.

"It is not a single river, or a few rivers and lakes, but a great drainage line. The northern section, which has a drainage area of 2364 square miles, flows from the height of land at Balsam Lake and empties into Georgian Bay with a drop of 260 feet. The southern part flows into Lake Ontario with a drop of 598 feet and a drainage of 4837 square miles. Total area drained is 7,200 miles."

Total length of the waterway from Trenton to Georgian Bay is about 240 miles, said Mr. McGrath, and 35 miles of this is an artificial canal prism. More than 200 miles of the course consists of natural navigable lakes and rivers, and approximately 340 miles of navigation channels are maintained and marked with buoys.

"With continued wide interest in conservation of all kinds, this system has become a model for water control in land and river areas. Waters have been harnessed until a great portion of north-eastern Ontario is one vast reservoir where each lake may be tapped or held to give the required level in the system. Thus a regulated flow of water is assured."

Told of Early Times

The speaker quickly reviewed the country before the arrival of the white man. Generally speaking, all types of wild life had an abundance of food and nature was in perfect balance, he contended. The Indian, only inhabitant, consumed fish and game on a day-to-day basis and made no attempt to alter the natural state of things.

"This part of the country was mostly covered with dense forests which, in turn, provided cover for all types of wild life and was instrumental in holding considerable water. The evergreens took peak of spring melting period by protecting the snow from the sun's rays, delaying the run-off. Fallen trees across streams provided considerable resistance to flow."

First creature to store water for his own use was the beaver, described by Mr. McGrath as the "original engineer." Despite his dams at strategic points there would be a large flow of water in the spring and flooding resulted. During the dry season most streams and rivers would be reduced to a mere trickle, he said, and yet there was an abundance of all types of fish and game which survived the extreme and rapid changes of high and low water.

Before the white man began to cut timber and dam the waters the rivers would rise higher, drop faster and become drier, said Mr. McGrath.

First dams were timber dams built for the purpose of facilitating the flow of logs down the streams and rivers. Eventually they were taken over by the Dominion Government and from the basis of the reservoir system now in existence.

The speaker said there was a natural cycle for water storage and conservation, known as the "water year."

October and November are called the "replenishing period," during which time the supply of ground water, freed from plant requirements, is being replenished.

Winter Is Storage Period

December to April is known as the "storage period." Precipitation lies on the ground in the form of ice and snow, then it melts and runs off into the streams and lakes.

May to September constitutes the "growing period." Water in storage is used to maintain levels depleted by evaporation and vegetable requirements.

Average yearly loss in these latitudes due to evaporation is about 25 inches, he stated. Evaporation reaches its peak in July, and in the Toronto region is estimated to be four and three-quarters inches.

The Trent Canal System carefully observes the calendar of the "water year," he told the conservationists.

"During the winter, water from the reservoir lakes is run off into the Kawartha Lakes. By supervised control the water is fed into Stony Lake and, depending on the supply, is controlled at Young's Point where sufficient flow is maintained to efficiently operate all power houses from Lakefield to Trenton."

Mr. McGrath said this flow continues until early spring, and by this time both the reservoirs and the Kawartha Lakes are at a low level. Stoplogs are placed in the reservoir lake dams and afterwards in the Kawartha dams. Melting ice and snow cause run-offs which gradually fill up the entire system. When everything is filled the excess water continues to flow, causing some flooding, depending upon the amount of precipitation and how fast the snow and ice melts. Although the reservoir is not large enough to hold all the excess water a large quantity of it has been contained and the peak flood levelled off.

Fall Rains Help

This stored water is allowed to flow over the "growing period." It runs at approximately 1,200 feet a second during the dry season, and is fed from the northern lakes.

During the "replenishing period," the fall rains usually maintain or even build up levels.

Adjusting the water flow is not a simple matter of inserting or withdrawing stoplogs, Mr. McGrath explained. For example, on the stretch of the Otonabee from Lock 19 at Peterborough south to Rice Lake, the slope is less than a foot.

A Bottleneck

"The result is that water builds up, creating its own slope. This may be as much as eight or nine feet and causes considerable flooding of low lying land. At present there is no way this can be prevented, as the backing up process is caused by the small slope, the winding river, and the bottleneck caused by CNR bridge crossing the Trent River below Rice Lake."

"All the logs could be out of the Hastings dam and there would still be a flood condition on the Otonabee," he said.

He pointed out that this was regrettable from the conservation point of view as the 'lunge spawn is in the shallow water during this period when control is impossible.

From the local point of view the Trent Canal System confers many benefits, said Mr. McGrath. The three power houses—Quaker Oats, CGE and Auburn—generate a total of 100,000 H.P.

The city has a pumping station and filtration plant with a small amount of power produced here.

Damaging floods such as are caused by the Grand and Ganaraska rivers in London, Brantford and Port Hope, do not occur at Peterborough. And the valuable top soil is not carried away by surging waters.

Various lakes and rivers are maintained with little variation in level assuring proper beaches for recreation, wharves and the absence of shoals for small boats. Underwater plant life is assured as well as conservation of fish."

Also provided are excellent swimming, boating, scenery, fishing, hunting, picnic grounds, and a place for aircraft to land in Little Lake.

In conclusion Mr. McGrath said: "A regulated river is usually a live river. An unregulated river tends to be sick during most of the year, surging into angry life in the spring to flood the countryside in a fever of power, only to subside again into a puny stream."

Hastings Hand A Reverse To Warkworth

HASTINGS, Jan. 25—(ENS)—A good crowd of supporters for both the home and visiting teams watched Hastings win over Warkworth on a score of 8-2 in a fast game played on a good sheet of ice in Hastings Memorial Centre on Monday night.

Although the visiting team played hard, the home team came out on top with good team-work, with McKenty in goal stopping some hot shots from the Warkworth boys.

The teams:

Hastings: McKenty, L. Petticrew, Geo. Tucker, V. Phillips, D. West, B. West. K. Oliver, J. Wilson, J. Morrow, L. LaLonde, P. Petticrew, Mueller, Herrington, Ball, Fairman.

Warkworth: R. O'Hollaren, G. Greenley, D. Grills, N. Dudley, Elwood Greenley. R. Edwards, Buchanan, R. Edgar, Carr, Wilsher, Makepeace, Moore, Matherson, Dudley, Laver.

1st. Period

Hastings: J. Morrow 10.00

Lou Boudreau Signs Cleveland Contract

CLEVELAND, Jan. 25—(AP).—Lou Boudreau signed a Cleveland Indian contract today that placed him among the highest paid performers in baseball.

The handsome shortstop-manager of the world champion Indians signed a new two-year contract on a straight pay basis—with no attendance bonuses involved.

In terms of cash, it is hard to determine what that will mean but President Bill Veeck of the Indians termed it one of the highest salaries in the history of the game. That would put it up around Bob Feller's reputed $82,000 and the $80,000 Babe Ruth earned one season with the Yankees.

Hawks Beat Leafs

NORWOOD, Jan. 25 (ENS). — It was 5-1 for the Hawks against Maple Leafs in the peewee game in Norwood Arena Saturday morning. D. Rusaw was hurt after only 30 seconds of play when he was knocked into the boards by Aldred. Rusaw resumed play, and Aldred was sent off for two minutes.

Peoples starred for Hawks, netting four of the five goals; Miles had two assists and M. Ranson one. Line-ups:

Hawks—Goal, E. Bigg; defence, Mervin Millett, M. Redden; centre, L. Peoples; wings, Aldred, Miles; alternates: M. Ranson, F. Morgan, G. Millett, Bruce Mullins.

Leafs: Goal, N. Telford; defence, C. Burtt, L. Gordon; centre, D. Rusaw; wings, R. Stewart, Joe Rooney alternates, J. Redden, W. Smith, P. Hines, H. Scott.

Referees: D. Morrison and Jack Robson.

Curling Notes

By HERB MARTIN

The men's second schedule got away to a good start at 7 o'clock last night. The makeup of the rinks have been completely changed from those of the first schedule. The committee is hard at work making great preparations for the visit of the Scottish curlers next Monday.

Our club will be represented in the preliminary playoffs of the District Cup competition at Lindsay Next Thursday.

The rinks are—

Z. Levine, H. Michaelson, G. Gabel, Dr. C. McKee, skip.

H. Bradburn, Dr. R. Morgan, Dr. M. McCortney, Thos. Doughty, skip.

When we left the rink last night Ray Best and Cyril Giroux were playing the final game of the Tankard test games. At the end of the 6th end, Bert was leading 6-4.

It seems that the ladies played their final game in the Gibson Trophy yesterday afternoon, and while we did not have an opportunity to see the game, this is how it was told to us. At the beginning of the game it was all Mrs. Selkirk, in fact her rink was leading 8-0. Then Mrs. Doughty's rink began to play ball until at the end of the 9th end the score was 9-7 in favor of Mrs. Selkirk. On the 10th end Mrs. Doughty's rink got first one stone on the rings and then another, lying two shots sufficient to tie up the game. Mrs. Doughty with her second stone just played short of the rings. Mrs. Selkirk with her last stone, played a little narrow and bumped Mrs. Doughty's short stone on to the rings, giving Mrs. Doughty the third shot, just enough to win the game.

Those who saw the game tell us it was the most exciting finish to any game so far this season.

It was a great game for Mrs. Doughty to win and a tough one for Mrs. Selkirk to lose.

The rinks were—

Mrs. L. Reynolds, Mrs. A. Janes, Mrs. L. Browne, Mrs. T. Doughty, 10, skip.

Mrs. C. Woodcox, Mrs. Lymburner, Mrs. J. Watts, Mrs V. Selkirk, 9, skip.

Men's Scores—F. Jobbitt 8, V. Selkirk 12, B. Scott 13, H. Baptie 2, J. Richmond 13, L. Ackford 12.

A. Altkenhead 7, F. Stenson 6, Dr. D. W. Clark 10, H. White 16, T. Ryan 2, H. R. Morton 8.

Five Games Staged In Church League

Five Church Hockey League games were staged last night, one being under protest. In a bantam tilt Mark St. beat St. George's 3-0 but it was protested on the grounds that the winners used one juvenile and one midget player. Mark St. midgets edged out St. George's 3-2, while St. James seniors defeated St. Alban's 5-3. In the peewee play, St. George's and All Saints tied 3-3, with the second game defaulted by Salvation Army No. 2 to St. George's.

All Saints blanked St. John's juvenile 5-0 to take over top spot with no defeats. Gord Mongraw and Art Miller led the way with three and two goals respectively in a rugged tussle which saw Don Spargo sufferd a badly swelled ankle. The goaltending was good. Spargo and Hurrle each had two assists and Hawthorne one. The teams:

St. John's: Goal, Forbes; defence, Hoar and Ferguson; centre, Verity; wings, Hutton and Rusk; alternates, Robertson, Biddle, Hillier.

All Saints: Goal, Webb; defence, Miller and Mongraw; centre, Spargo; wings, Hawthorne and Campbell; alternates, Hurrle, Rye and O'Connor.

INFANTILE PARALYSIS VICTIMS, in the polio ward of New York's Knickerbocker Hospital, get treated to an impromptu concert by two Metropolitan Opera stars. Helen Jepson, left, and Marilyn Cotlow came to the hospital as part of the March of Dimes drive, and stayed to serenade the youngsters. Most of the kids seem pleased but one or two look as if they'd rather see Bugs Bunny.

First Time In Many Years Prime Minister's Wife Present

OTTAWA, Jan. 25—(CP)—For the first time since the days of Sir Wilfrid Laurier a Prime Minister's wife Monday night met with members of the National Liberal Women's Federation.

Some 40 women gathered for a meeting of the N. L. W. F. clapped heartily when Mrs. Louis St. Laurent entered the room.

"I'd almost forgotten that a Prime Minister of Canada had a wife," said Mrs. Nancy Hodges of Victoria, in introducing the first lady of the government.

"I feel sure Mrs. St. Laurent will interpret the women's view to her husband," she continued.

In a brief address Mrs. St. Laurent said that she always let her husband do the speech-making.

"I want to express to you his greetings as well as my own," she said.

Hear Reports

Reports from the nine provincial presidents were tabled at Monday night's meeting. Mrs. L. C. Lee of Aurora, president of the Ontario Association of Liberal Women, said it was hoped there would be a report at the next meeting from Canada's "10th provice."

Mrs. Lee said in Ontario there was a "noticeable increase" of interest in Liberalism among younger women, who were doing work among the new Canadians.

About 40 women have gathered in Ottawa for meetings held concurrently with that of the advisory committee, National Liberal Federation.

Crucial Year

Mrs. Nancy Hodges, member of the British Columbia Legislature for Victoria, warned one group that this was "a crucial year" in party history.

This is the time when every man and woman should come to the aid of the Liberal party," said Mrs. Hodges, president of the National Federation of Liberal Women of Canada.

She spoke at a luncheon meeting held to organize the Eastern Ontario Liberal Women's Federation.

Mrs. Frank Casselman of Chesterville, Ont., was elected President of the new group. Other members of the executive: Recording Secretary, Mrs. Allison Graham, Chesterville; Corresponding Secretary, Mrs. Alma Grondin, Ottawa; Treasurer, Mrs. Frances Rathier, Pembroke; Vice-Presidents, Mrs. Adrien Chamois, Cornwall, Miss M. Sheldon, Brockville, Mrs. D. A. MacDonald, Alexandria.

Group To Meet In YMCA Sunday

A number of Peterborough's young people met in the Board Room of the YMCA on Saturday to form a social and friendship group. This group will meet in the YMCA on Sunday, February 6, and subsequent Sundays.

Clair Dayman, chosen as temporary president to launch the venture with eight other members of an executive committee, outlined a program containing sing songs, specialty features by popular local singers, and artists, addresses by selected experienced speakers, and selected readng with musical appreciation.

Scheduled to commence at 4.30, and continue until approximately 6.30, it is intended to provide a convenient meeting place for newcomers to the city, and young people of all denominations, living away from home.

Master of ceremonies at the first February meeting will be Edward Stephenson.

Mission Circle Honors Member

The Jean Wagar Mission Circle of St. James' United Church presented Mrs. A. Wilson, an honorary member of the Circle, with a plant on her 91st birthday. The Circle met at the home of Mrs. Jerry Cuff, Morow St., on Monday, when the presentation was made.

The pastor, the Rev. F. W. Claik, installed the new officers and the president, Miss Gladys Langton, delivered a worship theme. Mrs. Cuffe sang to the accompaniment of the pastor and Miss Mabel Dulmage was responsible for the Christian stewardship.

A play, which the circle plans to present in the Spring was read.

Refreshments were served by Mrs. Cuff and Mrs. M. Hunter.

Parents Admire Students' Crafts

Exhibits of handicrafts made by the students of the Collegiate were shown to the P. C. V. S. Home and School Association by Miss E. MacVannel on Monday. Miss MacVannel, who was adressing the meeting on Recreation in Your Leisure Time, showed the parents examples of materials designed and blocked by the students, articles which had been woven on looms made by the students, plaster pictures, decorated gourds, paper angels and clay paper weights.

Miss MacVannel declared that crafts gave the individual a chance to be creative and were a means of individual personality. She deplored the fact that too many people were copying the work of others, rather than creating their own patterns.

Mrs. E. Chambers reported that Class 9a had won the $5 award for bringing the greatest number to the Association. Mrs. W. Drury led a sing song.

Mrs. J. Ward was chairman in the absence of the president, Mrs. Fanjoy and Mrs. F. Leslie proposed a vote of thanks to the speaker.

Mrs. Fry and a committee served refreshments.

Musicians Play For Old People

There were smiles on the faces of the elderly people of Anson House on Monday when the Peterborough Musicians' Protective Association presented a concert there. Old time music played a prominent part in the program, which was the first live concert heard by some of the old people for a long time.

Those who took part in the concert were the Paul Konkle Trio, who sang, the Peterborough String Trio, Charles Allen, who played a piano duet with Olive Searles, George Simmons and his orchestra playing old time music, a string ensemble played two groups and Cecil Searles played the violin.

The musicians will entertain the old people at the House of Providence tonight.

Of Interest to Women

DOROTHY DIX

Says Woman's Best Time Comes at 60 Years of Age

DEAR MISS DIX: At what age is the pleasantest time of a woman's life? We are a group of teen-agers who have been discussing this subject and we cannot make up our minds whether it is the most fun to be sweet sixteen, when all life lies before you and everything is new and exciting, or to be so old that you have quit worrying over the problems of life. What do you think?

Dorothy Dix

BOBBY-SOCKERS

✧ ✧ ✧

Well, dearies, there is no set time for being happy in life. It is a problem that is on the knees of the gods. Sometimes our good times come early in life. Sometimes late. It is a matter of luck and personality and the determination to get pleasure out of living, even if the cards are stacked against you.

According to the general belief, the happiest time of a woman's life is in her girlhood. It is then that she is in the flower of her beauty, prettier than she will ever will be again. It is then that she is most avid for pleasure, when her feet ache to dance and every pipsqueak boy is a hero of romance to her.

Very Young Suffer More

But if the young girl has her moments of ecstatic happiness, she also has her hours of deepest despair. Trifles make tragedies for her. If she is not invited to a party to which she wants to go, there is nothing in life worth living for. She perishes of shame if she does not have dates. She eats out her heart in longing for finery that other girls have and she does not possess. She goes through the agony that scars her very soul if she is a wallflower at a dance. The very young suffer more than their elders, because they have not learned how to meet trouble and vanquish it.

I think that the pleasantest time of a woman's entire life is when she is in the sixties, because then she is still young enough to do anything she wants to do and too old to do anything she doesn't want to do. She has in her age the one perfect alibi. Also, most women of 60 have better health and more money than they ever had before and their first real freedom. If they are widows, they have the consolation of the dear departed's insurance. If their husband is still living, they have either learned how to get along with him in harmony, or else are so indifferent that they do not care what their spouse does.

Women do not realize it, but age is their consolation prize in life.

✧ ✧ ✧

DEAR MISS DIX: Miss Dix, when you husband comes home at night with rouge on his shirt collar, lipstick on his handkerchief and perfume on his lapel, then what? I don't fuss much about it, but I can't hide the hurt in my heart. My husband is very good to me and tells me all the time that I am a perfect wife, but I am getting old fast because I am sick with thinking about this perfume business.

How can I handle the situation?

C. E.

✧ ✧ ✧

ANSWER: You should reverse your tactics in dealing with your husband. You are overdoing this perfect wife role. Your husband thinks that as long as he flatters you, he can blind you to his sidestepping. Call time on him. Ask him if he considers you such a perfect wife, why don't he spend his time with you, instead of with gay ladies? Maybe that will hold him for a while.

Hundreds of letters come all the time to this column from wives who complain that they have difficulty in washing the lipstick out of their husbands' shirts. The remedy is simple. Let George do it.

✧ ✧ ✧

DEAR DOROTHY DIX: We recently have moved to a small town and we find it so hard to make any contacts with the people who live here. Everyone is civil enough to us, but they hold us at arms' length and avoid us as if we were pariahs instead of a decent married couple. It makes us very lonesome and homesick for our old friends.

What can we do about it?

STRANGERS

✧ ✧ ✧

ANSWER: People who live in small towns nearly always form closed corporations. They have their little cliques and it is as hard to get into one of them as it is it break into a bank. This is not because of ill will, but just because they are not accustomed to adapting themselves to strangers.

It is a great pity. We shoud all hold out the hand of friendship to the newcomer.

Rotarians Plan Treatment To 41 Crippled Children

Rotary Club's publicity campaign to find crippled children has been successful to the point where 41 children will be treated. This is an increase of 23 since July 1, 1948, according to Dr. Russell Morgan, chairman of the Crippled Children Committee, who reported to the Rotary Club Monday.

When the new committee took over in July there were 18 crippled children being given treatment. The cost up to the end of last year for the six months was $1,086.39. It was felt by the club Through mailing letters to those who might know of crippled children, by broadcasts and advertising in the newspapers an additional 23 cases were discovered. Members visited 15 children and of these 10 are going to be sent to the Sick Children's Hospital in Toronto and five will receive treatment locally. Out of the other 10 cases, four need boots, etc., and would will be sent to Sick Children's Hospital in Toronto. The other two are mentally deficient and nothing can be done.

"At least $4,000 more will be required to cover the cost of treatment," Dr. Morgan said.

First project of the Social Service committee under Major C. Watt was the picnic held last summer for 50 old age people and shut-ins. They were taken to and from the picnic in cars by Rotarians. On Remembrance Day 100 elderly people were taken out. One of the ladies had not been outside the house in three years until then. Another lady hadn't been out in 18 months. At the Christmas party 150 old people were entertained. The members of the club were helped by the Rotary-Anns.

An appeal was made by Major Watt for assistance with boys who have trouble with the law. He said there is quite a financial and mental strain on those concerned to look after these boys and make them law-abiding citizens.

In the report of the revenue committee read by Clare Collins $7,473.59 was turned into the club's treasury. He asked Rotarians to find about 100 stenographers to type envelopes for the Easter Seals. There will be at least 15,000 letters sent out. It is hoped that $5,000 will be raised to aid crippled children through the sale of these seals.

R. F. Downey reported for the student loan committee. He said $1,015 had been loaned so far to students who need financial help to continue their studies. Only $75 has been repaid. In two cases the students are still in university and are not expected to repay the money until they have graduated and obtained work.

Other reports were given by Charles Allen, music committee; Robert Allen, Rotary-Anns committee; Robert Pierson, Rural-Urban committee; Jack Gillespie, and Gordon Carveth, boys' work committee, and Burritt Smitheram, education an dmagazine.

President W. Hamilton turned the chair over to director Hugh Waddell for the business part of the meeting.

S. Black introduced a guest Rotarian, Dr. Donald Holdcroft, Havelock.

CAMPBELLS CAKE MIX

APPLE SALAD SPARKS WINTER HEALTH

Apples Spark Winter Health In Fruit Cups or Cooked

BY GAYNOR MADDOX

This is apple season. Get lots of them into your menu for flavor and health's sake. Eat them as is, in salads and fruit cups or cooked.

Apple Salad

Arrange crisp salad greens on individual salad plates. On the greens arrange thin slices of unpared, tart, red apples, and pitted dates stuffed with peanut butter. Serve with a dressing made of equal parts of mayonnaise and sour cream, with a few chopped walnuts meats added.

Apple Ginger Sparkle
(6 servings)

Three tart, red apples, 6 tangerines, 6 maraschino cherries, chilled gingerale.

Pare slice apples. Combine with tangerine sections in sherbet glasses. Top with maraschino cherries. Fill glasses with ice cold gingerale. Serve as a first course.

Applesauce Cobbler
(Serves 3-4)

Two tablespoons sugar, 1 cup packaged biscuit mix, 5 to 6 tablespoons milk, 2 cups sweetened applesauce, ¼ teaspoon nutmeg, ½ teaspoon cinnamon, 1 teaspoon grated lemon rind, 2 tablespoon butter or fortified margarine.

Add sugar to biscuit mix. Add milk gradually; mix to make soft dough. Place applesauce in baking dish. Add next 3 ingredients; mix well. Dot with butter or margarine. Drop dough by spoonfuls over top. Bake in hot oven (400 degrees F.) 30 to 35 minutes, or until done. Serve warm with top milk.

TOMORROW'S MENU

BREAKFAST: Grapefruit juice, soft-cooked eggs, corn muffins, butter, jam, coffee, milk.

LUNCHEON: Tomato juice, toasted cheese sandwiches, cole slaw, baked apples, cookies, tea, milk.

DINNER: Pan-broiled chopped round steed patties, baked potatoes, canned peas, cabbage salad enriched bread, butter, applesauce cobbler, warm, top milk or light cream, coffee, milk.

In the current year as in years past, we will endeavour to produce cotton goods at the lowest possible prices. Our efforts, and those of other Canadian mills, to maintain low prices despite higher costs of production and of raw cotton, won acknowledgment of the Prices Committee of the House of Commons. The Committee's report specifically noted evidence that the primary cotton industry had, since the end of price control in 1947, "*gone a long way towards preserving as closely as possible the relationship with the ceiling price which obtained at the time of decontrol.*"

We take this acknowledgment as a challenge to us to continue with as strict a low-price policy as events will permit us.

In production we are making every effort to meet your needs. Through plant replacement and modernization we are endeavouring to keep our mills at the high level of technical performance which for nearly half a century has meant a steady flow of goods to Canadian consumers and employment for thousands of Canadians in the manufacture of first rate goods.

Hectic U.S. Espionage Investigation Accomplishes Little; Charges Hurled In All Directions

By GEORGE RONALD

WASHINGTON, Jan. 25—(CP).—Lacking a definite pattern, the United States investigation of espionage directed from Russia has snowballed into a sort of confused excitement. Somebody comes up with a new sensation almost every day. The many-sided inquiry bears little resemblance to the calm, careful way Canada assembled evidence and prosecuted the men and women whom Igor Gouzenko, in 1945, accuses of spying.

When the young Russian cipher clerk fled the Soviet Embassy in Ottawa and spilled his story, the whole amazing episode was kept a secret. High-level government conferences were called to decide what should be done. A hastily-appointed Royal Commission studied the Russian's charges in secret, wrote a detailed report and turned it over to the Crown for prosecution.

Nine of some 20 Canadians accused by Gouzenko were convicted of breaches of the Official Secrets Act and sentenced to prison terms ranging up to six year. Another man, tried in Britain, got 10 years. Canadian juries acquitted some of the accused: others fled the country and still have not been brought to trial.

Gouzenko's revelations brought a drastic shake-up in the Russian Embassy staff, some members of which had been responsible for relaying Moscow's instructions to the Canadian agents. Gouzenko and his family were placed in the protective custody of the RCMP.

Different Procedure

The procedure in the United States has been radically different. Here a standing committee of the House of Representatives started the Communist hunt. First move of this Committee on Un-American Activities, in 1957, was to dig into reports that Communists "cells" were active in Hollywood. That move backfired. Ten men stood on their constitutional rights and refused to answer questions that might incriminate them.

Since then, along a tortuous path of casual innuendo, burning accusation, an alleged fraud, even death, the committee has unearthed two confessed former Communist couriers and copies of four-score secret documents it says were stolen from the State Department before the war.

And in return for its aggressive methods, the committee has reaped a whirlwind of criticism that has ranged all the way from President Truman's charges the whole thing is a political "red herring" to charges by other Congressmen that the committee has violated every rule of American fair play.

Almost all committee hearings have been public. Accusers, protested by Congressional rules, have said what they pleased. Often the persons accused have been helpless to refute the charges against them. The committee's timing has seemed off on occasion; its taste has been questioned.

Disapproved Methods

For instance, Laurence Duggan, a former State Department official, recently dropped to death from a New York skyscraper. A committee spokesman branded him as one of six persons accused by Whittaker Chambers of having fed State Department secrets to Russian agents. Chambers, one of the two confessed former Red couriers, denied that the next day. Individual committee members said they disapproved their spokesmen's tactics but there was no further official statement, one way or the other.

Dr. Edward U. Condon, now chief of the United States Bureau of Standards, is another who suffered. He was named in a committee report which charged Communist activity among high government officials and said he was "one of the weakest links" in American atomic security. Dr. Condon denied the allegation and demanded a hearing. He hasn't got it yet.

It was open season on government officials when Chambers and the other former courier, 40-year-old Elizabeth T. Bentley, testified. They listed many one-time federal employees who, they said, helped Russian agents, either innocently or otherwise. One they named was Harry D. White, once Assistant Secretary of the Treasury. He got a hearing and denied the charge — but he died soon after of a chronic heart condition.

As the new 81st Congress met Jan. 3, the Republican-controlled committee issued its report. It recommended stiffer espionage laws and urged that the committee be reconstituted by the new Democratic-dominated Congress. That presumably will be done.

Urge Report.

But two committee members also urged a reform in investigating methods. Representatives Karl E. Mundt (Rep. S.D.) and Richard M. Nixon (Rep. Calif.) sought unsuccessfully to have these proposals written into the report:

1. All witnesses should have the right to legal counsel in closed or open session.

2. Subcommittee reports should not be made public until approved by a majority of the committee.

3. Individuals accused in open hearings should be entitled to testify; they or their counsel should be permitted to ask questions by submitting them to the chairman.

4. The advisability of barring radio, newsreel and television from public hearings should be considered.

5. An accurate stenographic record of any hearing made public should be available on request of witnesses.

Chairman John E. Rankin (Dem. Miss.) said, however:

"It's utterly ridiculous. The rules of the committee are the rules of the House (of Representatives) and they can't be changed without the vote of the members of the House."

It seems probable that's just what the House will do.

Turn Up Unharmed

PRINCE ALBERT, Sask., Jan. 25—(CP)—Two fliers turned up unharmed Monday after a forced landing and a night in the open in 40-below zero weather. A. C. Ammann, a Michigan state official and chief pilot S. H. Millar of the Saskatchewan government airways were forced down 30 miles north of here. They said their sleeping bags and emergency rations tided them over the night comfortably.

Overcome Difficulty

REGINA, Jan. 25 — (CP) — People of Regina got to work with a minimum of difficulty Monday, despite Sunday's $1,000,000 fire which destroyed 75 per cent of the municipal transport system's street cars and buses. Saskatchewan government buses, a few privately-owned buses and army vehicles were recruited into the breach and were reported to be operating satisfactorily on all routes.

Liquor Board Hears Witnesses At Toronto

TORONTO, Jan. 25 — (CP) — The Ontario Liquor Licence Board, investigating allegations of attempted "shakedowns" of persons seeking liquor licences in the Niagara Peninsula, Monday heard 16 witnesses during a seven-hour sitting and adjourned its inquiry until Feb. 7.

When the Board completes its investigation, it may pass on its findings to Attorney-General Leslie Blackwell.

Witnesses testified Monday under oath and in camera. Judge W. T. Robb, Board chairman, presided and W. B. Common, director of public prosecutions and solicitor of the Board, questioned witnesses. Inspector Charles Wood of the Provincial Police Criminal Investigation branch was present.

The inquiry was instituted as a result of the arrest of a taxi driver in the Niagara Peninsula. He is alleged to have approached an executive of a Niagara Falls club and offered to obtain a liquor licence in return for cash.

Second-Hand B-29's

LONDON, Jan. 25 — (AP)—Britain is negotiating with the United States for the purchase of 150 to 160 second-hand B-29 Superfortress bombers, responsible British and American informants said Monday. Britain is said to be negotiating purchase of the aircraft to increase the strength of the R.A.F.'s bomber command.

Battleship Swap Delayed Blame Soviet For Mystery

LONDON, Jan. 25—(AP)—An Italian-British-Russian battleship swap seemed bogged down in mystery today.

The main question pazzling the Admiralty: Where is the 33-year-old Royal Sovereign, which Britain loaned to Russia during the war?

The Admiralty said several weeks ago the Russians promised to hand over the Royal Sovereign at Rosyth, in Scotland, about Jan. 21. At the same time the Russians were to take over the 23,000 - ton Italian battleship Giulio Cesare under terms of the Italian peace treaty.

The transfers were to take place simultaneously. But the Admiralty has had no word from Russia about the Sovereign, which failed to appear at Rosyth. The Giulio Cesare, after being made ready for sea, is still in Augusta Bay, Sicily.

"We've got a crew waiting at Rosyth but we haven't heard from the Russians why the Royal Sovereign is late," an Admiralty spokesman said. A Soviet Embassy official said he had "no information."

An Italian navy spokesman in Rome said he expected it would be "several days" before the Giulio Cesare sails. It has been reported without confirmation, that the Italian battleship will be handed over to the Russians in Valona, main port of Albania.

Denies $2,000 Raise

TORONTO, Jan. 25 — (CP)— There were reports in Ontario government circles Monday of a $2,000 salary increase for the premier and other members of the cabinet but Hon. Leslie Frost, provincial treasurer, said "I haven't heard a thing about it." Cabinet ministers now draw $8,000 annually plus $2,000 sessional indemnity as members of the legislature and $1,000 for expenses. The premier's salary is $11,995 with a similar $3,000 added.

Don't Remember Him

REGINA, Jan. 25 — (CP)—Regina residents said Monday they had no recollection of a Philip Stacey who is reported to have told a story in Singapore of two American yachtsmen being held by Netherlands authorities in a Batavian concentration camp for two months. Although there are several families bearing the name of Stacey here, none said they could recall him. He listed Regina as his home town.

Withdraws Ambassador

SANTIAGO, Chile, Jan. 25—(AP)—Chile Monday withdrew her ambassador to Venezuela and rejected that country's charges of "unfriendly conduct." Saturday night the Venezuelan foreign ministry had announced withdrawal of the Venezuelan ambassador in Santiago and accused Chile of interfering in matters beyond her province.

2 More Pickets Sent To Jail

PARIS, Ont., Jan. 25—(CP)—Two more persons were jailed today to make a total of 14 arrested persons since this town's textile walkout began a week ago. The strikers replied with plans for bolstering their picket lines.

Mrs. Helen Muller of nearby Brantford, blonde 32-year-old organizer for United Textile Workers of America (AFL) and Arthur Gignac of Paris, picket captain in the strike against the Penman Textile Mills, were arrested by police shortly before 8 a.m.

William E. Stewart, another organizer from Brantford, told the pickets, meanwhile, they would have to strengthen their lines as it was "too easy for people to get in here." He appealed for doubled strength on the lines tomorrow.

Police did not say immediately what charges would be laid against Mrs. Muller and Gignac. Gignac, who received a summons last week for disorderly conduct, said he had not been told what charge would face him today.

Dies After Arrest

TORONTO, Jan. 25 — (CP).—Several hours after he and another man had been arrested on forgery charges, John McQuade, 56, became ill in his cell and died as police lifted him from the patrol wagon in front of St. Michael's Hospital here to-day. McQuade and Roy Walmsley, 59, were arrested when they tried to cash a forged cheque at a bank. Cause of McQuade's death was undetermined. An autopsy will be performed and an inquest held.

Police Not Alarmed

LINDSAY, Jan. 25—(CP)—Police today are investigating "without undue alarm" the disappearance of Bowmanville taxi-driver Ray Lathangue, 22, who left Bowmanville for Lindsay last night to pick up a fare at the police station here. Police say despite the fact he has not been heard from since he left on the 40-mile trip there is "no cause for alarm, since he said before he left he might not return to Bowmanville until tonight."

Optimists Hear Dr. R. A. Kelly Talk On Health

Medical Officer of Health, Dr. R. A. Kelly, was guest speaker at Optimists Club meeting Monday evening. He outlined the functions of his department and the various services it gives to the community. Of the three branches of medicine, curative, research and preventative, he dealt with the latter as it affected the city in the matter of individual hygiene. He traced the department's work through prenatal, infant and maternal steps to pre-school and school divisions. Dr. Kelly told of work in the field of communicable diseases, mental hygiene and nutrition.

There was an excellent attendance and president John Broadhurst presided. He reported on the District Board Meeting in Toronto, Jan. 22, at which plans were made for forming two subdivisions of District 15. Members congratulated him in Toronto on the success of the Peterborough Christmas Hamper Carnival; he told Peterborough members that they may have given all Optimist Clubs something new in the way of civic welfare work, to organize in other cities.

Twenty-five members of the Peterborough Optimists went to Toronto on Jan. 22 as guests of the East Toronto Optimist Club. They heard their International president, C. Milt Morris, speak on the accomplishment and successes of Optimism both in Canada and the United States.

Chairman of ways and means committee, George Aboud, reported on the ticket sales for the Ice Revue that the Peterborough Optimists are bringing to Peterborough on Saturday, Jan. 29.

Latest activities on Optimist Boys' Town, Trafalgar House, were reported to the meeting by Gordon Hopcroft, chairman of Boys' Work committee. The gathering of equipment is progressing favorably and although some furniture had to be purchased, a great deal was donated and the club is gradually forging toward their goal of making Boys' Town the centre of boys' activities in Peterborough.

Refuse City's Support For Cleveland Booth

Peterborough and the Kawartha district will not have a booth at the Cleveland Sportsmen's Show unless the resort interests and the business men dig down and pay for it. Or, possibly Lindsay and some of the other municipalities profiting from the tourist business may write a cheque, but it is altogether unlikely.

The industrial committee of the council Monday decided to pass up the Cleveland publicity this season, and leave the enterprise and the cost to the interests directly benefitting from the summer visitors. Members of the council have felt from the beginning that this expenditure should not be charged against all the taxpayers. Monday they reached resolute decision.

Ald. Dick Raine presided as chairman, and with him were Ald. Anglesey, Ald. D. Miller, Mayor Swanston, Ernest C. Braund, representing the Peterborough Business Men's Association, and Wilson Gemmell of the Chamber of Commerce.

Ask For Summer Minister In Lake Area

HAVELOCK, Jan. 25—(ENS)—At a meeting of the Oficers Board of the Havelock-Trent River charge of the United Church at the parsonage, Thursday, the following motion was passed:—

'That as an offical Board we would urge the Home Mission Commitee of our Church to supply a student for the summer months for the outlying area around the five lakes north of Havelock to hold church services at Rush Point Church, Victoria Church and one other point to be decided upon later".

The people of Victoria Church have found a new lease on life in the improvements accomplished in the extensive renovations on the interior of their church, it was reported. The church was re-opened with a service of re-dedication in November. It is planned to paint the exterior in the spring along with other improvements.

The following improvements for Havelock and Trent River churches were discussed and listed as objectives for 1949: Trent River—Repairs to windows, eavetroughing, cement work at front of church and improvements to the kitchen; Havelock—Improved heating system, building of a reserve fund to re-decorate the interior of the church, new lantern for the Sunday School, repairs to the steps, front doors and painting of the exterior, raising of the missionary and maintenance fund allocation of $854.

Fred Rogers was appointed secretary of the Official Board.

On motion by F. Rogers and E. C. Pace, the minister's salary was raised to $2,400.

E. C. Pace and R. Umphrey were appointed a committee to assist the minister to prepare the annual report for the printer.

On motion by G. Buchanan and E. C. Pace, the caretaker and organist will receive the same salary as last year.

E. C. Pace was appointed treasurer of the M. and M. fund and G. Buchanan and B. Johnson were appointed auditors.

B. Johnson and F. Cook were authorized to make necessary repairs to the parsonage.

It was decided to continue the use of bulletins for special services.

Rev. F. R. Vanderburgh presided at the meeting.

Family Of Nine In Henhouse

DIXIE, Ont., Jan. 25 CP)—It may be a henhouse to its owner, but to Charles Hannah, a youthful war veteran, his wife and seven children, it's home.

Today the Hannah's are waiting anxiously for a court ruling they hope will allow them to continue living in the building at this village near Toronto.

Saturday Judge Archibald Cochrane reserved judgment on a request by Hannah's landlord, Tony Kri, to evict the family because he wants to use the building as a henhouse.

Testimony revealed the Hannah's paid $50 a month for the house only two rooms of which are habitable.

Said Judge Cochrane: "Any man who charges $50 rent for a henhouse is guilty of gross profiteering. And a man who then tries to throw the tenant and his seven children on the street to raise turkeys...I don't think there's much merit in that."

British League Says Gardiner Insulted

LONDON, Jan. 25 (Reuters)—The Empire Industries Association and British Empire League today renewed their complaint that "discourtesy" had been shown to Agriculture Minister Gardiner of Canada during his recent visit to Britain.

In a joint bulletin they said that their earlier statement complaining that British Cabinet Ministers had "insulted" Gardiner by not attending a luncheon meeting he addressed in London was aimed "not only at the discourtesy shown to a Canadian Minister but also to the wider issue of the treatment of Canada by the British Government in the matter of trade."

"We know that there were at least seven Ministers excluding the Prime Minister who could have filled the gap," they declared.

"It is no excuse to say that Ministers entertained Mr. Gardiner privately. Public courtesy, like justice, should not only be done but be seen to be done."

Mrs. F. McKay Heads Guild For Seventh Term

HAVELOCK, Jan. 25 (ENS)—Mrs. Frank McKay was re-elected for the seventh term as president of the Parish Guild of the St. John's Anglican Church at the annual meeting, Thursday, in the Vestry.

Rev. P. A. Rickard presided for the election of officers which resulted as follows: Honorary President, Mrs. H. W. Roche; President, Mrs. Frank McKay; Vice-presiden. Mrs. A. Buckland; Treasurer, Mrs. George Fox; Secretary, Mrs. Donald Kirk; Work conveners, Mrs. George Smith, Mrs. Jane Melville, Mrs. John Leask, Mrs. John Seabrook, Mrs. L. H. Cooke; Card convener, Mrs. W. Rice; Public relations, Mrs. J. Leask; Sick committee, Mrs. Jane Melville, convener with power to add to the committee.

Mrs. D. Kirk presented the financial report which showed that 1948 had been a successful year recording many improvements to the church and a substantial balance on hand. Renovations included the redecorating and a new floor for the church kitchen where a new range and two electric hot plates were installed. The Sunday School auditorium was also painted and new curtains procured. One of the most encouraging features of the report was that all the meeting had been marked by a good attendance.

Refreshments were served by the president Mrs. McKay.

Plan To Increase Power Supply

CARNARVON, Wales, Jane. 25 (CP)—Plans to increase the Hydro-Electric production of North Wales by nearly six time have been approved in-principle by the British Electricity Authority, which now will consult with local interests.

Present annual production of electricity in North Wales amounts to 110,000,000 units. To meet demand about 300,000,000 units have to be "imported" from the national system. The BEA estimates that lakes and rivers could be used to raise local production to 625,000,000 units.

About one-sixth of the ultimate output would come from extended plant at the Dolcarrog and Maenwrog power stations. The Maentwrog power stations. The major schemes, calling for 18 new stations and the same number of reservoirs.

In North Wales, where industry is growing, the biggest project would be a reservoir two miles long on the Serw, a tributary of the Upper Conway. A three-mile tunnel would lead the water to a station on the Machno.

Swedish Authorities Preparing To Socialize Country's Medicine

By TEDDY ROSENTHAL

STOCKHOLM, Jan. 25 (AP)—Sweden is taking big strides toward socializing her medicine. A compulsory health insurance program will start next year. Parliament, dominated by Socialists, is to consider an over-all health plan. Under the plan, virtually every doctor could become a public employee in 10 years or so.

Many Swedish doctors object that Sweden cannot afford the program and that it will bring other disadvantages. Proponents admit the project is costly but contend the medical care it will offer will be far superior to any now existing.

Chief champion of socialization is Dr. J. Axel Hoefer, general director and chief of the Royal Swedish Medical Board.

He said the project does not aim at preventing physicians from continuing private if they do not care to enter the public health service.

Only 13 Private Hospitals

As evidence that socialization of medicine is already fairly advanced in Sweden, authorities note that only 13 of 651 hospitals of all kinds are private enterprises The other are manged by provincial governments or city councils.

In line with these development in a new law making general health insurance compulsory from July 1, 1950 financed by a special tax and government appropriations.

While no doctor seems to dispute the principle of public management of hospitals, arguments against socialization of medical practice have been pointed.

Medical groups say reports from Great Britain and Denmark show some great disadvantages is socialization.

Fears Husband Slain

MONTREAL, Jan. 25—(CP)—Mrs. Sydney Spear, 25-year-old housewife, said Saturday she feared her husband may have been slain while on a business trip to Toronto last Nov. 14. While Montreal and Toronto police are still seeking some trace of Spear, his wife told a newspaper reporter: "Sydney must have been killed or I would have heard from him. I know he was carrying several thousand dollars when he disappeared."

Charge Raises $1,000 For Missionary Fund

FRASERVILLE, Jan. 25 —(ENS)—Contributions of approximately $1,000 to the missionary funds of the United Church of Canada by the Fraserville charge were reported at the annual congregational meeting on Thursday. It was announced that the Women's Missionary Society raised $300 of the total and the Missionary and Maintenance Fund, more than $600.

The minister's salary was increased $300.

Fred Barnard was elected recording secretary for the circuit and W. C. Dawson of Bensfort was appointed representative to the Presbytery.

The meeting, which was held in Bailieboro church auditorium, was attended by representatives from Bailieboro, Bensfort and Fraserville. The Ladies' Association served a meat pie supper.

Families Attend Institute Meeting

WESTWOOD, Jan. 25—(ENS)—Mr. and Mrs. Lorne Hutchinson entertained members of the Women's Institute and their families on Wednesday when a pot-luck supper preceded the January business meeting, conducted by the president, Mrs. Aubrey Wood.

Corresponding secretary, Mrs. W. Morris, read several letters of thanks from sick and shut-in members who had received parcels at Christmas.

The committee in charge of purchasing new books for the library reported that a number of books for adults, teen-agers and children would be available at the February meeting.

Members signed a convalescent card for Mrs. F. E. Birdsall, who is ill in hospital.

Mrs. Hutchinson donated a satin cushion to the institute, which is to be sold.

Nine tables of euchre were played, prizes going to Miss Jes- T. J. Carddwell and E. W. Sarsie Davidson, Mrs. Aubrey Wood, gent.

TRANSPORTATION CRIPPLED — Seventy-five per cent of Regina's buses and street cars went up in smoke when an explosion in the city's municipal transportation system's car barn set off a fire which destroyed 17 trolley buses, 17 street cars and 10 gasoline buses. Loss was estimated at $1,000,000, and the fire was described as one of the most serious in Western Canada in recent years.

Judges' Snap Decisions Cause Numerous Appeals

TORONTO, Jan. 26—(CP).—Ontario's Deputy Attorney-General says the necessity of trial judges giving snap decisions and judgments is partly responsible for the numerous appeals against court judgments. C. R. Magone, the Government official, said in an interview, there is little question judges "know the law." It is the decisions they are called on to make in a hurry during trial proceedings which give the defence lawyers their opening for a later appeal.

In Ontario last year there were five murder appeals. Misdirection by the trial judge was cited as the appeal basis in two of these. In 1947 appeals, two issues of inadmissable evidence were the defence grounds and misdirection the basis for two others.

The judge must decide immediately whether evidence is admissable, Mr. Magone said. "He does not have the time of appeal court judges to study past cases and the law."

Watched Carefully

In murder trials particularly, defence counsels watch every word spoken by a judge in his address to the jury. Often misplaced remarks form the major basis for a later appeal, he said.

Two other factors responsible for the great number of appeal cases were cited as:

1. Crown counsel's not pointing out during the trial's proceedings the judge's omissions in the summary of evidence for the jury.

2. Judges cannot look to British law for precedence. Under British law the accused is either guilty or not guilty—a new trial cannot be called as it can under Canadian law.

Denazification Court Frees Franz von Papen

NUERNBERG, Jan. 26 (AP).—Franz Von Papen, the old fox of diplomacy in Hitler's Reich, was set free to-day by a German denazification court.

The court reversed his previous conviction as a major Nazi offender, under which he was serving an eight-year sentence in a labor camp. It convicted him of being only an offender, the second category of Nazism.

Von Papen, 69, Hitler's former ambassador to Austria and Turkey, has been imprisoned since the end of the war. The court, in ordering his immediate release held that this was enough punishment.

The court also reduced his fine to 30,000 Deutsche marks ($9,000) In the first trial in April, 1947, his entire fortune, except 5,000 marks, was confiscated.

Says Canada Must Boost Steel 25 PC

Supply For Industry Will Be Kept On Quota Used In '48

By FORBES RHUDE

TORONTO, Jan. 26 — (CP) — Canada must increase her steel production, F. K. Ashbaugh, Canadian steel controller, said today. He implied that it should be increased by more than 25 per cent.

In view of Canada's unusual growth as a manufacturing nation, her need is obvious, and the government has indicated to producers that an increase is highly desirable, he said in an address prepared for delivery to the Canadian Construction Association.

Because of the shortage of scrap steel "increased production must be based upon facilities which will convert iron ore into steel rather than any addition to our electric furnace reduction methods."

Preparing Plans

The chief steel producers were in the process of preparing submissions to the government which would embody the ideas of the industry as to the most efficient, economical and speediest methods for increasing basic steel production. The government could then determine what financial assistance, if any, would be given to the industry.

"I am certain that, from these submissions, will come . . . definite action for the increased production of steel in Canada."

Canada produced 472 pounds per person, whereas the United States produced 1,126 and Great Britain 600.

"Whether an increase is justified to bring Canada's production up to the per-capita level of the United States is doubtful, but it seems that production should be increased to equal, at least, the per capita level of the United Kingdom." (This would be more than 25 per cent).

"Canada has ceased to be a 'hewer of wood and a drawer of water.' While we continue to produce much in the form of agricultural products, timber, minerals and fish, we now are producing an enormous volume of manufactured goods."

Supply Same As 1948

In the meantime, Mr. Ashbaugh told steel-hungry industries that Canada's supply this year will be about the same as last. However, deterioration in the international situation could cut into present reduced supplies from the United States, and any used for requirements of Canadian defence measures must of necessity come from supplies now devoted to domestic and export goods.

Canada herself in 1948 produced the all-time high figure of 3,075,000 ingot tons—130 per cent more than in 1939—which, when translated into usable steel forms, is about 2,300,000 tons. She imported 972,809 net tons, of which 918,609 tons came from the United States.

This year, by agreement, United States imports will be restricted to 800,000 tons.

Snow And Rain Likely Continue

TORONTO, Jan. 25 — (CP).—Southern Ontario to-day was blanketed by a light overnight snowfall— in most sections two inches. The Lake Erie district and the Niagara Peninsula experienced a freezing rain.

Northern Ontario was clear and cold with a low temperature of 35 below zero recorded at Armstrong near Lake Nipigon.

The snow and freezing rain was expected to continue to-day and this evening in the southern portions of the province and the North would likely continue clear and cold. The forecast was for not much change in temperature.

The thermometer in Toronto read 12 above zero, seven degrees below yesterday's low.

Th Ontario Motor League reported some highways in "treacherous condition." No serious accidents were reported by either Provincial or Toronto City Police.

Railway trains from the west are running three to eight hours behind schedule.

Cut Off 2 Weeks By Snow Help On Way To 40 People

WINNIPEG, Jan. 26—(CP). — Relief was in sight today for the 40 residents of the southern Manitoba hamlet of Wakopa, isolated for the last two weeks by snow-blocked roads and railway lines.

In response to a telegraphed appeal for help, Works Minister Errick Willis ordered a rotary plow dispatched, and the Highways Department reported late Tuesday that the plow had progressed 1½ miles along the 6½-mile market road from Killarney southwest to Wakopa. It was expected to reach the isolated community some time today after an overnight halt.

Wakopa is 135 miles southwest of Winnipeg. L. H. Morgan, a general merchant there, said earlier that coal and flour were low, but that four loads of coal and one of flour were reported ready in Killarney for movement to Wakopa once the road was open.

"The flour and coal can't reach us too soon," said Mr. Morgan. "Luckily, a shipment of groceries and 100 loaves of bread came in from Boissevain by team." Some mail also had reached the villagers with the food supplies.

Highways Department officials said that if forecast drifting conditions materialized, their plowing operations might be useless. They hoped that drifts would not pile up again before the fuel and flour reached Wakopa. Residents had only a little coal on hand.

Neelin, 25 miles northeast of Wakopa and Bannerman, only five miles away, were reported on the verge of needing new supplies of food and fuel, though their need was not as great as Wakopa's. Residents of Neelin were said to have enough coal to last a week provided the weather turned no colder.

Neelin's bread supply has been exhausted and there is no yeast for baking available. No train has reached either hamlet since Jan. 11.

Sign Cease-Fire

LAKE SUCCESS, NY, Jan. 26—(AP).—Acting Mediator Ralph J. Bunche reported to the Security Council Tuesday from Rhodes that Egypt and Israel have signed a "complete and enduring" cease - fire agreement. Bunche told the council the armistice negotiations at Rhodes had run into difficulties, but he expressed hope they still would be successful.

Chiang Expected To Lead Defence Group

NANKING, Jan. 26—(AP)—The government will move to Canton immediately, the Chinese foreign office today formally notified foreign embassies and legations.

A spokesman said all government offices here would be closed by Feb. 3 and reopened in Canton by Feb. 5.

Some embassies planned to follow. The United States embassy awaited instructions from Washington. Others are expected to follow the United States lead, except the Russian bloc whose attitude is unknown.

The announcement came as Nanking city councilmen voted to send a delegation to the Communists across the Yangtze river if national peace efforts fail.

There were repotrs that both Nanking and Shanghai would be surrendered to the Communists without a fight if peace talks on a national level collapse.

New Organization

The new reports said a South China defence organization had been set up. Responsible sources said it would be led by Chiang Kai-shek, now in retirement in Fenghwa, his ancestral home in the south.

Hundreds of political prisoners were released from Nanking's metropolitan prison late in the day.

The executive Yuan, however, qualified its order by authorizing the release only of prisoners tried but not sentenced. That left most of the major political prisoners still in jail.

Highly-placed sources said the government planned to abandon the whole Yangtze valley and set up defence lines further south if peace talks with the Communists fail. Should Li's peace efforts fail, these sources said, it was certain that Chiang Kai-shek would reume his leadership from headquarters in Canton.

It would be a continuation of the civil war.

St. Laurent Names Three New Senators

OTTAWA, Jan. 26—(CP)—Appointments to the Senate of J C. Davis of Winnipeg and Thomas Wood of Regina were announced today by Prime Minister St. Laurent. Both are prominent in the business and political life of their respective provinces.

This brings the Senate standing to 67 Liberals and 15 Progressive Conservatives. There are 14 vacancies.

The Senate appointments were made Tuesday along with that of J. Gordon Fogo, announced by the Prime Minister Tuesday night at the banquet of the National Liberal Federation. Mr. Fogo is president of the Federation.

Brother To Seek Seat Won By John Carrere

COCHRANE, Jan. 26 (CP). — Joffre Carrere announced to-day he will contest the nomination of Progressive Conservative candidate for the Legislature seat of North Cochrane left vacant by the death of his brother, J. P. H. (Johnny) Carrere last fall in a motor accident.

A Progressive Conservative nomination convention will be held in Kapuskasing April 6. Attorney-General Blackwell will speak there as well as at Hearst April 7, and Cochrane April 8.

Arsene Grenier, Kapuskasing business man, has indicated he will also stand for nomination. Premier Kennedy has intimated the by-election will be heldd in June, but no definite date has yet been set.

Will Delay Israeli Recognition

Britain To Discuss Matter With Allies And Commonwealth

LONDON, Jan. 26 — (CP). — Foreign Secretary Bevin to-day said Britain was withholding recognition of Israel until she has discussed it with Commonwealth countries and her Allies under the Western European Treaty.

Meanwhile, Bevin told the House of Commons, the Government "is not going to be deterred an inch" from its policy toward Palestine. If fighting between the Israelis and Arabs should break out again, Britain will find it "very difficult to stand by indifferent and inactive," Bevin said.

The Foreign Secretary said he expects to have the replies from the Commonwealth countries and the Western European Allies within a few days.

Allied with Britain in that pact are France—which already has recognized Israel — Belgium, the Netherlands, and Luxembourg.

"We have felt that to plunge into recognition in the way that was suggested would not help us with the Arabs to contribute to a peace settlement," Bevin said.

"Now that the armistice talks are at last proceeding, the government have considered whether the time has come when defacto recognition might contribute to peace and a settlement."

A Material Factor

"I am glad to say that the United States government have indicated that they intend to recognize the government of Trans-Jordan and that is a very material factor."

Bevin said premature recognition would have been "misunderstood over a very wide area in the Commonwealth."

Bevin said the recognition issue will be discussed with the Foreign Ministers of the Western European Union Countries when they meet here Thursday.

Back Security Council

Under that policy, he told the cheering House of Comons, "We have steadily supported all the resolutions of the Security Council as regards both sides in the Palestine dispute."

Heavy Loss Averted In Warehouse Fire

TORONTO, Jan. 26 — (CP).—Heavy fire loss was averted here to-day when firemen extinguished a warehouse blaze after fighting the two-alarm fire for an hour and a half.

Only a "few thousand dollars" worth of furniture was lost when the blaze broke out in the top floor of the building occupied by the Lyons Furniture Store.

Almost $500,000 of equipment owned by the Bell Telephone Co. was stored in another part of the warehouse, but no loss was suffered.

It was first thought that thousands of dollars worth of valuable paintings were stored in the building, but it was learned the gallery had been moved.

J. GORDON FOGO has been appointed to the Senate, Prime Minister St. Laurent announced Tuesday night. He is the President of the National Liberal Federation.

Kelso Roberts Candidate For PC Leader

TORONTO, Jan. 26 —(CP)—Kelso Roberts, Toronto lawyer and a former member of the Ontario Legislature, Tuesday night announced he is a candidate for the provincial leadership of the Progressive Conservative party.

The 50-year-old native of Belleville made his announcement at a meeting of the Progressive Conservative Association of Toronto St. Patrick riding which he represented in the legislature from 1943 until 1948. He did not contest the constituency in the general election last June 7.

A party convention is scheduled this spring to choose a successor to George Drew who resigned after his election as the party's national leader. Hon. T. L. Kennedy was chosen to act as premier and leader in succession to Mr. Drew pending a convention.

Mr. Roberts is the second man to enter the leadership race. The first was Hon. Leslie Blackwell, attorney-general. Others have been mentioned as possible starters: Hon. G. H. Doucett, Minister of Highways; Hon. Leslie Frost, Provincial Treasurer and Minister of Mines; and Gordon Graydon, federal member for Peel.

In making his announcement Tuesday night, Mr. Roberts said:

"It is to the rank and file of our workers and people that I appeal for my main support. If chosen, it will be to them that I will look for assistance and aid in making our great democratic system work for the greater good of the people as a whole through the Progressive Conservative Party."

Son of a Belleville lawyer, Mr. Roberts served overseas in the First World War and later studied law. He practiced first at Port Credit, near Toronto, and then went north to Cobalt and later, Kirkland Lake. When he returned to Toronto he continued to specialize in mining law.

Remains At Large

KINGSTON, Jan. 26—(CP)—Dan Keller, 50, Toronto convict who slipped away from a hospital where he was recovering from an operation, still was at large today. To cover his escape, his second from a hospital, he left a dummy in his bed. Hospital attendants later discovered that what appeared to be a man asleep was only a coat bunched up under the bedclothes.

Very Prosperous Condition Of National Revenues Considered, Alexander Says

Also Predicts Broadening Of Scope Of Family Allowance Legislation, Government Loans To Steel Producers

OTTAWA, Jan. 26—(CP).—Possible tax reductions in the next budget were forecast today in the Speech From the Throne read at the opening of the fifth session of Canada's 20th parliament. The speech, laden with forecasts of important legislation for what may be the last session of the present parliament, made an unusual reference to the budget.

It said:

"Prosperous conditions now prevailing are being reflected in the buoyant level of national revenues; a condition to which due consideration is being given by my Ministers in the preparation of forthcoming budgetary proposals."

As a result the Throne Speech makes a reference to the economic conditions of the country, but does not mention the budget preparations. The reference was interpreted as meaning that the government is planning or is hopeful of making fairly sizeable tax reductions.

PreElection Program

The speech, read in the Senate chamber by the Governor General, Viscount Alexander, had what some veteran observers described as the ear-marks of a pre-election government program. The life of parliament does not expire until 1950, but there has been speculation that an election will come in June or October.

Among other things the speech forecast:

1. Broadening of the scope of family allowances legislation.

2. Abolition of appeals to the Privy Council in London and the establishment of the Supreme Court of Canada as the country's highest tribunal.

3. Establishment of a Royal Commission to examine into the activities of government agencies dealing with radio, films, television, arts, sciences and the like.

4. Legislation to provide for government loans to basic steel producers.

5. A bill to establish a department of reconstruction and development to replace the existing reconstruction and supply department.

6. Ratification of the St. Lawrence deep waterways agreement if the pact is ratified by the United States Congress.

Dean's Resignation AcceptedByCommittee

TORONTO, Jan. 26—(CP). — The legal education committee of the Law Society of Upper Canada has reaffirmed its stand to augment the apprenticeship training system at Osgoode Hall, Ontario's only law school, and has urged the society to accept the resignation of the school's dean, Cecil A. Wright.

An announcement released on Tuesday by the committee admitted that the apprenticeship system had its defects, but blamed them on postwar conditions.

Truck Blows Up At Cobourg Driver Escapes

COBOURG, Jan. 26—(ENS)—A 10-ton truck, bound for Gananoque and driven by Homer Martin of Toronto, caught fire and blew up early today on the eastern limits of the town. Martin got out just in time and felt the searing blast of the flame when the seat gas tanks blew up as he ran for safety.

The first explosion was mostly flame that soon had the whole transport on fire. This was followed by a terrific blast when the saddle tanks exploded, shaking windows in houses for several blocks around the scene.

Cobourg fire department extinguished the fire after a hard battle in which they were handicapped by the intense heat of the burning transport. It was a spectacular fire while it lasted and the reverberation of the gasoline tanks exploding brought hundreds from their beds to the scene of the fire.

"I sure am lucky," the driver told police. Martin said the engine failed, and when he got out to investigate, he saw flames under the cab and ran for safety.

Bar Union Man For Life From US

BUFFALO, N.Y., Jan. 26 (AP) —The United States immigration Service said today that William Edmiston of Toronto, a director of the International Chemical Workers Union (AFL), has been banned permanently from the United States.

Walter A. Sahli, district operations officer, said Attorney-General Tom Clark had peramnently excluded Edmiston and temporarily banned his assistant, Charles Manser, and two organizers, Lewis Tait and George Gare. Manser and Tait are from Toronto and Gare is from Niagara Falls, Ont.

The action was taken under a provision of the law "under which any person whose presence in the United States would be deemed to be prejudicial to the best interests of the country can be excluded," said Sahli. He declined to amplify his statement.

Sahli said the four men applied for entry at the immigration service's Toronto office two weeks ago, reporting they wanted to attend a union convention at Akron, Ohio.

Teen-Age Violence Continues, Three Held

TORONTO, Jan. 26—(CP) — Teen-age violence continued Tuesday night in Toronto as police arrested three Toronto youths.

Mitchell Kavanagh, 19, and Alex McEachren, 19, were charged with assault and William Cole, 23, was charged with malicious damage to property following a fight in a west-end restaurant in which two men were injured, a telephone ripped from the wall and counter stools wrecked.

In a second incident, Irwin Hale, 15, said he was beaten up by two youths as he left the home of a girl friend. He said the pair wore "those fancy hats" of the kind worn by Toronto's teen-age gangs. He could give no explanation of the assault. His assailants were not found.

French, Italian Reds Boost Peace Front

Call On Five Million Followers To Join In Russia-Bossed Program

ROME, Jan. 26 (AP) — Communist leaders of France and Italy Tuesday night told their 5,000,000 followers to join in a huge Russian - bossed "peace front."

Members of the two largest Communist parties outside Russia were ordered to throw "all their force" against "propaganda of hate and calumny, warlike preparations and policies of oppression."

At the same time, Western Germany's top Communist called for "better relations" between the United States and Russia.

These moves were the latest developments in Russia's so-called "peace offensive," picturing Communists as lovers of peace and their opponents as warlike aggressors.

They followed shortly after Moscow's announcement that the Soviet Union and her Eastern European satellites had been linked in an "economic council of mutual assistance" to counter the European recovery program.

Must Prove Wrds

State Secretary Acheson of the United States has called on the Reds to prove that they mean what they say. There has been no direct response.

The call for a "peace front" was announced by the Italian Communists to "fulfill their tasks of fighters of the International front which, under the leadership of the great Soviet Union, is checking the forces of oppression and war."

Cachin and the Italian Communist leader, Palmiro Togliatti, have spearheaded the recent "peace offensive."

But both also coupled their desire for peace with strong attacks on the United States, which they said was preparing for war.

Last night's communique quoted Cachin as saying French and Italian Communists have "an essential function in Western Europe—to defend peace and assure an effective united Europe against all attempts at division and foreign interference."

The emphasis on "Peoples' Action" in recent pronouncements probably reflects dissatisfaction on the part of the Kremlin with the fact that Western European Communists have not been able to get back in their governments.

Max Reimann, western German's top Communist, today called for "better relations" between the United States and Russia.

Reimann said "there are many people around President Truman who would like to re-establish sensible relations with Moscow."

Hint Summer Election To Be Called

St. Laurent Places Two-Month Deadline On Plans

By GEORGE KITCHEN

Ottawa, Jan. 26—(CP)—Liberal Party strategists today prepared plans for an intensified drive to perfect the party's election machinery on the heels of a warning by Prime Minister St. Laurent of a general election in the "not-too-distant" future.

Mr. St. Laurent Tuesday night told the party's advisory council that "from now on" it should make a concerted drive to perfect its organization—and he placed a two-month limit on the program.

"As a program of action for the next two months," he said before 180 delegates attending the Council's annual dinner, "we should choose good candidates in every constituency in which there is not already a Liberal candidate.

The present Commons standing shows 124 Liberals, 67 Progressive Conservatives, 32 C. C. F., 13 Social Credit and eight others in the 245-member house. There is one vacancy.

Veteran observers of the Capital political scene did not take Mr. St. Laurent's call for a two-month pre-election drive as indicative of a "snap" election. They noted that a candidate still needs several more months to become acquainted with the electors.

Summer Election

The expectation was that the general election will come this year, either in the early summer or the early fall, though the government's mandate does not expire until the middle of 1950.

Mr. St. Laurent's address was a highlight of the three-day meeting of the advisory council of the National Liberal Federation, which meets yearly to pattern party policy. The meeting ends today.

In a surprise announcement, Mr. St. Laurent disclosed the appointment of J. Gordon Fogo, the federation president, to the Senate, lifting Liberal representation there to 65 against 15 Progressive Conservatives.

National unity, said the French-speaking prime minister, was the cornerstone of the party's policies.

"Our policies are designed to maintain national unity, to achieve security for the nation and for the individual and to uphold the freedom of both. Our aim is to serve all sections and all creeds, and to promote the interests of all Canadians in every province and every section of our immense country."

Two Labor Parties Head Israeli Polls

TEL AVIV, Jan. 26—(AP)—Two Labor parties, one headed by Prime Minister David Ben-Gurion led in the first inconclusive returns tonight from the Israel election.

A count from 37 villages, mostly Jewish but some Arab, gave Ben-Gurion's Mapai, a strong labor party, and Mapam, the United Workers Party, each 32.5 per cent of the vote. Mapai is considered moderately leftist and Mapam far left.

In the first election of the new state, the Israelis Tuesday chose a constituent assembly of 120 members, which will form a government to succeed the provisional regime and write a constitution.

Mayor Addresses Ashburnham Group

The home and the school were two of the foundation pillars of citizenship, Mayor M. J. Swanston said at a meeting of the Home and School Association of the Immaculate Conception parish Monday night.

In both, His Worship said, the influence of women was of primary importance in creating sound ideas of the duties of citizenship among the children who were to become the citizens of the future.

The meeting was largely attended by members of the Association who were congratulated by Mayor Swanton on their progress and active interest. Among those present were Mrs. [illegible] Sullivan.

Send Tug To Aid Camp Residents

VICTORIA, Jan. 26, (CP) — Eleven inhabitants of an isolated mining camp at Muchalat Island on Vancouver Island's west coast have not been heard from for more than a month and a tug has been dispatched to investigate, H. V. Elworthy said Tuesday night.

Mr. Elworthy, president of the Island Tug and Barge Company, said Christmas supplies for the settlement, 145 miles northwest of here, had not been collected.

There is no means of communication with the camp. Concern was felt for the inhabitants, including three children, when fishermen told the captain of the Tug Island Commander that no word had been heard from the settlement in weeks.

Industrials Decline Slightly On Exchange

TORONTO, Jan. 26 — (CP) — Industrials slipped into fractionary lower ground in moderately active trading here today. Golds and base metals were also easier and a few western oils tightened towards mid-session.

Volume for the first three hours was 566,000 shares.

Industrials moved narrowly with most losses held to fractions despite announcement late yesterday from New York of an increased dividend by United States Steel and a stock split. Pressed Metals added ⅝ at a new high at 12⅞.

United Keno Hill touched a new high at $2.94 in golds while Dome and Hollinger dipped into fractionally lower ground in the seniors.

Anglo-Canadian traded actively for a 25-cent gain at $4.95 in western oils and Okalta, Pacific Petroleum and Calgary and Edmonton rose five cents.

In belligerent mood, Bevin declared Britain has "interests, obligations and responsibility in maintaining security and stability in the Middle East and it is the deliberate purpose of our policy to be faithful to those obligations and to that purpose."

He said critics of the government have pledged support of various solutions of the Palestine problem which were "incompatible with our obligations" and "not realizable in practice."

Bevin declared the government is working closely with the United States to keep the Middle East from becoming "a second Balkan area torn by internal dissensions and the scene of international rivalry."

Refers To Communism

Leaving no doubt that he referred to the threat of Communism, Bevin said:

"The Middle East is buttressed on the north by Turkey and Greece.

"Turkey was one of the first countries subjected to a war of neryes and Greece had to suffer a civil war fostered from outside.

"All this affected the stability and security of the Mediterranean and Middle East itself.

"The aid and support which the United States and we have been able to give Turkey and Greece have been an important contribution to the stability and security of the whole area."

Many Groups Take Part In Presbyterial Program

The annual meeting of the Peterborough Presbyterial of the Women's Missionary Society in Trinity Church on Tuesday took the form of an all day business meeting interspersed with services of worship, musical entertainment and talks by figures of the movement.

The morning worship was conducted by St. Andrew's afternoon auxiliary. Words of welcome were extended by Mrs. Arthur Legon.

Treasurer's Report

The report of the nominating committee was presented by Mrs. ordon Adams.

The treasurer's report presented by Mrs. W. T. Fanjoy showed that the allocation had been exceeded.

The Prayer of Dedication was offered by Miss M. Bowers of St. James Church. Mrs. H. Murduff was in charge of new literature and was assisted by Mrs. W. H. Morton in the absence through illness of the Literature secretary, Mrs. E. G. Johnston.

Hold Memorial Service

A memorial service was conducted by Fairmount W. M. S., led by Mrs. H. McBain, Mrs. F. McIndoo and Mrs. Roy Horton. The following is a list of members who died during 1948:

Mrs. M. Jory, Life Member and Mrs. Fred H. Richardson of Lakefield; Mrs. John F. Clarke of Springville; Miss Ethel May Fisher of Millbrook; Mrs. F. J. Stewara and Mrs. Samuel McGee of Norwood; Mrs. Wilson of Havelock; Mrs. Earl Kidd, Mrs. Grace Airriess and Mrs. Douglas Carlisle of George St. Church; Mrs. A. Brown, Life Member, Mrs. R. Kearns and Mrs. R. L. Crearer of Trinity Church Evening Auxillary.

At dinner, served by the women of Trinity Church, greetings were brought from the Peterborough Presbytery by the Rev. Geo. Murray of Keene. In the absence of the Peterborough Presbytery Women's Association President, Mrs. P. I. Bentley of Millbrook, greetings were brought from that organization of Mrs. E. Wand of Peterborough.

The afternoon session opened with hymn singing led by Mrs. Mitchell of Trinity Church with Miss Mabel Clarry at the organ. Miss Clarry provided the organ music throughout the day.

Worship service was taken by Mrs. Partridge, Mrs. A. Hunter and Mrs. E. Alton and Mrs. E. Denure sang a solo. These four women are members of Mark St Afternoon Auxiliary.

It was decided to hold the Presbyterial meeting next year at Knox United Church.

Boost Allocation

The president announced that the allocation this year had been raised by $1500., bringing the amount up to $11,500.00.

Delegates appointed to the school for leaders were Miss Jean Hanbidge and Mrs. W. Atchison will attend if Mrs. Hanbidge is unuable to be present. Delegate to Branch in Smiths Falls, Mrs. F. McIndoo and Mrs. Phillips. Delegate to Temperance Federation convention, Mrs. M. J. Aiken.

The surplus raised above the 1948 allocation was voted to be divided between Home Missions and work in India.

A musical interlude was provided by Mrs. Bruce Gordon and Mrs. Mitchell of Trinity Church, who sang a duet.

Mrs. Loveys installed the officers.

At supper greetings were brought from Dr. Bruce Gordon, minister of Trinity Church, and by Mrs. F. H. Harris, president of the Bay of Quinte Conference Branch, W. M. S.

Geoorge St. Evening Auxiliary was in charge of the evening worship service which was led by Mrs. Thelma Jordison, Miss Marion Brown and Miss Mary Powell, Trinity choir sang a three part song.

The candidate advisor, Miss Constance Wager told of her work among the Normal School students and nurses. She arranged a poster contest and entries on display revealed some exceptionally fine art. Miss Wager wanted the churches of the Peterborough Presbyterial to accept the responsibility of her department and hoped that candidates for the mission fields may be found in this Presbyterial. Mrs. J. M. Beatty of George St. W. M. S. read the report of the courtesy committee.

Mrs. Bruce Gordon, recording secretary, read a resolution condemning the proposal to allow meals to be served in beverage rooms. She hoped that the Presbyterial would recommend when it met in regular session, that this privilege should not be granted.

Highway Assistance

7. Provision of Federal assistance for the construction of a trans-Canada highway.

8. The extension of foreign exchange, rent and some price controls.

9. Legislation providing for ratification of the eneva Trade Agreements and food agreements with the United Kingdom.

10. A measure to provide for use of a "Canada Standard" label of Canadian-made goods to prevent deception of the public.

The 2,000-word speech said there also would be bills respecting forest conservation, overseas telecommunications, the control and regulation of interprovincial and international pipe lines, and assistance for the Canadian shipbuilding industry.

Several measures will provide for amendments to defense legislation, the industrial development bank act, the emergency gold mining assistance act, and the prairie farm assistance act.

The terms under which Newfoundland has agreed to enter Confederation as a 10th province will be submitted to parliament "without delay." Target date for union has been set for March 31.

No Details

In most cases the speech made mere mention of legislation without giving any details. On family allowances, the speech said: "A bill will be introduced to broaden the scope of the Family Allowance Act, as a further instalment of the policy of the government to provide a national standard of social security and human welfare designed to assure the greatest possible measure of social justice for all Canadian."

It is believed that the bill will provide for equal family allowance payments for all children regardless of the size of the family. The payments now are reduced for the fifth and subsequent children in a family of more than four.

Abolition of appeals to the Privy Council have been forecast for some time. Appeals to the council on criminal cases were abolished some time ago. The Privy Council ruled two years ago that parliament has the power to make the Supreme Court of Canada the last resort in the country.

Drive To Save Dollars

It is believed that the program to assist the Canadian steel industry is partially linked with a drive to conserve United States dollars. How huge quantities of steel are imported from the U.S. and this drain on American funds could be reduced by making Canada more self-sufficient in steel products.

The speech referred to the improvement since last year in the foreign exchange position, but said that as long as trading and financial conditions remain unstable a degree of control over the foreign exchange will be necessary.

Foreign exchange cotnrol regulations will be extended along with rent controls and some price controls.

Submit Report

The speech said the report of the Royal Commission on Prices will be submitted to parliament as soon as it is received by the government. The Commission, established after the last session, ended a prices inquiry last month.

In the field of trade, the Charter of the International Trade Organization and the Geneva general agreements on tariffs and trade will be submitted for approval. The Geneva agreements were submitted to but were not ratified by parliament last year.

The speech added:

"Within the next few months Canada will engage in further negotiations with 13 other countries to broaden the scope of the tariff concessions which we obtained at Geneva in 1947. The government will continue to press vigorously for the lowering of tariff and other barriers and, as quickly as possible, the expansion of trade on a multilateral basis.

To Remove Obstacles

"Meanwhile the government is seeking to remove specific obstacles to the continued sales of Canadian products in our traditional export markets, and to that end is cooperating with the nations concerned in the implementation of the European Recovery Program."

The continuing committee established by Canada and the United Kingdom to review the progress of trade between the two countries now is meeting in London.

Special Label

On the question of labeling Canadian-made goods, the speech said:

"In the interests of both domestic and foreign trade, legislation will be introduced with the object of promoting extensive and adequately safeguarded use of the national trade mark 'Canada Standard' associated with goods which conform to prescribed standards, and of requiring proper labelling of goods to prevent deception of the public."

The speech contained a special reference to the birth of Prince Charles, the condition of His Majesty and the retirement of Rt. Hon. W. L. Mackenzie King as Prime Minister of Canada.

Unsettled Conditions

It referred as well to unsettled world conditions and said the "first concern of government in world affairs is to ensure peace and security." Communism was one threat to peace.

Until the United Nations could guarantee peace, the peace-loving nations were obliged to seek security by combining their strength. A North Atlantic Security Pact would be submitted for approval.

Speaking of prosperity at home, the speech said:

"In striking contrast with Communist countries, the free economy of our country is demonstrating its ability to provide for all a high standard of living, social justice and individual freedom. It is the view of my ministers that a steady advance toward the goal of social justice for all is an effective safeguard against the influence of subversive doctrines."

Hope US Dollars Aid Development

By JAMES McCOOK

LONDON, Jan. 26 (CP).—British planners now hope United States dollars will help release for world benefit the rich resources of 43 colonial territories.

Thus far their proposals have been received cautiously by private American investors. But Government economists have been given new heart by President Truman's declaration that the United States must embark on a "bold new program" for the improvement and growth of under-developed areas.

Britain now sees the prospect that Marshall-Plan arrangements will be revised to facilitate participation in colonial development in territories under British and European control.

Sources said they believed colonial governments would be willing to co-operate in an integrated plan developed by the United Kingdom and the United States in consultation with them.

The United Kingdom's four-year recovery program anticipated important increases in colonial production of food and raw materials, but also emphasized that international co-operation was essential to provide machinery, scientific skill, research, transport and communications.

WEATHER MILDER

It seemed that another cold spell was on the way by Tuesday night when the temperature fell from 20 degrees above to six above late in the evening. It started rising again shortly after midnight and snow came out of the north-east. By 9 a.m. the snowfall was three-quarters of an inch, with every indication of a steady downfall.

Teachers Organize

TORONTO—Teachers of English literature in Toronto have organized the Association of Teachers of English, believed to be the only group of its kind in Canada. Its aim is to further interest in the humanities and to interest students in becoming English teachers. President of the group is Prof. A. S. P. Woodhouse, of the University of Toronto.

RCMP Officer Testifies To Buying Drugs

KINGSTON, Jan. 26—(CP)—An RCMP officer has testified he posed as a drug peddler during his investigation of a narcotics case.

Constable Philip Isber testified Tuesday at the trial of Dr. G. W. Blenkinsop that he bought narcotics on three occasions from Dr. Blenkinsop. The doctor faces five charges of illegal sale of narcotics. The trail is continuing.

The officer, veteran of seven years' service with the Mounties, said he made his first visit to Dr. Blenkinsop last May 6.

"I told Dr. Blenkinsop, "I'm just on my way to Montreal, doc. I have quite a bundle. Could I get some stuff from you?' I pulled out a roll of bills to confirm my assertion.

"'I can't do anything for you,' Dr. Blenkinsop said. 'Sometimes you fellows (addicts) make a nuisance of yourselves'."

Constable Isber said the doctor told of sometimes giving addicts a "shot" of narcotics and asked if the officer wanted one.

"'Oh, no, doc,' I replied. 'I'm not on the stuff. I only peddle it'," the officer related. He said the doctor told him:

"Well, I don't want to go to jail. You might be a mountie for all I know. You could be searched and then picked up after you leave here and they would know you got it here."

The constable said that on May 22, May 26 and June 4 he bought narcotics from Dr. Blenkinsop.

Constable Isber said that before each visit he was thoroughly searched by other RCMP officers and was given banknotes. The serial numbers and denominations of the bills were written down by other officers. The constable said he was kept under observation by the other officers until he entered the doctor's office. After he left each time, he was again thoroughly searched.

Hotel Men Irked Want Rink Built

COBOURG, Jan. 26 (ENS). — Members of the local Hotel Association who met yesterday went on record as endorsing the need for a new rink in Cobourg and that they would lend financial support to the project. However, the association deplored the length of time that has been spent —and still no site announced, and the members urged that a site be decided upon without further delay. To-night the rink committee will meet, at which time the result of their efforts to get a site will be announced.

Plan Wolf Hunt

COBOURG, Jan. 26.—(ENS).—Word that there will be a wolf hunt at Hastings on Saturday has stirred the interest of local sportsmen. Win Fisher, treasurer of the Northumberland Fish and Game Club, says that his phone has been ringing off the wall as a result of repeated queries from local hunters who want ot get in on the wolf hunt. Accordingly steps will be taken to see if transportation can be arranged for those from this district who want to take in the hunt at Hastings. Word from Mr. Fisher is that he will know in a couple of days.

Enjoy Euchre Party

HASTINGS, Jan. 26.—(ENS).—Mrs. A. Sherwin, Front Street, entertained Tuesday evening at a euchre party. Mrs. F. Penny won first prize; Mrs. S. Blackburn second and Mrs. D. Wright the consolation prize.

The hostess served a delicious buffet lunch and Mrs D. Wright invited the ladies to her home next Tuesday evening.

INTERNATIONAL FARMER —Norris E. Dodd, 69, is director general of the fool and agriculture organization of the United Nations. Mr. Dodd, former U.S. undersecretary of agriculture, believes food can be made to solve many of mankind's problems. "There can be no peace in a hungry world," he declares.

January Sales Decided Success

NEW YORK, Jan. 26—(AP)—January sales held throughout most of the United States were declared by retailers today to have been a success. They say they have been convinced that people will buy "if the price is right."

Reports on satisfactory dollar sales in department stores and specialty shops—except where affected by weather extremes—signalled what many believe is the final turn from the wartime sellers' market to the post-war buyers' market.

It all wasn't done with cut-price tags, either. Prices were lowered on many lines of merchandise, of course, but the emphasis was on "more for the money on the things you want."

The volume of Christmas business in most cases was less than expected, and the prevailing opinion was retailers must brighten up rusty wartime selling methods to bring customers back into stores.

Their first opportunity came with the post-Christmas and January sales. Some retailers planned and carried out even bigger sales drives than they did for Christmas.

It paid off. Some pushed to record peaks in dollar volume. Those who didn't offer reduced prices or greater value found sales lagging.

Kinsmen Plan Two Activities

CAMPBELLFORD, Jan. 26 — (ENS). — Kinsmen Club has decided to hold a dance and draw at Edgewater Park on February 25, to raise funds for the equipment of the Warkworth school ground. The Kinsmen's share towards the project is $200, while the $500 balance is being raised by other service organizations. Forrest Dennis, Joe Smith, Jack Reynard and W. J. Callaghan were appointed to make the necessary arangements.

In response to a circular from district headquarters, the local club will entertain the Tweed Kinsmen on Monday, February 28. Jim Price and Howard Wilson were given authority to make arrangements for the hockey game with the Rotary Club. Jack McCredie, Jack Reynard, Art Wartman, and Don Fedorick became members.

Investigate Shooting

LONDON, Ont., Jan. 26—(CP)—London township police are probing the mystery shooting of Rana Gratton, 22, as he walked along a sideroad Tuesday. The bullet passed through a shoulder and the youth was released from hospital after treatment.

Labor Board Considers Code Questions

TORONTO, Jan. 26 (CP) — Questions raised by Ontario's adoption of the new Federal Labor Code were considered Tuesday by a panel of the Ontario Labor Relations Board. Counsel for both companies and unions presented their views on how the Act should be interpreted.

Chief point of discussion was the basis on which the board is to determine whether members of a union are in good standing for purposes of certification of the union.

Under the former Ontario Labor Act, the board held that a union must show a majority of paid-up members in a plant to be certified without a vote. If the union showed that a majority of workers had authorized it to represent them but had paid no dues, the board ordered a vote.

C. L. Dubin, representing all unions affiliated with the Ontario Federation of Labor (CIO), submitted that the board should let the unions decide whether persons listed as union members are "in good standing."

"We are the only people who can say which members are in good standing," he said.

If there was evidence that the employees had selected the union as bargaining agent but did not qualify for th "good standing" definition, the board should order a vote, Mr. Dubin said.

He took issue with a ruling by the National Labor Relations Board that a union must show its members had paid one month's dues three months before an application for certification.

Must Decide Meaning

J. C. Adams, company counsel, said it was the duty of the Board to determine the meaning of the words "good standing." He suggested that in applying Mr. Dubin's definition, it would be possible for a union to write its constitution so as to make members in good standing of all employees working in its jurisdictional field.

He urged that the Board establish some minimum test. He suggested something along the lines of payment of some fees to the union.

Merchant Dies Funeral At Cobourg

COBOURG, Jan. 26.—(ENS).—Well-known in Cobourg where he operated one of the first radio stores in the district, George Burgess, who died Sunday, was buried yesterday in Cobourg Union Cemetery. His wife died six years ago. The funeral services for Mr. Burgess were conducted by Rev. W. P. Woodger of Trinity United Church.

He is survived by two sons, Arthur of Bowmanville and Wesley of Toronto, and three daughters, Mrs. Walter Dunn of Toronto, Mrs. Robert Mitchell of Oshawa and Mrs Mary Waghorn of Cobourg. Deceased was in his 86th year.

Town Calls Tenders For Pumping Station

COBOURG, Jan. 26.—(ENS).—Cobourg Town Council has given the green light to the initial steps in regard to construction of a pumping station which will form part of the sewage disposal system. The building will be 24 x 22 and will be located near the waterfront for the purpose of pumping the sewage from that part of the town, northerly to go into the sewers leading ot the sewage disposal plant. The plant may be built at some future date. Council has passed the necessary resolution to authorize the calling of tenders for the sewage pumping station and engineers' plans for same.

Says Accused Acted Very Oddly On Return From Prairie Harvesting Trip

WHITBY, Jan. 26.—Earl Hopkins, 37-year-old Uxbridge Township farmer, charged with attempting to murder his brother Marlin, 32, had been acting "strangely" for some weeks before the shotgun wounding of his brother on the night of Nov. 25, witnesses testified at the Supreme Court assizes here Tuesday. Mr. Justice P. E. F. Smiley is presiding.

Given only a "10 per cent. chance" of survival, when he was first admitted to Toronto General Hospital, riddled with shotgun pellets, Marlin Hopkins is now "out of danger," according to Dr. David Bean, who gave medical evidence for the Crown.

Mrs. Jennie Hopkins, mother of both men, and two other brothers, Lorne, 29, and Gordon, 16, testified that Earl had been acting in "a dazed and listless manner" ever since he and Marlin returned from a harvesting trip to Western Canada last summer.

George Matthews, at whose home the shooting took place, told the court he had never known of any "bad feeling" between the brothers. "Earl did seem dull and listless when he came back from the West. Marlin told me to my face that Earl was crazy and that was why he had to bring him back," Matthews stated. Matthews said that Earl had been staying with him for two days prior to the shooting.

Guests Arrive

Marlin Hopkins, Leonard Bulloch and two women, Marian O'Brien and Mary Tanak, had arrived at his home from Toronto on the night of Nov. 25, with 34 pints of beer.

"Earl left while the others were still there, saying he'd be back in the morning. He was in a sober condition and there was no argument before he left," Matthews testified.

"About 11:30 p.m.," Matthews told the court, "while Bulloch, Mary Tanak and I were in the bedroom talking and Marlin, Marian O'Brien and Marcia Harris, my housekeeper, were in the living room, I heard a noise like a glass chimney of a lamp breaking. I ran out of the bedroom to the living room, and saw Earl standing on the verandah at the window with a gun in his hand. The living room window had a hole about six to eight inches in diameter in it. I saw Marlin slumped on a couch in the living room.

Couldn't Get Gun

Matthews said he tried to get the gun away from Earl, but that the accused man left the premises taking it with him. Fearing that Earl might return, he then hustled the rest of the party into the cellar and summoned a doctor.

Under cross-examination by defense counsel, A. W. S. Greer, K.C., Matthews admitted he was not sober at the time of the shooting, but denied being drunk. "I was half-and-half," he claimed.

Dr. Bean credited Dr. Robert Mustard, now in Stockholm, with saving Marlin's life by emergency surgical procedures the night of his admission to the Toronto General Hospital. "His internal organs were riddled with pellets and in almost any other hands I believe these lesions would have proved fatal," the doctor declared. He said that the man's gradual recovery had been "astounding," and that some pellets resting against the heart sac could still be seen with a fluoroscope.

What Is The Faith We Hold?

Speaking to the Toronto Board of Trade on Monday the Hon. Anthony Eden urged the western democracies to match the fanaticism of the Communist world with "an even deeper devotion to the faith we hold". We partly understand what Mr. Eden means; he means political freedom and social democracy. But these things are abstractions which we have not yet converted into realities in our own western countries; how then are we to make them real and practicable in countries where they are not understood at all?

* * *

On Monday also a news dispatch from Washington suggested that a billion dollars may be sought from Congress to support President Truman's scheme for the development of the world's backward areas. How is this to be done? Apparently by a partnership between the U.S.A. and the governments of these "backward" countries—a very unequal partnership, as we see it. The U.S.A. will supply the money and the brains and the "backward" countries will supply manpower and natural resources; in the course of time the backward countries will be expected to pay their debts. But it is also suggested that American private enterprise will assist in this venture by establishing American industries in these "backward" lands. The countries so assisted will perhaps pay back the money, but we are sure that so long as the American firms are established on their soil they will never escape from American domination.

* * *

We are sure that this American scheme is being undertaken with the best of intentions, but we cannot blind ourselves to the fact that it will result in a very real American imperialism. We do not consider that a bad thing in itself; the British Empire, which was based firmly on trade, did much to help and develop poor and backward countries. The U.S.A., if it is paying the bills for development in Asia and Africa, will insist that assisted countries become dollar satellites, ready to fight for U.S. interests in case of war, and we can see the justice of that. But is it enough to give the world any real assurance of peace?

* * *

We doubt it. Communism, whatever its faults, had this great virtue as a crusading faith: it offers its adherents a great dream of progress. It is a genuine faith, even though it is chained to material progress and lacks anything but the most meagre spiritual appeal. But what is our faith? What is the western world, led by the U.S.A., offering to these "backward" lands which we are setting out so blithely to assist? We are offering them something even more grossly material than Russia offers; we give no spiritual promise whatever; we are confident that irrigation schemes and scientific farming and modern methods of manufacturing are enough in themselves. But they are not. These people whom we patronizingly call "backward" do not care about such things; they do not want to become synthetic Americans, working in American factories under American management. They would certainly welcome a better standard of living, but such an increased standard does not bring contentment with it. They are asking for a stone—a rock upon which they can found their faith; we are prepared to offer them bread. It is not enough.

* * *

What is the faith we hold? Can it be clarified? Can it be put into words which anyone can understand? Communism is clear enough in its promises and its message and we must never forget that to many European nations the choice between Russia and the U.S.A. is not a clearcut choice between bad and good; it is a choice between two bidders for support. Superficially the Communist faith promises more. Are we sure that we know what we are offering?

Pessimists are already reflecting that next month they will pay 30 days rent for a mere 28 days.

Yellow Peril

The dairymen are shouting themselves red in the face because of margarine. They seem to feel that a *right* was taken away from them when the Supreme Court found the ban on margarine invalid. The ban was invalid for the reason that butter manufacturers had foisted on the people of this country legislation which deprived the people of *their rights*. Now the dairymen seem to think that the Government owes them compensation for the "right" (the monopoly) which they have lost.

Delegates to the annual convention of the dairy farmers of Canada, meeting last week in Regina, have passed certain resolutions. They want butter to be the only yellow food; they want the federal government to order margarine manufacturers to give margarine a "characteristic" colour to distinguish it from butter. We presume that the "characteristic" margarine colour that the dairymen favour is black. In addition to preventing margarine from being coloured yellow, they want the Government to remove the ceiling price from butter, and to put a floor price on it of 62 cents a pound, for a five-year period. We think that the ceiling price on butter should now be removed, because people now have an alternative other than doing without. It is, however, sheer nonsense to demand that the Government guarantee a floor price of 62 cents for the next five years, and it would be folly if the Government fell in with these wild demands.

What the dairymen should do now is to pay attention to their own business, which is butter and other milk products, and not margarine. Dairymen and farmers are among our most fundamental believers in free enterprise. Free enterprise means competition. For almost the first time in sixty years they have some competition. They should face it properly, and without all the shaking at the knees, the dire prophecies of doom and the vindictive wails. Let them do what other competitors in other businesses do: make their product so good that people will be satisfied with nothing else, and advertise their excellent product. They have everything to gain, for good butter is a good product. People who have tried the rest will use the best, if they can afford it. Margarine is a substitute for butter, but the cardinal fact remains that margarine is not butter and never will be.

This newspaper has consistently opposed the ban on margarine and we have written dozens of times in these columns, urging the repeal of the ban. We have done so not because we are flagwavers for margarine or because we wish the farmers any harm. We know how intimately the prosperity of the farmer is related to the prosperity of the country as a whole. We opposed the ban on margarine, and favoured its repeal, for the simple but exceedingly important reason that the ban was an infringement of basic civilian rights. It was unjust, monopolistic, totalitarian. The injustice against the people of this country has been removed. Now, unless the dairy interests insist on urging other injustices, we are content and shall continue to eat butter as long as it is good and within our means. As with with other commodities, we prefer the real thing to any substitute.

Legitimacy In The Arctic

Payment of the baby bonus to Eskimo women has introduced some legal problems in a place as remote from the northern territories as Ottawa. It is not the custom of the Eskimos to hire a preacher to marry them. They mate in the eye of whatever deity they profess, mate early, and sometimes often. One of the questions before the Northwest Territories Council which held its 187th session the other day, was: "Should we ask the natives to get married?" It was decided not to put this civilized obligation on them.

The secretary of the Council explained: "After all, the natives getting married according to their custom don't realize they have done anything irregular". That notion of irregularity is, of course, according to a civilized Ottawa man's code. The Eskimos might think formal marriage vows said over a book which they cannot read a highly irregular proceeding. Some other regular marital practices in this civilized temperate zone might also seem irregular to Eskimos unacquainted with Hollywood. Commissioner Wood's suggestion to the Council that it "leave well enough alone" was well phrased. What is good enough for the people of southern Canada may not be good enough for the Arctic native Canadians.

CANADIAN CAUSERIE

For Prize-Losers

By GEOFFREY VIVIEN

ON a certain day towards the end of last year there were 2,287 disappointed people in Canada. I was one of them. Perhaps three or four of you were of the number too. The disappointment arose from the publication of the prize-winners in the Maclean's short story competition. We—all 2,287 of us—hadn't won! It is always a blow to learn that one has not won something, however unlikely the prospects were of winning. When the designated task is accomplished and the entry sent in only a very strong-willed person can prevent his imagination from playing with thoughts of success, from turning over possible uses of the prize-money (in this case the useful sums of $1,000 for first prize, and $800 and $400 for second and third), and from savouring the congratulations of friends.

❖ ❖ ❖

FOR me the disappointment was quickly assuaged when I read the Macleans account of those to whom the prizes had gone. There was Fred Sloman, third prize winner, of Capreol, Ont., a "bush teacher who avoided becoming a famous physician, a great lawyer, or a Prime Minister, in order to convert a CNR railroad coach into a travelling school so that kids in a rather empty part of Ontario might not grow up missing tales about Gelert, the Dog of Wales, and about stars that move in the skies." He too had played with the thought of how he could use the prize-money: his Model A Ford needed a new gear assembly. As his family numbers "five or six" (delightful vagueness of the man whose work makes him a kind of foster-father to the whole village) one can see that it will not be difficult to find a use for whatever money is left over after the Ford is fixed. The first prize-winner also is the kind of person whom one forgives almost anything — yes, even swiping $1,000 that one had come to regard as one's own. A Nova Scotian, he got himself a B.A. from Dalhousie University and an M.A. from Toronto by scholarships and summer work in an American hotel. Then he betook himself back to the country to be a farmer. Two real Canadians.... One writes off ones dream's with the pleasant feeling: well, that prize-money is going to nurture true Canadian writing.

❖ ❖ ❖

THE winning of prize-competitions has been the start of quite a few careers. America might not have had "Uncle Tom's Cabin" if Harriet Beecher Stowe had not received the encouragement of a prize in a local magazine. To young Victorian painter the winning of an award meant even more. This was Severn, who is remembered now chiefly for his portraits of the poet Keats. In 1817 the Royal Academy announced a students' competition for a Gold Medal to be awarded to the best historical painting on a subject from Spenser's works. (How times have changed—imagine the Museum of Modern Art in New York suggesting such a theme!) Severn was desperately poor and sold his watch and all his books to buy the necessary painting materials for his picture. Its subject was "The Cave of Despair". Perhaps he succeeded in conveying his own desperation in paint, for it won the prize and started his career.

❖ ❖ ❖

MALCOLM Cowley, the noted American critic and poet, was also an early prize-winner. He received the $100 that Chicago's magazine "Poetry" once gave. He has told how the money was used, and it makes one realize how prices have risen. He bought a farm! Land is a feature of one of the more original annual stage awards given to American actors—the Barter Theatre Award. This was won last season by Henry Fonda, for his work in "Mister Roberts", the immensely successful play of life on a small ship. For his prize Fonda received a deed to an acre of land on the mountainside overlooking the Barter Theatre in Abingdon, Virginia; a ham and a platter to eat it off of." Of the more celebrated American theatre awards the Pulitzer prize would be the hardest to give if the judges kept strictly to the terms that Joseph Pulitzer laid down in his will. It reads: "For the original American play performed in New York which shall best represent the educational value and power of the stage in raising the standard of good morals, good taste, and good manners." If I were ever to receive an award as a playwright the kind I would like most would be that which was given in London early in the last century to a struggling author, Charles Armitage Brown. For a serio-comic opera entitled "Narensky or the Road to Yaroslaf" he was granted free admission for life to Drury Lane Theatre.

❖ ❖ ❖

THE rewards that Canada offers are not large by comparison with those of the States. $100 is the usual amount of the first prize. This has its advantages. The entries are not very large, and the competitions acquire quite a personal touch. Any script sent in to the two playwriting Contests, that of the Ottawa Drama League and of the Western Canada Theatre Conference, may have quite a little essay on this or that point of the theatre scribbled on it by the energetic and expert adjudicator, Charles Rittenhouse. If you are still unreconciled to missing that $1,000 of Macleans I recommend you to try your hand at playwriting contests. The writing of plays has many advantages over the writing of stories. You do not have to grind out purple passages for the beauty of the dawn or the horror of the night; the stage carpenter and the electrician will take care of that. Since Chekhov and his Russian plays you do not even need to have a plot. And if you don't win in these competitions either, remind yourself that it is not after all the really great who win the top awards. Some two thousand years ago an Athenian gentleman, Euripides, wrote a play called "Medea" for a competition and scraped into third place. Last year the thing was still kicking around the stage — London and Broadway simultaneously. Maybe that's the kind of long-term greatness your work has. Time will tell—two thousand years hence.

COMPLAINS OF TRAIN SERVICE

Sir: In re to the C.P.R. schedule, especially during the week-ends, I would like to state the following facts:

During the week-ends the only available train to Toronto are scheduled to leave Peterborough so early, that a person has to get up in the middle of the night to catch the morning train.

The C.P.R. has amassed millions of dollars in transporting thousands of D.P.'s to Canada from Europe, so why can't they allocate a reasonable timetable for Canadians who built and made the C.P.R. what it is today?

As a prominent business man and traveller, I have decided to sell my few thousand shares of C.P.R. stock and form my own independent Bus Company commuting from Peterborough, Toronto and Hamilton.

Thanking you for the valuable space, in your progressive paper. Respectfully,

D. A. CAMPBELL.

UNION CONTROVERSY CONTINUED

Sir: In regard the Union question in Peterborough I would appreciate the opportunity and space in your press to clear up a small doubt in the minds of many of our citizens.

Everyone in and around Peterborough must know something of the controversy that has been going on at the Outboard Marine Mfg. Co. between Independent Union and the U.E.-C.I.O., and many know of the decision that was handed out by the Labour Relations Board against the U.E. application for Certification. Now, many people are confused, (and in my estimation, much to the joy of the U.E.) as they seem to pride themselves in confusing people; in the last two weeks the U.E. have handed out leaflets at the Western Clock Co. and the De Laval Co. which state that the majority of workers in several plants in Peterborough acclaim the U.E. as the best Union in Canada and that this majority urges the workers at Western Clock and De Laval Co. to join the U.E. Now this is fine, in fact it is lovely, except for one little point, which is — on the list of plants where this majority of people is in favour of the U.E. we find the name Outboard Marine Mfg. Co. My, my — something new has been added, or is it just the same old thing?

Let me assure one and all, the U.E. application was tossed out by the Labour Board because the U.E. did not have a majority in Outboard Marine. The new labour laws call for a month's dues to be paid with each application card signed so a lot of the cards signed in Outboard are not good now, so that leaves them farther from a majority than ever.

These are facts and if you doubt them ask an Outboard worker. We are not urging anyone to join the U.E. nor are we trying to stop anyone, but we object to being used as a tool by people who have so little respect for the truth. Thank you.

AN OUTBOARD MARINE FACTORY WORKER.

BETTER TRAIN SERVICE

Sir: Wise managements won't ignore the articles and sensible editorials re our rail services.

Considering volume of express business management and employees deserve credit for keeping schedules comparatively on time.

Efficiency and courtesy are lacking in some agents. The same elsewhere.

Our railroads being large, may underestimate large, growing branch line places like Peterborough and Lindsay, losing a lot of their business.

The C.N. wished to abandon our Port Hope line. Coal from Cobourg and freight from nearby lakeshore towns would then come via Belleville, costing us more. People realize this unjust scheme. C.N. better abandon it and figure ways to make this line pay.

C.P. might consider running the train from Montreal earlier, ending long wait Ottawa-Peterborough passengers have at Smith Falls for it. Proper connections at Dranoel or Cavan could be given their Bobcaygeon-Lindsay train then.

A small diesel coach, capable of pulling an extra coach, should be stationed here, providing week-day Lakefield service.

Either the diesel or regular train leaving here around 2.00 p.m. for Port Hope, returning 5.15 p.m. would provide good connections for lakeshore towns and Montreal; a desirable afternoon service to and from Toronto; decent service for the first time to places west of Toronto and returning arrive back in Peterborough around 6.30 p.m. instead of 9.00 p.m.—no long wait at Toronto.

C.N. with attractive week-end fares should get more of the huge local week-end business here. There is a Sunday evening train from Lindsay to Peterborough. None from Campbellford way—an early Monday morning train is O.K. for 8 and 9 o'clock workers. None from Port Hope.

Diesel could operate to and from Port Hope Friday evening. Sunday morning to Lindsay, thence down to Peterborough and Port Hope. On arrival morning train from Toronto return to Peterborough and Lakefield. Sunday evening return to Lakefield, Peterborough, Port Hope; connections for Toronto there. Upon arrival 8.31 p.m. flyer from Montreal would leave for Peterborough.

Early Sunday evening trains Belleville-Toronto and Toronto-Belleville via Lindsay would provide us with an earlier Sunday train from Toronto. Better service from Lindsay district Sunday evening. Sunday service to and from Campbellford district. Connections at Belleville for Montreal.

Buses are a good thing. A train or bus monopoly is bad. Buses have too much monopoly on service here—hence over-crowding on them at times. Yours truly,

INTERESTED IN SERVICE.

Bible Message

(From the Authorized Version)

Then drew near unto him all the publicans and sinners for to hear him. And the Pharisees and scribes murmured, saying, This man receiveth sinners, and eateth with them.

And he spake this parable unto them, saying, What man of you, having an hundred sheep, if he lose one of them, doth not leave the ninety and nine in the wilderness, and go after that which is lost, until he find it? And when he hath found it, he layeth it on his shoulders, rejoicing. And when he cometh home, he calleth together his friends and neighbours, saying unto them, Rejoice with me; for I have found my sheep which was lost.

I say unto you, that likewise joy shall be in heaven over one sinner that repenteth, more than over ninety and nine just persons, which need no repentance. (Luke 15: 1-7.)

❖ ❖ ❖

Brethren, my heart's desire and my prayer to God for Israel is, that they might be saved. For I bear them record that they have a zeal of God, but not according to knowledge. For they being ignorant of God's righteousness, and going about to establish their own righteousness, have not submitted themselves unto the righteousness of God.

For Christ is the end of the law for righteousness to every one that believeth. (Rom. 10: 1-4.)

Have mercy upon me, O God, according to thy lovingkindness: according unto the multitude of thy tender mercies blot out my transgressions. (Ps. 51: 1.)

And Jesus said unto the centurion, Go thy way; and as thou hast believed, so be it done unto thee. And his servant was healed in the selfsame hour. (Matt. 8: 5-10, 13.)

'Alice in Wonderland'

It is no wonder that Lewis Carroll's "Alice in Wonderland" still remains one of the great classics of the ages. The fellow knew what he was talking about. He did not have any of the fallacies of maturity. Theodore Roosevelt understood this. One afternoon at Oyster Bay the president was on the lawn playing with his youngsters in wild abandon. At the height of their fun a solemn citizen of grave renown was noted coming up the driveway.

"Now, children," said T. R. "we have got to be sensible; here comes a fool."

Bethesda United Has Active Year

HARWOOD, Jan. 26 — (ENS) —Rev. A. E. Larke presided at the annual meeting of Bethesda United Church this week. Glenn Hogg was congregational secretary and Miss Phyllis Parker, treasurer, gave the financial report, showing receipts of $2,082.03 and expenses of $2,021.24, leaving a balance of $60.79.

Much work has been done, redecorating the church, new carpets, levelling the grounds and repairing the furnace, it was reported.

The Women's Missionary report was given by Mrs. H. Graham, showing the allocation being paid, with expenses being $288.27, receipts $324.62, balance $36.35. The WMS redecorated the basement of the church.

The Cemetery Board reported purchasing a power lawn mower. Receipts were $147.19, expenses $33.96, with a balance of $113.23.

Mission Band report was given by Mrs. George Isaac, the leader. The sum of $83.23 was raised. Expenses were $46.05, with a balance of $13.05.

The stewards' report was given by the chairman of the board, Glenn Hogg.

Rev. A. E. Larke reported 11 baptisms, seven deaths. Religious education was taught in the school.

A vote of thanks was tendered the organist, Mrs. Garnet Issac, the choir leader, Miss Dorothy Lean, and all members of the choir.

The following officers were elected: Session, J. N. Rosevear, Hilton Graham, George Willcock, John Moore; stewards, Garnet Isaac, Harry Hutchison, Roy Cowling, Arthur Lawton, Glenn Hogg, Jack Robson; church treasurer, Phyllis Parker; Cemetery Board, George U. Isaac, L. R. Isaac and E. Linton; Sunday school superintendent, Lettice Droge; flower committee, Mrs. J. Moore, Mrs. A. Crick; auditors, J. Robson and John Moore.

VON Supervisor Analyses Reports On 280 Mothers

An analysis of the records of prenatal supervision of 280 city mothers during 1948—representing somewhat less than one quarter the total births here during the year—was given by Miss Mary Ross, V.O.N. supervisor in her report to the V.O.N. executive. The breakdown of the cases was made following discussion at an earlier meeting regarding the city's infant death rate. The question was raised as to whether expectant mothers were availing themselves of prenatal supervision.

It was found that, of the 280 cases handled by the V. O .N. during the year, 230 reported for attention within the first three months of their pregnancy. Thirty-two reported in the fourth and fifth months. The remaining 18 were contacted between the sixth and ninth month. Only one was not reported to doctor.

Miss Ross said that she did not feel the records to be "a fair cross-section" of the city as a whole.

"If it were the general picture, Peterborough could justly feel proud. . . . the majority of our prenatal contacts are reported by the doctor, and no doubt there are many who still do not seek medical supervision."

Figures for 1948 are not yet complete on still-births and infant deaths, she said, but it is believed that they are slightly less than the previous year.

"One of the chief causes of infant deaths in 1948, as in 1947, was prematurity. In thinking of prevention, the answer undoubtedly lies in earlier and more thorough post-natal attention. Medical supervision comes first and foremost and is the main point of emphasis in our visits. . . . There are, however, indirect social factors, all of which have a bearing on the mother's condition, in which also nursing supervision and advice can help." It is here, said Miss Ross, that the Order is making "a real contribution." She mentioned specially the pre-natal services given.

She said that the objective of the V.O.N. should be to "keep up enthusiasm and lose no opportunity to interpret the service both through continued efforts. . . to keep the public informed on the service available."

She reported, in advance of the annual meeting, that bedside care cases in 1948 were about the same number as 1947 and that there was a slight decrease in educational visits. The majority of visits she said, are of an educational nature, for which no charge is made.

Charles Hebert Made Mexican Ambassador

OTTAWA, Jan. 26 — (CP) — Charles P. Hebert, 50, Canadian Minister to Cuba has been appointed Ambassador to Mexico, succeeding Sydney P. Pierce who was recently made Deputy Minister of Trade and Commerce.

The appointment was announced Tuesday in an external affairs department statement which also listed the following staff changes:

R. G. Riddell, 41, head of the United Nations division to be special assistant to the Secretary of State for External Affairs, Hon. L. B. Pearson.

John W. Holmes, 39, First Secretary and Charge D'Affaires at the Canadian Embassy in Moscow from November, 1947, to September, 1948, to be Acting head of the United Nations Division.

It is expected that Dr. E. H. Coleman, Undersecretary of State, will replace Mr. Hebert in Cuba. His transfer to a foreign post was announced a week ago by Prime Minister St. Laurent who said he was not yet ready to announce the country concerned.

Kills Two Cyclists Given 18 Months

DUBLIN, Jan. 26 — (CP) — A driver whose automobile killed two cyclists Monday night was sentenced to 18 months despite his defence that he was speeding to prevent his wife's elopement with the Marquess Conyngham.

The driver, Richard James, 50, wealthy company director, was convicted of manslaughter in the death of James Bennett, 34. Both Bennett and Emily Campbell were killed.

Defence counsel said James had heard his 37-year-old wife was leaving by chartered plane with the 58-year-old nobleman and was driving to the airport to stop her.

Oddfellows Tie Lindsay In Overtime Junior Tilt

Lindsay Mustangs and the local Oddfellows fought to a 3-all overtime tie in their OHA Junior "B" engagement last night on Lindsay ice. Each counted twice in the first frame and each scored a goal in the second, but neither could break the deadlock in the third heat or the 10-minute extra inning. It was a fast, exciting and fairly clean contest, though rough for a space in the third when nine penalties were passed out. Lindsay drew 10 of the 18 penalties in the game.

Pagett and Birch led the visiting marksmen with two scoring points apiece, with Floyd, O'Heron and Collins getting one each. Anderson turned in some effective checking and Byers was strong in goal. All the Weir squad worked hard, after a tough tilt the night before. The Mustangs really battled and it was a pretty even joust throughout, though Triple Links were pressing harder in the overtime period. Crawford, Parker, McPhee, Dubois and Ferguson looked particularly good for the homesters. The crowd was small.

Pagett Scores

Floyd came close on an early rush and, with Lewis off for holding, Pagett scored on a passout from Birch as five forwards were used. Bill Berwick went off for tripping but returned just as Parker batted the disc home at close range from Crawford. Pagett got it back immediately from Floyd as he waltzed right in. He shook off a bump and it was hot and even for a time. Dubois tied it up near the finish on Karup's assist on a passing play inside. Millar and Jim Corley were gated for high-sticking and Birch followed with a major on an accidental high stick which drew blood.

Still short a man early in the second, the Oddfellows had a goal scored on them on Crawford's shot, which the visitors argued was not in at all. It was allowed. Green got it next for hooking but got back with no damage done. Birch had a nice try and the Lindsay goalie was busy till Floyd was waved over for high-sticking. He returned and Jim Corley was chased for interferences. The IOOF team tore in hard and finally clicked with the equalizer when Birch banged it into the twine, aided by O'Heron and Collins, right on Ferguson's doorstep.

Lots of Penalties

Birch went off with a cut for part of the third period. Green drew a penalty on the injury for hooking but got back safely. A play by Pagett and Collins drew two penalties in a row, Dubois for hooking and Hennessy for tripping. However, Pagett then got it for slashing and play was red-hot for a space. Millar went next for interference, followed by Bill Berwick and McPhee for roughing. Green joined the penalty parade for tripping, followed by Wyatt for cross-checking. It was red-hot going and rough enough, with five in the sin bin at one time, but neither side could score — though Truss came close once — and all got back before the gong.

The visitors pressed most of the 10-minute extra heat, with Collins and Birch in particular making heated stabs at the Lindsay net. A McPhee-Parker rush made Byers jump but play was generally in the homesters' zone as they banged the rubber goal-ward without success. Both teams were tiring at the fast pace and the extra time, and they appeared willing to settle for a draw at the end.

The teams:

IOOF—Goal, Byers; defence, W. Berwick and J. Berwick; centre, Pagett; wings, Floyd and Collins; alternates, Birch, Truss, Crowley, Wyatt, O'Heron, Miller, Anderson and Grainger.

Lindsay—Goal, Ferguson; defence, Green and J. Corley; centre, Parker; wings, Dysart and Crawford; alternates Karup, Dubois, V. Corley, Jenkins, Lewis, McPhee, Hennessy, and Burns.

Referee: J. Crombie; linesman, L. Eberts.

Summary:

First Period:

IOOF—Pagett (Birch) 8.05.

Lindsay—Parker (Crawford) 13.07.

IOOF—Pagett (Floyd) 13.24.

Lindsay—Dubois (Karup) 17.30.

Penalties—Lewis, W. Berwick, Millar, J. Corley, Birch.

Second Period:

Lindsay—Crawford, 1.09.

IOOF—Birch (O'Heron, Collins) 18.16.

Penalties—Green, Floyd, J. Corley, V. Corley.

Third Period:

No score.

Penalties—Green, Dubois, Hennessy, Pagett, Millar, W. Berwick, McPhee, Green, Wyatt.

Overtime:

No penalties.

AT BROCK TONIGHT—Pat Flanagan, pictured above, who takes on Tiger Joe Marsh, a newcomer here, in the opening bout at the Brock Arena tonight. Chief interest of course centres in the main bout between Earl McCready and Fred Atkins with the winner possibly getting a bout with Whipper Billy Watson. McCready's demand for a new referee has been met and that official will, likely be Ernie Powers of Hamilton. John Katan and Irish Tom Collins in the semi-final match rounds out an excellent card.

Bill Thoms' Toronto Meteors are getting pretty mad at local OHA senior "B" squads. Legionnaires beat 'em twice and hope to do it again tonight at Civic Arena, starting at nine. And the Petes did it right on Meteors' "home" ice in Lindsay last Saturday. The Toronto hockeyists feel that they are not being treated with proper respect in this group, at all, so we expect they'll really pour it on in tonight's clash with Legion. On good ice, it should be a fast-stepping and maybe rugged fixture between two strong clubs, and no doubt the cash customers will be out in force.

Puckists are like a lot of other athletes, many being quite superstitious. We've seen local players plenty sore when a "lucky" stick—meaning they've been scoring good with it—is broken, borrowed or pinched. And some wear "lucky" sweaters, pants, sox or underwear until the sanitary inspector is ready to take over. We note an item which says Emile (Cat) Francis of the New Haven Ramblers of the AHL still sports the hockey pants he wore with his former team, Chicago Black Hawks. Though we can't figure why he reckons they're lucky, else he'd still be in the NHL.

Big Guy In Big Job

Big Fitz Fitzgerald dropped in the other day en route from Montreal to Toronto. He used to work with us and now holds down the job of managing editor of the Montreal Gazette. Fitz often went around wih us back in the mid-30s on hockey bus trips and nearly had us in dutch once when he took advantage of the driver's brief absence to tool the busload of junior players gaily about Lindsay's streets. We trust his actions now are more befitting his dignified position. Another old crony, Ken McDonald—former sports editor here—has an important job, also, with the Montreal Herald.

* * * * * *

Lot of local folks, too, will remember Keith Copping and Jack Peterson, who used to pound beats for The Examiner. Former is out west now with a soft drink firm and doing okay, whilst Jack talked St. Thomas voters—he manages a radio station—into putting him on the city council a few months back. Rollie O'Leary and Jack Maunder are a couple of other newspaper chaps—though they worked out of Lindsay—in the news colony down Montreal way, laboring not too lustily (one imagines) for the CPR Press Bureau. Just happened to think of some of these good chaps when huge Fitz blimped into view for a brief visit.

Juniors Gain Draw

Junior IOOF-ers can coast now for a week after a busy two straight nights. They drew 3-all in overtime last e'en in Lindsay, a fine, fast fixture. Close-checking throughout with the wingmen on both sides hustling back, the defences strong and both goalies good. Pagett, Birch, Anderson and Byers were probably the pick of Archie Weir's gang this game, but the whole squad worked hard. As did the Lindsay boys. It threatened to get rough in the third period but Referee Crombie started throwing 'em off fast and thus kept order. Manager Andy Price phoned the arena from Toronto to announce that the OHA sub-committee had re-instated Chum Fryia, IOOF winger, who has been out six games. He'll likely see action next week.

Lots of action at Civic Arena and Riverside last night in the PMHA as they're starting now with good ice to catch up on postponed games. Northend juves and St. Peter's staged a neat one with the former winning 1-0, while Legion Trojans took a 9-1 decision o'er East City juveniles. Clapper's and St. Peter's midgets fought to a 4-4 tie, and Marines bantams pulled out a 4-2 verdict against St. Peter's in a neat game. Johnny Godfrey is coaching the Legion Trojan juveniles and has a strong squad. Arnold Olmstead lists these games for tomorrow, starting at six: Trojans vs. Marines bantams, Clapper's midgets vs. Jaycees, and Northend juves vs. Trojans at Civic Arena; and St. Peter's bantams vs. Northend, St. Peter's midgets vs. Trojans, and St. Peter's juves vs. East City over east.

Marines Hitting 'Em

In the Girls' Bowling League this week, Outboard Marines dominated play with top team total of 3138 and high single game of 1143. M. Warner was closest to the blind score of 562. Among the individual trundlers, F. Killen led the way with high cross of 773 and best single of 327. Some good games now in this lasses' pin-smacking loop, and no one team seems to be stealing the scoring honors lately, several of the squads spreading top honors around in recent weeks.

A Close One

The Midget teams put up a fine show, ending in a 2 to 1 victory for Omemee.

The teams:

Omemee—Don Osborne, Don Crawford, Beatty Evans, Hubert Fox, Ronald Smith, Don Lytle, Tom Stephenson, Bill McKenzie, John Maunder, Douglas Brooks, Ron Parker, Bill Mitchell, Ross Webb, Don Blakey.

Millbrook — Gerald Hubbard, Ross Kinsman, Arnold Brackenridge, Beverly Reid, Allan Kinsman, Allan Wright, Stewart Murray, Ted Skitch, George Smith, Allan Hutchinson, Ross Grills, Ben Hasaley, Donald Kent.

In the first period Ross Kinsman scored for Millbrook and they continued with this lead until late in the second period when Don Crawford tied the score. In the third period Omemee got the edge with Hubert Fox's counter.

Minor penalties were given Smith, Webb and Blakey.

Omemee Midgets have now won four games out of five, losing only to Orono. They try conclusions with Orono tonight on Orono ice.

Brampton Beaten

BRAMPTON, Jan. 26—(CP)—R. G. McDonald of Locust Hill and J. H. Curtis of Fenelon Falls, skipped their rinks to victory Tuesday in the first round of the Laddie Wilson Trophy competition of the five-day inaugural bonspiel here.

McDonald's rink defeated the George Farr rink of Brampton. 15-9 with J. H. Curtis winner over K. Dobson of Brampton.

In the first draw of the Walter E. Calvert consolation trophy, J. Howard of Fergus and T. O Loveless of Galt were winners over the C. Overland rink of Erin and H. B. Padden rink of Hamilton.

AGAINST A WALL MURAL of Cleveland Stadium, Vice President Hank Greenberg (right) and Lou Boudreau talk over prospects of the 1949 baseball season. Boudreau is to sign a 1949 contract which will reportedly give him more than $80,000 a year.

Here and There In Sport

By The Canadian Press

Hector (Toe) Blake denied reports at Montreal Tuesday night that he has been signed to pilot the Valleyfield Braves of the Quebec Senior Hockey League. The Braves are currently holding down fifth place in the seven-team loop.

However, the former Montreal Canadien star did admit that he has received several offers from various amateur teams. He refused to name the teams.

Blake recently terminated his contract as coach of the American Hockey League Buffalo Bisons.

Phil Marchildon, one of Canada's few contributions to major league baseball, predicted Tuesday night that Philadelphia Athletics would be among the first three finishers in the American League next autumn.

The husky pitcher said that "with the players we had last year and some good replacements we should be among the first three." He spoke to a gathering of some 80 young baseballers at the banquet of the North Toronto Baseball Association.

Woodstock's curling fraternity will officially open the new $45,000 curling arena here Saturday night. Complete with artificial ice, the building is one of the most modern in Ontario. The three-storey structure is 165 feet long and 60 feet wide.

At Rochester, N.C., George Teague, 141, of Buffalo, N.Y., knocked out Larry Simons, 147, of Welland, at 2.48 of the first of a scheduled six-round boxing bout Tuesday night.

At Prague, the United States Amateur Hockey Association team defeated Slovakia Tuesday, 6-4, for its first victory during its tour of Czechoslovakia. Previously the Americans had lost three straight.

Boston Recruits McGill Goalie

By VIC MORRIS, Jr.
Canadian Press Staff Writer

Boston Bruins have cleared their netminding problem — at least until game-time tonight when they clash with Toronto Leafs—with the signing of Jack Gelineau of McGill University.

The Bruins have been in a desperate strait to find a temporary replacement for Frank Brimsek, who vacated his nets after his 10-month-old son became seriously ill. The infant died of bronchial asthma at Eveith, Minn., Tuesday.

Gelineau has been McGill University's netminder for the last four years. He served with the RCAF in wartime and was awarded the British Empire medal for gallantry in rescuing an injured crewmate from a burning plane.

The third-place Bruins can't afford to lose tonight's game and appear to be well fortified defensively with the 24-year-old Montrealer guarding the bastille.

All Serene

Elsewhere in the National Hockey League all is serene. Detroit hold full command with a six point margin over the Bruins. Montreal Canadiens trail the Bruins by only two points while Chicago are six points back of the Habs in fourth position. Toronto and New York Rangers with 33 and 31 points respectively are at the bottom of the ladder.

Tonight's Montreal-Chicago tilt at the Windy City is a crucial one for both clubs. A win for the Montrealers could possibly put them in a tie for second-place with Boston in the event that Leafs win over the Beantowners. Chicago could use a victory to shake off the Leafs who are only one point back of them.

The result of the New York-Detroit Red Wings contest at the Motor City will have little effect on the standing other than consolidating Detroit's power hold on the top spot in the event the Wings win or moving the New York Rangers two points ahead in the other event. Whatever the result, the Rangers can't hope to emerge from the cellar.

Remember When—

By The Canadian Press

Howie Morenz was traded to New York Rangers for Glen Brydson by Chicago Black Hawks 13 years ago today. The great centre from Stratford who starred with Montreal Canadiens for nine years before going to Chicago, slumped after the trade. But back with the Habitants in 1936-37 he regained his old-time dash until death cut his career short in March, 1937.

LOUIS WINS EXHIBITION

At Miami, heavyweight champion Joe Louis Tuesday night won an unofficial decision over Elmer (Violent) Ray in a non-title, six-round exhibition match in the Orange Bowl Stadium before an estimated 15,000 fans. The match was a no-decision contest but newspaper men polled Louis the winner. Louis weighed 221½, Ray, a Hastings, Fla., negro, weighed 198.

Crack Down On Rough Play Three Players Suspended

By The Canadian Press

Officials last night cracked down on rough play in the Ontario Hockey Association Junior 'A' loop by hanging a six-game suspension on two players. Ken Broughton, husky Galt Rockets' defenceman and forward Paul Meger, Barrie Flyers' leading scorer, were banished as a result of an altercation in Galt last Saturday night.

Player John Fryia of Peterborough Triple Links, who was suspended Jan. 5 for incurring a match penalty by wielding his stick so forcibly over a North Toronto Lion player's head that the stick broke, was reinstated after serving a six-game suspension.

The suspensions probably squashed any hope Meger had of overtaking the Windsor Spitfires leading Giesebrecht brothers in the individual scoring race. Regarded as the outstanding left-winger in the loop, Meger has a total of 58 points—consisting of 30 goals and 28 assists—17 points behind Bert Giesebrecht and 15 behind brother Bruce.

Take Over Lead

But the two clubs apparently didn't suffer any repercussions from the move. Last night the Rockets moved out of last place in the league by defeating the fifth-place Oshawa Generals 5-2 while the Flyers took over sole possession of first place by defeating the fourth-place St. Catharines Teepees 8-7.

Saturday the players tangled in a corner during the game, with Broughton high-sticking Meger, a report submitted by the referees to the OHA executive committee stated. Meger retaliated and both players fell to the ice. Broughton was alleged to have again hit Meger with his stick.

The report said Meger raised his skates "protectively" and opened a cut over Broughton's eye that required six stitches. Meger was banished with a match penalty. Broughton was allowed to play. However, officials later decided that Broughton was the instigator of the fight and was as much at fault as Meger. Barrie won the game 7-5.

Dog-Fight for Goals

With Meger sitting out the first of his six games, the Flyers won again last night. They got the deciding goal with 22 seconds left to play. It was a typical dog-fight for goals and no less than 11 counters were scored while one of the teams were shorthanded. The teams were tied 2-2 at the end of the first period and 5-5 at the end of the middle frame.

The Flyers went ahead in the final period, only to have Teepees knot the sore at 6-6 minutes later. St. Catharines then took the lead and in less than two minutes the game was all tied up again.

Gord Pennell and Don Ashbee paced Barrie marksmen with three goals each. Stan Long and Hal Hopper each netted one. For Teepees Ron Rubic got three, Wayne Brown, Bill Buschlen, Red Sullivan and Obie O'Brien got one each.

The Rockets garnered their 10th win in 40 starts as they moved into a 2-0 lead in the first period, held a 3-2 margin at the end of the second and scored two unanswered markers in the third.

Bronco Horvath led Galt scorers with two goals while Ron Bell, Gord Kilbey and Johnny Lumley got one each. Dick Gamble and Robinson accounted for Oshawa goals.

GIANT-KILLER—Here is Joe Chenier, Canadian snooker and pocket-billiards champion, sharpening up to play an eight-day series of exhibition matches against world champion Joe Davis of London, in Hamilton, Bermuda. Chenier, born in Hull, Que., but now of Toronto, figured his chances of beating Davis "about eight to five." The exhibitions started to-day.

Cleveland Indians Defeat Lions 6-1

WASHINGTON, Jan. 26—(CP)—Paced by Johnny Holota who scored three goals, Cleveland Indians defeated Washington Lions 6-1 Tuesday night in an American Hockey League game.

Paul Mundrick scored Washington's lone goal at 3:56 of the first period. He later was taken to hospital suffering from a possible shoulder dislocation.

Holota started the scoring at the 42 second mark in the first period. He scored again in the second and the last goal of the game at 14:35 of the third.

Ralph Wycherley, Kenny Schultz and Pete Leswick also scored for the Indians.

Huskies Pull Surprise Trounce Pla-Mors 5-3

By the Associated Press.

Houston Huskies picked the right night to surprise the United States Hockey League.

The Huskies treated 5,706 of their fans to a 5-3 victory over Kansas City Pla-Mors Tuesday night. That was the largest crowd to witness a game against the northern leaders this season.

A three-goal third-period rally did the trick for Houston Tuesday night. Deadlocked 2-2 starting the final period, the Pla-Mors went ahead on Larry Silverstri's unassisted goal by Vic Auger, with two, and Red Jones came through for the home club.

Omaha Knights went into a tie for third place in the northern division with Minneapolis by blasting Fort Worth 7-1.

Puck Action Aplenty In Minor City Setup

In the PMHA last night on two fronts, North-end juveniles edged out St. Peter's 1-0, as the Legion Trojan juves walloped East City by a 9-1 count. Trojan midgets beat Jaycees 4-1. Marines bantams staved off a late drive by St. Peter's to earn a 4-2 victory, while St. Peter's and Clapper's midgets battled to a 4-4 tie. Sullivan got two goals and Floyd and Stewart one each for Clapper's, with Killen counting two and Monahan and Farley one apiece for St. Peter's. The teams:

Clapper's — Goal, Curtis; defence, Reynolds and Murdock; centre, Floyd; wings, Scriver and Woods; alternates, Kimball, Ferguson, Stewart, Pammett, Seabrooke, Mongraw, Sullivan, Clapper, and Spencer.

St. Peter's — Goal, Morrissey; defence, Bennett and Clark; centre, Richardson; wings, Monahan and Killen; alternates, Russelle, Jones, McTeague, Gooley, Carravaggie, Farley, Brioux, Armstrong and O'Reilly.

Referee—Jerry Creighton.

Hooper scored from Church in the first period for Trojan midgets and R. Bryan evened it for Jaycees next chukker. Trojans finished strong to win on goals by Doris, Deck and E. Dunn, with Maudsley, Church, and Deck drawing assists. The teams:

Jaycees — Goal, Tyndall; defence, Bryan and Outwater; centre, Daniels; wings, Buott and Hope; alternates, Batley, Strickland, White, Parry, Breadman, Collins, Armstrong, and Allan.

Trojans — Goal, Evans; defence, Maudsley and Harris; centre, Doris; wings, Bartley and Allen; alternates, Church, Henderson, R. Dunn, E. Dunn, Deck, Hooper and Patterson.

Referee—S. McCurrach.

Penalties Heavier

TORONTO, Jan. 26—(CP)—Toronto magistrates are levelling heavier penalties on persons convicted of assaulting and obstructing police. In the last four months an average of two persons a day have appeared in city courts on one or both of the charges.

Riders To Spare No Efforts To Capture Cup

OTTAWA, Jan. 26 (CP)—President E. K. (Eddie) Emerson of the Ottawa Football Club said today the Rough Riders will spare no efforts in their drive to win the next Dominion Football championship.

And that, of course, includes the acquisition of the Hamilton Tigers' playing-coach, Frankie Filchock. Emerson said in an interview the contract is not signed yet but "providing nothing interferes" it was likely that Filchock will team up with the Riders within the next few days.

"We're aiming for a balanced team," said Emerson. "If we get Filchock, he'll fill the quarterback position which Bob Paffrath had last year.

"Paffrath hasn't actually indicated he doesn't want to come back. That's still undecided. It all depends on what positions we still have to fill."

Paffrath Misplaced

The trouble with Paffrath—"who's a darn good football carrier'—was that he was misplaced in the 1948 Rough Riders line-up. "He's a blocking fullback," explained Emerson, "not a quarterback. That's the position he should fill."

Emerson said "It's good business to have Filchock play with Riders." "Why should we go looking for a quarterback down South when we already have a fine American quarterback with two years Canadian football experience?"

Emerson did not want to discuss what the terms of the contract were, but said the figure of $8,500 for the football season was "too high."

Talking about the big football "schemozzle" last year when Calgary Stampeders walked away with the Dominion championship, Emerson said he didn't blame anyone of the Riders team for what took place. Least of all did he blame Paffrath.

Haywire Loop Draw

LAKEFIELD, Jan. 26—(ENS)—Young's Point and Crowe's Landing battled to a 3-3 overtime tie in a lively Haywire Hockey League tilt here last night. The tailenders fought hard but only three penalties were drawn in a good game. The teams:

Young's Point—Goal, McNaughton; defence, Nicholson and G. Tedford; centre, Bullock; wings, C. Freeburn and S. Coons; alternates, M. Freeburn, G. Hogarth, J. Hogarth, M. Coons, E. Tedford, G. McNaughton, Ayotte and Hinz.

Crowe's Landing—Goal, Payne; defence, Crowe and D. Whetung; centre, Woodruff; wings, Trude and Waldon; alternates, Ivey, R. Whetung, McClure, Batten, Little and F. McCracken.

Referee, C. Pelton; linesman, J. Blewett.

Summary:

First Period:

Crowe's Landing—F. McCracken 3.00.

Young's Point—Hogarth 14.05.

No penalties

Second Period:

Crowe's Landing — Trude (Woodruff) 2.30.

Crowe's Landing — Batten (Little) 4.10.

Young's Point—J. Hogarth (E. Tedford) 12.05.

Penalty—Tedford.

Third Period:

Young's Point—E. Tedford 13.00.

Penalties—Freeburn, Whetung.

Overtime:

No penalties.

Scots Recall Burns' Poems At Gay Anniversary Party

The parable of The Cotter's Saturday Night as recited by Mr. Alex. Milne was, in an aspect of social timeliness, the feature of The Jolly Beggars' Club dinner commemorating the 190th anniversary of the birth of Robert Burns Tuesday night at The Koffee Pot.

Mr. Milne did not miss a word in that fine piece of memorization and in his free and assured presentation of its simple and homely philosophy of family life as Burns wrote it.

Mr. Alex. Clark spoke of the enduring values of the poetry of Burns in his speech of the traditional toast to "The Immortal Memory". He quoted from some of the poems, and also a Lockhart comment, illustrating the breadth of contrast in subject and treatment in the writing of Scotland's national poet and bard, and emphasized also their enduring appeal.

Burns himself seemed to be speaking a message of today in Mr. Milne's recital of the glimpse of Scottish family life which must have deeply impressed itself upon the poet to have inspired this sincere and tender poem of idealization. Here was family unity and a warm and binding sentiment in that cotter's family, industry and frugality, family worship, respect and understanding, values which many of the social leaders of today are trying to restore with the domestic integrity that shines so brightly in those lines of Burns. He warned against "luxury's contagion", he extolled virtue and he declared that "an honest man is the noblest work of God".

An Impressive Sermon

Mr. Milne has recited "Tam O'Shanter" and several others of the Burns classics at these annual dinners of the Jolly Beggars, keenly appreciative heirs of the Burns' legacy, but on this occasion he chose the pastoral story, and he virtually preached an impressive sermon. One hundred and ninety years after the birth of Burns it sounded as a challenge to this day's way of life, and it held out by plain implication a promise of the hearthside happiness which so many people of the world are seeking today in other directions.

The Jolly Beggars, title of one of Burns' longer poems, followed their customary program and procedure. The Haggis was carried into the dining room by Fred Robson, piped by Tom Kay, and William Petrie recited Burns' Address to the Haggis. Incidentally the national dish was soon forgotten in the flavors of the steak pie provided by Bob McDougall, proprietor of the Koffee Pot. The Beggars have a fondness for steak pie, especially as it used to be made by Robert French. On at least parity with memorable excellence was the new McDougall cookery.

Alex Kirkcaldy, president, was the after dinner chairman. He called on Robert Hendry to lead in the singing of the 23rd Psalm, adhering to precedent programs.

Mr. Hendry offered a special welcome to newcomers from the homeland, and briefly said: "You have come to one of the finest countries on God's green earth, and as the years go by you will realize it."

He sang "Rantin', Rovin' Robin" with John A. Smith at the piano and the company joining in the chorus, and by request, "Bless This House."

Tom Nimmo, one of the young and new Scots in Peterborough, sang "Mary of Argyle," accompanied by Mrs. Irene Quinlan.

Excellent Singing.

Violin solos by Frank Daugherty, and piano accordion numbers by George Johnston, a year out from Glasgow, were pleasing instrumental entertainment.

Harry Taylor, one of the veteran members, was heard again in the song "The Star of Rabbie Burns." John A. Smith sang "My Love is Like a Red, Red Rose," and Bob Hendry "Ye Banks and Braes of Bonnie Doon." "The Lea Rig," and the Jacobite song "Bonnie Charlie 's Noo Awa'" with its closing lines "Will Ye No' Come Back Again," Mr. ment. This duo of many years concert work were in fine form.

Clark played the piano for Harry Taylor.

In the tribute to the memory of Burns, Mr. Clark recalled that the poet was born 14 years after the battle of Culloden when "Scotland was paying dearly for the part some of her sons had played in that rash adventure?"

"Trouble was abroad in the world. The seeds of revolt were sown in America. France was hatching the greatest horror of the century. Nowhere were the conditions of the people worse than in Scotland. I think it was natural that the voice that was to speak for the oppressed should be born and developed where oppression was rampant. Fewer than one per cent of the population had the vote.

Walt Whitman thought that Burns lacked spirituality. I suppose he meant etherea! state of mind that makes a poet walk with his head in the clouds, weaving fine words into garlands of mist that melt in the heat of struggle. Burns did not have time for beauty of speech although his poems are replete with it. Nor would it have been understood by his fellow man. The vernacular came readily in his thinking. Sometimes, but he was always to the point, and never misunderstood."

A Corrective Influence.

Especially by his satires, Mr. Clark said, Burns wrought a great effect on manners and ideas throughout the nation. It was a corrective influence, the need of which at that time became more apparent with the passing of the years.

"While other poets worked for lustre in fabric of society, Burns worked for strength and unity. His work will stand when most of the lustre has worn off."

In a vote of thanks, John Beggs complimented Mr. Clark and Mr. Milne. "Burns by his satires made Scotland a better place to live in," he said.

Mr. Beggs paid tribute to the elders of the Club for their continuing interest and leadership, and he thanked all those who had assisted in the program.

"To the young men with us tonight, I should like to say they will always be welcome among the Scots of Peterborough," Mr. Beggs concluded. "You will help to maintain the traditions of Scots as efficient workers. As you become assimilated in Peterborough you will find there is not much difference from the places you left in Scotland. To make good you must put the properties of your work in Canada.

There are great opportunities here for persons who come to this country and put themselves into their work. Scotmen will find their way in Canada."

The final chorus of the company was "Auld Lang Syne."

FLORIDA, which usually advertises that sweaters aren't needed on its warm beaches, has changed its tune and picked a Florida Sweater Girl of 1949. She's Martha Mitchell, shown in her sweater at Winter Haven.

Confederation Wins

Confederation blanked May's 9-0 yesterday in their School Hockey League encounter. They rapped in three goals in the first period, two next time out and four in a strong finish. Morris Parry sparked the winners' attack with four counters, as John McDonald got two, and Benny Floyd, Dave Goldie and Les Semp one apiece. The teams:

May's: Goal, Chambo; defence, Oliver and Lock; centre, Dauncey; wings, Chamberlain and Thompson; alternates, Peel, Byer, D. Greeniss, Sherry and G. Greeniss.

Confederation: Goal, Jones; defence, Dolman and Bryan; centre, Floyd; wings, M. Parry and Macdonald; alternates, McIntosh, Goldie, D. Parry, Scharf, Rose, Brown and Chesher.

Referee—J. Barnard.

Hastings Win, 8-7

HASTINGS, Jan. 26—(ENS)—In a hard-fought game played on good ice the Hastings Bushwackers came out on top with a score of 8-7 against the Campbellford Junior Farmers in a game played at Hastings Memorial Centre on Tuesday evening.

J. O'Rourke played a fine game for the visiting team, gaining four of their seven goals while Stevens got three.

The teams:

Hastings Bushwackers — K. Scriver, A. Thompson, F. Crate, L. Stevens, G. Brooks, L. Scriver, M. Richardson, C. Scriver, P. Lattone, E. McKeever, T. Petticrew, H. Boyle, Lockhart.

Campbellford Junior Farmers—M. Stephens, J. Ford, B. ORourke, C. Shepperd, C. Loucks, H. Hendy, G. Purle, C. O'Rourke, J. O'Rourke L. Hay, D. Ford, K. Ford, Richardson.

King Edward Loses

Prince of Wales Juniors defeated King Edward Juniors in a closely contested hockey game on Tuesday. Prince of Wales went into the lead in the first period on an unassisted goal by Harold Pullyblank.

In the second period neither side was able to score despite some excellent playing by each of the teams.

Pullyblank put Prince of Wales ahead by two goals when he scored on a pass from Joe Heron early in the third period. Padgett got King Edward's only counter to end the scoring. Bill Spiers in the Prince of Wales' net successfully turned back King Edward's strong attack in the closing moments of the game.

Towne Togs Take Win In Port Hope

Towne Togs triumphed 40-19 in a girls' basketball tussle last night in Port Hope. Play opened fast, but became ragged later with checking close. Togs had an advantage on height to go ahead shortly with Joan Plunkett and Jean Vass leading the attack with eight points each. The visitors led 20-13 at the half.

In the third quarter, Port Hope checked Togs to a standstill and outscored them 6-4. But the Peterborough lasses began clicking in the fourth on passing plays to pull away and keep their opponents from hitting the loop. All the Towne Togs went well, with Joan Plunkett, Jean Vass, Bev Pringle and Joan Dunk outstanding. M. Palmer, G. Freeman and H. Brown best for Port Hope. The teams:

Towne Togs—J. Castle 8, A. Bowler 2, B. Pringle 2, J. Dunk, D. Callan 4, J. Plunkett 14, J. Caverly, J. Vass 10.

Port Hope—L. Halstead 2, D. Sneyd 1, H. Brown 3, M. Halford 2, S. Barrett, G. Freeman 3, M. Palmer 6, H. Russell, K. Marvin, E. McBride 2, H. Rowden, 4. Harwood.

Lakefield Victors

LAKEFIELD, Jan. 26—(ENS)—The Lakefield midgets defeated Warsaw 8-2 in a fast, clean contest marked by one penalty. A fair-sized crowd saw the struggle, Coyle, Sloan, McCracken and Calberry all scored for Lakefield in the first with Pearson, Coyle, Heffernan and McCracken getting assists. Coyle and Heffernan got goals in the second for the winners on assists by Twist and McCracken, as Selkirk and Burnett tallied for Warsaw, aided by Dennis and Darling. McCracken counted twice in the third, Calberry getting one assist.

Warsaw—Goal, Dunford; defence, Burnett and Davis; centre I. Lonsberry; wings, Darling and Dennis; alternates, Hampton, Lowry, Batten, Bell and I. Lonsberry.

Lakefield—Goal, Charlton; defence, Deck and Pearson; centre. D. Calberry; wings, Heffernan and McCracken; alternates, Coyle, Twist, Sabatino, Payne and Sloan.

Referee—G. Hopkins.

Trojans Get Win

Legion Trojans won their PMHA game over East City 9-1 last night. It was scoreless in the first but the second was one-sided. Six goals were scored, mostly in scrambles. East City counted one in the third but Trojans came back with three more in the rugged going. Dorris led the attack wih three, with Gary Robinson and Abert Buckton geting two each and Red Robinson and Ben Jones each one. Bob Batley shone in goal. Jerry McGrath stood out for the losers and Miller got their lone marker. Teams:

Trojans: Goal, Batley; defence, Bigford, Armstrong; centre, B. Robinson; wings, G. Robinson, Buckton; alternates, Fowler, B. Jones, Jensen, Doris, G. Jones.

East City: Goal, McGrath; defence. Murdock, Vincent; centre, P. Ferguson; wings, D. Ferguson, Gandy; alternates, Shearer, Foster, Thomson, Heffernan, Miller, Mongraw.

Paper Objects To Toy's Licensing Move

DETROIT, Jan. 26 — AP) — A dispute over issuance of Detroit police press cards took a new turn Tuesday night when the Detroit Free Press announced it would issue its own identification cards to its reporters.

Basil L. Walters, executive editor of the Free Press, announced the decision. It was the latest development in the controversy which developed last Saturday when Police Commissioner Harry S. Toy said he would require applicants for police press cards to sign non-communist affidavits.

Toy said he was acting in the interest of national defence.

Toy's action was condemned Monday night at a membership meeting of the Newspaper Guild of Detroit (CIO).

The Guild said it believed the "authorization and accrediting" of newspapermen "should remain in the hands of our editors and publishers."

Handle Own Cards

The Free Press management said during the weekend that it would leave to the individual employees the question of whether or not to sign the non-Communist clause in making application for a press card.

However, Walters said Tuesday night:

"I am sure there are no Communists among our reporters and photographers. Free Press members can sign the affidavits as they see fit.

"However I wish to make it clear that we do not recognize Commissioner Toy's action as a licensing provision. We will still be the only judge of our reporters' and photographers' rights to represent us..."

Detroit's other dailies, the News and the Times, have made no objections to Toy's order.

EARLY NEWSPAPERS

London had news tracts, illustrated with woodcuts as early as the 16th century.

IDEAL FOR DRIVING during heavy snowfalls, this midget car, built in Athens, O., has a set of front axle skis, which can replace the front wheels. Called the "King Midget," the car was first put in production in 1946.

Leafs And Rangers Win In Trojan Loop

Leafs defeated Canadiens 8-3 last night in a midget Trojan Hockey League contest. Canadiens led 2-0 in the first but Leafs replied in the second with five and had a 3-1 edge in the third. Brioux got two for the losers and Whatley one, with Ed Dunn having two assists. Leafs' snipers were Kent, Kennedy, Elliott, Allan and Williams, with four, assists going to Allen, Church, Kent, Lackey and Johnston. C. Brioux and Ab Smith have been added to Canadiens, with P. Doris traded to Canadiens from Leafs. There are no four-for-one trades in the Trojan League.

Rangers turned back Wings 9-3 after the latter took an early lead. Foster, J. Clarke and Deck scored for them on assists by Hewie, Foster, Deck and Dauncey. Ranger scorers were: Reid and Batley, two each, Griffin with three, and Fairley and Armstrong. Wings added P. Bartley, G. Collins and C. Boste, as D. Griffin and D. Martin turned out with Rangers. Ron Collins handled the first game and Ivan Wade the second. They play hard in this loop, but keep down the penalties.

Gets 7-Year Sentence

MONTREAL, Jan. 26—(CP)—Mike Kaspar, 49, was sentenced to seven years in penitentiary Tuesday for robbing an aged iron merchant of $150 at nearby Riviere des Prairies. Kaspar was accused of drugging the man and his wife before he stole the money.

Country Doctors Finding Health Services Unsatisfactory

By STUART UNDERHILL

LONDON, Jan. 26—(CP).—A survey of persons affected by Britain's national health service, now more than six months old, might result in replies like this: Patients—"Sometimes there are annoying delays due to red tape, but it ends the nagging worry of doctors' bills."

Doctors—"Fine," say some city practitioners with lots of patients. "Not so good," from country doctors with few to care for. "Abominable!" from diehards who resent state intrusion into their practices.

Administrators—"Of course it's a fine scheme. There must be some preliminary creaking. Our chief worry is that some phases are costing more than we anticipated."

Anybody in Britain can be a patient, though some still prefer to pay fees to doctors who have remained outside the scheme. Those who predicted an overwhelming rush of persons seeking free medical treatment have been disappointed, although dentists and opticians are receiving far more work than anyone expected.

General Taxation

The service is financed principally out of general taxation. Health Minister Bevan has revealed that optical services for the first five months cost £4,048,000 ($16,192,000) compared with the £2,080,000 he had planned to spend in the full nine months from July 5, 1948, to March 31, 1949.

Dental services cost £5,542,000 in the first five months, a sure indication they will pass the £7,150,000 budgetted for nine months. Bevan has already cut the fees of dentists earning more than £4,800 a year and may do the same with opticians.

Hospital services are costing about as expected (for the first five months £58,000,000 against a nine-month budget of £107,196,000) but hospital authorities are predicting a sharp rise in their costs in 1949.

Only £5,439,000 of an £11,450,000 allocation for drugs and medicines had been spent in five months, but consumption takes a sharp rise during the winter when Britons are plagued with respiratory illnesses.

Bevan said doctors had been paid only £5,439,000 in the first five months, out of the nine-month estimate of £27,500,000. However, as their earnings are reckoned on a quarterly basis his figures more accurately were for three months. In addition some cheques were merely token payments on account.

Open To Revision

The method of paying doctors is still open to revision. Some derive all their income from a "capitation fee" of 18s ($3.60) for each patient, plus a mileage allowance for visiting.

The salary is aimed at attracting doctors to uncongenial areas, including those in the remote countryside. It is from the latter that the chief grumbles come — rural doctors claim they lack the opportunities of their city colleagues to earn large incomes.

The number of doctors in the service has exceeded expectations, more than 18,165 having joined compared with an estimated 17,900. Some are being forced into it by a falling-off in clientele.

More and more middle class families are "signing up" with Health Service doctors whose fees are invisibly drained off the entire wage-earning population by taxation. They find waiting-rooms and hospitals overcrowded but gladly accept the relief from quarterly bills.

Village Organizes Volunteer Firefighters

HAVELOCK, Jan. 26—(ENS)—A public meeting was held in the council chamber on Friday when a volunteer fire brigade for the village was organized.

The following men formed a brigade with Constable Bell as fire chief and William White as deputy: Garnet Emery, Albert Holland, Walter Nobes, Jr., Geo. Fox, Ralph McMullen, Rae Patterson, James Wilde, Russel Williams, Arthur Pordham, Ernest Sanderson, Robert Sayers, James Calnan and George Kennedy.

Week-end guests included: Eldon McGarvey of Belleville, with his parents Mr. and rMs. Hilliard McGarvey; Misses Rose and Margaret Doyle of Peterborough, with their parents, Mr. and Mrs. John Doyle; Miss Isobel McNally of Ottawa, with her parents Mr. and Mrs. H. A. McNally; Miss Jean Shannon of Peterborough, with her parents Mr. and Mrs. Michael Shannon; William Ethier of Peterborough, with his parents Mr. and Mrs. J. J. Ethier; Mr. and Mrs. Frank Moore and Mr. and Mrs. Cecil Long of Belleville, with Mr. and Mrs. Hilliard McGarvey.

NO "STUPID BOYS"

BEMBRIDGE, Isle of Wight.—J. Howard Whitehouse, headmaster of Bembridge School, does not believe in the "stupid boy." "No boy is stupid," he told a teachers' conference. "Some are slow; many have most original minds. I am amazed at the quality of poems and prose written by boys and believe more opportunity should be given them for creative writing."

FIRST SIGHTED PLANE—The four men shown here are members of the search plane which first sighted the missing Dakota, forced down on the ice of Hudson Bay on the return lap of a mercy flight. Also flying a Dakota aircraft, the crew pinpointed the missing plane's location for the actual evacuation. Left to right: FO V. Peterson, Magor, Sask.; Flt. Lt. Terry Winslow, Ste. Agathe, Que.; FO Harry Newin, Ottawa, and Flt. Lt. G. D. Bland, Toronto.

TAMBLYN DRUG STORES

USE PRODUCTS OF PROVEN REPUTATION

Ask Tamblyn's

Bucket-up Brains: "From time to time our drain becomes sluggish," explains Jo Thore, any Tamblyn preparation which could be flushed down to prevent this trouble?"

Says Tamblyn chemist R. H. Crane: "If the trap in the basement is removed and Drano or lye put down the pipe, it will help clear the drains—but only temporarily." Drainage men say the drain should be flushed from the street.

Baby Care: "Are there classes in Toronto for expectant mothers to learn baby care? It seems too bad to practice on the poor baby."

And that's the smartest remark we've heard for some time. Classes re infant care are held at 44 St. George Street each Wednesday afternoon at 2.30 p.m. There are 10 classes in all; no charge is made. Says the nurse in charge, "get in 15 minutes early the first day so that you may be registered."

Moth Elli: "What can I use to kill moths? I've tried moth balls, crystals and black pepper. They're still around. What can I spray to kill?"

DDT Aerosol bomb is the best thing we've used. It not only sprays to kill the moths, but they stay dead.

Books to Give Away: "I belong to the Book-of-the-Month Club and have a fine collection of books I would like to share with someone. Who needs them?"

Miss A. Wilson, Assistant Superintendent, Runnymede Hospital, 274 St. John's Road, will be delighted to get the books. With the hospital filled with chronically ill patients, Miss Wilson can surely use them.

Too Thin: "I'm five feet six inches tall and weigh only one hundred pounds. How can I fatten up?"

Vitamin B Compound, Jersey milk, butter, ice cream, soft-boiled eggs and lots of sleep should do it.

King St. Land Suggested As Memorial Site

BY HARRY THEOBALD

Property on the south side of King St., opposite the bus terminal, might be worth examination by the council as a site for the Memorial Community Centre.

Attention has been turned recently to the east side of Burnham St., in the middle of the block south of Hunter St., since the salty comment several weeks ago from the Centre committee that lack of property to be supplied by the city has held up planning for construction.

Nobody appears to have a definite commission to go out and look over properties, enquiring into their respective possibilities and estimate of their cost.

Central Location

King St., between George and Aylmer Streets, recommends itself by its central location. It is only a stone's throw from the theatre block, obviously chosen for the convenience of the public.

If other attractions hive in the approximate area, then obviously it should be a most desirable neighborhood for the Community Centre, particularly in its conception of year round use.

The nearer to the bright lights, the better for that type of business. That is so axiomatic, that nothing more need be said about it. The only question about the King St. location is sufficiency of space and cost of property.

Three houses are built on adjoining lots. The first one west of the Jackson Park creek is No. 185, owned by Lily M. Boyce. The lot has 43 feet frontage and 191 feet in depth. It is assessed at $2,975.

The next house is a duplex, Nos. 189 and 191. The frontage is 43 ft. 6 in., the assessment is $4,725, and the owner is Jerome Dorris. To the west is a 59 foot vacant lot owned by Genevieve M. Dorris, and assessed at $1,120.

Those frontages add up to 166 ft. 6 in. The next house to the west is in the name of Nathaniel Pearson. The lot frontage is 45 ft. 3 in., and the assessment is $2,480. The depth is 181 feet, explained by the fact that Sherbrooke Place to the south of it projects ten feet over line of the depths of the property on the south side of King St.

Investigate Site

If the council has a committee or agents investigating Centre site properties it might find satisfactory conditions of space in the King St. Block west of the creek.

It is not a residential section. There are no houses to the north none to the east and the Sherbrooke St. properties have long gardens. Owners might consider selling strips off the north border of these lots.

Acceptable ice dimension are from 165 to 200 feet in length by 85 feet in width.

The King St. block has a depth of 191 feet, with vacant properties to the south which might be bought; and the width is 185 feet, which is apparently ample for the Centre requirements in that dimension.

Workshop Destroyed

PEMBROKE, Ont., Jan. 26 — (CP)—Fire of unknown origin Tuesday destroyed a two-storey marine workshop 100 yards out on the Ottawa River, causing damage estimated at $75,000. Firemen were hampered by sub-zero weather and necessity of laying more than 1,000 feet of hose under railway track and across some 300 feet of ice.

Convicted Of Defrauding

TORONTO, Jan. 26—(CP) — Frank Booty and H. A. Jeune of Toronto, Tuesday were convicted of defrauding the Department of Veteran Affairs of money obtained under re-establishment credit regulations. Booty was fined $150 and costs or 190 days on three charges involving sums of $214 and $119. Jeune was fined $100 and costs or 30 days for making out invoices for Booty.

Announce Pay Boosts

OTTAWA, Jan. 26—(CP)—Salary boosts of $10, $15 and $20 a month for 4,300 civil servants in lower grades were announced Tuesday. The increases are retroactive to last Oct. 1. It was the fourth batch of increases since Prime Minister St. Laurent announced last December a general salary increase for members of the armed forces and the public service.

Salvation Army Surprised

NEW YORK, Jan. 26—(AP)—The Salvation Army expressed surprise Tuesday that the man sponsored a $100-a-plate dinner in its campaign for funds was an admitted gambler ex-convict and ex-bootleger. The sponsor, Frank Costello, promptly withdrew from the Salvation Army's campaign organization.

THE ROYAL AIR FORCE is testing a new method of evacuating casualties from battle areas. At this demonstration at Brize Norton, Oxford, England, a "wounded" soldier is strapped to the fuselage of the helicopter, which then takes off for rear areas. Special rigging is used to secure the litter to the plane.

Chile Dealer Buys 15 Head Of Holsteins Cattle

BRANTFORD, Jan. 26—In one of the biggest dairy cattle deals for export in the history of Canada, John Barros, Santiao, Chile, has just purchased 15 head of purebred Canadian Holsteins that will cost him $79,340 laid down in Chile. The animals will be shipped in two lots, Feb. 2 and March 15, by air from Malton. This is one of the most valuable shipments of cattle ever to leave Canada, the animals carrying the choicest Canadian bloodlines.

Top price Barros paid was $13,000 for the twice reserve all-Canadian, Sonniwilk Sovereign, owned by James R. Henderson, Kingston. This 4-year-old bull was grand champion at the 1948 Ottawa Winter Fair. He is a son of the noted "Sovereign". A daughter of Sonniwilk Sovereign, that was junior champion at the Ottawa Winter Fair, was bought at $1,500 by Barros.

Buys Peterborough Cows

One of the top females was Forth-Lyne Dolleta Inka Posch, the all-Canadian aged cow and reserve all-American aged cow for 1948, brought for $5,000 from Hugh W. Ormiston, Peterborough. Ormiston also received $3,000 for Springdale Lucy Pride, grand champion female at the 1947 Peterborough championship show.

Eight head were secured from J. J. E. McCague, Alliston, three daughters and five grand-daughters of the famous six-times all-Canadian champion bull, "Marksman." The grand-daughters are all from daughters of Marksman, three of them being sired by Talisman, and two by Showdown. One of the Marksman daughters, Glenafton Laurel Phoebe, brought $7,500, making her the top-priced female of the entire group.

Raymondale Farm, Vaudreuil, daughter of Ajax, at $3,000 and Oran Chambrs, Wilfrid, sold a pair of heifers, one a sister to the second-prize milking 3-year-old at the Royal, for $2,600, and the other a 4-year-old prizewinner at the Ontario black and white show.

Shipment of this group of cattle by air is notable for the fact that seldom have so many older animals been transported so far by plane. Sonniwilk Sovereign alone weighs 2,700 pounds, and is one of the largest bulls ever transported by air.

Diphtheria Immunization

NOBLEFORD, Alta., Jan. 26—(CP)—Almost all children in this doctorless village of 112 persons Tuesday night were immunized against diphtheria following an outbreak of the dread disease that claimed one life and sent three others to hospital. Dr. Margaret O'Meara, Lethbridge medical health officer, immunized the children using anti-toxin serum rushed 110 miles by taxi from Calgary.

Remember Stacey

REGINA, Jan. 26—(CP)—Regina residents today recalled that Philip Stacey, 26, who claimed in Singapore Monday to have been held captive along with two Americans in a Dutch jail in Batavia, lived here before the second world war. He is the son of Mrs. Polly Stacey, former hotel employee here, who moved to the United States after her son enlisted for war service in 1939.

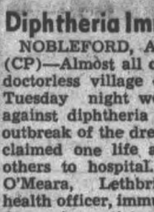
Flash Explosion

PORT ALBERNI, B. C., Jan. 26—(CP)—A flash explosion Tuesday seriously burned worker Darwin Djarnson and started a fire which caused $250,000 damage to an upcoast lumber camp. The blaze roared through the machine shop of the Bloedel, Stewart and Welch Company warehouse at Sarita River, 25 miles from here.

No More Harsh Laxatives!

Famous cereal brings lasting relief from constipation

Are harsh laxatives causing you distress and unhappiness? Then read this unsolicited letter:



"About 8 months ago, I decided to start eating KELLOGG'S ALL-BRAN. After a few days, I realized that regular use of this breakfast cereal was making my system work naturally. Constipation doesn't trouble me any more. Believe me, it's a great relief!" P. Leveille, 4465 Rinard Street, Montreal.

Yes, if *you* suffer from constipation due to lack of bulk in the diet, you may *never* have to take another harsh laxative again. Simply eat KELLOGG'S ALL-BRAN daily and drink plenty of water. ALL-BRAN is *not* a purgative, but a wholesome cereal. Eat an ounce as a cereal or in muffins for constipation relief. If after using one package you are not *completely* satisfied, get *double* your money back as guaranteed on the package. Get delicious ALL-BRAN from your grocer. Made by Kellogg's of London, Ontario.

IN HER FILM ROLES, Rita Hayworth has often talked about settling down in a little, vine-covered cottage. In real life, she may live in this 35-room villa atop a cliff in Malibu, Calif. Agents of her husband-to-be, Aly Khan, are reportedly dickering for the purchase of the Villa Leon, built in 1927 for $800,000. Among other features, it has a pipe organ, elevator and underground garage.

Liberals Told Bolster Party

OTTAWA, Jan. 26—(CP)—J. Gordon Fogo, president of the National Liberal Federation, told the federation's advisory council today that it must strengthen its political organization in every consituency for the coming general election.

The three basic elements of political successes were leadership, policy and organization, he told 180 delegates attending the council's annual meeting, now in its second day.

The first two elements were taken care of at the party's national convention last August, when a new party platform was formulated and a new leader, Rt. Hon. Louis St. Laurent, selected.

Now, he said, "it remains for us to see that our organization is ready for an election contest whenever it comes."

Agriculture Minister Gardiner predicted success in the general election campaign which some high party sources have said may come in eight months "or sooner." The party would return with even a greater majority than it now holds in parliament.

He paid tribute to Mr. St. Laurent, whom he opposed in the leadership contest last August, as "our great leader of today," and said he would sooner serve under him "than under any other man in Canada."

DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Help Your Forgotten "28" For The Kind Of Relief That Helps Make You Rarin' To Go

More than half of your digestion is done below the belt—in your 28 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt.

What you may need is Carter's Little Liver Pills to give needed help to that "forgotten 28 feet" of bowels.

Take one Carter's Little Liver Pill before and one after meals. Take them according to directions. They help wake up a larger flow of the 3 main digestive juices in your stomach AND bowels—help digest what you have eaten in Nature's own way.

Then many folks get the kind of relief that makes you feel better from your head to your toes. Just be sure you get the genuine Carter's Little Liver Pills from your druggist—25c.

ON THE LOOSE AGAIN—Daniel Morris Keller, the "shamming thief", was firmly in the hands of the law when this photograph was made last August. But the elusive embezzler was free again Tuesday, thanks to his escape from Kingston General Hospital. Police traced him through the United States, Europe and back to Canada before arresting him in a Port Hope tourist camp last August.

FISH CONSUMPTION

Annual fish consumption in Canada has increased slightly in the post-war period and stands at between 11 and 12 pounds per capita weight for 1948.

Life Underwriters Elect C. Steeves

TORONTO, Jan. 26—The annual meeting of the Life Underwriters Association of Canada, held in Toronto, Mr. C. McN. Steeves, Saint John, N.B., was elected president of the Association and Mr. Ryrie Smith, Toronto, was re-elected chairman of the board of directors.

Mr. W. J. H. Chittick, Winnipeg, president of the Association, presided at the sessions.

Delegates from 63 of the 68 local Underwriters Associations from Victoria, B.C., to Sydney N.S., attended the meeting, at which many matters of interest to the life insurance men were discussed. Roy K. Irwin represented the Peterborough branch.

Report indicated that 1948 was the most successful year in the forty-two years of the Association's history.

Membership reached an all time peak with nearly 6,000 life insurance sales men enrolled.

One hundred members qualified for, and were awarded, the designation Chartered Life Underwriter (CLU) following the examinations set by the Institute of Chartered Life Underwriters, bringing the total number of those now qualified for the designation to nearly 900.

The Association again went on record as requesting all Provincial Superintendents of Insurance to license sales representatives of fraternal societies in the same manner as is required of representatives of the life insurance companies. Experience has shown that the licensing laws relating to life insurance fieldmen have done much to keep undesirable men from entering this field and have assisted the companies and the Life Underwriters Association in their efforts to raise the standards of the business.

Hope To Raise Rates On Fruit Products

OTTAWA, Jan. 26 — (CP) — The Canadian Pacific Express Company is "hopeful" of increasing its rates on fruits and packinghouse products, the Board of Transport Commissioners was informed to-day.

C. N. Ham of Toronto, traffic manager of the Canadian Pacific Railway subsidiary, said the Express Company was looking for the new rates in addition to its current move to increase its charges on the shipment of fresh and frozen fish.

At the same time the Fisheries Council of Canada, an association of fish companies, filed with the Board an application for the suspension of higher rates on fish.

The new fish rates have been filed with the Board. The company has not yet filed any new tariffs on fruit and packinghouse products.

MAIN ST. TOPICS

AT QUOTA LEVEL

Peterborough was back to the electric power quota level Tuesday at 270,000 wkh. If that is going to continue there will no longer be a margin for lapses of excess. Utilities management will probably begin appealing and warning all over again.

NEW OFFICER

Provincial Constable Vincent Parks, formerly of the Merritton detachment, took up his duties at District Headquarters of the No. 8 District Headquarters here this week. He has been assigned to the district's radio system.

RECEIVE FIFTH OF A MILL

A fifth of a mill has been levied on the county equalized assessment for the annual grant to the Federation of Agriculture. Previously it was stated that the rate was half a mill. It is estimated that this will come to more than $2,200.

CANDLE FIRES CURTAINS

A votive candle lit on Tuesday night by nine-year-old Merrell Sheehy, Simcoe Street, set fire to her bedroom curtains. She was saying her prayers before retiring for the night. The flames destroyed the curtains and blind and damaged some paint on the wall. When firemen arrived the brief blaze was out.

WHAT'S IT MEAN?

Two signs in the alley between George and Water by the market square have motorists guessing. The sign on the wall reads, Space Reserved for City Employees. The one on a stand reads, No Parking. A truck driver looked at both signs Tuesday afternoon then parked his truck there. He was from Norwood.

INCREASE HOSPITAL RATES?

Following the announcement of increased charges to be made to patients at the Civic Hospital as from Jan. 31, St. Joseph's Hospital is seeking the advice of the auditor before making any decision about rates for 1949. When the auditor visits the hospital next month, the matter will be discussed.

UE INTERVIEWS HAROLD SCOTT

A committee composed of representatives from Peterborough Lock, Canadian Raybestos, Ontario Marble, and Outboard Marine Workers, accompanied by John Rawley, UE district representative recently interviewed the Hon. Harold R. Scott regarding the Outboard Marine situation. The delegation asked Mr. Scott to urge the Minister of Labor to act quickly on the UE application for leave to prosecute the company. They also asked for a full investigation into the company's alleged action in submitting a falsified list of names to the Ontario Labor Relations Board. The delegation claimed there was a three-way alliance between the company, the independent union, and the Steelworkers to exclude the UE.

Decide Location of City Hall Entrance

Will Face War Memorial On Confederation Square

The main entrance of Peterborough's city hall of the future will be directly opposite the war memorial in Confederation Square.

That is one of the little details which may be regarded as determined. Committee discussion with the architects, Marzani and Morris of Toronto, and Mr. R. Winter, Hamilton, the city's general consultant, was advanced in some of the preliminaries here Tuesday afternoon.

Ald. Hugh Waddell, chairman, said: "We are only beginning the preliminaries of planning, so there is nothing much to report. Some of the members of the staff provided an idea of the number of employees in the various offices, and the architects are visualizing needs and provision for them, but that is as far as we have got."

Those who are interested in the city hall progress remember that council is permitting possession until Feb. 1950 of the properties that are to be expropriated for the site.

Probability is pointing to an "L" shaped building, fronting on George and Murray streets, with the longer dimension on George St., opposite Confederation Square. If this planning materializes, the reach of park space and major buildings will extend from the Collegiate Institute to the Quaker Oats. Houses will be gone from the city hall block which will likely be bordered with ample lawn, linking two of the central parks, Victoria and Confederation.

Petty Thefts Too Numerous Restaurant Owners Claim

Hundreds of dollars are lost every year by restaurant owners through theft of small articles like salt shakers, spoons and knives. If the owners had their way, the offenders would be arrested without hesitation. The sad part of it all is that the pilferers have little use for the articles.

These small items are just the size for people to take without being noticed. One restaurant owner said his ashtrays are grabbed as fast as they are put on the tables. Sugar bowls disappear regularly. These are fairly large and the taker has to use some precaution in whisking them from under the eyes of the owner.

Washrooms are the hardest hit by vandals. Everything is taken even the signs, MEN and WOMEN. One restaurant proprietor said if they continue to take these signs he's going to have a current of electricity running through them at all times. Maybe in that way they'll like children who touch hot stoves. In that particular place the MEN'S sign was ripped off the wall and only the nails were left.

Mirrors Stolen

"Some people must like to look at themselves all the time. The mirror in the ladies' washroom was stolen. How they got it out it beyond me," said an owner.

Besides mirrors and signs, rubber stoppers for washrooms, soap and soap trays are taken.

"I feel like putting a little lye in the soap," said the victim of many such thefts.

"When people go to a restaurant, they expect to have a meal in peace. If a boy or man enters with his best girl or wife, and sees rowdyism he's going to leave and never come back again. People must have some respect for the restaurants to get good service," said one restaurant owner.

There is the other side of the story too. Men's hats are left in restaurants in the city. Usually they are tattered old felts which would no be missed. In some cases books are left. These are generally comic books or fiction magazines. Around Christmas many groceries and parcels were forgotten by shoppers. People who lose these articles are usually back on the double after they have reviewed their course for that particular day figuring where they could have left their parcels.

Food Handlers Attend Classes

Active Membership for the Health League of Canada, Peterborough branch, is 67, with 82 having let their memberships expire. These facts were reported to the Health League Branch of this city Tusday afternoon at the executive meeting. A membership drive is planned.

Donald McPherson, Sanitary Inspector, reported on the demonstration for Food Handlers which starts Wednesday, January 26. It will consist of two classes on January 26 and February 2. On each day there will be two lectures, both the same. For the convenience of those who cannot go in the afternoon, an evening session is being held. Each demonstration lasts two hours, commencing at two o'clock in the afternoon and seven o'clock in the evening. The first course is on germs, the second on soda fountain operation, dishwashing procedures, insect and vermin control.

Tickets to the dinner to be held Feb. 1 were the topic of a lengthy discussion. Finally each member of the executive took 10 tickets to sell besides the tickets to be distributed to the members.

On Health Week, next week, five broadcasts of five minutes duration will be made over CHEX. There will be discussion on teeth, department of health, tuberculosis, cancer and the first broadcast will be used by G. A. Barns, president of the local Health League branch to begin Health Week.

Members will attend the Y's Men's Club meeting February 4. Dr. Ross Matthews, member of the Board of Eudcation, will be speaker.

Frank Paterson To Work On Film

Frank C. Paterson, agricultural representative, left last night for Ottawa to look over the final phases of a new film on soil conservation produced by the National Film Board. He is also to speak for the sound track, the explanatory vocal accompaniment of the action.

Work on this film has been in progress for nearly a year. Several camera and script representatives of the NFB were here last spring. They have featured in this area the Harry Blewett farm on the Chemong Road, with its strip farming, and they have shots of the Reg McMullen and Norman Lillico farms and some others.

The preface to the film will be spoken by Dr. E. S. Archibald, head of the Central Experimental Farms. Mr. Paterson was called to Ottawa to assist in the reviewing of the photography and the script which tells the conservation story.

Adjourn 25 Charges

A total of 26 charges now stand before the courts against six service station operators of the city. All were again adjourned in police court today until February 2. A test case similar to all the charges of remaining open during hours forbidden by city bylaw is now awaiting judgment from County Judge Sheldon L. Smoke. It is an appeal from a conviction of Magistrate Philp in police court.

Vagrant Asks Police To Provide Taxi

"Just about every social agency in town has tried to help you," Magistrate Philp told 18-year-old Raymond Brown, no fixed address, in court today. He sentenced Brown to four months in Guelph Reformatory on a charge of vagrancy.

Sgt. John Naples testified that the youth had been reporting to the police station as a free "lodger" in the cells several nights a week recently. At one time, he telephoned the station about 2 a.m. and asked to have a cruiser sent for him. He had been found several jobs, it was said, and was unable to keep them.

Acquit Parker On Liquor Count

Bruce Parker, 341 Reid St., was acquitted by Magistrate W. Philp today of being drunk in care and control of a motor vehicle while intoxicated. A second charge of drunk driving was withdrawn.

The charge arose out of an incident last Oct. 15, when Parker was discovered sitting in a car with the engine running at three in the morning on highway 28. At the trial Provincial Constables Stevens and Feeley testified they had to carry Parker to the police car. Pete McGillen testifying for the Crown said he had noticed the car across the ditch against the fence as he drove home from Toronto and had notified the police.

Dr. J. M. O'Brien testified he had been treating Parker and that accused had pills which would have induced sleep. He gave detailed evidence on the physical condition of Parker.

An employee of Parker's testified he had driven the car out highway 28 on the night of Oct. 15, but the car had been ditched when he was blinded by the lights of an oncoming car. He said Parker was asleep in the car at the time, and he decided to leave him there until morning.

Constable Stevens disputed the evidence that the car had been proceeding west, but claimed skid marks indicated the car was eastbound and had described a half-circle stopping on the north side of the road near the fence. He also told the court he found one pint bottle of whiskey partially consumed in the car.

W. J. Arthur Fair conducted the defence and John Bradshaw prosecuted.

INDUCT NEW MEMBERS

Seven new members will be inducted into the Y's Men's Club Thursday evening. They are Allen Holmes, Kenneth Young, Edward Brown, Steven Csumrik, Allan Austin, Arthur Dollack and Joseph Watson.

Newsman Taken For Ride Into Country

By DAVE WHITE
Examiner Staff Reporter

A person can't be too careful of the company he keeps now that the United Steelworkers of America have moved into town.

Next time you sit down to have a drink with a member of the UE be sure to glance over your shoulder to make certain none of the top brass from the USWA or the Independent Outboard Marine Workers' Union is about.

Why? Because they might not like it. And that seems to be important these days.

I learned that on Tuesday night, but not before I had spent a long, tedious hour being driven to Norwood and back in a car with three officials from the Outboard Union and a representative of the USWA.

Talked To UE Men

With another member of the Examiner staff I was chatting for about 20 minutes with two UE representatives — C. R. Sullivan and John Rawley—in the Empress Hotel. Both men are daily contacts on my news beat and they are well-known in the Allied Labor Council.

But the cold war between the UE and the Outboard-Steelworker unionists is getting warmer, and some of these groups apparently feel a member of the press has no right to converse with the opposition.

When the two representatives finished chatting with us they left and almost immediately Pete Meridew, financial secretary of the Outboard union and one of the officials who is pushing for an affiliation with the Steelworkers, came over to chat.

He was accompanied by three other men who were later introduced to me as Earl Davies, president of the Outboard union, Lionel Edmunds, another Outboard union official and Don Montgomery, USWA representative.

News Story Promised

"Say, we've got a news story for you," said Mr Meridew. "Come on, along."

We left the hotel and entered a car. When I queried him on where we were going he replied "You'll see when we get there; Don (the Steelworkers representative) has something for you." While I thought this setting had the faint odor of ham melodrama about it I didn't press the matter further.

Montgomery had no news story nor had any of the others. The trip to Norwood was apparently supposed to soften me up by implied intimidation. The press would no longer be able to speak to the UE.

"Anybody found talking with those UE—should be taken for a long ride," volunteered Meridew, who apparently misses few gangster films.

"Yes, and dropped in a snowdrift," added larkster Montgomery.

Acted Like Schoolboys

For the remainder of the hour a barrage of this Grade VI humor was maintained—all of it fanciful speculation on what should be done to me. They were not just foolish: like schoolboys imitating Chicago toughs.

"Drop him in the lake," said Meridew after some thought.

"Better cut a hole in the ice first," another of the trio shot back.

This sparkling repartee went on and on andonandonandon.

We were past the Club Aragon on No. 7 Highway before Meridew, who was sitting beside me in the back seat, told me we were headed for Norwood.

"If I'd known that I wouldn't have come," I said.

"You had no choice; there were four of us," was the reply.

Still thinking a story would result as the price of these juvenile caperings, I didn't ask to be let out of the car. Besides, we were too far out on the highway to walk back to the city, so I settled back to see what happened.

Nothing did. Edmunds got out of the car at Norwood and we continued on, but the remarks were reduced to a dialogue between Montgomery and Meridew.

We arrived back to Peterborough and as Meridew got out of the car at his home he remarked "that's what happens to guys that mix with the UE."

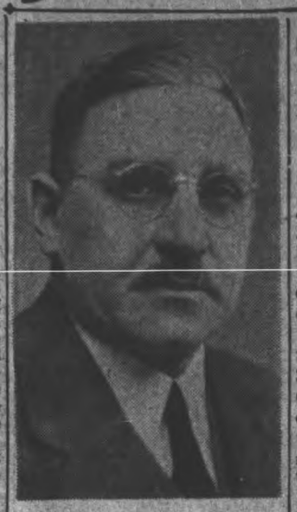
Did Not Like It

I was driven back to the Examiner office by Montgomery and when I informed him that I took a poor view of the whole trip, he replied: "that's between you and Meridew."

Some might think this a pointless story—no blackjacks, beatings, dumping by the roadside or in the river. But it was an act of intimidation, the first step along the road to all of those things.

If a reporter is to do his job conscientiously he must be able to talk to all sides in a labor dispute—whether UE or USWA.

When members of the press has to submit to intimidation whether in prankish or brutal form at the hands of responsible public bodies, it will be time to lock the doors of the newspaper offices for all time.



JAMES DUTTON, SR.

Board Of Health Re-elects Dutton Chairman

James Dutton was re-elected chairman of the Board of Health Monday, continuing a long service in that position. Mr. Dutton welcomed the two new members of the Board, Ald. P. J. Anglesey and Mr. Wm. Tinker.

Two of the staff nurses were authorized to attend a conference in Toronto in March dealing with pre-school and old age health problems. It is sponsored by the Ontario Department of Health.

Sanitary Inspector MacPherson was given permission to attend an annual pest control conference in Montreal.

Conducts Course

Dr. R. A. Kelly is conducting this afternoon and tonight a course of instruction and advice for men and women engaged in handling food consumed by the public. Staffs of restaurants, hotels and refreshment places have been invited to attend. Their response and interest is regarded as an indication by the M. O. H. of proprietorship concern about the Board's endeavors to give the public assurance of clean and careful management and service.

The short course will be continued next Wednesday. It was first begun by the Board a year ago. Dr. Kelly is assisted in the presentation of policy by Sanitary Inspector MacPherson and Mr. Wm. Nash, chemist at Canada Packers.

Driver Faces Second Charge

A second charge against taxi-driver Murray Hill, 87 Dublin St. was laid by city police on Tuesday and read in court today. Hill is now charged with reckless driving. The charges arise from an accident between Hill's taxi and Mrs. Alice Waldron, 60, of 735 Young St., on January 19. Mrs. Waldron died of her injuries three days after the accident.

No election of trial or plea was taken today. Hill was remanded to February 2. Bail of $4,000 remains the same.

The new charge is laid under the Criminal Code, which provides a maximum penalty of two years in jail or $1,000 fine or both.

Mystery Of Missing Taxi-Driver Solved

Fare Was Scouring District Seeking His Wife

LINDSAY, Jan. 26 (CP)—The so-called mystery of the missing Bowmanville taxi driver on a trip to Lindsay has been cleared up. Chief Dave Gordon of Fenelon Falls spotted the car in the Cataract village Tuesday afternoon and driver Ray Lathangue and his passenger were neither harmed nor missing.

According to a report, a Fenelon man went to Bowmanville to search for his wife and hired the taxi at six o'clock Tuesday to drive him to Lindsay. He is reported to have represented himself as a member of the Lindsay police department and asked all identification marks on the taxi be removed.

Chief Gordon stated that the taxi driver, 22-year-old Ray Lathangue has been driving his passenger around the district centres in search of his wife who originally comes from Bowmanville. The taxi driver and passenger are reported ot have checked into the local police office early Tuesday morning but nothing was thought of the incident at the time.

THE WAGES OF VIRTUE?

Gordon Stencell of Water St. is willing to agree that you can't be too careful when striking a match. But he probably blames his mishap on Tuesday night to a malevolent gremlin. Mr. Stencell was in the kitchen shortly before 11 p.m. enjoying a quiet, restful evening at home. None of the pitfalls of Peterborough night life for him. While thus musing happily he struck a match to light a cigarette. The head broke off, flew through the air, and in a matter of seconds the nearby curtains were a mass of flames. When firemen arrived the fire was out and Mr. Stencell was ruefully surveying the charred remains of his curtains and blind.—DW.

Over-Production Unlikely County Plowmen Told; Urged To Mechanize Farms

"It will be a long time before we have over-production," J. A. Carroll, secretary-manager of the Ontario Plowmen's Association, assured more than 200 members of the Peterborough Plowmen's Association and their friends on Tuesday night. "We can anticipate that there will be difficulties in distribution but not in production," he said.

At present, he estimated, there are the products of 30,000,000 acres that can be counted on as a surplus to be sold on the world market. And he contended that this figure would be maintained unless there was extensive immigration.

If Canada is to be successful in selling on the world market she must remember that the sale is to the country with the best product and reasonable continuity of supply, he said.

"There is something else we have to think about and that is costs," he said. The standard of quality will be very important in the market of the future. We hope we've learned something from the depression, so that while we may have deflation it won't be so violent this time."

Sees Price Adjustments

Farmers are relying on supported prices, he stated, but this also implies controlled production. He warned that despite optimistic hopes they must be prepared to see adjustments in prices.

The speaker prophesied that the mechanization of the farm would increase. In the West he had seen wholly mechanized farms run at a cost of $6 an acre while in the East, still not as advanced mechanically, the cost per acre was five times that much.

"Can we go ahead with that high capitalization," he asked.

He claimed that this could be done on family farms if they concentrated on top quality production along specialized lines.

"Buyers from every state in the union and other countries take our prize livestock and registered seed. Let's not just take this for granted, give credit to the agricultural societies which were organized abou 150 years ago. They have put the emphasis on quality."

Mr. Carroll then made a quick survey of conditions in the world.

"Here in Canada we have all we can eat and approximately 30,000,000 acres of produce to export. We have freedom and a country free from want. With all that freedom and luxury are we all contented and happy?"

"I think we're a bit bewildered, concerned and anxious because we are conscious of the feeling that this is one world—much more than ever before."

"We know if there is a race riot in South Africa, starvation in China or a move to collectivize farms in Czechoslovakia — all these will have their repercussions here."

He contended that world problems could never be settled by war. They are a continuation of industrial revolution and the impact of education on the minds of people.

Bring Dissatisfaction

"It is my personal opinion," he added, "that these problems are aggravated by the high standard of living. Peoole come here and talk of this high living standard and they make their people at home dissatisfied."

"This problem will not be solved by war," he stated.

"What can we do?" he asked.

"There is a war of ideas and we must win that war; we must make democracy work at home and then let the people of the world know that it works."

"We must find some way to make more progress in the battle of ideologies. When that is won everything is possible.

He defined democracy as Christianity and advocated work and sacrifice so that Christian democracy would prevail throughout the world.

The speaker was introduced by Howard Quinn, chairman of the social committee and thanked by Arthur McIntyre. Vern Campbell, local president was in the chair.

At the head table were Mr. and Mrs. Leonard Henderson, Millbrook; Mayor Swanston and Mrs Swanston; Mr. and Mrs. Vernon Campbell; Mr. and Mrs. Howard Quinn; Warden William Darling and Mrs. Darling, and the guest speaker and his wife.

Frank Hamon and Dorothy Whatley entertained at the banquet with piano duets, songs and other novelty numbers.

After the banquet the tables were cleared away in the Canadian Legion Hall and the dance began. Jim Byrnes and his orchestra provided the music.

Citizens' Band Asked To Revise Year's Estimates

Representatives of Peterborough Citizens' Band were asked by the Council Monday night to revise their estimates for this year.

Henry Parnell, E. G. Myles, S. J. Rowe and J. W. Kokesh reviewed to the committee of the whole, with Ald. Dodds in the chair, progress of their first year in organization in 1948.

"I think the bandsmen should come back to us with their actual needs for next year," said Ald. Doug Miller, whose grandfather, the late Finch Miller, was the conducior of a civic band of many years ago. "We have tremendous demands on us this year," he said.

"They must take our viewpoint," said Ald. Grant Miller. "Our hospital is now in an advanced stage of construction, and there are new costs for it which we have to face for the first time. We will be fair to the band, but we ask them to remember that we have a big job to do this year."

Mr. Myles reported receipts of $3,354.85 last year and expenditure of $3,085.11, leaving a credit balance of $269.76. The Council was informed of the concert programs last year, including trips to Lindsay, Fenelon Falls and Havelock.

"There is so little money in it for the members that I think we all regard the band as a pleasant hobby," Mr. Myles said. "Mr. Parnell is planning classes for beginners, especially boys. We have more entnusiasm in the band than we ever had before. At present we have 46 members, 43 uniforms, we have a fine library, and we would like any persons who can read music and might be interested in becoming bandsmen to come around and see us."

AT LINDSAY MEETING

Tom Brown, G. A. Gillespie and R. L. Dobbin were visitors Tuesday to the annual meeting of the Lindsay Exhibition. They did not remain for the election of officers, but their presence was a reciprocation of the new spirit of co-operation that has been developing between the two associations. In that growth of friendliness Mr. Bert L. McLean, manager of the Lindsay show, has been an earnest promoter.

SOVIET LEADERS gather at a solemn memorial meeting to commemorate the 25th anniversary of the death of Lenin at the Bolshoi Theatre in Moscow. Left to right: G. M. Malenkov; V. M. Molotov; N. A. Bulganin; K. E. Varashilov; G. M. Popoff; Josef Stalin; L. Beria; P. K. Ponomarenko; M. M. Shvernik; and M. F. Shkiryatov.

Drunk Driving Appeal Is Dismissed

Stewart G. Harding, 32, of Hurley St. had his appeal against a conviction of drunk driving dismissed Tuesday by Judge S. L. Smoke at a special sitting of the Couty Court. He must serve the automatic penalty of seven days and in addition pay $50 court costs or serve an extra 16 days.

P. C. Donald Mackay said he was standing on Hunter and George Sts. shortly after 2 a.m. September 26 when he saw a car approaching from the east "in a swerving manner." As the car turned the corner to go south on George St, the driver appeared slumped in his seat, the constable asserted.

He called the attention of two officers in a police cruiser, P.C. 's Sherman Kellele and Reginald McMillan, to the vehicle of the accused and they followed it down the street.

All three constables said that when Harding's car came to Charlotte St. it made a wide swerve to avoid another car which had stopped at the traffic light, and it nearly struck southeast curb by the Custom's Building.

Both P. C. 's Kellele and McMillan claimed that the car then picked up speed and swerved repeatedly as it continued south. They called to the driver to halt at Perry St. and he pulled over to the curb.

Harding's breath smelled of liquor and he was both unsteady on his feet and incoherent, they testified. When told to get into the cruiser Harding protested but but one of the constables shoved him and he received a slight bruise on the head where he hit the top of the door.

The accused was then taken to the police station, searched and put in the cells, they said.

Harding admitted going to Lindsay earlier in the day with two companions and consuming his portion of a bottle of whisky. The drinking was done over a five-hour period approximately, his companions testified when they entered the witness box.

The accused said he doubted if anyone could notice any effect that alcohol had on him, and denied that he was staggering.

Mrs. Marjory Harding stated that her husband had driven home after coming from Lindsay and had left the house once again to purchase some cigarettes. She said she was unaware that he was under the influence of alcohol.

Judge Smoke said he accepted the testimony of the police as to Harding's condition and dismissed the appeal with costs.

William Grant represented the accused and Crown Attorney John Bradshaw was the prosecutor.

CANADA EXTENDS DIPLOMATIC CONTACTS — Charles P. Hebert (left) becomes ambassador to Mexico succeeding S. D. Pierce, recently named associate deputy minister of trade and commerce; Robert C. Riddell (centre) is now special assistant to External Affairs Minister Pearson, and John W. Holmes heads department's UN division, succeeding Mr. Riddell.

Preparing For War

PARIS, Jan. 26—(AP) — A French Communist deputy Tuesday testified he believes an anti-Soviet book by Hugo Kravchenko "is preparing the way for another war." The book is "I Choose Freedom." Kravchenko wrote the book about life in Russia under Soviet rule after he quit a Russian purchasing commission in Washington four years ago. He is suing the pro-Communist French weekly newspaper, Les Lettres Francais, for libel for its criticism of the book.

Presbyterial Reports Show Amazing Growth In 1948

Reports covering the work of all sections of the Women's Missionary Society were presented at the annual meeting of Peterborough Presbyterial at Trinity Church on Tuesday. The meeting lasted all day, with morning, afternoon and evening sessions.

The corresponding secretary, Mrs. W. A. Atchison, said there were 17 afternoon auxiliaries in the Peterborough Presbyterial with a total membership of 728; seven evening auxiliaries with a membership of 179 and eight affiliated societies with 161 members.

Increased membership was reported by 11 auxiliaries. The St. James and Stewart Hall organizations had celebrated their 30th anniversaries in 1948. There had been 24 auxiliaries represented at the World Day of Prayer, 23 at the Sectional Rally, 22 at the Presbyterial and eight auxiliaries sent delegates to the School for Leaders at Whitby.

The most outstanding activity of the Mission Circles had been the annual mission rally held at St. Andrew's United Church in September, Constance W. Wagar reported for Jessie Martin, mission circle secretary.

Leaders Needed

Voilet Eason, secretary of the Canadian Girls' in Training reported nine registered groups in the Presbyterial. She said difficulty had arisen in starting new groups owing to a shortage of leaders.

The mission band secretary, Mrs. A. M. Partridge reported there were 16 bands functioning during 1948. It had not been possible to start new bands at Bethel as had been hoped. There are now three bands in need of new leaders.

A year of progress was reported for the Baby Band by Mrs. E. Alton. One of the special activities of the mothers had been to send literature and other gifts to China and Japan.

Increase of $64

Associate membership secretary Mrs. N. Stockdale reported 130 members, 240 visits paid and $175.12, an increase of $64.01 contributed.

Mrs. F. C. D. Milburn supply secretary, reported that the response to the appeal for the Canadian Church Relief Abroad had been overwhelming. Three cartons weighing approximately 600 lbs. had been sent from Knox United Church. One carton went to Halifax which contained gifts for displaced persons. Another went to the Canadian Aid to China, containing 42 articles of new woollen wear for infants and children. Dominion Board sent 80 yards of cotton material to be made into nurses uniforms.

Community Friendship had had six main tasks: To welcome newcomers to the community, to visit the sick and lonely, to provide and encourage hospitality in church homes, to win people into the service of the church, to engage in social services and to promote racial brotherhood, Mrs. James Brown stated.

Total abstinence was advocated in the report of the Temperance and Christian Citizenship by secretary, Mrs. Sarah Johnston.

Mrs. Violet Johnston announced that Millbrook had won the book shelf for the next year's study the average reading of every member being 2.41 books.

Mrs. A. E. Metcalfe reported a decrease of 32 in the number of subscriptions to Missionary Monthly and a decrease of 135 in the World Friends subscription.

Mrs. J. Harold Lewis stated that seven newspapers had published 175 reports of W. M. S. meetings.

A number of changes in the library were reported by Mrs. W. H. Morton. A committee had been set up to choose books from the library to send to Presbyterial in Northern Ontario where there was no library.

SECRETARY OF THE SENATE Leslie Biffle (left) hands over historic ivory gavel to Vice-President Alben Barkley as the latter assumed the duties of his new office for the first time in Washington. The gavel has been used by every Vice-President since John Adams.

US Public Most Baffled About Unfinished Spy Inquiry In Washington

By GEORGE RONALD

WASHINGTON, Jan. 26—(CP).—Fantastic is as good a word as any for the story being written by the House of Representatives' Committee on Un-American Activities. Chapter after chapter of almost unbelievable incident has made its investigation of Communist espionage a narrative stranger than many a fiction favorite. Everybody's getting into the act, people say. These are some of the principals:

Whittaker Chamber, 47, a self-styled pre-war Communist courier and a senior editor of Time magazine until his resignation last month. He charged several former State Department officials had been active in the spy ring to which he himself belonged. When one of them sued him for libel, Chambers produced copies of stolen documents from a hollowed-out pumpkin on his Maryland farm.

Elizabeth T. Bentley, 40, a former school teacher and graduate of Vassar College who says she, too, was a Red courier before renouncing Communism. She told a thriller-type tale of secret meetings with Russian agents and of a government employee who met her at a park bench to pass on wartime secrets.

Important official

Alger Hiss, former Director of special political affairs in the United States State Department, Secretary-General of the San Francisco conference at which the United Nations charter was drafted, president of the Carnegie Endownment for International Peace. Hiss, one of those accused by Chambers, denied membership in any pre-war spy "apparatus" and, when Chambers repeated the accusation outside the committee hearing room, sued for libel damages of $75,000. A Federal Grand Jury in New York has since indicted Hiss on two charges of perjury as a result of his testimony at its own spy inquiry.

Representative J. Parnell Thomas (Rep. N.J.) who, as chairman, set the pace for the committee's wide-open investigation methods. He has since been indicted on charges that he padded the payroll of his congressional office staff.

Movie stars Adolphe Menjou, Robert Taylor and other subpoenaed as witnesses in the committee's inconclusive probe of alleged Communist activity in Hollywood.

Weak Link

Dr. Edward U. Condon, chief of the Bureau of Standards branded by the committee as "one of the weakest links" in atomic security. He asked for and was promised—but still hasn't been given—a chance officially to refute the charge.

Lauchlin Currie, former White House assistant to the late President Franklin D. Roosevelt, one of several officials named by Chambers and Miss Bentley as having unwittingly played into the hands of Russian spies. Currie was heard by the committee and denied the charge.

Former secretary of state Sumner Welles, who advised against publication of Chambers' "pumpkin papers." He was found seriously ill in a frozen field near Washington shortly after attending the funeral of his friend Laurence Duggan. Welles, upset by the death, is believed to have suffered a heart attack during a long-post midnight walk.

Duggan, former state department official who plunged to his death from a 16-storey window in downtown New York. A committee spokesman said a few hours later that Chambers had named Duggan as a member of the pre-war spy ring. Chambers denied the next day that he had made any such allegations.

President Truman, who has consistently cuffed the committee's probe as a political "red herring" and labelled the committee itself "a dead commitee."

Still Unfinished

All these persons are involved in a still-unfinished investigation for which the keynote has been raw, rough publicity. Headlines, photographs, newsreels, radio and television have spilled forth an almost daily avalanche of accusation, inference and sensation.

Most baffled is the public. It is difficult to gauge what the average American thinks of it all.

Many undoubtedy agree with the committee's bitterest critics—among them Mr. Truman—and the charge that it is hunting headlines, not spies. Others presumably accept the probe at face value.

Betty Hutton Picks 10 Men With Most SA

BY BOB THOMAS

HOLLYWOOD, Jan. 26 (AP)—Hold onto your hats—here comes our first "10 best" list of the year.

The conductor is Betty Hutton and she is picking the 10 men with the sex appeal. You'll realize it's an unusual selection when you see that Winston Churchill heads the list.

"All great men in any field have sex appeal," she explained, "they don't have to be actors."

Here are Betty's selections and comments:

Winston Churchill. "I never met him, but he has a great appeal in his voice. It's not exactly sexy, but he has a command that makes women stop and listen."

Free And Easy

Bing Crosby. "He's not an actor. He does everything the way he plays golf—free and easy."

Gen. George Marshall. "His integrity appeals to me."

Jack Benny. "He's brilliant and a big-hearted guy. He always gives the other performers a break."

Montgomery Clift and John Lund. "They kill me."

Producer Buddy Desylva. "He knows more about show business than any man I know."

Gen. Ike Eisenhower. "He's a solid guy."

For her other two choices, Betty picked her doctor and her husband, "who is such a wonderful anchor for me."

Nosing for News

Movie acting is getting to be easy work for some people. James Mason did two days' work in "Madame Bovary," Ethel Barrymore did a week in "The Great Sinner." Now Franchot Tone has a four-day part in "Twilight"

"Just call me H. B.," advised Humphery Bogart now that he's a movie producer. . .

Dan Dailey calls himself "Zanuck's Maria Montez," since nearly all of his pictures at 20th-Fox have been color spectacles. . .

Stage Wildcat Strike

AKRON, O., Jan. 26—(AP)—Workers staged a wildcat strike Tuesday at the B. F. Goodrich Company for the third time in three weeks. Their complaint was against the firm's method of rotating work assignments. About 4,000 of Goodrich's 15,000 employees were left idle by the walkout.

ALTHOUGH WINTER CONDITIONS have set up new problems, work is going ahead at the giant dam and power development the Ontario Hydro is building at Des Joachims, 120 miles north-west of Ottawa. This view is from the Quebec side. The dam is 2,400 feet long and 190 feet high at one point. Eight generating units, housings for which are seen in the foreground, will produce 480,000 horse-power.

Weeps At Trial

WASHINGTON, Jan. 26—(AP)—Nazi Germany's "Axis Sally," 48-year-old Mildred E. Gillars, wept at her treason trial Tuesday as defence counsel contended that she came under the "hypnotic influence" of a German official in wartime Berlin. If convicted, the Maine-born defendant faces a possible maximum penalty of death in the electric chair.

Labor Secretary Denies Statement By C. S. Jackson

Cleve Kidd, secretary-treasurer of the Federation of Labour (CCL) has denied a statement by C. S. Jackson that in a letter to the Canadian director of the UE he had suggested court action against the Outboard Marine Co.

Mr. Kidd has circulated this denial in a letter to all the Ontario Federation of Labor affiliates.

The controversial statement was made by Mr. Jackson while being interviewed by the Examiner. "I have a letter . . from Cleve Kidd, one of the top officials of the Steel Workers' Union, suggesting that we take court action against the company for perjury in their alleged submission of falsified lists and information to the Ontario Labor Relations Board."

Mr. Jackson then charged that "in the face of this the same Steelworkers raid the UE at the Outboard plant."

In reply Mr. Kidd said " I was not acting as spokesman for the United Steelworkers of America as stated by Mr. Jackson. . All that was said was that if the UE had proof of such a serious charge, then the Ontario Federation of Labour would back them up. Obviously the matter involved here is a principle in which all organized labor is interested, but to say as Mr. Jackson said, that I, as an official of the Steelworkers Union, suggested taking court action against the Company for perjury, and at the same time my own organization, the Steelworkers, was raiding the plant, contains some obvious falsifications."

A partial text of the letter follows:

"In view of the absolute falsities contained in the above statements, it is the feeling of the President of the Ontario Federation of Labour, Joe MacKenzie, and myself, that all of our affiliates and the public at large, be informed of just what did happen in this matter," said Mr. Kidd.

"The United Electrical, Radio and Machine Workers charged that the Outboard Marine Company of Peterborough falsified the list of those eligible to be included in a bargaining unit, and the U. E. further asked the Ontario Federation of Labour to support its stand in this matter. This was brought to our attention December 17, 1948. On December 21, 1948, as Secretary of the Ontario Federation of Labour, I replied:

"With regard to the Outboard Marines case you charge that the Labour Relations Board used a falsified Company employee list as the basis for its decision. This we feel is a very serious charge, and we would appreciate it very much if you could supply us with what you feel to be the proof of your allegations, in this regard. Once this proof has been received we will undertake to press the matter further."

"On January 3rd Mr. Jackson replied in part as follows:

"Circumstantial evidence points strongly to the fact that the company falsified its list."

"He went on to say:

We have no doubt about our being able to prove our allegations and in fact, are at this moment contemplating charging fraud against this company through the Courts."

On January 6th I again wrote to Mr. Jackson, still in my capacity as Secretary-Treasurer of the Ontario Federation of Labour, in part as follows:

"In going through your letter, it seems to me that if you feel you have proof that the company falsified its payroll, then it has been guilty of perjury and your case should go before the courts. In this event the Federation would offer you every support."

"On January 7th I received a reply, this time from Mr. Russell of the U. E., and this letter contained not one word about prosecuting further the serious charges which the U. E. had originally made against the Company, and for which no proof had been supplied the Ontario Federation of Labour."

Concluding Mr. Kidd said "Until such organizations as the UE can give us guarantees that they will not misuse and falsify information obtained from the offices of the Federation, then they will not receive any further assistance from us in any issue in which they may be come involved."

By The Canadian Press

TORONTO.—William E. Rundle, 81, former president of the National Trust Company, died. He had been associated with the investment business since 1884, when he joined the Freehold Loan and Savings Company.

TORONTO.—A new method of inserting artificial eyes so that they will move naturally was outlined by Dr. J. S. Crawford at a refresher course for medical specialists at the University of Toronto. The Toronto oculist said the method involved sewing eye muscles to a special metal mesh made of tantalum on which the plastic implant was fastened. The artificial outside eye is then pegged to the damaged eyeball.

HAMILTON.—A two-year City Council term will be voted on here next December, Council decided. The present term is one year.

OTTAWA. — External Affairs Minister Pearson said this is a time for Canada to retain her sanity, balance and clear vision in the international sphere. Addressing the annual dinner of the Liberal Party's advisory council, he said: "In our attitude towards Communism, we should not go about with chips on our shoulders; but neither should we go about with dust in our eyes. If ever we needed clear vision, we need it today."

HAMMOND, Ind.—James S. De Laurier, publisher of the Hammond Times, announced he will sign and will ask members of his staff to sign non-Communist affidavits. He made the announcement after Police Commissioner Harry S Toy of Detroit had such affidavits would be required of newspaper men in that city. No such requirement is in effect in Hammond.

LONDON, Eng.—The House of Commons was told present plans call for Britain to obtain 70 per cent. of her newsprint from home production during 1949. A. G. Bottomley, parliamentary secretary for overseas trade, in a written reply to A. M. Skeffington, Labor member for Lewisham West, said that two-thirds of the balance would come from dollar areas.

WASHINGTON. — A $200,000,000 proving ground for guided missiles was proposed in a bill introduced by Chairman Millard Tydings (Dem., Md.) of the Senate Armed Services Committee. Tydings told a reporter that no site or area for the proposed proving ground has been selected. The measure simply is to authorize the project.

Mercury Hits Bottom.

CARLIN, Nev. — The cold wave struck Carlin but observers here had to guess at the temperature. The town's only thermometers registered a low of 40 and the mercury hit the bottom. Estimates were that the temperature was at least 50.

MARTIN, S. D.— Trucker John Ellison, stranded for 22 hours without heat on a road blocked by snow, was rescued by Pilot Tony Engelbert, who landed his light plane on the snow and flew Ellison to the nearest town.

SIOUX FALLS, S.D.—Members of the school board in nearby Ramona were fined $25 each for allowing a dance to be held in the school New Year's eve. The South Dakota state code bars dancing in schools, although board members testified dances had been held at Ramona school for the last 25 years.

WASHINGTON — The United States labor department said the average basic pay for union workmen in the American building construction industry is $2.16 an hour.

RICHWOOD, W.Va.—Part of a crowded gymnasium balcony crunched loose during a basketball game and dropped about 15 feet on other fans and players below. Two players were injured severely. School officials estimated about 50 spectators were on the section of the balcony which collapsed.

TORONTO — Queen's Park is being scrubbed and tidied for the opening of the Ontario Legislature Feb. 10. One of the biggest jobs is the reconditioning of four massive chandeliers which light the legislative chamber. Weighing nearly half a ton, each contains more than 70 bulbs.

Mrs. C. J. Ray Re-elected Head Local Red Cross Branch Increased Service Reported

With Mrs. C. J. Ray as president, Peterborough Branch of the Red Cross starts another year of unstinted service to the public. Reports that told an amazing story of 1948 accomplishments under her leadership were read at the annual meeting Tuesday afternoon in the Red Cross rooms. Two new projects taken on were the Disaster and Emergency Relief committee and the visiting committee. Work of all other committees was continued with increasing service by the loan cupboard, swimming and water safety, first said and home nursing departments.

Services of a more or less personal nature are not included in reports but the number is large. Besides supplying clothing, food or necessary help for citizens, the Red Cross assisted in adjusting difficulties such as between overseas war brides and families here, and locating relatives and friends. A recent task was arranging that the young relative of a Peterborough family arriving from England should not be left alone in Montreal while awaiting train connections.

Secretarial work of the Branch will be handled by Miss S. Dix this year, and Mrs. G. S. Cameron will be assistant secretary. Former secretary Mrs. W. R. L. Blackwell takes the office of first vice-president with Mrs. W. M. Cruthers and Mrs. R. M. Glover in second and third positions. Mrs. G. H. Thompson will again be treasurer. Honorary president is Mrs. R. H. Turner and honorary vice-presidents are Mrs. R. Harstone and Mrs. G. B. Boucher: Immediate past president is Mrs. F. E. Hooper.

Six new members to the Board are Mrs. W. A. Hinds, Mrs. W. B. Gordon, Mrs. C. B. Neal, Mrs. J. P. Watts, Mrs. R. J. Ward and Mrs. J. P. Sharp. Nineteen former members continuing are: Mr. C. G. Collins, Mrs. B. D. Hall, Miss Mary Elliott, Mrs. A. G. Howson, Mr. D. A. Loomis, Mr. T. A. Mackay, Mrs. John Mills, Miss Helen Munro, Miss Florence Gladman, Mrs. E. Riley, Miss Maude Rush, Mrs. S. L. Smoke, Mrs. G. C. Tollington, Mrs. E. M. Yelland, Mrs. C. G. Graham, Mrs. F. J. Lynch, Mrs. C. A. Sollitt, Mrs. J. H. Vernor, Miss Margaret White.

The Advisory Board will be His Honor Judge S. L. Smoke, His Worship Mayor M. J. Swanton, Mr. W. R. L. Blackwell, Mr. T. J. Carley, Dr. G. S. Cameron, Mr. R. S. Cotton, Mr. D. P. Diplock, Mr. R. L. Dobbin, Mr. F. Hills, Mr. F. E. Hooper, Mr. W. F. Huycke, Mr. F. D. Kerr, Mr. G. S. Matthews, Mr. V. J. McElderry, Mr. Ian McRae, Mr. C. J. Ray, Mr. H. C. Sootheran, Mr. R. H. Turner, the Rev. Ivan C. Morgan, and Bishop Gerald Berry.

Blood Donor Service

First on the agenda this year is the new blood donor service. In this regard Peterborough is in an unique position due to Mrs. Ray's efforts in keeping up a blood transfusion service for the two hospitals since the war. By providing 705 transfusions, an average of nearly two a day, in the past year, many lives have been saved. Almost all other branches gave up this service completely at the war's end. Now, with donor files intact and up to date since 1942 the branch is in a good position to commence registration of the 2,500 donors asked for by February 15.

Three points Mrs. Ray emphasized in regard to this service were: 1, No patient is charged for blood given by a voluntary Red Cross donor. 2, No member of the Red Cross blood donor staff in Peterborough is paid; 3, files record every transfusion given, the date, to whom given and the amount.

Fifteen donors on the list have given more than 20 donations and dozens of men and women have given more than 12.

Loan Cupboard

Many citizens are perhaps not aware of the conveniences afforded them, free of charge, by the Red Cross loan cupboard. With a doctor's certification of their need any of its contents are available to them and an arrangement with local stores enables committee members to secure additional supplies needed at any hour. On hand are gatche beds with springs, mattress, mattress cover and rubber sheets, and sides, bed rests, bed tables, gowns, jackets, bed pans with covers, ice bags with covers, air cushions, sheets, pillow cases, blankets, quilts, bath and hand towels, bandages, masks and kerchiefs, hot water bottles with covers, kidney basins, different types of wheel chairs, crutches, canes and many other articles. As each piece is returned it is thoroughly sterilized before being replaced in the cupboard.

A similar service of the branch now being set up is a small library of books dealing with home nursing, nutrition and other subjects related to Red Cross work. These offer citizens general information on health, safety and similar topics, that is not easily available elsewhere.

Disaster Relief

Early in the year it was decided that the province is divided in 30 sections with a strong Red Cross Branch in each to give relief in disasters and emergencies. The local organization is assigned Peterborough, Victoria and Haliburton counties with full responsibility. Mrs Ray worked promptly and efficiently and is author of a booklet on the plan devised here which has been adopted as the standard of organization of all units, first by the Ontario Division, and then by National Red Cross. This is a splendid tribute to her outstanding work for Red Cross.

The work is divided in four sections: loan cupboard, first aid, emergency hospital and nutrition. Industries have offered trucks for transportation of supplies, Peterborough and County Medical Association has promised to work on this scheme, Dr. R. A. Kelly and two nurses of his staff will go anywhere if a disaster occurs and the VON has offered a similar service. St. John's Ambulance Corps is willing to become part of this plan and various nurses in the city have volunteered their help.

Each organization will cooperate under its own identity but by this plan there will be a united, well-organized arrangement rather than a divided effort with each trying to do the same thing in a different way. Police have offered transportation for Red Cross helpers and their men as guides and the use of their radio service, and ambulances will be available. For an emergency hospital the armouries may be used, or in case of war, the Red Cross rooms, with Mrs. Roy Taylor in charge of setting it up. Miss Mary Elliott is in charge of the nutrition section with two representatives from each church on call on monthly shifts. This was shown in action at the Windsor Hotel fire in December when women from George St. and Knox churches, assisted by executive members, had coffee and sandwiches on the street for the firemen 30 minutes after the call came.

Civilian relief, under chairmanship of Mr. R. M. Glover, was mostly given to ill and elderly people who were getting another form of relief and needed something extra to tide them over. A supply of clothing for several children in two families not previously in the list was purchased.

The visiting committee was organized in October with Mrs. W. M. Cruthers in charge. More than 20 visits were made and some Christmas baskets of fruit taken to lonely and shut-in people. Mr. Glover is looking after visiting men and has a budget allowance for gifts of fruit, reading material and small items.

Children's Work

"Junior Red Cross work gives the school children a civic responsibility, an understanding of children of other lands, and cultivates health habits that will persist through the years" said the convener, Miss E. Dix in her report. "Our work goes on so quietly in the class-rooms, under supervision of the teacher, that little is known of the invaluable accomplishments. In Peterborough there are 66 active branches in which the children carry on the work and contribute pennies for the two funds they support, National Service Fund and Crippled Children's Fund. Through their efforts 2,598 crippled children were treated last year, and very large amounts of food, new clothing, shoes, drugs, cocoa, flour, Christmas candy, school supplies and layettes were shipped overseas." Miss Dix also reported 7,000 tray favors provided for soldiers in Ontario and ear phones and radio equipment arranged in Weston and Hamilton hospitals at Christmas.

Classes Resumed

Home nursing classes were resumed in October, 1948, Mrs. F. J. Lynch reported, a two year abeyance after the war having been decided upon to give nurses and doctors a rest. Registration totalled 85 and no fee was charged. Mrs. C. A. Sollitt of the nutrition committee reported a lecture on this subject given the home nursing class by Mrs. W. B. Gordon, also the films on food and displays calling attention to foods which build good teeth arranged for dental health week.

Continue Sewing

Sewing was done each Monday and Thursday throughout the year, except in summer and Christmas holidays, by the women's work committee, convened by Mrs. H. G. Fitzgerald, and ladies of the executive served tea each day. Numerous donations were received including 50 articles of infant's, children's and women's garments from the Business and Professional Women's Club and five quilts from Stewart Hall Red Cross. All were sent to Great Britain with 230 articles made in the work room. In addition 25 bed jackets were made for Canadian Military Hospitals and 10 pneumonia jackets for the Red Cross loan cupboard. The packing committee, convened by Miss D. Margaret White, was called upon three times to send out fairly large shipments. Her report stated 689 articles were put in of which 24 were military hospital supplies and the rest civilian clothing.

Recognition Given

Women's War Work Service pins were distributed to 1,100 women during the year, all of whom worked faithfully each week during the war. In Mrs. R. H. Turner's report for this committee she said "At Headquarters where all work was inspected before shipping, they would say of a Peterborough box, 'No need to inspect this', as all of our work was perfect."

Mrs. F. E. Hooper reported on the first aid, swimming and water safety program of 1948. A standard First Aid class for 20 pupil nurses in Civic Hospital was given by Miss M. Pickens and Miss E. Fenwick and examiners, Mr. Davy and Mr. Batten of Ontario Division it was the first class where 100 per cent pass was obtained with all in the class receiving more than 75 per cent. The branch sponsored an instructor's school in swimming and water safety in March which graduated 23 as full instructors, eight received one year certificates, one became an instructor and examiner and four received senior swimming awards. Three of the graduates came from Beaverton and others were from the district.

As a result of working with Peterborough Outdoor Swimming committee in the summer 135 Red Cross awards were given, 45 junior, 60 intermediate and 22 senior, and 48 awards were presented by the YWCA. Tests were arranged and contestants examined by Mrs. Pansy Forbes. In addition tests were given and awards presented at Keene, Bancroft, Camp Ponacka and Lake Baptiste. Eleven passed the winter first aid examinations after taking 16 classes of instruction by Miss M. Robson and Miss M. Langmaid, nurses of Civic Hospital, and a concentrated course on ski patrol work by Mr. Hearne of Ontario Division Red Cross. Medical examinations were given these contestants by Dr. R. Clark and Dr. R. Bell.

Mrs. Ray provided a most comprehensive report on the Apsley Red Cross Hospital for 1948. This hospital was renovated by Peterborough Branch of the Red Cross a year and a half ago and seems to have justified the effort. A Red Cross Community Doctors' service is organized in that community to supplement the hospital.

Mrs. W. R. L. Blackwell, secretary, read an annual report which summarized the work of all committees in the local branch. A satisfactory treasurer's report, duly audited by Mr. F. J. A. Hall, was read by Mr. G. H. Thompson and payment of additional accounts confirmed. Mrs. C. C. Graham of the purchasing committee submitted a detailed report of expenditures, and the purpose. Few calls for relief came to Mr. D. A. Loomis of the Soldiers' Relief committee, but those received were all necessary he reported. Six clothing orders were given and three pairs of glasses provided.

Alvin E. Northey Weds In West

The wedding of Anna Mae, daughter of Mr. and Mrs. Richard Rayner of East Macoun, Sask., to Alvin Edwin, son of Mr. and Mrs. Graydon Northey of Lakefield, was quietly solemnized January 18, at the home of Mr. and Mrs. Albert K. Gill, Macoun. The house was prettily decorated with daffodils and snapdragons, and the Rev. Dalzell of Midale officiated. The bride was given in marriage by her father.

Attendants were the bride's sister, Miss Joan Rayner, and Mr. Robert Dixon, both of Macoun.

The bride wore a street length frock of aqua crepe, and the bridesmaid chose a blue tailored dress.

Immediately following the ceremony a luncheon was served the wedding party by Mrs. Gill and daughter Marie. The party then returned to the home of the bride's parents where a dinner was served.

The following day a reception was held at the Rayner home for immediate relatives.

The couple will leave shortly for their farm home near Lakefield.

Sodality To Aid European Priests

St. Peter's Cathedral Sodality general monthly meeting was held Sunday evening in St. Mary's School.

Prefect Miss Marie Kiernan extended thanks to all those who helped in any way to make the annual "Snow Ball" the success it was. Sodalists were asked to sing in the choir the third and fourth Sunday of each month at the nine o'clock mass.

Miss Patria Eggleton read names of priests in grief-stricken countries, and chairmen of different committees were asked to send help to them as projects.

The project of Our Lady's committee for February was introduced by the chairman, Miss Marion McTeague.

Sodalists will meet in the church Sunday afternoon at 2.00 p.m. to recite the rosary for the release of his eminence Cardinal Mindszenty, now a prisoner of the Hungarian Communists.

Speakers for the evening were Misses Jean Rodger, Shirley McKenzie, Loretto Lorenz and Jean O'Brien.

Social committee chairman, Miss Margaret Caravaggie, announced plans for a sleigh-ride on Monday, Jan. 31, to which the DP girls will be invited.

The Sodality then enjoyed a delicious treat sent to them by Miss Lucille Caddigan.

DOROTHY DIX

Claims Girl Should Return Ring if Engagement Breaks

DEAR DOROTHY DIX: Almost three years ago I started keeping company with a boy five years younger than myself. Up to date this is his record: Hasn't worked for more than one month consecutively Hasn't saved a penny. Spent the money his family willed him. Gambles terribly. Drinks heaviiy. Borrows money from me which he never repays. Has exactly one suit of clothes. Has no sense of responsibility. Gave me a diamond ring which his Dad paid for and which he wants back.

Dorothy Dix

No man can take up three years of my life loafing around and then expect to have his diamond returned, especially as I know he wants to give the ring to another woman. Don't you agree with me?

A FOOL IN LOVE

✧ ✧ ✧

ANSWER: I don't know the status of an engagement ring in law, whether it inclines to take the romantic point of view or stands flat on the business end of the transaction. Generally speaking, an engagement ring is considered a proof of love and when, for any cause, the romance goes blooey and the engagement is broken off, the etiquette of the occasion is for the girl to return the ring.

But if a girl is practical-minded enough to think that a diamond ring is a diamond ring—no matter whether it is a love token or loot—that is another pair of sleeves, as the French say. And whether a man can get back an engagement ring is a moot question. Most men would rather pay the price than go through a breach of promise suit.

Should Rejoice

In your particular case, I should think that you would return your faithless lover's engagement ring with great rejoicing, for it would be a continual reminder of how you had been saved from committing a folly that would have wrecked your life. For surely you could promise yourself no happiness in being married to a boy five years younger than yourself who showed that he had not a single quality that qualified him for making a good husband.

You can buy yourself many diamond rings with the money that you would have to spend on supporting a lazy husband who was allergic to work and who was also a gambler and a drunkard.

✧ ✧ ✧

DEAR MISS DIX: I have been married for 30 years to the most selfish, meanest man I have ever known. In all of these years he never has made me a gift, or allowed me to join a lodge or any club, or has given me any money to spend, yet he says I am the best cook and housekeeper in the world.

Now my children are grown and married and I feel that I have done my duty and am thinking of going into the business world again. I am still in my forties and in good health and would like to live a little of my own again. What do you think about it?

DOWNHEARTED

✧ ✧ ✧

ANSWER: You certainly are justified in trying to get a little freedom after your many long years of domestic slavery. The unsung heroes of the world are the women who, in order to rear their children in peaceful homes and give their youngsters a happy background, endure for years upon top of years the petty tyrannies of grouchy husbands and live starved for love and appreciation, without ever a whimper crossing their lips.

Many a woman looks forward to her children being grown as her emancipation day from her mean and selfish husband; but she seldom takes it because she knows that, unappreciative as her husband is, he would be lost without her.

✧ ✧ ✧

DEAR DOROTHY DIX: I am a girl of 16. Have been married four months to a very old man who is 26 years old. He doesn't want me to carry a shoulder bag, or to use makeup on my face, and he complains about my cooking. Don't you think I should leave him? Or should I try to make a go of it with him?

MILDRED

✧ ✧ ✧

ANSWER. Well, I should think that your best chance of happiness would be to try to adjust yourself to this aged party of 26 and try to get him to teach you about how to become a good wife. You see, after all, it isn't giving marriage a fair deal to throw it into the discard after only a four-months trial. Don't run home to Mama every time you have a spat with Friend Husband. Ask his advice. Men adore being kowtowed to. Learn how to cook, because that is the surest way to appease your husband.

And, above all, grow up. Act like a woman and not like a baby.

For Bad Winter Cough, Mix This Syrup Yourself

If you want a splendid cough medicine, mix it at home. It costs very little, yet the way it takes hold of distressing coughs, giving quick relief, is astonishing.

Any druggist can supply you with a 2½ ounce bottle of Pinex. Pour this into a 16 ounce bottle and fill up with granulated sugar syrup to make 16 ounces. To make syrup, use 2 cups of sugar and one cup of water and stir a few moments until dissolved. No cooking needed. (Or you can use corn syrup or liquid honey, instead of sugar syrup.) It's no trouble at all and gives you four times as much cough medicine for your money—a family supply. Keeps perfectly and tastes fine.

It is surprising how quickly this loosens the phlegm, soothes the irritated membranes, and helps to clear the air passages. This three-fold action explains why it relieves an annoying cough in a hurry.

Pinex is a special compound of proven ingredients, in concentrated form, a very reliable soothing agent for winter coughs. Money refunded if not pleased in every way.

Barbecue Cheaper Meats For Your Main Dinner Dish

By GAYNOR MADDOX

Barbecue sauce gives the cheaper cuts of meat fine flavor

Barbecued Lamb Riblets (Serves 4)

Two pounds lamb riblets, cut in 2-inch pieces, ¼ cup Worcestershire sauce, ½ cup catsup, 2 tablespoons bottled thick meat sauce (optional), 2 tablespoons sugar, 2 tablespoons vinegar, 2 tablespoons horseradish, 2 cups boiling water, 1 teaspoon salt.

Place riblets, fat side down, in a heated kettle; brown on all sides. Add remaining ingredients. Cover; cook tender over low heat—about 1¼ hours. Skim off excess fat. If sauce is not so thick as desired, uncover, cook down a few minutes. There should be about 1 cup. Arrange riblets on platter and pour sauce over them. Note: Breast of lamb may replace the riblets.

Barbecued Frankfurters (Serves 4)

Two tablespoons fat, ½ cup minced onion, ¾ teaspoon paprika, ¼ teaspoon pepper, 2 teaspoons granulated sugar, ¾ teaspoon dry mustard, 1 to 3 teaspoons Worcestershire sauce, 3 tablespoons catsup, 2 tablespoons vinegar, 4 frankfurters.

Melt fat, add onion and simmer until tender. Then add next 7 ingredients. Make a lengthwise slit 3 inches long through the center of each frankfurter. Arrange in a baking pan, slit side up, and pour sauce over all. Bake in moderate oven (350 degrees F.) 20 minutes, basting several times.

A girl makes a terrible mistake when she marries at 16.

TOMORROW'S MENU

BREAKFAST: Sliced bananas, cereal, crisp bacon, rolls, butter, jam, coffee, milk.

LUNCHEON: Beef and vegetable soup, crackers, cream cheese and chopped olive sandwiches, pears, tea, milk.

DINNER: Barbecued frankfurters, hashed brown potatoes, chopped spinach, rolls, butter, raw carrot sticks, grapes and apples, crackers, cheese, coffee, milk.

Social Situations

SITUATION: You telephone another man at his home and his wife, who you know, answers the telephone.

POOR WAY: Ask to speak to "Mr. Jones"—just as you would if you were calling his office and his secretary answered the telephone.

BETTER WAY: Say something like: "This is Jim Brown, Mrs. Jones. May I speak to Mr. Jones, please?"

Missions Need Staff Help Minister Says

The basic need which is responsible for the call to missionary work should never be forgotten, the Rev. E. E. Pugsley, minister of Norwood United Church, told the annual meeting of Peterborough Presbyterial of the United Church Women's Missionary Society in Trinity Church on Tuesday.

Mr. Pugsley reminded his listeners that missionary work should begin at home. The church was ministering to 31 nationalities in Canada alone and the task of taking the Christian faith to such diverse peoples, blending Christianity with Canadian citizenship, was one of the tasks of the missionaries.

40 Mission Centres

In the rural areas of the west there were 40 mission centres, Mr. Pugsley said, struggling along against an acute handicap caused through shortages of staff. There were 114 charges without ministers, Mr. Pugsley announced that a new boat had been purchased for work on the Pacific coast.

After giving a brief survey of the state of the countries of the world today, Mr. Pugsley declared that now was the time for missionary action. "Our missionary forces are at the lowest ebb at the present time," he declared.

Mrs. Maxwell Loveys, Home Mission Executive secretary of the Women's Missionary Society restrictions which were placed on in Canada, described in detail, the the Society merely because of a shortage of staff. In many parts of the prairies the time had come when the medical staff could no longer serve the communities as doctor, nurse and minister. When she was visiting the Society's centres in Saskatchewan, Manitoba and Alberta at the end of last year, she found many men and women organising Christian communities among European and Ukrainian settlers there. These missionaries often lived strenuous and exceedingly lonely lives.

Walk Miles to Church

Many of the settlers lived in remote parts of the country and some would walk many miles to take part in a church service. Some had spent the war years in concentration camps. They had become unaccustomed to normal social standards of living and were, therefore, in great need of the assistance which the Missionary was able to offer.

Mrs. Loveys addressed two sessions of the meeting.

Her evening address was about the Society's work among the Indians along the west coast of Canada. Once again this was seriously handicapped by a staff shortage. The Society had accepted responsibility for ten resident schools situated throughout Canada.

The staff position was precarious. Ten members of the staff were 65 years of age and there was no one to take their place. There was also a shortage of ministers. Some of the missions were now led by the Indians themselves, who had been trained by the missionaries.

One of the tasks of the Society was to break down racial barriers, Mrs. Loveys said.

George Gibson Resigns

LONDON, Jan. 26 — (CP) — George Gibson, 63-year-old trade union veteran, resigned today as a regional chief of the nationalized electricity industry after a special tribunal accused him of using his influence with the government in return for personal gifts.

Triangle Club Entertains Scots

Young men recently arrived from Scotland were the guests of the Triangle Club at the YMCA Tuesday evening. The Club was celebrating Burns day. A special Scottish program was under the direction of Alfred Dawson.

Feature of the night was the playing of the bagpipes by Angus Munro. Jack Smith and Miss Ruth Hircock sang solos, accompanied by Quirt McKinney at the piano. Tony Burns and Matthew Hutchson sang a couple of selections. Mr. McKinney lead the members and guests in singing Scottish songs.

Skating Revue Coming To City

Canada's only professional skating revue is being brought to Peterborough's Civic Arena on Saturday next, by the Optimist Club. All proceeds from this event go to their project, Boys' Town. Trafalgar House at Nicholls Oval has been redecorated and now this drive for funds to buy lathes, saws and other working tools is being undertaken by the club.

Optimists are planning a woodworking shop and machine shop for boys wishing to develop hobbies. A refreshment bar and a lounge or gameroom is also in the house.

Maple Leaf Ice Revue features an all-Canadian cast. Sixty per cent of the troupe are professional figure skating instructors at various arenas in the vicinity of Toronto. Johnny Dunne and Les Beazer are co-producers of the show, the latter being master of ceremonies.

A highlight of the show will be the performance by Ed. Sigan, 20-year-old Newfoundlander. Mr. Sigan who has been skating only two years was the victim of poliomyelitis when five years old.

Many other skaters have international recognition such as Marion Mark, Rox McCleary, and Irene Grant, former members of the Gay Blades Ice Revue. The Ice Revue features Harold Hartley, the only professional colored figure skater in the world. Jack Cox, figure skating comedian with present two acts, Spike Jones' "Two Front Teeth" and "I'm Forever Blowing Bubble Gum". Johnny Dunne in his Stilt-skating act is expected to thrill the audience with his daring gyrations. The adagio act by Harvey Parsfield and Dolores Taylor is one of the outstanding acts of the show with their speedy acrobatics.

Sentenced 3 Months Will Cook At Jail

TRENTON, Jan. 26. — Oliver Grossi, alias Frank Rossetti, today was sentenced to three months concurrent on two charges of issuing worthless cheques. His record went back as far as 1932 on charges of fraud, forgery, false pretenses and theft of drugs.

After he was sentenced, Grossi commented that he had been promised the cook's job when he went back to jail.

Defeat Petition

TORONTO, Jan. 26 — (CP) — A plan to petition the Ontario government for authorization of Sunday sale of tobacco was defeated 13-6 by the city council early today. The full-dress debate on Sunday "blue laws" lasted till 3 a.m. It was finally decided to seek a report from police on their views of sale of tobacco on Sundays.

6—In Memoriams

MEEKS—In loving memory of our true and faithful son, Paul Edward William Meeks, who passed to a higher life on January 26, 1948.
His life is a beautiful memory,
His death is our silent grief,
He sleeps in God's beautiful garden,
In the sunshine of perfect peace.
So we leave him in God's keeping,
The rough road safely o'er,
And our dear one we loved so well
Has only gone before.
—Sadly missed by mother and dad and Joan, Jean and Cyril and family.

MEEKS—In loving memory of Paul Meeks, who passed away January 26, 1948.
A beautiful memory, dearer than gold,
Of a husband whose worth can never be told.
Alone, unseen, he stands by my side,
And whispers "don't grieve, death cannot divide,
So I'll be brave, dear Paul,
And pray to God each day,
And when He calls me home to you,
Your smile will guide the way.
—Sadly missed and ever remembered by his wife, Mary.

Lt.-Col. Johnston Widely Mourned

Funeral of Lt.-Col. Thomas Dalton Johnston, 59, who died at his home at Court House, Peterborough, on Sunday was held on Tuesday afternoon from his residence with Archdeason W. P. Robertson offociating. The funeral was largely attended, especially by men who through the years had been connected with Col. Johnston in the Canadian Militia, had served with him in the First Great War and had been associated with him when he was member of parliament for Peterborough East.

Representatives of the City Council, County Council, Canadian Legion, Bar Association, civic, county and government employees were present. Men who had been with Col. Johnston in the old 3rd Prince of Wales Dragoons also paid their last respects to the memory of one of Peterborough's outstanding military men and one who had served his country all through The First Great War and then represented its citizens in parliament.

The masonic service was conducted at the grave by Rev. Dr. Bruce Gordon and those assisting were R. F. Downey secretary and G. W. Craw master of Corinthian Lodge of which Col. Johnston was a member.

The pallbearers were: Lt.-Col. Claire Stuart, Lt.-Col. Everett Birdsall, Fred Hills, G. H. Cutmore, William Pinkey, and Clifford Curtis.

Paper Guild Censures Toy

DETROIT, Jan. 26 — (AP) — The Newspaper Guild of Detroit "censures the action and policy" of Police Commissioner Harry S. Toy in requiring non-communist affidavits of newspaper men.

The Detroit Guild, a local of the American Newspaper Guild (C.I.O)., denounced Toy's order in a resolution adopted at a general membership meeting Monday night.

Last week the Police Commissioner announced that newspaper reporters and photographers would be required to sign the affidavits before receiving police press cards. Toy said he was acting in the interest of national defence.

The Guild local questioned the constitutionality of Toy's action under the "Freedom of the Press" guarantee.

The union also took the position that the "authorization, and accrediting" of newspaper men "should remain in the hands of our editors and publishers."

Two of Detroit's big daily papers, the News and Times, have made no objection to Toy's order. The Free Press has left it to "the conscience of the individual employee."

Passed By Senate

ALBANY, Jan. 26 — (AP) — A Bill sponsored by Governor Thomas Dewey's Republican administration to facilitate the St. Lawrence River power development was passed by the State Senate on Monday night and sent to the Assembly for approval.

The Bill would permit the State to invest funds in bonds of the State power authority, thus clearing the way for joint construction by New York and the Province of Ontario.

DOES YOUR BACK ACHE?

Sitting in a draft—working in a damp place—wet feet—there are dozens of things which may cause a backache! But there's one way thousands of Canadians have found to help relieve this condition—Dr. Chase's Kidney-Liver Pills. This effective remedy tones up both the kidneys and the liver—and brings welcome relief from pains in the small of the back caused by "cold" in the kidneys. So insist on this reliable remedy—proven by over half-a-century's use—Dr. Chase's Kidney-Liver Pills. At all drug counters. 19

Plan Work Program For Able-Bodied Men

BRANTFORD, Jan. 26 — (CP) —The recent flood of male applications for relief prompted Brantford township council Monday to take preliminary steps toward providing a program of work for all able bodied men seeking relief in the township.

A list of names of all relief recipients, 65 years of age and under, together with descriptions of the circumstances surrounding each case, will be presented to township council at its meeting next Monday. A resolution that the council ask the Minister of Public Welfare to hold a general meeting of welfare officials to discuss the problem of relief to able-bodied men before it became too serious, was passed unanimously.

A second resolution approved asked the Minister to grant a subsidy for relief paid to deserving persons for a period of 14 days between the time of their lay-off and the time when their unemployment insurance payments begin.

Refer Widening To City Engineer

Removal of the trees and boulevard on each side of Charlotte St., between Aylmer and Park Streets, was referred to City Engineer E. A. Chalmers by the board of works Monday night for a report with estimate of cost. The motion by Ald. Grant Miller was seconded by Ald. James Gillespie.

The suggestion for the widening of that part of Charlotte St. came from the Peterborough Automobile Club of which James Juby is president. It was recalled that town planning committee recommended this widening, but Chamber of Commerce discounted its advantage because, they said, it would lead to a bottle-neck in the stretch of Charlotte St., east of Aylmer which could not be similarly widened.

"I know from my observations that there is too much traffic there for a comparatively narrow street, and if we don't widen it where we can do so, we'll regret it,' was the comment of Ald. G. Miller.

Have Narrow Escape

ALDERWOOD, Jan. 26 (CP)—Two trainmen and a transport driver narrowly escaped death to-day when a tractor-trailer transport crashed into the caboose of a Canadian Pacific Railways freight train here. Alderwood is a few miles east of Toronto. Escaping without injury were truck driver Stanley Lewis 29, of Toronto, conductor T. L. Sinclair, and R. S. Bruce, brakeman, both of London, Ont.

Millbrook Lodge Pays Last Respects To W. J. Blair

MILLBROOK, Jan. 26 (ENS)—The largely-attended funeral of William John Blair was in charge of the Ulster Lodge Sons and Daughters of Ireland Protestant Association, a delegation of officers and members coming specially from Toronto to conduct the ritual for the highly-esteemed member. The service was on Saturday afternoon, from the McPherson funeral home, under Royal Black Preceptory auspices. Officers of the visiting Order from Toronto who participated were: IPP Andrew Taylor; VP Thomas Wilson; chaplain J. C. McGuigan; Robert Eakins, Ben Collins and James Henderson.

Rev. Walter Patterson, of Grace Presbyterian church gave the address.

Characterized as a "fine Christian gentleman, loyal to his church his community obligations, and his God," Mr. Blair's contribution to the defence of his country as a veteran of World War II, to a high type of citizenship, and a home life in accordance with Christian principles were highly eulogized.

Prievious to his death on January 20, Mr. Blair had been for six months a patient in Sunnybrook Hospital, Toronto. While in hospital, Mr. Blair had prepared an outline of his fraternal history, and to this reference was made at the service.

In May, 1890, he joined the Orange Order at Renfrew, Scotland; later returned to Ireland and transferred to LOL 1065. He came to Canada in 1906, the transfer then being to LOL 557, Lindsay, in March, 1907. Residing in Toronto in 1910, the next change was to Nassau, No. 4, of which he was Worshipful Master for two years. The move to Millbrook was in 1939, first affiliation with LOL No. 40, Fallis Line, then to No. 79, Millbrook, of which Lodge he was WM for three years, District Master of Cavan for 2 years, first lecturer of East Durham County Lodge for 2 years, and Guardian of the Daughters of Cavan, No. 1066 for 2 years. He became Past Commander of the Royal Scarlett Chapter, and WM of PAPB Queen's Own Lodge, No. 5, Lindsay. He was DDGM of the Prentice Boys for two years, and made an honorary member in 1919.

Initiation into Ulster Lodge Sons and Daughters of Ireland Protestant Association was made in 1927. Mr. Blair was made an honorary member, March, 1945. Worshipful Preceptor of Pride of Cavan RBP No. 945, for two years, and played the flute for over 50 years at successive Twelfth of July celebrations. Mr. Blair also organized the Fallis Line Flute Band in 1943.

Pallbearers for the funeral were Ray Eagleson, Donald Graham, LOL No. 79; James Roddy and William Francey, RBP No. 954; B. Collins and R. Eakins of Ulster Lodge, Toronto. Burial in the Presbyterian Cemetery, Millbrook.

F.B.I. ARRESTS SAM CARR IN NEW YORK

Attlee Investigates Revolt Against Ernest Bevin, Calls In Government's Whip

Palestine Policy Endorsed By Lowest Margin Of Victory In Present Parliament; Churchill Rails At Bevin's 'Stupidity'

By JAMES McCOOK

LONDON, Jan. 27—(CP).—There was general speculation in political and newspaper circles today that Ernest Bevin's assignment as Foreign Secretary is under study at a Cabinet inquiry into his Palestine policy. The Cabinet met this morning. Bevin was absent but William Whiteley, Government Whip, was called in. It was believed Whiteley was to report on the labor revolt against Bevin Wednesday.

The House endorsed Bevin's policy but only by a margin of 90 votes. It was the lowest margin of victory obtained during the present parliament on any major issue. At least 50 members abstained from voting.

The vote was 283 to 193, on a division insisted upon by Opposition Leader Churchill, and it climaxed a 7½-hour debate in the Commons.

Churchill railed at Bevin for his "folly, stupidity and fatuity" in handling the Palestine problem. Bevin listened impassively with arms folded.

Bevin said he assumes that the "final act" of recognition will be taken in the next few days. It now was a matter of consultation with the commonwealth and Britain's allies.

Prime Minister Attlee said the government accepted recognition of Israel in principle "long ago."

The debate ended in an uproar as Attlee sought to defend Bevin against what the prime minister claimed was "a Vendetta." Attlee accused Churchill of trying to work on the feelings of the people, and of sugesting that Bevin be removed from office.

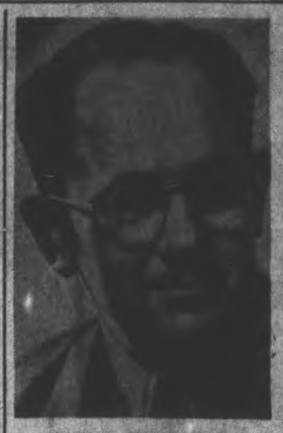
Earlier, Bevin was under fire from a member of his own party—R. H. S. Crossman, Labor member from Coventry—who abstained, along with a party group. Crossman said:

"If any single man is responsible for the growth of Fascism on one side and Communism on the other it is the man who conducted British policy in Israel in the last three years."

Bevin, in opening the debate, demanded support of the Commons and the country in his policy to ensure security in the vital Middle East.

Churchill had called the immediate recognition of Israel. He drew support from almost all the members of his party, Liberals and the discontented Labor members.

Bevin told the Commons: "The State of Israel is . . . a fact and we (the Labor Government) have not tried or done anything to undo it.



MISSING SINCE 1946, Sam Carr, a key figure in Canada's espionage case, was arrested in New York by the FBI.

Police Hunt Spy Suspect For 3 Years

Will Return Carr To Canada For Espionage Trial

WASHINGTON, Jan. 27—(AP)—The United States Justice Department said today the Federal Bureau of Investigation has arrested Sam Carr, former organizing secretary of the Canadian Communist party.

The announcement said Carr was arrested in New York.

He was picked up at an uptown Manhattan apartment building where he had occupied a basement flat for the last two weeks.

It described him as a key figure in Soviet spying in Canada.

He played an important part; the department said, in the spy network which was exposed in September, 1945, after some testimony by Igor Gouzenko, a Russian Embassy cipher clerk.

F. B. I. Director J. Edgar Hoover said Carr is wanted in Canada for violation of the Official Secrets Act.

Hoover said that the Royal Commission, set up in Canada to investigate spy rings, desided that Carr took an active part in recruiting Soviet agents.

Contact Man

The Royal Commission, Hoover added, also said that Carr acted as a contact man for Russian officils and secured and sent confidential information to the Moscow government.

Hoover said Carr also assisted in faking a passport for a Russian agent known as Ignacy Witczak, who then lived in the United States.

At Ottawa, Justice Department official said today it is expected that Carr will be brough back to Canada and tried, probably in Toronto, on charges of breaches of the official secrets act.

Officials greeted the news of the arrest of the former national organizer of the Labor Progressive party with both interest and satisfaction.

Eighteen persons were brought to trial on espionage charges following the Royal Commission investigation.

Nine were acquitted, one was fined and eight were given prison terms.

Carr, who disappeared about the time the commission report was made public, is the only person known against whom charges still are outstanding.

Hunted Since 1946

Police have been on the hunt for Carr since early in 1946 when he disappeared shortly before Igor Gouzenko named him as a "recruiting agent" for a Russian system of agents in Canada.

At the time Carr was national organizer for the Labor-Progressive, or Communist, Party of Canada.

When his name was first mentioned by Gouzenko, Carr's family said he was away on a visit to Montreal. Later an official of the Labor-Progressive Party said Carr had been granted leave of absence because of ill-health and was expected to return in a few days.

On April 19, 1948, the national executive of the party announced that Carr "ceases to hold any office in the Labor-Progressive Party as of April 15, 1946."

Granted Leave

The announcement said that Carr had been granted leave of absence because of ill-health. However, with the exception of one letter from Montreal he had

Canadian Freed When Tribunal Flees

Had Been Held Under Personal Orders Of Generalissimo Chiang

NANKING, Jan. 27—(AP)—Hugh Elliot, British-born 34-year-old Canadian, was free today because the court which which was to hear his case on political charges, vanished in the mass evacuation of Nanking.

Elliot, a veteran of the Canadian army who gave his address as Ottawa, was arrested early in December by troops of Ninghsia governor Ma Hung-kwei while hiking toward Communist lines with a Chinese guide and a donkey.

Elliot had been teaching at a co-operative school at Shantan in Kansu province, 250 miles northwest of Lanchow.

He said he was taken first to Ningsia city where he was kept under surveillance and questioned. Later at Lanchow, he said, he was thrown in jail with recaptured deserters and disgraced army officers, some of whom were in chains.

A week ago he was flown to Nanking and placed in the metropolitan jail to await hearing. He said that he had learned authoritatively that Chiang Kai-shek personally ordered his detention when the generalissimo's attention was called to his case.

However, the tribunal scheduled to review his case could not be found because all of its members had fled before the Communist advance.

The Canadian embassy obtained his release Wednesday along with hundreds of political prisoners who were freed by acting president Li Tsung-jen.

At Ottawa, officials of the external affairs department said they had no knowledge of the case, since no report has yet been received from the Canadian embassy in China.

Canada Asks $2 Maximum Wheat Pact

United States Agrees If Favorable Provisions Granted

WASHINGTON, Jan. 27—(CP).—Canada favors a $2-a-bushel maximum price in any new world wheat agreement, her delegate told the international wheat conference today.

Almost immediately the United States said she is willing to agree if "favorable provisions can be obtained on other points."

But the United Kingdom, one of the biggest wheat importers, took the buyer's stand: she expects "a substantial reduction" from the $2-a-bushel maximum, which was included in the never-implemented wheat agreement of 1948.

Dr. Charles F. Wilson, the Canadian delegate, said Canada will support the price ranges as laid down in the agreement drawn up last March but never put into effect.

(Under the terms of the unratified agreement, 500,000,000 bushels of wheat would have been exported by Canada, Australia and the United States during a five-year period. Canada's share would have been 236,000,000 bushels. Thirty-three importing countries would have bought at prices ranging from $2 a bushel maximum to minus of $1.50 in 1948-50, $1.40 in 1949-50, and so on to $1.10 in 1952-53.)

Expects Reduction

British delegate, T. Sheed Anderson said the United Kingdom expects a "substantial reduction," particularly in maximum prices.

Wilson said undoubtedly some delegations may read into the present circumstances an opportunity to seek different terms than those which were agreed upon in 1948.

"Because of that possibility I should like to mention that the only prices relevant to conditions of surplus are the floor prices. And I should like to emphasize that the floor prices agreed upon last year fully discounted the possibility of changed supply conditions.

No Discussion On Margarine Ovens Reports

"Ontario Milk Distributors Association has never discussed the margarine question," said W. G. Ovens, manager of Campbell's Dairy, in a reference to a Canadian Press article from Ottawa about the National Dairy Council's demand on the federal government for clarification of their position.

"I mention this fact just to do a little further clarfiying. National Dairy Council combines all phases of the industry throughout Canada. Not one of our dairies in 50 makes butter. That is part of the production of creameries. They turn out cheese, condensed milk, cream, butter and so on."

Mr. Ovens is president of the provincial association of milk distributors, chiefly an enterprise of dairies.

National Dairy Council are proposing an interprovincial conference for the clarification of the industry's status "in view of the recent Supreme Court decision permitting manufacture and sale of butter substitutes." They are apprehensive of doubt attaching to other clauses of the Dairy Industry Act.

Report Split In Li Cabinet Nationalists Reform Army

NANKING, Jan. 27—(AP).—Prospects of peace in China dimmed today. Both Nationalists and Communists accused each other of stalling. The Nationalists were reported to be bolstering a new defence line below the Yangtze Valley. Shanghai and Nanking would be sacrificed, this source said, so that National troops, likely back under Chiang Kai-shek's direction, could fight on.

There were indications of dissension in the Government of Acting President Li Tsung-jen, who wanted to keep the Government here. But the Cabinet, which he may not be able to control, has ordered it moved to Canton.

A Government spokesman called on the Communists to show their sincerity by naming peace negotiators. The Communist radio in turn called on Li to show his sincerity by arresting Chiang and other Kuomintang leaders named by the Reds as war criminals.

The Communists have offered to talk peace in captured Peiping as soon as they gain "complete control" of the city. Li has indicated a willingness to send a peace delegation there. In fact, Li Chung-hua, Li's special representative, is there now and is reported drafting plans for negotiations.

In Nanking the City Council was behind the peace move. In Shanghai Legislator Chang Chien-hua proposed a similar move to commercial and industrial leaders.

Canton made ready to receive the National Government there by Feb. 5.

Whatever the course of peace negotiations, there was little fighting anywhere today. In the south, behind the new National defence line stretching from Hangchow southwestward to Nanchang and thence northwestward to Wuchan, lay a much larger portion of China than Chiang Kai-shek held at the end of the war with Japan.

Promise Oshawa New Post Office

Oshawa and District Labor Council has been informed by the Hon. Ernest Bertrand, Postmaster General, that provision will be made in the new federal estimates for a postal-customs building in the motor town.

The YMCA is on the site proposed for the Oshawa federal building, and will have to be demolished when construction has been authorized. Net revenue to the department last year from the Oshawa main office was $219,132.

It was recently reported here that the local architects, W. and W. R. L. Blackwell and Craig, have been working for some time on plans for the Peterborough postal-customs building that should stand somewhere high in the government's list.

It may be recalled once more that the first purchase of property here for a postal building was prior to the first war when J. H. Burnham was the member of parliament for Peterborough West. More than 35 years ago the government was thinking of the need of increased accommodation for its several branches here, and it was believed tht Trent Canal offices might be given space in the proposed building.

Mr. Blackwell was in Toronto today and could not be asked about the recent report indicating a stirring of action by the government to proceed at last with the building whose site has now shifted to Charlotte St.

Say St. Laurent Will Visit Truman Feb. 11

OTTAWA, Jan. 27 — (CP)—Prime Minister St. Laurent has accepted an invitation to visit President Truman in Washington on Feb. 11 for a two day stay.

A spokesman for the Prime Minister said Mr. St. Laurent would make a statement on the visit later in the day, probably in the House of Commons.

Meanwhile he confirmed a Washington report of the proposed visit.

It will have no special significance but will offer an opportunity for the Prime Minister and President to renew an acquaintance of several years and to talk over matters of mutual interest, the report said.

Expected Feb. 11

WASHINGTON, Jan. 27 (AP)—President Truman announced today that Prime Minister Louis St. Laurent of Canada is visiting the United States next month.

The President said the Prime Minister will arrive in Washington the night of Feb. 11 and remain for two days on just a friendly visit.

He added that the visit would have nothing to do with the North Atlantic pact or any specific questions.

The President said he met the present Prime Minister when he visited Ottawa in the spring of 1947.

He disclosed the forthcoming visit at a press conference in which he said that the Prime Minister had accepted his invitation.

Oshawa Cabbie Robbed Of $25

OSHAWA, Jan. 27 (CP)—Taxi-driver Joseph Schneider was left bound hand and foot with his own necktie, shoelaces and other strings early today as two passengers who robbed him at gunpoint of $25.

Schneider said one of the men jabbed a gun in his back as he drove them to a nearby hotel. Then they robbed him and drove to a service station, where they abandoned the car with him in the back seat.

Bobby-Soxers Storm Film Stars' Wedding

ROME, Jan. 27—(AP)—Linda Christian and Tyrone Power were married today, in a wedding that would stack up against the best of Hollywood's camera extravaganza's.

Screaming thousands of "Tifosi," Italian equivalent of bobby-soxers staged riot scenes around the little church of Santa Francesca Romana where the film notables said "I do."

Mounted police were called out to ring the church, located in the old part of Rome.

They broke through the lines as Linda arrived 15 minutes late. They screamed "Linda! Linda!" as the starlet, resplendent in white satin with an eight-yard-long train, entered the church.

The crowd nearly pulled the overcoat off the United States Ambassador, James C. Dunn, when he and his wife arrived at the church.

Victim Ignored Safety Rules Jury Decides

A coroner's jury on Wednesday afternoon concluded that 19-year-old Winston Goheen died by drowning on January 14 "through his own disregard of safety regulations plainly seen on the wall."

Called by Coroner Dr. Herbert Young, the five-man jury heard witnesses give details of the death of the youth, a student at the Normal School, whose body was found in the swimming pool of the YMCA.

Raymond Goheen of Newcastle, father of the dead youth, testified as to the identity of his son's body. He said that Winston had begun to learn swimming last summer and had been taking lessons at the "Y".

Ralph Goodfellow, 20, of 466 Bonaccord St., and Jack and William Wakeford of 95 Lansdowne St., the three youths who discovered the dead boy's body at the bottom of the pool, gave evidence. Goodfellow, first in the swimming room, had spotted Goheen and dived into the pool.

William Wakeford said that the water in the pool was "smooth as glass" and unruffled when they entered the room. The trio arrived about 9.30 that evening. Taking the body from the water, they started artificial respiration while one went for assistance.

Dr. C. F. Cahill told the jury he arrived about 9.35. Under his direction, city firemen continued efforts with the pulmotor and artificial respiration for another quarter of an hour. The youth was dead on his arrival, however, the doctor concluded.

Did Everything Possible

Capt. Frank Shearer of the Fire Department testified that the three youths, before the arrival of the department, had done everything possible to revive Goheen.

PC Gorden Trennum, who investigated, said that a large sign built into the wall above the pool, and plainly visible throughout the room, read: "Danger — Do Not Swim Alone."

G. H. Roper, secretary of the YMCA explained the regulations governing the use of the pool. Men were permitted the use at "their own convenience and responsibility," and swimming of boys was regulated. He said that this was the first drowning in the pool since it was built in 1931. As a result of the fatality, he

Returns To War

ATHENS, Jan. 27—(AP)—Gen. Constantine Ventiris, whom the United States Military Mission once called "the best soldier in Greece," returned Wednesday to the geared-up war on Communist-led rebels. Ventiris was appointed Inspector-eneral of the Army and Chief of Operations. He had been forced out of the army more than a year ago in a political fight.

If Co-operation Continued No More Cut-offs—Saunders

TORONTO, Jan. 27. (CP) — Hydro Commission Chairman Robert H. Saunders said today that if the people of Ontario continue to co-operate in power saving no more Hydro cut-offs would be needed this winter.

In address prepared for delivery to the Empire Club of Canada entitled "Your Hydro Chairman Reports," Mr. Saunders said the "greatest single need for the future welfare of this province is the development of the St. Lawrence River."

Ontario's share of the St. Lawrence seaway project would provide "an average of some 6,000,000,000 kilowatt hours a year. This would give Ontario "power at 5.1 mills less per kilowatt hour than steam units—or at least one third the price of steam."

He reviewed the work of the Hydro Commission during 1948 and said that "Hydro today and . . . for the last year has been distributing the available power to all our citizens as equitably as possible."

"Unfortunately," he said, "the sharp and sustained increase in demand coincided during the fall of last wear with a period of marked and probably unprecedented deficiency in rainfall and consequent river flow over a wide area of Ontario and Quebec and in the area supplying 40 per cent of our power."

The result was "a reduction in the commission's resources of more than 17 per cent below their normal dependable capacity."

The total deficiency due to lack of water, he revealed, amounted to 1,486,180 kwh.

Have 9 Girls' Gangs

TORONTO, Jan. 27 (CP).—A Toronto paper says in a newspage story today at least nine girls' gangs have been established in the city, at least eight of them operating as "ladies' auxiliaries" to notorious boys' gangs. They are said to have a combined membership of 300 girls, aged 14 to 18. The story included an account by an unnamed girl of nude bathing parties last summer at Wasaga Beach on Georgian Bay.

10 In Family Escape Flames

STURGEON FALLS, Jan. 27—(CP). — A mother and nine children safely escaped this morning from their burning home at Sturgeon Falls. Three other children were at work.

The mother, Mrs. Jose Deschesne, was alone with the children when the fire was discovered at 8:30 a.m. on the second floor of the wooden, two-storey house. One of the younger children noticed the fire and called her mother. Mrs. Deschesne bundled the children into coats and fled the building with them, not even stopping long enough to get her purse, containing the family's household money.

Within 15 minutes the whole second floor was ablaze. The family had time to save only the washing machine and the sewing machine. The building was gutted.

The father and two of the older children were away from home working. An 18-year-old daughter had left the house a few minutes earlier to go to work.

Kennedy Considering Oleo Coloring Law

OTTAWA, Jan. 27—(CP)—Premier Kennedy of Ontario said today his government is considering the possibility of passing legislation governing the coloring of oleomargarine, but so far has made no decision.

He said the Ontario Attorney-General's Department had found no law forbidding a manufacturer to give margarine a yellow color. However, he felt the dairy farmer has an "understandable grievance" on the subject of colored margarine.

"For generations butter has had a yellow color, so much so that it has become the trademark of butter. Dairy men feel that yellow is their color for butter, and that margarine, whose original manufactured color is white, should be kept white," he said.

Cameron Plowman Wins Second Prize

NEWQUAY, Cornwall, England, Jan. 27 — (CP). — Four Canadian plowmen attracted 5000 spectators when they appeared at the West of England plowing championships here Wednesday. Two of the Canadians were on the prize list. Alvin Mark of Cameron, Ont., was second in the class for horse-plowmen who had not previously won two first prizes. Rhys Dacher of Hagersville, Ont., took third in the tractor-plowmen class.

Jury Asks Inspection Of Rooming Houses

TORONTO, Jan. 27—(CP)—Probing a rooming house fire which took four lives last Dec. 15, a coroner's jury last night recommended city legislation authorizing regular fire inspection of all rooming houses. The jury said the inspection should be the responsibility of the City Fire Chief.

The jury returned a verdict of accidental death in the case of John T. Henderson, one of the four victims. It added that discarded paper in the basement eight feet from the furnace was a "contributing factor" in the fire.

Break Through 10-ft. Drifts Village Gets Food, Fuel

WINNIPEG, Jan. 27. (CP)—For the southwestern Manitoba village of Wakopa, 15 days of isolation because of snow-blocked roads have ended, but another hamlet—Neelin, 25 miles to the northeast—today was reported running short of coal and to be low on food supplies.

A Manitoba government snowplow broke through to Wakopa, 135 miles southwest of Winnipeg, Wednesday, L. H. Morgan, general merchant in the village, said trucks carrying 18 tons of coal and 1½ tons of flour followed closely behind the plow.

"They got through just in time We couldn't have gone on the way we were much longer," said Mr. Morgan.

In its efforts to drive a path through deep snow to the 40 residents of the hamlet, the highway department put plows of three types—tractor, rotary and pusher—into action. It was not known immediately which of the three plows had managed to force its way through the 10-foot snowdrifts.

Probably the first person out of there after the road was open was Fred Dietrich. His 24-year-old wife gave birth to a son in the nursing home at Killarney, about 12 miles northeast of Wakopa, Tuesday, after being taken out by snowmobile Jan. 20. Both she and her son, Robert, were reported doing well.

No sugar, yeast or bread were reported available in Neelin, whose 100 residents appealed earlier to Works Minister Errick Willis for aid. Coal on hand was sufficient to keep houses heated for only another two days.

Two plows sent out when Wakopa's plight first became known made only slow headway against the drifts, and there was danger that high winds would block the road again.

Rescue Seven Trapped By Ice

VICTORIA, Jan. 27 —(CP)—Seven persons from ice-bound Muchalat arm on Vancouver Island today were on their way back to civilization after being isolated at a tiny mining camp for a month.

The camp's inhabitants — six adults and one child—Wednesday were taken aboard the tug Island Commander, now believed proceeding toward nearby Esperanza where medical aid is available for the one person reported sick.

On board the tug from the camp, situated on the 23-mile-long arm, 145 miles northwest of here, were H. K. Anderson, a miner, and his wife and three-year-old child; Jack Sloan, a miner, and his wife, William Sloan, Vancouver mining man and camp superintendent whose wife is suffering from exposure and cold.

Thick ice on Muchalat arm made useless a 36-foot cruiser used by the settlement for transportation. The cruiser is being towed back with Mrs. William Sloan aboard, too ill to travel on the tug.

Suffers Broken Leg Crawls Two Miles

THESSALON, Jan. 27—(CP)—Dr. V. S. Grigg, said today he didn't know if Bill McDonald, a local accountant, will lose some fingers and toes as the result of severe frost bites, but added "he's alive today only through sheer determination."

McDonald spent the night on the highway last week-end after his bumper jack had collapsed. Breaking his leg when he was trying to put chains on his car. He finally crawled two and a half miles to the nearest farmhouse, wore out the elbows of a heavy parka and the knees out of his pants. It took him four hours to reach help. Broken bones in his leg have been reset.

Drew Wins First Clash In Commons

Procedure Question Causes Flare-Up, St. Laurent Yields

OTTAWA, Jan. 27 (CP) — Prime Minister St. Laurent and George Drew, Progressive Conservative leader, clashed in the Commons Wednesday over a ticklish question of procedure—with the buoyant new Opposition chieftain coming out on top.

The exchange, quickly-spoken but firm, came as the Commons opened the fifth—and perhaps the last—session of this 20th parliament on a note of peace and harmony but quickly ran into a wrangle which may set the pattern for future debates.

Mr. Drew, as new to the leadership of his party as Mr. St. Laurent is to the Prime Ministership, forced the sauve, lawyer-leader of the Liberals to give way and withdraw a motion which would have stopped the throne speech debate, traditional first business of a new session, after within two days.

But the conflict did not end there. It carried a promise for the future. Mr. St. Laurent said the question would be debated today at the same time, he explained that he did not wish to press the chamber to do something not to its liking.

The contentious resolution called for suspension of the throne speech after Friday. Mr. St. Laurent said he planned then to introduce a motion to devote the next two weeks, to Friday, Feb. 11, to consideration of the Newfoundland legislation.

Won't Accept It

Mr. Drew, winning support from M. J. Coldwell, CCF leader, expressed his opposition to the motion because it would mean that the House would be left without direction if Mr. St. Laurent's second motion Friday did not pass. The Prime Minister was presuming that the chamber would adopt the second motion.

There had been nothing like this since Confederation, said Mr. Drew, and he warned:

"I do not consent to proceed with the motion in its present form."

Mr. St. Laurent said the government did not intend to impose "any dictatorial attitude" on the members.

"Oh, oh," chorused the Opposition members behind Mr. Drew.

Mr. St. Laurent's voice rose. "The honorable members can say 'Oh, oh' as much as they like," he snapped. "But I know best what the government intends to do."

Canada Buying Danish Butter

COPENHAGEN, Jan. 27 (Reuters). — Prospects of good world grain harvests are raising hopes among Danish farmers for better times in 1949, and bigger supplies to Europe of their bacon, poultry, meat and eggs.

Main increase last year over the 1947 level of exports was in butter. A total of 105,457 tons went overseas in 1948 compared with 87,109 tons in 1947 and a pre-war average of 149,067 tons.

A surprising addition to the list of new customers was Canada, which took 3,572 tons in 1948.

An official of the Canadian Legation here said Canada was importing butter from Denmark for non-dollar currency so that she could have more Canadian produce available for exports which could earn United States dollars.

This is the first Canadian purchase of Danish butter shown in the published records which date back to 1933.

not communicated his whereabouts to the national office.

This step by the Labor-Progressive Party came at a time when Federal government authorities held a subpoena for Carr, who was wanted in connection with the espionage probe and trials which followed the Gouzenko disclosures. The party's statement on his dismissal said it could not "countenance failure to appear upon command by subpoena."

U. S. Connections

On March 26, 1946, the New York Journal-American said in a newspage story that Carr "for years received $1,000 a month from the American Communist party." It reported that in 1939 William Weiner, then treasurer of the American Communist party, testified before the United States House of Represenatives Committee on Un-American Affairs that he and Earl Browder, then national leader, had been sending Carr money "for a considerable period."

Since 1946, there have been several reports of Carr's whereabouts, the Canadian Police Gazette, a magazine devoted to police activities in Canada, reported in July, 1947, that he was living in a suburb of Guadalajara, Mexico. Its source was Harry Thornton, former Vancouver newspaper man and then a Mexican exporter, who said he saw Carr.

Commenting on the Mexico report, Commissioner S. T. Wood of the Royal Canadian Mounted Police said the force had known for some time that Mexico was Carr's hideout but "we have no instructions to pick him up."

National leader Tim Buck of the Labor Progressive party said today he is "astounded" at the arrest of Sam Carr, former organizing secretary of the party, in New York.

Mr. Buck said he last saw Carr in January, 1947, when he left for Cuba because of ill health. The party chief said that since then he had learned from newspaper articles that Carr had moved to Mexico and had understood he was still there. Mr. Buck declined further comment immediately.

Says Canadian Market Interests British

LONDON, Jan. 27 (CP)—British exporters are beginning to show more energetic interest in the potentialities of the Canadian market, Ian Macdonald of Toronto, general manager of the Canadian Daily Newspapers Association, said in an interview Tuesday.

Here for the third successive year to discuss means of stimulating British trade in Canada, Macdonald said Britain is beginning to appreciate the need for advertising and impressing brand names on Canadia buyers.

He said he has been successful in increasing the amount of advertising British firms will place in Canadian newspapers, but dollar difficulties have remained a restrictive influence.

"However there is an increasing eagerness of British manufacturers to get into the Canadian market," he said. "It is no longer a question of selling Canada as a market—it is one of selling ways and means of reaching that market."

Gold Stocks Rising In Moderate Trading

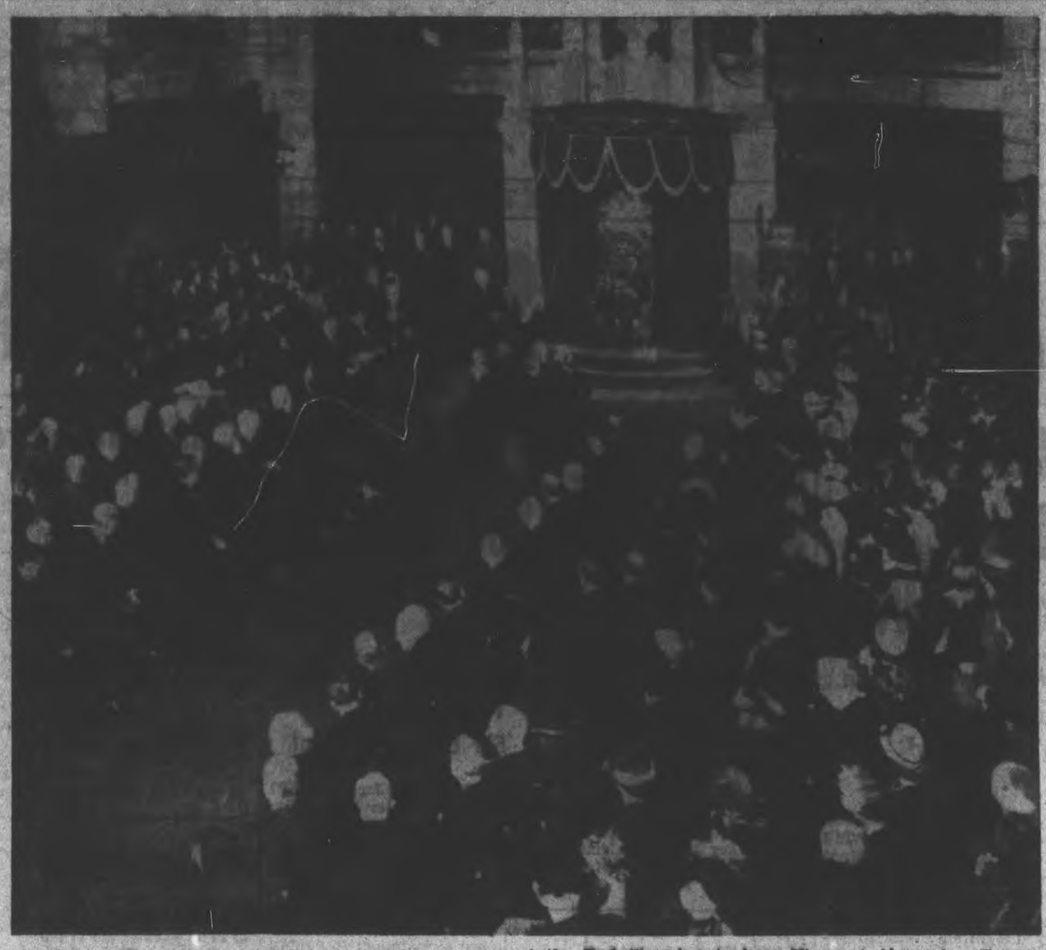
TORONTO, Jan. 27 — (CP).—Gold stocks moved upwards in moderate trading here to-day following forecast in the Throne Speech of legislation to extend the Emergency Gold Mining Assistance Act passed in the last session of Parliament.

The golds opened strongly but tended to weaken under mild selling pressure. Industrials continued downwards and base metals showed a weaker tone. Anglo-Canadian sparked tighter Western oils list

Volume for the first three hours was 615,000 shares.

Senior issues were better in the golds and juniors showed gains ranging up to 10 cents. Opening prices were strongest in active trading, but tended to slide as the session progressed and trading slackened. A few issues showed small losses in the third hour.

Industrials continued on their downward trend with the papers leading the way. BC Pulp dipped $2 at $110 and Bell Telephone, Canadian Vickers Pfd., McColl Oil, and Imperial Oil were losers.



PARLIAMENT OPENS—With all the traditional pomp and ceremony, Canada's Parliament began Wednesday which probably will be the last session of the 20th Parliament. Members of the Commons and Senate gathered in the Red Chamber to hear Viscount Alexander, Governor-General, read the Speech From the Throne which forecast tax reductions and other important legislation. This Nation Film Board photo shows the Senate Chamber as the Governor-General spoke.

UN Seeks Answer To Equal Rights

By NORMAN ALTSTEDTER

LAKE SUCCESS, NY, Jan. 27—(CP).—The United Nations tries again next month to find an answer to this question:

What can we do to see that everyone, around the world, has the same living standards, the same rights and privileges?

This study is less spectacular than the work of the Security Council, which deals with the immediate threats to peace. But the diagnosis of the world's ills which the economic and social council makes—and its suggested cure—may in the long run prove no less important.

"ECOSOC" seeks to eliminate the basic causes of war. Its recipe for treatment: Do away with economic and social inequalities. Eighteen countries are members of the Council. Canada's two-year term ended Jan. 1, but the Dominion still is a member of five ECOSOC commissions.

One ECOSOC aim has been to help undeveloped countries to help themselves. It wants to send out teams of experts to tell such countries how their production can be increased. But it has been hampered by lack of funds.

Food Handlers Given Advice

First course in food handling was held on Wednesday in the afternoon and evening. More than 100 persons attended the afternoon classes where films on health subjects were shown and a lecture and demonstration were given by W. Nash, chief chemist, Canada Packers.

In his address to the food handlers Mr. Nash made no attempt to get involved in the technicalities of bacteriology but illustrated the principles which applied to good sanitation and safe food handling.

Reference was made to the effectiveness of good refrigeration and the judicious use of it. Cold, he stated, does not kill germs but does keep them under control.

Several tests were undertaken to show how germs were developed. The results will be shown at the class next week. These tests covered several recognized means by which germs are carried.

To illustrate the growth of bacteria, swabs were taken from Dr. Kelly's hands and smeared on a bacteria plate upon which germs can grow. A sample of his cough was also taken and the specimen sealed.

A hair from the head of the sanitary inspector was put on a plate and this will also be examined in a week's time to see the growth of bacteria.

Dr. Kelly, MOH, opened the meeting by explaining the purpose of the course and informed those present that certificates would be presented to those attending both courses.

The first course, together with the films, showed how to prevent the entry of germs into food and the second course will feature soda fountain operation, dishwashing procedures and insect and vermin control.

Next Wednesday the students will see the results of the bacteria experiments and there will be a combined lecture and demonstration by Dr. Kelly and Mr. Nash. Mr. MacPherson will speak on "Some Aspects of Rodent Control, and Mr. Nash on "Air Contamination of Foods".

City Exceeds Power Quota

Peterborough exceeded its power quota Wednesday by 6,000kwh. More electricity was used on the weekly half holiday than on any other day in the recorded list since Dec. 16. The total was 276,000 kilowatt. Nearest to that level was 272,000 Wed. Jan. 12 and 274,000 last Friday.

The figures for this week since Monday were: Mon. 268,000; Tues. 270,000; Wed. 276,000. Unless the average is corrected by today's sunlight, the average for the week will be over the maximum for the first four days. The power week is Mon. to Fri. inclusive.

Many Acquire New Citizenship

SYDNEY, Australia, Jn. 27 — (CP)— Thousands of non-Australians Tuesday acquired Australian citizenship for the first time, in addition to the citizenship of their own countries.

At the same time, all people born in Australia and those who have lived here for the last five years automatically become Australian citizens by Act of Parliament. In addition, they remain or become British subjects.

(A Canadian Press dispatch Tuesday night erroneously said those affected would be come Australian subjects).

Among the non-Australians are thousands of New Zealanders living in Australian who became New Zealand folk under similar legislation Jan. 1 this year. Tuesday they acquired Australian citizenship as well as now may travel on either Australian or New Zealand passports.

British subjects who have not been here five years will have to register if they desire Australian citizenship upon completion of five years' residence. There is no compulsion, however, for anyone to apply for citizenship.

Woman Saves 65 Eskimos With Book, Drugs

TORONTO, Jan. 27 (CP) — A medical handbook, a supply of drugs, and a lot of common sense were all that Mrs. Eunice Tyrer needed to fight an epidemic of mumps among a tribe of 600 Eskimos, 800 miles from the nearest doctor.

Mrs. Tyrer, 32-year-old wife of the Hudson's Bay Company factor at Great Whale river on the east coast of Hudson Bay, was the only white woman in the settlement when the disease struck among the natives.

Before the epidemic was controlled, 100 of the 600 Eskimos had caught the disease and 35 had died. There were 65 saved.

Mrs. Tyrer is now in hospital here, recovering from a series of mastoid operations. She was flown to Timmins, from the lonely outpost for two operations and was brought to Toronto for further treatment.

Despite the loneliness, she misses Great White River. "I hope I can go home next week," she told an interviewer yesterday.

Although life there is sometimes uncomfortable, it had its good points.

Mrs. Tyrer has an Eskimo maid at a salary of $20 a month, and she has a washing machine too. If the wind blows often enough a windmill will charge storage batteries sufficiently to give electric lighting.

Admittedly there are drawbacks. Mail is delivered by plane three times a year, and 50-below-zero winds often whistle about their home, which is not insulated.

BAKER'S DOZEN

The term baker's dozen dates back to early days in England when tradesmen, fearing anti-fraud laws, gave 13 articles to the dozen.

Confident U.S. Will Approve Seaway Plans

OTTAWA, Jan. 27 (CP)—Confidence the United States Congress this year will approve the Canada-United States 1941 agreement for development of the St. Lawrence Seaway and Power project was implied in the speech from the throne read at Wednesdays opening of parliament.

The speech definitely set forth that "you (members) will be asked to approve, subject to the approval of the United States authorities," the agreement concluded in 1941.

This is a partial change of policy but based on a specific reason, a spokesman said. When the 1941 agreement was signed the Canadian government took the attitude that it would not be submitted to parliament until the United States Congress had approved.

On a previous occasion a similar agreement was taken to parliament and finally approved, but the effort was wasted because the treaty was defeated in Congress.

Now, however, the feeling is that if it seems likely, as the session here advances, that Congress will approve the agreement, parliament might be asked to deal with it before prorogation.

Human Guinea Pigs

LONDON, Jan. 27—(Reuters). — Roast beef dyed green, cabbage dyed dark brown, potatoes dyed red and carrots dyed violet were served to four human "guinea pigs" in Britain as an experiment to show the importance of color harmony in the choice of food. "The facial and verbal reactions of all four were quite violent," said Milner Gray, industrial design expert.

Defence College Men To Visit Laboratories

OTTAWA, Jan. 27—(CP)—A group of 21 students from the National Defence College at Kingston will visit laboratories of the National Research Council here Friday, it was announced Wednesday.

The students, who include senior civil servants and officers of the three armed services, will inspect laboratories in the divisions of physics, chemistry and biology, and also the wind tunnels, aerodynamics, structures, aero engine testing, radio and electrical engineering and hydraulics laboratories.

Convict Agent At Cornwall, Gets 3 Months

CORNWALL, Jan. 27 (CP) — Sentence of three months in jail was imposed Wednesday on Milton Nuttall, 38, port agent here for the Canadian Seamen's Union (TLC) convicted of "forcibly seizing and detaining" George Aird, member of crew of the freighter Acadian, during last summer's lake shipping dispute.

The generals session jury deliberated 45 minutes. It recommended leniency.

Crown witnesses said Nuttall ordered 20 CSU men to board the Acadian in the Cornwall canal the night of last June 12 and forcibly take off crew members, Aird among them. Nuttall denied the charges.

The ship is owned by Canada Steamship Lines, one of the four shipping companies which refused to renew contracts with the CSU on grounds that it was Communist-led. The CSU tried unsuccessfully to force the CSL to sign after the company manned its ships with members of the Canadian Lake Seamen's Union.

Judge D. E. Lewis told Nuttall:

"I am convinced that you are an energetic and capable executive and that enthusiasm for your duties carried you beyond the reasonable conduct expected of a representative of your organization. If I were satisfied that this incident was the result of a planned attack on the ship, the sentence would be made more severe."

Want Camp Area As Rink Site

COBOURG, Jan. 27 —(ENS)— The Recreational Centre Committee Wednesday night brought in a final decision in regard to a site, and passed a resolution recommending the site in the tourist camp area in the park. The committee has been working on site problem for over a year and in making their decision last night, it was pointed out that every site had been given careful consideration and that no location other than in the park was suitable for a recreational centre. The resolution is to be forwarded to the town council for approval and the committee pointed out that unless the council approved the location and plans, the committee would bow out of the picture.

Cobourg Wants Full-Time Director For Recreation

COBOURG, Jan. 27—(ENS).—Hiring of a full-time recreational director for the town of Cobourg was discussed at a meeting yesterday attended by Mayor Joe Smith, Reeve Roy Dodge and members of various local organizations. Spokesman for all the groups expressed agreement in principle with the idea of a recreational director and with hiring Robert Cooper of Toronto, Rotary Club lifeguard here for the past two years. Details of financial support from the various organizations was left to a future meeting.

Mayor Joe Smith told the meeting that the purpose of the discussion was to explore the possibilities of getting a full-time recreational director. He said that thanks were due the Rotary Club for securing the services of Robert Cooper in the first place. Outlining the government end of a recreational director set-up, Mayor Smith said the Department of Education would grant one-third of the cost of a recreational director scheme on a cost not exceeding $3,500 a year, leaving the remaining two-thirds to be taken care of by the municipality and interested organizations. Such a director would be available to all sports activities as a co-ordinator of the various sports. The Ski Club, for instance, would like his assistance and would contribute $250 towards the financing of a recreational director. All the sports facilities of the town would be placed at the disposal of a recreational director. The Mayor suggested that W. S. Edwards could perhaps contact Mr. Cooper as to salary and program of activity.

Douglas Tait, president of the Rotary Club, said that the Club had taken over the job of providing a lifeguard at the beach and had hired Mr. Cooper to take charge of it. The Club was not intending to make its support of the beach activity a permanent one but wanted to be assured that the job would be continued. He said that the Club would be willing to contribute $300 to the recreational program, and, if necessary, up to $500. Speaking for the Rugby Club, Mr. Edwards said he favoured the idea of a recreational director but as far as rugby was concerned, much depended on whether there would be a rugby league or not. He said the rugby club would be interested to the extent of $250 or more. Dave Houstan, president of the Kiwanis Club said the Club agreed in principle with the idea but was not prepared to commit itself financially until the members were all consulted. Jack Jordan spoke along similar lines for the Legion. Claude Fowler, president of the Kinsmen and Mrs. Mary Caldwell of the Kinettes, both said their respective groups were in favour of the idea but as to financing, it would depend on the decision of their organizations as to how far they would go.

Mayor Smith pointed out that Cooper was a graduate of the Dept. of Education's physical directors' course and would be a coordinator of sports activity more than a participant as a team member.

Speaking for the local ministerial assocation, Rev. H. Bedford-Jones said that the association was not in a position to assist financially but could make certain facilitie available for the recreational program. Dick Parker of the industrial division of the Chamber of Commerce, and H. O. Taylor, president of the Chamber of Commerce and Miss Christine Reynar, president of the Business and Professional Women's Club also endorsed the idea of a recreational director.

Reeve Roy Dodge, chairman of the finance committee of the town council, said that in his opinion Cooper was an ideal man for the job and got along splendidly with everyone, child or adult. He said that the town council would be glad to co-operate and said that if the plan proved itself, it was not unreasonable to expect that in time, the post of recreational director might be one of the staff of civic employees.

On motion, Mayor Smith, Rev. H. Bedford Jones, W. S. Edwards, H. O. Taylor, Reeve Roy Dodge and Douglas Tait were appointed a committee to interview Mr. Cooper and report back in two weeks.

Court Ruling Asked On Factory Unions

TORONTO, Jan. 27—(CP).—A court ruling will be sought here today on whether the United Steelworkers of America (CIO) is entitled to represent Port Colborne refinery workers in contract negotiations or whether the International Union of Mine, Mill and Smelters Workers (CIO) retains bargaining rights there.

The International Nickel Company signed a collective agreement last June with a local of the Smelters' Union. Then some members of the local broke away from the Smelters' Union and set up a local of the Steelworkers' Union.

The situation was further complicated when the Canadian Congress of Labor this month ordered the Smelters' Union, one of its affiliates, to withdraw from the Port Colborne area to make way for a union organized directly by the CCL. The Smelters' Union refused to withdraw.

Must Have Children To Get Apartment

HAMILTON, Jan. 27—(CP). — This city can boast of an unusual landlord—William Paul Hamilton. He says he isn't happy unless his tenants are couples with families.

Hamilton doesn't even mind if the children or their parents wander into his apartment, one of 28 in the apartment block run by him. His door is usually open and his piano available for musically-inclined tenants.

Veterans with families have first call on empty apartments. Next come veterans without families and third, non-veterans with families. Nobody counted all the children in the block.

Bank Director Dies At Pasadena Home

OSHAWA. Jan. 27.—(CP). — Frederick William Cowan, a director of the Canadian Bank of Commerce since 1928, died today at Pasadena, Calif., aged 82. Word of his death was received by friends here.

Mr. Cowan was a director of the old Standard Bank of Canada when it merged with the Bank of Commerce in 1928. His father, W. F. Cowan, was one of the founders of the Standard Bank and served as its president for 35 years.

A native of Oshawa, Frederick William Cowan attended High school in Oshawa and went to Trinity College school at Port Hope before joining the Ontario Malleable Iron Company here which his father and uncle founded in 1872. He was president of the Iron Company from 1918 to 1922 when it was sold to other interests.

Mr. Cowan's widow survives. She was the former Lily M. McMillan whose father, T. H. McMillan, was general manager of the old Western Bank of Canada.

Five Provinces Supplying Blood Service

No one will forget the magnificent contribution the Canadian Red Cross made to the war effort. Their collection blood from volunteer donors to supply the armed forces with adequate quantities of serum for the treatment of war casualties, saved countless lives. From coast to coast, the people of Canada donated over two million bottles of blood.

Because of the wartime developments in the use of human blood, the need for it for the benefit of civilians was made clear, Mr. G. Roy Sproat, Chairman of the Blood Donor Committee, Ontario Division Red Cross declares.

This service eventually will provide life-saving whole blood free of charge to all hospital patients. The collection and processing of the blood obtained from volunteer donors will be carried out in accordance with recognized technical standards by the Canadian Red Cross Society.

The Transfusion Service is already in operation in British Columbia, Alberta, Nova Scotia, Prince Edward Island and Quebec. It is a big project and Peterborough and district has accepted its responsibility—the rest is up to you—to each and everyone who can donate blood that others may live.

Many industrial plants in Peterborough are registering their own donors and the Red Cross Rooms at the corner of George and Brock Sts. (upstairs) will be open afternoons and evening next week. There registrations will be made of men and women in good health between the ages of 18 and 65.

June Elections?

Speculation now about the timing of the next General Election is not entirely unrewarding. Apart from the guarded statements from members of the Government that the election will be fairly soon, there is reason to believe that it will be as soon as June. Newfoundland will be a constituent part of Canada on April 1st. It will therefore be entitled to membership in the House of Commons. This will require Federal elections in Newfoundland. These may of course take place shortly afterwards, so that in this session of Parliament Newfoundland will have an elected voice. However, the political parties of Newfoundland and the major parties in Canada may not wish to fight elections in April or May only to have to repeat the expenses and performance a few months later. It is logical to expect that all concerned would wish to wait upon an early General Election. Thus the first members sitting for Newfoundland would have four or five years' security of tenure, and would be taking their seats in an entirely new Parliament, the 21st, rather than in the dog-days of the Twentieth, already four years old. We expect that Newfoundland will be busy enough with Provincial elections and multitudinous new Canadian practices in law, commerce and social service, to regret not having separate Federal elections.

* * *

If the General Election is to be early, it is unlikely to be later than the end of June. Mid-summer Federal elections are a rarity in Canada. There has been but one General Election in July or August since 1872—and the voting in that year extended from July 20th to October 12th. An important obstacle to a June election is the amount of business before the House. It may be impossible to clear the decks in time. Nevertheless, if Newfoundland is not to have elected representatives sitting during this session, the business may be cut to a minimum and as many issues as possible may be shelved, to be dealt with by a new Parliament in which Newfoundland would be represented.

Russian Olive Branches

Perhaps it was the Christmas spirit, the resignation of General Marshall, the re-election of President Truman, or the appointment of Mr. Dean Acheson as Secretary of State, or just the drab winter weather which can take the spark out of even Russians; whatever the reason, Uncle Joe's Russia has become more genial to the western world. The Soviet propaganda machine has been mass-producing olive branches in the last several weeks, and shipping them to France, Britain, Italy, even to the United States, with attached labels: "We are peace-minded"; "There is a possibility of a meeting between Stalin and Truman"; "The situation in Berlin is not of our making, but we shall help the west to come to an agreeable settlement which will end the blockade".

As for the causes of this sweetness, it must be observed that General Marshall, who engineered the stiff U.S. anti-communist policy for two years, resigned because of ill-health. The American voters' election of President Truman over Mr. Dewey may not have been an endorsation of businessmen's capitalism but it was not support for a policy of placating Russia. After all, the American policy of "containing" communism wherever it tends to break out has been named the "Truman Doctrine". The appointment of Mr. Acheson does not mean that the U.S. State Department is going soft towards Russia. Mr. Acheson has served under the last two Secretaries of State who devised the rigorous no-appeasement policy. Mr. Truman and Mr. Acheson both say that there will be no basic policy changes regarding communism.

Three firm and experienced responses have been made to the most recent Russian overtures. Mrs. Roosevelt has said that never again would she accept a compromise in the U.N. merely to win Soviet support for something everybody else had agreed on. "The Soviets look on this as evidence of weakness rather than as a gesture of good will". In his inaugural address on Thursday President Truman discussed at length American foreign policy in relation to communism. Communism, he said, is a threat to the world. Canada's Minister of External Affairs warned radio listeners last Thursday evening that they should not be "deceived by those phony olive branches which now seem to be waving here and there in Europe on orders from Moscow. . . .Communism is never so dangerous as when it begins to appease".

These are indications that North Americans at least are not becoming soft-headed about Russia or exhausted by the cold war. Almost the only pleasing thing about Soviet policy is its consistency. Basically it does not change, despite sudden professions of friendly regard. Thus it can be assessed with reasonable accuracy by diplomats, and people who do not wear blinkers and whose hearts are not faint can spy out the barbs hidden in the olive branches.

Is The Topper Done For?

Students of fashion have drawn attention to the fact that Mr. Dean Acheson, the new U.S. Secretary of State, appeared at Mr. Truman's inauguration not in the usual silk hat, but in a black Homburg. Mr. Acheson is a notable dresser and a man of authoritative appearance (the Manchester *Guardian* recently called him "a Velasquez grandee who has submitted with a twinkling eye to his present reincarnation in fine tweeds as a Connecticut Yankee"); does his failure to wear a silk hat on so important an occasion mean that the topper is done for?

If that is the case we shall not weep. The top hat is surely the ugliest of all the strange things that men have worn on their heads through the ages. In Victorian England it was called "the chimney-pot" for the best of reasons; when it was made a beaver, and had a bell top and a rolling brim there was something to be said for it, but the modern black tube, surrounded with a narrow brim, is a nasty, geometrical object, and only men with rather geometrical faces appear to advantage in it. Top hats are wholly unsuited to motor travel, and as they require constant ironing and attention from an expert hatter, they are a nuisance in our day, when personal service is at a very low ebb.

For at least a century men have worn uninteresting hats. There have been occasional revolts against this fashion; about 1930 we recall something called a "Whoopee Hat", which was a small fedora in shades of scarlet, peacock blue and emerald green, but it died young. But at least we have put the ugly topper on the shelf, from which it is taken only upon ceremonial occasions.

Keep Out Of Our Fish Nets, Cousins

We view with stern approval the capture by the Canadian patrol boat Cyngus of the American dragger Araho, off Digby, N.S., on Tuesday. There is little doubt that the Araho was poaching on Canadian preserves. Petitions have been sent to Ottawa recently lodging complaints that American fishing vessels had been stealing into Canadian coastal waters, dragging for lobsters, line-fishing under cover of darkness, and then scuttling at dawn with their catch back beyond the three-mile limit. We do not suggest that the Araho be laid up permanently at Digby or sold by the Government for prize-money as was done to another vessel impounded at Digby for the same sort of offence fifty years ago. But we do think that some penalty should be exacted to teach American fishermen not to fish our fish, despoil our breeding grounds and foul our nets.

In 1775 when the Americans decided to secede from Canada and the Empire, Yankee fishermen lost the right to fish in the coastal waters of the Maritime provinces. If they want to enjoy the right again, the remedy is not to poach, but to petition their State of Maine legislature to withdraw from the American union and request admission to Canada as an eleventh province.

NOTE AND COMMENT

"Mr. Attlee Has Grown In Stature" says a headline. Yes, but as a permanent treatment for short men a Prime Ministership comes dear.

We read that it takes $80,000,000 in Chinese money to buy a suit of clothes. It doesn't cost quite that here, but so long as it is more than you have, what's the difference?

Scientists say that they are at a loss to explain why a hungry man feels hungry, but everyone is agreed that it is a lucky thing that he does. So as to run no risks, quite a few of us have fallen into the habit of taking a little nourishment when we don't feel hungry—just in case.

From The Critic's Notebook

HIGH TOWERS by Thomas B. Costain (McClelland and Stewart, Toronto). Mr. Costain is a very rare bird indeed. He is a professional writer who writes successfully on Canadian themes. Since the Canadian market for books is limited and cautious, he dresses his novels so that they can have American applicability, an American market, and an American as well as Canadian publisher. It seems that Canadian writers must have American publishers before Canadians will recognize that their output has any value or validity. Thus it is that a more imaginative creator, a more intuitive interpreter of things Canadian, like Hugh MacLennan, ensures that his novels are published not only in Canada but in the States, where they receive generous critical acclaim.

It is no disparagement of Thomas Costain's novels to say that they are less interpretative and imaginative than, say MacLennan's latest, "The Precipice". His genre is different. Mr. Costain writes historical novels. His "High Towers" is a story based on the Le Moyne family of Montreal. For his purposes, it is a happy theme. There were ten Le Moyne of Longueuil sons, most of whom achieved glorious death, two or three of whom won fame and fortune and one, Sieur d'Iberville defeated the British in Hudson Bay, almost conquered Newfoundland, and won the mouth of the Mississippi for New France. Another son, Jean-Baptiste, Sieur de Bienville, established the colony of Louisiana and founded New Orleans. This aspect of Costain's latest novel gives it a justifiable American appeal. In the records pertaining to the Le Moynes, the author has few historical facts on which to base his tale. That is at once liberty for a historical novelist and a risk. He must depend on his imagination; more, he must create character and incidents which are authentic to the period and its general history.

In "High Towers" Mr. Costain has met the demands and challenge of his theme. The book shows that the author has an intimate, affectionate and careful knowledge of the costumes, customs and history of the period (the years leading up to 1700) in France, New France, Montreal, New Orleans and Britain. It shows—perhaps of first importance—that the novelist can tell a story. Although the people in the novel tend to be two-dimensional, the story is good. It is a story told by a craftsman, who knows what he has to do, how to do it and can take his reader through 400 pages with mounting interest.

I recommend "High Towers" with enthusiasm. First, it is a good story. Second, it opens a corner of the rich trove of French-Canadian history—a fecund field for a novelist who dares or cares to enter it. Thirdly, it is a book by a Canadian who is a really competent novelist, who has mastered his craft, and does not need apologies because he is a Canadian writer. The book is well printed and bound, and reasonably priced considering its length. T.J.A.

THE INDWELLING CHRIST by the Very Rev. George C. Pidgeon (Clarke, Irwin, Toronto). The fourteen sermons contained in this book are the valediction of Dr. Pidgeon at the close of fifty years active ministry in the Presbyterian and United Churches. It should be a significant book, particularly for Canadians of his own communion, because it is the testament and instruction of one who was an architect of the United Church before union, and the first Moderator of the new church. For his texts and theological guide, Dr. Pidgeon has turned to St. Paul who he says is "the greatest exponent of Christianity according to Christ, supreme in both experience and achievement".

Dr. Pidgeon has managed in 200 pages to explore most of the basic tenets of Protestant Christianity, from "The Human Basis of Spiritual Experience" (Chapter 2) to "The Life Unending" (Chapter 14). He reasons from faith and with a scholarly, lucid mind. The quality and character of his presentation can be illustrated (at the risk of disrupting his thesis) by these quotations from his discussion on the nature of the resurrection body: "Resurrection is not resuscitation. This body is not to be restored". But "Immortality, according to Paul's illustration, involves individuality. If the new life of Christ, developed and cultivated here (on earth), is to carry its gains with it, memory is a necessity and with memory, continuity unbroken between the life in Christ here and hereafter. Surely identity necessitates identification. . . .A deeper issue is this life as a preparation for the eternal, and our knowledge of the person in the process of preparation surely implies recognition when the preparation is complete".

Maturity of thought and conviction are to be expected in these sermons from a man of Dr. Pidgeon's status, years and experience. The vigour and clarity of the presentation, the freshness and modern reference, bespeak a man in the midst of an active ministry, not at the end of it. T.J.A.

THUNDER IN THE MOUNTAINS by Hilda Mary Hooke (Oxford). Mrs. Hooke has retold in this volume a series of Indian legends collected from every part of Canada. These stories are suitable reading for young people, and would probably be enjoyed most by those of junior high school age. Such material should give them a better understanding and more respect for the race we have superseded on this continent.

These tales will be of interest also to those who find in folk legend a key to certain patterns of the human mind in every civilization. The similarity in the legends of widely different cultures, which could not possibly have influenced one another, seems to point to a basic pattern in the collective wisdom of each separate human community of the past; especially as the story forms as well as the embodied truths are very often parallel.

In this collection we enjoyed "The Legend of the Sleeping Giant", which tells how the island which bears that name came to lie in the bay off of Port Arthur; also "Qu'Appelle", an Indian love story explaining the name of that prairie town. There are sixteen legends in all, including Indian versions of the white men's stories. H.T.K.

FOR SUCH A TIME AS THIS, by Robert John Renison (McClelland and Stewart). This book is a collection of Bishop Renison's articles—one might call most of them essays—which have appeared on the editorial pages of the Toronto Globe and Mail. They are timely in that they were written against date-lines and reflect one prominent Christian's attitude to and summation of undertones of these post-war years. Some of the pegs on which the articles are hung are contemporary events: the civil war in China, the return of a regiment to Canada after the war; the Big Three ("Hebrew, Greek and Latin: Would that there were over the English, American and Russian Government buildings the words: 'This is Jesus, the King!' ") As should be expected from a Bishop whose See is Moosonee, and who does in fact not live all the time in Toronto, there are references to certainly knows the waterway. Like myself, I feel there are very few people in Peterborough who realize the vast section of country that is taken in under the management of this system, and the work and management required to give us an Otonabee river, which year in, year out, during the hot dry months of summer, remains at a constant level.

The occasions in the past when we have had such type of entertainment, have been few.

After listening to the talk and seeing the illustrations such as Mr. McGrath gave to us, I feel that if we can look forward to one or two such talks per year, then maybe what we listen to during the balance of the meetings, and the rest of the year can be tolerated in the hopes that a little conservation may be achieved.

Thanking you,
FRANK BARKER.

OBJECTS TO NICHOLSON'S PICTURE

Sir: Do you want your readers to go as mad as the painter whose stuff you reproduced so largely on Tuesday's editorial page? If Ben Nicholson's "Still Life" is art, then I'll side with President Truman and take my art in something that is understandable, or representational or just "pictures".

The writer of the accompanying Third Column said that Nicholson is Britain's "most deeply convinced Abstractionist". What has that to do with the quality and function of art? I used to see a man outside the Ontario Mental Hospital in Kingston who was "deeply convinced" that he was the Emperor of Japan. The point is, he did not convince anybody else of it—and that is why he was at the Mental Hospital. People humoured him, but didn't give him money for any Tokyo mansion he might be selling. A painter to be good must be sincere — but about things in which others can be swayed by his sincerity. That is, a painter must be able to communicate his sincerity, ideas, philosophy, as must any artist. Abstractions like Nicholson's "Still Life" seem to me to be entirely esoteric—below, I do not say beyond, the comprehension of anybody but himself. Therefore his painting has no validity for anybody but himself. Of course, all the world may be mad, except himself, but the weight of the evidence is against him.

The lithograph by John Piper, at the bottom of the page, had some right to appear in public, for an intelligent and sensitive eye could find some meaning in it, and some beauty. It had a starting point in realism or representational portrayal. The columns were columns. If you are going to continue giving us reproductions of paintings, please try to give us something understandable.

Yours etc.,
FOR SENSIBLE ART.

Letters To The Editor

APPRECIATES ARTICLES ON ART

Sir: Permit me to offer my thanks for the excellent articles on Art which you have been publishing for some time and the splendid pictures that go with them. They are an education and inspiration to some of us who are curious about modern art but have little opportunity to see any. I greatly admired the Augustus Johns that were in several weeks ago and tonight (January 25) I was delighted when I opened my paper and saw the Abstrationist picture by Ben Nicholson staring me in the face.

The Examiner's editorial page never fails to have something first-rate on it—the editorials themselves, the book reviews, "Canadian Causerie", Alpha, Samuel Marchbanks and these splendid articles on art. The paper gives us more than the news, for it also gives us something to think about.

Yours sincerely,
A.E.T.

COMMENDS TRENT SYSTEM

Sir: Since making my home in Peterborough over six years ago I have been a member of and a regular attender and supporter of the Peterborough Fish and Game Protective Association.

At the January meeting on Monday night it was a pleasure indeed to listen to one of the most interesting talks of those six years, given on the Trent Canal System, by a man who and verbal illustrations based on our northern territory.

The articles are journalistic in a good sense: short, fluent, opportune, and indicative not only of firm convictions but of an informed intelligence. The author is not a vigilant reformer. When he writes of "Soul Tides and The Social Sea" he says: "The methods of Christ do not suit a five-year plan because Christianity works outward from the heart of man to the social order". A modest purpose of the book is implicit in the last sentence of his introduction to it: "We doubt whether Christianity will ever be acceptable to all but it will remain a moral challenge to the spiritual nature of man". The essays are, however, more scholarly than challenging, more casual than fervent. T.J.A.

Bible Message

(From the Authorized Version)

As the Father hath loved me, so have I loved you: continue ye in my love. If ye keep my commandments, ye shall abide in my love; even as I have kept my Father's commandments, and abide in his love. (John 15: 9, 10.)

* * *

These words spake Jesus, and lifted up his eyes to heaven, and said, Father, the hour is come; glorify thy Son, that thy Son also may glorify thee. . . .I have manifested thy name unto the men which thou gavest me out of the world: thine they were, and thou gavest them me; and they have kept thy word. . . .I pray for them: I pray not for the world, but for them which thou hast given me; for they are thine. . . .Neither pray I for thee alone, but for them also which shall believe on me through their word. . . .

And the glory which thou gavest me I have given them; that they may be one even as we are one: I in them, and thou in me, that they may be made perfect in one; and that the world may know that thou hast sent me, and hast loved them, as thou hast loved me. . .

O righteous Father, the world hath not known thee: but I have known thee, and these have known that thou hast sent me. And I have declared unto them thy name, and will declare it: that the love wherewith thou hast loved me may be in them, and I in them. (John 17: 1, 6, 9, 20, 22, 23, 25, 26.)

Open to me the gates of righteousness: I will go into them, and I will praise the Lord: this gate of the Lord, into which the righteous shall enter. . . .

The stone which the builders refused is become the head stone of the corner. (Ps. 118: 19, 20, 22.)

Writer Believes Joanne Dru Going Places

By BOB THOMAS.

HOLLYWOOD, Jan. 27 (AP)—Here is a name to remember — Joanne Dru.

It is an unusual name and you have probably heard it before. You will be hearing it again. She is going to be a star.

This prediction takes no ouija board on my part. A filmtown reporter can sometimes see star-dom approaching as visible as the Santa Fe Superchief. When good looks and acting ability are combined with a level head and a good agent, it's in the bag, kid.

Joanne's professional talents were long hidden in the shadow of her baritone husband Dick Haymes. That's over now. Last week she filed suit for a divorce.

"My career had nothing to do with our breaking up," she says. "At first Dick did not like the idea of my working. Later he was rather proud."

"Dick and I are both active people, always on the go and highly strung. We were too much alike, I think. That's why we broke up."

Definite Ideas

Joanne, who manages a career as well as three children, has definite ideas about women and working.

"I think women should work," she remarked. "They should either have an active interest in a job or else make a real career of being a hostess and running a home. She should pick either course according to her personality.

"If a woman talks only about kitchen and babies when her husband comes home at night, she will soon bore him. He has much wider horizons."

Only one thing concerned her about being a career woman—her children. But that seems to be working out all right. When she left on a location trip recently, she told her kids she was sorry to go. "Don't be silly," said her four-year-old girl. "I am proud of you."

"You bring your children more when you are alive mentally," Joanne reasons. "And I think they become more independent personalities if they are not tied to apron strings."

That's Joanne Dru. Remember the name.

Unpopularity Of Police Service In Great Britain, Worrying Ede

By JAMES McCOOK

LONDON, Jan. 27 (CP).—England's most reliable men, the blue-clad police, cause Home Secretary Ede nearly as much anxiety as do criminals. The police service has lost its appeal for young men and at a time when crime is on the increase the Home Secretary find it difficult to maintain its strength, apart from increasing the establishment.

This year the number was brought up to 54,746, still 6,600 fewer than before thewar and 13,234 less than the desired establishment of 67,980.

The shortage tends t be greatest in the large cities. Vigorous recruiting campaigns have not been as successful as authorities hoped. Last year the net intake after allowing the current wastage, was 3,000, and at this rate it would take four or five years to complete the establishment.

High Standards

Authorities said one reason for the limited number of new men was the continued high standards policemen must meet. Of 11,500 who offered themselves for the London Metropolitan Police force in the last two years only 3,700, one-third, were suitable.

Even more depressing than the limited number suitable was the recruits' reaction after acceptance. Of men taken onto the Metropolitan force in 1946, no no fewer than 27.3 per cent had left by the end of 1947.

Examination of police complaints have brought them down to two main problems—pay and accommodation.

Study Pay

Police officers set forth that if the job is arduous and requires a superior type of man then, especially in a time of full employment, the pay must be sufficiently attractive. A committee has been appointed to examine pay scales.

The constable's pay is no better than that of an ordinary workman. He receives 105s ($21) weekly on appointment and after the second year annual increments raise the weekly income to a maximum of 132s after 10 years, plus two long-service increments, making £7 in all. In addition he receives a free house, or 35s weekly rent allowance, and 12s 6d plain clothes and boots allowances.

In rural districts the policeman usually is provided with a house but in the city he has been forced to take his chances in a competitive market where his 35s allowance doesn't go far. He cannot be content with accommodation an industrial worker might accept because he feels his office requires a degree of dignity.

Inside and outside Parliament praise is given the understaffed police forces which keep the King's peace but Ede now faces the possibility of a breakdown in the service unless more men are attracted to it.

Active In Liberal Ranks

ST. BONIFACE, Man., Jan. 27—(CP)—John Caswell Davis, appointed Wednesday to the Senate, long has been active in Liberal ranks in Manitoba. Head of an engineering firm bearing his name, he was president of the Manitoba Liberal Association from 1928 to 1936. Now 60, he was born in Montreal and received his education there. He attended McGill University and the University of Montreal and is president of the Winnipeg branch of the McGill Graduates Society.

Preparing For War

LONDON, Jan. 27—(AP)—Gregory Tokaev, refugee Russian who said he was a Lieutenant-Colonel of the Soviet staff in Berlin, declared Wednesday night Russia is preparing for war. He spoke at a forum of the British Institute of Political Research, an organization for study of International problems.

RUSSIA HAS SET UP ITS OWN "MARSHALL PLAN" with the six satellite countries shown in cross-hatching on map. This announcement was made by Tass, official Soviet news agency. Russia and six Balkan states will pool resources and "know how" in periodic meetings in the various capitals. Yugoslavia, "excommunicated" from the Soviet bloc last June, was pointedly excluded from the deal. Diagonal shading shows other satellite nations and Soviet occupation zones.

Legions Capture Fifth One Defeating Meteors, 8 to 5.

By FRED MAYBEE

Four goals scored in the first 10 minutes of last night's Senior "B" hockey struggle at Civic Arena stood Ned Vitarelli's Legion squad in good stead as they met a short-handed but determined Toronto Meteors team in a regular OHA fixture before a fair mid-week crowd and Legion won out 8-5.

The visitors recovered well after a bad start to make a pretty fair game of it and outplayed Legion in the third period. However, the issue was never in doubt as the Vitarelli crew took the early lead and held it by dint of good hard work and sound hockey strategy throughout to rack up their fifth straight win of the season.

Bob Parnell opened the scoring as he took a neat pass from Ned Vitarelli when the latter circled around Sadler at the five-minute mark and flipped to his mate, who made no mistake from close in. Stewart from Hill two minutes later added to the margin and as Bob Greenlaw and Crowley combined for two more quick ones just at the 10-minute mark, the game seemed to be turning into a rout. Meteors settled down nicely, however, and Robertson clicked at the 110.40 mark, with no further scoring in the first—a clean period.

Bob Scores

Bob Greenlaw blazed a sizzler past Cleary at 2.25 in the second from 25 feet out as the teams changed ends, and Veigel came back for the visitors four minutes later to score as Gordie De Laat (the golfer) fed him a lovely pass to fool Nicholls. Two more were exchanged eight minutes later as the Mortimer one from Dootch Vitarelli was equalled by De Laat from Robertson. The teams turned on the heat and fought nip and tuck going both ways to the delight of the fans. "Sixty" Coombs scored one at the 16-minute mark from Hill and fed Rochetta a nice pass as the latter rifled a hot angle drive into the corner of the twine at 17.17 to end the Legion scoring. Referee John Heard handed out six penalties in this session as play roughened up considerably and tempers flared.

The pace grew hot with some fine hockey too in the second and third periods. The only serious injury in the game was a badly cut eye to Bob Valier in the second, requiring several stiches—an accidental clip from a rival stick. Valier returned in the third despite a closed right eye, and turned in a fine game.

Got a Pair

Meteors scored two in the final period, De Laat and Robertson, both assisted by Campbell, while the locals were unable to dent the mesh in the fastest period of the game. Legion held their scoring margin safe despite the best the visitors could do in the third.

Johnny Godfrey and Ned Vitarelli both turned in a fine game on defence for the locals, with the former zigging only once when he might have zagged on De Laat's second period goal. However, the big boy played a whale of a game to prove a tower of strength behind the line, while Coach Vitarelli worked hard throughout. Mortimer and Burns gave the veterans effective relief. Up front Bob Greenlaw, Dootch Vitarelli, Rochetta, Crowley, Parnell, Hill, Coombs, Stewart and H. Greenlaw all looked very good. Bob Greenlaw garnered two goals and one assist to lead his team in the scoring department, while Crowley had one and one.

For Meteors, De Laat with two goals and one assist, led the scorers, while Valier, Robertson, Veigel and Campbell also shone in a losing cause. Nine Meteors dressed for Bill Thoms' squad. Thoms was absent but Hank Goldup, former Leaf and Ranger star, accompanied the Toronto boys, who incidently arrived about half an hour late for the game.

Meteors: Goal, Cleary; defence, Sadler and Campbell; centre, Bell; wings, Valier and Robertson; alternates: Turcott, Veigel, De Laat.

Legion: Goal, Nicholls; defence, Godfrey and N. Vitarelli; centre, Rochetta; wings, Greenlaw and Crowley; alternates: Mortimer, Burns, Parnell, H. Greenlaw, D. Vitarelli, B. Hill, Stewart, and Coombs.

Referee, J. Heard; linesman, P Calladine.

Report DiMaggio Turns Down $10,000 Raise

NEW YORK, Jan. 27—(AP)—Joe DiMaggio was reported today to have turned down a $10,000 raise from New York Yankees and to be seeking a contract that would make him the highest-paid player in baseball history.

Friends mentioned sums like $90,000 and $100,000, but no figures came from the principals.

Following a salary conference Wednesday with Yankee officials, DiMaggio said only:

"The Yankees made me an offer. I made no counter-offer. My understanding is that after a few days they will call me up and we will have another session. Until then I am not going to say whether it will be a quick or a delayed signing."

The contract offered DiMaggio is reported to call for $65,000 in basic salary, compared to $55,0000 a year ago, and a bonus if the Yank' home attendance exceeds 1,500,000. Last year the Yanks drew 2,400,000 and DiMaggio drew a $15,000 bonus, making his aggregate pay for 1948 $70,000

Doesn't Like Bonus

Joltin' Joe was represented as opposed to the bonus arrangement this year.

In Cleveland, meanwhile, president Bill Veeck of the World Champion Cleveland Indians has met with rebuffs in attempting to sign four of his key players.

Third baseman Ken Keltner and fireball hurler Bob Feller are the latest to shy away. Others objecting to terms are pitchers Gene Bearden and Bob Lemon, who with Detroit's Hal Newhouser were the only 20-game winners in the American League last season.

Feller and Veeck conferred for an hour and a half Wednesday, but were unable to agree on a bonus clause based on home attendance. The two plan to meet again Feb. 6 in New York.

Bombers Leading YM Lasses' Loop

The Y's Menettes were the only team in the YWCA Senior Ladies Bowling League to take three points, defeating Commandos 3-0. Bombers, Tigers and Hurricanes won 2-1 decisions from Glengarrys, Corvettes and Lucky Strikes.

Thelma Grierson had high three with 789 and Gladys Pinch rolled 677. High single honors went to Irene Dalliday with a neat 312.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Basketball will be back on two fronts this week-end here, girls' and men's cage games being lined up. Tomorrow eve at 8.15 in the YWCA, CGE are slated to meet Nurses, followed by a tussle betwixt Lockeys and Neill's. Both should be interesting league fixtures and rate a crowd. Their schedule runs till early in March, followed by playoffs. Hy Smith is working on lining up a good team for LOBA competition, and maybe a junior squad as well as an intermediate one. Cobourg males are scheduled to tangle with the local Marines "B" bunch Saturday evening in the Collegiate gym, a Lakeshore League cage number. Likely the Marines "A" team will be in action, too, but we haven't heard their opponents' game at this writing.

* * * * * *

PMHA goes again tonight with these games at six: Trojan buntams vs. Marines at Civic Arena, and St. Peter's bantams vs. Northend at Riverside; Clapper's midgets mix with St. Peter's at seven down south; no midget game over east; on the latter rink at eight, St. Peter's juves tackle East City, while Northend juvenlies take on the Legion Trojans at eight in the arena. They're starting playdowns next Tuesday. CGE and Marines are slated to go at nine in Civic Arena in the Industrial Loop, followed by Lock Co. vs. Canoe Co. Tomorrow in Millbrook, it's Westelox vs. Quakers, and Nashua vs. Millbrook.

Don Gets An Invite

Don McRae, who stopped here last summer, and then flitted in the fall to Sydney Millionaires—he was a junior puck ace out west previously—has been invited to another tryout by Toronto Maple Leafs. The desperate Leafs are looking ahead and have invited several outstanding amateurs for a trial to "get them ready in case the situation arose where we could use them", to quote Hap Day. Don had a tryout in the early autumn but announced he would stick with his job here and not put the emphasis on hockey any longer. However, he changed his mind shortly and went down east where amateurs are paid quite well, indeed.

Toronto Meteors meet the Petes at nine Friday night in the Civic Arena, an OHA senior "B" scheduled contest. As Legion goes to Markham. The Meteors will be hustling plenty in an effort to avenge their recent loss to the men o' McGillis on Lindsay ice, and on a fast surface here, these two speedy and smart-passing teams—who play it pretty cleanly, too—should dish up a tasty hockey dish for a large crowd. The Petes have been improving right along, besides adding Drake Jopling to their defence, so it promises to be a close and keenly-contested joust.

* * * * * *

Legions Get Another

Legionnaires broke fast and hard last p.m. at Civic Arena to rap in four early goals. These came in handy later as Toronto Meteors—though shorthanded—kept fighting back and finally scored five goals, but they lost 8-5. Had a scoring edge in the third, at that, but Legion generally looked better. Some of the Meteors couldn't get away on a Wednesday night and that's why there had been talk of a postponement, but Hank Goldup dug up enough to make it a game—even if it was late starting. Bob Greenlaw led the locals with three sniping points, and his buddies went okay, also. Godfrey and Ned were solid as usual on defence, while DeLatt and Veigel stood out for the Meteors. A fair-sized crowd on deck.

* * * * * *

Hockey around about the district coming up. Rural Loop tilts in Norwood: Havelock vs. Warsaw, and Norwood vs. Keene. Industrial League games in Civic Arena tonight and in Millbrook on the morrow. TVL tussles tomorrow: Marmora at Norwood, Frankford at Madoc, Lakefield at Tweed, and Hastings at Warkworth. The unbeaten Lakefield juves at home last night had Cannington licked 9-3 late in the third when the Cannington coach got peeved at a penalty and raised so much cain he was ordered off—so he took his team with him, which is bad business.

McCready The Winner

Earl McCready took the deciding fall over Fred Atkins in the main mat bout at the Brock last eve. Got back into the ring in time to beat the count after both had slugged outside. No one was hurt, though it seemed so for a time, as Atkins was knocked into the first row of fans. The pair staged a hard ring battle, with the Australian roughing it up more, and McCready finally retaliating. Each had one fall—Atkins via rope leverage—before the sudden ending. Big John Katan won the semi-final from popular Tom Collins and the good-sized crowd didn't think much of the decision, nor of Referee Ernie Powers. A fine prelim saw Pat Flanagan beat Tiger Joe Marsh.

20 Penalties At Windsor Spitfires Win

By The Canadian Press.

Windsor Spitfires took sole possession of first place in the Ontario Hockey Association Junior A League Wednesday night after a week-long see-saw battle with the potent Barrie Flyers.

Jimmy Skinner's squad ran their point total to 51 as they came from behind to defeat Toronto St. Michael's College 3-6 in Windsor. The win gave Windsor a two-point margin over Barrie.

In other Junior A games Wednesday night, Oshawa Generals moved into a third-place tie by beating Galt Rockets 6-2 and the seventh-place Toronto Marlboros downed Stratford Kroehlers 5-1.

In the Senior A loop Toronto Marlboros go into first place by drubbing the last-place Stratford Indians 8-0 and Hamilton Tigers bested Owen Sound Mercurys 9-3.

The Spitfires drove from behind a 2-1 first-period margin to take a 4-3 lead in the second period and outscore the Majors 4-3 in the last frame.

Delayed By Penalties

Delayed repeatedly by penalties—20 of them including four majors and two misconducts—and a leg injury to Toronto netminded Tom Shea, the Windsor game required almost three hours to complete.

Shea was removed from the ice on a stretcher after he was knocked down in a third-period scramble around the goalmouth. He returned after receiving first-aid.

Glen Skov, Johnny Wilson and Bruce Giesebrecht paced Windsor with two goals each, while McKay and Bruce Giesebrecht notched one apiece. Con Bonhow me scored twice for the Irish and Ray Corcoran, Don Rope, Tim Horton and Gord Hannigan got the others.

The Generals drove from behind a 1-0 first period margin to score five unanswered goals in the second frame, and then split two goals in the third.

Two brief scraps in the third period resulted in four major penalties. They went to Ron Bell and George Ford of Galt and Gerry Scott and Red Sullivan of Oshawa.

Dick Burton and Ted O'Connor got two for the Generals, while Dick Gamble and Red Stephen followed with one each. Bronco Horvath and Ken Green scored for the Rockets.

Get Early Lead

The Dukes grabbed an early lead in the first period and were never headed. They outscored the Kroehlers 2-1 in the second and 2-0 in the third.

Four goals in the second period gave the Tigers a 4-3 lead as they drove from behind a 2-0 first-period margin.

Polly Miocinovich and Murray Comfort knocked in two goals apiece for the Tigers, and Laurent, Tommy Smelle, Johnny Conick, Bill Naylor, and Hal Cooper got the others. Pat McReavy, Al Forslund, and Doug Gillespie were the Owen Sound marksmen.

Pudgy Howie Harvey racked up his fourth shutout in 29 games as the Dukes drove into a 1-0 lead in the first period, made it 3-0 by the end of the second, and then counted five unanswered goals in the third. The win gave the Dukes 48 points—two ahead of the second-place Kitchener-Waterloo Flying Dutchmen.

Al Buchanan scored twice for Toronto. One goal each were bagged by Bobby Robertson, Flash Hollett, Alex Davidson, Johnny McCormack, Johnny McLellan, and Scotty Mair.

McCready Gets Main Bout Over Atkins In Hot Scrap

Taking two out of three falls in the main pro mat bout at the Brock Arena last night, Earl McCready, 239-pounder, won the scrap against 250-pound Fred Atkins. He got back in the ring in time to beat the count after both had slugged away outside the ropes in a hot go, with Atkins knocked into the first row of seats. A fan apparently was hurt but it was learned later that no damage was done. Atkins protested that he had been interfered with and so didn't climb back in time. The fall came in 12 minutes.

McCready also took the second fall in just four and a half minutes when Referee Ernie Powers disqualified Atkins for using the ropes for leverage to apply his "Kangaroo Klamp." Fred was using the ropes to keep the powerful Earl from straightening his legs and shaking the hold. Atkins used a punishing armlock at times and both swung hard elbow smashes frequently.

Used Ropes

Atkins took the first fall in 17 minutes with his "Klamp" and he got away with leaning on the ropes for it. He had a number of followers but as he played it rougher, Earl finally was drawing most of the applause. They were too hard, experienced wrestlers with plenty of power and Ernie Powers appeared powerless to pull Atkins off when he had Earl on the ropes. They showed some smart wrestling but later got rougher and shook the ring with tremendous elbow smashes and the odd fist as the crowd kept up an uproar practically all through.

Burly John Katan, at 240, won the semi-final bout in 23 minutes from Irish Tom Collins, scaling 226, when the referee stopped it to save Collins further punishment. Tom, who had been more than off-setting Katan's usual villainous tactics with a fine display—including fists when angry—missed a drop kick against the ropes. He had downed Katan with one but the wily John shifted on the next attempt and Tom landed hard off the ropes to suffer a groin strain. Katan brutally beat him up then and, even after the bout was stopped, he kicked his fallen foe several times as the fans yelled angrily. It was a lively fray while it lasted.

Pat Too Good

Pat Flanagan, weighing 223, put on his usual scrappy display in the prelim to win in 24 minutes with a series of tackles and a top spread. He was in against Tiger Joe Marsh, 232, and the latter roughed it up plenty at times. He used wrist tape to advantage till finally checked by his nibs. Joe knew all the tricks but Pat was fast and full of fight, and the crowd loved the hot action, making a lot of noise from start to finish. Pat eventually caught up with Marsh to slam him into the ropes with a series of fast, hard tackles. Tiger Joe staggered back off the hemp once and fell, with Flanagan immediately jumping his frame to pin him for a popular win.

Rockets Down Cleveand 9-5

By The Canadian Press.

Cleveland Barons, although on the short end of a 9-5 count against Philadelphia Rockets Wednesday night, still are perched atop the western division of the American Hockey League by a single point today.

The victory moved the Rockets to within six points of the eastern's fourth-place New Haven Ramblers.

Player-coach Kenny Kilrea and Chuck Kraiger led the Rockets attack with two goals each. Other Philly goal-getters were Johnny Mahaffy, Harry Pidhirny, Phil Hergensheimer, Larry Archambault and Steve Wochy.

Pete Peswick led the Barons with a pair of goals while Roy Kelly, Ken Schultz and Church Russell each tallied once.

Pittsburgh moved into a third-place tie with the idle Indianapolis Reds as a result of a 9-1 victory over Washington Lions

Windsor Loses 4 Football Men

WINDSOR, Jan. 27 — (CP)— Close on the heels of Freddie Thomas' announcement that he may play with the Toronto Argonauts this year is word that four other local footballers are also expected to depart.

Gerry Dawson, a member of the Ottawa Rough Riders last yea., expects he will perform in the Interprovincial Rugby Football Union again this season, playing under a contract similar to that of 1948.

Steve Chamko, who left the Ontario Rugby Football Union Windsor Rockets for Montreal Alouettes last year, says he expects to return to the Quebec city this fall.

Johnny Dengal, star backfielder with the Rockets last year, said Ottawa Rough Riders have already sent him a "feeler." He is not committing himself, pending the outcome of another deal —he expects to get a tryout with the Detroit Lions of the National Professional Football League.

Alex Carson, who left the Windsor Rockets in 1947 to take a fling at semi-pro ball in the Southern States, is the third Windsor man headed for the Rough Riders. He said he has received a "good" offer, and unless something better comes along, he will also hit the road for Canada's Capital.

BUILD THREE TRACKS

Three members of the Pennsylvania Legislature proposed Wednesday to turn legalized pari-mutuel betting in the State into a $500,000,000 war veterans bonus.

The idea is to build three race tracks in the State to halt the drain of an estimated $350,000,000 in Pennsylvania betting money each year to out-of-state tracks.

WIDE-EYED 12-year-old Freeman Henry of Montreal, was the proudest boy in that city when he was publicly congratulated by Police Director Albert Langlois, MBE, on his part in the capture of a thief who had pleaded guilty to eight charges of stealing eight family allowances cheques from mail boxes. A member of the Montreal Police Juvenile Club, young Henry, accompanied by his mother and two friends who helped in having the thief arrested, was the recipient of a brand new pair of skates and a hockey stick from the Police Department. The boys are, from left to right, Pierre Toussaint 13, Freeman Henry 12, and Claude Riopel 15. Affectionately congratulating the boys are Director Langlois and Capt. Detective Ovila Pelletier, head of Juvenile Delinquency Prevention Bureau.

Campbell Says Refereeing Good

BOSTON, Jan. 27 (AP)—President Clarence Campbell of the National Hockey League insists the standard of refereeing in the circuit is the best he has seen in years.

In a conference with hockey writers before Wednesday night's game in which Toronto Maple Leafs defeated Boston Bruins 3-1, Campbell defended the loop's officials against printed criticism that the referees were allowing too much rough hockey.

"It's the men on the benches, managers and coaches, who set the style of play, not the officials," he stated.

He denied that there had been intimidation by members of the league's board of governors entering the officials' quarters to criticize.

"I dont believe there is any intimidation,' he said. "I have had no complaints that any governor or any other club official entered the officials' rooms without permission, as rules specify."

The standard of refereeing was the highest he has seen in years, although "there are some inconsistencies because we are trying out new officials."

Hockey's Big Seven

By The Canadian Press

The National League's leading scorers had a lean night although all teams were in action Wednesday night. Sid Abel of Detroit was the only marksmen in the select circle to collect a point. He garnered an assist to move into a third-place tie with Montreal's Bill Reay. Chicago's one-two punch of Doug Bentley and Roy Conacher still set the pace with 45 points apiece.

The leaders:	G	A	Pts
D. Bentley, Chicago	16	29	45
R. Conacher, Chicago	17	28	45
Abel, Detroit	19	18	37
Reay, Montreal	18	19	37
J. Conacher, Chicago	16	17	33
Warwick, Boston	18	13	31
Carveth, Montreal	10	21	31

Rangers Dump Detroit 5-1 Bruins Bow To Leafs 3-1

By The Canadian Press

It was a bad night for the home teams in the National Hockey League Wednesday night as all three host clubs came out on the short end of the score.

The upstart New York Rangers dumped the pace-setting Detroit Red Wings in their own Bailiwick while Toronto Maple Leafs handed Boston Bruins a 3-1 setback in Beantown and Montreal Canadiens edged Chicago Black Hawks 3-2 in the Windy City.

Coupled with Boston's defeat, the victory boosted Montreal into a second-place tie with the Bruins while the Leafs took over fourth spot from the Black Hawks by a point.

The loss was Detroit's first in eight starts, and it marked the first victory for Rangers on Olympia ice since Christmas, 1947.

Two Stand Out

Two players stood out in the New York triumph, centre Buddy O'Connor and goalie Chuck Rayner. Irish Buddy, who has been climbing up the scoring ladder at a steady rate since his return to action, scored once and made the plays for two other New York markers, while Rayner was whizbang in the New York cage, kicking out 37 shots, 20 of them in the final frame.

After defenceman Bill Quackenbush opened the scoring for Detroit at the eight-minute mark of the initial period, it was strictly a Ranger show in a scoring way. Jackie Gordon, Don Raleigh, O'Connor, Penti Lund and Tony Leswick all planted the puck behind Lumley.

Gravelle Big Man

Leo Gravelle was the big man in the Canadiens victory over the slumping Black Hawks. He fired one goal and set up another counter. Maurice Richard and Gerry Plamondon scored the other goals. Gus Bodnar and Ralph Natiress were the Chicago marksmen.

Jack Gelineau, 24-year-old netminder signed Tuesday from McGill University's senior club, looked good in his pro debut in the Boston cage, but the Leafs had a hot night and plastered a 3-1 defeat on the Bruins.

Gelineau was the third goaler Boston has used in as many games since regular netminder Frank Brimsek was called home to Eveleth, Minn., by the fatal illness of his young son.

The Leafs scored once in each period, with Joe Klukay providing the clincher 20 seconds after Woody Dumart had spoiled Broda's shutout hopes.

Johnny Peirson's miscue led to Klukay's score. Peirson's pass inside the Boston blueline was incepted by Klukay who blasted a 20-footer past Gelineau. Vic Lynn and Harry Taylor snared the other Toronto tallies.

Peterborough Horse Threat To Hanover

TORONTO, Jan. 27 —Goodwill Farms of Maple scored in the feature race at Dufferin Park Wednesday afternoon with their Gus Hanover, winning in straight heats. Guided by Cliff Chapman, the Hanover stallion had to be on his best behavior as he was hard pressed to win each heat. Parsons, owned by H. J. Davis of Peterborough and driven by Vic Lutman was closing very fast in the final heat.

After a long lay-off, Silent Joe, from the stables of A. J. McKinley of Oshawa, driven by H. McKinley, came back to the races and scored a heat-win in the final dash of the day, after being a very fast closing third in the initial dash of this contest.

Keene Wins, 7 to 1 Against Havelock

NORWOOD, Jan. 27—(ENS)—Keene beat Havelock 7-1 in Norwood Arena Tuesday night. Renwick and Hill were both good in goal. The Havelock team are better organized, and had more players in reserve. Keene was at full strength.

Line-up:

Keene—Goal, Musgrave; defence, Robertson, Doughty; centre, Ted McCarthy; wings, B. Thompson, J. Houle; alternates, Anderson, W. Thompson, Adamson, Mackness, Kemp, B. Kumpf, Conlin, Hawkes, Whalen.

Havelock—Goal, Hill; defence, G. Milne, J. Hermans; centre, J. McMillan; wings, S. Wright, B. Cosgrove; alternates, G. Elliott, A. Smith, J. Brown, W. Seeney, F. Fleming, H. Dafoe.

Referee—H. Morrison; linesman, B. Goodfellow.

Summary:

First Period:

Keene—Robertsoon, 2.00.

Cannington Coach Orders Squad Off

LAKEFIELD, Jan. 27—(ENS)—Lakefield juveniles remained undefeated here last night when they won from Cannington 9-3, though the game may go as a default for Lakefield. The Cannington manager was ordered out by the referee with seven minutes to go in the third period for arguing too strenuously, and he promptly called his team off the ice, too. It was a poor finish to a good game before a good-sized crowd. Lakefield had drawn most of the penalties and were playing much better. The game was well handled all the way.

Hunter, Coons and Fawcett scored in the first for the homesters with Hunter having one assist. Nicholson and McFadden counted for the visitors. Sloan, Morrison and Hunter tallied in the second, Hockaday aiding on one, while McKay got the last marker for Cannington. Hockaday got two and Morrison a goal and an assist in the third. Lakefield drew 10 of the 15 penalties. Teams:

Cannington: Goal, Josephson; defence, Switzer and Kelly; centre, McKay; wings, Williams and McFadden; alternates, Grills, Drinkwater, Nicholson, Shir and Walter.

Lakefield: Goal, Don Wasson; defence, Dean Wasson and Dracup; centre, Fawcett; wings, Hunter and Sloan; alternates, Morrison, Hockaday, Calberry, Coons, Hamblyn, Geraldi, Montgomery and Blake.

Referee, Bell; linesman, Shaw.

Last Night's Stars

By The Canadian Press.

Buddy O'Connor, New York pivotman who scored once and made the plays for two other goals as Rangers upset Detroit 5-1.

Chuck Rayner, New York goalie who was right on the beam in blocking 37 Red Wing shots, 20 of them in the final period.

Leo Gravelle, Montreal winger who fired one counter and helped on another tally as Canadiens edged Chicago 3-2.

Harry Taylor, Toronto rookie forward who collected a goal and an assist as Leafs whipped Boston 3-1.

Church Teams Tie

In a peewee Church Hockey League scheduled fixture Tuesday evening at the King Edward Park rink, All Saints and St. George's battled it out to a 3-3 draw. The teams were quite evenly matched and turned in a good effort, fighting hard to break the deadlock toward the finish of a good, clean contest. The St. George's team scorers were not listed, but Peter Carveth and Bill Chamberlain each had a goal and an assist for the All Saints' squad, with John Buott notching the other counter unassisted.

HOW TO RELIEVE
PILE TORTURE
QUICKLY AND EASILY

If you are troubled with itching piles or rectal soreness do not delay treatment and run the risk of letting this condition become chronic. Any itching or soreness or painful passage of stool is nature's warning and proper treatment should be secured at once.

For this purpose get a package of Hem-Roid from any druggist and use as directed. This formula which is used internally is a small, easy to take tablet, will quickly relieve the sore tender spots. Hem-Roid is pleasant to use, is highly recommended and it seems the height of folly for any one to risk a painful and chronic pile condition when such a fine remedy may be had at such a small cost.

If you try Hem-Roid and are not entirely pleased with the results, your druggist will gladly return your money.

WASHINGTON, Jan. 27—(AP)—The Federal Communications Commission Wednesday authorized new "emergency" increases in international communications rates to numerous points throughout the world.

Signs Indicate An Early Federal Election

By JOHN LEBLANC.

OTTAWA, Jan. 27 — (CP). — As far as you can see from the street, the political weathervane seems to be veering inexorably in the direction of an early Federal election.

Developments of the last few days indicate that the government has ash-canned any thought of a 1950 election, and there is talk now of a call on the electors as early as June.

In fact, there is a mere suggestion—nothing more—in Wednesday's Speech from the Throne that the government may actually be figuring on the possibility of getting plunged into a general contest even before this newly-launched session of Parliament has run its course.

That was the hint, in almost the last paragraph of the speech, that this year's budget would lower taxes.

Normally, the government never holds out such an enticement in the Throne Speech. And that holds doubly true for a government such as this one, which has committed itself to the idea of high taxation in times of high earnings.

The apparent shift in sentiment was immediately seized on as suggesting the government was taking out insurance against the possibility of being forced into an early election through a defeat on a major issue in the Commons.

Interesting Tie-up

In Prime Minister St. Laurent's speech Tuesday night to a National Liberal Federation he told party workers to get set for an election in "the not-too-distant future."

That in itself would not be too significant except that the immediately-following Throne Speech was loaded with good vote-gathering material.

There was a forecast of a broadened scope of family allowances, which will appeal to a wide field of voters; another of progressive removal of restrictions, calculated to spread happiness generally, more housing, help for a transcontinental highway, and other measures.

At the same time, the forecast appointment of a Royal Commission on a variety of matters in and around the cultural field will serve to take some heat off the government as regards radio and television.

Some politicians suggest June, for a snap election at the end of the session. However, a larger body of sentiment inclines to a later date, to give the intended tax reductions a chance to take hold with the electorate. In that case, October would be the likely month.

Lloyd Guilty Received Stolen Motor

Donald Lloyd of Toronto was found guilty Wednesday afternoon of a charge of receiving a stolen outboard motor. He was remanded for sentence until today, when evidence in a similar second charge is being heard. Lloyd is being tried before County Judge Sheldon L. Smoke.

Evidence was that the motor had been stolen from a Lakefield boathouse in July, 1948. The following day, Lloyd allegedly sold it to a service station attendant in Toronto for $100. It was found by investigating police at the home of the attendant.

In his own defence, Lloyd testified that he had been in northern Ontario on the day of the offence charged. George Max, a Toronto car buyer, also swore that he had been with Lloyd on the day in question in Timmins.

Judge Smoke said that he accepted the crown evidence of the sale of the motor by Lloyd and disbelieved evidence of both the accused and Max.

Play Shanghai Wins Top Place At Festival

CHARLOTTETOWN, Jan. 27—(CP)—The play Shanghai, directed by Sidney Jeffrey won first place Wednesday night in the Prince Edward Island sub-region drama festival. It won over two others, Barretts of Wimpole Street and the Old Lady Shows her Medals, both presented by Charlottetown players.

Regional adjudicator for the Dominion Drama Festival, Robert Speaight of London, chose Miss Gynneth Patterson as the best woman performer and Leith Sweeney as the best male actor. Miss Patterson had the roll of Henrietta Moulton Barrett in the Barrets of Wimpole Street while Mr. Sweeney was Robert Browning in the same play.

Shanghai will now be played in competition with Nova Scotia and New Brunswick plays for a Maritime regional winner.

Beaver Season To Open Feb. 1

A quarterly report for the Trent District was issued this week by District Forester A. B. Wheatley, Department of Lands and Forests, Lindsay.

The first fishing which will be enjoyed is for speckled trout on May 1. Fishing through the ice is not allowed in the Counties of Northumberland. Durham, Peterborough and Victoria.

Except for a closed beaver-trapping season on all Crown Lands, an open season, for which trappers must have a special beaver license, may be enjoyed on private lands by the owner or his agent, only. In such areas where beaver are causing damage to private property by flooding, or are short of food, trapping may commence on February 1. All pelts so taken will be sealed by the Game Overseer before they may be sold. In places where beaver are not causing damage on private property, a quota will be set by the resident Game Overseer of one beaver per occupied house.

Teams Lining Up For Broom Battle

Preparations are under way for the intended broom ball game between Trojan executive members and Trojan PMHA midgets at Turner Park, Saturday at 7.00 p.m.

Jack Creighton, a charter member of the club, will coach the executive team. His probable line-up will be: Goal, Hank Dunn of the famous Dunn family his defense or his point and cover point will likely be "Li'l Arthur Pagett and "Herbie" Herbison; centre (for strength down the middle) he will use "Pat" Lundy of the Red Wings (Trojan); for wings "Sailor Boy" Jennings and "Cognawaga" Johnny Wilson. His subs are "Tommy" Church, "Long Lloyd" Long; Geo. Masters, "Cack" Pagett, "Baseball Al" Menzies, Ed. Panter and "Teeder" Collins. For reserves he has "Waterworks" Tom Miller, "Come Clean" Killingbeck and Freddie Dummitt. Charles "Fearless" Foster will act as manager of this fine array.

Coach Jerry Pagett of the Midgets states his team is in fine fettle after their recent victory. The executive team is of the opinion the midgets have had a bad case of the jitters.

This game will likely uncover a lot of new (and old) plays, including the hidden ball trick and running interference play. Bill Romhanyi will likely be induced to handle this hot game and it is hoped it is not too hot to handle.

Try To Help Arab Refugees But UN Workers Swamped

By JOHN RODERICK

RAMALLAH, Palestine, Jan. 27—(AP).—In Palestine, Trans-Jordan and other Arab countries large posters bearing photographs of spindly-legged refugee children recently appeared. The legend in bold type under photographs said "United Nations, look! aren't you proud of what you have done?"

The posters made brief appearances in the lobbies of hotels where United Nations observers live, only to disappear after murmurs of protest from Arabs and observers alike.

They never have been seen on the walls of the little Harb Hotel here.

The reason for this goes back roughly two months. At that time there was much talk and little action about the miserable people who had been driven from their homes by the Palestine war.

Try It Out

Capt. Richard E. Dwyer of Phoenix, Arizona, a young air force pilot, put it up to his 11 comrades. One pound sterling a week from each one would buy food for a lot of children, he figured. His associates, Americans, Belgians, Frenchmen, all United Nations observers like him, decided to try it out.

They enlisted the help of the hotel owner's wife, Mrs. Boulos Harb. The Harb kitchen began humming.

On the first day the U. N. project was made known 90 children, eagerly clutching tin cups, broken plates, anything that would serve to hold food, came pressing into the hotel grounds.

Two days later, after word had gone around, 500 were storming the gates. The captain and Mrs. Harb looked at each other in dismay. To keep it up was an impossibility. There just wasn't enough money to go around.

Sadly, Mrs. Harb went down the line, picked out 60 of the sickliest and gave them cards permitting them to return daily.

Since then, the Harbs and the U. N. group have been giving one hot meal a day to these 50 Arab children, ranging in age from five to 12.

Millers Down Knights After 10 Attempts

By The Associated Press

Minneapolis Millers have finally won a United States Hockey League game from the Omaha Knights.

The Millers tried 10 times before winning 5-3 Wednesday night at Minneapolis. Of the 10 previous games Omaha had won three and seven had been tied.

Five Minneapolis players shared in the scoring Wednesday night, running up a 3-1 first-period lead and finishing the scoring in the second period.

Kansas City managed a 1-1 tie at Dallas in the league's only other game.

Here And There In Sports . . .

By The Canadian Press

Canada has sent in her application for participation in the North American Zone Davis Cup Matches of 1949 and the selection committee for the Dominion's tennis team will be appointed in March, it was announced Wednesday at Montreal.

T. D. Robertson, secretary of the Canadian Lawn Tennis Association, said an application has been sent to the United States Lawn Tennis Association, whose members won last year's competition and who are hosts in 1949.

The decision to enter the zone meet was made after a telegraph poll of C.L.T.A. provincial councillors. Although the vote is incomplete, the ballots cast were "practically unanimous" for a Canadian entry, Robertson said.

Eleven ski teams from North American universities will compete early in February in the international college ski championships at Banff, Alta., it was announced Wednesday.

Attending will be McGill University at Montreal and the universities of Alberta, British Columbia, and United States universities.

University of Toronto Blues defeated Queen's University 6-4 last night at Kingston to strengthen their hold on second place in senior intercollegiate hockey league standings.

Detroit Tigers bought some first-base insurance Wednesday when they acquired infielder Uiysses (Tony) Lupien from Chicago White Sox for the waiver price of $10,000. Lupien, 31 years old, was waived out of the American League once before, when Boston Red Sox let him go to Philadelphia Phils in 1944, but the White Sox couldn't get clearance to send the Harvard graduate to the minors.

Central Victors

Central seniors yanked out a 2-1 School Hockey League win from King George yesterday at Riverside in a fine fixture. W. Foster scored in the first frame for Central, and Withers tallied for the East City squad. They battled then on even terms till out in the third when R. Wall shoved home the winning tally. Central had more shots but it was pretty even all the way on play. Wall's goal was a picture play on a breakaway. The teams:

King George: Goal, Barker; defence, Dubay and Hamilton; centre, Withers; wings, McKenzie and Ash; alternates, Crowder, Thompson, Harding and Johnston.

Central: Goal, Bertrand; defence, Black and Harte-Maxwell; centre, Foster; wings, Wall and Kelly; alternates, Noble, Delahaye, Rowley, Patterson and Gibbs.

Referee—H. Wilson.

How many things made of *aluminum* can you see in a kitchen?

"WELL," you say, "it depends on the kitchen."

Right! The more modern the kitchen, the more aluminum you will see. For aluminum is the *modern* metal. It has so many advantages. It is light, strong, good-looking, will not rust. No wonder more and more people want more and more things made of it.

Not only things for the kitchen. In fact, more than 1,000 Canadian firms are shaping aluminum into products as big as railway cars, as small as hair curlers.

All this means a lot of work for Canadians. There are 15,000 people on the Alcan payroll. Then, too, there are all the fifty-odd thousand people who make the thousand-and-one aluminum articles which you see in the stores.

Yes, aluminum means a lot to you and to Canada!

Five Towns Are Competing For Welsh Capital Title

By JOAN CAPREOL

CARDIFF, Jan. 27—(Reuters).—Five towns today are competing for the title of prospective capital of Wales. Welshmen are unanimously agreed that they need a capital. Prime Minister Attlee agrees the time is ripe for recognizing one, but the difficulty is that the fiery Welsh themselves cannot make up their minds which town to choose.

Cardiff, largest and richest city in the south, with a population of 226,000 and already a great administrative centre and seaport, made the first claim.

Caenarvon, Wrexham, Aberystwyth and Machynlleth quickly opposed Cardiff's claim, mainly on the grounds that they, historically and culturally, are wholly Welsh and therefore more entitled to the honor than cosmopolitan Cardiff.

The Lord Mayor of Cardiff, R. G. Robinson, claimed his city is second to none in Europe for its civic centre, and is culturally and traditionally Welsh to the core. As for its being cosmopolitan, he said that made it more progressive and more fit to be the leading city of Wales.

Northern Aspirants

Ancient and stately Caernarvon (population 9,500) and industrial Wrexham (population 18,567) are the two northern cities which want to be the capital. It takes as long to get to these places by rail from Cardiff as it does from Cardiff to Edinburg via London.

Both Aberystwyth (population 9,474 and Machynlleth (pronounced Mak-hunt-leth—with plenty of throat-clearing on the middle syllable—and with a population of 1,692, are in central Wales.

Both these towns have other reasons to back up their claims. Aberystwyth, a clean, invigorating seaside and university town without slums, is the centre of Welsh culture and learning. Many national headquarters offices are there and it is the home of the national library of Wales. But the town's weakness is poor communications. It takes six hours to get from Caernarvon to Aberystwyth by bus in winter.

Machynlleth, a little market town in the misty hills of Montgomeryshire, claims the title on historical grounds. More than 500 years ago Owen Glendower, the great Welsh leader, held his parliament there because it was then capital of Wales.

THREE MAJOR appointments in the Department of External Affairs were announced recently. They include the naming of Charles Pierre Hebert who has been Envoy Extraordinary and Minister Plenipotentiary in Cuba, to be Ambassador to Mexico, succeeding Sydney D. Pierce, who was recently named associate deputy minister of the Department of Trade and Commerce; R. G. Riddell, head of the United Nations division to be special assistant to the Secretary of State for External Affairs and John W. Holmes, recently charge d'affaires at Moscow as acting head of the United Nations Division.

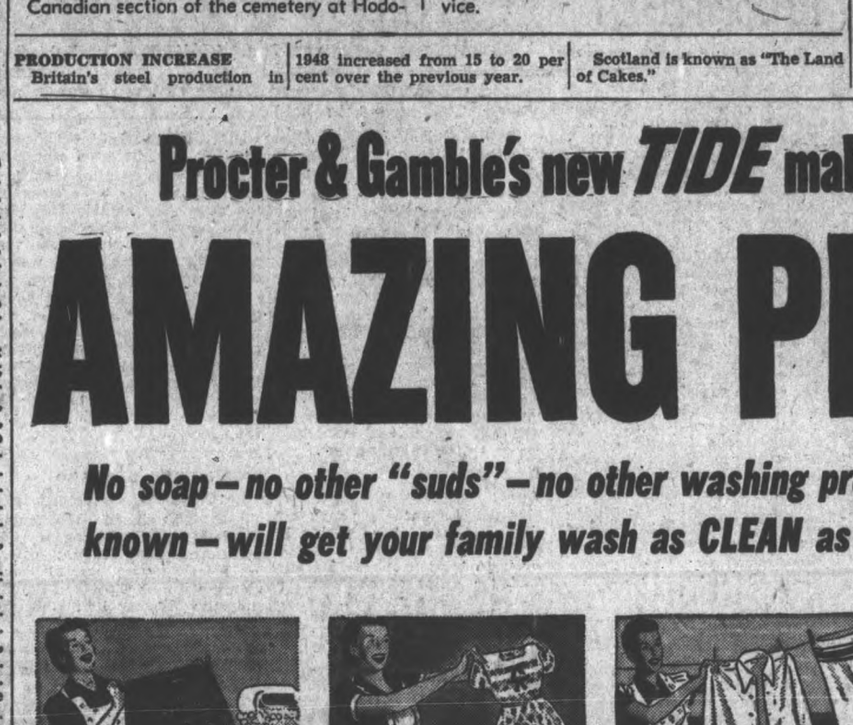
Children Quarantined

NOBLEFORD, Alta., Jan. 27—(CP)—All children in this southern Alberta village were placed under quarantine Wednesday in a drive to stamp out an outbreak of diphtheria that already has claimed one life. Nobleford is about 12 miles southeast of Calgary.



HONOR CANADIAN DEAD—Remembrance Day services were held in all Canadian military cemeteries, but photos recording these ceremonies in remote areas were delayed in transit to Canada. This External Affairs Department photo shows the Canadian section of the cemetery at Hodogaya, Japan, where officers and men of the Royal Rifles of Canada and Winnipeg Grenadiers are buried. The guard of honor was supplied by the 67th Australian Infantry Battalion. About 40 Canadians from the Tokyo-Yokohama area attended the service.

Verdict Suicide

LEONARD, Ont., Jan. 27—(CP)—A coroner's jury Wednesday night brought in a verdict of "suicide by strangulation" in the bizarre case of a 36-year-old displaced person, found dead on a farm near Navan, Ont., about 10 miles west of this eastern Ontario village, 25 miles east of Ottawa. Dr. Max O. Klotz, Ottawa hospital pathologist, said a preliminary examination of the body of Napoleonas Jonusas, found last Dec. 21, led him to believe at first the Lithuanian farmhand had been murdered.

Good Sport NEAR SUDBURY

Want to get away from it all? To go this year a little farther afield? Then plan a holiday in Ontario's Northland. Up north of Georgian Bay there is a lovely country of lakes and streams, from which fishermen bring back maximum catches of trout, bass and pickerel—and hunters, of moose, bear, ducks and deer. For details as to accommodation . . . mostly of the hunting camp kind but comfortable . . . write to the Chamber of Commerce in North Bay or Sudbury. Allow a full day if you're driving from most Ontario centres; two days if you're coming from Windsor way. Plane and train service, too!

In Ontario we have a holiday paradise . . . let's do all we can to encourage visitors from across the border. Published in support of the tourist business by John Labatt Limited.

THESE SHEEP IN WESTERN Utah are typical of more than a million of hungry sheep and cattle stranded in the western States by deep snows. In the aerial view (top), only scattered clumps of sagebrush stick through the snow. Large scale airplane operations are now under way, flying feed to the animals. Pictured below are some of the many road crews struggling to open highways. Photo gives a graphic idea of the depth of the snowdrifts.

Storekeeper's Family Leaves For Toronto

MILLBROOK, Jan. 27—(ENS)—Mr. and Mrs. Gordon Baker and daughter Leslie left on Tuesday for Toronto, where they are to make their home. Mr. Baker sold his business and house here to C. R. Graham of Elmvale. Mrs. Baker has been a member of the choir of St. Andrew's United Church, and on Sunday morning she sang a solo.

After the church service Mrs. Baker was presented with a Hymnary with words and music. Homer Ouellette, choir leader, made a brief appreciative address and Miss Jean Burnham offered the gift.

Leslie Baker, a member of the had attended the requisite number of Sundays, was given a copy of the Hymnary as her award, the secretary, Mrs. Cecil Hubbeard, presenting the book.

On Saturday evening the staff of the Baker store, with a few other friends, met at the home of Mr. and Mrs. M. W. Ball, when the guests of honor were informally presented with a pair of pin-up lamps, and lunch was served.

Mr. Graham has been in charge of the store for the past week, and will move his furniture here on Thursday, when his wife and daughter will also arrive.

There are more than 250 different applications of storage battery power today.

ELECTION CANDIDATE — Romulus Manseau, Independent Liberal, will oppose Progressive Conservative and Liberal candidates in the Feb. 7 federal by-election at Nicolet-Yamaska. The seat, Liberal since 1930, became vacant on the death of Lucien Dubois.

VICTOR KRAVCHENKO, Russian author of "I Chose Freedom", addresses court in Paris, France, in the opening of his suit for libel against Les Lettres Francaises, pro-Communist French newspaper. In his statement to the court, Kravchenko declared that "the Kremlin rulers are in terror of the working class" and have ordered an unrelenting assault on his book about life behind the iron curtain. Kravchenko claims in his suit against the paper that it libeled him in articles that questioned his veracity and made other accusations of a personal nature against him.

Pilots Report Wolves Slaughter Deer

TIMMINS, Jan. 27 — (CP) — Wolves, sometimes travelling as many as 18 to a pack, are causing heavy destruction in the deer population in the Timmins and district bushland, according to pilots flying out of South Porcupine.

One of the pilots, Borden Fawcett, of Northland Aviation, claims that every trip he makes he sees two or three new deer carcasses lying on the lakes within a 30-mile radius of the Porcupine.

Many of the carcasses aren't touched after the deer are slain, Fawcett says. The wolves slay the deer, take a drink of blood and leave the carcasses to take up the chase of another.

The South Porcupine pilot on one occasion spotted two wolves bringing down a deer on the frozen surface of a lake and delayed the killing for a period but was unable to prevent it. He flew low over the scene and frightened the wolves away, but was unable to land at that particular spot. He set down on an adjacent lake and walked back to the scene but the wolves had already returned and slain their quarry.

On another occasion, he corralled five of the animals on Muskasenda Lake, 25 miles from South Porcupine, but the brutes escaped.

A trapper near Night Hawk Lake told Fawcett he couldn't sleep nights for the howling of the wolves. He grabbed his gun and saw a pack he estimated at 16 to 18 howling on a hilltop. Before he could get close enough, however, the wolves spotted him and took to their heels.

Fawcett believes that the only way to save the deer in the district from extermination is to raise the bounty on wolves as incentive for hunters to go out after the animals.

Deer hunting has never been too good in this district, but at the rate the wolves are killing them now, there won't be any left, he said.

RADIANT, and showing no sign of the recent cold that kept her in seclusion, Rita Hayworth meets her future father-in-law, Aga Khan, for the first time since Prince Aly Khan (standing) announced his intention to marry the American movie Queen. The trio is shown at the Aga Khan's estate overlooking Cannes, France.

Berlin Bonanza For Smart Fortune Tellers

BERLIN, Jan. 27—(AP)—Berlin is a bonanza for fortune tellers. They're getting rich by selling the public in this ruined city what it wants: hope!

The hunger for a look into a pleasanter future has gripped all classes—dumpy hausfraus, elegant actresses, shabby professors, rich smugglers, skinny rubble-cleaners and fat politicians.

The fame of the sooth sayers spreads by word of mouth. It's rarely necessary to advertise. Prices for consultations usually start at 10 marks ($3) but those who can afford it wind up paying much more.

One practitioner of what he says is the Indian system of yoga gets a line on coming events by contemplating his navel while sitting cross-legged on a hard mat.

Some astrologers admit it's difficult to cast a reliable horoscope for Berlin, because history is unsure of the exact hour and day of its birth in A. D. 1244. One, however, suggests the good-luck influence of Venus may be felt this year, in contrast, to the difficulties raised by Saturn in the past.

The bulk of the fortune-telling trade is made up of people worn down by the hard realities of life and in search of little cheer. But some are people anxious to learn the fate of relatives lost in the war. Others are embroiled in matrimonial disputes.

One Berlin newspaper set out recently to undermine the prosperity of fortune tellers.

Most Berlin newspapers, however, are content to let fortune tellers go undisturbed. Some editors argue that these alleged prophets of a brighter future must believe at least a little of what they preach. Otherwise they would have deserted this wrecked city and fled west of the Elbe.

Rid of Backache, Pain in Limbs; Praises Syntona

"Brought Grand Relief," Says This Woman. Free of Headaches, Digestion Improved, Nerves Relaxed, Sleep More Restful.

"After the good results I got by taking Syntona Herbal Compound, I cannot praise it too highly," said Mrs. William Gibbin, Stoney Creek, Ontario, in a recent report.

"When I first began using Syntona I had very bad rheumatic pains in my arms, limbs, joints and muscles. My back was lame and sore and I was subject to throbbing headaches. After my meals I suffered with gas, sour acid risings, and indigestion. My nerves were so on edge I couldn't get to sleep at night and I constantly felt tired and worn-out.

"Syntona has made such a wonderful difference that I urge everyone suffering as I did to begin taking this medicine as soon as possible. I am able to eat my meals without distress after, and my nerves are calmed down so I get more sound, restful sleep. As a result I do not feel overtired as I did before."

Rely on Syntona to help you as it has so many other local men and women. Made of 12 of Nature's Finest Medicinal Herbs. Syntona improves the action of the stomach, kidneys, liver and bowels, aids assimiliation of food, and drives poisons, impurities and excess acids from the system. Syntona is sold and recommended in Peterborough at Elliott's Drug Store. Find out how it can help you, too.—(Advt.)

Food Gift Fund Increases As Pledges Paid

By FRED G. MANN

One week ago, this column reported the sum total of donations pledged at the Radio Show for the UEFB. Since then many of these pledges have been redeemed, to materially raise the amount previously credited to the fund locally, and in two instances an additional sum over and above the amount pledged was paid in.

When all of the pledges made are redeemed, the fund will top the $2,000 mark with ease and there would seem no reason to doubt that as a definite possibility, particularly when those outstanding are not for any large amount. The committee expresses the hope that those who still have to attend to this matter, will do so at any early date.

Just Grandma Helps

The many people who can recall the operations of the British War Victims Fund, of which this fund is a continuation of, will remember the constant and periodic assistance given by an old lady who styled herself "Just Grandma" and never revealed her identity. A few days ago, the Chairman of the local Branch received a letter in the familiar handwriting, which enclosed a donation to this fund, and remarked that it coincided with the observance of her 64th wedding anniversary.

Last Saturday night, the Busimen's Coffee Club, who also were good contributors to the fund during the war, held their annual dinner. This too was made the occasion for a contribution to the fund, and also has a merit feature worthy of similar emulation, because in the midst of plenty that such a meal usually symbolizes, those in attendance could give some thought for others in less fortunate circumstances and give a helping hand.

In addition to donations received as a result of the Radio Show, besides those listed above, gifts have also been received for the fund from Mrs. B. Shortly, Mrs. I. Turnbull and the Peterborough Musical Protective Association.

Donations may be left at any bank, or sent to the chairman of the fund at 199 London St.

Big Deer Killed When Hit By Truck

A big buck was killed on Highway No. 28 between Haultain and Apsley Wednesday morning. It was struck by a truck driven by M. Black of Peterborough, who reported it to provincial police. Fish and Game Overseer Robert Trotter of Apsley also reported the death of the heavy deer. It was lying beside the road with a broken back from the impact.

THE TAMING OF THE SHREW, the Shakespearean comedy which the Peterborough Little Theatre presents tonight and Friday and Saturday, is a production on a larger scale than any seen in the city since the palmy days of the old Opera House. Above, Left, is a candid camera shot of the famous Wooing Scene in which Katherina is played by Brenda Davies and the shrew-tamer Petruchio by John Londerville. At Right is the Music Lesson in which Hortensio is played by Joseph Barnard, Lucentio by Jack Nichols, Bianca by Maralin Munro, and the Duenna by Jean Buck.

Veteran Fasts For Ten Days

Albert Rowland, 34-year-old Air Force veteran, who has fasted for 10 days "to try to get God to save Peterborough," has apparently been convinced that the fasting method can be substituted. He stopped his fast this morning, after pleas from his family, his minister, and a doctor had been unavailing for several days.

The examining doctor said that the man, who has been living and sleeping in the Church of the Open Bible since Monday the 17th, is "just off on one specific line of delusion. I think he can be straightened out." The man is not abnormal mentally, he said, except for the one line of thought.

Rowland told questioners that the Lord had instructed him to go on the fast and that he was to remain on it until the Lord told him to discontinue it.

"He believes that, through prayer and fasting, he will receive power from Heaven to teach others...." explained one church official.

After Rowland had agreed with his wife and doctor to leave the fast, he is now seeking work.

Rev. Walter S. Crone, pastor of the Church of the Open Bible, said: "He came to us and asked if he could use the church to pray in. That was ten days ago. We certainly had no idea that he was going to stay all that time, without eating."

Reduce Prices For Hockey Tilts

Admission prices to local hockey games have been lowered. The change in price will be effective January 28. The new rates will be 75c for reserve seats, 50c for general admission and 25c for children.

At a meeting of the Board of Directors of the Civic Arena and represeneatives of the two OHA Senior "B" teams the new prices were agreed upon.

"The teams agreed to lowering the prices. They left it to the Board of Directors to make the decision," said Percy Killingbeck, chairman of the Board.

Prices up to Wednesday night's game between Toronto Meteors and Peterborough Legion were $1.00 for reserve seats and 65c general admission.

Friday night's game is between the Petes and the Toronto Metors and is the Petes' first home game.

Little Theatre Play Opens At PCI Tonight

By T. J. ALLEN

Probably no theatrical performance in Peterborough has had a more colourful and fresher staging than "The Taming of the Shrew" being presented tonight and until the end of the week in the Collegiate auditorium by the Peterborough Little Theatre. This reviewer had the opportunity of looking in on the dress rehearsal and there was so much for the eye that it warrants separate notice.

The sets are not elaborate; that is in keeping with the Elizabethan and best modern practice in Shakespeare productions. However, their simplicity is of the kind that conceals are. After the opening Induction scene on the apron stage, there is bound to be a round of applause when the curtains open on the carpeted, unboxed set for the Lord's chamber, with its large tapestried backdrop designed by Earla McVannel. When the Players assemble there is a stage-within-a stage three-panelled device which gives the Italianate atmosphere of Padua. This has been painted by Jack Hamer, artist, whose exhibits in Royal Canadian Academy shows attest his capabilities. On the reverse side of the panels is a suggestion of the home of Petruchio. The change of scene between Padua and Petruchio's home is amiably and quickly done. In this production, even the scene-shifters are made adjuncts to the humour of the play. The supper scene towards the end of play is staged with consummate skill.

One of the clever stage effects is the candelabra contrived by Percy Windrim who is also responsible for the effective property of the horse which Petruchio rides and the lighting. Chief credit for the painting of the scenery goes to Gertrude Cox and Earla McVannel. Assistants were Lewis Bird, Ross Rutherford, Marjorie Stenton, Robert Scrutton, Joseph Barnard, Elizabeth English, Katherine Macdougall, James McNabb, Genevieve Fowler, Jean Leach, Fern Rahmel, Ruth Henderson, Madolia Windrim, Hilda Thurston, Lena Dewart, Ruth Telford, Lottie Leggett.

The costumes are a delight. Colorful, symbolic and expressive from the top of the plumes on the Renaissance head-gear to the buckles of the sabots, they excite the imagination and elucidate the play. For instance, the Shrew is in vivid dark green and brilliant red, reflecting her envy and temper. Her counterpart, the sister Blanca, wears quiet pastels of the same hues. The costumes were sketched and designed by Maralin Munro and executed under the supervision of Dorothy Shannon by the following committee: Marion Mutton, Cora Bailey, Muriel Mutton, Mary Faulkner, Doris Burgess, Marjorie Oliver, Grace Samson, Sally Crawford, Esther Deyell, Clara Doughty, Eleanor Carroll, Agnes Stout, Ethel Garbutt, Irene Nichols, Doris Noftall, Elsie Munro, Gertrude Olmstead, Mary Hale, Lucille Barnard, Mary Brisbin, Helena Munro, Margaret Londerville, Mason Woodruff, Mary Overend, Elizabeth English, Frances Bonnycastle, Norma Cunningham, Glenn Webber, Una Bullock, Beth Stout, Mae Stone, Stella Bennett, Kay Hill, and Ann Druery.

A British play of the early sixteenth century has this couplet:

"I thought verely by your apparell That ye had bene a player."

If precedent were needed for the lavish costuming, that suggests it. Shakespeare's own productions may have been meagre in stage props but were brilliant in costume. This production of "The Shrew" is authentically Shakespearean in its emphasis on dress and colour. A play is for the eye as well as the ear, and this "Shrew" cannot fail to charm the eye.

Intimidation of Reporter Denied By Union Officials

Intimidation of reporter Dave White during a drive to Norwood was denied today by Earl Davies, president of the Independent Union of the Outboard Marine and Manufacturing Co., and by Lionel Edmunds of Norwood, chairman of the grievance committee of the same union. While Don R. Montgomery, United Steelworkers of America representative, wired from Kingston "that the story conveys to the public an entirely wrong impression."

When the car left the market square on Wednesday night there were in it Mr. Montgomery, Mr. Edmunds, Wm. Davies, Pete Meridew, financial secretary of the Outboard Union and Reporter White. Mr. Davies left the car at Romaine and George Sts. and the others went on to Norwood. It was during the trip to Norwood where Mr. Edmunds got out of the car to go to his home and its return to Peterborough that White complained of intimidation.

Statement Made

The statement signed by Mr. Davies and Mr. Edmunds is as follows:

"I do not take any responsibility for any intimidation as far as the reporter going to Norwood is concerned. I was only in the car for about three minutes from the time it left Charlotte St., until it reached Romaine St. Neither Lionel Edmunds, Don Montgomery or myself were in the beverage room Mr. White was an entire stranger and we were under the impression that Mr. Meridew and he were friends, and any bantering that was done between them was as friends, with no thought of intimidation."

Wire Received

While Mr. Montgomery wired: "Your story of the intimidation of Reporter White conveys to the public an entirely wrong impression and is devoid of logic. Neither the United Steelworkers nor the Independent Outboard Marine Workers' Union has any quarrel with White or The Examiner and thus no cause to intimidate White, as has been suggested. If we had any quarrel with the policy of the paper previous to the above mentioned story the matter would have been taken up with the editor directly and not with one of the reporters. The story unwarrantedly labels the leaders of the independent union and myself as users of gangster tactics which is not true in this or any other case. We did not intimidate nor threaten the said reporter for we had no reason to do so.

Flier Describes Rescue In Letter To His Mother

A letter received by Mr. and Mrs. John Cridland, 445 Albertus Ave., from their son FO Geoffrey Cridland of 111 K/Flight, RCAF Station, Winnipeg, tells a most interesting story of last week's big aircraft rescue from the operations room standpoint.

He says:

"Well I guess you have been hearing over the radio all about rescue operations originating from this station. First of all aircraft from our station and Rivers were searching for an aircraft lost north of Flin Flon. This was accomplished with great preparation and organization.

That was Thursday afternoon! Then came the real big "flit" when the rescue plane from Rivers was reported lost somewhere between Churchill and Coral Harbor.

It was my luck to be orderly officer Thursday and I was in signals section when the first SOS message was received. I notified Wing Commander Walmsley and the rest of the staff of the operations room and within an hour plans were underway to send more aircraft from here to direct the Dakotas based at the Pas from that search.

The area of Hudson Bay is so large and the position on the radio report from the aircraft was so confusing they didn't know where to begin. Finally around noon on Friday a weak signal was heard from the aircraft stating they were in the "A quadrant" of Churchill radio range on the ice. This narrowed down the search considerably.

It was very interesting to be in signals section hearing the radio operator giving the downed aircraft instructions as to how to reserve their remaining power supply in order to use their radio to greater advantage so that a rescue aircraft could "home" on their signals.

Well, as you know, they were soon sighted and now are all safe and well in Churchill pending their 600-mile trip to Winnipeg. Unless you were on the spot in the operations room you would never believe just how much organization it required to put a full-fledged search in operation. Nothing is spared, telephone calls to Edmonton, and Ottawa, goods and gasoline sent to the operating base and hundreds of minor details."

FO Cridland finishes his letter with the remark, "It certainly has been cold, at one time down as low as 43 degrees below and the highest for some time has been 20 below."

Painter, 22 Had Rough Time Since Leaving Army; Bailiff Visits Home Twice

During the past week, the door of a modest two-room city apartment has twice been broken open by officials bearing court notices of eviction. Arthur Finn, 22-year-old married veteran, father of three children, claims that his only alternative to living in the streets is an offered home which he has found unacceptable because of its condition.

"There's just so much a man can take. I've always earned my own way, kept my kids and haven't asked anybody for favors. But I have as much right to a place to live as anybody."

The eviction, Finn was told this morning, will definitely take place this afternoon. He has again refused to consider moving to the Water St. address. "I'll go on the street first—it's not fit to live in." Sheriff's officers are coming at 2.30, he was told, to move the furniture out.

Arthur Finn looks even younger than his 22 years. For five years, he has tried to hold together his young family, has gone through a session of army life while in his 'teens, lived for a time in crowded quarters with in-laws, struggled through seven months in a tiny trailer while his infant son came close to dying from pneumonia.

For the past 15 months, he has lived with his wife and three children in a small upstairs two-room flat over a former mill and paintshop at 1064 High Street. Under the grim deal he has received, he's nearly ready to call quits now.

Under Nervous Strain

The tension of the week has put both Finn and his 21-year-old wife in a condition bordering on hysteria. The'r plight has been so obviously pitiful, that two city movers have refused to carry out the order to remove the mere handful of furniture from the rooms. Caring for three normal, peppy children—two boys and a girl—has added to the strain.

On Wednesday afternoon, after hours of nerue-wracking waiting for the official knock on the door, the sense of hopelessness which has been a-building in him for years finally crumpled Finn: he sat in a chair in his combined kitchen-dining room-living room, watched mover's start to take apart the table. His wife was crying, the children bewildered by the whole thing.

Finn could not help it; he wept openly.

All Wednesday morning he had waited for the visit, missing his work as a $10-a-day painter. He refused to open the door, stood quietly as the officers pushed on the door until the metal clasp broke.

They told him that he would have saved himself a lot of difficulty if he had opened the door for them.

"I know it," he told them, "but I didn't know anything else to do."

On Monday of this week, he had first received the official callers. He had also stubbornly refused to open up, and it was necessary for them to force the door to convey their official instructions; he had to move.

He was told that quarters had been secured for him and his family at a Water Street, North, address. He was assured that they were clean and free from pests. He said that he accepted the word of the bailiff that the new promised premises were clean.

Moved Heavy Furniture

On Tuesday, Finn sent his wife and the children to stay with her parents while he arranged the moving. He engaged a horse-drawn sleigh. Unassisted, he carried all the furniture, including heavy pieces, a big washing machine and other articles—down the street and loaded it on the sleigh. The owner of the sleigh was unable to assist due to physical disability. The sleighload of furniture was driven up to the Water Street address, where Finn had his first inspection of the place.

"The plaster was falling off the walls—parts fell in when I opened the door. There was a funny smell over the place. It looked dirty." The young man took "just one look—that was enough."

Disgusted, he went down to the street again, asked the sleigh-driver to look over the place and give his opinion. The driver's verdict: "I wouldnt keep chickens in there."

So, back to the High Street address came Finn and his load of furniture, which he again single-handed moved back to its place.

The day after, Wednesday, was the time of the two truckers' visits. Both in turn said that they would not take the job of putting out the veteran and his family. He had told them he had no place to go.

Only The Street

"If you're taking it away, just put it out on the street, we haven't anywhere else to put it."

Without maudlin self-pity, Finn recounted to The Examiner a few details of his efforts to "get ahead of the game a bit." A painter by trade, he joined the Infantry in 1943, a few days before he turned 17 years of age. Transferred to the Paratroopers, he was injured in a training jump. He was stationed in camps from one end of Canada to the other, getting his discharge in March 1946.

He and his wife lived with her family for a time, but conditions were so crowded there was no room for them. From May to November of 1947, their home was a crude box trailer on iron wheels, measuring six by eleven feet.

The night they moved into the trailer, he recalls, it was raining hard. The trailer got stuck in a muddy marsh along the River Road. That night, they slept on soggy beds which had been wetted when water splashed up through the floorboards.

Their young son, now nearly three years old, was ill. They nursed the boy along as his condition grew worse. When they took him to be examined by a doctor, the child was immediately rushed to hospital as an emergency case. It was pneumonia.

"Life" in a Trailer

Through the seven months in the trailer life with their three children was almost impossible. In the cramped quarters, it was difficult to move. The bedding had to be removed every day to give space for cooking. A small box stove supplied cooking until an oil stove was purchased. As the autumn of 1947 grew colder, the condition was getting desperate.

At that time, Finn was working for a Toronto construction company in Peterborough. The company, which knew of Finn's trailer existence, owned the building on High Street which is now the centre of the dispute. They rented it to him at $12 a month. and

Acheson Shaped U.S. Policy Towards Russia

By SIGRID ARNE

WASHINGTON, Jan. 27 (AP)—The ink had just dried on the United Nations charter when the national council for American-Soviet friendship met in New York to hear the handsome assistant secretary of state, Dean Acheson.

He arrived complete with superb vocabulary, dramatic moustache, resonant voice and approved haberdashery. It was quickly obvious he had also arrived with a very serious switch in thinking among the top foreign policy makers.

He felt it was all well and good to smypathize with the constant Russian complaint that she had to have friendly governments on her borders, the plea Moscow was then using to dictate the New Polish government.

But, said Acheson, Americans would expect Russia to seek such security without disturbing the rights of other peoples.

The speech got little attention, but Acheson's co-workers now say that he was one of the first to warn that Russia was not living up to her pledges.

Suave Dean Gooderham Acheson is closely linked to Canada by ties of blood and friendship. He is the son of Eleanor Gooderham, daughter of the late George Gooderham and Harriet Dean of Toronto. His father, who came to Canada from Britain as a youth, was Edward Campion Acheson, who was educated for the Episcopal ministry in Toronto and was Bishop of the Sixth Diocese of Connecticut when he died.

Made State Secretary

Now three years after his New York speech he is United States secretary of state.

Acheson first came to the department in 1941, when President Roosevelt asked him to break off seven successful years with a Washington law concern and become assistant secretary of state.

His attitude on the top problem—the role of Russia in the war and the peace to follow—about paralleled the attitude of most other top government men. He worked for patient consideration of Soviet quirks. Then Russian stubborness began to show up and Acheson sent up that trial warning in New York.

In midsummer of 1946 the Soviets demanded new talks about the Dardanelles, the passage from the Black to the Mediterranean sea, and said they would want bases there. This was a threat to Turkey's independance. Acheson won approval to send Moscow a note which said Washington would oppose Russian bases on the Dardanelles. Moscow dried up, the the argument may still flare.

In early 1947 Britain said it could no longer carry the security of Greece. The burden fell on the U. S. Acheson sold the administration on the "Truman doctrine," a major turning point in American foreign policy. It put us on the line to stop the spread of Communism.

On the cold war he agrees with other American leaders: He thinks it is dangerous but will not necessarily lead to war. He thinks the cold war may last for many years. He takes one step further. He thinks one certain way to change Russian policy may be for us to carry through our plans to strengthen the free governments of Western Europe.

He says: "Communism only takes advantage of weak and unstable situations. But the Communists meet a stable situation with complete realism. They adjust to it."

Ship Fish Eggs

TORONTO, Jan. 27—(CP)—About 100,000 lake trout eggs from the Sault Ste. Marie district will be flown to Switzerland to replenish Swiss lakes, Dr. W. J. K. Harkness, chief of the Ontario Fish and Wild Life department, said Wednesday. Dr. Harkness said the eggs were being sent "in the interests of international relations" because of a request made by the Swiss Government to Ottawa.

World News In Brief

Taken from Wires of Canadian Press

PICTON.—Farmers in this Bloomfield district are on the lookout for a bear, after reports were received that bear tracks were seen in the neighborhood. Officials tbelieve the bear, weighing about 60 pounds, is one that recently escaped as a cub from a nearby farm.

GODERICH. — Because train passengers were helpful, Mrs. Mykola Popadiuk and her 2-year-old daughter, Polsis, Ukrainians, will meet their husband and father a little sooner. En route to Carlow, Ont., Mrs. Popadiuk was informed that the Red Cross couldn't notify her husband that she would arrive. However, a passenger, R. Pennington, said he would make the necessary arrangements at Goderich.

TORONTO.—Crown Attorney Alex Hall of Ontario County said service club raffles were "playing into the hands of subversive elements" by disobeying the laws of the country. He told a Lions Club meeting at suburban Scarboro that he did not agree with the law but felt that it should be respected.

DAWSON CREEK, B. C.—Fire destroyed practically the entire planer mill and equipment of Wilson Freightways, near here, with a loss estimated at $50,000. Of the 1,500,000 feet of lumber stored in the mill yard, 50,000 feet were destroyed.

EDMONTON.—Fishing operations so far this season have revealed that Great Slave Lake is potentially one of the largest, if not the largest, winter producer of whitefish and trout in North America, H. V. Dempsey of Ottawa, Chief Supervisor of Fisheries for the Federal Government, said.

CHICAGO.—How bow-legged or knock-kneed children can be made straight-legged was described by Dr. Walter Blount, a Milwaukee surgeon. He said the technique involves slowing down the growth of bones. The bone growth, he said, is controlled by stainless steel plates driven into the bone.

MONCTON, N.B. — Moncton Publishing Company, publishers of the daily newspapers, the Times and the Transcript, announced effective Jan. 31 the new price will be five cents a copy. The company said the advance was necessitated by increased costs of publication. Present price is four cents.

POR HURON, Mich. —Captain Ezra D. Purdy of Port Huron, was elected as grand president of the International Ship Masters' Association which held its 60th annual convention. The Association represents ship masters from major United States and Canadian ports on the Great Lakes.

TORONTO—A 27-year-old man climber a snow-covered fire escape to the fifth floor of the Salvation Army Citadel and entered through a broken window, police said today. The man was found walking about the top floor carrying a jimmy.

WASHINGTON—Imyne L. Lenroot, former Republican senator from Wisconsin who might have been the 29th president of the United States, died at the age of 79. Originally he was slated to be vice-presidental candidate in the 1920 election, but Calvin Coolidge won the nomination. Coolidge, became president three years later when President Warren Harding died. Lenroot retired from politics in 1927.

LONDON, Eng. — Tass News Agency said Russia and Romania had greed on a 1949 trade turnover of 2½ times that of 1948— or almost $17,545,000. The two were among the organizers of the Economic Council of Mutual Aid, generally regarded as the Communist countries reply to the European Recovery Jrogram.

FAMAGUSTA, Cyprus — The 3,900-ton steamship Galialah left for Israel with 1,505 Jews on board—second instalment of the 11,000 to bemoved from the Cyprus detention camps.

MILO, Hawaii — Mauna Loa, which never has quieted since its spectacular eruption Jan. 6, spilled more lava from its summit crater. The fresh flow moved about a mile down the southwest slope.

MILAN — The Labor Socialist party voted to remain in the ranks of Italy's anti-Communist government. By a vote of 147 to 100, the party's second annual congress backed Deputy Premier Giuseppe Sargatt and rejected left-wing demands to pull out of the government of Premier Alcide De Gasperi.

LONDON, Ont. — The navy sometimes makes mistakes. The H.M.C.S. Prevost here recently acquired a one-eyed cat as a mascot and with due ceremony named it "Lord Nelson."

Then the mascot went A. W. L. for several days. Today, the sailors announced they had re-christened the cat more appropriately "Lady Hamilton."

NIAGARA FALLS, Ont.—Leslie Galway, 35-year-old St. Catharines taxi driver, was remanded to Feb. 17, on his own recognizance, by Magistrate John B. Hopkins today. Galway is charged that on Dec. 29 last "with intent to steal, he did unlawfully demand $500 from W. S. Martin, K. C., with menaces, contrary to section 452 of the Criminal Code."

KITCHENER.—The Kitchener landlord who advertised a five room house for tenants with children preferred has found himself too kindhearted for his own good. The tenants now in the house, whom he was going to put out for non-payment of back rent, pleaded so pathetically to be allowed to remain that he thinks he may give them another chance.

TORONTO.—Premier Kennedy of Ontario slipped out of Provincial Cabinet meeting today to have a piece of bone removed from his jaw. The trouble dates from The First World War when he had his jaw crushed, Mr. Kennedy said. He said he will be back at his desk Friday.

ORANGEVILLE.—More than 500 residents turned out at one a. m. today too fight a $25,000 blaze which swept through the ground floor of a general store here following an explosion in the building. Five residents of two upstairs apartments escaped from the building.

Pulp Association Membership Up

MONTREAL, Jan. 27—(CP).—Membership in the technical section of the Canadian Pulp and Paper Association, increased during 1948 from 927 to 1,050, F. J. Giffen, the section's chairman, said in a report prepared for presentation today at the association's annual meeting here.

Mr. Giffen, who is assistant to the manager of manufacturing, newsprint division, Canadian International Paper Company, of Montreal, said that with the establishment last October of the St. Maurice Valley branch, the section now has seven branches located from coast to coast. Branch membership now exceeds 1,510.

In co-operation with the association's Woodlands section, Mr. Giffen said that the technical section plans to study the utilization of hardwoods for pulp.

E. J. Thom, chairman of the association's mechanical pulp section, stated that he demand for groundwood or mechanical pulp, the principal ingredient of newsprint paper, continued strong in 1948 and the Canadian industry slightly surpassed its record 1947 output of four and a quarter million tons.

Continue Investigation

NEW YORK, Jan. 27—(CP)—The New York County Council Attorney's office is still investigating the circumstances of the slaying last autumn of Colin G. Mackellar, Montreal textile executive. Pending completion of this investigation, the District Attorney's office said Wednesday, no date has been set for the trial of Ralph Edward Barrows, charged with first-degree manslaughter in the case.

Find No Discrepancies On Election Sheets

TORONTO, Jan. 27 — (CP). — Queen's Park officials said Wednesday no discrepancies or alterations were found in an examination of deputy returning officers' certificates for the Ontario election last June in the Toronto St. George riding.

It was from these certificates that Education Minister Dana Porter was declared elected over CCF candidate Frank Frier and Liberal candidate John A. McVicar.

Officials said the only discrepancies occurred in transposing figures from the certificates to another form, used only for statistical purposes.

E. B. Jolliffe, CCF leader, had announced he would ask the next session of the Legislature to set up a board of inquiry to examine the preparation of returns from the riding.

Service For Visitors

TORONTO, Jan. 27—(CP).—A new service has been started for visitors to the Parliament Buildings at Queen's Park by the Ontario Travel and Publicity Department. Visitors will receive an illustrated folder giving information about points of interest in the buildings as well as data on the Province of Ontario that includes area, population and even weather.

Curb Opposition Assaults On Film Board

OTTAWA, Jan. 27—(CP)—The first major tactical move of the new parliament session bounded innocently out of one 78-word sentence in the throne speech Wednesday.

It was a government proposal that would curb opposition assaults in Parliament on such potentially-touchy subjects as television, the National Film Board and a national library.

The government, the speech said, "intends at an early date to establish a Royal Commission" to examine the activities of the Federal Government relating to a wide range of subjects.

Qualified sources said it had been laid down some years ago that Parliament does not discuss matters before a Royal Commission, a quasi-judicial body.

Massey May be Chairman

Meanwhile, Rt. Hon. Vincent Massey, Chancellor of the University of Toronto and former High Commissioner to London, is prominently mentioned as a likely chairman of the commission.

The brief reference to its functions in the speech made it clear that whoever tackles the job will have a long arduous task on his hands.

This is the one labored sentence in which the speech let out the news:

"It is the view of my ministers that there should be an examination of the activities of agencies of the Federal Government relating to radio, film, television, the encouragement of arts and sciences, research, the preservation of our national records, a national library, museums, exhibitions, relations in these fields with international organizations, and activities generally which are designed to enrich our national life, and to increase our own consciousness of our national heritage and knowledge of Canada abroad."

Procedural experts say that once the commission is established those subjects are taboo for Parliament although they can be discussed outside Parliament—in a general election, say.

New Zealand Real Estate Deal Has Caused Flurry In London

By STUART UNDERHILL

LONDON, Jan. 27—(CP)—Few post-war real estate deals in London have caused such a flurry as the New Zealand Government's acquisition of a one-acre site on the corner of Haymarket and Pall Mall.

Front-page news stories announced the transaction, which involved the Carlton Hotel, His Majesty's Theatre and the Royal Opera Arcade, all of them rich in history. Eventually the hotel and the Arcade will be replaced by a "New Zealand House" which will accommodate officials now housed in modest quarters on the Strand. A 40-year agreement protects the present tenants of the theatre, which stands on the site of the first opera house in London, completed in 1705.

Those with Edwardian memories will shed a regretful tear for the Carlton, for then it was in its heyday. King Edward VII frequently entertained there when its chef, escoffier, had world-wide renown.

Bombed In War

It was bombed early in The Second World War, and has since been used by the ministry of food. As space becomes available, New Zealand departments will move in.

His Majesty's theatre was built in 1893, the fourth theatre to rise on that site. Two of the previous buildings were destroyed by fire.

The Ontario and British Columbia governments have their respective offices within a block of the site, and a few hundred yards away, on Trafalgar Square, are the buildings of Canada and South Africa. Indian and Australia occupy imposing premises a half-mile away at the other end the Strand.

Canada House, a familiar sight to all Canadian visitors to London, was originally designed in 1820. It was occupied by the Union Club until bought by the Canadian government, which moved in July, 1925.

At the time there was room for all government departments, but in recent years officials have overflowed into offices elsewhere.

No Sex Education

WINDSOR, Jan. 27—(CP)—There will be no sex education taught in Windsor schools—at least not at the present, Leonard Whealton, superintendent of schools, commenting on a Toronto report that sex education is to be taught to Grades Seven and Eight on an experimental basis, said he could see "no reason" for such classes. Children should receive sex education from their parents, he said.

US Writers Approve Inquiry Into Espionage As Canada Conducted It

By GEORGE RONALD

WASHINGTON, Jan. 27—(CP)—United States reaction to Canada's spy investigation method ranges from unqualified praise to sharp criticism of what the Dominion did to civil liberties. But the consensus among editorial writers and columnists is that the Royal Commission system is preferable to the high-wide-and-handsome approach of the Un-American Activities Committee.

Two big points crops up in comparison of the Canadian and American spy hunting;

1. The United States has nothing comparable to Canada's official secrets act, which provides for peacetime prosecution of violators.

2. The United States apparently has done nothing about the Communist spies whose presence in this country was revealed by the Canadian Royal Commission in 1945.

Mervin K. Hart, President of the National Economic council, referred in a recent statement to the visit Mackenzie King (then Prime Minister) made to Washington before the Canadian spy story was released. King conferred with President Truman, Hart wrote, and returned to Ottawa thinking the "lid would blow off" in Washington.

Hart continued:

"Could it be that what the (Un-American Activities) committee now is developing is the same information that Prime Minister King gave him in 1945? Could it be that the administration knows of a vast abscess near its very heart and is desperately trying to keep it from being lanced?"

No Excuse

The St. Louis Post-Dispatch let fly with an editorial haymaker:

"With the example before it of the Canadian Royal Commission's well-conducted and conclusive inquiry into the Canadian spy ring, there is no excuse for the defamation of character and abuse of civil rights of which the Un- American Activities Committee has been guilty."

And the Christian Science Monitor observed:

"The inadequacy of the house committee is emphasized dramatically by the success of its counterpart, the Canadian Royal Commission. . .in Canada the counteraction taken was clean, swift and complete. . .when the affair ended, citizens felt proud of their country and more secure in the institutions. . ."

The Monitor notes two main differences in the United States. One was the absence of legislation similar to the official secrets act.

"The second difference was in the calibre of those conducting the investigation. They were men who put facts ahead of headlines, nation ahead of party, and at all times they knew what they were doing."

One of the Monitor's Washington correspondents noted, however:

"Activities of the Royal Commission have been sharply criticized by liberals in Canada. . .A commentator on the CBC. for instance, charged not long ago that the 'Royal Commission released a series of reports all but condemning the accused men before they went on trial.'

Court Differs

"He was careful to point out that some consider the commission's methods justified, but he added, 'our law is based on the concept that all men are innocent until they are proved guilty. In this instance, the Royal Commission assumed guilt and then asked the court to confirm it was right. But in six cases out of 17, the courts discovered that the Royal Commission was terribly wrong.'"

The Monitor, probing further, said last Dec. 13:

"When the Canadian Royal Commission made its swift, cool, efficient expose of Russian espionage, it reported:

"'The people of Canada in self - protection have, thorugh Parliament. . .enacted strong presumptions against the persons charged under the official secrets act, shifting the burden of proof from the state to the accused.'

"It is recognized that this legal development alters the basis of normal civil rights. It has been accepted in Canada because of two conditions, it is explained here (Washington):

"Confidence that the government will not abuse the sweeping power and, second, realization that in the current world state of chronic crisis, greater safeguards are needed."

WALTER GIESEKING, German pianist, waves farewell to New York at LaGuardia Field. Gieseking's pro-Nazi sentiments during the war made him unacceptable to American audiences. He beat US immigration authorities' deadline for leaving the country by 45 minutes.

RED CROSS COMMISSIONER—Dr. W. S. Stanbury, who has been appointed national commissioner of the Canadian Red Cross, succeeding Dr. Fred W. Routley, who retired Dec. 31. Dr. Stanbury shown in this John Steele photo, has been national director of the Red Cross transfusion service for the last two years.

Lab. Supervisor First Speaker So-Ed Course

First SO-ED meeting in the current six-week course was held on Wednesday at the Normal School. More than 200 registered for classes and heard Stewart Daniel, assistant supervisor of the Instrument Laboratory at CGE give an illustrated lecture on electronics.

Mr. Daniel, at short notice, replaced Robert Hall of Montreal, who had been scheduled to speak on "The Impossible Takes a Little Longer," but he became ill suddenly.

He introduced his subject by stating that without the science of electronics modern life would be impossible. Electronics are used from the elementary stage where pickle jars are automatically counted on a conveyer belt to the complex mechanisms necessary for the successful docking of the Queen Elizabeth in a pea-soup fog.

Three pieces of equipment were explained in non-technical terms to the audience and they were also demonstrated. The humorous commentary maintained by the speaker and the simplified explanations given went far toward keeping the keen attention of the SO-EDS.

His first exhibit was a simple oscillator which had a radio frequency of 14 megacycles. Radio waves he explained as somewhat analagous to concentric waves in water caused by the dropping of a stone, "distant objects within radius are affected by the transmitted energy whether the medium be the atmosphere or water.

To show the principle of transmission and reception Mr. Daniel took a small coil of wire, to which was attached to a flashlight bulb, and lit it by touching the larger coil of the oscillator. Fluorescent tubes—one shaped no longer than a pencil and the other of four-foot length—were both lighted by the oscillator.

The demonstrator explained that with the use of tubes the transmission could be carried for a longer distance. Next he showed how the light would fade and brighten as the receiver coil would be placed respectively at right angles and then parallel to the oscillator. This is the basis of the radio direction finding system used on ships and aircraft.

Next electronic gadget was a stroboscope. This instrument emits a flash of light at constant intervals and can be synchronized with a rotating piece of machinery (such as an airplane propeller) giving a perfect indication of any particular blade at any chosen spot. Defects in rotating machinery can thus be spotted in motion when the human eye alone would be valueless.

He amused the audience by setting the stroboscope at a relatively low constant flash and waving his outstretched hand in front of it rapidly. It gave the illusion of multiple fingers growing from the hand.

An ultra-violet light was the final piece of equipment demonstrated. Rays from the ultra-violet lamp are not contained in the visible spectrum, he explained, and thus it is impossible for the human eye to detect them.

When a white card with some printing on it was shown to the audience under ordinary light, no lettering could be observed. But the ultra-violet rays started the fluorescent printing strokes emitting rays, and the sign could be read with ease at the back of the room with the other lights out.

Mr. Daniel explained that ultra-violet rays are particularly useful in mining and prospecting as the valuble rocks glowed under the light.

Quirt McKinney both introduced and thanked the speaker and stated that the CGE laboratory workers worked hard for several days to prepare the equipment for this one lecture.

Havelock Man Wins Appeal

George Brooks of Havelock was cleared of a charge of selling liquor by a judgment of Judge Sheldon L. Smoke this week. Brooks appealed a conviction in police court here in which he was fined $100 and costs for the offence, to which he had pleaded not guilty. Evidence of two youths, that Brooks had sold them liquor, was not conclusive as to identifying the accused, Judge Smoke ruled.

Students Disapprove

TORONTO, Jan. 27—(CP)—Some 400 students at Osgoode Hall, Ontario's law school, voiced disapproval Wednesday of the policy of legal education adopted recently by the Legal Education Committee of the Law Society of Upper Canada. Cecil A. Wright, Dean of the school, and three full-time lecturers resigned over the new policy, which would reduce time spent in lectures and strengthen the apprenticeship system of training.

20 Million For Roads

TORONTO, Jan. 27—(CP)—Highways Minister Doucett said Wednesday night that nearly $20,000,000 will be distributed among more than 1,000 municipal units in Ontario in 1949 for street and road work through the Provincial grant-in-aid system.

IF BABY IS CROSS FIND OUT WHY

HEALTHY BABIES are not cross. Your baby should not be cross. If he is, then something in his little system is "out of order." Probably Baby's Own Tablets can promptly "put it right." Mrs. H——, of Fenelon Falls, had the experience. She writes: "My little girl was irritable, feverish and sometimes sick at her stomach—what a relief it was, after giving her Baby's Own Tablets, to see how much better she was."

Sweet-tasting—easily crushed to a powder, if desired. No "sleepy" stuff—no dulling effect. Promptly effective in simple fevers, constipation, teething troubles, upset stomach and other minor ills.

Never be without a full box of Baby's Own Tablets. Sickness so often strikes in the night. 25 cents. Money back if you are not satisfied.

Of Interest to Women

DOROTHY DIX

Unhappy Marriage Fails To Kill a Woman's Hope

DEAR MISS DIX: I am a college graduate, a teacher by profession. Before I married I had good clothes, my own car, went where and when I pleased. Now I have no car, no good clothes and never go anywhere, besides being told exactly how every penny of my salary shall be spent. For my husband considers he has a right to boss me in everything I do.

Dorothy Dix

I endured such an existence for five years once before and and this experience has convinced me that I do not want to be married to any man. So my advice to college girls, as well as all others, is to stop, look and listen before they enter into the so-called business partnership of marriage.

SCHOOLMA'AM

✧ ✧ ✧

ANSWER: Apparently the poet had marriage in mind when he said that hope springs eternal in the human breast. Especially is this true of women, for few indeed of the credulous sex seem to learn anything from their matrimonial experiences, no matter how bitter they may have been.

Evidently their motto is: "If at first you don't succeed, try, try again." So we have with us women who have been married and divorced from an assorted variety of husbands, without ever having found Mr. Right. Considering that swapping old husbands for new ones is always a hazardous experiment and one that involves a lot of hard feelings and causes much gossip, it would seem that going through the ordeal once would be enough to satisfy any woman that she wasn't a good picker of husbands.

Final Triumph of Hope

However, such is not the case. The singed cat doesn't dread the fire. Women who have had every possible warning, women who have been married to drunkards, to philanderers, to ne'er-do-wells and who, one would think, would walk high, wide and handsome around the altar, marry derelicts, get divorces and marry another worse than the first, and so on ad infinitum. And why, nobody knows. It is the final triumph of hope over experience.

✧ ✧ ✧

DEAR MISS DIX: I am in my early teens, really grown up in size and very nice-looking. But my friends are all dropping me since they have learned that a man in his fifties has given me money and lots of pretty clothes and jewelry and things that a girl likes to have. He has a grocery store and begs me to come to work for him.

I don't know what to do about this. Should I tell my mother about it, as it is worrying me?

G. T.

ANSWER: You poor little silly lamb, don't you know that a wolf is just about to devour you? Are you so dumb that you don't know that when a married man begins loading down an unsophisticated school girl with gifts of money and pretty clothes and all the trinkets that young girls crave, that he bodes her no good? He is just paving the way to entice her into wrongdoing that will ruin her whole life.

Any man who would try to seduce a little ignorant girl, who is barely in her teens, is so unspeakably low and mean and vile that there is no punishment great enough to fit his crime. And if he is a married man, his crime is all the greater, for probably he has daughters of his own.

Take my advice and never go near this wolf in sheep's clothing. And tell your mother how you are being pursued and ask her to protect you.

✧ ✧ ✧

DEAR DOROTHY DIX: What do you think of a girl flirting with her eyes? I ask this because my girl friend does it. When we are riding on a train, she continually stares at men until she draws their attention and it makes me feel very uncomfortable. I have not called her on this, but I just say to her: "Are you having a good time?" And she just rolls her eyes and looks at me, we are both over 35.

PUZZLED

✧ ✧ ✧

ANSWER. Well, I'd say that you have a right to be puzzled if your girl friend, at the mature age of 35, or over, flirts with her eyes. She looks more like a mental case than anything else, for surely no woman in her right sense would think that she could hypnotize men by rolling her eyes at them. Even a bobby-soxer would have a better come-on than that.

Barbara Brent's BUYS AND WHYS A WEEKLY INFORMATION SERVICE

MONTREAL, Jan. 27th — Cold January mornings usually rob us of the ambition to get up and get breakfast . . . yet it's essential to start the day with a good meal. That's why I recommend easy-to-prepare, delicious "Cream of Wheat"! Yes, creamy-smooth 5 Minute "CREAM OF WHEAT" cooks to appetizing deliciousness in just five minutes of boiling . . . and it's a breakfast dish your family will "rise-'n-shout" for! It's so good . . . and so good for you! For 5 Minute "Cream of Wheat" contains blood-enriching Iron . . . and it provides Calcium and Phosporous for diets deficient in these elements! Ask your grocer tomorrow for 5 Minute "Cream of Wheat"!

Something New . . . Something Gay . . . this Cherry Upside-down Cake is just the thing to top off a cold weather meal in fine style. Light as a feather, thanks to SWANS DOWN CAKE FLOUR — the flour that's sifted again and again, until 27 times as fine as ordinary flour.

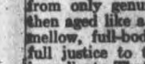
CHERRY UPSIDEDOWN CAKE

1 1/4 Cups sifted Swans Down Cake Flour
1 1/4 teaspoons Calumet Baking Powder
1/4 teaspoon salt
2/3 cup sugar
2 4 tablespoons butter or other shortening
1 egg, well beaten
1/2 cup milk
1 teaspoon vanilla

To prepare pan: Melt 4 tablespoons butter in 8 x 8 x 2-inch pan or 8-inch frying pan, over low heat; add 1/2 cup sugar and cook and stir until thoroughly mixed. On this arrange 1 2/4 cups pitted, canned, drained red cherries.

Sift flour once, measure, add baking powder, salt, and sugar; sift together 3 times. Cream butter. Add dry ingredients, egg, milk, and vanilla; stir until all flour is dampened; then beat vigorously 1 minute. Turn batter out on contents of pan. Bake in moderate oven (350 deg. F.) about 50 minutes. Loosen cake from sides of pan. Turn upside down on dish; cherries will be on top. Garnish with whipped cream.

There's Many An Economical, Happy Dish to be made from this truly delicious macaroni-and-cheese combination! Yes, a package of KRAFT DINNER makes *a main dish for four* . . . for only a few pennies a serving! And takes only seven minutes to cook! Try this! . . .



KRAFT DINNER WITH SHIRRED EGGS

1 pkge. Kraft Dinner
Salt, pepper
4 eggs

Prepare the Kraft Dinner as directed on the package. Place in four shirred egg dishes. Make a depression in the center of each, sprinkle with salt and pepper, and break a raw egg into it. Bake in a moderate oven, 350°F., until the eggs are done.

Free to You! . . . a wonderful booklet that will show you how to *save* money and *make* money for you! Yes, if you'd like money to "come your way" *regularly*—send for your free copy of "DOLLARS AT WORK"! This is truly a free offer you can't afford to miss! Write to me — tonight! — Barbara Brent, 1411 Crescent St., Montreal, P.Q. — for your *free copy of* "DOLLARS AT WORK"!

"My Wife's Some Cook!" your husband will say when you top off a delicious mid-winter meal with *this* BENSON'S CORN STARCH dessert! . . .

FLOATING ISLAND

2 egg, separated
2 tbspn. white sugar
1 3/4 cups scalded milk
1/4 cup white sugar
1/8 tspn. salt
1 tbspn. Benson's Corn Starch
1/4 cup cold milk
1/2 tspn. vanilla
Red Jelly (for garnish)

To stiffly beaten egg white add 1 tbspn. white sugar; beat again, using rotary beater. Pooch by spoonfuls on top of milk which is being scalded in top part of double boiler. Skin out and reserve for top of custard. Mix together 1/4 cup sugar, salt, Benson's Corn Starch and cold milk. Blend, and stir into hot milk; stir and cook over hot water until smooth and thick. Cover and continue cooking for 10 minutes. Add well-beaten egg yolk and again cook for three minutes. Remove from heat and add vanilla; beat with rotary beater until creamy. Pour into chilled individual glass serving dishes; top with poached meringue and garnish with a tiny bit of bright red jelly. Serves 4.

With Eggs and Butter such a *BIG* item on your budget the cakes you make just have to be good! So I know you'll be glad to know that there's no waste of precious ingredients when you flavour your cakes with SHIRRIFF'S TRUE VANILLA! It's the best way I know to make sure your cakes are absolutely flavour-*right*! You see, Shirriff's True Vanilla is blended from only genuine vanilla beans, then aged like a rare old wine. Its mellow, full-bodied richness does full justice to the finest of cake ingredients. That's why I urge you to try Shirriff's True Vanilla next time you bake a cake!

Keep Your Hands the way that man in-your-life likes them . . . soft and lovely to look at! Cream them to beauty with PACQUINS HAND CREAM. You'll find that, no matter what your daily chores, Pacquins will give your hands that "lady of leisure" look. It was originally made for doctors and nurses whose hands take the abuse of 30 to 40 scrubbings a day, so it's ideally suited to the busiest of hands! Ask for Pacquins Hand Cream at your nearest drug or department store . . . and remember, when you buy it—Pacquins is the hand cream preferred by more women than any other hand cream in the world!

Here's a Tip From a Woman whose mother came to live with her. She says —"Every time we opened a window, my mother complained of drafts. And both my husband and I found the house so stuffy — until I discovered how VAPAIR freshens rooms!" Yes, Vapair is a wonder-worker! It's the instantly effective room deodorant that freshens the air . . . and gives your rooms a pleasant, woodsy fragrance! Banishes stale cooking odors and tobacco smoke, too. What's more—costs less than a cent each time to use. So for a pleasant-to-live-in home — ask tomorrow, at any drug counter, for the big-value, ten-ounce bottle of Vapair.

There's No Doubt About It . . . the price of meat is budget-breaking these days! So if you've been contenting yourself with less expensive cuts . . . ground steak — sausages — and so on . . . here's a way to dress your "budget-wise" meat up to "banquet" perfection! HEINZ TOMATO KETCHUP will provide flavour "magic" . . . either in your cooking — or at the table! You see, it's made of rich, rosy "Aristocrat" tomatoes, cooked and spiced to palatable perfection by Heinz chefs. You'll find it's so packed with tangy flavour . . . that a little will go a long way! Yes, Heinz Tomato Ketchup is economical . . . and delicious! Look for the *new pack* — at your grocer's now!

This is the Story of a "Successful" Woman I know. She's just celebrated her "Crystal" Wedding Anniversary . . . very happily married for fifteen years. Her "success" secret? "It's the little, important things that count in marriage", she says. Avoiding "quarrels"—bad habits . . . and paying attention to feminine hygiene. Because she wants a completely satisfactory — effective — dainty and convenient method of feminine hygiene . . . she uses ZONITORS. Yes, Zonitors, used by thousands of fastidious women . . . are greaseless, stainless, snow-white vaginal suppositories. They are powerfully germicidal, yet absolutely safe to delicate tissues! So why not take this tip from a successful wife and mother? . . . ask for Zonitors — your druggist has them for you! And write to me, Barbara Brent, 1411 Crescent St., Montreal, P.Q. for the ***free booklet*** giving frank facts on feminine hygiene. It'll be sent to you in plain wrapper.

Baked cabbage bundles provide good eating at budget prices.

Baked Cabbage Bundles Provide Good Eating

BY GAYNOR MADDOX

Solid nutrition at budget prices, plus good eating— that's what most homemakers are looking for. These two recipes fill that bill:

Baked Cabbage Bundles
(6 servings)

Six sizeable cabbage leaves, ½ pound ground beef, ¼ pound ground pork, 1½ teaspoons salt, ¼ teaspoon pepper, ¼ cup diced onion, ½ cup uncooked rice, 1 can tomato soup (10½-ounce size, ½ cup hot water.

Immerse cabbage leaves in boiling water. Cook for 2 minutes and drain. Mix together meat, salt, pepper, onion and rice. Spoon mixture onto cabbage leaves. Fold each leaf over filling, and fasten with toothpicks. Place cabbage bundles in a two-quart heat-resistant glass casserole. Combine tomato soup and hot water; pour over cabbage bundles in casserole. Bake 1¼ hours in a moderate oven (350 degrees F.). Remove toothpicks before serving.

Cheese Omelet With Spanish Sauce
(Serves 4)

One and one-half tablespoons fat, 6 eggs, 1 tablespoon salt, 1/3 cup grated cheese.

Heat the fat in a skillet; then tip the skillet to grease the sides and bottom. Beat the eggs, just enough to blend the yolks and whites. Add the salt, milk and pepper and heat thoroughly. Pour into the skillet and cook over low heat until a film of cooked egg has formed on the bottom of the pan. Lift the edge of this cooked egg and tilt the pan so that the uncooked portion runs under the raised cooked portion. Sprinkle cheese over omelet. Again cook until a film of cooked egg forms, then repeat the lifting and cooking process until the entire mixture is cooked and golden brown on the bottom— the process will take about 10 minutes. Then loosen the omelet with a spatula, fold from handle of skillet to opposite side of pan. Or roll jelly roll fashion and turn onto a warm platter. Serve Spanish sauce as a filling or over omelet.

TOMORROW'S MENU

BREAKFAST: Orange juice, oatmeal, cinnamon toast, coffee, milk.

LUNCHEON: Tomato juice, scalloped vegetables, whole wheat bread, butter, applesauce, warm gingerbread, tea, milk.

DINNER: Cheese omelet with with Spanish sauce, buttered broccoli, split and toasted rolls, buter, fruit tapioca cream, coffee, milk.

Millbrook News

Mrs. J. A. Thompson, a war bride from Holland who has recently been visiting her home, returned to Millbrook on Friday evening and, with her small son, is living on Bank street. It was during Mr. Thompson's war service overseas that he met his bride. Their marriage took place at Stirling after his return to Canada. Later Mrs. Thompson returned to Holland for a time, rejoining her husband here at the week-end.

Jas. A. Powell of the Continuation School staff fell on the icy boards of the bridge at the foot of the school hill on Friday evening, fracturing his left wrist. Mr. Powell had gone down town after the tea hour, and was on his way back to the school when the accident occurred. He was taken by Dr. M. E. Hobbs to Peterborough, for X-rays and had the arm put in a cast. This week Mr. Powell is continuing his teaching duties at the school.

Bishop Praises Auxiliary Mrs. H. Knapp Is Speaker

"Much progress, in and out of the hospital, in the three years since organization is bringing great comfort and happiness to the sisters and staff," Mrs. J. V. Gallivan, president of St. Joseph's Hospital Women's Auxiliary told guests at the annual dinner meeting Wednesday evening. Foremost was the new nurses' residence with an auditorium for social events, such as this dinner, and a well - equipped sewing room where the members of that committee work each week.

The president expressed sincere appreciation to the clergy and the sisters for the co-operation they have given. She promised the auxiliary will give greater help to the sisters with the big burden they face, provided an even bigger effort is made by members during the coming year.

Organization Justified

Bishop Gerald Berry, honorary director of the auxiliary, recalled the first meeting held exactly three years ago at Mount St. Joseph when he laid before the small group the plan which sisters had in mind for the new building. "This has now been completed, and the second step, erection of a power house to provide them a maximum of mental comfort," he said. "The third step, now under way, will provide 52 extra beds in sparkling de-luxe rooms, and will be completed as early as weather permits.

"When we had that relatively small meeting three years ago, you must have had doubts as to what lay persons could do," the bishop remarked, "but you have established beyond all doubt that you can work as individuals and provide comforts for the sisters as well as see your hospital in operation and also exercise your charity and interest in sick neighbors."

Transfer Problems

"I believe foundation of Ladies' Auxiliary not only does the hospital good, but does the women good too," he continued. "As a group you possess force and are no longer onlookers." The Bishop then read a passage from a new translation of the Testament and applied it to the life of the Auxiliary, proving that it fits well. "Worrying and fretting over such external things as food and clothing keeps us living in a suspense of mind" he pointed out. "One function the Auxiliary performs is transfer of members' own worries and cares, and welfare of people in the hospital is taken on instead. This applies also to the sisters who are relieved from a great deal of worry, knowing that the Auxiliary is looking after their needs."

"So I congratulate you on what you have done and urge you to do more' he said in conclusion. "I insist on putting the ceiling high and we'll all wait and see what growth will produce in you."

Speaker Graduate Nurse

Introduction of the guest speaker, Mrs. H. B. Knapp, director of the Red Cross Blood Donor Service, Ontario Division, was made by Mrs. F. J. Lynch, who mentioned her background as a graduate nurse, connected with hospital life and work for many years.

Mrs. Knapp decided to tell something of the new citizens and their families who are coming to Canada in increasing numbers and to whom she has given supervision until they are placed in employment.

Three Groups

"New citizens are in three groups" she said. "First there are those from England, Ireland and Scotland who enter under the Federal immigration law, without sponsorship. Ninety per cent are quite satisfied and settle down to live quietly. The rest are those you hear about—the ones who expected too much.'

"Second group is the Dutch. They are mostly farmers who cannot live in Holland because so much of their land was flooded during the war, and in Canada, especially Ontario, and here we have so many vacancies on the farms because the young Canadians have left them for the city and won't go back."

Mrs. Knapp said that about 5,000 came to the province last year and Ontario was the natural place for them because of the similarit yof the farm spstems. She believed they were much impressed on arrival at Montreal with the ease of entry—no barbed wire, no guards, demarcation lines of force of any kind. All their possessions, except money, are brought in very large boxes.

"The Dutch are always a happy group looking forward to great things." The father always comes first with his wife directly behind him and probably ten children in single file behind her. Unlike the English, they never lose their families" she laughed.

DPs Good For Us

Thirdly she spoke of the Displaced Persons and promised they are truly going to be good citizens. 'They didn't have to come here" she said, "but they have chosen to come and they are doing us a favor. Canadian lads will not go into mining an forestry because they have been spoiled, and unless we can find someone to keep up these industries we cannot survive as a nation. All are thoroughly tested, including adaptability, and screened for the jobs they are put into. That is why you find Doctors working on railroads and teachers on the farms," she pointed out. What will eventually happen when they are free to enter their own professions is a problem for the professional associations to work out she said.

Another group of the DPs is the "close relative group" and with these Mrs. Knapp witnesses many touching scenes at the station as parents who have been through the trying war years again see their adult children who have lived in a land of plenty for perhaps 30 years. "You have to see it to know how difficult the meeting is" she said.

Some of each of these classes mentioned have come to Peterborough the speaker said and expressed the belief they would be very good citizens. "You may find, as other centres have, that the DP's have much to offer in example and certainly they often show up young Canadians in neatnes sand courtesy."

Free Transfusions

Second topic of Mrs. Knapp's talk was the new blood transfusion service being put into effect across Canada this year by the Canadian Red Cross Society. She explained the program to be followed with governmental backing since National Health is their problem. The Red Cross supplied equipment and personnel and takes full responsibility for the condition of the blood. Hospitals will be legally bound to give the blood which they receive through this service to the patients without any charge.

Mobile clinics will visit the large centres established in Ontario to obtain the blood which will be put in the refrigerator van, taken to central laboratory in Toronto for testing, and then delivered to the hospitals who have signed contracts. It is possible to put through 60 donors in 60 minutes at these clinics, but Mrs. Knapp estimated 40 will be about the average on the first visit to Peterborough.

Appreciation to the speaker was expressed by Miss Louise Letellier.

THE SCRIBE.

Re-Elect Mrs. J. V. Gallivan St. Joseph's Auxiliary Head

Re-election of Mrs. J. V. Gallivan as president of St. Joseph's Hospital Women's Auxiliary was unanimously confirmed at the annual meeting Wednesday evening. Other members of last year's executive were also returned to office. Three nominations for third vice president were entered and a vote by ballot returned Mrs. Oscar Hallihan.

Complete slate of officers for 1949 is: honorary director, His Excellency Bishop Gerald Berry; honorary presidents, Rev. Mother Anita and Sister Priscilla, superintendent of St. Joseph's Hospital; honorary vice presidents, Sister Ligouri, Sister Angelica and Sister Camilla.

Immediate past president, Mrs. F. J. Lynch; president, Mrs. J. V. Gallivan; vice presidents, Mrs. A. E. Cauley, Miss Louise Flynn, Mrs. O. Hallihan, Mrs. V. O'Toole, Mrs. A. Hays; corresponding secretary, Miss Agnes Grant; recording secretary, Mrs. J. F. O'Brien; treasurer, Miss Madeline Flynn.

Enrolment High

Two new life memberships have been taken out bringing the total to 452. Total annual membership reported was 1,085 from the districts and 150 nuns making 1,235 active members in the Auxiliary. Mrs. F. J. Lynch, membership convener explained that the city and surrounding area is divided into districts and each district into sections for membership purposes. Otonabee shows a 90 per cent enrolment she said and Douro and Keene are also quite high.

Secretary Mrs. J. F. O'Brien read a splendid annual report summarizing the work of all departments. Later the conveners reported in detail.

Proceeds from social activities held under convenership of Mrs. A. E. Cauley were reported as follows: draw and sale of tickets, $774.25; tag day, $612.17; bingo, tea and card parties held in private homes, $238. A complete financial report was read by Miss M. Flynn, treasurer.

The sewing committee, under convenership of Mrs. Paquette, has made 1,117 articles and given them to the hospital. A reserve of 125 articles in St. Joseph's cupboard was reported by Mrs. N. McConkey, also a sum of cash on hand for the purchase of wool.

Equipment Given

A heated bassinet resuscitator, which can be used for adults as well as babies, complete with plastic tent hood has been purchased for the hospital at a cost of $600. This has already proved an invaluable aid and is kept at the delivery room entrance at all times. Included in this report of the house committee by Mrs. J. McCarney was mention of a cheque for $1,500 given to Mother Priscilla as final payment on a sterilizer. Other projects are under consideration and a rug is now on order.

Visit Patients

Visits by two Auxiliary members from each division are made each Thursday at the hospital and gifts of fruit, flowers, etc., distributed. At Christmas time cards and stamps were made available to patients Miss L. Hurley, visiting committee convener, reported. The visits seem to be much appreciated, she said.

Nurses in training were entertained at two picnics during the summer, a dance was given following the graduation exercises and three other dances held in the residence auditorium, also motion pictures shown. Mrs. P. D. Scollard, convener, said also a scholarship of $50 was donated to a nurse in the graduating class.

Miss L. Flynn handled publicity for the Auxiliary during the year. Miss Agnes Grant reported having written 147 letters on business matters.

Two delegates from the Auxiliary attended the Ontario Hospital Association convention in Toronto, last year as well as Mother Priscilla and Sister Ligouri.

Grilled Pancake, Ham Rolls With Cheese Tasty Dish

By MARY MOORE

Think of a griddle cake rolled around a rolled-up slice of cooked ham, then sprinkled with cheese and grilled under the broiler until it is golden and bubbly; then it is placed in the centre of a hot dinner plate, flanked on one side with canned green beans in a thinnish drawn butter sauce; on the other side with shredded beets.

The lady who thought up this meal was descended upon announced, by her husband with his pal in tow—(the pal's wife was visiting her mother).

When the meal was over the pal said: "Gosh, I wish Carol could take things in her stride like Ann does—she'd be fluttery for hours if I took anybody in for dinner and did not telephone her ahead."

The following day at the office he said publicly (of his host's wife)—"That woman's a wonderful manager".

What was wonderful about it? Probably her equanimity and poise.

But the part I like about the meal is the way she made six thin slices of cooked ham stretch for six people—and make them like it!

To do this trick you must make your pancakes big and thin.

Grilled Pancake And Ham Rolls With Cheese

Thin Pancakes: Two cups flour, 1 teaspoon salt, 1½ teaspoons baking powder, 2 tablespoons sugar (or less), 2¼ cups milk, 1 egg, 1 tablespoon melted shortening or cooking oil. Mix and sift the flour, salt, baking powder and sugar. Add milk, well-beaten egg, and shortening or oil and mix well. Drop onto hot griddle having cakes about 5 inches in diameter. Griddle should be oiled but no excess oil should gather in pan. Turn as soon as underside is golden.

Place slice of ham on hot pancake, roll them both up, fasten with toothpick and sprinkle with cheese and place on broiler. Keep hot. (Before rolling first pancake pour another one in pan so that you do not have to wait.) As soon as pancakes are cooked and rolls are made place under hot broiler to cook and toast the cheese and reheat the rolls.

Variations of this pancake dish are numerous; another one I like is using creamed chicken for a filling, or ground ham or ham sandwich spread, or liverwurst. Of course you know it is also good spread with jam, or jelly or marmalade and sprinkled with a smaller amount of cheese—and used as a breakfast dish.

Veal Croquettes

(This recipe may be used for leftover cold lamb too.)

This is a good way to extend leftover meat. The restaurants use it often, and croquettes are always popular with the public.

Two cups ground cold roast veal (or lamb or chicken), 1 cup thick white sauce, 2 tablespoons chopped parsley, 1 egg, 2 tablespoons water, ¾ cup fine bread or cracked crumbs. Thoroughly mix the meat with the hot white sauce (see proportions below) and parsley. Chill by spreading on large platter. Shape into croquettes or cutlets. Roll in crumbs, then dip in the egg which has been beaten with the water. Roll again in crumbs. Fry in deep hot fat at 380 deg. Fahr., turning once, from 3 to 5 minutes. Drain.

Thick white sauce for croquettes is made by melting 4 tablespoons butter or margarine, mixing with 4 tablespoons flour, adding ½ teaspoon salt, and stirring in, until thick, 1 cup hot milk.

An idea along the same lines as the above is to spread uncooked French toast with leftover sandwich fillings or meat paste and put together like sandwiches, and fry as you would French toast, and use as a supper dish.

THIS ROUND-UP OF NOVEL DESIGNS for smart spring handbags includes the hand-woven reed basket with printed cotton straps (top left); the hand-braided raffia bucket (bottom left), and a quilted bandana "sand pail" (bottom centre). Natural-colored linen combines with pincheck gingham to make drawstring bag (centre). Fringed white pique carryall (right) is washable.

Novelty Bags Swing Out For Spring in Many Designs

NEW YORK—(NEA) — Those baskets, buckets, and bandanas soon to be seen swinging from wrists will at second glance turn out to be smart handbags.

The bandana bag is actually a workman's red cotton print handkerchief fashioned to resemble a child's sand pail. What turns the bandana into a smart handbag of Richard Koret's design are quilting and piping with leather, and a stitched handle of the cotton print piped with leather and looped through rings of brass.

The bucket bag is shaped like a bucket and hangs from a rope-like handle. But all resemblance to a bucket ends there, thanks to fine natural raffia hand-braided in Italy and woven into a delicate band pattern embossed with bow-knots.

Basket bags of hand-woven reed boast as fine a look of craftsmanship. The flaring round sides of a basket, compartmented for handbag needs, are closed in by gaily printed cottons with wide zipper openings.

Other novelties include drawstring bags which combine natural-colored linen with pincheck gingham and whopping carryalls of fringed white pique. Because double envelope bags of white pique have no metal parts, they can be laundered as easily as a handkerchief.

Sorority To Offer Scholarship To PCVS Artist

Alpha Theta Chapter of Beta Sigma Phi met Monday evening in the YWCA. It was decided to give a scholarship to the girl in the Collegiate who has the best illustration in "Echoes." This will be presented by the president at Commencement exercises in the fall. The chapter's rummage sale has been postponed unttil a later date. Miss Mary Clifford was appointed chairman of a committee to arrange a mixed party for the three chapters of the Sorority.

Mrs. B. Duder was in the chair in absence of Mrs. H. Kelly, program convener, and introduced Miss Margaret Wyllie, whose two minute topic was "Margarine." Miss Betty English spoke on "Modern Art" and partticularly the painting of A. Y. Jackson, and displayed excellent samples of her subject. Miss Jean Caverley's subject was "Polynesian Art" and she had pictures to illustrate the characteristic strength of this type.

Miss Moira Whalon offered constructive criticism of the speakers.

A social half hour followed close of the meetings.

Welsh Society Organized 18 Years Ago

The 18th birthday of St. David's Welsh Society in Peterborough was celebrated Wednesday night with a party at the home of Mrs. G. Pakenham, Water St.

First meeting was held in the council room of the Chamber of Commerce in January, 1931, and the first president, the Rev. J. L. Hughes, formerly at St. George's Anglican Church, was elected. Mrs. B. Jones is the only charter member who attended the party.

It was decided on the first night to attend the service at St. George's Church on the first Sunday of March and hold a banquet on the Monday evening following, and this practice has been carried out.

This year's president, Mrs. Jos. Henderson, welcomed the guests to the celebration. They were entertained with solos by Mrs. W. J. Davies and Mrs. C. Armstrong and Mrs. Henderson gave a reading. A short skit was presented by Mesdames Henderson, Armstrong, Pakenham and W. Flowers, with Miss M. Flowers and Mrs. E. Pearse at the piano. Later, all joined in singing Welsh and English songs.

Feature of the party was a birthday cake, iced in white, and lettered in pink with 1931-1949, and "Wales Forever" done in Welsh. This was a gift from Past Presidens Mrs. B. Jones. Mrs. S. Siddall, eldest member in the club, cut the cake. Tea and other refreshments were served by the hostess, assisted by Mrs. Malcolm Pakenham, who held the lucky ticket for door prize.

Thrilling Success of Tea Aid to St. Paul's WMS Work

With the pleasure of a happy hour spent with good friends in the homey atmosphere of St. Paul's tea room Wednesday afternoon goes the grand feeling of having helped a fellow man. Guests paid a small admittance feet then purchased food for their own use from the home cooking and candy tables, all of which netted a sum well over $100 for the work of the Women's Missionary Society. In return they were served tea and delicious refreshments, fitting reward for coming out on a frosty day.

"Prelude to Spring" may have been the theme in mind as the tea table was arranged. In the centre of a handsome cloth of pale yellow damask were nodding golden daffodils with bright spring flowers in a silver basket. Small flickers of flame on either side were from tall yellow tapers set in low silver holders.

Mrs. D. T. Diplock, president of the WMS, received at the door, assisted by Mrs. C. G. Boyd, and Mrs. W. A. Hinds was at the treasurer's table.

Tea was poured by Mrs. R. R. Hall, Mrs. Jas. Dutton, Mrs. T. J. Carley and Mrs. Dickson Hall. Tea room hostesses were Mrs. Roy E. McGee, Mrs. C. G. Law, Mrs. W. A. Burrell, Mrs. J. McIntyre, Mrs. M. Comstock, Mrs. A. McConkey, Mrs. D. Davidson, Miss A. Erskine, Miss L. Hall, and Mrs. J. Marsh, general convener.

Attendants at the home cooking table, Mrs. Hubert Eastwood, Mrs. F. Hills and Miss H. Munroe, were kept busy every minute. Their supply of the best products from kitchens of noted cooks soon dwindled to nothingness.

Mrs. L. R. Mitchell was the only attendant at the home made candy table and this table was left bare an hour before closing.

Plan Two Events

WARSAW, Jan. 27—(ENS)—Sixth meeting of Warsaw Homemakers Club was held in the Institute rooms. Nine members were present and leader, Mrs. H. G. Digweed and assistant leader, Mrs. M. Lonsberry. Plans were made for a skating party and an afternoon tea. Mrs. Digweed spoke on "Suggestions for party refreshments" and "Outdoor entertainment". A lunch was served at the close.

6—In Memoriams

DONNELLY—In memory of a dear father and grandfather, Jack Donnelly, who passed away Jan. 27, 1946.

All souls are Thine, we must not say
That those are dead who pass away
From this our world of flesh set free,
We know them living unto Thee
Thy word is true, Thy will is just
To Thee we leave him Lord, in trust.
—Lovingly remembered by son, Jack, daughter-in-law, Judy, grandchildren Jone and Donna Marie.

DONNELLY—In loving memory of a dear father, Jack Donnelly, who passed away Jan. 27, 1946.

And while he lies in peaceful sleep,
His memory we will always keep.
—Loving daughter, Gladys and son-in-law John, also grandchildren, Kenny and Karen.

DONNELLY—In loving memory of a dear father, Jack Donnelly, who passed away Jan. 27, 1946.

If we had all the world to give
We'd give it, yes, and more
To hear his voice and see his smile
And greet him at our door.
But all we can do, dear father,
Is go and tend your grave,
And leave behind tokens of love
To the best father God ever made.
We like to think, when life is done,
Wherever heaven may be,
That he'll be standing at the door
Up there to welcome us.
—Sadly missed by son and daughter-in-law Ernie, Norma

DONNELLY—In loving memory of a dear husband and father, Jack Donnelly, who passed away Jan. 27, 1946.

"You left me beautiful memories, often silent tears,
But you will always be with me as I journey through the years.
You are always in my mind dear, no matter what I do,
All the time within my heart, there is a thought of you.
Never for a moment are you very far away, but dearer every day."
—Lovingly remembered by wife and daughters Dorothy and Margaret

HANDLEY—In loving memory of John F. Handley, dear father of Mrs. Ira Lowe, who entered into rest January 27, 1947
Loving and kind in all his ways,
Upright and just to the end of his days,
Sincere and kind in heart and mind,
What a beautiful memory he left behind.

Need New Reserves

WASHINGTON, Jan. 27—(CP)—Dean Acheson, Secretary of State, declared Wednesday the United States must marshal new reserves of military and economic might in the world struggle for freedom against what he called "reactionary" Communism. He indicated for the first time officially that the North Atlantic Defence Agreement, in negotiation for many months among the United States, Canada, Britain, France, Belgium, the Netherlands and Luxembourg, is about completed. He said that he hoped "to be able very soon" to talk about it in specific terms.

George Street Church Adds 72 Members

George St. United Church marked another milestone in its long history on Wednesday night when the annual congregational meeting was held. Rev. Dr. James Semple presided.

"Faces Kept in Memory," the names of 40 former members of the congregation who died during the past year were read. A silent prayer was given in tribute to them.

P. M. McCarrell, clerk of the Session, expressed appreciation for the service given by members of the Session, the boards and organizations, the Sunday School, the Cubs and Scouts, Junior Congregation, the CGIT and the Young People's Union.

Total membership of the Church in 1948 was 1460. During the year 72 new members were added to the church's roll. The rite of baptism was administered to 54. Fifty marriages were solemnized.

High tribute was paid to Rev. Dr. Semple and the Rev. Dr. J. R. R. Cooper by Mr. McCarrell. He commented also on the fine leadership Dr. Semple had given, the good congregations and statistics proving this.

Increased Donations

Missionary and Maintenance report was read by the treasurer, Ross Moore. He reported a considerable increase in the givings for 1948.

Many reports, indicating a highly successful year, were presented by the officers of the following organization, Sunday school, CGIT, Young People's Union, Junior congregation, Cubs and Scouts, Baby Band, Mission Band, Nursery School, Evening Auxiliary, WMS, WA, Benevolent Fund, Pension Fund, Mr. and Mrs. Club, and Bowling Club.

Detailed reports were also given by G. D. Carlisle, treasurer of the Trustee Board, W. Hamilton for the Board of Stewards, and O. K. Roseborough, the newly-appointed treasurer.

Report of the nominating committee by Charles Elliott resulted in the following new members being elected: Board of Sessions, H. Snelgrove, Life membership, E. A. Hales, O. K. Roseborough, Joseph Stenton, Quirt McKinney, P. M. McCarrell, A. B. Burrows, L. D. Gilmour, Allen Milburn, F. R. Stabler, Offa Williamson, W. R. Moore, J. C. Hurl; Committee of Stewards, Alex. Fitzgerald, J. R. Jobe, M. M. Kerneghan, E. L. Sackville, O. K. Roseborough, B. L. Payne, W. J. Hardill, J. J Carter and James Weaver.

E. L. Sackville expressed gratitude and thanks to Dr. Semple and Dr. Cooper for their fine work. He also thanked Mr. and Mrs. Alex. Fitzgerald for the tabulating of the weekly collections and contributions to the Pension Fund. Charles Allen and Walter Head drew praise for their work.

"The only way for each one of us to succeed is to do better than we done before," said Dr. Sample in replying to Mr. Sackville's remarks.

After the meeting refreshmnets were served by the Women's Association, under the convenorship of Mrs. W. Frise, social convener.

Suggests Vigilantes

TORONTO, Jan. 27—(CP)—Police Chief John Chisholm told a special Board of Control meeting that full co-operation of citizens was needed to cope with the wave of teen-age "hoodlum lawlessness" which was "affecting public safety." Controller Allan Lamport said some citizens were so alarmed they feared to walk the streets at night. He was prepared to organize vigilantes—patrols of citizens in each neighborhood to halt the outbreaks of violence.

DURING AN ENTHUSIASTIC OVATION to Dr. A. L. Walsh, right, in Montreal recently, some 200 leaders in dentistry from across the Dominion presented the former dean of dentistry at McGill with a painting of a Laurentian Mountain scene as a mark of their admiration for the qualities of leadership and service shown during the 20 years Dr. Walsh headed the Faculty. Dr. W. G. Leahy, left, chief of the McGill Dental Clinic, made the presentation.

600 Members At St. Andrew's

At the congregational meeting of St. Andrew's Church on Wednesday evening it was announced that total membership during the year exceeded 600 persons.

B. Crawford, Sunday School superintendent, said that the Sunday School now has a membership of 120 pupils and stated that the great need was for more male teachers.

Total contributions from all sources amounted to $19,063.

Owing to the illness of Dr. C. B. Wake, R. Morrow read the report of the Board of Managers. Satisfaction was expressed that the church mission and maintenance allocation was met after being raised 20 per cent.

W. Morrow, told of the work being done by the senior choir and Mrs. J. McColl reported on the activities of the Intermediate and Boy's Choir with a membership of 58. The Boy's Choir won first place at the Kiwanis festival, and it supplies music at one service a month.

Social activities included an operetta, 'The Toymaker," a sleighride and a picnic.

Camping and devotional activities of the CGIT were described by Miss M. Munroe and Miss Batten told of the recreation arranged by the Bowling Club.

Mrs. B. Jones said one of the highlights of the year for the WMS was the visit of Dr. Victoria Cheung, from Kongmoon, China, speaking on behalf of the mission work in China.

Mrs. H. Baker said the Women's Association had made numerous contributions to the church.

Dr. M. J. Aiken, minister of St. Andrew's, was chairman.

CLEARING HOUSE FIGURES

Clearing house figures for the week ending on Wednesday were once again the two-million mark. The total was $1,894,579.

Obituary

MRS. J. EDGAR BURNHAM

After a long illness, Mary Holt, wife of J. Edgar Burnham, formerly of Peterborough, died at the city hospital, St. Petersburg, Florida on Tuesday. She was 60 years of age.

Besides her husband, Mrs. Burnham leaves a daughter, Mrs. Earl Pettaway (Shirley) of Tampa, Florida, a step-daughters, Mrs. A. C. Darling of Toronto, who is going to St. Petersburg by plane with her father on Saturday; a sister, Jean, of Los Angeles, California, and two grandchildren, Joan and Arthur Pettaway of Tampa.

The funeral takes place on Thursday and burial will be in St. Petersburg cemetery.

Magistrate Dismisses Vagrancy Charge

When a smartly dressed young man in his early twenties was walking home with a friend in the early hours of January 15, he was approached by a policeman who summoned a cruiser to take him to the police station to spend the night there. The young man was accused of vagrancy but the charge, which he faced today, was dismissed by Magistrate W. R. Philp, K.C.

The accused was John Killingbeck of 157 Rutherford Ave., who said he was walking home along Charlotte St. with Douglas Markwick, when a police officer asked him his name. He admitted he first of all replied by giving his name as John Doe, but after the policeman insisted on knowing his correct name he identified himself and told the officer he was on his way home.

The police officer told the magistrate that it was only after Killingbeck had used abusive language that he would give a good account of himself.

Ship's Passenger Lauds Peterborough

On shipboard from England recently, Mr. Scott Medd overheard passenger conversation rating various Canadian cities, including Peterborough.

Two Liverpool men were destined for Vancouver, but a third man who had evidently been a sailor in the war was holding forth for Peterborough as an up and coming town which should not be overlooked.

Peterborough, he was telling the two Liverpool men, had a fine lot of industries and wasn't too big. He mentioned Canadian General Electric Company, Quaker Oats Co., Western Clock Co., and several others, and handed out such lively sales talk that the Liverpool lads were admittedly beginning to wonder whether they had a mistake.

Mr. Medd drifted into one of the discussions without identifying himself and mainly to elicit facts from the group which clearly proved that they were being well informed about Peterborough. Several were not certain of its location, but they did know that it was not far from Toronto.

he has been in it since November of 1947. The rent was deducted from his pay with the company.

Last fall, the building—a brick-and-frame structure with shop quarters below and the three rooms above where the Finns live—was sold to a city real estate dealer. He advised Finn late in November that he intended to convert the building into a single residence. The new owner has refused to accept Finn's rent, Finn said. Work on the building started shortly before Christmas. The notice to leave was to be effective January 17. It is since that time that the Finns have been in daily fear that they will be forced to leave.

No Place to Go

They still have no place to go, Finn says. A wartime house has been earmarked for them, he said, and they have hopes they may be able to get it sometime next month. Finn has seen the mayor several times and says, "He has done everything he can for us, and is doing his best to work things out..."

A council meeting earlier this week discussed the problem, and it was from this that the suggestion of the Water Street premises, which Finn has found unacceptable, was made.

Finn's simple explanation of his position rings genuine and his aims appear to be without melodrama. The three children are clean and healthy-looking and robustly noisy during The Examiner's visit. The father, now missing time on his job, has been assured by his present employer that his job is waiting for him when "this trouble of getting a place to live" is cleared up.

Until he can find a place, Finn says he will "stay put."

"I'm not going to cause any trouble, and I hope we can get a house so we won't bother people. But kids can't live in the streets."

Commit Driver For Trial On Manslaughter

Harley L. Overholt of Omemee was committed for trial by higher court on a charge of manslaughter on Wednesday. Preliminary hearing of the charge was held before Magistrate W. R. Philp, KC. The charge arises from the Christmas Eve highway death of 26-year-old trucker Edwin Morrow of R. R. 3, Petesborough. He was killed in a crash near Fowler's Corners involving a truck driven by him and the car of Overholt.

Another charge, of dangerous driving, has also been laid against Overholt. He has been released on $5,000 bail.

Key witness for the Crown at the preliminary was William Thachuk, 12 Anson Ave., who was driving his car directly behind Overholt's when the collision happened. He said that the accused's car had been driving erratically along the highway for several miles before the scene of the crash— the crest of a hill —was reached.

When the truck driven by Morrow came over the hill, said Thachuk, "the car seemed to go right for the truck . . . it veered right toward it." The side-swipe collision of the car and trucks showered the witness' car with flying glass, he said. Morrow, who died a few minute later on the way to the hospital in an ambulance, was thrown from the cab by the impact.

Provincial Constable George Henderson said that the truck smashed through a guard rail beside No. 7 Highway after the crash, and came to rest nosed into three large elm trees. Another occupant of the truck, Leo Buck, of 627½ Oxford St., received facial injuries and cuts on his arm.

Hunted In Preserve

A hunting expedition by Frank Mumby of Burleigh Township in the Peterborough Crown Game Preserve on Nov. 1 was a costly business for him. Today he was fined $20 and ordered to pay $2.50 costs when he pleaded guilty before Magistrate W. R. Philp, K.C.

Doctor Denies Policeman Posed As Drug Peddler

KINGSTON, Jan. 27.—(CP). — Dr. G. W. Blenkinsop Wednesday denied RCMP Constable Philip Isber's story of posing as a drug peddler and buying narcotics at the doctor's office last May and June.

Dr. Blenkinsop said the officer visited the office on three occasions, displayed a roll of bills and asked for drugs. The doctor insisted that he refused to sell his visitor any drugs and told him to 'get out and stay out."

"I said, 'I haven't any to sell to you or anybody else, even if you paid me $1,000 a pill,' the doctor testified. "Isber said, 'you'll be sorry, Doc, and walked out."

The doctor said the constable's last visit was on June 4. He said Constable Isber, who was posing as a drug peddler, told him he was going out west and wouldn't bother him any more if he would sell him some drugs. The doctor said he refused to sell and took no money.

Took His Money

Shortly afterwards, while he was ushering a patient to the door, two men came along, took hold of him and took some money from his hand, he said.

"I sa'd, 'what's going on here?i I didn't know. Then another man stepped up to me and said, 'you're under arrest!" I said, 'is this a joke?' He replied, 'we're not fooling; you are arrested under the Narcotics Act and we don't want you to commit suicide.'"

Detective-Sergeant John Batza testified that he found $80 in marked money in Dr. Blenkinsop's pockets. Constable Isber had said earlier that he paid the doctor for narcotics in marked bills.

Norman L. Matthews of Toronto, special Crown prosecutor, told the jurors they had to choose between the evidence of four RCMP men and Dr. Blenkinsop.

Arthur Martin, defence counsel, in his address to the jury, denounced the methods used by the RCMP. He suggested that Constable Isber had lied and that the drugs alleged to have been sold by Dr. Blenkinsop had been stolen from the doctor's office.

Use Wheat Straw To Improve Paper

MONTREAL, Jan. 27—(CP)—Pulp made from wheat straw when blended with other pulps improves the qualities of pulp for fine papers and increases our industrial cellulose resources, Dr. E. C. Lathrop, of the United States Department of Agriculture, said in a speech prepared for delivery at the annual meeting of Canadian Pulp and Paper Association today.

Some 1,200 executives, chemists, foresters, engineers and others associated with the pulp and paper industry in Canada, Newfoundland, the United States, Britain, Sweden and China are gathered here for the three-day annual meeting of the association.

Dr. Lathrop said it had been found that a superior insulating board can be made by blending long-fibred straw pulp with regular lime-cooked pulp. The board acquires increased ruggedness. He said that a printable sheet of newsprint could be made from straw pulp, but it will differ from regular newsprint.

Minister Endorses Red Cross Service

TORONTO, Jan. 27 — (CP) — William B. Hanna, president of the Ontario Division of the Canadian Red Cross Society, said today he had received from Ontario Health Minister Kelley an "enthusiastic endorsement" of the Red Cross free blood transfusion service.

Mr. Kelley in a letter to the Red Cross said the "undertaking to provide blood banks for hospitals, without cost, is one of the most important and most valuable of the Red Cross Society's 'good works'."

In this "new undertaking" the Red Cross would be "saving many lives and bring joy and happiness to many homes."

BarChambers Permanently U.S. Decides

Local UEW President Turned Back At Buffalo In 1948

WASHINGTON, Jan. 28 (CP)—The immigration branch of the justice department disclosed today that last fall five Canadian labor officials were permanently excluded from the United States.

The exclusion order was issued at Buffalo, N.Y., a spokesman said. He gave no details.

The five involved are: George Harris, United Electrical Workers (CIO); James M. Chambers of Peterborough UEW; William R Nie and Harry Colgate, United Automobile Workers (CIO); and Alexander McNeil of Kitchener, of the United Rubber Workers (CIO).

Mr. Chambers is the president of Local 524 (UE-CIO). Last fall he was informed while on the train to New York that he would not be allowed to enter the United States for the UE convention being held there.

Two other delegates, Thomas Davies and Art Hunter, both from Local 524 were admitted.

Later C. S. Jackson, Canadian president of the UE, was also barred when he was taken off an aircraft at LaGuardia Field in New York.

Since November a number of other Canadian union officials have been barred from the United States, some permanently and others temporarily.

Latest permanent exclusion was of William Edmiston of Toronto, a director of the International Chemical Workers Union (AFL), announced at Buffalo Jan. 25.

The immigration service said Edmison was banned on grounds his "presence in the United States would be deemed to be prejudicial to the best interests of the country."

Mrs. J. King Dies After Reception

OTTAWA, Jan. 28—(CP)—Mrs. James H. King, wife of the speaker of the Senate, died in hospital today.

Mrs. King was the former Nellie Salder of Maple View, N. B. A few hours after she and Senator King entertained following the opening of Parliament at a reception for nearly 1,000 government officials, Members of Parliament, and diplomats.

A funeral service wil be held at First Baptist Church here Monday afternoon. Senator King will go with the remains to Vancouver. Burial will be in Vancouver the following Saturday after a service in First Baptist Church there.

Mrs. King, who was 70, was the daughter of Dexter Salder and Nancy Williams. She was educated at Plaster Rock and Maple View, N.B., and also attended Mount Royal School in Montreal, before returning to Andover, N.B., where she was married to Dr. King in 1907.

Priest To Mediate Michigan Labor Row

KALAMAZOO, Mich., Jan. 28—(AP)—A Detroit Roman Catholic priest who is an old hand at labor disputes today stepped into one of Michigan's toughest in years — the 20-week-old steel workers' contract strike at the Shakespeare companies here.

His appointment Thursday as special mediator coincided with the arraignment of nine members of the United Steel Workers (CIO), indicted by a grand jury in connection with a raid December 1 on Shakespeare plants.

All nine were released under $2,500 bond each by Judge John Simpson.

The priest served as a member of several special state commissions appointed before and during the war to settle labor disputes in munitions plants.

In the raid, seven persons were injured and equipment was smashed.

Thomas Shane, a union official, admitting responsibility for the union, called it a "rally" aimed at stopping "company strike-breaking."

If Carr Talks Spy Case Ripped Open

OTTAWA, Jan. 28 — (CP). — The possibility was seen here to-day that the return of Sam Carr might open up new horizons for Canada's spy probe

It rested, informed quarters said, on the chance that Carr will talk when he comes into the custody of the RCMP. The record of the man the Royal Commission on espionage called one of the two main Canadian cogs in a Russian spy ring indicates that the chance is slim.

Carr, alleged central figure in a Rusian spy ring in Canada, was arrested by the Federal Bureau of Investigation Thursday in New York and held for probable return to Canada for trial on the charges that he disobeyed the Official Secrets Act.

A Justice Department official said at noon that Ottawa authorities have been in contact with Washington on the Carr case but no official notification of deportation has been received here.

Entwined with Carr's name in the Commission's report are the names of several persons against whom no charges have ever been laid, presumably for lack of the sort of evidence he might give. At least one—merely known as "Surensen"—could never be located.

If Carr talks, officials believe the whole probe could be thrown wide open. But few of them believe he will talk.

Meanwhile, the R.C.M.P said they had no instructions to go after Carr. There is a chance that if he fights deportation from the United States it could be some time before he appears here.

Officials are interested, too, in the chance that Carr might throw some light on the where-

Watch Screaming Children Engulfed By Raging Flames

NEW WATERFORD, NS, Jan. 28 — (CP). — Two tearful mothers today described their horror at standing helplessly by to watch their neighbors' children die in a flash fire that destroyed a double tenement with a loss of 10 lives. "It was the most horrible sight I have seen," said Mr. Daniel MacDougall as she described how she saw burning, screaming children trying to claw their way out of windows a second before they were enveloped in flames.

Mrs. Isobel Robertson, who turned in the alarm, watched bewildered and helpless for a few minutes but she "couldn't stand it any more and I went back in the house."

Mrs. MacDongall, busying herself with an early breakfast for her mining family, heard agonizing screams from the flaming McKeigan-Wiseman home across the street.

"I looked over and saw a mass of flames," she said. "I rushed out of the house and tried to get close to the house.

Tried To Get Out

"The flames were so fierce I was driven back. But not before I saw some of the children screaming and clawing at the windows trying to get out.

"I turned away and tried to get to the back of the house. There I stumbled against two Wiseman children. They were almost naked. They were whimpering softly and calling for their daddy.

"I took them back to my house as fast as I could and in the short time until I returned the whole house was burning.

"The others didn't have a chance How the Wiseman children got out I don't know."

Mrs. Robertson, the neighbor who rang the alarm, said:

"The flames from the house lit up the whole room as I called the Town Hall for the volunteer fire department.

"Then I went outside. It was awful. I could hear children screaming and crying. The house was almost gone then. I saw a man standing in the yard calling to somebody in a window to jump. And I could see children in an upstairs window with flames licking around it.

"Then I couldn't stand it any more."

Soviet Theatrical Critics Panned Severely By Pravda

MOSCOW, Jan. 28—(AP)—Soviet theatrical critics themselves were planned today—and how.

Pravda dished it out in two-thirds of a page, denouncing them as "anti-patriotic parasites," "aesthetizing nonentities," bearers of repulsive "cosmopolitanism," "Soulless maligners" and prattlers of "inflated self-opinions."

"An anti-patriotic group of vestiges from bourgeois esthetics has formed in theatrical criticism," said Pravda. The Communist party newspaper called for their eradication from the field of art.

Pravda said some of the critics openly objected that Russian heroes were always pictured in the Soviet theatre as victorious. Others, the paper continued, employed the technique of contrasting the classics with contemporary Soviet drama to the disadvantage of the latter. Yet another trick was silence. If the critics did not like a play they simply did not review it.

"These critics have lost their feeling of responsibility before the people," Pravda continued. "They are bearers of a cosmopolitanism which is highly repulsive to the Soviet people. They hinder the development of Soviet literature and put a brake to its forward motion. The feeling of national Soviet pride is alien to them.

"It is necessary, once and for all, to put an end to liberal connivance toward these aesthetizing nonentities."

RegimentRevolts Against Pact

PEIPING, Jan. 28 —(AP)—A regiment of Nationalist troops revolted today when ordered into Communist territory under the Peiping Peace Pact.

Troops loyal to Nationalist Gen. Fu Tso-Ye engaged the rebelling regiment. Fu's headquarters said the revolt was suppressed.

The engagement, in Peiping's southern suburbs, lasted several hours. Peiping residents heard mortar and machine-gun fire during the clash.

The revolting troops belonged to the 94th Army and were among units under the command of Nationalist Gen. Shih Chuch, bitter opponent of a peaceful settlement of the Peiping siege.

Shih is reported to have gone south after the Jan. 22 cease-fire order that resulted in handing over this ancient city to the Communists.

Other units of his command also are reported to have ignored orders from Fu's headquarters to move into Red territory, as the cease-fire agreement provided. They are said to have demanded that they be sent back to their homes in South China.

Meanwhile, circles close to Fu said that his headquarters would be dissolved Feb. 1 and a joint committee to administer Peiping would be installed the same day.

Say Cardinal's Trial Will Open February 4

BUDAPEST, Jan. 28—(Reuters)—The trial of Joseph Cardinal Mindszenty, a Roman Catholic primate of Hungary, will open on or about Feb. 4 in the main courtroom of the Budapest central court, a usually-reliable source said here today.

The report was not officially confirmed.

A large number of foreign newspaper men are expected here to cover the trial.

Cardinal Mindszenty was arrested Dec. 27 on charges of high treason, including espionage crimes against the security of the [illegible]

One Family Loses 8 Children

Fire Spreads Quickly Able To Save Only One Youngster

NEW WATERFORD, NS, Jan. 28—(CP). — A pre-dawn fire raced with the speed of light through a miner's dwelling in this colliery town today and took 10 lives. Nine children were among the dead.

Five other persons in the two-family building escaped. But one was in critical condition in hospital.

How the fire started in the home of Mr. and Mrs. William McKeigan, nobody seemed sure. It left the McKeigan family shattered—eight of their children dead and their remaining child, Rose, critically burned.

The dead:

Barbara Ann, three months; Agatha, four; Florence, five; Albert, nine; Russell, 10; Earl, 13; Greta, 15, and Ella, 17, all children of the McKeigans; and Edward Wiseman and his seven-year-old daughter Mary.

Save One Child

Mr. and Mrs. McKeigan carried their remaining child, Rose, from the building. A son and daughter of Mr Wiseman also escaped.

McKeigan and his wife were up early, preparing for his departure to work in the coal mines. Police theorized that was the only thing that saved them. Also it enabled

Ice Storm Snarls Ontario Traffic

TORONTO, Jan. 28—(CP)—An ice storm which swept southern Ontario last night, snarling traffic and grounding aircraft, moved to the north east today, leaving warmer temperatures in its wake. Sleet and freezing rain during the night turned to drizzling rain at dawn.

All planes were grounded at Malton airport outside Toronto during the night but officials said flights were made on schedule at 9 a.m. EST today. Driving conditions were treacherous on southern highways throughout the night but a heavy thaw early today left roads slushy and traffic returned to virtually normal.

Forecasters said early-morning showers would change to snow flurries in the south, and in the central area freezing rain and snow would continue.

The storm took its toll in traffic accidents and at Farrans Point, 17 miles west of Cornwall, 32-year-old Hefbert R. Ross of Oshawa suffered a possible fracture today when the transport in which he was driving overturned in a ditch. Damage to truck and trailer was estimated at $700.

Mrs. Edwin Tradwell of Rockton was taken to hospital in Galt today following an accident on the icy Hamilton highway. When a bus stopped to pick up a passenger, the car in which she was traveling skidded into the rear of the bus.

Australia Decides To Recognize Israel

CANBERRA, Jan. 28 (CP) — Australia has decided to give full recognition to Israel, the government announced tonight.

Prime Minister J. B. Chifley said:

"When Israel's application for admission to the United Nations comes before the General Assembly, Australia will support it."

Australia is the 26th country to accord recognition to the new Jewish state. Earlier today Switzerland announced she had given Israel de facto recognition—recognition that the government of Israel exists.

BULLETIN

LONDON — (CP) — Great Britain and her western alliance partners announced tonight they will accord de facto (partial) recognition of Israel.

Must Shave Beards Off

OTTAWA, Jan. 28 (CP).—Eleven employees of Murphy-Gamble Ltd. shaved off nine-day old whiskers as a "come-clean" order from the boss shattered their hopes of winning a junior board of trade beard-growing contest. G. Scott Murray, company president, said the employees were given permission to enter the contest, "but it seems that about 50 per cent. of the entrants were from our firm. The store has become too conspicuous."

Canada Sending Destroyer To Far East Port

OTTAWA, Jan. 29—(CP)—Defence Minister Claxton announced today that the destroyer Crescent has been detached from proposed spring exercises and will be dispatched to the Far East for use in event of an emergency.

The destroyer will sail from the naval base at Esquimalt, B. C., within the next few days. So far no specific destination has been decided upon.

Mr. Claxton said if an emergency arose as result of disturbed conditions in the Far East the Crescent would be available to assist in the evacuation of Canadian citizens.

The Crescent had been scheduled to sail today with other units of the Canadian fleet to participate in spring exercises. Sailing orders were cancelled.

Ask Reds Name Peace Delegates

NANKING, Jan. 28. (AP) — Acting President Li Tsung-Jen perked up peace prospects for China today by sending a personal plea to Communist leader Mao Tze-Tung.

Caretaker for a government deeply distrusted by the Communists, Li urged Mao to name the place and his own negotiators for a peace conference.

Li acted after his old colleague, Gen. Pai Chung-Hsi, flew in from his central China command headquarters at Hankow.

Pai, who with Li threatened a revolt in 1936 unless Chiang Kai-Shek actively fought Japan, was believed strengthening the acting president's hand ino the peace move.

Two high government officials considered to be still taking Chiang Kai-Shek's orders—Premier Sun Fo and Foreign Minister Wute-Chen — flew off to Shanghai.

Remanded For Assault

TORONTO, Jan. 28 (CP) — William L. Short and his wife, Mary, both 23, were remanded for trial Feb. 2, on a charge of assaulting their two-year-old baby, causing it actual bodily harm. Mrs. Scott, free on $200 bail, is in the custody of the Salvation Army. Her husband, in custody of police, was allowed bail of $1,000.

Bevin's Position Secure In Spite of Party Split

LONDON, Jan. 28 (Reuters).—Foreign Secretary Bevin's position in the Cabinet showed no sign today of being challenged internally—two days after the Government's critical experience in the Commons Palestine debate.

Bevin was the target of fierce personal criticism from Conservative and several Opposition, as well as from left-wing Labor elements, in the debate.

But Prime Minister Attlee, suddenly demanding a vote of confidence in the Government, made it clear that the Cabinet accepted corporate responsibility for Palestine policy.

The Government gained a victory margin of 90 in the confidence vote. Many think that but for quick rounding up of Labor members by the Whips, the situation might have ended in disaster.

Some "loyalist" Labor members who contributed to the Government's triumph have written to the Prime Minister saying they gave their support lest abstention would imperil the Government, but that if the vote had been on Palestine alone they would have opposed their leaders in the division lobbies. As it was, about 60 Labor members abstained from voting with the Government, and some 40 others were not in the Chamber.

The Cabinet, investigating the situation Thursday, endeavored to assess the maximum extent of the party insurgence with a view to protecting the future position.

With a general election a little more than a year distant, prevention of a recurrence of Wednesday night's Labor defection is vital to Government prestige.

The Government was not expected to take immediate action against the insurgents, who have been allowed considerable latitude on Palestine policy.

Fear 600 People Killed As Two Ships Collide South Of Shanghai

Report Only 40 Passengers Accounted For Hours After Vessels Crash, Australian Destroyer Picks Up Survivors

By FRED HAMPSON

SHANGHAI, Jan. 28—(AP).—Virtually all hope was abandoned today for more than 600 passengers and crew members of two Chinese ships that collided 100 miles from Shanghai. The Australian destroyer Waramunga picked up 35 survivors, including some crew members of both ships, the collier Kienyuan and the 4,000-ton freight-passenger ship Taiping. The survivors, including some of the 500 war refugees aboard the Taiping, were landed in Shanghai tonight.

Survivors said the two ships crashed off the Island of Chushan in pitch darkness. The Kienyuan went down in five minutes. Badly crippled herself, the Taiping picked up those struggling in the water and raced to try to go around on the island, 110 miles away, but sank before reaching its goal.

As far as is known here, the Waramunga, en route to Shanghai from Japan, was the only ship to reach the scene in time to pick up any survivors.

The Taiping, operated by the Chung Lien Ship Company, was en route to Formosa with some 500 war refugees. It was feared some government officials and their families might have been lost. The vessel carried a crew of 75.

The Kenyuan was carrying coal to Shanghai from Formosa. She normally carried a crew of between 70 and 75 and no passengers.

Receive Message

Chung Lien officials said today they received the following message from the radio operator aboard the Taiping:

"S.S. Taiping collided with Kienyuan latter vessel sunk (AT) 1545 GMT (11.45 p.m. Thursday, EST), saving lives help requested...position off Bonham lighthouse (Chu Shan)."

The Taiping's radio went silent immediately thereafter, indicating the ship sank.

The tragedy recalled one last November when the Chinese passenger ship Kiangya sank off the mouth of the Yangtze with the loss of more than 3,000 lives. The Kiangya sank after an explosion which has never been fully explained.

Lend Steel Companies Money On 50-50 Basis

OTTAWA, Jan. 28—(CP) — The government is prepared to lend money to steel companies on a 50-50 basis to help them Trade Minister Howe said today.

Expanding an announcement of steel plant help in yesterday's throne speech, Mr. Howe said the government would match funds the steel-producing companies provided to extend their facilities.

He declared no ceiling was being placed on the government's loans.

Armistice Talks Near Failure, Negev Disputed

RHODES, Jan. 28 (AP)—Israeli-Egyptian armistice negotiations were at the edge of failure today.

Failure of both sides to modify their stands appeared likely to wreck the conference soon. Egypt has demanded that the Jews give up gains in the southern desert, which the Jews have refused to do.

The two-week-old negotiations resumed Thursday after a two-day recess during which the delegates went home to consult with their governments on the deadlock.

Reuven Shiloah, Israeli delegate, returned from Tel Aviv with word to the acting United Nations mediator, Dr. Ralph Bunche, that his government's position was "substantially unaltered," informed sources reported.

That meant Israel was determined to hold on to the Negev desert.

Nor was there any indication of any alteration in Egypt's stand when Col. Ismail Sherine, returned from Cairo.

Jewish military men in the delegation were beginning to show irritation.

Efforts have been made to work out a compromise by giving the Jews control of the interior communications in the Negev and leaving Gaza coastal strip and its road to the Egyptians.

An authoritative Israeli source said the main interior road running south from Jerusalem through Hebron to Beersheba was "absolutely necessary for our security. We can not launch an offensive through the desert to Egypt over that road. But an Egyptian attack can be very easily made along that route."

Regina Rules Out Incendiarism

REGINA, Jan. 28 — (CP). — Incendiarism has been ruled out as a possible cause of the $1,000,000 street railway car barns fire on Sunday which destroyed 75 per cent of Regina's street cars and buses.

Provincial Fire Commissioner R. E. Tiffin said Thursday night it would be difficult for anybody to have reached the building's cockloft, where the fire started, without being observed.

Mr. Tiffin also discounted the earlier reports of an explosion. He said the "explosion" probably was the noise of the false ceiling falling on street cars below.

Meanwhile, City Council has ordered 10 new gasoline buses from Fort William, the first to be delivered February 10 to augment the crippled transportation system.

Rob Blind Veteran 2 Men Get 6 Months

SAN LUIS OBISPO, Calif., Jan. 28—(AP)—A judge who said they should publicly receive "40 lashes with a cat-o-nine-tails," sentenced two young men to six-month jail terms for stealing two nickel candy bars from a blind war veteran.

Adolph E. Alvarado, 23, and Antonio F. Lopez, 18, were sentenced Thursday by Judge Paul K. Jackson, who admitted he felt strongly about the matter because he too is blind.

MP Threatens To Unseat New Member

OTTAWA, Jan. 28 (CP)—The parliamentary debate started quietly Thursday after one incident that is due to cause repercussions later in the session. James Sinclair (L. — Vancouver North) threatened to unseat Rodney Young (CCF—Vancouver Centre) unless he withdrew a between-session charge that members of the Commons are a "bunch of crooks."

Mr. Young, by his silence, declined to withdraw. Mr. Sinclair said in an interview he plans to press his efforts to have the comparatively-new member unseated. When the Commons committee on elections and privileges is established, Mr. Sinclair and Cecil Merritt, V.C. (PC—Vancouver-Burrard) will move that their fellow townsman be asked to appear and show that he is "fit" to sit among honest and honorable men.

Mr. Young was elected in a by-election last June and attended only about 10 days of the last session.

Cries of "shame" rose from Liberal, Progressive Conservative and Social Credit benches, when Mr. Sinclair read a Vancouver News-Herald report of the speech Mr. Young made at a CCF rally in Vancouver July 26.

Reads Report

The report read in part: "The Canadian people have been sending 'a bunch of crooks' to parliament, Rodney Young, CCF member for Vancouver Centre, told a CCF open forum here Sunday. 'And I will not take that statement back,' he added."

Mr. Young wrote a letter to the News-Herald repeating his statement and adding that parliamentarians were "incompetent, lazy and flagrantly neglectful of our duties."

"I now challenge the member for Vancouver Centre," Mr. Sinclair said, "to stand up here before his peers and name specifically those members whom he charges as crooks, to prove his charges, and if he failed in those charges to follow the British tradition and to resign his seat.

"If he does not do that, I propose to move, seconded by the member for Vancouver-Burrard (Mr. Merritt), that when the standing committee on privileges and elections is formed he be called before that committee and for them to decide whether he is a fit and proper person to sit in this company of honest and honorable men."

Deputy-Chairman

W. H. Golding (L.-Huron-Perth) was selected again as deputy chairman of the Commons committee of the whole. He has served for several sessions as deputy to committee chairman Ross Macdonald (L.-Brantford City).

It was decided the throne-speech debate will be continued all next week. The following two weeks will be devoted to study of legislation providing for Newfoundland's entry into Confederation by March 31.

UNPLUG CHIMNEY

Firemen worked for more than two hours on Thursday night to unplug a chimney at Walkerfield House, Charlotte St. W. They were called when smoke began to flood the premises. The other call on Thursday night was shortly before 8 p.m. when overheated pipes were reported at the office of J. T. O'Connell, 384 Water St.

Ask Subsidy Used For Research

BELLEVILLE, Jan. 28—(CP)—Kelso Roberts, candidate for the Ontario leadership of the Progressive Conservative Party, suggested Thursday night the $1,000,000, formerly used to pay a subsidy to Ontario hog producers, be used for agricultural research.

The 50-year-old lawyer, a native of Belleville, said in an address to the Belleville Progressive Conservative Association, he was convinced it would return "dividends many times the amount invested."

The subsidy was discontinued last Dec. 31.

Mr. Roberts announced Tuesday night he would seek the leadership at a party convention to be held in Toronto next April 26-27. His announcement brought to two, the list of official candidates—the first was Attorney-General Leslie Blackwell.

Reeve Arthur Adair 4th Man To Serve

LINDSAY, Jan. 28 (CP)—When Reeve Arthur C. Adair took his seat at the 1949 inaugural session of Victoria County Council he became the fourth "Adair" and third generation of his family to represent the northern townships of Laxton Digby and Longford as reeve.

Mr. Adair's grandfather, George Adair started off this run of Adairs in municipal work in 1860 when he was elected reeve. Ten years later a brother of George and uncle of the present reeve headed the township council. Thirty-five or 40 years ago, Mr. Adair's father, William Adair became the third member of the family to attend county council.

Among Mr. Adair's prized possessions are minute books of the first council meetings held in the Norland area.

TORONTO FRUIT

TORONTO, Jan. 28 — (CP)— Wholesale fruit and vegetable prices here today are unchanged.

HOG PRICES

TORONTO, Jan. 28 — (CP)— Hog prices at Stratford this morning were unchanged. Grade A were $30.85 to farmers, delivered and $31 to truckers. At Hull hogs were unchanged at $30.28 for grade A, delivered.

CHICAGO GRAIN

CHICAGO, Jan. 28 — (AP) — Grain futures were firm in early dealings on the Chicago Board of Trade today.

Wheat opened ¼-¾ cent higher than the previous finish, May $2.20¾-$2.21; corn was up ¼-⅜. May $1.43⅝-¾, and oats were unchanged to ⅜ higher, May 71⅜.

WINNIPEG GRAIN

WINNIPEG, Jan. 28 — (CP)— Increased demand today contributed to a better tone in oats and barley futures in early trade on the Winnipeg Grain Exchange.

Shippers were on the buying side in both grains, while light selling by United States interests was well absorbed. Dealings in barley were lighter than in oats.

Rye prices advanced slightly on modest commision house demand. Advances in Chicago grains was a factor in trade on the local market. Flax was not open.

10 a.m. prices:

Oats—May ⅝ higher 72B; July ¼ higher 69⅝B; Oct not open.

Barley—May ⅝ higher 1.06⅝B; July ⅝ higher 1.00½; Oct. not open.

Rye—May ¾ higher 1.48¾; July ⅝ higher 1.46; Oct. ⅛ lower 1.41⅞.

Flax—Not open.

TORONTO PRODUCE

TORONTO, Jan. 28 — (CP)— Produce prices on the spot market here today were quoted as follows:

Churning cream unchanged. No. 1, 74 cents f.o.b; 76 delivered. Butter prints unchanged. First grade 70½; second grade 69½.

Top grade on the egg market are sluggish, but lower grades are moving well. Country shippers quoted graded eggs, cases free: Grade A large 43; grade A medium 41-42; grade A pullet 37-38; grade B 38-39; grade C 33. Wholesale to retail: Grade A large 48; grade A medium 47; grade A pullet 41; grade B 40-41; grade C 36-37.

Butter solids unchanged. First grade 68; second grade 67.

Rescues Nine Dogs From Blazing House

TORONTO, Jan. 28 (CP) — James Beattie rescued his nine purebred dogs from his flaming home Thursday night, but in the middle of his rescue operations was almost arrested.

When he came home he found the building on fire and filled with smoke. Thinking of his Pomeranian and Terrier dogs in the basement, he put a handkerchief over his nose and went through the smoke. He was able to throw eight dogs out the basement window, then had to come out for air.

A police officer, standing outside the window, grabbed him by the arm and attempted to restrain him from going in again.

Fine Glencoe Man $50 For Careless Driving

TORONTO, Jan. 28 (CP) — John McCallum, 53, of Glencoe, today was fined $50 on a careless driving charge arising out of a fatal automobile accident in which Donald McDougall of Detroit was killed.

The accident occurred at a suburban New Toronto street intersection when the vehicle driven by McDougall collided with another car last Nov. 6. The McDougall party had intended to go deer hunting.

Caught Transferring $300 Across Border

OAKVILLE, Jan. 28—(CP)—John Wolanczyk was fined $75 and $33 dollars costs Thursday on two charges involving the transfer of some $300 across the United States border. Oakville is 20 miles southwest of Toronto.

Magistrate Kenneth Langdon told Wolanczyk "I really do not think you were actually exporting money, but I believe you were trusting to good fortune to get you through."

DISTRICT GOVERNOR

District Governor of the Rotary Club, Edward Simmons, Trenton, is paying the local club a visit on Monday. He will meet with club officials at 10:30 a.m. and address the members of the club at their luncheon meeting. Mr. Simmons will also assist in the induction of some new members.

Hydro Average Climbs Steadily

Utilities Commission is doing nothing—today—about the 286,000 kwh. soaring of electric meters Thursday recording Peterborough's use of power.

The score for the week has been Monday, 268,000; Tuesday, 270,000; Wednesday, 276,000; Friday, 286,000 kwh.

Possibly there is some palliating explanation of yesterday's excess. R. L. Dobbin is continuing today in the observation seat, figuratively, and the Commission is meeting next Monday. If any comments or action is to be taken then, it will be based on the average for this week, which is now considerably above the figures for the weeks since October.

Summary for Saturday, Snowflurries. Colder.

Youth Rescues Mother In Fire

TORONTO, Jan. 28—(CP)—Mrs. Mary Hubert, 45, was rescued in her smoke-filled bedroom Thursday by her son, William, who broke through a cellar window to enter the locked house.

Mrs. Mary Hubert's condition was so serious, that an inhalator squad worked over her in an ambulance on the way to St. Joseph's Hospital. Hospital authorities said her left arm was burned but that she was now out of danger.

When William Hubert, 19, arrived home from work he was unable to get into the house. Smoke wafted from an upstairs window. He kicked in a pane of glass and got into the cellar.

On the ground floor he ran into heavy smoke and had to grope his way upstairs. He found his 45-year-old mother unconscious on a smoldering mattress.

He carried her to the foot of the stairway. Smoke had taken its toll of him and he was unable to proceed further with his burden. He was afraid to leave his mother on the stairs. He yelled for help and attracted the attention of his next door neighbor, William Forbes, former York Township fire chief.

Stock Trading Slows Prices Show Drop

TORONTO, Jan. 28 — (CP) — Prices slipped downwards as trading slowed to a crawl here today. Base metals led the declines with almost all issues dipping into easier ground. Industrials continued their downward trend for the fifth successive day and golds weakened from yesterday's slight upturn. Western oils were almost inactive and steady.

Volume for the first three hours was 452,000 shares.

The big four in the base metals led the list in a steady decline. Smelters lost 1¼ at 215¼ and Noranda, International Nickel and Hudson Bay lost fractions. Waite Amulet and Quemont also dipped fractionally and Torbit, Steep Rock, Sherritt, Reeves Macdonald and Pend Oreille were penny losers.

Papers led the declining industrial list. Most changes were held to fractions in a wide list of stocks and trading was practically at a standstill. Utilities, steels and liquors also weakened.

Padlock Home Of LPP Official

MONTREAL, Jan. 28 —(CP)— Premier Maurice Duplessis struck at alleged "Communist activity" here early today when he ordered the home of a Labor Progressive Party official padlocked following a police raid that netted a truckload of documents.

The raid was on the home of John Switzman, an organizer for the L.P.P. in Cartier ward.

Twenty policemen from city and provincial anti-subversive squads, armed with a two-page warrant signed by the premier who also holds the attorney-general's portfolio, swooped down on the Park Avenue home and seized documents and literature including placards supporting the Seamen's Union (T.L.C.) and a picture of Tim Buck, national leader of the L.P.P.

Police said that four of the seven rooms in the dwelling were used as offices by the L.P.P., the National Federation of Labor Youth, the Council of Progressive Jewish Organization and the weekly newspaper Canadian Tribune.

Switzman, his wife and 20-months-old daughter were ordered out of the house when police arrived.

them to carry Rose from their burning home which became an inferno in such a short space of time that roaring flames halted their attempts to enter and rescue others of their children.

The blaze started about 5 a.m.

In a short space of time only the frame of the two-family dwelling remained as firemen struggled in vain to bring the blaze under control.

Still shocked by his experience, young Cyril Wiseman told how he got his brother Benny to safety but how he lost his sister, Mary.

"We heard the screams and started out of bed. I grabbed Benny and Mary by the hand and we started downstairs through the smoke and fire. But she must have got scared or something by the time we got outside sha was gone and I heard her upstairs crying.

"It was awful. . . just awful," sobbed Mrs. Isobel Robertson, a neighbor who noticed the flames and rang in the alarm.

Hear Children Screaming

"I could hear children screaming and crying.

"The house was almost gone by then."

Police here said that as near as they knew there had never been a worse fire in a private dwelling in Nova Scotia.

Mrs. Robertson, visibly shaken by having witnessed the tragedy which left this coal-mining centre shaken and saddened, went on:

"I went outside.

"I saw a man standing in the yard calling to somebody in a window to jump.

"I heard somebody laughing.

Child Surrounded by Flames

"And I could see a child in an upstairs window with flames licking around it.

"Then I couldn't stand it any more.

"I went back in the house and told my husband, who was just getting dressed: 'For God sakes, if you can do anything go out there, I can't stand it any more.'"

"I didn't go outside again.

"I just couldn't watch it any longer. It was awful to hear the screaming children."

House Hit By Fire

Mrs. Robertson said she was up getting breakfast for her husband before he went to the coal mine when her nephew, William Marsh, came running across the road and asked her to ring in the alarm.

"The flames from the house lit up the whole room as I called town hall for the volunteer fire department," he said.

How the son and daughter of Mr. Wiseman managed to get out of the burning building was not known.

The volunteer fire department responded quickly but the flames had such a hold on the wooden dwelling—similar to so many in this colliery centre — that they could do little.

A coroner's inquest was ordered immediately while police said they could not say how the fire started.

"The whole town is saddened by this tragedy," said one policeman and Town Police Chief Martin McPherson, co-operating with R.C.M.P., prepared to launch an immediate investigation.

The blaze recalled the Queen Hotel fire in Halifax in March of 1939 when 28 persons lost their lives in an early-morning blaze. Many were burned beyond recognition. There were 78 guests in the hotel at the time of the outbreak.

Recognize Israel

BERNE, Jan. 28—(Reuters) — The Swiss government today announced de facto recognition of Israeli. The announcement came as a surprise since it had been expected here that the Swiss would await recognition by Britain. Switzerland is the 25th country to recognize the new Jewish state.

Bad Weather Strikes US Anew

CHICAGO, Jan. 38—(AP)—More bad weather hit portions of the storm-stricken Western United States today. Snow and wind storms slowed to some degree the fight which is being waged on many fronts to save the millions of starving and snowbound cattle and sheep.

Nebraska, one of the hardest hit by the earlier blizzards, got the most snow. Winds whipped the snow into drifts over newly-cleared highways and rail lines and curtailed relief work in the disaster areas.

Emergency cash relief came from Federal and State sources to finance the huge task of saving more than 5,000,000 cattle and sheep which are in varying degrees of distress in the Western storm area.

Premier Sympathizes With Dairymen's Case

TORONTO, Jan. 28 (CP) — Premier Kennedy of Ontario said today his government is exploring the legal aspects of coloring margarine to resemble butter but so far has made no decision.

The Premier said that at present his government knew of no law that would enable the province to regulate the manufacture of margarine. The investigation is continuing.

Mr. Kennedy added, however, he was "sympathetic" to the arguments of dairy men, who say that a yellow color has become the trademark of butter. These interests argue that margarine, whose original manufacture color is white, should not be colored yellow for market purposes.

The government has no intention of passing a law to forbid sale of margarine in Ontario, the Premier said.

Site Decision Starts People Arguing Again

COBOURG, Jan. 28—(ENS).—Announcement that the rink committee had finally decided on the Victoria Park area site for the proposed Recreation Centre, has brought the question into public view again. Consensus of comments in the business section and coffee shops indicated that the pucic is glad to see that the rink committee, after over a year of consultation and enquiry, has finally decided on a location.

Practically every class of employed person in Cobourg, and also those who comprise the "retired" group, has been canvassed for financial support, and counting the $50,000 pledged by the ratepayers, a total of about $70,000 has been lined up to finance the project. The campaign came to a standstill because the public, according to Mayor Joe Smith, wants the site settled once and for all before they donate any more.

Public interest in the site question had waned, it is pointed out, because nothing definite had been forthcoming. Now that Victoria Park, in the tourist camp section, has been selected, discussion on sites is being revised. Mayor Smith said that the Council would deal with the resolution from the rink committee and he hoped that there would be full information at hand on the suitability of the park site from the standpoint of dampness and temperature.

One main street businessman told The Examiner that if the town were to take a long range view of the recreation centre it might be a good idea to locate it in the old Horse Show Park, now the McClelland Memorial Park, so that it would be part of a large-scale recreational development, as the Memorial Park is many times larger than Victoria Park and lends itself better to expansion of recreational activities.

Underlying all the comments was the expressed feeling that there should be no further delay and that there should be built either a recreation centre or a rink but one or the other and quickly.

TALKING FISH, deep-sea divers and underwater microphones are featured in the natural-color sound film, "Voice of the Deep", recently produced by Moody Bible Institute of Chicago.

Film Reveals Fish Can Talk

Discovery that the "silent deep" is not silent after all forms the basis for a scientific color film, "Voice of the Deep," to be shown at 7:30 p.m., Saturday, at the Salvation Army Temple, according to Major Charles Watt.

Contrary to the age-old belief that there is no sound under the sea, "Voice of the Deep" reveals that fish have a definite language of their own. Their aquatic conversations in the film resemble the peculiar quacks, grunts, whistles, and clucks of a barnyard. A congregation of snapping shrimp sounds like a crackling forest fire, while a school of Chesapeake Bay croakers was once mistaken for an invasion of enemy ships.

This is the first time that fish sounds have been recorded in a film, according to Moody Bible Institute of Chicago, producers of "Voice of the Deep."

To achieve the unusual scenes in "Voice of the Deep," a scientific expedition was sent out from Los Angeles to the coast of southern California. Delicate sounding devices were used to determine where to tune in the hydrophone, or underwater microphone, to find the most noisy fish. Then a diver was lowered into the sea with a specially outfitted camera.

Mrs. E. Hewitt Heads St. Paul's Church WA

MARMORA, Jan. 28—(ENS).—Annual meeting of St. Paul's WA was held Thursday at the home of Mrs. H. R. Pearce. Mrs. J. M. Brownlie presided in the absence of the president, Mrs. S. C. Boyd. Prayer was offered by Rural Dean J. M. Brownlie. Mrs. W. D. Lavender gave the report of the board meeting held at Kingston in January. It was mentioned in this report that the annual meeting of the Diocesan WA will convene at St. George's Hall, Kingston, on April 26 and 27.

The secretary was instructed to arrange for the showing of study slides in March. Mrs. J. M. Brownlie read the requisition for the bale.

Mrs. J. W. Hickey read the financial report and gave a short report of the Dorcas work.

The rector presided for election of officers: President, Mrs. E. Hewitt; vice-president, Mrs. J. M. Brownlie; recording and corresponding secretady, Mrs. W. D. Lavender; treasurer, Mrs. J. W. Hickey; Dorcas secretary, Mrs. J. R. Reynolds; assistant Dorcas secretary, Mrs. Roy Smith; educational secretary, Mrs. J. W. Hickey.

Mrs. E. Hewitt was chosen as delegate to the Diocesan annual meeting, with Mrs. E. Brady as alternate.

The February meeting will be held at the home of Mrs. R. R. Pearce.

Margarine For Cobourg

COBOURG, Jan. 27—(ENS).—Margarine is expected to be on sale on local merchants' shelves by the end of the week or next Monday. Price will be about 45 cents a pound. Customers have been enquiring daily as to when the cheaper, butter-substitute will be available. One storekeeper said he expected all merchants would receive their stocks of margarine at the same time.

Rumbles At Osgoode Hall

Readers who have been following the public discussion about the system of training lawyers at Osgoode Hall, and therefore, of all Ontario lawyers, will know the apparent reasons for the schism between the Osgoode staff and the Law Society of Upper Canada which is the governing body of the school. The Dean and staff want a full-time law school. The Convocation of the Law Society has resolved to make the school even more part-time than it has been. They are convinced that law students most benefit from "practical" training which they are presumed to get in the Toronto law offices in which they serve as apprentices even during the days and three years when they are listed as students at Osgoode.

* * *

By the latest recommendations, over which the Dean of the School and three of his teachers resigned, students at Osgoode will be given only ten lectures a week. They will come at nine in the morning and after four in the afternoon, so that the Toronto lawyers may have almost the full day-time service of the apprentices, to whom they pay only token wages. Undoubtedly practical work in a lawyer's office is good and necessary. A layman may doubt, however, that it is a substitute for professional education on the philosophy, history and practice of law, and that ten hours a week are sufficient to give a law student the breadth of view and depth of knowledge which citizens of this province have a right to expect from their lawyers. Medical students benefit from practical work, but they no longer get their complete professional training from apprenticing themselves to a doctor, holding his horse when he is making his rounds, and occasionally watching him take a pulse or mix a potion. Medical students receive clinical training at their medical schools.

* * *

It is at present possible for a young man with a Senior Matriculation to become a lawyer by apprenticing himself to a practising lawyer over a five-year period, and by interspersing Osgoode Hall over three of these years. Most of his time at Osgoode Hall is spent devilling for Toronto lawyers. Lawyers outside Toronto must have at least one objection to this Osgoode system which the present Dean wishes to reform: only Toronto lawyers receive the benefit of the cheap office labour provided by the Osgoode students. There is no concentrated three-year course of study which fully occupies the student for six months of the year and leaves him free to gain practical experience for the other six months of the year, anywhere in the province.

* * *

The system of professional training at Osgoode is of concern to all Ontario people, not to lawyers alone. Law students become our lawyers, magistrates, judges, members of Parliament, advisers on technical matters in national and international affairs. Osgoode Hall is the only place in which Ontario lawyers may qualify. We have a right to expect the legal education provided and the conditions to be as good as the best anywhere, for we have a right to expect our lawyers to be professionally competent, well-informed and able.

A Good Year For Farmers

The Bureau of Statistics, which must always be a bit late with its news but is to be congratulated on its speedy analyses, has some good news about farmers for us all. In the first nine months of 1948 Canadian farmers received a record cash return from the sale of their products. They took in $1,762,814,000. That was 37 per cent. more than they received for the same period in 1947.

Local farmers may say: "Well, if that much money was paid out to farmers, where did my share go?" It must be admitted that western wheat farmers got a goodly whack of it. The Canadian wheat board paid out 153½ million dollars in the form of equalizing and adjusting payments and grain companies disbursed to farmers 7½ million dollars for oats and barley delivered the year before. The total from the sale of all field crops across the country was $765,986,000. Since the biggest field crops are in the west, the western farmers presumably got more of that money than did Ontario farmers. The cash receipts from field crops were 39 per cent. above those of the same period in 1947.

Our southern Ontario farmers will eye this 39 per cent. increase coldly and say: "Those western farmers are cashing in on the high prices we have to pay for our feed". However, our farmers also produce field crops. The fall wheat crop last season was particularly good and lucrative. Further, Canadian farmers got more for their livestock and livestock products than they did for field crops. The total cash received for the former in the first nine months of last year amounted to $968,496,000 — 200 million dollars more than for field crops. This brings us back to our local farmer's question about his share of the bullion. Ontario farmers are big live-stock and dairy folk and got a large chunk of the near-billion. As a matter of statistical fact, the total cash take of Ontario farmers was far greater than that of farmers in any other province for the period. It amounted to $498,398,000 — a hundred million dollars more than in 1947. Our local farmer may still not think himself a millionaire, but he certainly took in a splendid sum last year, whether he carries it in his pocket or not.

Breaking Into School

In the last several weeks eight Toronto schools have been broken into. We can understand why people, particularly young people, would want to break out of schools, but why do they break into them? There is usually little of ordinary value to tempt a burglar, for it is well known that school mice are almost as poor as church mice. It cannot be some zealous pupil who has forgotten his books and wants to do his homework. The pupils who are made in that mould are usually polite enough to ask for a key. It also impresses the teacher. Could it be that some hockey enthusiast has forgotten his skates on Friday afternoon? If so, he is skating on pretty thin ice if he breaks glass in order to get them.

There must be other and strange motives. An Old Boy of the school with a secret urge to sit in his humble boyhood's seat. A present-day pupil with a passion to stretch out on the teacher's sofa in the teachers' room, with a cigarette dangling from his mouth. A child who wants to plant an apple on teacher's desk without being labelled teacher's pet by classmates. A ne'er-do-well who wants a quiet week-end. These are rather flimsy guesses. We shall have to fall back on juvenile delinquents who have so little regard for the established order of things that they break out of schools on week-days and into them on week-ends, who to gain society's notice or to demonstrate their grievances against it, ransack public buildings, and who delight in destruction rather than creation.

The 1949 World Almanac

We have received the 1949 issue of *The World Almanac*, a book upon which we put a high value; it would be wrong to say that we could not publish *The Examiner* without it, but it is true to say that the possession of this compendium saves us many hours of searching for facts and statistics each year.

We rarely look up something in the *Almanac* without acquiring two or three scraps of information for which we have no immediate use. But the possession of useless information is one of the great delights of life; it gives a pleasant richness and variety to the mind, and enables us to be contradictory when occasion arises. When someone refers to Chicago as "The Windy City", for instance, we remind them what the velocity of the winds in New York, Buffalo, Cleveland and Minneapolis exceed the Chicago breezes by a wide margin. When we hear people exclaiming about the grandeurs of Niagara Falls, we mention casually what its 175-foot fall is a trifle compared with the 2,810 feet of the Tugela falls in Natal. Painlessly, while looking for other information, we fill up on facts about big dams, large telescopes, the ages of actors and actresses, the production dates of famous operas and choice selections from the section headed "Memorable Dates from 4004 B.C. to 1948". Such information enables us, when cornered by a bore, to start a boring conversation of our own.

We place this compendium of facts upon our shelf with the certainty that we shall thumb it often and thoroughly before 1950.

A news item says that a British scientist believes he can make a machine which will think like a human being. Yes, but which human being?

Notes And Queries

By ALPHA

Questions are solicited for this column, particularly those relating to local lore and tradition.

QUESTION: I have heard it said that Peterborough nearly did not get any money at all from Mrs. Charlotte Nicholls because she almost died before she had made her will. Is that so? What are the facts?

ANSWER: I had heard a story, almost a rumour, about this, but did not track it down until your question came in. Then I sought out a resident who knows at first or second hand a great deal about Peterborough around the turn of the century. The information given me is unimpeachable. Two years before her death in May 1890, Mrs. Nicholls, then a widow and sole inheritor of her late husband's Canadian estate, went with her companion, Miss Bryson, to visit her niece who lived in Ashbury Park, New York. This niece, Mrs. (Dr.) Wildman was really Robert Nicholls' niece. Mrs. Nicholls became seriously ill. Dr. Wildman wired Mr. Richard Hall (founder of the Richard Hall store), who was her executor. He advised Mr. Hall that Mrs. Nicholls was not likely to live.

This put the Peterborough people into a dither, for they knew that Mrs. Nicholls intended to leave money for the benefaction of Peterborough. However, she had not made a will and—despite her long residence in this city—she was an American citizen. Therefore, if she died intestate in New York, Peterborough would not get a brass farthing, not even an American dime. In his wire, Dr. Wildman advised Mr. Hall to come down to Ashbury Park with Mrs. Nicholls' lawyer Mr. E. H. D. Hall. No time was lost. A C.P.R. special train was chartered, with Mr. Richard Hall, Mr. E. H. D. Hall, and Mr. Charles McGill, Manager of the Ontario Bank, on board. A will was drawn up on the way, and ready for Mrs. Nicholls' signature upon their arrival. The ailing woman was well enough to sign it; she was also well enough to be moved.

All parties to the affair considered it best for Peterborough if Mrs. Nicholls could be got back over the border, lest legal complications arise should she die in the United States. Mrs. Nicholls was put into a freight car on a stretcher, and travelled, freight, back to Canada, under the solicitous eyes of the three Peterborough gentlemen and Dr. Wildman. When the train passed over the suspension bridge at Niagara, Dr. Wildman said solemnly to the other men: "Gentlemen, Mrs. Nicholls is now in Canada. Had she died in New York, Peterborough would not have benefited a penny".

Mrs. Nicholls lived for another two years. The will which gave Peterborough Nicholls' Hospital, some of its parks, and other endowments, was the one drawn upon the special C.P.R. which sped the good woman and her money from the State of New York.

ALPHA: Is it really true that in some churches in Canada, unfermented wine, and not fermented, is used for Holy Communion?

ANSWER: Yes. A Methodist who was a total abstainer and did not like to commune with Our Lord in fermented wine, laid the basis of a substantial fortune by selling the juice of merely squeezed grapes to Methodist churches. Of course John Wesley never took communion in anything but fermented wine.

SEVERAL readers have written in about the question which appeared two weeks ago: "Who invented the idea of God?". Since their quarrel is with the question and not my answer; since their arguments are more fervent than ontological, more pious than theological, I shall stay on the side-lines. I should like to know, however, how the correspondent who enclosed some verses is so sure that they were composed by Sir Thomas More. I cannot believe that More ever wrote anything so pedestrian as:

"I see His Face in every flower
Thunder and the singing of the birds are but
His voice:
And, carven by His power, rocks are His
written words".

SIR: Can you tell me when the film of Noel Coward's "Cavalcade" was made?

ANSWER: 1933. I happen to know because until ten or twelve years ago I pretended to be a connoisseur of films, and kept a notebook. But please, kind readers, do not deluge me with questions about recent films. "Cavalcade" was one of the ten pictures which, up until 1937, grossed more than three million dollars. The ten were: The Singing Fool, Four Horsemen of the Apocalypse, Ben Hur, The Big Parade, Birth of a Nation, Cavalcade, The Covered Wagon, The Jazz Singer, Sunny Side Up, and Broadway Melody. Some of these movies attracted dollars and millions of people for special reasons: Birth of a Nation because it was the biggest (and best) of the early pictures—a Griffith picture; Four Horsemen of the Apocalypse because of Rudolph Valentino, its theme and spectacle; Broadway Melody because it was the first major talking picture and had good tunes. "Cavalcade" appealed because of its nostalgic imperial theme, its Noel Coward script at a time when Coward's facility and attitude were in their heyday, and its able direction by Frank Lloyd, who also did Mutiny on the Bounty.

DEAR ALPHA: The other day on the train I had 'sweetbreads' for my meat course at dinner. The first time, but found them good. I really do not know what sweetbreads are, and since my dinner I have asked a couple of people. They either do not know or get embarrassed, as if sweetbreads were something a polite person does not talk about. What are they? If you do not want to answer in public, please send me a private reply by mail.

ANSWER: Sweetbreads are delicate, not indelicate. They are the pancreas of sheep. The pancreas is a gland lying behind the stomach which discharges into the duodenum a juice possessing important digestive properties.

FOR THE RECORD: As relief from answering other people's questions, I shall ask one myself, for which I have of course an answer. Question: What is the most vacant-looking thing imaginable? Answer: A clock without its hands. No imagination has been needed to prove my answer, for in the last week the east face of the town clock has been staring down at us without hands—a disconcerting vacuity. One hand came off before Christmas; the other was removed preparatory to having the clock's fingers of time restored to movement.

HEAVEN PROTECT HIM FROM HIS FAIR-WEATHER FRIENDS

Letters To The Editor

LIKES ROCKERS IN STATIONS

Sir: Your correspondent's letter regarding Peterborough's railway stations was amusing, but may I inform him that there are rocking chairs in Toronto's smart Union Station and in New York's Grand Central Station. I've enjoyed these rocking chairs in all three stations and don't want to see them disappear. How many are there in "Bobunk Valley"?

URGES POLL TAX ON SPINSTERS

Sir: The suggestion by a correspondent in Jan. 25th issue to the effect that the poll-tax be increased is surely one that has been inadvertently overlooked for too many years in view of the fact there has been no hesitation in raising taxes on property.

The poll tax of $5 per year per bachelor should in the estimation of many people be advanced to $10. How many bachelors would hesitate to spend $10 a single evening to take Cinderella to the ball? Just as quickly as that—for corsage, transportation, admission. Would they squeal if the poll tax were $10 a year? Just listen: there should be no more difficulty in collecting poll tax than income tax.

May I suggest that a poll tax be levied on spinsters? When a spinster is old enough to vote she is old enough to pay taxes. And, gals, think of the years you've missed that privilege. Is it ten years or twenty? Why not make it retroactive? Do the spinsters in offices, in factories, in professions not have the same advantage of parks, pavements, hospitals, police protection etc., as the rest of us? If spinsters want salaries equal to bachelors and benedicts, why not pay equal taxes!

What is your opinion of it?

POLL STAR.

OPPOSES POLL TAX

Sir: In last evening's paper I read a letter titled "Should Poll Tax be Increased"? As a veteran and a poll taxpayer I do not agree with the writer for the following reasons:

1. Income tax on a single man is much higher than that of the married man.
2. It is far better to remain single at the present time due to the fact that no suitable housing accommodations are available.
3. We get no vote in your civic elections.
4. There are single men working in this city who use the same facilities as the poll taxpayer but do not pay tax.
5. The cost of living, particularly board, ranges from $10.00 to $15.00 per week laundry extra, in most places.

The poll tax was started before the first war and was $1.00, then later was increased to $5.00 in one move.

This is in my opinion why poll tax should not be increased but should be lowered if anything. Perhaps another reader has other reasons.

Thanking you,

D. H. GRAHAME.

HANSARD SOCIETY FOR PETERBOROUGH

Sir: For generations it has been the belief of the English speaking world that Parliamentary Democracy and the Free Way of Life would spread over the world and eventually the people of all countries would be free.

But within the time of the present generation we have seen the tide turn and free parliaments cease to exist in many countries. Today Parliamentary Democracy and all that it stands for is menaced by a ruthless, determined and closely organized enemy operating on a world wide scale.

We can no longer assume that our free institutions will survive no matter what may happen. They must be infused anew with energetic and enthusiastic democratic effort. The enemies of freedom are still getting up earlier in the morning and working harder day and night than the believers in Democracy, and the same things that have caused us to shudder about events in other parts of the globe, could happen here.

It is not enough to denounce the enemies of freedom. We must develop positive action to strengthen and energize our parliamentary institutions. To do this the Canadian People must first become informed on Parliament, how it functions and what it does.

Founded with this objective in view, the Hansard Society of Canada is seeking to enlist the support of public spirited citizens in every community.

The Hansard Society in the following ways is attempting to stimulate Canadians to render more than lip service to our way of living:

(a) The Society will urge that citizens study the issues and then use their vote.

(b) It will hold Youth Conferences in which our young people, so assiduously courted by the enemies of democracy, can meet and question outstanding Parliamentary personalities, and gain a real interest in what remains otherwise a remote institution.

(c) It will aid in the making and distribution of documentary films for showing in movie houses, schools, universities and trade union meetings, on how our parliamentary system works, how a Member serves his constituents, the personal side of political life, and the machinery of government in operation at its many tasks.

(d) It will spread information about parliament (of which many of our citizens are only vaguely informed) in many ways and answer the questions of students, leaders of youth groups, librarians, teachers and others.

(e) It will hold public meetings at which members of the Society and the general public can meet and hear outstanding visiting democratic figures.

(f) It will urge our citizens to follow the doings of their representatives in Parliament more closely by reading 'Hansard'.

(g) It is strictly non-party and non-profit making, and open to all who believe in Parliament.

(h) For businessmen, farmers and professional groups, the Hansard Society will, in addition perform the practical service of supplying information on anything that has happened in the Canadian, British or other parliaments, which affect or interest them.

(i) Already the Hansard Society is by way of becoming a 'Parliamentary International', with sister societies operating in Britain, France, Belgium and Italy, and the idea spreading to other free countries. The Hansard Society of Canada will play its part in the slowly evolving union of Western Democracy.

It is our hope that a Peterborough Branch of the Hansard Society may be formed to promote the worthy aims of that organization in this area. Any queries about the organization of the Hansard Society will be gladly answered by the undersigned.

Yours truly,

C. K. HURST.

Bible Message

(From the Authorized Version)

Then one of them, which was a lawyer, asked him a question, tempting him, and saying, Master, which is the great commandment in the law?

Jesus said unto him, Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment.

And the second is like unto it. Thou shalt love thy neighbour as thyself. (Matt. 22: 35-39.)

If a man say, I love God, and hateth his brother, he is a liar: for he that loveth not his brother whom he hath seen, how can he love God whom he hath not seen?

And this commandment have we from him, That he who loveth God love his brother also. (I John 4: 20, 21.)

And when Jesus was entered into Capernaum, there came unto him a centurion, beseeching him, and saying, Lord, my servant lieth at home sick of the palsy, grievously tormented.

And Jesus saith unto him, I will come and heal him.

Commies Try To Make Carnival Out Of Conspiracy Trial In U.S.

By S. BURTON HEATH
NEA Staff Correspondent

NEW YORK—(NEA)—The nations of lil top Communists scoured the United States to get lawyers who are clever at making public circuses out of criminal trials. That array of eminent barristers set out, with all their skill, to break up the trial of their clients in Federal District Court.

But both lay and legal observers have a feeling that the Reds' counsel has met its match in a super jovial chap named Harold R. Medina—newest judge on hte Federal bench in the New York ditrict. Presumably by the luck of the draw, he is presiding over what may prove one of the most famous trials in court history—the "conspiracy to overthrow" case against the big-wigs of U. S. Communism.

Judges of American courts seldom impress their personalities permanently on public consciousness. Maybe Harold Medina will be forgotten soon. But his friends think that already he has demonstrated a courtroom personality that will project itself even above the vituperative uproar that defense counsel are creating.

In the trial preliminaries Judge Medina's usually good-natured remarks have been getting better newsplay than the calculated hysterionics of such actors as Harry Bricher of New York, Richard Gladstein of San Francisco, Louis F. McCabe of Philadelphia.

Shown Patience

Thus far Medina has given defense counsel ful opportunity to state and argue their objections to the trail, the jury panel, the judge, the police, the indictment and a lot of other things. He has shown great patience. But he has shown ability to crack down when he sees fit.

"That's the most absurd thing I ever heard of," he told Gladstein after one argument.

"I don't like that crock," he remarked colloquially on another occasion. "I'm going to decide these motions as best I can with the light God gave me."

And once, when he felt that the Reds' counsel was going too far, Judge Medina's cheeks paled and he said sharply:

"Don't you think it might be well to defer to the court's wishes in this matter? I don't want to be unpleasant."

To the amazement of those familiar with the lawyers he addressed, they shut up.

Medina has been on the bench only 18 months, after a long career as trial lawyer, teacher and reformer. Born in Brooklyn, he will be 61 on Feb. 16. He is just under six feet, well built but not heavy, dapper in a conservative way, quick spoken and always ready for a joke or a gag.

In the trial preliminaries the Reds' lawyers showered invective on everything connected with this trial, in an attempt to have it called off or postponed. Fo rthe most part, Judge Medina has preserved a half-bored, half-fatherly attitude. He has denied every filibustering motion but refused to be goaded into words or actions that might be used to convince appeals courts that the trial was prejudiced.

"This is not a spectacle," he remarked at one time. "This is a trial of law." In spite of all the shouting and gesticulating, the tear-streaming eyes, the bitter words, thus far the trial has been less of a circus than most observers expected it would be made.

Protest Police Guard

Defense counsel protested vigorously the guard of some 400 cops thrown around the Court House and vicinity by the City, and defended the right of Communists and sympathizers to picket the building. Medina told them:

"I don't intend to fight my way through a crowd of booing and hissing individuals without some police protection."

After listening to long arguments against the method by which jury panels are selected, the judge remarked:

"Any exclusion of any class or race would shock me."

When a lawyer asked "How does it happen that you never heard of these things?" Judge Medina grinned, and said: "I guess it must have been a conspiracy."

One lawyer thought he had the judge in a hole. He recalled that once, as an attorney, Medina argued before the Supreme Court against the jury-selecting system the Reds are attacking. "I thought you were a starry-eyed reformer, filled with zeal against an unjust system," another defense lawyer chimmed in.

"You know," Medina retorted amiably but finally, "I got licked in that case."

Judge Harold F. Medina: "I don't want to be unpleasant."

List 3 Basic Weaknesses In Plant Safety Programs

Three basic weakness in present industrial safety programs were outlined Thursday night by Albert S. Regula, vice-president of General Time Instruments Corporation of New York. He was guest speaker at a dinner meeting of the Peterborough-Lindsay section of the Industrial Accidents Prevention Association, attended by 150 industrial leaders and foremen of the district.

In his concise review of development of the work of accident prevention, Mr. Regula named lack of executive support for safety programs, failures to make safety training an integral part of job instruction and only superficial investigations of accidents as three weak points in many plants.

It must be impressed upon those in supervisory capacity, he said, that safe methods are an operational responsibility. The structure of a company should be such as to delegate specific responsibility for safety. An appreciation of the value of this feature of operations must be plant-wide.

Foremen at Fault

He cited several cases in which the fault for accidents had been found to be the failure of foremen and others in charge to train workers to recognize the hazards of processes and the safe methods of doing their jobs.

Often, in investigations by management, safety officials and committees following accidents, their reports do not dig sufficiently into the details of the cases to find the real root cause.

The speaker, who has had wide experience in the United States as an accident prevention executive, pointed out that much could be learned from the experiences of the past years in which this type of work has been carried on.

The first phase of safety measures, he said, was the improvement of the physical conditions of work—equipment, buildings, plants layout. Guards, mechanical dividers, automatic fixtures, were introduced to cut danger at machines.

After this program had been commonplace, it was found that "it is not entirely the physical characteristic of industrial life which may cause accidents. . ." Studies of accident reports showed many were due to the unwatchfulness or actual carelessness of the workers.

The Second Phase

This brought on the second phase: education. Campaigns, contests, lectures, posters, "preachers" of safety regulation were introduced. The remarkabale results in so many plants from these steps led to an early belief that the answer — the final answer —had been found.

But, he said, such was not the conclusion of exhaustive study of accidents. It was found that the injuries due to the educational methods was mainly among the minor types of plant mishaps—cuts, bruises. abrasions, Analysis of fatalities and major accidents showed that 67 per cent were "preventable by alterations in the basic working processes being used. . in the physical conditions under which work was done."

This brought on the third phase: the incorporation of safety measures into the basic working processes, the equipment and structures.

"There is no single element which will bring about the result we are after," said Mr. Regula.

Many Factors

"Overemphasis of one factor may tend to give us an unbalanced program: Organization, Supervision, Education, Engineering and Statistics. These embody the findings of the safety experts.

Organization includes the embodiment of safety by management into management policies. Supervision must see that these policies are applied and enforced.

Engineering — "safety at the source" must ensure a design of equipment which will fill recognized safety requirements.

Statistics are "the gauge of progress of our program" on the basis in which accidents which have happened can be made non-recurring.

Chairman of the meeting was H. A. Baptie, president of the Peterborough - Lindsay Section. Mr. Regula was introduced by J. H. Vernor, executive vice-president and general manager of the Western Clock Company. Thanks of the meeting were expressed by Ian F. McRae. manager of Peterborough works of the C.G.E.

During the evening, a singsong was led by Clarence Corbett. Solos were sung by Victor Coleman and Robert Johnston was at the piano.

Shoves Roast Beef, Potatoes Into Youth For Three Weeks To Meet Army Requirement

ST. LOUIS, Mo., Jan. 22. — (AP).—Plenty of roast beef and mashed potatoes have put once-scrawny David Streit of Kitchener, into the United States Army for the next six years.

Last April, the 19-year-old Streit hitch-hiked from his Kitchener home, eager to become a member of the American Army. He was turned down at Chicago and then again at Springfield, Ill. — because he had only a temporary visa.

But Sgt. John T. McCue, looking for recruits, accosted Streit in the federal building here and okayed him as far as physical and mental tests were concerned. He advised Streit to return to Canada for a permanent visa and declare his intention of becoming a United States citizen.

The youth returned to St. Louis Jan. 2 in a jubilant mood. But the strain of the battle against international red tape had cut Streit's weight to 108 pounds, 13 below the minimum.

Then a restaurant operator took over. He gave Streit a job and shoved roast beef and mashed potatoes into the youth at mealtimes for three weeks.

Streit left Thursday night for Camp Chaffee, Ark.

YPU To Go Skating

WARKWORTH, Jan. 28. — (ENS).—St. Paul's YPU met in the Sunday School room for the January meeting. A service of worship was conducted by Ruth Hancock and Marion Stillman. Glen Hancock showed a film and recited a poem. Evelyn King read the scripture.

Games were organized by Glenn Hancock and Howard Evans.

It was decided to invite Morganston YPU to a skating party next month.

BLOOD is LIFE

This is your opportunity to save a life!

Children are Canada's most precious possession. Yet every year scores of youngsters, struck down by accident, or illness, die for want of blood.

Will you donate life-giving blood through the Canadian Red Cross? The Red Cross is opening a great new civilian Blood Transfusion Service. The object of the Service is to provide hospitals and the patients they serve with whole blood and plasma FREE . . . for life-saving transfusions. Men, women and children from coast to coast will live because you have donated blood that means life itself.

This great new Service will mean life to many whose lives hang in the balance . . . YOU can make sure the balance swings the right way!

After you register, you will be asked to donate blood only two or three times a year. It's only a slight inconvenience.

The Peterborough Red Cross Rooms, corner George and Brock Streets, will be open afternoons and evenings from Monday, January 31st, to Saturday, February 5th, both days inclusive, for the general registration of donors from the city and district.

Donors Urgently Needed

Give blood that others may live

Next to him is Bruce Watson, Pat's brother.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Five local cage teams see action tonight and two more on the morrow. PCVS seniors, juniors and bantams are off for Lindsay this eevning for COSSA group games. At the YWCA gym tonight at 8.15, CGE colleens clash with Nurses, followed by Lockeys vs. Neill's. Likely two classy contests by the girl basketeers. Up at the YMCA tomorrow night at seven, Cobourg tackles Gord McIntyre's Marines "B" bunch in a Lakeshore League number—Marines having yanked out a 31-27 win o'er them previously. This one is followed by Hamilton Strand Cycles (formerly Burlington Grads) vs. Al Clark's classy Marines "A" team. Latter will be minus Joe Stewart, out with an injury, and will have to bustle plenty.

Local badmintoneers play in Oshawa this Saturday and have a return match with the Strathgowan Club in Toronto on Feb. 19. The Central Ontario tourney is listed for Belleville on Feb. 25-26. R. Charlton and R. McDonald were defeated in a challenge match by V. O'Donoghue and R. Baker in two straight for top listing here this week. Peterborough girls are still the strongest in Central Ontario, not losing a match this year. The club is having its best season with more than 100 members playing regularly. The Strathgowan Club had a poor playing reception here recently as the locals won 15-9, 4-2 for the ladies, 4-2 for the men, and 7-5 in the mixed. Grant Henry, Ontario mixed doubles champ, was down, and the club pro (Joe Noble) gave an interesting talk after.

Meteors And Petes

Toronto Meteors, who will be bolstered this time, invade Peterborough once more tonight, playing the Petes an OHA senior "B" fixture at nine in Civic Arena. The Meteors haven't had much luck against local squads here, but will be out to get back in the hunt at the expense of the men o' McGillis. We think the Creighton crew, showing much improvement lately, will be hard to stop now—and it adds up to a real Friday night fray before a big crowd. Ice will be plenty fast, which sounds good as both clubs are clean, speedy and with a smart passing attack. It should be good hockey all the way with little if any shinny shown.

Mike Rodden writes: "Irvin (Ace) Bailey, who has been coaching U. of T. teams since 1936, is not the kind of a mastermind who submits lightly to adversity. Bailey was born in Bracebridge, starred for Toronto St. Mary's juniors and for the Peterborough seniors before joining Toronto St. Patrick's NHL club in 1926-27, after Montreal had surrendered claim to his services. During the first three years in the National, the Ace earned $19,500 in salaries alone, and he also proved that as a right winger he wasn't over-paid.

* * * * * *

Topped NHL Scorers

"In the campaign of 1928-29, Bailey won the NHL scoring championship with the all-time low of 32 points for 44 games. But that season goals were historically most difficult to get and his lustre was not dimmed when it is considered that other notables followed him in this order: Nels Stewart 29, Carson Cooper, Andy Blair and Howie Morenz 27. On Dec. 12, 1933, Bailey received a fractured skull when upset by Eddie Shore in Boston and thus ended a brilliant career which had been carved indelibly into history by one of the pluckiest road players in the annals of the NHL. For a long time, medical experts despaired of saving his life but he came marching back never to play again but to become successful in business and in the coaching field."

Representatives of the PMHA to go into OMHA playdowns will be the bantam Marines, Midget Clapper's, and juvenile Trojans. Clapper's pulled out a 2-1 win over St. Peter's last night to qualify, the Marines—who last night named Frankie McGillen captain—have been undefeated, and the Legion-sponsored Trojans are the class in their section. East City beat St. Peter's last p.m. in their games while the bantam St. Peter's won from Northenders. Lindsay will send three teams down here Tuesday to open their home-and-home (goals to count) OMHA playdowns in bantam, midget and juvenile at Civic Arena. Return tilts are in Lindsay next Thursday night.

With His Boots On

The story is told by Tommy Morrison, Welland, of how he sat in a hotel room at last spring's OBA annual meeting and talked with the late Ken Colling of Belleville. Ken said doctors told him that, if he'd stay on his back, he might last three years—if not, he'd go within a year. "I'll stay on my feet," decided Ken promptly, "and get the last ounce of enjoyment out of life." He did, and lasted about nine months. His widow wrote us from Kingston the other day, saying Ken was cheerful and courageous to the last.

Best And Clark Rinks Win District Honors

The two Peterborough Tankard Rinks, skipped by R. P. Bes: and Dr. R. Clark will now go to Oshawa to compete with other district winners, and then if they should be successful there, they will go on to Toronto for the final game of the Ontario Tankard competition.

They earned this right yesterday, when, in the morning they met and defeated Oakwood and in the afternoon met and defeated Lindsay.

In the morning game Lindsay won from Lakefield 36-19 while at the same time Peterborough was accounting for Oakwood 37-18.

The final game in the afternoon between Peterborough and Lindsay was a real tussle up to the half-way mark, but after that the local boys pulled away.

The curling throughout the day was witnessed by a full house and they saw some fine curling. Not taking anything away from the other boys, but we believe that the Best-Barry game was the real high-light — close scoring and a good game. We are offering heartiest congratulations to the boys and wish them the best of luck from here in.

After being associated with this organization for 40 years we would like to see one "Tankard" banner hung up in the club parlors, over the fire place—we really would.

Not So Well

Up in Lindsay on Thursday our two District Cup rinks did not fare so well. Dr. C. McKee was down one to Fenelon Falls and Thos. Doughty down five to Fenelon Falls.

Will all curlers who are going to attend the curlers' banquet, on Monday night, please notify R. F. Downey by 6.00 o'clock Saturday night.

This is important.

Beat Up Referee

HESPELER, Jan. 28 (CP). — They take their hockey seriously in the local Rural Hockey League. In a game here between the Ayr Vics and the Breslau Cubs, several players became angry over the refereeing and choked referee Coog Eby of Preston into unconsciousness. When he recovered he awarded the game to Ayr, 6-1. The referee is making a report on the incident to the rural league officials.

Flyers And Caps In 4-4 Stalemate

By The Canadian Press

St. Louis Flyers moved into familiar stamping grounds in the western division of the American Hockey League Thursday night as a result of a 4-4 stalemate with Indianapolis Capitals. The draw put St. Louis in a first-place tie with Pittsburgh as they came from behind two times to match goals with St. Louis. Pat Lundy shot two goals for Indianapolis, and team-mates Cliff Simpson and Don Morrison notched the other two.

Tony Licari, Lloyd Doran, Vic Grigg and Don Grosso were the St. Louis marksmen.

In New Haven, the Ramblers blanked Buffalo Bisons 2-0 and moved into a third-place tie with Springfield in the eastern loop.

New Haven's first score came when Eddie Slowinski deflected Jack Lanciens hard drive from just inside the blue line. Chick Webster, with a neat backhand flip, got the other Rambler tally.

Tulsa Oilers Paste Huskies In 9-3 Tilt

By The Associated Press.

The two victors in the United States Hockey League Thursday night merely toyed with their opponents, each team scoring nine goals.

Tulsa Oilers pasted home six tallies in the first period in beating Houston Huskies 9-3 at home. Dick Butler paced the Oilers with three goals.

It was one of the roughest games in Tulsa hockey history. Vic Auger, Houston wing, and Lloyd Gronsdahl of Tulsa were penalized for fighting. Bill Durham of Tulsa was banished for five minutes for charging the Huskies' goalie.

St. Paul buried Fort Worth 9-2 in a game at St. Paul. Hal Brown, Scotty Cameron and Bing Jukes led the saints with two goals each.

Whitby Red Wings Edge Lindsay 5-4

WHITBY, Jan. 28—Whitby Red Wings edged Lindsay Mustangs, 5-4, in an OHA Junior "B" game here Thursday night. The Mustangs jumped into a three-goal lead in the first period, but were unable to keep the advantage.

Lindsay—Goal, Ferguson; defense, Hennessey, Green; centre, Parker; wings, Dysart, Crawford; alternates, V. Corley, J. Corley, McPhee, Debois, Davis, Jenkins, Richards.

Whitby—Goal, Dalby; defense, Corner, Beath; centre, Williams; wings, Lintner, Hooker; alternates Lack, Sheridan, Delaney, Johnstone, MacDonald, Brown.

Officials—Referee, Peg Hurst, Oshawa; linesman, Al Bradley, Whitby.

Benefit Puck Fray At Campbellford

CAMPBELLFORD, Jan. 27—There will be a hospital benefit hockey game, Saturday, Jan. 29, between the Ideal Welding intermediate team of the Toronto Hockey League and the local T. V. L. club.

The visitors are a group of young players who are leading their division in the Toronto loop. The homesters will be re-inforced with a forward line and a pair of defencemen from Peterborough Legion Senior "B," O.H.A. squad and out-of-town T.V.L. players.

Hughes Tie Apsley

J. K. Hughes puck squad tied Apsley Aces 7-7 on the latter's ice in a neat exhibition Wednesday night. No penalties were called in the clean contest and the ice was fast in sub-zero weather. Dyer, Panter and O'Connell sparked the Hughes attack, to do all the scoring, with Carl Graham, Lou Rouche and Anderson also going well. Bert Howden was outstanding for the Aces, he, Watson and Dunford doing all the scorng. Some 200 fans were on hand, and the visitors were treated to a fine supper and dance after. Teams:

J. K. Hughes—Goal, Toddie; defence, Reid and A. Anderson; centre, O'Connell; wings, Dyer and Panter; alternates, Graham, Rouche, L. Anderson, Simons, Gilbert and Mahon.

Apsley—Goal, Eaton; defense, D. Tucker and J. Tucker; centre, Watson; wings, Howden and Dunford; alternates, D. Dunford, Tapman, Smith, G. Tucker, Maccua, Jeff and Watson.

Remember When—

By The Canadian Press

Defenceman Eddie Shore returned to Boston Bruins' line-up 15 years ago tonight after a 16-game suspension from the National Hockey League following the historic Bailey incident. Ace Bailey, Toronto right wing star, had suffered a fractured skull in a collision with Shore in a game at Boston and as a result was forced to quit hockey.

Gavilan Decides Robinson Match

NEW YORK, Jan. 28—(AP)—Plans for an Ike Williams-Ray Robinson welter title match next summer hinge on a decisive victory for Ike in tonight's rematch at Madison Square Garden with Cuban Kid Gavilan.

Many things must be straightened out before lightweight champ Williams can square off against Sugar Ray. One is Gavilan.

The Rhumba Kid made it close with Williams last February. If Ike can't better his margin in the return 10-rounder, he may decide to stick to the 135-pound class.

"Sure I want to win the welter title," Ike said recently, "but if I win it I'll probably give it up and go back fighting lightweights. They make more money."

Gavilan could be the man to discourage Williams' ambitions. Although Ike was acclaimed as fighter of the year and winner of the Eddie Neil Memorial Plaque in 1948, he barely outpointed Gavilan Feb. 27. It was unanimous, but referee Ruby Goldstein and one judge had it 8-4-1 and the other judge had it 6-4. It was 5-5 on the Associated Press card, with Williams winning on points.

Regina Capitals Hold First Place In West

EDMONTON, Jan. 28—(CP)—Regina Capitals again are back in first place in the Western Canada Senior Hockey League, which they have dominated most of the season.

Edmonton Flyers who gave Caps a few bad moments during the last two weeks have tapered off. They now are five points behind Caps in second place.

A 12-point gap separates Flyers from Lethbridge Maple Leafs. The Southern Alberta club was successful in dislodging Calgary Stampeders from third place during the last two weeks. But Stamps are just one point behind Leafs. Saskatoon Quakers are far behind in last place.

SULLIVAN A COMER?—According to Boston Bruins' president, Weston Adams, general manager Art Rose, and Coach Dit Clapper, George (Red) Sullivan—Peterborough boy with St. Catharines Juniors—is a coming Bill Cowley. The redhead is shown above between Dit, and Goalie Frankie Brimsek of the Bruins, whose son died a few days ago. Below, at left, is Butch Bouchard, who may be lost to Canadiens the rest of the season due to injuries; in centre is Ken Reardon, stormy rearguardsman for the second-place Habs; and right, Elmer Lach, due to rejoin Montreal by February 10.

Here and There In Sport

By The Canadian Press

Fred M. Saign, Jr., Thursday became president and majority stockholder of St. Louis Cardinals Baseball Club by buying out his partner, former United States Postmaster General Robert F. Hannegan.

Saign disclosed that he now owns about 90 per cent of the Cardinal stock. Neither Hannegan nor Saign would say how much money exchanged hands in the deal. Unofficial estimates of the amount Hannegan received ranged from $1,000,000 to $2,000,000.

Fourteen months ago they bought the club from Sam Breadon for a reported sum of $4,000,000, with the 49-year-old Saign becoming vice-president and treasurer.

From Hamilton, comes word that plans are being made for formation of a Canadian Softball Association which would include the Ontario Amateur Softball Association, the Western Canada Softball Association and the Nova Scotia Softball Association.

O.A.S.A. spokesmen said Thursday the project calls for reorganization of a Canadian organization which was set up in 1932 but has never functioned.

The American influence has reached into Canada's softball diamonds. Two American imports, said to be the first in the game's history in the Dominion, have been signed by Toronto Tip Tops of the Beaches Fastball League. They are the famous Negro battery of Joe Louis' Detroit Punchers Club —pitcher Charley Justice and catcher Shelley Miley.

Eddit Slowinski, right winger of New York Rangers, of the National Hockey League, Thursday was sent to New Haven of the American League to skate himself into condition. The Winnipeg-born Slowinski suffered a deep skate wound Jan. 3 and now is fully recovered.

Sammy Snead's putter behaved on wet greens Thursday as the West Virginia slammer took a lead in the $10,000 Phoenix, Ariz., Open Golf Tournament with a three-under-par 68. In a second-place deadlock at 69 were Jimmy Demaret, Ojai, Calif., Jack Harden, El Paso, Tex., Tex Consolver, Wichita, Kas., Dick Metz, Virginia Beach, Va., andd Jack Burke, Jr., White Plains, NY. Favorite Ben Hogan shot a 72.

At Victoria, Eddie Haddad, Canadian amateur lightweight boxing champion, Thursday denied he was retiring and said his three-month cruise with the HMCS Ontario only would force cessation of active competition temporarily. "I am definitely not hanging up my gloves," he said commenting on reports he was ditching boxing for his navy career. Haddad won the Norton H. Crow trophy in 1948 as the Dominion's top athlete.

Figure-skating stars from seven countries limbered up on the ice of Milan's sports palace Thursday for the European championships opening today. A new ruling of the International Skating Union, limiting the competition to European amateurs, eliminates North Americans from this year's competition and leaves both the mens and women's titles open.

Dick Button of the United States, the World and Olympic champion, won the mens title last year. The women's championship was won in 1948 by Barbara Ann Scott of Ottawa, the world and Olympic Queen who now is a professional.

Maureen Gardner, 20-year-old British star who finished second to Mrs. Fanny Blankers-Koen in the women's 80-metre hurdles at the Olympic Games last summer, is being questioned by the Women's Amateur Athletic Association about her amateur standing. Geoff Dyson, chief coach of the British Amateur Athletic Association, who also happens to be the husband of Miss Gardner, disclosed the affair himself at London. He said the WAAA wants to know about an advertisement linking his wifes name with a track uniform.

Harness racing, dormant in Ottawa for many years, will be revived this summer with a 10-day meeting, it was announced on Thursday after a conference of representatives of the Ottawa Valley Harness Association and the Connaught Park Jockey Club. The meeting will be conducted from June 24 to July 3 at Connaught Park.

TVL Postponement

MARMORA, Jan. 28—(ENS)—The postponed home game of the Marmora Redmen with their Lakefield rivals in the Trent Valley League is scheduled for Saturday evening. Indications point to a large crowd of hockey fans of the district being present to witness what promises to be a battle royal between these keen contenders for league honors.

East City Wins

East City defeated St. Peter's 8-3 in their PMHA fixture at Riverside rink. They racked up five goals in a driving first period but were held to a 1-1 tie in the second and to a 2-2 draw in the third as the Saints settled away. Shearer, Gandy and P. Ferguson stood out for the winners, with J. Bacon best for St. Peter's and Alberico, Sheehan and R. Collins going well. Shearer had three goals, Gandy two, and Ferguson, Thompson and McGrath one each for the victors; with Alberico, Sheehan and Collins scoring for the losers. The teams:

East City: Goal, McGrath; defence, Shearer and Miller; centre, P. Ferguson; wings, Gandy and D. Ferguson; alternates, Thompson, Foster, Heffernan, McGrath and Murdock.

St. Peter's: Goal, Hickson; defence, Bacon and Jones; centre, Alberico; wings, Seele and Basciano; alternates, Sheehan, L. Collins, R. Colins, Jones, Legana, Buckton and Cupoli.

St. Peter's Victors

St. Peter's trounced Northend bantams 15-2 in a PMHA tussle last evening at Riverside. Griffin, Cupoli and Foley got three goals each for them and Peirson two, as T. McKinney and McFadden got the lone markers for the losers in the one-sided fray. The teams:

Northend: Goal, Gallagher; defence, Pollard and Davis; centre, Morgan; wings, McFadden and T. McKinney; alternates, Carter, Griffin, Stewart, Macklin, R. McKinney, M. Brooks, Whitnell and [illegible].

St. Peter's: Goal, O'Brien; defence, O'Connell and Legrow; centre, Griffin; wings, Cupoli, and Corkery; alternates, P. Ferren, Foley, Hickey, Ryan, T. Ferren, Lefevre and Peirson.

Lakefield Winners Against Lakehurst

LAKEFIELD, Jan. 28—(ENS)—Lakefield won 6-3 from Lakehurst last night in a Haywire Loop tilt. But five penalties were handed out in a clean, lively and close contest. The final goal was pulled into the net by the goalie. Loucks scored first from Wanamaker, but J. Westlake evened it up. In the second period, Lakehurst went ahead on Calvert's counter. Lakefield had a margin in the third heat on goals by Brown, Knox, two by Wanamaker and one by Sabatino, as J. Chittick and Wanamaker each had an assist. Calvert scored for the losers. The teams:

Lakehurst: Goal, Barr; defence, Fawcett and Wilson; centre, J. Westlake; wings, Calvert and Hunt; alternates, Easson, Coons, R. Shearer, Hewitt, M. Westlake, Barcroft, Williams and G. Shearer.

Lakefield: Goal, Allen; defence, P. Calberry and Campbell; centre, Chittick; wings, Brown and Millage; alternates, Montgomery, Loucks, Wanamaker, Loyst, Shewen, Twist, Knox, Sabatino and Hill.

Referee: J. Fawcett.

Russia Returns Ship

LONDON, Jan. 28—(AP)—The Admiralty said Thursday night that the battleship Royal Sovereign will arrive at Rosyth, Scotland, Feb. 3 from Murmansk, Russia. The ship, one of those loaned to Russia in 1944, originally was supposed to have arrived Jan. 21. Cause of the delay was not made public.

Fashion Crafts Smash 4022 In City League

Fashion Craft were the big team in the Men's City Five Pin League last night as they trounced Sunoco's for six points and swept the individuals with a smashing 4022 for high pinnage, 1405 for high single game with Bill Martin having high three of 920 and high single of 347.

Shockeys again took over first place with a six-point win from Empress Old Timers. Russelle's whipped Ostranders 4-2 and rolled a neat 3729. King George blanked Clappers as Rileys, Charlotte Credit Jewellers, Esquires and Bond Clothes each took four points from Cavanaghs, Marinos Lunch, McCannan Electric and De Laval.

Other good three-game totals were rolled by Joe Denault 869, El Downer 866, Tic Caccavella 826, Buck Fleming 816 and Frank Wood 813.

Bill Martin had 317 along with high high 347 single followed by Joe Denault 287, Stan Murduff and Lefty Reid 338, Bill Miller 330, Tony White and George Dodson 328, Frank Wood 327, Tony McPhate 324, Jack Breakspear 320, Gene Reynolds 317, Buck Fleming 315, Fred Martin 314, El Downer 306, and Phil Pryde 300.

Last night's scores on the average were about the best of the season and it was nice to see Secretary Frank Wood enter the charmed circle. His luck up until last night has been bad.

The race for top honors in the standing has tightened up and only four points separate the first place Shockeys and the fourth place Fashion Craft, with Ostranders and Rileys in between with the same number of points.

Fred Martin continues to dominate the high average race with a 253 average, eight points better than his closest rival.

LADY LEGH, (right) and the Countess of Kimberley, wife and daughter of Lt.-Col. the Hon. Piers Legh, Master of His Majesty's Household, who arrived in Halifax recently. They are enroute to Montreal to visit Lady Legh's son, T. B. Shaughnessy, a grandson of the first Lord Shaughnessy, a former president of the CPR. Lady Legh described Princess Elizabeth's son as a "fine bonny baby," when queried about the new prince. She also informed the press that the baby is called Prince Charles, not "Prince Charlie" as many romantically-minded Scotsmen had hoped.

Has To Give Up Bronx Cheer To See Games

VANCOUVER, Jan. 28 (CP) — Christopher R. North "good-citizen" award winner of 1936, will have to give up his Bronx cheer if he wants to watch ball games.

In Supreme Court here Mr. Justice H. S. Wood decided that the resounding vocal insult was too much for ball park fans.

North, now 73, and a former police commissioner in Victoria, sued the Victoria Baseball and Athletic Company, Ltd., for refusing him admission to their park last June. North held two season tickets that cost him $146.30, but the operators banned him.

The judge termed North, who won Victoria's "good citizen" award in 1936, a man "of whose generous spirit there is no doubt." But he agreed with the company's objection to his famous raspberry and to his general conduct at ball games.

The court ordered a return of $96.80 from the price of the season tickets.

At the earlier hearing, North said "You go to a ball game and you coast the ball players and toast them."

He admitted having liquor on him several times but said he always drank in private.

The last straw, Park operators said, was North's rendition of his Bronx cheer.

Said the Judge:

"Whether the cheer was well done or misfired, I'm not sure, but the young women (among those complaining) swore he spoiled their lunch."

Dies After Fight

MOBERLY, Mo., Jan. 28—(AP)—Charles Byas, 20-year-old student at Lincoln University, Jefferson City, died while en route to hospital Thursday night after being knocked out in an amateur boxing match. Byas lost the fight to William Holmes of Kirksville State Teachers College. He was carried from the ring and died without regaining consciousness

FBI Surprised To Land Carr

NEW YORK, Jan. 28—(CP)—The Daily News says today the Federal Bureau of Investigation was just as surprised as Sam Carr when it apprehended the former organizer of Canada's Labor-Progressive party on deportation charges.

"G-men," the News says it learned, "had been tailing a man in an investigation when somehow another man, very short, with brown curly hair and the scholarly look that spectacles give some people, got involved.

"Without even knowing who Curley was, the FBI began tailing him. Then they caught up with him and asked a few routine questions.

"Impatiently, apparently assuming they were playing a cat-and-mouse game with him, he told them to stop horsing around. He was Sam Carr, THE Sam Carr."

Gets Suspended Sentence

TORONTO, Jan. 28 — (CP) — Ruth Matthews, 21, who last week pleaded guilty to failing to provide for her two-year-old baby, Thursday was given suspended sentence and probation for one year. The woman, formerly billed with a circus sideshow as "the girl in the iron lung," left the baby with another woman she met in a downtown bus terminal and failed to call for the child.

Convicted Of Wounding

WHITBY, Jan. 28—(CP)—Earl Hopkins, 27, was convicted Thursday night of wounding his brother, Marlin, 32, with a shotgun blast in a farmhouse quarrel last November. Hopkins had been tried for attempted murder but the jury reduced the charge. To its verdict the jury attached a recomendaion for leniency. Hopkins will be sentenced Feb. 2.

BASKETBALL players generally depend on fast footwork to bring them victory, but Decatur Central's Louis Mundy was left standing on his head after a rebound had been taken, and the rest of the athletes had moved toward the other end of the court. The youngster got in his bit of fancy headwork during the tournament.

BARRIES OF SOUTH WATERLOO are named farm family of the month. Beyond stump fence (LEFT), relic of land-clearing days, one of the boys works field on 400-acre farm, which has a constant yield from 85 acres of bush replanted from nurseries as old trees are cut. Farm dates back to 1840. Family dinners and picnics often fill the farm's spruce-shady side yard (RIGHT). Mrs. Barrie's kitchen conveniently opens onto the porch which Will built with lumber cut from his woods.

Raises $2,250 For Missions

NORWOOD, Jan. 28—(ENS)—More than $2,250 was raised for missionary work by the United Church during 1948. It was reported at the annual congregational meeting on Friday that all sections of the church had hit a new high record in missionary contributions.

The membership report presented by the clerk of session, Mr. G. A. Brethen, showed an increase of 15 in resident membership. Nine members were lost by death and eight by transfer to other charges. Thirteen were received on profession of faith and 19 by transfer from other charges. The resident membership is now 344 and there are 135 non-resident members. An effort is being made to induce non-resident members to transfer their membership to the congregations where they now worship.

The minister conducted a brief memorial service in remembrance of those who had died during the year.

In a financial review of the year it was recalled that repairs and improvements to the church and parsonage property were costing approximately $1,500. Some of this was completed and paid for last year, but some work was done this year and would not be finished until the spring.

Retiring members of the session and the entire committee of stewards were re-elected. Appreciation was expressed for the work of the janitor, Mr. Gordon Parker, and of Mrs. W. H. McMillan and her helpers for the preparation of the Communion.

A film on Christian stewardship followed the business meeting.

Satellite Towns To Take Workers Early Next Year

By NORMAN CRIBBENS
Canadian Press Staff Writer

LONDON, Jan. 27 —(CP)—Early in 1950 London families now living in overcrowded suburbs will start moving into trim, modern dwellings at Hemel Hempstead and Stevenage, Hertfordshire—two of Britain's new satellite towns.

They will be mainly the families of building workers needed to swell the labor force on these sites, where road and drainage scheme are almost ready to start.

The ministry of town and country planning has announced eight satellite towns to be built in a ring round London. Each when finished, will have a population of between 50,000 and 60,000 with its own factories, stores and social services.

Besides Hemel Hemostead and Stevenage, there will be new towns at Crawley, Sussex: Harlow, Essex; Hatfield and Welwyn, Hertfordshire; Basildon. Essex; and Bracknell, Berkshire.

"We shall have a few up by the end of 1949," said the official of Stevenage Development Corporation, "and we expect to complete 300 during 1950. We plan to bring in the first 1,000 of the new population during that year."

The area from which the people of new Stevenage may be drawn includes the London suburbs of Finchley, Hornsey, Wood Green, Southgate, Leyton, Walthamstow, Chingford, Tottenham, Edmonton, Enfield and Hendon.

Central Clearing House

Experts still believe, however, that a central clearing house may be set up for the whole of London in place of the present plan by which the new towns will draw their populations from particular areas.

Among early arrivals at Stevenage will be 100 scientists from a government water pollution research station which will be transferred from Watford.

Peak target of a 5,000-strong labor force will not be reached for another five years, and Stevenage, like the other satellite towns, will take from 15 to 20 years to complete.

At Hemel Hempstead the first hostel for building workers has already been completed. It houses 200, and other hostels to accommodate 850 are planned. Here, too, the first tranfers of population will begin early in 1950. Under present plans the area served by this town will include Hendon, shared with Stevenage, Harrow, Acton and Willesden.

"We want to avoid the risk of disappointing people by waiting until the houses are nearer reality," said a Hemel Hempstead new town offical.

"No transfers will be compulsory," said a spokesman for the ministry of town and country planning. "We believe there will, if anything, be too many volunteers."

EARLY DAYS OF CURLING—Long before the Montreal clubs had their comfortable clubhouses of today, the roarin' game flourished in Montreal. Here is a typical scene of the early days of curling when a sheet of ice was cleared on the water front and matches were played in the open air, often in sub-zero weather. In this picture, two familiar landmarks stand out in the background, Bonsecours and Notre Dame churches. Royal Montreal is the oldest curling club in North America and indeed the oldest sports club on the continent. It was founded in 1807 when George III sat on the throne. Montreal was then a town of only 2,000 houses and some 10,000 persons with memories of the days of Indian warfare still fresh in their minds. The original 20 members had no clubhouse but met in Dillon's Coffee House and the minutes of their first meeting are still in possession of the Royal Montreal Club.

Deloro Refinery Reports Fewer Accidents

MARMORA, Jan. 28—(ENS)—Deloro safety committee annual dinner was held Wednesday under the presidency of the chairman, C. H. Buskard. Deloro Hall was well filled with employees and their wives for entertainment by Toronto artists which folowed.

The chairman's report covered the 24 years of the Committee's work. He said 1948 had been the most successful year since 1936, when only six days work was lost. Accidents in 1948 were eight in number and caused total lost time of 8½ days.

Mr. Buskard pointed out that accident prevention work and recording acident statistics was the responsibility of the Mines Accident Prevention Asociation of Ontario. Deloro again headed its group with no compensable accidents.

The chairman announced that two foremen with the best no accident records would attend the Annual convention of the Industrial Accident Prevention Association. They are George Brooks and Thomas Cousins who will be accompanied by Franklin Everard as staff representative.

Thanks was extended to editor M. J. Corrigan and his staff for maintaining the Plant Bulletin.

Regret was expresed at the deaths of three members of the Commiittee. They were Lt.-Col. A. V. Yates, Joseph Judge and Arthur Embleton.

H. A. McNally, Secretary, reported the following result of the election of departmental representatives for the General Committee: Silver and Cobalt Metals, Thomas Paranuik; Cobalt Oxide, Norman Hipson; Stellite, Edward Warren; Engineering, Arthur Campion; General, William Burke and Ian McIntosh.

Veteran Teachers Retiring At Knox United Church

Sunday School is the most important part of church life according to the Rev. H. G. Douglas in reviewing the Sunday School at the annual meeting of Knox United Church Wednesday evening. Attendance in all departments of the school was up considerably during the year. Tribute was paid Gordon Morrison, retiring superintendent of the Sunday School, for his work during the five years he held that position. Phyliss Kidd presented Mr. Morrison with a Bible. Mr. Douglas commended the teaching staff on the progress made last year.

After seven years of service, Mrs. Robert Hanscom retired as superintendent of the junior church. During the past year an average of 25 children attended.

Women's Missionary Society enjoyed a full year both spiritually and financially. Their Missionary allocation to Presbytery was exceeded sixfold.

Nettie McKenzie Mission Band sent children's clothing to Canadian Church Relief Abroad for distribution, and sent Bible Story Leaflets to Trinidad and Angola. Mrs. Robert Hanscom is also retiring from the position of superintendent of this organization.

W.A. Gave Help

A vote of thanks was extended to the Women's Auxiliary for their important part in financing various projects related to the Church Property. Two members of the W.A. are representatives to the Provincial Red Cross Disaster Unit and the Local Council of Women.

C.G.I.T. continued in its work among the younger girls. They are losing a capable leader in Mrs. Ada Huffman who served in that capacity for 20 years.

Knox Men's Club is a fairly young but lively organization which had a very successful year and is looking forward to another year of fellowship and progress.

Knox Theatre Group has introduced a new way of presenting the Bible Story to the church through the medium of Religious Drama. Under the capable leadership of Peter McCombe the group has made a place for itself as one of Peterborough's outstanding theatre groups.

Arthur Pitchford moved a vote of thanks to the organist and choir for their contribution to the church in the Ministry of Music.

Finances Improved

Norman Hughes presented the treasurer's report. The auditors' report was presented by Stanley Adamson and Fred Watson. They stated that the finances of the church had improved greatly over previous years.

A vote of thanks was extended to Mr. and Mrs. Ray Gillies for their work in compiling and printing the annual statement.

Mr. Douglas expressed his desire to see Knox Church progress and pledged himself to that goal. John Donaldson moved that the meeting should thank Mr. Douglas for his work and promise full support to him in the coming year.

Refreshments were served by members of the W.A. Miss Dorothy Mitchell and Mrs. Margaret Hughes sang a duet. Solos were sung by Mrs. Jean Jackman and Miss D. Mitchell.

Paper Industry Made Strides In 1948—Fowler

MONTREAL, Jan. 28—(CP)—Total estimated production of the Canadian Pulp and Paper industry was increased by 260,000 tons during 1948, R. M. Fowler, president of the Canadian Pulp and Paper Association and formerly of Peterborough said today.

Speaking before the Association's annual convention, Mr. Fowler reported that the gross value of Pulp and Paper production increased by nearly $100,000,000, last year.

"There was not only an increase in value through price changes," he said, "but an absolute gain in productivity through increases in capacity and efficiency."

There were 51,000 permanent jobs provided by the industry in 1948, apart from wood workers. Salaries and wages paid to these permanent workers approximated $146,000,000, an increase of nearly $17,000,000 over 1947.

8 Million Increase

He said payments to wood workers in 1948 totalled nearly $192,000,000 an increase of $8,000,000 over the previous year.

Mr. Fowler said that monetary difficulties in 1948 curtailed overseas customers' purchases of Canadian newsprint. This trend will likely continue this year and as a result publishers in Canada and the United States will receive substantially more newsprint.

He said increasing demand for Kraft paper resulted in the construction of three sulphate pulp mills in Canada having a total projected capacity of some 160,000 annually.

He urged the industry to prepare in 1949 for a national emergency as the best chance of avoiding war.

"This industry, like all other industries, must prepare itself for that emergency, hoping always that such preparations will prove unnecessary."

Gasoline Lanterns Beat Power Rationing

VANCOUVER, Jan. 28.—(CP)—The lights went on again in one section of downtown Vancouver last night when the Strand Theatre hung 10 gasoline lanterns from its marquee.

It was the first Pseudo-Neon lighting to brighten the downtown area since power rationing went into effect a week ago. No respite is in sight for the Hydro-short lower mainlann, a condition caused by continued freezing temperatures.

The lanterns throw a light of 500 candlepower, or more than four times the amount given by a 60-watt bulb. The idea was taken from Ontario communities where householders bought thousands of lanterns during the power dimout.

Has Two Operations

TORONTO, Jan. 28—(CP).—Kari K. Homuth, Progressive Conservative member of the House of Commons for Waterloo South, today was reported recovering in hospital from two throat operations last week. A vocal cord was removed in the operations but hospital authorities said a change in the inflection of his voice would be the only result.

Maritime Fire Worst In Year

By The Canadian Press

T'oday's fire at New Waterford, NS, in which nine children and one adult lost their lives is the biggest death toll in a single fire in Canada and Newfoundland since 34 died in an Old People's Home at St. John's, Nfld., on Feb. 10, 1948.

A Canadian Press compilation of other major fire deaths in the last 22 years follows:

Dec. 8, 1946—11 died in Saskatoon Barry Hotel fire.

May 24, 1944—10 died in Hamilton Moose Hall fire.

Dec. 12, 1942—99 died in St. John's Nfld., Knights of Columbus Hostel fire.

March 5, 1939—28 died in Halifax Queen's Hotel fire.

Oct. 17, 1938—20 died in Forest Fire at Fort Frances, Ont.

Jan. 18, 1938—46 died in St. Hyacinthe, Que., arson blaze at Sacred Heart College.

Jan. e9, 1927—77 died in Montreal's Laurier Theatre blaze.

TURNING THE PAGES OF

"CANADA UNLIMITED"

Louis Maheu, born in Quebec in 1650, was our first Canadian-born medical man. While practising, Maheu acted as harbour-master of Quebec in his spare time.

In 1724, the Sisters des hospitalières de St. Jean, built a 100-bed hospital at Louisbourg, N.S. To help pay expenses each ship in port was assessed 10 pounds of codfish a day.

Canadian medicine kept pace with man's knowledge. McGill University gave Canada its first graduate in medicine in 1833. Canada's first woman doctor was Emily H. Stowe who practised in Toronto in 1868.

Heroes of medicine—men like Charles H. Best, whose many contributions to medicine include the method of preventing blood clots during surgery—are showing the way to even greater discoveries, because there's room to grow in Canada Unlimited.

The CANADA LIFE Assurance Company

Your Help Is Needed!

In

The Canadian Red Cross Blood Transfusion Service

1. **Why?** Because a great many lives are lost every year due to lack of Blood Transfusions.
2. **How can I help?** With your help and the help of many others, the Canadian Red Cross Society will supply blood free of charge to any hospital patient who may require it.
3. **What am I asked to give?** A little blood. It is within your power to save a life for you possess the one commodity that cannot be manufactured, an element that has proved to be the greatest of all life savers—blood.
4. **How much am I asked to give?** About three quarters of a pint which need never be missed and is quickly replaced.
5. **Who may donate?** Anyone between the ages of 18 and 65 in reasonably good health.
6. **Is donating blood painful?** No, there is no discomfort experienced in giving blood donations.
7. **Is my blood tested before I donate?** Yes, your blood is typed and a haemoglobin test is taken before each donation. You are accepted as a donor only if the test is satisfactory.
8. **Are there any diet restrictions?** No, you may eat your regular meals.
9. **How often will I be called upon to make donations?** Only twice a year.
10. **Who benefits by my gift?** Some man, woman or child who needs blood.
11. **How was blood obtained before the Red Cross organized the Blood Transfusion Service?** By paying for each transfusion or frantically appealing for donors who often were not available.
12. **Will anyone have to pay for my blood?** No! Your gift and all equipment required for making the transfusion will be supplied free of charge.
13. **Does the Provincial Government assist in this service?** Yes, it has provided a capital grant of $100,000 for the buildings necessary to house our depots and sub-depots and provides $10,000 a year for their maintenance. The depot in this area is at Chorley Park.
14. **What does Red Cross provide?** Red Cross agrees to completely operate the service. It provides all professional and other trained personnel and all transportation of the blood.
15. **How many donors will be needed?** From Peterborough City and District 2,500 are urgently needed.
16. **How may I register?** Many plants in the city are registering their own donors. Where this is not being done the Red Cross Rooms, corner of Brock and George Streets (upstairs) will be open all next week, Monday, January 31st, to Saturday, February 5th, afternoons and evenings for the general registration of both men and women, or if you live out of the city or even in the city and cannot personally register on the above dates, just telephone the Red Cross Rooms, 8222, your desire to do so or fill in the following coupon and mail to the Red Cross Society, Peterborough.

Order New Trial For Doctor In Drug Case

KINGSTON, Jan. 28—(CP)—Dr. G. W. Blenkinsop of Kingston is to be tried again next June on five charges of selling narcotics illegally.

A new trial was ordered Thursday after a jury deliberated three hours and 17 minutes and then reported its members could not agree on a verdict.

Defence counsel G. Arthur Martin of Toronto objected to statements contained in Judge W. S. Lane's 90-minute charge to the jury, particularly in regard to contradictions in testimony of crown and of defence witnesses.

"In 10 years in criminal courts, that is the strongest charge I have ever heard against an accused man," he asserted.

"That is the strongest evidence I ever heard against an accused man," replied the Picton judge.

Constable Philip Isber of the RCMP testified that he posed as a drug peddler and bought narcotics at Dr. Blenkinsop's office on three occasions last spring. Another officer, Sgt. John Batza, told of representing himself as an addict and accompanying Constable Isber on the visits to the doctor's office. Two other RCMP men said they handed Constable Isber marked bank-notes and searched him before and after each visit.

Denies All Charges

Dr. Blenkinsop denied all the charges that he had sold drugs illegally. He said he had told Constable Isber and Sgt. Batza, when they asked him for narcotics, to "get out and never come back."

Concerning this conflict of evidence, Judge Lane told the jury:

"If you accept Dr. Blenkinsop's story as being the truth, you will have to find that at least four RCMP members have not only told falsehoods in the witness box but go on step further and find they conspired together to mislead the court and frame Dr. Blenkinsop."

Mr. Martin contended that such a choice was not necessary at all. The jury might be unable to find out which, if either, was the true story.

Reports Show Active Year At St. Andrew's

MARMORA, Jan. 28 — (ENS) —Gratifying reports from all branches of St. Andrew's United Church were presented at the annual congregational meeting on Thursday. It followed supper served by the Women's Association. Rev. G. D. Young presided and gave his report. He mentioned that there were 23 baptisms, 11 marriages and 13 funerals in 1948. The report of the Session was given by S. Sandham. Mrs. F. R. Wells reported for the W. A. which had a successful year financially and engaged in interesting projects. For the W. M. S. Mrs. G. Jarvis reported that it too had come through a successful year and that its present membership was 15.

Mrs. H. Campion in her report for the Glee Club showed that this group was still flourishing. The reports of the choirs followed, that of the Senior being handled by Mrs. H. C. Barlow, with Mrs. E. C. Prentice reporting for the Junior choir.

E. C. Prentice gave the report of the church school. He said it had a membership of 100.

Rev. G. D. Young spoke of the activities of the Trail Rangers begun in the fall and the possibilities seen through this mid week activity of the boys.

The report of the Board of Stewards was given by its chairman, R. G. Neal, who described some of the projects for the ensuing year.

For the Missionary and Maintenance Fund, James Sproul reported a successful year with receipts reaching $645.94.

A. W. Drew gave the treasurer's statement, showing total receipts to have reached $5,016.

Reports of the nominating committee were adopted, whereby the following appointments were made:

Board of Sessions: members retiring in 1949, W. G. Chrysler, H. R. Haacke, L. R. Green, D. B. Sanderson, Mrs. D. Henderson; retiring in 1950, H. O. Loveless, A. Sweet, J. Sproul, F. L. Grant, T. Hannah; retiring in 1951, G. R. Aunger, H. C. Barlow, H. W. Sabine, S. Sandham, Mrs. D. Thomson. Board of Stewards: retiring in 1949, G. Jarvis, F. R. Wells, C. Airhart, H. Bonter, R. E. Neal, B. McKenzie, W. Dickson; retiring in 1950, D. B. Sanderson, D. P. Marett, F. L. Grant, H. P. Nayler, C. Paranuk, H. Dalton, W. Goodchild, C. Bonar, H. Wright; retiring in 1951, J. W. Richardson, E. C. Prentice, F. R. Loveless, J. H. Hemphill, A. W. Drew, W. Hamilton, R. F. Fraser.

The Board of Trustees is composed of C. Bonar, F. L. Grant, D. P. Marett, E. C. Prentice, H. W. Sabine and A. Sweet.

Trouble-Shooting Again

PRAGUE, Jan. 28—(AP)—Rumors circulated Thursday that Andrei Vishinsky, Russian deputy foreign minister, is trouble-shooting in Czechoslovakia. The report could not be confirmed. The story arose from tales of dissension in the Czechoslovak government and the Communist party that controls it.

National Flag Re-introduced In Parliament

OTTAWA, Jan. 28 — (CP) — The controversial issue of a national flag was thrust before parliament again Thursday in the form of a private member's bill.

Roland Beaudry (L., St. James-Montreal) gave notice on the order paper that he will introduce Friday a bill entitled "an act respecting a national flag for Canada."

The national flag would consist of three horizontal stripes—blue, red, blue—with a war service badge in the centre surrounded by 10 green maple leaves.

This, he said in an interview, should satisfy a large number of Canadians who feel that the country should have a flag of its own.

Mr. Beaudry felt this was a propitious time to revive the flag issue because of the entry of Newfoundland, an act which he feels will consummate Canada's growth territorially.

The flag issue last came before the Commons in 1946. In that year a joint committee of the Senate and Commons, after lengthy controversial discussions, recommended a flag for Canada. After studying some 2,500 suggested designs, the committee recommended that the red ensign with a white background golden maple leaf in the fly be recognized as the Canadian flag.

The report of the committee was never moved for adoption because many Quebec members opposed inclusion of the Union Jack in any Canadian flag. The red ensign has the Union Jack in the upper left-hand corner.

The La Plata River of South America is not really a river, but the estuary formed by the Parana and Uruguay Rivers.

AIR TRANSPORT HEAD—John R. Baldwin, 36, formerly of the Privy Council staff, is the new chairman of the government's Air Transport Board. The appointment was announced by Prime Minister St. Laurent. Mr. Baldwin gained his experience in air transportation attending many international aviation conferences as representative of Trade Minister Howe.

Judge To Decide Union's Move

TORONTO, Jan. 28 (CP)—Mr. Justice G. A. Gale Thursday directed a trial before a judge without a jury to determine whether the United Steelworkers of America (CIO) is entitled to represent Port Colborne Refinery workers in contract negotiations or whether the International Union of Mine, Mill and Smelter Workers (CIO) retains bargaining rights.

He recommended the hearing be held in Toronto, but did not specify a date.

The International Nickel Company last June signed a collective agreement with a local of the Smelters Union. Then some members of the local broke away from the Smelters Union and set up a local of the Steelworkers Union.

The Canadian Congress of Labor ordered the Smelters Union, one of its affiliates, to withdraw from the Port Colborne area to make way for a union organized directly by the CCL. However, the Smelters Union refused to withdraw.

Warkworth Women Assist Mission Work

WARKWORTH, Jan. 26. — (ENS)—January meeting of the WMS of St. Paul's church was held at the home of Mrs. Wallace Baker. It was decided to hold 10 regular meetings this year, with every meeting organized by a different couple.

In the absence of Mrs. Buttars, Mrs. H. Lester read the treasurer's report, which showed the allocation had been met and an amount of $275.25 sent to the presbyterial treasurer.

Mrs. A. Buchanan read a report of the activities of the Mission Band.

Mrs. H. G. Lester and Mrs. G. Hancock then led a devotional meeting. Mrs. J. A. Greenley read the Scripture and Mrs. G. Allen gave a reading, followed by prayer by Mrs. Lester.

Mrs. D. Thompson and Mrs. A. Buchanan sang a duet. The program conveners gave a talk from a chapter of the Study Book.

Mrs. R. F. Jolliffe became a member of the society.

The Warkworth society was represented at the Cobourg presbyterial meeting in Brighton on Wednesday.

Crack Down On Youths

TORONTO, Jan. 28 — (CP) — The Ontario Hotel Association Thursday issued a bulletin to its members designed to crack down on youths who frequent beverage rooms. It was understood that current outbreaks of teen-age violence in Toronto had given rise to the directive.

TEXTBOOK SAVED — Mrs. Eunice Tyrer, 32, of Toronto, wife of the Hudson's Bay Company factor at Great Whale River on the east coast of Hudson Bay, is credited with quelling an epidemic of mumps among the Eskimos near the northern settlement. Equipped and a few drugs she managed to with only a medical textbook prevent the disease from sweeping the entire tribe of 600 Eskimos. Mrs. Tyrer is now recovering from a mastoid operation in a Toronto hospital.

Senator Sticks Neck Out Criticizes Cocktail Hour

By GEORGE RONALD

WASHINGTON, Jan. 28 —(CP)—Paul H. Douglas, 56-year-old freshman senator one of Illinois, stuck his neck out the other day and criticized one of Washington's most cherished institutions — the "cocktail hour."

The bespectacled, six-foot three-inch marine combat veteran said he has no objection to cocktails as such. Nor has he any kick about the hundreds of smoky, crowded sipping-parties Washington hostesses give each week.

His beef: there just isn't any such thing as a cocktail "hour" any more. One way and another, he contends, these things are getting out of hand and interesting with the work of congress.

Firewater Survivors

The reaction was immediate—but on a mirthful note of well-here-we-go-again! The Washington Post said soberly:

"One of the first lessons every congressional newcomer to Washington learns is that the social life of this town will get him if he doesn't watch out. . . ."

"A glance around will show that many of the older members of congress have survived the ordeal by firewater, some of them with evident pleasure."

"But the choice is always there for each new solon to make: whether to take the cocktails and let the legislation go, adopt the contrary practice or find a happy medium."

Chicago Liberal

Douglas is an economics professor at the University of Chicago.

He was a Guggenheim fellow in 1931 and one of the advisers who helped draft the first Federal Social Security Act. He served as alderman for Chicago's fifth ward from 1939 to 1942, then joined the Marines at the age of 50, as a private.

He returned from battle a lieutenant-colonel. In the meantime he had been wounded at Okinawa and cited for "heroic achievement in action" in the battle of Peleliu.

His wife, Emily, like him a Democrat, served as an Illinois Representative in the 79th congress. She went through the baptism of cocktails four years ago.

PROGRESS

AGAIN MARKS THE RECORD OF THE IMPERIAL LIFE IN 1948

ASSURANCES: Another milestone in Imperial Life history was passed in June of last year when the amount of assurances in force in the Company passed Half-a-Billion Dollars. The total at the end of the year amounted to $526,914,000. New assurances in the year totalled $72,304,000, exceeding the previous record established in 1947.

INCOME: A life assurance company's revenue comes from two main sources—premiums from policyholders and interest from investments. During 1948 The Imperial Life received $16,267,000 from policyholders. Interest earnings amounted to $4,951,000.

ASSETS: The assets of the Company, held to meet future obligations to policyholders and beneficiaries, now amount to $152,861,000. The investment of these funds helps to build the country and foster continued employment.

BENEFITS: Benefit payments in the year amounted to $8,586,000. This figure is among the most significant in the Annual Report of a life assurance company for it represents cheques for widows, pensions for retired people, income for children's education. Since 1897, when The Imperial Life was founded, $181,000,000 have been distributed by the Company in this manner.

These are highlights of The Imperial Life's 52nd Annual Report. A copy of the complete report will be forwarded on request.

Cattle Prices Tumble $1.50 In Week

TORONTO, Jan. 28 — (CP)— All offerings except calves were down on the Livestock Market this week. Cattle prices tumbled $1.50-$2, hogs lost 50 cents, and lambs dropped $1. Calves gained $1.

Trade was not over active at any time and only a drop off in receipts near the end of the week saved the market from carrying over a heavy supply for next week's trading. Even so, 400 leftovers will be on hand Monday morning.

The light run totalled 5,499 head of cattle. The drop in the wholesale beef prices accounted for a $1.50 drop on steers and heifers and for the $2 sliced off cow and bull prices.

Good to choice weighty steers closed at $20-$21 with mediums downward to $18. Good light steers and heifers were $19-$20 with plain kinds selling downward to $16. Choice fed yearlings were $22-$23 and mediums $18-$20. Good cows closed at $15-$15.50 and plain cows sold downward to $12. Canners and cutters were $9-$12. Good bulls closed mostly at $18-$18.50 with a few tops at $19. Plain light bulls sold as low as $16. A few lots of medium to good stockers sold at $16-$18.

Export of cattle to the United States totalled only 250 head.

Calves were $1 higher on a light run of 959 head. Choice vealers sold a $30-$32 with plain to medium from $17-$28. A few grass calves sold for slaughter at $15-$16.50.

Hogs sold generally at $31 for Grade A and $30.60 for Grade B1 after being unsettled early in the week. Sows were $22-$23, dressed. Hogs receipts totalled 2,033 head.

Sheep and lamb receipts were 520 head with one car of Western lambs included. Good local lambs sold at $25, with the Westerns at $25.50. Culls and mediums sold from $15-$20. Good light sheep were $10-$12, while culs sold downward to $6.

Parishioners Support Church

MARMORA, Jan. 28—(ENS)—An increase in envelope subscriptions was reported at the annual vestry meeting of St. Paul's Anglican Church on Tuesday. The rector, Rural Dean J. M. Brownlie, reported that the Junior Auxiliary, which had been started by Mrs. F. Leach, was a successful venture and there was also an attempt to start a branch of the Church Boys' League.

Mr. Brownlie said there had been 14 baptisms, one wedding and eight burials in 1948.

G. Ken reported that total receipts had exceeded the sum of $3,000.

W. J. Cottrell, reporting for the Missions, said that $446.96 had been handled. The increased appointment had been met and $84.70 had been sent to Synod in response to the Canterbury appeal. This sum was approximately twice as large as the previous year's allotment. Mr. Cottrell also said the sum of $2,310.30 had been sent to the Synod office from the Anglican Advance Appeal. This sum was in excess of the allotment.

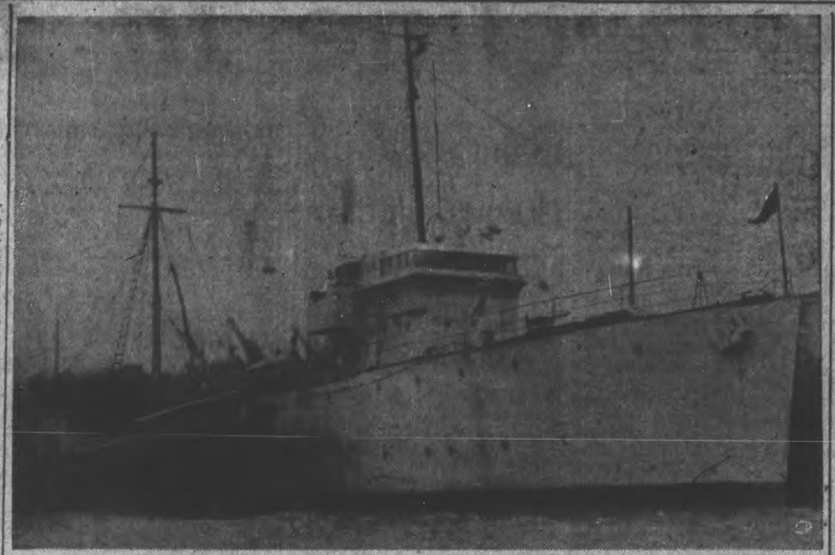
Miss Jennie Gray said the Sunday School had continued to be self supporting with a surplus of $50.95 at the end of the year.

H. R. Pearce, rector's warden for many years, resigned because of ill health. He was succeeded by C. R. Whittemore. Officers re-elected were W. D. Lavender as people's warden; G. Kerr as parish treasurer and W. J. Cottrell as Missions secretary. W. Simmons became vestry clerk and Major Percy Gray and J. W. Hickey, auditors.

Lay delegates to Synod are: C. H. Buskard, three years; R. E. Bonter, two years and L. R. Rundle, one year. Alternatives are H. R. Pearce and J. W. Hickey.

The vestry council was chosen as follows: The rector and Wardens C. H. Buskard, R. E. Bonter, L. R. Rundle, H. R. Pearce, J. W. Hickey, G. Kerr, C. Watson, D. Robertson, C. Heath, G. Brown, E. Barrows, A. Burridge and Mesdames D. Robertson, W. D. Lavender and G. Kerr.

A committee, formed especially for the purpose, is investigating possible alterations to the parish hall.



U.S. DRAGGER SEIZED — The United States dragger Araho is shown here alongside the larger Canadian fisheries vessel Cygnus after the U.S. vessel was escorted into Digby, N.S. It was charged the dragger fished illegally within the three-mile limit off Digby Neck. Capt. Reuben Doughty of Portland, Me., denied the charges.

WITH THE BOY SCOUTS

AT ALL SAINTS

Your scribe made an official visit to the Pack on Tuesday and arrived at a quiet time. The boys were gathered in the circle ready for the Red Flower. The moon was shining overhead and the Red Flower was constructed of a gallon can with some pine cones painted red wired to the top. The light came from a red electric light inserted inside the can. Some of the boys received their registration cards. Rev. Mr. Kibble-white, Group chaplain, led in a sing-song. Since the last census the pack has invested 11 boys, awarded seven first Stars two Second Stars and five Proficiency badges. Miss Houghton is leader of the Pack.

ST. PAUL'S

Due to weather, the Pack's outdoor program had to be postponed In its place the evening was spent in games. One new Chum, Robert Law was welcomed. A new Six was formed, to be known as White Six. The Sixer and Second will be invested at the next meeting.

TRINITY

Action with the Pack started on Saturday when Akela and Baloo took the gang to Jackson Park where tobogganing and skiing was the order of the day. After a freezing rain cut the afternoon short, the boys enjoyed sandwiches and hot cocoa. On Wednesday, the Brown Six attended the Troop meeting at which Sixer Paul Sparrow left the Pack and started on his way to the Troop. His father presented him with the Toymakers Badge and his Leaping Wolf badge. Akela giving a brief outline of Paul's progress through the jungle finished by presenting the lad with a copy of "Tenderfoot to King's Scout". Scouter Cyril Davis made Paul welcome to the Troop. Thirty-two boys turned out the regular Pack meeting on Friday under the control of Bagheera. A singsong was followed by a story. Akela announced that John Godfrey was transferring to All Saints Pack at which John received best wishes from the rest of the boys.

Through The Grape Vine

Swimmers all: It was whispered this week that every member but one (and he had a sore arm) passed their swimming tests at the Y.

Officers galore: It was a regular reunion of St. John's Friday evenas a bevy of assistants turned out to help Scouter Clegg.

Rover meeting at Oshawa: One of the first district Rover meetings will be held in Oshawa this week-end. Those in charge are expecting three grades, ones who will sleep in the open, those who will sleep under canvas and another group which prefers a proper spring bed.

Wanted urgently: Men and ladies who are interested in young people to take up Scouting and Cubbing. See the Pack or Troop attached to your church.

Women Take Office

NORWOOD, Jan. 28—(ENS)—Woman's Association of the United Church met at the home of Miss E. Crawford for the installation of officers.

Mrs. John McConnell and her group were in charge of the program. The president, Mrs. A. M. Weir read a poem; Mrs. McConnell gave a short reading; Mrs. K. C. Edmunds read the Bible; Mrs. A. R. Atkinson read the lesson thoughts on "Character Building and Home Training"; Mrs. A. S. Clelland led in prayer; Miss Pauline Weir spoke about Christian character and Mrs. Rork Ferguson sang.

$233,357 Opera Deficit

NEW YORK, Jan. 28—(AP)—The Metropolitan Opera Association, Inc., said Thursday it had a $233,357 deficit for the 1947-48 opera season—though it played to packed houses. During the 1946-47 season, the Association the opera made a profit of 808.

SAM CARR, alleged co-leader of a Russian spy ring in Canada, was arrested in New York by the FBI on Thursday. This picture of Carr, with his young daughter, was taken at Toronto Union Station in July, 1934, after his release from Portsmouth Penitentiary. He had been sentenced to 10 years in 1931 for taking part in unlawful Communist activities.

Miners Attend Classes On Firefighting

By JOHN PATERSON.

NORANDA, Que., Jan 28 (CP) —Veteran hard rock miners are going back to school these days, and liking it.

There is no playing "hookey" here, because this time the course is not the three R's, but instruction in the task of fighting the deadly enemies of men who work underground—fire and fumes.

Teachers are specially-trained superintendents who took courses in the United States. Many thousands of dollars have been invested in the latest scientifically designed rescue equipment.

All are part of a highly comprehensive plan of the Western Quebec Mining Association and the Quebec Department of Mines to place Quebec mines on a par, from a safety standpoint, with mines everywhere on the continent.

One of the most treasured possessions of the hard rock man of to-day is the diploma given him on successful completion of his course which includes a stiff examination by Maurice Lafontaine, Assistant Chief Inspecor of Mines for Quebec.

135 Diplomas Given

So far about 135 diplomas have been given out since the course started some months ago.

The objective is a minimum of one crew of five specially-trained rescue men at every producer. At larger mines four, five or six crews are being trained.

"As matters stand now," said the inspector, "no mine is more than an hour from the fully equipped mobile rescue units which are stationed at Val d'Or and Noranda. Every mine has its own nucleus of emergency equipment to carry on with until the mobile unit arrives.

"In the event of a bad disaster, crews specially trained, can be rushed in a hurry to provide adequate reserves to carry on."

Course Severe

The course and the tests are severe. The men have to work seven to eight hours under simulated emergency conditions. They put on oxygen masks and work at hard physical labor underground, often in specially-prepared gaseous atmospheres, for two-hour stretches.

Equipment in the rescue truck consists of 12 oxygen breathing apparatus, each providing a two-hour supply of oxygen to the rescue worker, 45 minutes self-breathing apparatus; telephones with 1,500 feet of cable; self-rescuers—small emergency masks carried in case of damage to other equipment and to be used by the rescued miners; stretchers, safety lamps and inhalators.

Ex-Premier Flees

VIENNA, Jan. 28—(AP)—Hungarian sources said Thursday night that Lajos Dinnyes, Hungarian premier until Dec. 9, is believed to have fled to the west. He has been missing from Budapest since Dec. 28. Dinnyes was squeezed out by the Communist bosses of Hungary along with other officials from his Smallholders party.

Under State Ownership

LONDON, Jan. 28 — (CP) — Britain's gas industry will come under state ownership May 1, fuel minister Hugh Gaitskell announced Thursday in the House of Commons. Nationalization of Britain's major fuel industries now is complete as coal and electricity already have been brought under public ownership.

Infant Deaths Show Decline in 1948

The Peterborough Examiner

VOL. XCVIII, No. 23 FRIDAY, JANUARY 28, 1949

VICTIMS OF THE HOUSING SHORTAGE are 22-year-old Arthur Finn and his family. The young veteran has been threatened with eviction from his High St. residence — a two-room apartment over a former wood mill. Officers have twice broken in the door this week as Finn has refused to accept quarters in a city-owned apartment which he claims is unsanitary. He says that the owner of his present home has refused to accept rent. On Thursday, the sheriff, in justice to the home-less group, gave further time while another property was inspected. Finn (left) holds two-year-old Terry. In the centre is Richard, four, and Mrs. Finn is holding the baby, one-year-old Carol.

MOH Reports 4 Factors Slow Progress

Progress of the City's Department of Health is being hampered, reports Dr. R. A. Kelly, Medical Officer of Health, in a survey of activities of 1948. His comments, presented to the local Board of Health, list four major "obstacles." These are: lack of appreciation of what might be accomplished, lack of a generalized health service, lack of trained personnel and proper office accommodation.

During the year, he said, there was an increase in public appreiation of the efforts of the Detparument, "but still many citizens have litle or no idea of the objects or aims of the Department. ... Not only is this found in the general population but also in many of those associated with the municipal administration."

"Confusion, duplication and added expense" are the results of a lack of a generalized health service, said Dr. Kelly.

Work of the Department has been enlarged, he said, and "while it is believed a very worthwhile service is being given at an exceptionally low cost the impression must not be left that the total need is being met. . . . Much, much more remains to be done. The Department is eager to do this but many and varied obstacles are constantly being encountered."

The Medical Officer's report, based on preliminary figures which are subject to revision, showed an appreciable reduction in the resident stillbirth rate over 1947—from 28.62 to 23.34 per 1,000 population. Infant mortality during the year was 34.05, compared to 36.25 the previous year. On incomplete statistics, the year's birthrate appears to be 29.86 per 1,000 population, a slight decrease from the 1947 rate of 30.89. General death rate was up from 9.49 to 9.73.

During the year, he reported, concern was felt regarding infant mortality, although an actual decrease has been shown.

"Certain procedures have been established which will. . . control infant deaths."

Considered of vital importance in the Department's program is the Infant and Child Welfare work. Public Health Nurses made 1,022 visits to infants under a month old and 2,408 to infants from one month to one year old.

"Health teaching is being introduced at the home or family level, which is the proper foundation for a successful health program.."

Establishment of at least two additional weekly Child Hygiene Clinics is expected this year, to remedy overcrowding in the present three weekly clinics. Total attendance for the year was 3,784 infants.

Nursing service in the city's separate schools was again provided by the Department, Dr. Kelly reported.

"It had been expected that before 1949, the amalgamation of the two existing health services would have been accomplished. However, the Board of Education decided to postpone indefinitely the signing of their own agreement to unify the health services. This action is regretted, as a generalized health service is the present day accepted method and would do away with considerable confusion overlapping of service and thus extra expense."

Houses To Be Ready By Mid-February

First of the 226 houses that are being built by Central Mortgage and Housing Corporation will not be ready for occupation until the middle of February, according to the latest estimate of completion.

Board of works has left to the discretion of City Engineer Chalmers suspension of the sewer work that is being done by contract with the city by R. A. Blyth. In that detail he is far ahead of the progress on finishing the houses. Sewers and connections are in on 58 of the houses east of St. Catharines St.

"I think we could relieve Blyth from further work until the frost is out of the ground," Mr. Chalmers said.

"It is a question of requiring him to keep on at a loss, or hold off until spring. He is probably working at a loss in the present conditions, and at the same time he is away ahead of actual requirements."

Decision was left with Mayor Swanston and Ald. Dodds, and, after discussing the matter with Mr. Chalmers to do what he thought was best.

Work Underway Revising Building Bylaw

Revision of the building by-law by a special committee of the Council will not be completed for another two or three weeks, Ald. T. Douglas Miller said to-day, after last night's long session, one of a rather tedious series of examining clause by clause.

Ald. Miller was chairman, and those assisting him were Ald. H. Dodds, Ald. Anglesey, Ernie Dummitt, Walter Mortlock, Harold Ephgrave, Sr., City Engineer Chalmers, A. E. Watkins, assistant building inspector, and Fire Chief George Smith.

Mr. Chalmers is working on a master building by-law which will eventually be printed, but in the meantime the committee is preparing various amendments which will be inserted in the abridged edition of which copies are in stock at the City Hall.

One of the comments in the discussion Thursday night was that the municipality has no authority to apply compulsion for the installation of sprinkler systems in the type of buildings which should have this aid in fire fighting.

Chief Smith spoke briefly in favor of it, but Ald. Miller said that it would have to be effected by an amendment of the Municipal Act which the Council might consider recommending to the Provincial Government.

Purpose of the present revision of the by-law is to clarify its meaning, and also to simplify the regulations and adjust them to construction practice to-day. The advice of contractors has been sought to make the by-law as practical as possible.

ATTEND MEETING

L. W. Copp and F. B. Smitheram, teachers at the Normal School, are attending a meeting in Toronto of the Ontario Educational Association over the week-end. Plans for the Educational convention in Easter will be completed.

Council Assures Home Builders Sewers To Come

Will the city accept assurances of house building as an earnest correct to obtain sewer construction?

Ald. Doug Miller asked that question at the board of works meeting the other night. The answer is in the affirmative.

"If people were to say that they were going to build in 1949 if they were certain about getting sewers, how far would we go in meeting their needs? Personally, I think they should be considered nearly as much as those who have actually built houses."

Mayor Swanston said that affidavits, undertaking to build, have been accepted as genuine intention.

"If we did not have their signature of their decision to build, we couldn't get the construction bylaw through the Municipal Board."

Ald. Miller said he knew people who had bought lots, were keen about building for themselves, but the property was on streets not yet supplied with sewers.

Apart from the Miller concern, City Engineer Chalmers said he had enough sewers on hand to keep us going for the rest of the year.

Ald. D. Miller: "Will the Municipal Board accept affidavits?"

"They are doing that now," Mr. Chalmers said.

Ald. Grant Miller does not question the Chalmer's estimate of department business, but for his own information he wishes to know what jobs are listed for doing.

Children Need Bus Service

Nineteen children in the vicinity of Downer's Corners stood in the rain on No. 7 Highway today for three-quarters of an hour waiting for the bus to come along to take them to school. When the bus did not arrive they walked, all being late either for Sacred Heart or King Edward Schools.

The children, who have a long way to go to school, much of the distance along the highway where there is no sidewalk, have been taken to school by the Keene bus. The last two morning this bus did not operate, and they were left stranded.

Parents some months ago asked the Board of Education to endeavor to secure a bus service as the children were often being left by the Keene bus, and the Board, with a recommendation for the consideration of establishing a service, sent a resolution and the petition to the Peterborough Bus Lines. Then it was considered that the 19 children did not warrant a special bus, but the company has promised to give further consideration to the request, and perhaps start in that area one of the buses which takes PCVS pupils to school.

NO SNOW, NO SKI

The Ski School session will not be held this Saturday morning. The project operated by the Peterborough Ski Club and the Recreation Commission has been delayed because of adverse weather conditions. The six-week course will be pushed forward until snow permits its completion.

Vagrant's Plea Fails Fined $5 And Costs

Pleading guilty to a charge of vagrancy, James Naughon, no fixed address, was fined $5 and $2.50 cost or seven days in jail today. The man explained to Magistrate Philp that he had undergone an appendectomy 3 weeks ago and was forbidden by doctors to work for at least another month. With no home and no relatives near, he has had to apply for shelter at the police station the last four or five nights.

Only other case before court was that of Dennis Watson, RR 1, South Monaghan. He was fined $10 and $2.50 costs on his guilty plea of obtaining liquor while under-age.

1,440 Measle Cases In 1948 MOH Reports

Measles was the communicable disease of greatest incidence during 1948 in Peterborough, Dr. R. A. Kelly, Medical Officer of Health reported this week. His summary of the year's statistics said that the contagion reached "epidemic proportions" early in the year, with 1,440 cases reported. Such outbreaks tend to occur in cycles, he said to the Board of Health, and pointed out that a similar wave in 1943 brought 932.

"Consequently, it is expected that the next four or five years will be relatively free of measles."

There were no reported cases of poliomyelitis during the year.

"This is all the more noteworthy," said Dr. Kelly, "when it is considered that during the late summer and early autumn the city was literally surrounded by this infection."

All other contagions were within average limits, he said.

Discovered cases of tuberculosis in 1948 showed a marked jump over 1947—from 15 new cases to 44, of which 23 were active and four reactivated. All were satisfactorily dealt with. Bi-monthly X-ray clinics at the two local hospitals were sponsored during the year by the Peterborough County Tuberculosis Association. The Association plans to conduct a city-wide survey during May of this year. There were 761 X-rays taken without charge last year.

Incidence of venereal disease has dropped appeciably over the past three years, as elsewhere Seven cases of syphilis and 23 cases of gonorrhoea were reported, compared to 22 and 59 in 1947.

ORDER IN ADVANCE

Several letters have been received from Americans asking for 1949 copies of the Canadian Vacation Guide. Many of them saw the issue for the first time when they purchased it on news-stands in the States last year. They are now writing to ensure that the 1949 copies will be sent them. H. F. Brunt, Buffalo, NY, is the latest to make application for this Examiner tourist publication.

UE Planning To Organize All Workers

C. S. Jackson, Canadian president of the UE, at a UE-CIO organizing conference on Thursday night, asked for an all-out drive to complete the organization of workers in Peterborough.

"Every unorganized group of workers in the city is working under severe economic advantages and indirectly act as a brake on full progress of the organized shops," said Mr. Jackson.

He claimed that $3,000,000 additional purchasing power has been gained by the Peterborough workers since the UE began organizing here 10 years ago.

"This has benefited not only only the trade union members, but also the business and professional men as well as the community as a whole."

The conference was called by C. R. Sullivan, district representative, who outlined the purpose and explained that official calls had been sent to all executive members of the two UE Locals in Peterborough. Workers were invited from the Westclox, DeLaval and Outboard Marine plants as well as prominent labor men from other unions in the city.

Three Main Objectives

Three main objectives were outlined by Mr. Sullivan: a united effort by the two UE Locals (524 and 527) to complete the job of organizing the Westclox and De Laval plants; to give assistance to those Outboard Marine employees seeking UE affiliation; and the organization of the UE salaried workers in the city.

The conference unanimously aproved this program.

Present plans call for a joint organizing committee of five members from each UE local to be formed within a week.

Both locals were requested to give financial assistance to help complete this organization; and they and District Five were also requested to widely publicize the UE point of view.

Want Pay Boost For McKibbin

W. J. McKibbin of the board of works department, who succeeded Jas. Burgess as street commissioner receives an immediate increase in income from a wage basis of $2,626 to a salary of $2,700.

And this new salary will be regarded as basic when the council makes any adjustments in payments to be included in the budget.

The board was informed that Mr. Burgess was receiving $3,100 in that job when he was transferred to a post that takes more of his time in the city engineer's office.

"McKibbin will be losing money at the present rate," said Ald. Doug Miller. "Some days he works 20 hours."

The increase of $72 was recommended to the council.

Quality of Style Evident In Little Theatre's Play

By T. J. ALLEN

The Peterborough Little Theatre's presentation of Shakespear's "The Taming of the Shrew" on Thursday evening at the Collegiate auditorium was a brilliant success as entertainment for the crowded house and an artistic triumph. The play went with unflagging verve and had a quality rare in amateur productions, style.

The selection of the "Shrew" as the group's first Shakespeare production was fully justified by the performance and the audience's delighted response. Its plot is thin and excessively complicated. There is none of the high poetry and romance of the great comedies—partly because much of the text is not Shakespeare at all. Nevertheless, it is a brilliant farce when produced with an eye for all the fun in it or suggested by it. When the lout Sly, transformed for the amusement of the true lord into a noble lord, is told that players have come to present "a pleasant comedy," this dialogue takes place:

Sly: "Let them play. It is not a commonty, a Christmas gambold or a tumbling-trick?"

Page: "No, my good lord; it is more pleasing stuff."

Sly: "What! Household stuff?"

Page: "It is a kind of history."

Sly: "Well, we'll see't. Come, madam wife, sit by my side. And let the world slip: we shall ne'er be younger."

Thus Shakespeare describes his own play. Thus it was played, and for two and a half hours the audience let the cares of the world slip by under the rejuvenating magic of rollicking Shapespeare and good theatre.

The lavish, skilful costuming and the adroit simplicity of the staging more than compensated for the thin plot and its many complexities. The staging and costuming have been commented on in a separate article. Very much of the fluency in the manipulation of sets and the large cast is due to Fern Rahmel, the stage director. Her assistants were Jean Buck and Helen Bonnycastle.

Entire Play Presented

The presentation was a unified production, not a sum of its brilliant episodes. The play was given in its entirety, including the Induction scenes which are often left out. Sly and the lordly establishment which Shakespeare forgot by the end of Act I, Scene I in the texts that have come down to us—or left them in the hands of producers—

the stage, and by reference from the actors and one bold interpolation in Act IV, are kept before the audience as a participating audience to the play within the play. High praise must be given for this aspect of the production. In this, as everywhere throughout the performance and in all matters from lighting and music to setting and moods, the expert hand of Robertson Davies, the director, was evident. He was really the producer in the way that early continental directors were producers—the director of the conscious artistic unity of the performance.

Some of the high moments of the play should be mentioned: the whimsy and lightness when Bianca takes her lessons from her wooers or their panderers—Bianca gracefully and quietly played by Maralin Munro; the arrival of

"VOICE OF THE DEEP"
PRODUCED BY MOODY INSTITUTE OF SCIENCE
Presented at the Salvation Army
SATURDAY NIGHT - 7:30 p.m.
Do fish talk? Does the porpoise have ears? Is the "silent deep" as silent as it seems? For years scientists have said there is no sound beneath the surface of the sea . . . Recent developments in sonic research, however, provide some amazing answers. "Voice of the Deep," Moody Bible Institute's most recent scientific film, is a startling revelation of underwater sound . . . Don't miss this trip into an uncharted world of mysterious beauty—a world of strange and weird sounds but recently heard by the ears of man.

NEW MP SWORN IN—George C. Nowlan, MP, Progressive Conservative who captured J. L. Ilsley's old Nova Scotia seat of Digby-Annapolis-Kings in December by-election, is shown being sworn in by A. Beauchesne, clerk of the House of Commons. PC Leader George Drew looks on.

United Church Reports AttendanceGood

ROSENEATH, Jan. 28 (ENS)—Attendance at the United Church is on the upward trend, particularly at Sunday morning services, the minister, the Rev. R. C. White told the annual meeting in the Town Hall on Tuesday. The minister said he was in charge of 350 people. Three people had joined the church by profession of faith and one by certificate. Two members had died.

It was reported that the WMS had sent $105 to the Presbyterial. There had been 17 meetings with an average attendance of 13. There were 33 members of the mission band which had met 12 times with an average attendance of 29. The sum of $26.70 had been sent to the Presbyterial mission band secretary and the Roseneath band was left with a surplus of $4.40.

Mrs. Fred Norris said the WA had received $751.09 and had expended $593.42.

Doris Robins said the Sunday School had met 50 times and average attendance had been 54. There was a surplus of $35.84.

Mrs. J. A. Brown reported 39 on the cradle roll. There had been responses from 20 of 22 mothers who had been sent enrollment cards for their babies.

YPU reported having topped previous records in collecting $85 for the Bible Society. President Neil Adams said there were 35 members. There was a surplus of $11.09. $15 had been donated to missionaries.

Fred Lewis, church treasurer, reported a balance of $372.34; envelope offerings, $772.73; Easter thank-offering, $108.25; annual thank-offering, $798.48; M. and M., $166.32. These sums, together with a miscellaneous total of $11.70, totalled $2,184.82.

Total expenses had been $1,808.99, which left a surplus of $375.83. The Board of Trustees reported a balance of $78.92.

Mrs. White reported there were five members of session and seven stewards. There were six marriages, nine burials and 12 christenings.

Returning stewards, M. McMillan, D. Coyle, M. Smith and O. Robins, were re-elected. Rae Brown, A. J. Campbell and Fred Lewis are still in office.

A program of entertainment following the meeting included a song by Mrs. D. Coyle, a reading by Doris Robins, a contest organized by Mrs. B. Thackeray and a reading by Mrs. T. S. Coyle.

Early Progress On Seaway Needed–Brown

OTTAWA, Jan. 28—(CP)—Early development of the St. Lawrence deep waterways was urged Thursday in the Commons by Donald Brown, Liberal member for the Ontario constituency of Essex west.

He spoke while moving a motion for adoption of an address in reply to the throne speech read Wednesday at the opening of the fifth session of Canada's 20th parliament.

The Throne speech said that Parliament will be asked to ratify subject to approval by the United States Congress, the 1941 St. Lawrence Seaway and Power Developments.

Mr. Brown said completion of the developments would be an "enduring" example of the ability of two great nations not only to live side by side peacefully but also to develop harmoniously their natural resources."

"This project will give the industries of Windsor and all Great Lake ports the cheapest and shortest access to vast new markets for the automobiles, chemicals, pharmaceutics, and the various things which we produce. "No transfer of cargo will be necessary through this cheap method of transportation."

Mr. Brown also touched on the defence value of the project which would allow ocean-going liners, which now have to stop at Montreal, to travel from the sea to Duluth, Minn.

Holland Goes Ahead With Plans To Give West Indies' Autonomy

By GEORGE FRANKS

THE HAGUE, Jan. 28 (Reuters). — The Netherlands, still awaiting final settlement of her dispute with the East Indian Indonesian Republicans, is going ahead with her plans for giving complete autonomy to her West Indies within the Netherlands kingdom.

These plans took a step forward early this month when Vice-Premier J. H. Van Schaik flew to Curacao, in the West Indies, to discuss the introduction of an interim constitution. With advisers, he will discuss details of an "interim-regulation" to bridge the period necessary to settle the Indonesian dispute.

The interim constitution is necessary "because it does not seem possible to achieve, within a short time, a definite legal settlement of the new political form of the Netherlands kingdom as ...ibed by the recently-revis... ...nstitution."

...is final constitutional set-up is in a great measure dependent upon the establishment of the Netherlands - Indonesian union. But as Dutch territories in the West do not wish for a protracted decision of Indonesia, the Netherlands government os going ahead with an interim plan which it hopes shortly to present to Parliament.

The Netherlands possessions in the West Indies comprise Surinam (Dutch Guiana), and what now are known as the Dutch Antilles (Curacao, Aruba, and several smaller islands).

Ruled By Governor

Up to now, Surinam and the Antilles have been ruled by a governor nominated by the Queen of the Netherlands. Their capitals are at Parimaribo and Willemstad. Each rules in the name of the Crown, aided by an executive council and a legislative council, although the competency of the latter body is strictly limited to the internal affairs of the territory.

The local government machinery in each territory, by means of a bill recently passed by the Netherlands Parliament, now has undergone certain changes by which the wish for autonomy has been granted to a limited extent.

The Surinam Legislative Council is now discussing a bill providing for general suffrage, the first voting under which is expected to be held in May.

London Firemen Get $1.50 A Week Bonus

LONDON, Ont., Jan. 28—(CP)—City Council Wednesday night granted a cost of living bonus of $1.50 a week across the board to firemen and members of the Federation of Civic Employees Unions. Officials of both groups termed the amount inadequate and indicated they would take their demands to an arbitration board.

Both firemen and Federation had asked for cost of living bonusese of nearly $5 a week.

Nearly 1,000 civic employees are affected by the decison, 850 through the Federation, including city hall staff, library employees, outside city workers, non-medical workers, and the rest members of the International Association of Firefighters, Local 142.

The increase, if it stands, will cost the city approximately $100,000 in 1949.

London Police Association has asked the police commission for a $2.25 a week increase.

Seventy Remember Silver Wedding Day

TRENT RIVER, Jan. 28 (ENS) Seventy neighbors, friends and members of the Full Gospel Pentecostal Church of Havelock met at the home of Mr. and Mrs. Lloyd Vanvolkenburgh on Friday to present them with a chest of silver and a number of other gifts, to mark a number of their 25th wedding anniversary.

Fair, Norman Crook, W. B. Gordon, and the librarian is Douglas Vaisey.

Bridge Under Study

OTAWA, Jan. 28 — (CP) — Trade Minister Howe said Thursday he had told a delegation that projects for Nova Scotia's Strait of Canso—both for a bridge and for improvement of the ferry service—were still "under study". A board of engineers appointed jointly by the Dominion and Nova Scotia government has been studying the question of bridging the Strait for about a year. Its report is expected to be in the hands of the Federal government some time in February.

BUILT 33 YEARS AGO, the Trinity United Church will on Sunday celebrate the 75th anniversary of the congregation. Prior to the building of the Trinity Church, the congregation was known as the Charlotte Street Methodist and worshipped where now the Standard Medical Clinic is situated.

Trinity United Church To Mark 75th Anniversary

Trinity United church will on Sunday celebrate a significant chapter in its history and in the history of Peterborough. It will be the 33rd anniversary of the Trinity Church and the 75th anniversary of the beginning of the congregation. It was December 7, 1873, that the opening and dedication service of the Charlotte St. Methodist Church were held. Previous to that time the congregation had been a part of George St. Methodist congregation. That church, having become overtaxed in accommodation, proceeded to erect a new church, the present building on George and McDonnel Sts., while a new congregation was formed to meet the growth of the city. As the development was south and west, the Charlotte St. Church was erected in what was then the south end of the city: on property now occupied by the Standard Medical Clinic.

New Building Needed

The wisdom of this move is seen in that the Charlotte St. congregation prospered in activity and numbers, until, in 1915 that building became overtaxed. It was then that the Trinity Methodist Church was erected at the corner of Rubidge and Simcoe Sts. The building is among the finest examples of Gothic architecture in Canadian Churches, and was opened on January 3rd, 1916. Some years later, when the United Church of Canada came into being on June 10, 1925 Trinity Methodist became Trinity United Church. During these 75 years of history the name of the congregation has thus been changed three times. The years have also brought a constantly enlarging congregation, active in its church life, wide in its service to community and nation, and deeply concerned in the great enterprise of carrying the Gospel of Christ "into all the world".

It is interesting to note that just as the beginning of Charlotte St. Church was the following of city development southward, when Trinity Church was built 43 years later, another congregation was begun farther south, on Romaine St. Much of the materials of the Charlotte St. building were used in the erection of St. James' Church at the time. Now, 33 years later, another congregation is beginning its history still farther south, the new Grace United Church at the corner of Howden Ave. and Monaghan Rd.

Reid Street Hall Built

Some fifteen years after the opening of Charlotte St. Methodist Church, a Sunday School was built, and opened on Sept. 20,1891. This was known as the Reid St. Hall, until it was sold in 1942 to become the present attractive Synagogue. The Sunday School and many midweek activities of Trinity United Church have been carried on in the basement rooms of the Church, which are now greatly overtaxed for accommodation. The congregation is looking forward to the erection of a new Church Hall to stand with the present Church in the near future.

The Right Rev. Willard Brewing, B.D., D.D., Moderator of the United Church of Canada, and minister of St. George's Church, Toronto, will be the guest preacher and an informal reception will be held after the evening service.

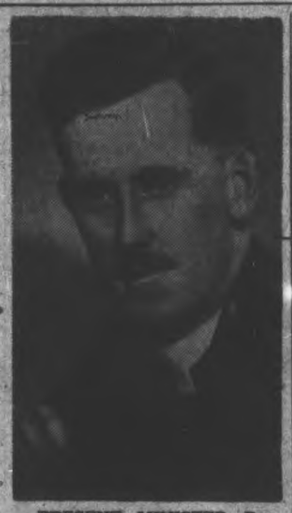
Dr. Brewing has been a prominent figure in the religious life of Canada for many years. Born in New Brunswick, he graduated from the Philadelphia Theological Seminary in 1905. He was called to Christ Church (Reformed Episcopal). Toronto. In 1914 he was elected and consecrated a Bishop of the Reformed Episcopal Church (Free Church of England). Deeply convinced of the need for Christian unity, Bishop Brewing entered the United Church of Canada in 1929, and was called to Vancouver to be the Minister of two large congregations which were uniting: St. Andrew's and Wesley. While there, his congregation built the beautiful and impressive St. Andrew's Wesley Church, often referred to as "the Cathedral of the United Church on the West Coast". It was in this Church that Dr. Brewing was elected Moderator of the United Church last September. In 1938 he returned to Toronto as minister of St. George's United Church. Through the years Dr. Brewing has ably served the Church in many directions.

On Monday morning Dr Brewing will address the Peterborough Presbytery, meeting in Knox United Church, at 11.15. The public are invited to be present.

CHECK PELTS AT LINDSAY

Hunters from distant regions of Galway-Cavendish and Harvey Twps. will no longer have to bring their fox pelts to Peterborough for identification if an arrangement between the County Clerk and the Lindsay branch of the Department of Lands and Forests can be arranged. Reeve Peter Pearson of Galway-Cavendish stated that Lindsay was considerably nearer for some of the northern hunters than Peterborough and requested that this arrangement be made. The County Council agreed. Full details have not yet been worked out.

CHAMPION MUSHER—The speed demon of the northland, muskrat trapper Edwin Lambert of The Pas, Man., is shown just after he won the 140-mile Canadian championship dog race from The Pas to Cranberry Portage and return. Lambert drove his seven-dog team the distance in 17 hours, five minutes and 15 seconds, an average of eight-and-one-quarter miles an hour. The race highlighted the annual Northern Manitoba Trappers' Festival at The Pas.



PRESENT MINISTER—Rev. Dr. D. Bruce Gordon the present minister of Trinity United Church.

J. W. Pierce Invited To Address Surveyors

J. W. Pierce, DLS, OLS, MLS, will attend the 42nd annual meeting of the Canadian Institute of Surveying in Ottawa on Febrauray 2 and 3. He is past-president of the Institute and will speak on the project of the completion of the Ontario-Manitoba boundary, of which he surveyed all but 182 miles. This was completed in the spring of 1948 by his son, John G. Pierce, OLS, who acted as Ontario Boundary Commissioner. Mr. Pierce, Jr., will also tell of the closing of the Boundary and show the undertaking in color movies which he took on the job.

The unexpected accuracy with which the job was accomplished, being 15 feet from the geodetic marker in a distance of 182 miles, made it necessary for a final survey. Had this been necessary, two more seasons of work would be required.

Mr. Pierce's films have recently been shown at the Manitoba Land Surveyors meeting in Winnipeg on January 19. The project was discussed there by E. Gauer, DLS, MLS, who was under Mr. Pierce Sr., during his past work on the Boundary. Mr. Gauer was in charge of the completion of the Line.

The Pierce's will also attend to talk and show films at a meeting in Toronto on February 15. He is also past-president of this group. It is of interest to note that both Ontario's Surveyor-General, F. W. Beatty and the Surveyor-General of Dominion Lands, Bruce Waugh, are former associates of Mr. Pierce, Sr.

Five Minutes After Crash-Landing Arctic Search Group In Action

By GRAHAM TROTTER

WINNIPEG, Jan. 28 —(CP)—Only five minutes after the northern mercy mission Dakota "Charley Able Dog" crash-landed on a Hudson Bay ice floe, Wing Cmdr. Alan Walmsley, the man who was to direct the rescue of the 12 survivors, was in action. Chief staff officer of R. C. A. F. 11 group headquarters at Winnipeg, Walmsley switched jobs as soon as he picked up the telephone which awakened him at 2:45 one morning last week.

Another aircraft was missing. The dynamic little English-born flier was once again officer in charge of 11 group search and rescue co-ordination centre.

It was not a new role. He had mapped out plans for "operation Dunn," the Dakota's flight past the Arctic circle to bring ailing transport department radio operator Harold Dunn back to civilization for medical treatment.

"Operation Igloolik," a mercy mission flight earlier this year to drop medical supplies to an Arctic priest bitten by an Eskimo dog, also was his baby.

Right on The Job

From his operations room at Winnipeg, the five-foot-six, 150-pound Lancashireman had directed "Operation Attache," Canada's greatest aerial search, for two naval attaches and three American servicemen who crash-landed last September on a flight from Churchill, Man., to the Pas.

When "Charley Able Dog" was reported missing, Walmsley set in motion his six-point pattern of search procedure.

This entailed a general alert of all who might supply information on the missing aircraft; the search plan; the actual search and its boundaries; the rescue and how it would be effected after the plane was found; and dispersal after the rescue of all aircraft, air and ground crews and supplies that had been funnelled in to the operations base from across Canada.

3 Hours Sleeps

Before the searchmaster again assumed his routine duties as staff officer he was to go through the next 50 hours with only three hours' sleep, no food to speak of, and more than 1,300 miles of air travel between Winnipeg and his rescue operations base at Churchill.

At Winnipeg he was in constant touch with search operations through the intercommunications set at his elbow and the R.C.A.F. signals room just outside his office. At churchill he spent most of his time in the signals towers, receiving reports by radio from his searching fliers over Hudson Bay and in turn issuing instructions and advice to them.

"Timing and accuracy are the essence of any search," said Walmsley, in an interview. He is one of five search co-ordinators in Canada. The R. C. A. F. has others at Vancouver, Edmonton, Trenton and Halifax.

The search for "Charley Able Dog"—found 70 miles southeast of Churchill—brought into focus only a small area of the 1,500,000 square miles open to search operations under Walmsley's command.

The 41-year-old former Vancouver radio service shop manager is constantly compiling information on inhabitants and radio communications in isolated northern district and rescue equipment of all kinds and where it can be obtained at short notice.

"We don't look for search business nor do we have big staffs idly waiting for a rescue operation. But when the time comes we are ready."

The air force depends upon full co-operation from the public and tracks down all reported sightings of missing aircraft no matter how ridiculous some of them turn out to be.

"If people can see flying saucers they can see anything," said Wing. Cmdr. Walmsley.

SPARKPLUG BEHIND ALL R.C.A.F. search and rescue operations in Manitoba and far Arctic regions is Wing Cmdr. Alan Walmsley, chief staff officer of 11 Group Headquarters at Winnipeg. He is shown pointing out the locale of the recent "Operation Moore" rescue on a wall map in the operations room of 11 Group Search and Rescue Co-Ordination centre. The veteran flier switches jobs—from staff officer to searchmaster—the minute a plane is reported missing in his area of operations.

IS BACKACHE JUST A SIGN OF AGE?

Many people suffer an aching back needlessly—believing you must expect a few aches and pains when you're "getting on" in years!

But backache is often caused by the faulty action of kidneys and liver. See how much better you feel after taking Dr. Chase's Kidney-Liver Pills, and your kidneys and liver both filter out impurities from your bloodstream. That's because this time-proven Dr. Chase remedy treats two conditions at once—contains special remedial ingredients for both the kidney and liver disorders which often cause backache.

If you're feeling worn-out, tired, headachy—with painful joints and aching back—look to your kidneys and liver. Try Dr. Chase's Kidney-Liver Pills tonight. At all drug counters. 16

Keene Church Enrols Twenty-one Members

KEENE, Jan. 28 —(ENS)—Twenty one new members joined Keene United Church in 1948, the Rev. George Murray told the annual meeting this week.

Reports by the various sections of the church revealed that the Sunday School has a membership of 205 including 25 on the cradle roll and 60 in primary classes. Finances raised amounted to $387 included $71 for missions and $46 for Save the Children. The W. M. S. with six groups exceeded its allocation by sending $450 to missions. The Tillicum Class sponsored and paid for improvements to the kitchen to the extent of $200 also gave to Save the Children and Cancer funds. The Woman's Association, Young Adults, Young People's, Boys and Girls and other purposes.

Church treasurer W. E. Patterson read the financial statement which showed that all obligations had been met with a good balance on hand. The M. and M. Fund also showed a financial increase of 20 per cent over the previous year.

The Official Board and Board of Trustees were re-elected with the addition of Arthur Elmhirst as a trustee. Women's Association served lunch.

Drop In Costs

WASHINGTON, Jan. 28—(AP) The United States Government Thursday reported a drop in living costs for the third straight month. Cheaper foods again led the way in the cost-of-living decline. But the over-all picture showed prices are still 29 per cent higher than controlled levels in 1946.

U.N. To Consider New Covenant Of Human Rights

BY NORMAN ALTSTEDTER

LAKE SUCCESS, N. Y., Jan. 28 (CP)—The job of producing a world law of human rights will be tackled again next month by the United Nations economic and social council.

The 18-member "ECOSOC" also will consider the problems of freedom of information, control of narcotics and war refugees.

These are among the 20 social questions of the 58-item agenda of the council which convenes Feb. 7 to continue its work of trying to erase basic causes of war such as economic and social inequatility.

The United Nations general assembly in Paris last fall took a major step in framing a law of rights to be applied to the world. It adopted a universal declaration of human rights. But still to be framed is a covenant on human rights whose signators would be honor-bound to enforce it in their countries.

Canada signed the declaration but made reservations on certain articles which the Federal Governments could not rule on be-of provincial rights.

Thus one of the many problems of writing a conventant will be to word it so the Canada would be able to sign without invading provincial law. Similar problems will be faced in relation to other countries.

The discussion of freedom of information will be closely linked to that of human rights. E.C.O.S.O.C. passed to the Paris assembly three draft conventions proposed by the U. N. conference on freedom of information held last April at Geneva. Canadian delegates approved the resolutions with some reservations.

The Paris Assembly postponed its discussion on the conventions until the second part of its session opening here next April. Meanwhile E.C.O.S.O.C. will reconsider the conventions which concern:

1. Gathering and transmission of international news.

2. International right of correction. For example, Canada, under this convention, would have the right to ask the United States government to distribute to United States newspapers a Canadian statement correcting what the Dominion considered a false report on a Canadian topic appearing in any United States newspaper.

3. Free interchange of information and opinions.

The report of the international refugee organization—one of the 13 specialized agencies which come under E.C.O.S.O.C.'s direction— will also be on the agenda.

BLIND SINCE BIRTH—Seven-months-old Darlene Greaves, shown with her mother, Mrs. Tom Greaves of Vancouver, has been blind since she fought for her life as a three-months premature baby of two pounds 13 ounces. Advice of US medical centres is being sought by the parents who hope a cure will be found.

Eskimo Only Person To Suffer Frostbite

WINNIPEG, Jan. 28 — (CP' — Akomulik the Eskimo, one of 12 men rescued late last week from a Hudson Bay ice floe, was the only one who suffered frostbite from the 34 hours on the field of ice, it was reported today.

Akomulik (Eskimo word for ball of fire) said through an interpreter that he had frozen his thumb during his stay on the ice. He said this had resulted because he—like the others—had to stay in a tent while on the ice. He had found it impossible to build himself an igloo because there was no snow. Just ice, on the ice-pan.

Akomulik, who was brought here for medical treatment, revealed that he had suffered a rupture when he slipped in his boat after harpooning a seal. The Eskimo was brought here from Arctic Bay, nearly 2,000 miles north of Winnipeg and located at the northern end of Baffin Island.

Farley Granger Will Do Graham Movie

By BOB THOMAS

HOLLYWOOD, Jan. 28—(AP)—Farley Granger will do "Earth and High Heaven," Gwethalyn Graham's Canadian novel of a couple of years ago.

Granger is due to work after he finishes "Roseanna McCoy" The inter-racial romance story, set in Montreal, originally was set for Gregory Peck.

The script has had three top writers at work on it—Howard Koch, Elmer Rice and John Patrick.

They say that the message in Toronto-born Miss Graham's book will be minimized and the Jewish-Christian love story will be played up.

People and Things

Dane Clark is off suspension at Warners for the first time in more than six months. He's doing "Twilight" for the Hakims. Dane's long suspension is something of a record at the suspension-happy lot. He did it by turning down four W. B. scripts and one loan-out. . .

"Pride of the Yankees" gets a big re-issue splash in April, timed for the baseball season. Goldwyn historians report the date will mark the 10th anniversary of Lou Gehrig's last game.

Billy DeWolfe, back from convulsing the Royal Family at the command performance, has a startling statement to make about television. "British television is 10 years ahead of Video over here," he reports. . .

Robert Taylor, in England for "Conspirator", may return to Europe this summer for pleasure. Barbara Stanwyck and Bob are making plans with the Jack Bennys for a motor tour of Britain and the continent in July and August.

Drew Charges Overtaxation By $600,000,000

OTTAWA, Jan. 28 (CP) — George Drew, Progressive Conservative leader, Thursday night charged that the Dominion government has overtaxed "the people of Canada" by more than $600,000,000 for the current fiscal year.

"By doing so, they have added that much to the cost of living in Canada," the Commons Opposition leader said in a radio speech.

Calling for resumption of a Dominion-Provincial conference, Mr. Drew warned that unless this is done quickly, "the present tax agreement which have been signed by seven provinces, are simply going to increase the difficulty of satisfactory Dominion-Provincial relations."

He said effort of the Federal government to centralize taxing powers and to leave the provincial governments in a position of dependence on subsidies advanced by the federal administration "threatens the independent legislative authority of every provincial government and those rights which are assured by our constitution."

Concentration of Power

"The most dangerous tendency of our times throughout the world is the concentration of power which denies to local authorities the freedom of action . . . essential if they are to carry out their great responsibilities and at the same time provide for some check on the power of the central government."

Mr. Drew recalled that the first conference on Dominion-Provincial relations was held in 1945 and that meetings were adjourned "on the motion of the Dominion government" in 1946.

"Since then several provincial governments have been insisting that this conference be re-convened, but the Dominion government has declined to do so and still fails to give any indication that it is prepared to arrange for such a meeting."

Company Objects To Union Ultimatum

KITCHENER, Jan. 28—(CP)—The Dominion Rubber Company termed an "ultimatum" by Local 80. United Rubber Workers Union (CIO) that the union's 1,220 members must start working a 40-hour week Feb. 1. The men now work 48 hours.

The objection, contained in a letter from J. W. Symons, factory manager, was read to a union business meeting. The union said it would not change its decision.

The letter said that such action without agreement of the company would be violation of the union contract. If the plan was carried through the company would "feel free to treat the contract in the same manner."

Britain's Economic Advisors Plan Higher Output For Workers

By JAMES McCOOK

LONDON, Jan. 28—(CP).—With fewer workers and additional machines Britain hopes to be producing more in four years. The four-year economic recovery program, prepared for information of the organization for European economic co-operation, explains:

Britain's Labor force now is fully occupied and numbers available in future may be less. A reduced birth-rate after the First World War now is reflected in a smaller proportion of the total population of working age and a rise in the average age of the worker.

"Increased productivity per head is therefore the only means of solving the present economic difficulties while maintaining and improving the standard of living," said a Government White Paper detailing the recovery plan.

Britain hopes to expand her total industrial output by one-third over the pre-war level. Expansion on this scale assumes that productivity per man-year be raised by about 2½ per cent annually.

The white paper said:

Increased productivity partly depends on the maintenance and improvement of capital equipment, both building and machinery. But there are capital and other limitations on what can be done. To improve existing facilities the government will encourage steps such as improved layout and adaptation of existing plant.

Won't Check Production

The government will attempt to see that production is not checked by avoidable shortages of imported supplies.

Research will be assisted. A national research and development council is being established, financed from public funds, to take over inventions from government research stations and universities and develop them to the stage where they can be commercially useful and then license them out to industry.

The corporation will take up private inventions of public interest which would otherwise fail to be properly developed.

Technical training and instruction in management will be facilitated.

It is broadly estimated that during the past two years the volume of physical output for each worker in manufacturing industry has regained the pre-war level.

"An important contribution to this remarkable progress has, of course, been the maintenance of industrial peace to a much greater extent than might have been in this difficult period of readjustment or as compared with the experience in the corresponding period after the 1914-18 war."

Charges CCF Clique Dominates Congress

VANCOUVER, Jan. 28 (CP) — Harvey Murphy, fiery leader of the Mine, Mill and Smelter Worker's Union (CCL), said Thursday the Canadian Congress of Labor is dominated by a "CCF clique.'

A personal attack on Bill Mahoney, western director of the CCL, also was levelled by the official of the union which has been asked by the parent body to withdraw from the Timmins and Port Colborne areas of Ontario. The union refused.

"Mahoney was sent out here specifically to organize dissension within our union as a basis for the CCL to step in,' Murphy said in a statement.

The official, an executive member of the Labor Progressive Party, still is under a two-year suspension from all CCL activities as a result of a verbal attack made on CCL leaders last year.

IMMACULATE CONCEPTION SCHOOL

Mayor M. J. Swanston was guest speaker at a meeting of Immaculate Conception Home and School Association this week. Introduced by Rt. Rev. F. J. O'Sullivan, he spoke highly of the splendid work which is being accomplished by Home and School associations.

Mayor Swanston said that the association has a golden opportunity to start youth on the road to good citizenship. "This is a subject that should be spoken of more often in our schools and which should be practised more often in our homes," he said. "At an early age children should be taught to obey the laws and to respect the rights of others. Parents should set a good example by being good citizens themselves."

"We do not need to apologize for being Canadians," he continued. "We are a free people and it should be pointed out that through the experience and good citizenship of our forefathers we have a heritage that cannot be found in any other country. We have freedom of religion, speech and government and every man and woman has the right to earn an honest living. Newcomers from other countries appreciate the opportunities in Canada. Let us by our actions and teaching help these newcomers to become good citizens."

Mayor Swanston said all should have a good idea of municipal government, should know that the affairs of the city are controlled by one appointed body, the police commission, and by three elected bodies, utilities, board of education, and council. He explained [illegible] which each body was made up and duties of each.

Several major projects are facing the council, such as completion of the Civic Hospital, sewage disposal plant, housing situation, etc. "To carry out these projects taxation is necessary, he said.

The speaker was thanked by Mrs. Ray Bacon.

Mrs. D. Campanaro sang two numbers, "Bless This House" and "Lassie O' Mine". Mr. Maurice Leonard delighted the audience with "Sleepy Hollow" and "Galway Bay". Miss Margaret McCabe was accompanist.

President, Miss Hazel Guerin, [illegible] business meeting preceding the program.

Refreshments were served by Mrs. Ray Bacon and her committee.

Rev. Aiken Praises Work of WCTU

WCTA was instrumental in obtaining the prohibition in three townships in Peterborough County and had reported to the Council against the opening of a wine shop and cocktail bar in the city, the Rev. M. J. Aiken told the Peterborough Union of the WCTU at the YWCA on Thursday.

Mr. Aiken of St. Andrew's United Church was the speaker and gave some pertinent facts in relation to temperance education in Sunday Schools. As president of the Provincial Temperance Federa on Rev. Aiken paid tribute to the Women's Union as a most important link in Provincial and National Federations. He said that Sunday Schools are carrying on a fine work in temperance education with a Sunday service set aside regularly for this purpose.

Efforts of the children who took part in oratorical and poster contests were highly praised by the speaker. He said there are good results from every Sunday School, and it always provides two or three to carry on classes as they grow older.

Opening devotions included a prayer by Mrs. A. J. Throop and Bible reading. Mrs. E. Wand sang "Give Me a House on the Hillside" accompanied by Mrs. Jas. Ellis.

Secretary Mrs. G. Rowe read a letter regarding change of date for ending the year, which now is April 30. Provincial convention is to be held May 31, June 1-2 instead of in the fall.

All members registered objection to food being served in beverage rooms.

Reports were received from Mrs. Woolard for Home Mission work with thanks for a bale sent and from Mrs. W. H. Morton and Miss Dewart for medal contests and temperance in the Sunday Schools. Clip sheet exercise was on the topic "Sunday Observance" conducted by Mr Wand.

Plans were completed for a Valentine tea to be held Friday, February 11 in the YWCA Green Room. Mrs. Gordon Adams was in the chair.

Of Interest to Women

DOROTHY DIX

Girl Who Wants Career Told Marriage Not for Her

DEAR MISS DIX: I am married to the finest woman in the world and love her devotedly. Her only fault is that she insists on working in a factory where she has a good job that is well paid. This is not necessary, as I am amply able to support her and long to do so, and what I crave more than anything else is to have a home with a wife in it who will be a companion.

Dorothy Dix

This I do not have as my wife works at night. We have five children who do the best they can, but they can and take mother's place. My wife started working outside of the home during the war and she never has been willing to quit. Can you suggest any way that I can make her realize that a wife's first duty is to her family?

O. N.

✧ ✧ ✧

ANSWER: Of course, the general belief is that all women are domestic by nature and that their favorite pastime is cuddling the baby and keeping their houses spick-and-span and cooking up toothsome meals for their husbands. Fortunately, for the good of humanity, this is true of many wives; but there is a large percentage of other women who have no leanings whatever toward domesticity. Their children are a bore to them. They loathe the very sight of a cooking stove. And they crave the excitement of working in crowds outside of their homes.

Unfitted to Rear Family

Such women commit a crime against Nature when they marry, for they are not fitted by temperament to rear children, or be good wives, or make comfortable homes. Careers and wifehood and motherhood do not mix. You can't pass on rearing a child to hirelings and get good results. And you can't make a home that is a real home unless there is a woman in it who loves her job.

So there you are, Mister, and if there is any way to change a woman with a roaming foot into an Alice-sit-by-the-fire, no one knows how to turn the trick. And more's the pity.

✧ ✧ ✧

DEAR DOROTHY DIX: I have a problem which I am having a terrible time solving. I am a girl of 26 and can't seem to make up my mind about marrying a boy who is very nice and a good provider, but with whom I am not in love. I keep thinking that if I don't take him, maybe I won't get anyone as good. My friends urge me to marry him and tell me I could not do any better. I know I am not getting any younger. So I am miserable because I just dont' know what to do. What do you advise?

WORRIED.

✧ ✧ ✧

ANSWER: My advice to you is to stay single, for there is no misery in earth that is so devastating as a loveless marriage. Every marriage has plenty of hard sledding in it. No man and woman can live together without getting on each other's nerves and having disagreements and having to put up with each other peculiarities but if they love each other they can forgive and forget. But if there is no love, every little pin prick makes a festering sore that never heals.

In former times, when no gainful occupation was open to women, there was some excuse for their marrying to get a meal ticket. But now, when every occupation is open to women and every girl can be self-supporting it is worse than folly for a woman to marry without love.

✧ ✧ ✧

DEAR MISS DIX: My husband and I have had a discussion as to who fares better in life, the selfish or the unselfish woman? I claim a selfish woman gets everything and wins out in the long run, whereas an unselfish woman is always shoved into the back seat. My husband claims that the woman who takes the back seat and unselfishly puts others before herself will be the happier of the two. Which one of us is right?

A BEWILDERED WIFE.

✧ ✧ ✧

ANSWER: It is certainly true that the women who are grabbers and who take the best of everything get the reserved seats in life, but I don't think they are the happiest people, because the greedy are never satisfied. Also are universally disliked. People may put up with them for one reason or another, but they always have out their knives for them.

So I think that your husband is right in saying that the woman who is generous and altruistic and always ready to do a kind deed, the back seat woman, will be the happier of the two.

Preparing Low-Cost Meats For Your Sunday Treats

BY GAYNOR MADDOX

Here are two less expensive meat recipes for Sunday dinner:

Roast Shoulder of Lamb With Vegetable Stuffing

(Serve 6-8 with leftovers)

One medium onion, diced, ½ cup celery, chopped, 3 tablespoons green pepper, chopped, ¾ cup raw carrot, grated 2 cups soft bread crumbs, 1¼ teaspoons salt, ⅛ teaspoon pepper, ½ teaspoon thyme, ¼ teaspoon paprika, ¼ cup melted fat, 4 pounds shoulder of lamb (cut with "pocket" for stuffing).

Combine first 10 ingredients. Fill pocket of meat with stuffing. Fasten together with skewers or tie securely with cord. Brush with additional fat. Season with 2 teaspoons additional salt and ¼ teaspoon pepper. Roast in moderate oven (350 degrees F.) allowing 45 minutes per pound.

Pan-Roasted Potatoes

Pare 8 medium potatoes and boil 10 minutes. Arrange around roast in roasting pan and baked 40 to 60 minutes, or until tender, turning occasionally and basting with fat in pan. Plan so that the meat and potatoes are done at the same time.

Deluxe Meat Loaf

(Serve 6-8)

One pound veal neck or breast, ground, or chuck beef or lamb shoulder, ground, 1¼ cups rolled oats, 2¼ teaspoons salt, ½ teaspoon celery salt, ¼ teaspoon pepper, 1 tablespoon powdered sage, 1 cup minced onion, 1 egg, well beaten, 1/3 cup apple jelly, 2 teaspoons hot water, orange sections (optional).

Combine all but last 3 ingredients; pack into greased loaf pan, 9x5x3 inches. Bake in moderate oven (350 degrees F.) for 1 hour. Turn out onto baking pan. For a dressed-up Sunday touch, turn the loaf out onto a baking pan and glaze as follows: cook the apple jelly and hot water until smooth, then spoon some of this glaze over the loaf. Return to oven for 10 minutes longer. Remove and garnish with orange sections if desired. Spoon more glaze over orange sections and loaf.

SUNDAY'S MENU

BREAKFAST: Orange juice: griddle cake, butter, syrup or honey, crisp bacon or fried sliced bologna, coffee, milk.

DINNER: Roast shoulder of lamb with vegetable stuffing pan-roasted potatoes, buttered cubed turnips with minced parsley, romaine salad, chocolate ice cream, coffee, milk.

SUPPER: Cold sliced lamb, relishes, hot biscuits, butter vegetable salad, coconut cake, tea milk.

B.C. Cold Wave Causes Five Deaths

VANCOUVER, Jan. 28—(CP)—Reports of death and hardship in British Columbia's longest cold wave in years mounted today with no relief in sight.

Frozen rivers and ice-choked inlets added to the peril of the icy blast.

A 6-year-old boy was drowned when he crashed through thin ice on the Columbia River, 10 miles north of Trail, in the Kootenays, police reported. The victim was identified as Peter Popoff, son of Mrs. Peter Popoff, who found the body floating among broken ice.

In Vancouver, an elderly couple, John W. Potter, 78, and his wife, Mary, 73, died in a gas-filled bungalow. Earlier in the week two men died from gas fumes in a downtown room.

At Prince Rupert, Bill Vyse, 62-year-old woodsman, was recovering after lying helpless for seven days with a lacerated leg.

He cut his leg free with a penknife after a rolling, ice-covered log pinned him to the snow more than a week ago. Vyse dragged himself to his cabin, and bound the crushed leg with a gunny sack. A mail carrier found him and he was brought to hospital here.

Ice-locked for two weeks, the mining community of Stewart, on the Portland Canal, which separates B.C. from Alaska, has ample food stores, but is short of fuel oil and coal.

The Stewart wharf is still ice-blocked, and there is 21 feet of snow in the district.

While warm air is "tantalizing" off the coast, the weatherman reported another mass of cold air developing over the Yukon.

"This is always a bad sign," he said as he forecast a drop in the mercury to 25 degrees above for tonight. The overnight low here was 31.

Charge Railways Attempting To Shift Case

OTTAWA, Jan. 28 — (CP). — Claims that the railways are attempting a last-minute shift in the basis of their case for higher freight rates were under contention before the Board of Transport Commissioners today.

Provincial counsel were arguing that the carriers were trying to slip in a fundamenal new concept of the case that would alter its whole trend, while the railways denied they were doing this.

A decision was expected from the Board during today on the admissability of Canadian Pacific Railway evidence revolving around the controversial point.

The new material, introduced Thursday as the Board continued hearings on the railway application for a general 20-per-cent. freight-rate hoist, outlined a long-term improvement program of $310,000,000 for the CPR's road property plus a $52,000,000-a-year capital program for motive power and rolling stock.

Counsel for the seven provinces opposing rate increases—all except Ontario and Quebec—immediately contended that:

1. The argument was aimed at indicating a rise in the value of CPR property, which in turn would be used to seek heavier revenues on the basis of rate-of-return on property investment.

2. The new spending would add some $13,000,000 a year to charges against current revenue, thereby increasing the pressure for higher freight rates.

MEMBERS OF LONDON'S 2nd Bomb Disposal Squad view a 2,750 pound bomb, second largest ever handled by a London disposal unit, as they raise it from a backyard in the East End, Jan. 23. Digging for the bomb was begun three weeks earlier. Rail and vehicular traffic were diverted from the district, and many families were evacuated from their homes. The bomb, dropped seven years ago during a raid on the city, was removed without mishap.

Private Members Ready To Air List of Grievances

By FOSTER BARCLAY

OTTAWA, Jan. 28 — (CP). — The private member of the Commons is just an ordinary "Joe" with a lot of puzzling questions on his mind and plenty of grievances to air. And he wants straight-from-the-shoulder answers from the Government. The private member — the "Joe" — usually is careful. Otherwise the bill is killed before it starts through the legislative mill. Back-benchers have a half-dozen ways to obtain information from the 20 Cabinet members that occupy front-bench seats.

1. By asking questions. 2. By introducing bills for specific purposes. 3. By proposing a topic for discussion.

The first is the easiest. Members frame a question for the order paper—it may range all the way from the value of cheese exports to whether there is a fire-alarm system in the East Block of the Parliament Buildings. The answers may provide fuel for future debate.

Specific Action

Second course seeks specific action, such as outlawing the Communist and Labor-Progressive parties. Resolutions merely want an opinion, for instance, on a Trans-Canada highway. Then they are withdrawn.

The latter method is watched carefully by he overnment. It is a way to sound public opinion on every-day topics. For example, a resolution asking an opinion on abolishing appeals to the Privy Council was discussed in the Commons for years.

Now it has been accepted by the government. This year Justice Minister Garson has introduced a bill doing just that. The discussion in previous debates gave the government the go-ahead signal.

Private members bills seldom get anywhere. Only one or two during the last 10 years have been passed. Two years ago J. R. MacNicol (PC-Toronto Davenport) introduced a bill asking establishment of a Jack Miner Week, in recognition of the naturalist from Kingsville. It passed both the Commons and Senate.

Missed by Whisker

At the same time Phileas Cote (L-Montmagny-Islet) missed by a whisker. He sneaked through the Commons a bill changing Dominion Day, July 1, to Canada Day. The Senate amended it to the National Day of Canada. The amendment went back to the Commons where it died on the order paper in the final days of the session.

Canada's fifth session of the 20th Parliament is only two days old, but there are a half-dozen private bills, 30 resolutions and 15 questions on the order paper.

Theoretically, private members have plenty of time to expound their views. Under standing rules each Monday and Wednesday — and Thursday for the first four weeks of the session—is set aside for private members. But the war years and the post-war reconversion problems have gradually reduced the time. Important national legislation has been given precedence.

However, the ordinary Joes, hope, wait and plug along. A private bill by Wilfrid Lacroix (L-Quebec Montmorency) would outlaw the Communist and Labor-Progressive party. For the third time in as many years it has appeared on the order paper. It bids well—as it did on the other two occasions—to die a slow death.

Another concerns a controversial subject—establishment of a national flag—proposed by Roland Beaudry (L-St. James-Montreal). A couple of years ago the government set up a committee to probe the possibility of a national flag and it ended at odds. So what chance has an ordinary Joe?

Red Cross Work In 1948 Reviewed

MILLBROOK, Jan. 28—(ENS)—A. R. Payne, president of Millbrook branch of the Red Cross for the past four years, was chairman at the annual meeting held this week in the waiting-room.

Mr. Payne referred to swimming classes sponsored by the branch last summer, with transportation to Wallace Point provided by the Lions' club. Instruction had been taken by 87 children and 20 had received certificates on completing the course. Supplies from the loan cupboard, housed in the Public Library building, had been in demand.

H. A. Kerr, treasurer, reported total receipts of $1667.35, made up as follows: Balance $378.50; general donations $13.64; campaign collections $1229.71; miscellaneous $45.50; expenditure included full receipts from the campaign remitted to divisional headquarters, Toronto; fruit for veterans $7.80; transportation, etc., $24.55; low calorie recipe books given Miss Smith, public health nurse, for distribution, $3.75.

Mrs. H. R. Edmunds reported 25 pairs of pyjamas shipped and 5 more pairs now ready; also a quantity of flannelette ready to cut out for further supplies. Mrs. Campbell reported seven shawls, 20 pairs of girls' socks and 20 sweaters, shipped. Mrs. P. I. Bentley made report of two quilts and one on hand from Cavan W. A. The secretary was instructed to write for a quota of 25 sweaters and 25 pairs of socks for girls.

Red Cross workers' pins were distributed among those entitled to wear them.

Mr. Payne stated that the mobile clinic will be in operation by February.

The following officers were elected: Honorary President, Mrs. T. A. Campbell; president, A. R. Payne; vice-presidents, Mrs. F. P. Stinson, Mrs. H. R. Edmunds, Mrs. J. Todd; treasurer, H. A. Kerr; secretary, Mrs. P. I. Bentley; war work, Mrs. Campbell; campaign manager, Mr. T. A. Campbell.

Prizes were donated by Mrs. Frank Openshaw and Mrs. Robert Prentice.

Mr. and Mrs. W. Waters are holding the next card party at their home on Feb. 4.

Deny Sam Carr With LPP Party

TORONTO, Jan. 28.—(CP). — Canada' Communists said Thursday night that Sam Carr, arrested in New York earlier in the day as a spy for Russia, no longer has any association with the Labor-Progessive party.

An official, 275-word statement issued at LPP national offices here claimed that the Carr case is being used for "political blackmail gainst peace" and said Carr has not been a member of the party since 1946.

Tim Buck, national leader of the LPP, said earlier that he was "astounded" at the arrest of Carr, former organizing secretary of the party. He said he last saw Carr in January, 1946, when Carr left for Cuba because of ill health.

Low Fund May Put Mrs. Brucks In Jail

LOS ANGELES, Jan 28. — (AP). — With apparently no money to pay for the operation, Mrs. Georgette Brucks faces sterilization or one to 14 years in prison.

Mrs. Brucks, who pleaded guilty to manslaughter in the slaying of her third baby and who now is expecting a fourth, agreed tearfully to submit to the operation. It was made a condition of her six-year probation by Judge Thomas L. Ambrose, in lieu of the prison sentence.

But the problem became enmeshed in fine legal and financial red tape today with these disclosures:

1. There is no provision in California law for forced sterilization of women, except in feeble-minded cases. Judge Ambrose said three mental reports indicated Mrs. Brucks is sane.

2. The law does not provide for such operations, except in feeble-minded cases, to be performed at state expense.

The judge emphasized that he did not order Mrs. Brucks sterilized.

"It was made a condition of probation at her own request and her attorney's (Walter Anderson)," the jurist said. Mrs. Brucks also agreed to surrender two of her other children for adoption.

Hit By Falling Rock Miner Dies At Work

SUDBURY, Jan. 28 (CP) — Eddie Charlton, a miner working underground at Creighton Mine, was killed shortly before midnight Thursday night. The mine is one of several operated by International Nickle Company in this district.

Charlton was caling at the time of the accident. It is believed more ground came down than he anticipated. One of the large pieces of rock is thought to have fractured his skull.

His partner on the job, Frank Butler, removed some of the rock, then went for assistance.

Charlton had a wife and two children and lived at Whitefish, some 20 miles from here. He had been working at the Creighton Mine for a few years and was in his thirties.

German's Axis Sally Faces Death Sentence

WASHINGTON, Jan. 28.—(CP). —There's special significance these days in the playing of "Lili Marlene," the sad, bouncy German war song that still can be had for the usual juke-box nickel.

Axis Sally—silver-haired, 48-year-old Mildred Elizabeth Gillars—who made "Lili" a haunting favorite of Allied troops the world over, is on trial for her life. She faces a possible death sentence if convicted on treason charges arising from the wartime propaganda broadcasts she made from Germany.

One of several witnesses brought from Germany to testify had said Miss Gillars was the Nazis' best-paid broadcaster — at $1,000 a month. Defence Counsel James J. Laughlin said he'll seek to show she was the dupe of a "hypnotic" Nazi professor.

Arrest Missing Girl

TORONTO, Jan. 28.—(CP). — Hilda Warren, 17, reported missing 12 days ago, walked into a Toronto police station Thursday night and was arrested on a charge of being incorrigible. Her sister, who reported the girl missing, took out the warrant for the arrest.

Where the Bank fits into this Picture
When you travel, set your mind at ease on the score of the safety of your money. The Bank makes it possible through Travellers' Cheques. In effect, a book of Travellers' Cheques, which you can obtain at any branch of the Bank, is "money" that is readily negotiable anywhere you travel — and yet money in a form that secures you against the risks of loss or theft. The bank charge is trifling — only 50 cents per $100 in domestic travellers' cheques, or 75 cents per $100 for foreign travel.

BIRMINGHAM, Ala. — C. H. Reid cranked up his automobile, which had been in the garage for 36 years, and drove 53 miles into Birmingham in four hours. Reid, who lives in Vance, Ala., said he just decided to get his 1908 model Holsam out "and pay a visit to my sister."

WASHINGTON — Methodist Bishop G. Bromley Oxnam declared the Roman Catholic church does not believe in religious liberty and that it has begun a full-scale attack on the traditional separation of church and state in the United States. Bishop Oxnam's speech concluded a two-day meeting of the "Protestants and other Americans united for separation of church and state."

VANCOUVER —Anthony Eden, deputy leader of Britain's Conservative party, appealed to Canadians to preserve the 'deep and abiding friendship" between Canada and Britain at all costs. Addressing an overflow meeting of the Vancouver Board of Trade, Mr. Eden said "the problem that confronts us in our mutual trade" must not be allowed to cut across this brotherhood.

LETHBRIDGE, Alta.— Schools in the Monarch, Coalhurst and Rolling Mills district of Southern Alberta were ordered closed until further notice as a precaution against the spread of diphtheria. Public meeting were also banned. The school at Nobleford, about 20 miles northwest of here, was closed earlier this week.

TORONTO—Some 30,000 of Ontario's 500,000 school children have defective hearing and about 600 are totally deaf, specialists attending a medical refresher course at the University of Toronto were told. Another 40,000 suffer speech defects resulting from hearing difficulty, said Dr. M. L. Boies of Minneapolis.

BARRIE — Kenneth Graham, 21, of Holland Landing, Ont., was convicted of having carnal knowledge of a 15-year-old girl. He will be sentenced Tuesday. Graham was arrested following a Labor Day dance at Holland Landing last Sept 6.

Sicilian Bandit Nearing End Of Lurid Career

By JOHN P. McNIGHT

ROME, Jan. 28 (AP). — The sands are running out for the last of Sicily's big bad men.

Inexorably, police are reducing the area of Salvatore Giuliano's "Free State of Sicuil," the mountainous country around Montelepre where he has ruled for three years.

During the last few months, several of Giuliano's top lieutenants have fallen before police guns or landed behind bars. His mother, father and two sisters, along with the wives of many of his followers, are in jail.

On more than one recent occasion Giuliano himself was near capture. There is evidence at least some of his followers are fleeing to safer climes. Early last month police quietly surrounded Montelepre, "capital" of Giuliano's mountain domain, and captured Gieuseppe Bdalamenti, one of his top aides. Police also picked up Giuliano's father and 10 others.

But if the dragon's sphere of action is being steadily crimped, there is enough sting left in his tail that police tread warily in his rugged fastnesses.

Rare is the week that does not bring its report of policemen or caribinieri killed or wounded in clashes with Giuliano's henchmen. Sicilian dispatches still tell of holdups, kidnappings and murders laid to the band.

But the police are taking toll of the Giuliano band. The man heading the drive to break Giuliano's three-year reign of terror (and quell the resurgent Mafia) is Francesco Spano, 61-year-old police veteran who helped the late Inspector Cesare Mori make good Benito Mussolini's boast that he would end Sicily's outlawry.

Returned To Sicily.

Spano was ordered back to Sicily last April to deal with a wave of political assassinations that had brought Communist-led labor to the verge of an insurrectional general strike. Late last year police at Palermo said 20 of 21 important bandit bands had been wiped out or were no longer to be feared. Only one tough nut had refused to crack.

Salvatore Giuliano, a handsome youngster (he now is 25) took to the hills in 1943 after killing a policeman who sought to confiscate his wagonload of black market wheat.

He organized a mass escape of 14 convicted bandits from Monreale jail near Palermo and made this the nucleus of a powerful band. To clinch his control of the rugged country behind Palermo he "liquidated" a rival gang.

When Interior Minister Giuseppe Romita offered 500,000 lire for his head in 1946, Giuliano offered 600,000 for Romita's.

Officials accused him of seeking an alliance with Mafia. He came out strongly against Communism before the 1947 regional elections, but last Spring evidence appeared that he was trying to make up to the Left.

However, Sicilian police say they believe Giuliano has no interest in politics as politics; he is merely seeking to save his own skin. Just as he flirted with Evis, the Sicilian separatist movement, in 1945-46 and won a promise of immunity if Evis won, so, said the police, he was playing with the Communists.

But it seemed unlikely Sicilian authorities will make terms with the last of the island's bad men.

Jeweller Plans To Appeal Fine

PEMBROKE, Jan. 28.—(CP).—The Canadian constitution will form the grounds of an appeal by a Pembroke jeweler against a court order to pay fines and costs totalling $2,877 for violating the Excise Tax Act.

George J. Simpson, sentenced by Magistrate W. K. MacGregor Thursday on 10 counts of violating the act, was given two weeks to pay the fine. If he defaults, he faces the alternative of spending 10 months, two weeks and two days in jail.

A jeweler who refuses to collect a luxury tax on his goods, Simpson was brought into court for prosecution by the Federal Revenue Department. He advertised jewelery for sale minus the 25-per-cent. retail sales tax.

Simpson said he would appeal "on the grounds any law that orders a man to do a large amount of work without one cent payment or for expense involved is contrary to the letter and spirit of our Canadian constitution."

PENICILLIN FACTORY

The Indian government plans to set up factories for the manufacture of liquid hydro-carbon, synthetic ammonia and penicillin.

Petruchio on his horse; his return in disarray and swash-buckling arrogance; Biondello's lollipop and his parrying of orders and his comic patter in describing Petruchio (a device which gives a fine change of pace and leaps over speeches which could be tedious); the numerous and always effective moments when Gremio (played by Lloyd Hale) took the stage; the scene in which Katherina the Shrew did not eat dinner; the supper scene, with its lively wit which could be picked up verbally by the quick ear used to Shakespearean idiom, but which gave its meaning even without the words. Even in Shakespeare's theatre many of the sallies and much of the bawdy must have been missed by the audience, for he puts into Gremio's mouth the warning that "the conceit is deeper than you think". So it was, but there are modern compensations. The audience picked up Gremio's line "My cake is dough" in a funny though different sense from any Shakespeare would have recognized.

The most moving scene of all was in the skilfully presented resolution of the play — when Katherina the Shrew reveals herself to be "tamed". The quiet ending is remarkably moving, to which the pace, rhythm, boisterous fun throughout all that went before has been directed. No finer closing to the play can be imagined, or I doubt, given.

Gruff Humour

Of the individual actors' performances much could be said if space permitted—the gruff humour of Donald Munro as Sly, the excellent clowning of Albert Hill (Gremio), the fine presence of Robert Bolton who played the Lord; the distinctive character given Baptista by Gordon Corneil; the caperings and simperings of Hugh Hutchinson in several roles; the pleasant and delighting Lucentio of Jack Nichols, the capable Tranio of Les Woodruff, and the experienced performance of Joseph Barnard as Hortensio. The performance of Brenda Davies (Katherina) and John Londerville (Petruchio) in the two major parts demands special praise. By the very highest standards their acting was superb. Every time Petruchio came on the stage he gave force and heightened interest to it. Katherina's long speech at the end was given with consummate artistry — words, eloquence of body and beauty gave to it, the crux of the play, total validity.

The play was presented as a continuous piece except for one intermission at the end of what is set down in the text as Act III. Expert critics viewing this performance may argue about the interpolations (the grace before the foodless dinner, the words put into Sly's mouth when the true Vincentio would be sent to jail). Criticism may be directed at the intonations and pronunciations of individual actors. But in pace, gaiety and cohesion, in the play's general shape, it was an outstanding, even splendid production.

Incidental-music from Purcell and the Capriol Suite by Peter Warlock was played in piano duet by Musa Cox and Mary Baker. Here follows a complete list of the cast:

In the induction: Christopher Sly, Donald Munro; Hostess, Mildred Bailey; A Lord, Robert Bolton; First Huntsman, James Burns; Second Huntsman, Earl Druery; Servant, Arnold Olmstead; Page, Hugh Hutchinson.

In the Play: Lucentio, Jack Nichols; Tranio, Les Woodruff; Katherina, Brenda Davies; Bianca, Maralin Munro; Baptista, Gordon Corneil; Gremio, Lloyd Hale; Hortensio, Joseph Barnard; Biondello, Donald Torney; Petruchio, John Londerville; Grumio, Albert Hill; Duenna, Jean Buck; Curtis, Arnold Olmstead; Pedant, Arnold Noftall; Haberdasher, Hugh Hutchinson; Tailor, Robertson Davies; Vincentio, Clayton Bullock; Widow, Helen Staples; Zanies, John Armstrong, Hugh Hutchinson, Edward Loveday, Donald McKnight.

Striking Plant Claims $75,000

HAMILTON, Jan. 28 (CP). — A writ was filed in court here today on behalf of Penman's Limited claiming $75,000 damages over radio broadcasts in connection with the strike at the company's plan at Paris, Ont.

The suit is against Telephone City Broadcasts Limited and two officials of the United Textile Workers of America (AFL), the striking union. The company opegates radio station CKPC in Brantford. The union officials are Val Bjarnson, Ontario director, and W. E. Stewart, representative at the Paris plant.

The suit is based on broadcasts over the station. It also seeks an injunction restraining the defendants from continuing the broadcasts.

Confederation Fight Continues

ST. JOHN'S, Nfld., Jan. 28—(CP)—The Responsible Government League, continuing its battle to stall Newfoundland's Confederation with Canada, has asked George Drew to take up its battle.

The League President, Fred W. Marshall, yesterday cabled the Canadian Progressive Conservative leader:

"Haif the population of Newfoundland is strongly opposed to methods being used by the present Canadian Government to force our country into union with Canada.

"They endorse the stand you have taken to block the improper rushing through of legislation in the Canadian Parliament to effect this purpose. . . We appeal to our sister Dominion, through you, to safeguard our Democratic rights."

Emergency Break

KITCHENER, Jan. 28—(CP)—Kitchener was thrown into a emergency today by a break in the 12-inch water main supplying the city's south and east wards. It is believed ground gave way under the main causing a section of the pipe line to crack up. The city will be short over 1,000,000 gallons a day and consumers are being asked to use water sparingly. Several days will be required to complete repairs.

Union Demand Drops From 35 to 11 Cents

TORONTO, Jan. 28.—(CP). — With workers' wage demands pared down, the Consumers Gas Company and the Chemical Workers' Union (AFL) start negotiations today.

The union originally asked for a general increase of 35 cents an hour for the 800 employees. Then it sought hourly increases ranging from 20 to 35 cents, a demand rejected by the company. A union meeting Thursday night scaled down the demand to a range of 11 to 24 cents.

Trojan Notes

Red Wings and Canadiens of the Trojanettes went to a 3-3 girls' hickey tie at Turner Park. Jewel Lawson scored all three for Canadiens, as Marjorie Woods got an assist. For the Wings, Rita Naylor scored two and Joan Walling one. A senior girls' team has been organized and will challenge Lakefield girls to a game. They're all Peterborough and are willing to play any outside team.

Red Wings—Goal, D. Dunk; defence, B. Guthrie and E. Naylor; centre, R. Naylor; wings, E. Davis and J. Walling.

Canadiens — Goal, J. Succee; defence, B. Greeniss and J. O'Dette; centre, M. Woods; wings, S. Succee and J. Lawson.

Bantam Loop

In the Trojan bantam league, Ed Panter's Red Wings defeated Bud Well's Canadiens 6-1. Light snow slowed the game down. All the boys battled hard with no one outstanding. The Ranger bantams play Canadiens at 11 a.m. Saturday. In the tadpole league, the game ended 2-2, with two counters disallowed as the scorer was out of his age group.

Trappers Oppose Closed Season

SUDBURY, Jan. 28 —(CP)— Members of the Ontario Trappers Association today passed a resolution which would impose asystem of zoning and concerted action to control wolves and bears in place of the closed season on moose proposed by the Ontario Government. As an alternative they suggested a shorter, 15 day season, to open later than at present.

Opinion on this contentious matter was divided, some favoring support of a motion which would call for a December open season when few inexperienced hunters would go into the bush. Others felt that support should be lent to the zoning plan which would depend for its success upon a census of the moose population in northern Ontario, with a limited number of licenses issued for each area. This later plan finally won the majority support, with the added rider that if that could not be considered for this fall that the length of the season be reduced but not closed completely.

Shoplifter Faces Bigamy Charge Too

HAMILTON, Jan. 28 —(CP)— Sentenced today to 30 days for shoplifting, Mary Karkowski, 24, of Preston, whose legal name is Sharm Sharshin was immediately charged with bigamy.

She entered a plea of guilty. Police testified the girl was born in Poland on June 21, 1924 and came with her family to Hamilton in 1929. On Oct. 18, 1944, she married John Sharshin at All People's Mission here and lived with him for two weeks.

On Dec. 13, 1947, she went through a form of marriage with Frank Karkowski at St. Clement's Roman Catholic Church in Preston. After living together for about two months the couple separated.

Det. Dean said John Sharshin was alive and well and at present working in Hamilton.

She was remanded in custody until Feb. 4.

Police Seize Drugs

TORONTO, Jan. 28 (CP) — Police seized 1,000 gelatin capsules ready for filling with heroin Thursday when they raided a Toronto house believed to be a small "factory" of illicit drugs.

Police said they believed the capsules were to be filled with heroin after the drug had been mixed with sugar and milk.

John Zaplacinski was charged with illegal possession of drugs when a small amount of heroin was found in the building.

CANADA FROM COAST TO COAST

The Birthplace of Canada

Picturesque, romantic, historically-rich, scenically eye-arresting Prince Edward Island . . . the birthplace of Canada. In 1864, in the city of Charlottetown, twenty-three statesmen met to consider the work of welding into an integrated unit the scattered colonies of British North America. The people are overwhelmingly British in origin. They are enterprising, ruggedly individualistic . . . open-handed in their hospitality. Physically, the Island, inland and on sea, is rich with scenic beauty. In her streams and woods, fish and game abound. There is so much to admire in her quaint villages . . . lovely farms . . . tranquil streams and woods . . . her smooth beaches. Yes, Prince Edward Island offers the visitor everything the beauty-loving heart can desire . . . this million acre garden paradise invites you . . . so, come see for yourself, one of Canada's most land-lovely Provinces.

Says Lack of Food Cause Of Many of World Problems

By GEORGE RONALD,
Canadian Press Staff Writer.

WASHINGTON, Jan. 38—(CP)—Norris E. Dodd is first and foremost a farmer. And he believes food can be made to solve many of mankind's problems.

That explains his credo as director-general of the Food and Agriculture Organization of the United Nations:

"There can be no peace in a hungry world."

At 69, Dodd has labored long to promote sound, careful use of agricultural resources—and he has reason to think he's made yards. At the root of all his efforts, friends say, has been a burning desire to improve standards of living everywhere.

This is what the Oregon rancher said last June 7 when he left the post of undersecretary of agriculture to become director-general:

"Both history and the daily newspaper impress upon us that the lack of secure and sufficient food supply underlies human suffering, unrest, disorder, warfare. Freedom from want is certainly the most fundamental of the freedoms which mankind demands, and the most elemental want is certainly hunger.

"I do not say that F. A. O. alone can bring the world a better and more secure food supply. But I do say F. A. O. can help."

As a farmer—Dodd raises wheat, barley, hay and livestock on his 2,000-acre ranch near Haines, Ore.—he'd like to see long-term agricultural stability linked with a bountiful world food supply.

Wants International Agreement

He puts most things on a personal, down-to-earth basis. Of wheat, for instance, and the possibility of an international wheat agreement, he'll say:

"Let's suppose I've got 500 acres for wheat. I know I've got to summer-fallow it, plant it in the fall and wait until way on next year for the harvest. Now why can't I have some guarantee the price will be about the same then as it is now?"

Or he'll sum up the farmer's side of a price question:

"I think that a bushel of wheat bought a pair of overalls 30 years ago it should buy a pair of overalls today."

Dodd doesn't over-simplify, though. He's a walking information bureau and can quote accurate figures on production, cost and other agricultural subjects at the drop of a hat. He's in command the whole way as he presides over F.A.O. meetings.

In 1933, Dodd, who is a native of Iowa, became chairman of his county's wheat committee, a unit of the federal government's Agricultural Adjustment Agency. In 1939 he started a four-year term as A.A.A.'s western division director.

He was named A.A.A. chief in 1943, entered the agriculture department two years later and became undersecretary in 1946. That same year he headed the United States delegation to F.A.O.'s second conference.

Want To Question Carr

NEW YORK, Jan. 28—(CP)—The New York Herald Tribune today says members of the un-American Activities Committee of the United States House of Representatives wants to question Sam Carr, arrested here Thursday as a fugitive in the Canadian spy case.

Given 10 Years

MONTREAL, Jan. 28—(CP)—Antonion Rennies, 42, was sentenced Thursday to serve 10 years in penitentiary on conviction of manslaughter in the fatal shooting of a fellow newsvendor on mid-town St. Catherine St. last August. The victim was Benny Galasso.

PULP EXHIBIT — These people are shown admiring one of the exhibits in connection with the Canadian Pulp and Paper Association annual meeting being held in Montreal. The exhibit, which shows a miniature replica of a mill, was included with the others in the International Trade Fair in Toronto last summer.

Want TB Cattle Test

NORWOOD, Jan. 28—(ENS)—Trent River West Farm Forum met this week at the home of Mr. and Mrs. David Lobb, when 25 members discussed improvements which they suggested should be introduced to fall fairs. The Forum thought that local fairs should feature community exhibits only, entered by every family.

It was thought that fancy work and similar exhibits should be tagged to allow showing only one year and that grain should be shown in the sheath.

Members wanted to know why Peterborough County does not tests for cattle and it was felt that the importance of his safeguard should be drawn to the attention of the government representative.

The farmers wanted the value of prizes to be raised.

It was agreed that hte midway needed to be improved.

Bingo and euchre followed the discussion and Mrs. Lobb served lunch.

Dense Fog Paralyzes London Area

Ship, Air Services Are Suspended Worst In Memory

LONDON, Jan. 29 — (CP) — Fog today tightened its grip on Britain, disorganizing road, rail, sea and air traffic.

Ships were fogbound off Southampton and ferry services between Southampton and the Isle of Wight were suspended.

There were 50 scheduled aircraft movements out of London airport Friday, but only 10 planes, including one from Canada, arrived or departed.

The fog was densest in the northern part of the country, in such large industrial cities as Birmingham, Leeds and Manchester. Meteorological authorities blamed light north winds which carried smoke from the factories.

Worst In Memory

Residents in north and east London described the rolling vapor as the worst in living memory. In suburban Wood Green, businesslike small boys, brandishing flashlights, earned pocket money guiding trucks and automobiles. Some tried holding handkerchiefs before vehicle headlights to guide them but soon gave that up. One car ended up on the sidewalk.

Drivers left their trucks in side streets and asked strangers for overnight lodging. Firemen in one London district ran in front of the fire engine to find a fire.

Forecasters said Britons could look for the foggiest week-end since last November's bleak "blackout."

Rule Garnet Cox To Stand Trial

PORT HOPE, Jan. 29—(ENS)—Garnet Cox of Peterborough was committed for trial at a preliminary hearing on a motor manslaughter charge in Port Hope police court Friday afternoon. Magistrate R. B. Baxter presided; Harry Deyman acted for the Crown and T. J. Carley of Peterborough acted for the accused. Bail of $5,000 was renewed.

The charge was laid after an accident which took place on Nov. 28 last year in Cavan Township. Richard Mercer, passenger in Cox's car, died after the accident. Mercer was riding in the back seat at the time.

World Bank Lures Dollars With Bonds

WASHINGTON, Jan. 23. — (AP).—The World Bank may make a fresh stab soon at prying loose millions of American dollars from European hiding places, so they can be used to help foreign economic recovery.

Officials said the bank hopes to lure the sorely-needed United States cash into its coffers with special bond sales. The plan is to try the new method first in Belgium, with a $10,000,000 "pilot issue."

If that succeeds in coaxing the money out of hoarding, so it can be added to the bank's loan funds, the project will be repeated in other countries.

The plan's fate, they said, now rests with the Belgian Government which first must agree not to penalize bond-buyers by taxing them or "freezing" their dollar assets.

Canada To Release U.S. Fishing Vessel

OTTAWA, Jan. 29 — (CP). — Early release of the US fishing vessel Araho, seized by a Canadian fisheries patrol vessel January 24 off Nova Scotia, was indicated Friday night in a statement from Fisheries Minister Mayhew.

The Minister said he would concur in any action of the Justice Department aimed at release of the vessel, which had been taken into custody on the charge of fishing within the three-mile territorial limit.

BACKED BY QUEBEC'S 1937 PADLOCK LAW and on orders from Premier Maurice Duplessis, a score of provincial and Montreal police descended on the Montreal home of Communist organizer John Switzman, padlocking the premises for a year. The order was issued on the grounds that the eight-room house was being used to disseminate Red propaganda. Truckloads of literature and pamphlets were removed.

Canada's Exports In '48 Record For Peacetime

OTTAWA, Jan. 29 — (CP) — A significant rise in exports to the United States helped Canada solve her dollar problems last year and brought total exports for 1948 to the highest peacetime figure in history, the Bureau of Statistics reported today.

Spurred by the highest December exports ever recorded, the total for the year rose 45 per cent over 1947 to $3,075,800,000. This compared with $2,774,900,000 in 1947 and was the first time exports for any calendar year exceeded the $3 billion mark in value.

Exports to the United States accounted for the increase, offsetting a somewhat lower export trade with other countries. The U.S. took $1,500,987,000 worth of Canadian goods, compared with $1,034,226,000 in 1947, approximately half the total to all countries.

This increase covered most of the period when Canada's "austerity program" was being aimed at restricting imports from south of the border. Import figures for the year will not be available until later.

The 1948 total value of exports was exceeded only in the two war years, 1944 and 1945, when exports were, respectively, $3,440,000,000 and $3,218,300,000. The December total of $316,800,000 compared with $293,900,000 in November and $266,200,000 in December, 1947, and was the highest monthly total since June, 1945, when it amounted to $322,800,000.

Sales to the U.S. in December totalled $147,832,000, compared with $105,972,000 in December, 1947, a rise of 39.5 per cent.

Charges Public Moneys Used To Influence Voters

OTTAWA, Jan. 29.—(CP).—A noisy scene developed in the Commons Friday night when George Drew, Progressive Conservative leader, read statements which, he said, showed that the government was using public money in an attempt to influence voters. Speaking during the throne speech debate, Mr. Drew said Reconstruction Minister Winters had recently made what was probably the frankest statement any minister had made since Confederation.

Mr. Drew said that Mr. Winters, in a statement to the press earlier this week, had stated that getting votes was not a matter of hand outs or of "tumbling over ourselves to outsocialize the socialists."

Mr. Winters stated that more had been done in the Federal by-election in the Nova Scotia constituency of Digby-Annapolis-Kings "by way of direct financial beneficence than probably any other constituency in Canada and you know what happened"

(The passage which Mr. Drew quoted came from a prepared text of Mr. Winter's address before the annual dinner of the Liberal party's advisory council here last Tuesday night. Mr. Winters omitted the paragraph in the delivery of his speech.)

Mr. Drew said his party knew what was being done in the constituency, but "we did not expect a statement from a Minister that the government was trying to buy votes with public money and had failed."

"This admission, over-frank or naive, can't be passed over too lightly. It is an admission that the government is using public money with the hope that it will affect votes where it is spent."

But Mr. Winters' statement was surpassed by one made by Finance Minister Abbott. Mr. Drew read from the Halifax Herald of Jan. 6 a dispatch in which Mr Abbott was quoted as thanking the apple growers of Digby-Annapolis-Kings for a resolution expressing appreciation of assistance from the government.

Mr. Abott had added, however, that he wished the appreciation had taken the form of a larger vote for the government in the by-election.

Mr. Drew's reading of the two statements was interspersed with loud laughter from his supporters.

"It is not possible that there were two more completely frank admissions," he said.

"Is frankness so rare in Ontario?" inerjected James Sinclair, parliamentary assistant to Mr. Abbott, who was not in the Chamber.

"Frankness surprises your leader," he said to the Progressive Conservative members, "but it does not surprise us."

Entire Town On Sidelines As Yeovill Match Begins

LONDON, Jan. 29 (CP)—All England — well, almost all England—fixed a quizzical eye today on Yeovill town, a tiny Somerset community in the west of England famed for its sloping field and fantastic football enthusiasm.

Today is Yeovill's day of days. The team from the other side of the tracks meets its mightiest challenge so far — the fourth-round Cup Match against Sunderland.

Just about every man, woman and child among the marketing town's 22,000 population will be on the sidelines to shout: "Play up, Yeovill." The frenzy is so intense that dogs are decked out self-consciously in the green-and-white club colors. Druggists are displaying goods in green-and-white boxes.

Yeovill is a football enigma. Among the 300-odd clubs surviving in cup competition it is the only one which has no business there—it isn't a member of the English Football League.

The club's weekly wage bill is £85 ($340). Lordly Sunderland, which holds the unique distinction of never having been dislodged from the First Division in its 70-year history, is worth about £80,000.

Strictly a small-town club with overweening local spirit, Yeovill trains twice weekly—at night. Women supporters sweep up and mop the inadequate grandstands, mind players' clothes and serve refreshments.

London bookies are offering 5,000-to-1 odds against these "giant-killers" winning the cup.

USSR Trumps Up More Charges

MOSCOW, Jan. 29—(AP)—Russia issued a white paper today to tell the world the projected North Atlantic pact is part of a British-American plan for a new war.

It is a plot against the United Nations and has as its object the establishment of British-American domination of the world by force, said the Soviet Foreign ministry.

The document, one of the longest issued by the foreign ministry in months, took up nearly two pages in the Moscow press.

Specifically entitled, Declaration of the Ministry of Foreign Affairs of the USSR on the North Atlantic pact," the paper accused Britain and the United States of trying to isolate the Soviety Union, undermine the U.N., institute an economic boycott on the USSR and her friends, trying to start a new war and not wanting to conclude peace treaties for Germany and Japan.

Wants Trade Restricted

TORONTO, Jan. 29—(CP)—Canada should trade only with "those countries which are democratic and will use our dollars to strengthen the defenses against Communism," J. Bata of Batawa, near Belleville, told the Rotary Club of Toronto Friday. "Let us resist the commercial urge to accept the offers of those operating under the orders of Moscow — where any of our dollars are used in efforts to enslave the western world," Mr. Bata said.

Say Carr Hid 3 Years In New York

Wife Being Detained By Immigration Men For Overstaying Visit

NEW YORK, Jan. 29—(CP)—Sam Carr, alleged co-leader of a onetime Russian spy ring in Canada, lived in New York during the three years he hid from Canadian authorities who wanted to try him on a charge of breaking the Official Secrets Act, his wife said Friday.

The New York World-Telegram quotes her as saying before her own arrest Friday for deportation to the Dominion:

"He told me, and I have no reason to doubt him, that he had been living right here all the time."

Mrs. Carr said she meant he had been living in New York. Previously Carr had been reported living in Cuba and Mexico during the years he hid from Canadian authorities.

The Carrs had been living only a few weeks in the mid-town basement apartment where the Federal Bureau of Investigation found them Thursday.

"Mrs. Carr admitted that she had known her husband was a Soviet agent," the World-Telegram adds.

"But so successful had he been in eluding pursuit, she said, that she had stopped worrying about the possibility of his arrest . . ."

Held For Visit

It was emphasized that Mrs Carr is not sought in connection with the Canadian spy investigations, but was served with a warrant charging she had overstayed her visit to the United States.

Carr was arrested Thursday by agents of the Federal Bureau of Investigation. He is wanted in Canada on charges in connection with the spy investigations, including a breach of the Official Secrets Act. F.B.I. agents here said only that he was being held for "deportation."

Extradition Proceedings

Canadian authorities have said that unless Carr is deported they will take extradition proceedings to get him back to Canada to face the spy charges. But a complication appeared in the cards.

The New York Herald Tribune reported today in a Washington dispatch that the justice department has "about decided" to grant the request by the House of Representatives Committee on Un-American Activities to question Carr.

Committee members say Carr may have information in connection with the current investigation of Communist spying in the United States.

It was still uncertain this morning as to when Carr and his wife would be deported. Friday night an immigration agent said it was "safe to assume" they would be held on Ellis Island, in New York harbor, over the week-end.

Canadian Sailors Threaten Strike

HALIFAX, Jan. 29—(CP)—Threat of a strike loomed over Canadian deep-sea shipping today.

Gus Genites, port agent here of the Canadian Seamen's Union (TLC), said Friday night the Union wall strike before it will accept the wage cuts proposed by the shipowners.

This was the latest move in the dispute between the CSU and the Shipping Federation of Canada.

The two parties have taken their case before a conciliation board at Montreal with the flag owners asking a decrease in seamen's wages from $20 to $50 a month.

Genites' statement followed a union meeting here Friday which adopted a resolution urging that "all Canadian seamen mobilize immediately to take whatever action may be necessary to protect our living standards and Canada's merchant fleet."

The 400 seamen at the meeting went on record as "condemning the shipowners' vicious attack upon Canadian living standards and working conditions."

Powers In Crash

FLORENCE, Italy, Jan. 29. —Mr. and Mrs. Tyrone Power escaped injury when a small Italian car and Power's American convertible collided. The Italian car turned over and landed in a ditch. Its passengers suffered minor injuries. The accident occurred between Rome and Florence. The Powers — she was Linda Christian — were married Thursday in Rome. They left Florence this morning for Turin.

Former Warden P. McNulty Dies At Age 91

Warden of Peterborough county in 1907, Patrick Francis McNulty died this morning at his home, 248 McKellar St., in his 92nd year.

Mr. McNulty was born in Asphodel township near Norwood, son of Neil McNulty and his wife, Mary O'Leary. His parents were pioneer settlers of that section of East Peterborough, and the family has been prominently identified with the affairs of Asphodel and also of the county for many years.

Elected to the county council as reeve of Asphodel Mr. McNulty was a greatly respected associate of the stalwarts of those days, Bob Shaw of Harvey, Charlie Coben of Galway-Cavendish, John Garbutt of Smith, John Darling of Dummer, Frank Moher of Douro, John Fite of Otonabee and his deputy W. J. Porter and others.

The commission form of administration of the county terminated in 1906. In that period the county was divided into five sections, each of which was represented by two members in the county council. Mr. McNulty was elected reeve of Asphodel in the first year of the council under its present system which has continuously been in effect since the beginning of 1907. Not long after his wardenship Mr. McNulty contested the East Peterborough riding as Liberal candidate, but was not successful. He was always popular in his community and the village of Norwood, a man of good humor and judgment, who in his later days had outlived his generation and the friends of his manhood.

The House of Refuge at Lakefield was built during the time Mr. McNulty was a member of the county council. One of the oldest citizens in East Peterborough, Mr. McNulty ended his long residence in Asphodel at the beginning of last September and came to Peterborough to live here with his son.

Mr. McNulty was a farmer in Asphodel until his retirement from active work. He leaves his wife, the former Elizabeth Kelly, his son, Neil P. McNulty of this city, his brothers Charles of Peterborough and Joseph of Toronto, and sister Mary McNulty of this city.

The funeral will be Monday morning from Mr. McNulty's late residence, 248 McKeller St., to St Paul's Church, Norwood, where requiem mass will be celebrated at 10 o'clock. Burial will be in St. Paul's Cemetery.

Cabinet To Meet Secretly In Strasbourg, To Have Advisory Assembly

Rule Ministerial Committee Must Agree Or There Is No Decision; Parliament Can't Discuss Defence Measures

LONDON, Jan. 29.—(AP).—A new and historic "Council of Europe" with a fledgling cabinet and an advisory parliament emerged today as a major factor in the post-war world. The foreign ministers of the five democracies of the Western European Union announced agreement Friday to set up the Council. Authoritative sources said headquarters will be in Strasbourg, France.

The five countries reaching the agreement, after months of discussion on some form of European unity, are Britain, France, Belgium, the Netherlands and Luxembourg.

They said other European countries will be asked to help set up the council. One informed source said the first invitation will go to Italy. Indicating Italy will join, the Italian foreign minister, Carlo Sforza, said: "European union is born and Italy will be one of the founding states."

Meet In Secret

The "Council of Europe" will consist of a committee of ministers from the member states which will meet in secret, and an advisory assembly made up of representatives from each country. The assembly, expected to pave the way ultimately for a single parliament to represent all the European democracies, will meet in public.

Details are to be worked out by the permanent commission of the five powers of the Western European Union, set up under the Brussels pact of March 17, 1948.

The "Council of Europe" is a step toward a long-time goal of some European statesmen: a united Europe with member states eventually erasing geographical boundaries and other existing barriers.

Gradual Process

However, an authoritative source in close touch with the ministers indicated that any surrendering of national sovereignty to the new council would have to be a gradual process.

15 Workers Injured In Gas Plant Blast

CHICAGO, Jan. 29—(AP)—Fifteen workers Friday were injured and another 100 persons were cut by flying glass in an explosion at a gas generating plant on the southwest side. The blast at a plant of the Peoples' Gas, Light, and Coke Company, blew out the north wall of the building, shattered windows for a radius of four blocks, and broke all windows on the east side of a nearby Commonwealth Edison Company Service building. The 100 persons cut by glass were Commonwealth Edison employees.

Say 100,000 Boy Scouts Bulwark Against Reds

TORONTO, Jan. 29 (CP) — More than 100,000 Boy Scouts across Canada are being trained in the best possible methods of combatting any subversive element in the Canadian democracy, Scout officials say.

The officals, attending an executive meeting om the Canadian Boy Scouts' National administrative body here Friday, said Communists and other "'subversive 'isms" were trying to infiltrate into the Boy Scout movement here and in Europe. But "positive Boy Scout training" was making their result negligible.

Maj.-Gen. D. C. Spry of Ottawa, chief executive commissioner, said Friday night the "positive Boy Scout training—with its emphasis on country, home and school loyalties—is the best possible method of producing the kind of Canadians we want to have around us."

Associations Dominion Commissioner, told how Communist agents were trying to infiltrate into the movement, and said "we must do something about this infiltration."

"The time has come when we—as democratic Canadians—can no longer say we are against Communism. We must present a positive program to replace its ideology."

Some 30 business and professional men from across Canada who administer the national affairs of scouting hear the association's 1949 plans. They include:

1. The first Canadian National Boy Scout Jamboree, to be held at Connaught Camp, near Ottawa, next July 16-24. More than 3,000 boys from 14-18 years old will attend the all-canvas camp.

2. An international Rover meeting, for older Scouts from 17-30 years old, to be held in Norway next summer, to which 50 Canadians will go.

Red Artillery Along Yangtze East Of Nanking

NANKING, Jan. 29 (AP) — Communist gunners today planted artillery on the north bank of the Yangtze, east of Nanking, and ominously warned this chaotic capital: If the government wants to show its sincerity for peace, it will not move.

But it was too late. A careful check failed to locate a single Nationalist cabinet member in Nanking. All were admittedly gone except a few whose skeleton offices reported them "out." But their offices refused to say where they had gone.

Hopes for peace within the predictable future faded almost to the vanishing point.

The latest Communist demand, that the government remain in Nanking, was telephoned from Red-controlled Peiping by Acting President Li Tsung-jen's special representative. Commenting on demand, an informed Chinese source observed:

"Li Tsung-jen may find some way out, but we Chinese cannot imagine what it will be."

This source added that the demand place Li "in an impossible position and ostensibly means there will be no peace."

The Communist artillery emplacements are situated so they can shell river, rail and highway traffic to Shanghai, China's industrial and commercial centre 150 miles to the south.

With the Reds hardly five miles north of Nanking, and across the Yangtze, this half-abandoned capital all but forgot that today was China's new year—usually an occasion for celebration.

Padlock Law Abuses Denied

QUEBEC, Jan. 29 (CP)—There have been no "abuses" in action taken by Quebec authorities under the anti-Communist padlock law Premier Duplessis told a press conference Friday.

The Premier said opponents of the legislation which permits the provincial government to close places employed as Communist centres have admitted the law has not been misused.

Premier Duplessis made the statement in connection with a raid by provincial and Montreal police Thursday on a Montreal dwelling.

Say Stolen Cheques Appear In Windsor

WINDSOR, Jan. 29—(CP) — Express cheques said to be part of $5,800 worth stolen from Pickering, are turning up in Windsor and five business firms have lost up to $100 each. Sgt. A. L. Bonks of the Canadian National Railway Police said Friday a $100 cheque was cashed at the C. N. R. express office here and another at a jewelery store.

Police said one man is held in Toronto in connection with the theft.

Officials say at least five cheques were cashed here, all in late December. The cheques were stolen from th Eastern Ontario town on Dec. 10. Missing are 58 cheques worth $100.

Cheques cashed in Windsor were passed before circulars advising of the theft reached the city.

4 Countries Recognize Israeli State

Britain and Brussels Latest To Join Acknowledging Gov't

LONDON, Jan 29 (AP)—Britain and her Brussels alliance partners joined Friday night in a decision to recognize Israel. Australia and Switzerland announced recognition earlier.

The actions bring to 30 the number of countries which have taken such a decision. Five more —New Zealand and the Nordic countries of Norway, Sweden and Denmark and Iceland—are preparing to grant recognition in the near future.

The recognitions and pending recognitions constitute a major diplomatic triumph for the young Jewish state and are expected to make brighter Israel's chances for membership in the United Nations.

The United States and Russia accorded recognition soon after the Jewish state proclaimed its own existence last May 14.

France, a member of the Brussels alliance, recognized Israel last Monday. She joined the other four members—Britain, Belgium, the Netherlands and Luxembourg —in announcing Friday night there was a general agreement that the stage had now been reached at which de facto recognition could be given to the Government of Israel.

Make Own Announcements

The decision was announced in a communique after a meeting of the Foreign Ministers of the five Powers in London.

A Foreign Office spokesman said later Britain, Belgium, the Netherlands and Luxembourg would make their own individual announcements of the decision to recognize Israel.

The British announcement is expected to-day.

In Canberra, Australian Prime Minister J. B. Chifley referred to the fact that Israel had her first national election last Tuesday and said: "It is clear the new state has come to stay."

He added that when Israel's application for admission to the United Nations came before the General Assembly, Australia would support it."

The Foreign Ministers of Norway, Sweden, Den[illegible]k, and Ireland met yesterday [illegible] Oslo. They issued a joint communique saying they were prepared to recognize Israel de facto in the near future.

Two Dominions, Canada and the Union of South Africa, already have recognized Israel.

Lift Immigration Ban

GENEVA, Jan. 29—(Reuters)—The International Refugee Organization decided Friday night, against strong British opposition, to lift its ban on the immigration into Israel of Jewish refugees. After two days of secret debate the nine-country executive committee of the IRO passed a resolution authorizing the director-general to spend $4,000,000 to ship 50,000 Jewish refugees to Israel.

Firemen Called

CAMPBELLFORD, Jan. 29—(ENS)—Firemen were called to Ed. King's apartment in the McArthur block on Friday to fight a stove-pipe fire caused by an overheated stove. The fire was quickly extinguished and slight damage was done by the smoke.

Try To Reduce Egypt's Demands

TEL AVIV, Israel, Jan. 29—(AP)—Israel was reported today to have asked the United States to try to get Egypt to modify her position in the deadlocked Rhodes armistice talks.

A source close to the Israeli Government said the step was urged Thursday night when a Foreign Office representative called on Prof. James MacDonald, special United States representative in Tel Aviv.

Meanwhile, it was learned that Jefferson Patterson, American Charge d'Affaires in Cairo, had discussed Egyptian-Israeli negotiations during a visit to the Egyptian Foreign Office a few days ago.

A second relief convoy of eight trucks was sent to the 3,000 Egyptian troops trapped at Faluja, 30 miles south of Tel Aviv. The convoy, under United Nations auspices, carried a cargo of food and medicine.

Scottish Curlers Visited Peterborough 46 Years Ago

By C. H. IRESON

The early history of curling in Peterborough was given at length in The Peterborough o[illegible]anfwcea in The Examiner of Saturday last and is full of interest.

One of the highlights in local curling history was the visit on January 21, 1903, by the first Scottish curling team to visit Canada.

It was an event which lingered long in the memory of those participating. The leader of the visitors, Rev. J. Kerr wrote a book of some 300 pages describing the tour and has words of high praise for the team's reception in Peterborough.

They arrived here from Ottawa on Jan. 21, 1903. There was a full civic welcome at the station headed by Mayor George M. Roger with the band of the 57th Regiment in attendance. Led by the band the procession passed through streets thronged with spectators to the old Snowden House, now the Charlbond apartments. To quote the reverend historian it was "a reception, that for its heartiness surpassed any on the tour and can never be forgotten by members of the team."

Luncheon Given

A most elaborate luncheon was served the menu of which a copy takes up a whole page in the book—six kinds of meat, two entrees, relishes, six sweets and the usual trimmings along with a Burns' quotation.

Games were played against five rinks and the Scots lost four and won one. They were beaten by the Peterborough Thistles 11 to 8, Granites 13 to 5, Orillia 14 to 8, Kingston 18 to 7 and defeated Cobourg 12 to 8.

In the evening there was a supper and smoker in the Oddfellows Hall with Mayor Roger in the chair.

Went To Lindsay

On the Wednesday morning they were taken on a sleigh ride around the town, visiting places of interest. That day they were curling again against rinks from the local district with greater success. They beat Campbellford 12 to 8, Keene 11 to 8, Uxbridge 9 to 4 and were beaten by Norwood 12 to 11 later they proceeded to Lindsay and played five rinks Lindsay (3) Beaverton and Bobcaygeon. They returned that night to Peterborough by special train and thence to Toronto.

In Rev. Kerr's book which was entitled, "Curling in Canada and the United States there are reproduced photographs of some local rinks and their personnel may bring back happy memories to the older generation. Winner of Peterborough Bonspiel 1903, S. D. Hall, W. J. Ferguson, T. F. Matthews and D. Davidson (skip) —Peterborough Club rink D. W. Dumble, G. Matthews, J. Jefferies and G. Whiton skip—Also 2 rinks from Keene skipped by M. Keneally and W. Campbell and one from Campbellford with Charles Smith—skip.

Other highlights in the early history of the club included the winning on February 25, 1885 of the Governor-General's Trophy. The final game was played on the Rideau Hall rink in Ottawa against Truro, Nova Scotia. Two rinks from the local club skipped by Sam Ray and W. J. Ferguson won 48 to 23.

Three Peterborough men have held the honored position of President of the Ontario Curling Association Dr. R. B. Boucher 1890-91. E. B. Edwards 1930 and Ray Best 1943-44.

And now on Monday the local curlers and the Scottish visitors renew the battle 46 years after the first meeting.

Miss M. Clarry 34 Years City Organist

The person who probably remembers more than anyone else about the history of Trinity United Church, which celebrates its 75th anniversary on Sunday, is Miss Mabel Clarry, who has been organist for 34 years.

Miss Clary was organist first at Charlotte St. Methodist Church for 10½ years, and 23 years ago she became organist of Trinity Church. Ten years before the congregation of Charlotte Street had built the new Trinity Church.

On Sunday she will play for the last time as the church's official organist, for the 75th anniversary also brings the day of her retirement.

Miss Clarry has been playing a church organ almost since she was old enough to reach the keyboard. She started at the village church in Millbrook where she was born and spent her childhood. Since those days she has studied music in New York, played the organ in Western Canada, and trained the Trinity Church for 23 years.

Always Had Good Choir

Trinity choir, which she has trained and led for so many years, has always had a fine reputation in this city. "I love working with the choir" she says and with due modesty, and yet well-earned pride she tells of the choir's ability to sing sections of Handel's Messiah. "Of all the works which we sing, the Messiah is my favorite," she says, "and it is wonderful to hear the Hallelujah Chorus sung so beautifully by such a comparatively small group of singers.

It was Miss Clarry who introduced the Christmas candle light services to the congregations of Peterborough. "I first arranged a candlelight service in our church about 10 years ago, in the days when there was a great deal of uncertainty as to the popularity of such an innovation. And I don't mind telling you, when the idea was first put forward, there was it as a proper form of worship in considerable reluctance to accept a Protestant church." But Miss Clarry's perseverance has borne rich fruits, however, and the candle light service is one of the most beautiful features of the city's church activities to-day

Variety of Carols

Miss Clarry likes to include carols from as many countries as possible in the Christmas music at Trinity. Carols from Romania, Czechoslovakia, England, Tahiti, and many other parts of the world are sung at this church.

She lost count years ago of the number of weddings at which she has played the organ. She has definite ideas about music for weddings, which she says, are sacred ceremonies and unless she has a particular request for a popular number, she likes to play the beautiful sacred music contained in the Hymnary.

Six of the staunchest members of the present choir, have sung at Trinity under Miss Clarry's guidance since she became organist there. They are Miss Alma Blanchard, Miss Margaret Wolstenholme, Mrs. Olive Nichols, Miss Greta Giles, Miss Eva Fife and John Kennett.

New Workshop Army Unit Offers Opportunities To Toolmakers, Machinists

By the Examiner's Military Correspondent.

Several weeks ago, announcement was made in this newspaper of the formation of Peterborough's second Reserve Force unit, the 37th Heavy Anti-Aircraft Workshop, RCEME and since that time many questions have been heard in connection with the work this new unit, now recruiting, will be doing in this city. Its projected activities will be of interest to many in Peterborough, since this city has many men trained to use technical and mechanical equipment.

The new workshop is to be the right hand of the 50th HAA Regiment, RCA, the city's anti-aircraft regiment and is parading on the same night as the unit it supports. Already quite a few have completed their documents for recruiting and training schedules will commence in the very near future, as will receipt of special maintenance equipment peculiar to this type of unit.

The equipment and gadgets of a HAA regiment are costly, requiring not only applied skill to operate them, but technical skill to keep them going correctly. When one considers that an airplane is only a small dot in the air at 10,000 feet and 350 miles per hour, one can see that unless equipment is right up to the mark at all times, shooting to divert the bomber is almost useless.

This task of maintaining the complex equipment is the field of the HAA Workshop RCEME (Royal Canadian Electrical and Mechanical Engineers).

Peterborough's new work shop will have on its shoulders and conscience, more than $1,500,000 worth of equipment (at prices of several years ago), a great part of which is either electronic, electrical or mechanical. A more detailed look at these equipments will give the ordinary citizen an idea of the magnitude of the work which its own citizen-soldiers will be doing in the workshop.

Most costly of the equipment used by the 50th HAA Regiment, RCA, are its two radars, worth well up towards a quarter of a million dollars, and incorporating many special tubes, condensers, resistors, motors, cathode ray tubes, and special measuring devices. These must work to terrific limits, are necessarily very delicate, but at the same time must be able to withstand the hardships of road convoy, weather, and human handling. The workshop lads who will be dealing with this equipment will be learning all the latest radar theory, and will have at their disposal complete stores for replacements and testing, as the organization grows.

Valuable Guns

The 50th's present three 3.7-inch HAA guns, which can bring down an enemy more than 6 miles up in the air, or shoot at a ground enemy more than ten miles away, represent an investment of well over $150,000, and were made in Peterborough. Although not much that can go wrong with the actual gun, as it is made of steel, the weapon can go out of adjustment or part of the intricate electrical transmission system can become dislocated. The artificers on the workshop roster will look after this.

In communication, the workshop wireless experts will have to take care of a goodly number of wireless sets, transmitters and receivers, all the telephones which go to make up the complex HAA set-up, and the well-known Tancy loud-speaker system which is used for control in battle. Associated with this equipment will be the specially fitted 15-cwt trucks now on the regimental vehicle string.

Coupled with the radar in fire control, the HAA control room which goes with every troop of the regiment carries a plotting machine, a marvel of gadgets that produces the actual track of the aircraft which is being engaged. Maintenance of this special gear is still another task for the telecommunications branch of the RCEME workshop.

Last but far from least since they make up the remainder of the budget of equipment, are the heavy-duty gun tractors, radar tow vehicles, personnel carriers, light reconnaisance vehicles and special lorries. These vehicles will be the special purview of the MT section of the workshop, and they will be responsible for the maintenance, repair and recovery of the vehicle list.

Taking it all in all, 37th HAA workshop RCEME will be a busy establishment once it gets on its feet, and will furnish the Canadian Army with still another crack outfit from Peterborough.

To Have Machine Tools

The workshop, too, will have its own equipment of lathes, presses, winches, special lorries, meters, testers, and myriad other equipment for their work, and they will have to maintain these instruments in addition to their own work.

An announcement has also been made that if the unit personnel have any spare time from their two evenings a week, they can promote what the Army calls unofficially a "hobby shop" where the interested men of the workshop can take an evening here and there to make training aids for the HAA regiment and also to design many gadgets for their own personal use. This, however, is somewhat more in the future, after the unit reaches a peak of training efficiency.

To recruit for this hard-working unit, it is only necessary to either visit them on their parade night (same nights at 50th HAA Regt. RCA), and sign up, or come in any time during the day and ask the 50th's A&T Active Force staff for the information you wish.

It looks like a lot of fun and interesting work for the new unit, and all specialists are asked to do some deep heart-searching to see if they can find time to support this new workshop, Peterborough's second Reserve Force unit.

Cabinet To Meet

Continued from Page 1

Top Washington officials hailed the agreement as a step toward the goal of developing a new power centre in Europe, already divided sharply into a Russian-backed eastern bloc and a United States-backed western group.

They said promotion of European unity has been a major objective of American policy as embodied in the Marshall plan and the proposed North Atlantic Security Alliance.

This picture emerged from what informed sources said about the two bodies which will make up the "Council of Europe."

The "ministerial committee" will be a kind of cabinet with limited powers. Presumably it will follow the rule of foreign ministers in their previous meetings that all must agree or there is no decision.

A "consultative body" which also would be set up would be a form of parliament with purely advisory authority. This body could not discuss defence measures.

There was no indication when the new set-up might get rolling. observers did not expect the ministerial council to meet until after the foreign ministers get a report from the permanent commission, probably at its April meeting.

News ..... In Brief ...

By The Canadian Press

LONDON, Eng.—London Magistrate Frank J. Powell, who recently published a book on "The Trial of Jesus Christ" in which he claimed the trial was legally unjust, said "I have no doubt that Christ's trial will be reviewed by Israel." Powell made it clear he had no connection with the petition sent from the Netherlands by a person, who declined to disclose his name, asking the Jerusalem Supreme Court to review the trial and conviction of Christ.

LOS ANGELES — A $179,569 damage suit charging a doctor used her as a "guinea pig" was filed by Mrs. Ruth Yurman, 27. Mrs. Yurman charged Dr. Richard Taw of General Hospital performed an hazardous operation on her, despite her objections. Nature of the surgery was not described.

SAULT STE. MARIE — Six schools were closed and 1,350 pupils remained home because of an influenza epidemic that has taken two lives during the last two weeks. Dr. J. E. Gimby, civic health officer, said he believes the outbreak now has reached its height and continued cold weather would help bring it under control. He said most of the victims were young and few adults were infected.

VANCOUVER—Don't mention mink coats to Bill Pollard. He won a $4,000 mink coat at the British Columbia Live Animals Exposition last November. Bill was offered $2,000 the night of the draw, but he hoped to bargain for more. He said he found mink coats are a drug on the market, and sold it for $500 to a downtown clothier.

LONDON—The stress laid on sex in pre-marital counselling was criticized by Dr. Leland Foster Wood of New York, well-known clerical advisor on marriage. He told the London council of churches that many counsellors "get off on the wrong foot" by dealing with sex as the only marital problem.

GANANOQUE— Council members in Kitley Township have a steady job. J. H. Drummond, retiring after 11 years as Reeve, has spent 31 terms on Council. His sucessor, Reeve H. J. Bell, is beginning his 21st term.

OWEN SOUND— Owen Sound Board of Trade will urge the Federal Government to dredge the harbor here to a 24-foot depth this year. Fred Brown, chairman of the Harbor Committee, said some heavily-loaded vessels had touched bottom.

TORONTO — While the City Planning Department is working on schemes to solve traffic difficulties, Controller Allan Lamport has given them a new suggestion. He would have a city building by-law specifying that all new office buildings should have parking facilities for the tenants.

TORONTO — Rain and sleet is an act of God, and there is no law compelling the Highways Department to sand and salt icy highways, the Motor Vehicle Safety Association was told by Deputy Minister Jack Miller. He said, however, the Department does its best to make highways passable after storms.

OTTAWA—The Ottawa branch of the Ontario Police Association placed before the Police Commissioners new wage demands which it is estimated would cost the city $46,678 a year. The increase would boost the basic $2,830 salary on the 227-man force, to $3,000. Other salaries would be raised on a sliding scale.

Blame Icy Roads In Three Accidents

Icy roads were once again considered an important factor in three car accidents reported by police.

A car driven by Jane Gillespie, Homewood Ave., collided with the rear of a truck driven by Gerald Youmans, Brock St., at Charlotte and Park Sts. late Thursday afternoon. Youmans' truck was going west on Charlotte St., just ahead of the car and when it stopped at Park St. it was struck in the rear by the other vehicle.

The rear fender, tail light, and drop tailboard were damaged on the truck while the Gillespie car had a damaged front left fender and headlight.

PC Harold Mesley and Sergeant John Naples investigated.

Mrs. Mary Pullyblank's car, Kenneth Ave., colliedd with the side of a truck driven by Ronald L. Hughey, Monaghan Rd. on Thursday. She was driving east on Douglas Ave. and approaching the intersection when she noticed Hughey's truck coming from the north.

She applied her brakes but the car skidded across the road and although Hughey tried to avoid a collision, his truck was struck on the side.

The car received a damaged right fender and headlight, while the truck was not damaged. Both vehicles were insured.

PC Harold Mesley reported that the road was icy where the accident occurred.

Cars driven by Charles Foster, Norwood and Arthur Tighe, Simcoe St. were in collision on Rubidge St. north of Wolfe St. on Friday afternoon. Cars were parked on both sides of the street at the place where the two vehicles tried to pass.

After the collision the cars skidded into the parked car of Dave Hatherly, Bolivar St., which was parked on the west side of Rubidge St.

Slight damage was caused to all three cars.

Sergeant Gordon Puffer investigated.

Screen Character Judge Hardy Plays Bum Role

By BOB THOMAS

HOLLYWOOD, Jan. 29 —When a man serves 25 years with one firm, he is often presented with a gold watch.

Not Lewis Stone. To celebrate his 25 years with M.G.M., he has been given the role of a bum.

"This is the quintessence of type casting—I play a bum." he jested on the "Any Number Can Play" set. "The character is supposed to prove the adage that horse players always die broke."

Stone, who usually plays distinguished gentlemen on the screen, doesn't mind the casting at all. It's just another role in a long series of roles that have grown dim with the years. I asked him to name his favorite.

Has No Favorites

"That's like asking a dentist to name his favorite job," he answered. "I have no favorites. Some roles are good. some are bad, some are interesting and some are dull."

The 69-year-old actor is perhaps best known for his roles as Judge Hardy. For eight years he did nothing else.

"It was professional suicide," he remarked. But he was typed as the benign judge, he enjoyed the series. And he thinks the Hardys may yet return, although Mickey Rooney has outgrown his role as Andy.

"I don't think a company would kill a series that has brought a gross of between $35,-000,000 and $40,000,000," he said.

Mother From Canada

"It was always established that mother Hardy was from Canada. Perhaps she could take a trip up there and return with a niece who would be like Margaret O'Brien when she was younger."

As for the future of movies, he believes there is no danger from television. "People still will want to go to theatres," he said. "That is a part of mass psychology."

Yes, it looks as though Mr. Stone finally thinks movies are here to stay.

Coal Exports To Canada Head Recovery Program

By JAMES McCOOK

LONDON, Jan. 29—(CP).—Increased coal exports to Canada and South America are among the objectives of the British four-year economic recovery program. A Government White Paper said the United Kingdom is "almost completely dependent upon coal for industry, trade and domestic purposes since indigenous supplies of other fuels are insignificant." But in addition to more coal for home industry, foreign markets, especially those in the dollar areas, must be supplied.

Coal output, aided by increased mechanization, recruiting of mine-workers and wages and hours adjustments, has risen from 186,000,000 tons in 1945 to 208,-500,000 tons in 1948, the latter total 2,500,000 tons short of the target set by the Government.

By 1952-53, when Marshall Aid will have ended and Britain hopes to have solved many of her economic anxieties, the government desires production of between 250,000,000 and 260,000,000 tons.

This "implies and annual increase of about five per cent in output per man-year, a rate substantially higher than has ever been sustained for a long period by any large section of industry. To achieve such an advance will involve tremendous efforts. It means nearly doubling the rate of expansion thought possible for other industries."

Markets Uncertain

The white paper added there were uncertainties about future markets for British coal in Canadian and other distant markets, but in the Dominion and South Amercia particularly the earnings from such exports would be a major benefit to recovery.

In 11 months of 1948, coal exports to Canada were worth £484,750 ($2,343,00) compared with $136,800 in the same period in 1947.

Sales to South America coutries were resumed last year after a cut-off during the war and years immediately following.

To meet future targets, the white paper said the coal industry now nationalized, must:

Encourage more efficient use of coal supplies.

Raise underground haulage productivity from the present figure of about five tons a man-shift to 20-25 tons as was obtained in the most modern European mines.

Increase surface cleaning plants which, by 1952, should be able to deal with 70 per cent of total coal output and thus release men from hand picking coal and produce more efficient fuel.

Install more mechanical loaders to speed operations at the coal face, although it was recognized geological conditions in British coalfilds did not lend themselves readily to this form of mechanization because of the great depth of many seams and consequent difficulties in roof control.

Hold Vestry Meeting

HASTINGS, Jan. 29—(ENS)—The congregation of St. George's church, Hastings, held the annual vestry meeting this week. The meeting was preceded by a banquet attended by 23 members.

Rev. Canon C. R. Spencer spoke encouragingly of the year's work, stressing the fact that much remains to be done and all must help.

Financial report was given by the people's warden, C. Plant, showing a considerable balance for the year.

Mrs. D. Plant gave the Sunday school and W. A. reports, both of which were encouraging, with some money on hand.

Mr. C. Plant made mention of the good work done by the W.A. and thanked the ladies for the enjoyable meal.

Canon Spencer also thanked all who had contributed toward the year's success.

Ore Discovery Sets Poser For Scientists

By RICHARD DAIGNEAULT

QUEBEC, Jan. 29 (CP)—Bleak Ungava, immense stretch of northeast Quebec with great mineral wealth, is causing arguments.

The biggest is about how a 300-square mile stretch of Ore-laden earth should be developed.

Dr. J. A. Retty, generally considered the discoverer of the mineral potential of the Ungava, does not agree with people now campaigning for immediate construction of a smelter on the north shore of the St. Lawrence. It is all very well to talk of harnessing hydraulic resources and processing ore at Seven Island but, he asks, who will invest the money for doing all this.

Dr. Retty estimates cost of a smelting plant with a capacity of 1,000,000,000 tons of ore a year at $3,000,000,000. Such an expense would put the Ungava operations out of business before it got started, he claims.

Experts Argue

Two Laval University Scientist have given a different story in a joint report on an Ungava survey.

They estimate cost of a smelter at $141,000,000 and claim its production would yield about $240,-000,000 a year.

Dr. Retty had a counter argument. The United States is virtually the only market for Canadian steel. He implies the United States will buy on its own terms and for the moment, wants raw ore.

He says Hollinger North Shore Exploration Company, holding a lease on the ore areas, has plans for blast furnaces on the north shore, in the future.

Raise Economic Life

Meanwhile, the whole south shore of the St. Lawrence would find new economic life in the Ungava development, he figures. Rimouski airport located only 450 miles from the mines, provides a natural stepping stone to the northeast district.

The south shore would be called upon to produce goods for the population of the new area.

In Ungava there is no timber and that would be needed. The Rimouski provincial marine school could turn out pilots for ships that would travel back and forth, bringing Ungava supplies and taking away ore.

While Dr. Retty's opinion that the area could be inhabited all year without discomfort is not shared by a Laval University Geologist, who has called the land "inhospitable," experiments to date show the existence of towns in Ungava is not impossible.

Winger and Wainfleet, two hamlets on No. 3 Highway, between Welland and Dunnville, boast the most completely volunteer fire department in the province. The truck was bought and equipped by public subscription; mechanical work was volunteered by the firemen, and no member of the department draws a cent of pay.

BoardCompletes Exhibition Plans

The Exhibition board is all set for its midway and grandstand attractions next August.

The committee on amusements arranged with Barnard and Barrie on contract terms to bring their midway shows here for the first time. The member of the committee are: Gordon Hancock, chairman, Haig Kelly. Clare G. Collins and G. A. Gillespie.

There will be 14 to 16 rides and other amusements for which admission will be charged, and the management have assured the directors that no objectionable features will be permitted. The director had previously received recommendations from Stratford and other western Ontario boards that were highly favorable to Barnard and Barrie.

Grandstand bookings were made here at the same time, Wednesday afternoon, with Garden Brothers, Toronto. Nine acts were selected and a ten-piece band with an option of revising the program later if it was desired.

"M. A. Garden and the midway people impressed me as sincerely wishing to help us and I think we have made a real good bargaing for the public," Mr. Gillespie said today.

Stowaway To Join RAF In England

NEWCASTLE, Eng., Jan. 29—(CP).—Two Canadian stowaways, Keith Ferguson, 21, of Montreal, and Albert Edward Cain, 25, of St. Catharines, today were bound over for 12 months in the sum of £5 ($20) by Newcastle magistrates.

The men gave themselves up on the British ship Cairnesk when she was 24 hours out from Canada. They had been hiding in bunkers.

They said they had come to England to join the RAF and a representative at the Newcastle recruiting office said they had been provisionally accepted.

PUBLIC NOTICE

THE CANADIAN RED CROSS SOCIETY
BLOOD DONOR SERVICE

The Canadian Red Cross Society is inaugurating a National Blood Transfusion Service to provide blood free of charge to all hospital patients who require it. The Peterborough Branvh of the Society is at present organizing the local campaign for the registration of donors and respectfully asks the co-operation of all the citizens of the City of Peterborough and surrounding district, by volunteering as regular blood donors to ensure a constant and adequate supply of this life-giving plasma.

To service the blood banks in this vicinity 2,500 donors, men and women between the ages of 18 and 65 of good health will be required to give two donations a year.

I heartily endorse and support such a worthy project and appeal to our citizens to volunteer for this important service to humanity. As a work of mercy never ends I commend the National Blood Transfusion Service to your consideration.

I understand the Red Cross rooms at the corner of George and Brock Streets, upstairs, will be open afternoons and evenings from Monday, January 31st, to Saturday, February 5th, both days inclusive, for the general registration of donors. In the meantime, industry, management and employees, are perfecting their organization within their plants for this purpose, in whichh they have taken the lead in all blood donor and blood transfusion activities.

$2,000,000 Daily Burned In Bank of Canada Furnace

By HAROLD MORRISON
Canadian Press Staff Writer

OTTAWA, Jan. 29 (CP)—You'd think the way prices are going these days, nobody would have money to burn—but, brother, you're wrong.

In the big, square white-stoned Bank of Canada they're burning $2,000,000 a day.

Five men do the burning. There's hardly any pleasure in it. They haul the money in sacks from a big steel vault to an incinerator, lift the big bags from a hand truck and dump the stuff into the incinerator mouth.

The way the bank does its roaring business goes all the way back to your washing machine, your fireplace and your other odd habits of getting the folding stuff near fire or water.

Sometimes you throw clothes into the washer, forgetting there's a $10 bill in the back pocket. Sometimes the same clothes are hung up to dry, too close to the fire.

The result is you have a mutilated bill. You take it to your bank and get a new one. The only persons who probably aren't happy about it are the ones in the Bank of Canada who do the burning.

Torn and worn-out bills accumulate in banks in every city and town in Canada. By the end of the year, bank officials say there's at least $500,000,000 or $600,000,000 worth in all kinds denominations from $1 up.

Ready For Furnace

The Bank of Canada issues new bill for old. After a thorough check the bundles of old notes are wrapped up like so much junk in 500-note packages.

A cancelling machine cuts the signature "G. F. Towers" the bank governor, from the note. That makes them non-negotiable. If the note is $20 or more, a v-shaped knife removes the signature "Donald Gordon," deputy governor, too.

Then the little pieces of signatures are burned.

It's a tedious job. The bundles are stored in a big vault. Five persons enter the vault each day—just like going into a cold storage plant and getting a crate of eggs.

One has a push truck and six canvas bags; the other have pencils and paper. Into the bags goes money. Three persons check, the fourth holds the bags, the fifth takes the money from the steel racks in the vault.

After they get notes worth about $1,000,000, they push the heavy load to the furnace room an electric switch is thrown and a gas flame starts to glow in the incinerator. In goes the $1,000,-000 and the men return for another wad.

Day after day, week after week the tedious job goes on, and the result is just a big smoke haze hanging over the building.

Canada's Steel Shortage

There is a world shortage of steel. The ingot production in 1947 amounted to about 157 million net tons. There was no vast improvement in 1948. The amount was eight million net tons below the peak production year of 1937. The lower production has come in years when two major pre-war steel producers, Germany and Japan, are all but out of the business, when the steel needs of war-torn Europe are enormous, when domestic requirements in the United States and Canada have risen greatly, and when re-armament programs are under way. All this adds up to an extreme world shortage of steel.

* * *

The main impact of this shortage has been on the United States. Although the U.S. has increased its production by about fifty per cent. since 1937 (it is now 1,126 pounds per person, compared with 600 in Britain and 472 in Canada), it cannot keep up with the European recovery, the export, the re-armament and the domestic demands. It has reduced its exports. Canada imported 972,809 net tons last year and then did not get as much as wanted, and had to allocate it. This year, by voluntary agreement, our imports of steel will be further limited—to 800,000 tons.

* * *

Thus the world shortage comes home to Canada. Steel production in this country has been increased by 30 per cent. over 1939 to 3,075,000 ingot tons or 2,300,000 net tons of processed steel, yet the shortage is becoming yearly more acute, because our consumption is increasing and imports decreasing. In 1937 our consumption was 1.9 million tons; last year it was 3¼ million net tons. We had to import more than a third of this steel, ninety-five per cent. of the iron ore and seventy per cent. of the bituminous coal from which we produced our Canadian steel. And this great post-war consumption does not satisfy the demand; it is at least twenty per cent. less than we need.

* * *

The gap between supply and requirement, which is widening, cannot be closed now by any other means than increasing our own production of steel. Scrap iron is scarce; Canada has been going as far afield as Australia and Hong Kong in a desperate effort to lay hands on scrap. There is a small possibility of increasing our imports, and a large possibility that they must be further reduced not because of our shortage of American dollars, but because the United States has not enough steel for export, and because the general world shortage will continue.

* * *

Mr. F. K. Ashbaugh, Canada's steel controller, said in Toronto last Wednesday that this country should increase her steel production by more than twenty-five per cent. The problem is how it is to be done and can best be done. The chief steel producers have been preparing briefs to submit to the Government on ways in which the industry can be economically expanded. The Federal Government is going to take action on the matter, for financial assistance to basic producers was indicated in the Speech from the Throne. There are about fifteen basic iron and steel producers in Canada, but the "big three" who account for more than four-fifths of the steel ingot output are the Steel Company of Canada, Dominion Steel and Coal Corporation, and Algoma Steel Corporation. They are probably not anxious to put out millions of dollars to expand the industry without some protection or financial assistance from the Government. Costs of producing steel in Canada are high because coal and iron deposits are not strategically located in industrial areas.

* * *

The shortage of steel is one of the basic problems in our industrial and ecomonic life. Without more steel we cannot export more cars, or retain the markets we have. We cannot expand industry, build factories, ships, trains, farm equipment. The shortage has been an important factor in raising prices for things as varied as Hydro installations, tinned foods, (eight per cent. of Canada's steel goes into containers) and railway tickets for people who travel on iron rails. The Twentieth Century will never belong to Canada—as Sir Wilfrid Laurier predicted—unless Canada has more steel.

"The Worthiest of Gentlemen"

Tomorrow is the 300th anniversary of the beheading of Charles I, surely the most unfortunate of England's kings. Even now it is difficult to arrive at any widely acceptable decision upon the controversies which troubled his reign, and which brought him to the executioner's block, for many of the quarrels between Charles and his enemies are still live issues. But this much may be said: Charles was his own enemy, for all his life he used methods in dealing with statesmen which he should have known would have brought serious trouble upon him, and he seemed unable to trust anyone outside a very small circle of his friends; he was incapable of compromise and never seemed to realize the necessity for it; he never took his opportunities to make friends with his people, and to break through the barrier which was erected between him and his subjects by the parliamentarians who hated him.

Charles inherited the net of troubles which destroyed him from his father and his father's predecessors. If he had been a better politician he might have won his battle, but he was no politician. However, the widespread notion that Charles was a proud tyrant is not borne out by the facts, and it is a fact that no one who knew him personally had anything but the highest opinion of his character.

Charles' dealings with Parliament were disgraceful. But Parliament's dealings with Charles were worse; his trial was a travesty of justice, it had no legal validity, he was not permitted to speak in his own defence, and no one who was not his enemy was allowed to have anything to do with it. He opposed bigotry with bigotry, but it was the greater bigotry which murdered him.

Charles' leaning toward greater freedom for Roman Catholics in England has been blown up to a point where many people believe that he himself was an adherent of that faith, but there is no reason to believe that he was at any time anything but a communicant of the Church of England; indeed, until 1859 a special service was in the Prayer Book to be said on January 30, and the day was kept as one of fasting and humiliation. "It was for the Church", said Gladstone, "that Charles shed his blood upon the scaffold. Those who dislike this point of view may perhaps take comfort in John Milton's bitter accusation that Charles' greatest comfort in his leisure hours was a volume of the plays of Shakespeare.

Clarendon, who knew him as well as well as anyone, said that Charles was "the worthiest of gentlemen, the best master, the best friend, the best husband, the best father and the best Christian that the age in which he lived produced". No such tribute has been paid to any of those who so assiduously sought his death.

The Other Side Of The Continental Track

We who live on this side—the right side, of course—of the world's tracks tend to ignore the people on the other side, even though there are more of them. We like to think that we are more important than they. The Urals, or the Pacific take your choice—are the tracks, and the people we dangerously tend to ignore are the Asiatics, the millions in the Orient. Their way of life and even their habits of thought are different from ours, but that does not make them unimportant. They are important if only because there are so many more of them than of us who live in the west. The nineteen nation Asiatic conference in Indonesia which convened in New Delhi in mid-January must not be lightly regarded. It is a voice from the "newly-awakened Asia". The phrase was used by Pandit Nehru in talking about The Netherland's actions in Indonesia.

We in the West, including the Dutch, do well to heed the emphasis which Prime Minister Nehru, in addressing the Conference, gave to the elimination of colonialism: "the negation of democracy and the seed of conflict". It is not necessary to point out that all colonialism is not of the kind that the Dutch would restore in Indonesia. There is economic colonialism, which the Americans tend to practise even in Europe.

NOTE AND COMMENT

The Niagara Falls *Review* yearns for the days when "if you kissed a girl, you tasted nothing but just girl". Even in those days, we understand, there were complaints about girls who tasted of chapped-lip ointment, cloves, onions and cold cures. Of course, if our contemporary is the kind of kisser who draws blood, the taste is the same today.

Diary Of A Poet

By SAMUEL MARCHBANKS

SUNDAY: During the past week I have had four letters, a telephone call and several conversations, all about Bonnie Prince Charlie; it is amazing how devotion to this ill-starred leader lives on in Scottish hearts, and particularly when it is considered that his mother was a Pole, who always called him "Carlo mio', and that fully half his relatives on his father's side were non-Scots of one sort and another. The only comparable case which springs to mind is the devotion inspired by that amazing Spanish Irishman de Valera, though nobody ever asserted that Dev was bonnie—scrawny, rather—and he has missed his chance of deathless fame by winning his fight; the surest way to become immortal is to be a romantic failure....But I must make it clear to all my Scottish readers that it was a Blunt Man whom I met at a party who called Prince Charles Edward "a drunken bum". Could one who bears the Scots name of Marchbanks breathe such a blasphemy?

✧ ✧ ✧

MONDAY: I receive the strangest information by mail. This morning a letter comes from J. Heywood, of 164 Stephenson's Way, Corby, Northants, who destroys rats, mice, moles, rabbits, voles and cockroaches "by modern methods" and who expects to come to Canada to show off his Famous Rat Flute, which, he assures me, "lures rats from their holes". This man, who seems to be a modern Pied Piper, tells me that a male rat walks about three-quarters of a mile a day, and a female rat walks a mile for four days in succession; but on the fifth day a female rat will travel as much as fifteen miles, for this is Mating Day, and presumably a very busy day for female rats. Even when a female rat is caged she sticks to this routine, rushing around her cage wildly every fifth day in order to get in her fifteen miles....I wonder if Mr. Heywood would consent to take me as a pupil on the Famous Rat Flute when he comes here? I would rather like to prance through the streets pursued by male rats for three-quarters of a mile, and by female rats for fifteen miles. By stepping into a power launch after the fourteenth mile I could conveniently drown the lot, winning the love of my fellow-townsmen and possibly even qualifying for the Canada Medal.

✧ ✧ ✧

TUESDAY: Read in a farm paper today that the domestic bull is the most dangerous of all North American animals, far exceeding in ferocity the grizzly bear, the wolf, the lynx and the Income Tax Inspector. This surprised me, and caused me some retrospective alarm, for there was a time when I used to walk through a field in which a bull lived twice a day. It was an Aberdeen Angus, and without being a distinguished animal it was esteemed locally as a dependable breeder; it was black, bull-shaped (big head, no neck, large chest and dwindling at the back end to a rather comical pair of legs) and had a ring in its nose; its nose always needed blowing, and its eyes were rimmed with red, from which I divined that it suffered from a chronic cold. I always walked circumspectly, and the bull never paid any attention to me, except to throw me a glance which reminded me of a mathematics teacher I once suffered under. But it never chased me, or roared, or pawed the ground. If it had done so I would have shrieked and run straight at it, for I have been told that bulls can run very fast, but are slow at turning around. I tremble to think that I exposed myself to serious danger; I would certainly never dream of sharing a field with a bear.

✧ ✧ ✧

WEDNESDAY: Had a bad dream last night and woke up screaming. At least, I thought I screamed and was rather pleased with the notion that I had aroused the household but when I made enquiries this morning I could not find a soul who had heard me. One thrower of cold water said that nobody really screamed in their sleep, and that what passed as a scream with the sleeper was merely a low whimper. I reject this theory. I am quite ready to be accused of screaming in my sleep, but nobody shall say that I whimper. It is undignified.

✧ ✧ ✧

THURSDAY: Was reading that great Canadian classic "Beautiful Joe", by Marshall Saunders, to some children today. Had forgotten what a grisly book it is. Cruelty, drunkenness and meanness abound in it, which accounts for its popularity with the young, who love cheap sensationalism. But, oh how good the good people in it are! In one chapter a poor sailor boy, who owns a parrot, confesses to a clergyman that he calls his pet "Beelzebub". This flummoxes the parson, and one of the parson's little boys "turned away with his face a deep scarlet, and walked to the window murmuring 'Beelzebub, Prince of Devils'". How the child got this notion I do not know; an adherent of some church with a very loose theology, no doubt, for when I went to Sunday School "Beelzebub" meant "Prince of Flies", and was considered a very third-rate sort of devil...In modern children's books no boy ever flushes a deep scarlet; they are too dumb. The heroes and heroines of modern children's books are all feeble-minded.... But the good clergyman persuaded the sailor boy to re-name his parrot "Bella", thus whitewashing it. I never knew but one parrot, which was called "Stinker", for the best of reasons. It lived in a pub.

✧ ✧ ✧

FRIDAY: Received an undergraduate magazine this morning, containing the kind of poetry which boys and girls write between eighteen and twenty-one—full of words like "harlot", "stench", "whore" and the like. The young have a passion for strong meaty words, and like to write disillusioned verses with jagged edges about the deceit and bitterness of life. Idly turned my hand to versifying, and produced this nice bit of undergraduate poetry, which I offer free to any university magazine:

PHEW!

Ugh!
Take it away!
Life—the thirty-cent breakfast
Offered to vomiting Man
In this vast Hangover—
The World.
Onward I reel
Till Fate—the old whore—
Loose or costive
Drops me in the latrine of Oblivion—
Plop!

There; I have not lost the youthful, zestful university touch with a bit of verse.

✧ ✧ ✧

SATURDAY: Ate my first Canadian margarine today. Found it disappointing. It was neither the nauseous concoction of train-oil and soap which the dairymen had led me to expect, nor did it taste of glorious liberty and the Triumph of the People over Vested Interests. It just tasted like butter. And yet this might have been expected. Surely man can produce, by scientific means, something as good, or better than, the goo which a cow exudes without using her mind at all? Having beaten the cow at her own game, Triumphant Man will march onward to the synthetic egg, and then to laboratory-made beefsteak. At the moment a whole large class of society is doomed to coddle and valet a lot of idle, ungrateful animals. Get rid of the animals, say I! Kick them back into the forests whence they came! They have leeched and battened upon man for aeons, but their day is done. In the world to come there will be no farmers—only scientists, leaning on the gates of their laboratories, yammering about the low prices they get for their stuff, and whining if it is suggested that they pay income tax.

Letters To The Editor

MARGARINE COLOUR NOT A POLITICAL MATTER

Sir: It was with a great deal of interest that I read your editorial re: Margarine, in last night's Examiner, and it struck me as being a very fair summary of the whole question.

I noticed in the Toronto papers that Premier Kennedy is thinking of passing a law in regard to the colour. I wonder who sold him on the idea that any particular colour belonged to the farmer, or any other class of people. His argument struck me as being very ridiculous. Every working man has to pay income tax on the money he uses to buy either butter or margarine. It would be of great interest to know how many farmers are doing the same with the money they get for butter.

Our Mr. Scott is a very busy man, so I would suggest that all who are interested write or phone him in regard to leaving the margarine question alone. It is the only way he has of finding out the feeling of the people as it is not a subject for politics in my opinion.

Yours truly,
WORKING MAN.

"I AM A CANADIAN"

Sir: Yes sir, I am a Canadian. I feel thrilled when I say it, notwithstanding the unjust criticism levelled at our young nation, I feel 21 years of age again, that was a great day, so is this.

My grandparents settled here some three or four generations ago, some were Irish, some English, some Scotch, some Jersey Islanders, I believe, "but does that matter"?

You say what about tradition, culture, the arts, well we have them all and in abundance. Look about you. Take time to see.

What's more, I have a personal living Jesus Christ. I'm living for Him. You ask me how I know He lives. I'll tell you. He lives within my heart. Canada is where I found Him, in church listening to Canadian. I found Him and He found me in the Canadian Y.M.C.A., in the Canadian "AA" movement and in my brother Canadian whom I work with and play with. I pray God that I might help in some way to carry his banner in my daily life as a Canadian living in God's country (Canada).

This nation must live for something deeper than power, politics or economic or social structures that are not based on the solid rock of Christ Jesus our Lord and creator.

Our leaders must be elected on their knowledge of the creator. By their fruits ye shall know them. When the hub of a wheel is rotten, it is not wisdom to put in a new spoke, social or otherwise.

We must clean the dust off the school Bibles and begin teaching the word in our schools, it matters not the denomination. Teach and let each find his own conception of God (that is Christianity). Are we a Christian nation? In speaking to a friend last week he stated he was an atheist "thank God". "Canada is safe I think, as long as our atheists 'thank God'".

For 30 years I wouldn't go to church because all the hypocrites were there, then the thought struck home, come on you hypocrite. "Birds of a feather flock together", why don't you keep an open mind and go to church, you know you don't have to be a hypocrite.

Yes, Canada is a Christian nation. Are you doing your share to keep it so? You know the Timothy Eaton departmental store. Certainly you do, it's Canada's greatest institution of its kind. You'll get value and justice if you deal there. Did you know you can't buy tobacco of any sort in their chain of stores. Did you know you cannot see into any of their windows on Sunday (no advertising). Yes. But you say what good does that do. Well those moral and Christian principles built that business which we are all proud to say does so much good for fellow Canadians. Have you and I done anything about tobacco, Sunday, church or anything else? Have we? Where do you start? Well the best place would be your church that is the body.

So to you brother Canadians, let us thank God for this wonderful country of ours and as we are a Christian nation and administer our law courts in accordance with the word (the holy Bible), we should know something about what is in this book we live and govern our nation by.

G. W. HERON.

Bible Message

(From the Authorized Version)

The centurion answered and said, Lord, I am not worthy that thou shouldest come under my roof: but speak the word only, and my servant shall be healed. For I am a man under authority, having soldiers under me: and I say to this man, Go, and he goeth; and to another, Come, and he cometh; and to my servant, Do this, and he doeth it.

When Jesus heard it, he marvelled, and said to them that followed, Verily I say unto you, I have not found so great faith, no, not in Israel....

CLEAN HANDS

David, aged six, lives over a mile from school and is allowed to make the journey on his tricycle. A few days ago a neighbour on his way to catch his morning bus came across David standing forlornly beside his tricycle, the chain of which had come off. He soon put matters right, though at some cost to his well-groomed appearance.

"Now that you are six you will soon be able to put your chain on for yourself," he said to David when he had finished.

"Oh, I can now," replied David "but it dirties my hands."

Outdoors

With PETE McGILLEN

NEXT MONDAY and Tuesday could be red-letter days in the history of Ontario. At that time the Ontario Federation of Anglers and Hunters representing more than 110,000 sportsmen and outfitters hold the 21st annual convention at the King Edward Hotel in Toronto. This meeting marks the climax of a reorganization across the province. Thanks to the hard work of Vivian Sutton, Windsor, Reg. Hannam, Hamilton and Bill Smith, Dundas, along with many others, the entire province is now organized under one head. A Sportsman's Parliament is in existence. To this gathering will be sent resolutions from every fish and game group affiliated. Resolutions will aim at improving conditions and urge proper management and perpetuation of the natural resources of this banner province. There will be overlapping of course, but when the wheat has been sifted from the chaff, the list of proposals will represent the best from this galaxy of thinking conservationists.

✦ ✦ ✦ ✦ ✦ ✦

I SAY, IT COULD BE a red-letter day. If enough delegates stand up and fight, without fear or favor for the legislation, knowing Ontario needs to protect this remnant of natural resource, then it will be a banner event. But always there are those with selfish interests, with axes to grind, whose idealism and realism are tempered by their own short-sighted demands....These form bottlenecks to progress. The northerners will ask for a closed season on moose—but will the outfitters who have money invested and who can see their bread and butter disappearing like a snow-man in a hot March sun, support them? There will be a plea for stiffer penalties, for more game wardens. If that resolution gets to the fish and game committee of the Legislature, how much consideration will it get from the Members? Will they want the rich sportsmen and the party stalwarts fined heavily for breaches of the Act? Will resolutions that are based on selfish motives get support from the convention, or will the delegates be sharp enough to spot them for what they are?

✦ ✦ ✦ ✦ ✦ ✦

EVERY RESORT OWNER in the Temagami region who has had three years or more in that area, knows the fish and game are going. They know too that when the cry goes up, that the lakes are fished out, and the deer are no more, then their investments of $25,000 and up will not be worth 50 cents on the dollar. Are these men obsessed with a sense of futility or are they sitting back waiting for a miracle to restore the fishing and hunting? Every sportsman knows this well: there is no magic way to plenty in the realm of the wild. But they know too, that with enforceable laws, penalties to match the offences, competent law officers, and a long-range plan of restoration and conservation, the job can be done. Resort owners in the Kawarthas, in the Rideaus, at Sparrow Lake, along the French river, and over in the Lake of the Woods and the Dryden area know all these things. Why then, the apathy? Why tolerate conditions that will mean ruin to the tourist industry in a decade or less? It's later than is thought, and if my feeble voice could rouse them, I would shout until I was hoarse.

✦ ✦ ✦ ✦ ✦ ✦

UP IN HALIBURTON there's a beautiful spot called Gull Lake. It is an immense body of water, but the fishing has dropped off to such an extent that many trout anglers don't go there any more. There are many cottages and the youngsters fish from the docks, catching small-mouth black bass and perch, and the bass are rarely ten inches long. They keep them, and the parents pay no attention. It takes five years for a bass to grow to legal size, and a bass doesn't spawn before that time. The fault is with the parents who could teach the children the importance of protecting these fish. That is just a sample; the same thing happens on every lake and the adults sit back and whine about the fishing getting poorer every year. Here's another angle. How many resort owners shut their eyes when customers pack more than their limit of fish and ship them home? How many pass out a friendly warning about not letting fish spoil in the icehouse? How many advise the anglers that they can only have a two-day legal catch in their possession at any time? It seems to me many of those resort men are making a thorny bed to sleep in.

✦ ✦ ✦ ✦ ✦ ✦

LET'S GET BACK to the Federation convention. I have high hopes for it, and the benefits that will follow the presentation of the resolutions. Certainly this group and the Dept. of Lands and Forests have gradually established a partnership that should pay dividends. The Hon. Harold R. Scott, Minister of the Department holds the respect and admiration of the sportsmen and the officers of the Federation. It remains to see how far he will go—or rather how far he can go in a political setup—to meet the demands of this group. Beyond a doubt he can foresee the lean days that lie ahead if something drastic is not done soon. I am not suggesting for a minute that emphasis on restoration of the natural habitat is the final answer either. If poaching and fish hogging are not checked, then all other investments in the future are practically wasted. For instance, why restock and protect lake trout, then fail to prosecute men who come in and net the trout to sell to lumber companies at so much a pound. No, sir, law enforcement is an integral part of any game and fish management program.

✦ ✦ ✦ ✦ ✦ ✦

SUDBURY FISH AND GAME Protective Association have organized a Junior Society for the purpose of teaching conservation to the city's youth. The club will sponsor essays, and members will take groups of boys on hunting and fishing jaunts with them. Boys will also get first hand training in the use of firearms, how to identify birds, trees, and fish and will eventually get an education not available in present-day schools. This is just another indication of what an active, energetic group of sportsmen can do. Joe McNab, an energetic Scot, who never catches fish or kills animals has been re-elected president, and his caustic tongue will probably continue to keep the boys in top form. Gregory Clark, famous writer, sportsman and raconteur was the club speaker in January.

✦ ✦ ✦ ✦ ✦ ✦

IN THOSE LONG-GONE DAYS, called summer holidays of one's school years, I had a habit of lying in the long grass of a meadow, trying to name the birds from their songs. Early I spotted the meadow-lark by its dipsy-doodle flight, and the bob-olink, and red-winged blackbird by their melodious calls. It all came back to me last Saturday as I sat at a banquet and listened to Miss Mignon Mayneord, entertain the crowd with her whistling. She gave a remarkable performance—I could have listened for hours. The thought struck me, it might be a good idea to hide Miss Mayneord in a woods, and to have Alex Kay, John McKone and Larry McKeever try and identify the birdcalls. Even these experts would be fooled. The week before at the annual dinner of the Dept. of Lands and Forests in the King Edward Hotel, Toronto, I heard George Murray sing "Galway Bay". You can have your Bing Crosby, Thomas L. Thomas, Morton Downey and Jimmy Shields, I'll take this sweet tenor singer from Toronto. Why he isn't making records is a mystery. I have heard the four named above sing this Irish ballad, but only Murray does it justice.

Library Provides Variety of Services But Its Facilities Unused By Many

By BOB BUCKANAN

No institution can serve in as many varied and deeply lasting ways the residents of its community than does the public library. Peterborough's Public Library—a big brick home for nearly 30,000 volumes—stands at the corner of George and McDonnel St., close to the heart of the city.

Across the big semi-circular desk at the front, books slide into the waiting hands of adults at the rate of 100,000 a year. Upstairs, in its childrens' section, the city's youngsters discover for themselves the magic and pleasure of the printed word and pictures at the rate of 200 books a day. In its reading room, many relax to enjoy a paper or magazine daily. Its referance shelves are the sources of countless items of needed data, desired information, help on many problems. Its staff of more than a dozen full—and part-time workers is kept busy filling a vital need.

"The big job of a library is to bring together the books and the people," was the definition of the function of the institution by its director, Chief Librarian William Graff. Generally speaking, the people of Peterborough and the surronding district do not use the facilities of their library nearly as fully as they could, he said.

In the city and immediate suburbs of about 40,000 persons, there are only about 7,500 members of the Peterborough Public Library. Nearly half of that number are children, far larger than the national average, which is about one-quarter. There are only about 200 non-city memberships.

Those persons who do belong make good use of their memberships, Mr. Graff said. The circulation total for 1948, about 160,000 books, works out to more than 21 books a person a year—four times the national average.

An inspection of the thousands of books in the library gives one a rough picture of the wide variety of subjects covered. Fiction, the largest separate section, includes material for all tastes—from heavy fiction classics, right through to the latest and goriest who-dun-it. The index of authors ranges from Aaron to Zweig. There can be found adventure, romances, novels with deep and solemn "messages," books with no other purpose than to amuse.

In the non-fiction section, the Dewey Decimal system of cataloguing, which is used throughout the library and is a standardized international system for libraries, covers many subjects: Religion, Science, Economics, History, Travel, Engineering, Literature. The writings of man, within the limitations of the size of the building and the city, are housed here.

A large mailing list to the library keeps a steady flow of periodical literature coming in. Magazines, newspapers, quarterlies, are display in the reading room. They are well patronized. The library has a large group of devotees who regularly come to read their favorite Canadian quarterly, English daily or American "little magazine." Many of these publications are beyond the incomes of individuals or, for other reasons, cannot be obtained. The library provides their only access to them.

Through the card-indexing system, all book material is listed alphabetically by authors subjects and titles.

Possibly the most important—certainly the most basic—section of the library is the reference division. It contains those books which are to be used within the library. These books are consulted for specific purposes, by persons after information on definite topics. The foundation of the division consists of such basic reference books as encyclopedia, dictionaries, year books, almanacs, gazeteers, atlases, government statutes, Hansard and Who's Who.

By its nature, the reference division must have a quick, accurate and comprehensive index to all material available, which is the responsibility of Miss Geneevieve Sullivan, who is head of that section in the Peterborough Public Library.

The reference volumes—about 7,000 of them—are supplemented daily by current material arriving in a form too new to be in book form—newspaper and magazine articles, pamphlets, etc. Miss Sullivan sees to it that any daily changes which make information in reference works out-of-date are entered in the proper places.

One of the main sources of data collected in this way was started in 1948. It is an Inforamtion File, contained in a number of cabinets, divided by folders into subject matter covered. Here may be found neatly clipped, up-to-the minute information. As with all sections, this material is at the disposal of any person.

A Periodical Index lists every item appearing in leading Canadian and American magazines. An index of subjects in English periodicals is kept at the library.

A Weekly service received at the library which is a valuable reference tool is one which gives a comprehensive record of all current historical events, literary achievements and sports of the entire world.

Meteors Defeat the Petes By 3-1 Count In Fair Tilt

Toronto Meteors broke into the OHA senior "B" victory column last night here at the expense of the Petes, beating them 3-1 before a so-so crowd. A two-goal drive in the first frame spelled the difference, as neither side counted in the second and each tallied once in the third. It was just a fair fray on a good sheet of ice.

Play was clean throughout but for one fight early in the second when Preston of Meteors and Coach Red Creighton of the Petes tangled. They drew majors and Red had a misconduct tacked onto his for shoving the referee around. The Petes drew but two of the seven penalties handed out by Referee Max Reesor. There wasn't a sin committed in the third chukker.

Honey Tompkins was probably the pick of the locals over the distance, scoring their only goal and coming close on a number of other occasions as he worked hard all the way. The Petes as a whole—minus a workout in a week—looked disorganized and missed passes repeatedly. It was the poorest display they have turned in so far this season. Veigel and Carter turned in a fine game up front for the visitors, with Thoms and C. Robertson solid on defence. Both goalies kicked out some neat ones.

Most of Play

Meteors had most of the play in the first frame. They went on the attack early with Turcott coming close. Then Veigel broke in fast with Carter's pass and, after Harding stopped one in-close thrust, he parked the biscuit into the oven neatly. Tom Parsons and Quigley got away for a rush, and then Preston went off for tripping and Brockley sat it out, too, when the Petes had too many men on the ice. All returned and play became a bit ragged. Floyd Parsons and Mortimer nearly got one, but Carter made it 2-0 in fast with a hot corner drive, aided by Veigel and Sadler. The latter then drew a penalty for triping, and Ray robbed Veigel.

Early in the second, Jerry Creighton and Fred Garvey got in a good try. Red Creighton and Preston drew penalties for fighting, and Tompkins almost tallied. Sadler went off for grabbing the puck and the Petes pressed. All returned and the Petes' first line fought in there several times but Harding also had to hop to stop some as play warmed up for a space. C. Robertson was gated for charging and the Petes poured in but couldn't get one by Lynn. They played their best hockey of the game this heat.

Finally Scored

Thoms and Veigel combined to come close early in the third and the Petes played disorganized hockey for quite a spell. Veigel made it 3-0 on a slap shot from B. Robertson's passout at close range. The Petes drove harder then and play was fast and even. Tompkins pulled a nifty solo rush from his own blue line to go right in and whistle an angle drive by Lynn for their lone marker. It slowed down again shortly after with wild passing and missed passes, Meteors nearly notching a couple on poor clearing out of the Pete's zone. McMaster and then Quigley tested their goalie and Carter got in a hard try for Toronto. The final few minutes saw the Petes pressing again but they couldn't get another goal.

The teams

Metheors: Goal, Lynn; defence, Thoms and C. Robertson; centre, Veigel; wings, DeFaat and Carter; alternates, Bell, B. Robertson, Turcott, Preston and Sadler.

Petes: Boal, Harding; defence, Horton and McMaster; centre, Tompkins; wings, J. Creighton and Garvey; alternates, Mortimer, F. Parsons, R. Creighton, Quigley, Reid, Brockley, T. Parsons, and Legrow.

Referee: M. Reesor; linesman R. Ouimet.

Summary:

First Period:

Meteors—Veigel (Carter), 5.27.

Meteors—Carter (Veigel, Sadler), 12.21.

Penalties — Preston, Brockley, Sadler.

Second Period:

No score.

Peterboro Club Engages A New Golf Pro

Gordon J. Harrison has been engaged as professional of the Peterborough Golf and Country Club Ltd. for 1949, succeeding Hugh Logan, Jr., pro at this club for the last two seasons. Gord Harrison has been assistant professional for the past two seasons at Mississauga Club and before that he spent two years as assistant pro at Weston. He comes to Peterborough highly recommended by E. H. Banks, manager of the Ontario Golf Association.

A youthful looking golfer, Harrison has had considerable success both in instructing and in competition. He shot a 157 over 36 holes at the Islington course three years ago to capture the assistant professionals' tourney championship against 21 other entries, and at the Oakdale Club CPGA-sponsored Western Division championships later he shared in the prize money with a 163 total for 36 holes. Gord is a popular instructor and Peterborough Club officials are happy over obtaining him.

City Carpetball

By the results turned in this week it looks as if the Fighting Parsons will have to keep on their toes to hold top place in the standings. Their best opponents at present are the Treasurers and Thistles. King Billie also made a bid to pull himself up a rung or two as he took the Legion Bouncers for two straight 12-5 and 16-11. Dominion Woollens lost a couple of toughies to Garsides Spark Plugs, losing the first in the final frame 9-8, and the second after trailing 10-3 when they came within grabbing distance and to lose 12-11.

The Bell Ringers apparently bumped into a fire hydrant when visiting the Money Grabbers, dropping both games to the tune of 17-5 and 14-3. They fared a little better when they met the Woollens being able to divide the points 10-15 and 14-6.

Those Money Grabbers are certainly out for all the interest that can be had, for Garsides Spark Plugs lost on their investment 6-9 and 4-14 enabling the Treasurers to climb to second position.

The Glengarry's may have been strong overseas but when it comes to "Going through the rye" they got all mixed up on the spikes of the Thistles and went home minus their pants, scores 11-9, 9-8; yet when they met the Fighting Parsons the Glens won the first bout 10-9 and had to concede to the better team in the second by the score of 3-14.

In the other game reported the Glens divided the counters with the Wool gatherers, taking the first 14-7 but losing the second 10-12. Games for the future—first named to be played first.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

It might be emphasized the two men's basketball games tonight are in the YMCA gym and not over at the Collegiate — their usual spot. Cobourg clashes with Outboard Marines "B" squad in a regular Lakesnore League fixture at seven of the clock. The McIntyre men are rolling right along lately and hope to snatch another victory from Morg Hewson's home town. This tilt is followed along about 8.15 (give or take a few minutes) by an exhibition betwixt Strand Cycles of Hamilton, formerly the Burlington Grads of the Can.-Am. senior loop, and Marines' good "A" aces. Likely lots of keen cage action before a goodly gallery. Last night's hoop results should be listed elsewhere.

Definite word has been received of the PMHA representatives' first playdown games in the Ontario Minor Hockey Association. Three Lindsay teams play here Tuesday evening, starting at seven, in Civic Arena against local winners. The triple-header opens with Lindsay vs. our bantam Marines, then Lindsay against Clapper's in a midget melee, winding up with the Scugog squad tackling the Legion-sponsored Trojans in a juvenile joust. These are first of home-and-home (goals to count) playdown series, return matches being on Scugog artificial ice next Thursday night.

They Rate Support

These minor puckists put a lot of hustle and fight into their games and they deserve plenty of fans support. Certainly, their relatives, neighbors, school chums and league buddies should be out in force. They need the money to travel in playdowns. Despite so much soft weather, resulting in postponements and shortened schedules this semester, the PMHA executive is doing a good job for the kids. Honorary officers are: Mayor Max Swanston, Hugh Campbell and Harold Yelland; Dick Ouimet is past prexy, and this season's president is the Rev. J. F. Coughlin. Vice-presidents are Johnny Russelle and Ed Woodcock, secretary is Lindsay Brown, and Dick Ouimet acts as treasurer. Executive committee includes managers and coaches. Arnold Olmstead is convener.

Markham meets the Petes at 8.30 Monday night in the Civic Arena, an OHA senior "B" scheduled encounter. It'll be the first and only appearance of the Markham Millionaires in Peterborough this season, owing to a zig-zag sort of schedule. Markham were OHA intermediate finalists last year and defeated Toronto Bells' senior "B" club a week or so back. Local puck fans have been anxious to get a look at another visiting club than Meteors, so Monday will give 'em that opportunity. Likely, many will cash in on it.

Meteors Roll Home

Toronto Meteors didn't have too much trouble pulling out a 3-1 win o'er the Petes last evening here. They notched a pair in the first and held their own the rest of the route. Not having been on ice for about a week, the Petes looked disorganized and were well below form. They were minus Bun Kingdon—getting over an injury—and Drake Jopling (attending a meeting), but, even so, they weren't clicking good this game. We'd like to see Steve Wilson used more. Honey Tompkins turned in his usual steady, effective game but most of the others were a bit off. That one out of their systems, and a hard week-end practice, and they'll likely return to form for next week's contests.

* * * * * *

Legionnaires' OHA senior "B" victory streak terminated rather abruptly last gloaming in Markham Millionaires' runty rink. It's smaller than the local ice cushion but the Millionaires are by no means soft touches for anyone. Coached by Earl Robinson, formerly of Montreal Maroons, they have loads of puck savvy and speed. The veteran Harry Milroy scored three goals and had two assists. The homesters broke early to score four in nine minutes and that was that. Legion battled back on pretty even terms from then on, and pressed hard in the third, but 'twas too late. Ross Nicholls was hurt in the first and that period was cut down, time being added to the next two stanzas. Ice became heavy later on. Al Burns and Johnny Godfrey went good on defence, with Dootch Vitarelli, Parnell, Rochetta and Coombs probably best up front. Ned Vitarelli couldn't make the trip.

Girls' Cage Contests

Action aplenty last evening in the YW gym as the girl basketeers turned it on. Nurses captured a 19-10 decision over CGE, despite a late rally by Electrics, with Joan Plunkett having a large time of it. The Nurses' star dropped in 14 points to amass most of her team's total. Neill's flew to a big early lead and then staved off a last-period drive by Lockeys to win handily by a 29-14 count. Jean Vass was the main sniper for the victors and Dot Callan also clicked neatly. Schedule has a bit better than a month to go yet ere playoffs. Next Friday night, it's: Noormals vs. Neill's, and Collis vs. CGE.

Trapped In Subway

BOSTON, Jan. 29 — (AP) — Trapped in a smoke-darkened subway station, two women and a man perished Friday and 11 others were injured in a fire which sent hundreds of morning rush-hour commuters into a swift panic deep underground before they escaped up stairs to a street.

British sailors' neckerchiefs were changed to black to commemorate the death of Admiral Lord Nelson, in 1805.

Mary Heard Heads Industrial Bowlers

Miss Mary Heard with a high single of 222 and a triple score of 618 lead the women bowlers in the Raybestos, Nashua and Sealright bowling league this week. M. Reid took both high scores for the men rolling 360 and 777. High team total went to Molded Linings with 3020. The standing is as follows:

Itstix 49, Shipping 45, Molded Lining No. 2 45, Receiving 43, Mustangs 41, Molded Lining No. 1 34, Rubber Room 33, Sealright 32, Advertising 31, Office 27.

Fire At University

VANCOUVER, Jan. 29 (CP)—Fire that razed six Home Economics huts at the University of British Columbia early on Friday came within 30 feet of the new Physics Building, a vital link in Canada's atomic research program. Officials estimated the damage at between $150,000 and $200,000.

Nurses-Neill's Take Wins In Cage Loop

Nurses defeated CGE 19-10 and Neill's won from Lockey's 29-14 last night in Girls' Basketball League fixture in the YWCA gym. A lot of keen cage action was dished up for the spectators in both games, though the first was closer throughout. Another twin bill is scheduled for there next Friday night.

Nurses broke fast and early in the opening contest to rack up a 10-3 margin at the half, but CGE fought back and were only outscored 9-7 the last half. The winners clicked on five of their 14 free throws, while Electrics made good six of their dozen chances on penalty tosses. Joan Plunkett sparked the Nurses' attack with 14 points in a fine showing, as Irene Stewart led CGE with three. The teams:

Nurses: J. Plunkett 14, B. Deyell 1, B. Pringle 2, M. Collins, J. Deyell, G. Weichorek, S. Curtis 1, A. Bowler 1, S. Wilkinson.

CGE—B. Stewart 1, M. Kennedy 2, I. Stewart 3, B. Barry, B. Luther, M. Batley 2, C. O'Brien, M. Perrin, Marj Perrin 2.

Second Game

Neill's showed too much on the attack for Lockeys in the second game, going ahead 17-5 in the first half and having a 12-9 edge as Lockeys battled back in the last half of the fray. Neill's counted five free throws out of 10 while Lockeys were good for four in 11. The second half was pretty even but that big first period lead was too much for the losers. B. McIlwain led them with three points, while Jean Vass was the big shot for the winners with 13, D. Callan counting eight. The teams:

Lockeys—J. Johnston 4, Y. Harvey 4, M. Knox, B. McIlwain 3, J. Wilson 2, S. Weise, B. Holmes 1, D. Jackson.

Neills—J. Vass 13, J. Smedmore, J. Dunk 4, D. Callan 8, J. Caverly 4, G. Poast, W. Floyd, F. Floyd.

Referees, J. Castle and H. Smith; timer, S. Ecobichon.

Austrian Woman Leads Skaters

MILAN, Jan. 29—(AP)— Eva Pawlik of Austria, took the lead Friday night in the women's European figure skating championship, scoring 834.8 points.

On her flashing heels—only 5.9 points behind — was Britain's champion, 18-year-old Jeannette Altwegg, with 828.9 points.

The Czechoslovakians' Alena Vrzanova and Jirina Nekolova were third and fourth with 818.2 and 805.8 points respectively.

The championship will be decided tonight in the Milan ice palace when the 16 contestants from six European countries flash through their more dramatic free skating.

The championship was restricted this year to European countries. Ottawa's Barbara Ann Scott world and Olympic champion before she turned professional, won the European crown last year.

Hungarian stars finished first and second in the European couples championships Friday night.

Andrea Kekesy and Ede Kiraly scored 11.34 points of a possible —but almost mythical—12 points to retain the European championship they won a year ago at Prague.

IN MAIN BOUT—Mike "the Boy" Sharpe will headline next Wednesday's mat card in the Brock Arena. Magnificent Mike has been matched with dour John Katan who just about ruined Irish Tom Collins here this week. The match came through the insistence of the magnificently muscled Mike that he be given a chance in the local British Empire elimination bouts. Since McCready and Atkins are even up with one win each Manager Jim Laidlaw decided it would please the fans to see another challenger come out of a Katan-Sharpe match. And that's a bout that is sure-fire for large and spectacular action.

Markham Beats Legion, 7-3 For First Loss of Season

Markham Millionaires put an end to Legion's winning streak last evening and increased their own to five as they handed Ned Vitarelli's squad a 7-3 defeat before a large crowd of Markham fans, in a regular OHA Senior "B" hockey contest.

A bad first period proved disastrous to Legion as the home team fired in four quick goals in the first nine minutes to put the game on ice before the visitors could get going, in the small band box rink. The final 20 minutes however found the teams battling on fairly even terms though Legion out-played Markham in the third but too late to repair the damage done in the early minutes.

Bobby Singleton, star centre for Millionaires beat Nicholls at the two minute mark from 10 feet out as he and Milroy paired nicely to open the scoring. They added two more with the aid of Ken. Brennan. Doug. Perry made it 4-0 as he shot one from beside the net about 15 feet that caromed in off Nicholl's skate. Legion steadied down at this point, fought hard and Dootch Vitarelli, Parnell, and Godfrey combined on a rush with the latter potting the disc on a hard drive from close in. Nicholls was hurt at the 14-minute mark and Referee Crombie cut the period short to enable him to get repairs adding three minutes to each of the last two periods. Nicholls was hurt with a drive to the forehead.

Out Fighting

Legion came out fighting in the second and both teams worked hard as the pace quickened with the visitors changing their style on the small surface to effectively hold the home squad. Then Howie Forgie passed back to Perry following a rush up the left boards and the latter fired a 25 footer into the mesh from the wing. There was no further scoring in the second but Crowley, Bob Greenlaw, Rochetta and Godfrey came close on Carr several times as the pace grew torrid and Legion seemed to have a considerable edge at this point. Carr proved too good however.

Each team registered two in the third period. Milroy potted his second at the two minute mark on a pass from G. Scott from behind the net. Dootch Vitarelli evened upon this one as he and Bob Parnell combined with their mates on a fast rush and the former took the pass out directly in front of the net from Parnell to rifle a sizzler behind Carr. Three minutes later, Bill Crowley who played a fine game throughout took Rochetta's lovely pass from behind the net and sank the biscuit again for number three. The hot pace continued on slushy ice and Milroy netted the final tally on a nice solo effort.

Led Scorers

Harry Milroy led the scorers with three goals and two assists and played a bang-up game. The popular veteran was with the Fourth Anti-tank Battery for Peterborough during the war. Singleton, Brennan, H. Forgie and the Scott brothers also starred for Markham. For the Legion Al Burns played a great game in defence with Godfrey possibly his best game to date, while the latter also turned in his usual good game. Dootch Vitarelli, Parnell, Rochetta and Coombs also worked very well and the entire team played hard after getting off to a bad start. Dootch Vitarelli led Legion scorers without goal and an assist while Godfrey and Crowley potted the others. Coach Ned Vitarelli was unable to make the trip and Mick Magee acted as coach. Earl Robinson, former Maroon, handles the Millionaires.

Markham—Goal, Carr; defence, G. Scott, F. Scott; centre, R. Singleton; wings, Brennan, H. Milroy; alternates, D. Perry, Baker, Routcliffe, Ken Linton. Chas. Nesbitt, Bruce Forgie, How Forgie, Watson, Sellers.

Legion—Goal, Nicholls; defence, Godfrey, Burns; centre, Rochetta; wings, Crowley, R. Greenlaw; alternates, Parnell, D. Vitarelli, H. Greenlaw, Stewart, Hill, Coombs, Hamilka.

Primeau Family Hockey Minded

TORONTO, Jan. 29 (CP) — Like father, like son, could easily be applied to the Primeau family.

Whenever Joe Primeau's sons gather around, the subject naturally turns to hockey. Bobby, the youngest son at 17, Bill, 18, and Joe Jr. 20, don't always agree with their well-known father who centred the famous Toronto Maple Leafs' kid line for several years.

Bobby plays for Marlboro juveniles in the Toronto Hockey League, Bill is with St. Michael's College Buzzers in the Ontario Hockey Association Junior B group, and Joe, Jr., after playing for St. Michael's College Majors last year, now works with Swansea Sentinels and is among the top scorers in Toronto's Metro Hockey League.

Dad, too, still is in the hockey picture. After his retirement from the Leafs, he took up coaching St. Michael's Majors and later Marlboro Seniors. His Majors have won one Memorial Cup title and several OHA crowns. Marlboros are at present at the top of the OHA Senior A series.

Providence Reds Hang 10-2 Win On Bisons

PROVIDENCE, RI, Jan. 29 — (CP) — Jack McGill and Eddie Kullman both scored three goals Friday night to lead Providence Reds to a 10-2 victory over Buffalo Bisons in an American Hockey League game. The Reds had a shutout until the final five minutes. Then Doug Lewis and Freddie Hunt notched the two Buffalo tallies in a minute and 19 seconds.

Kullman scored two goals in the first period and a third in the finale while McGill scored one in the second and two in the third.

Joe Scherza, Ray Laplante, Roger Bedard and Carl Liscombe scored the other Providence goals.

Parable Of Shepherd Gives Insight, What God Is Like

By REV. E. R. JAMES

Jesus spake this parable unto them: What man of you having a hundred sheep, if he lose one of them doth not leave the ninety and nine in the wilderness and go after that which is lost till he find it. St. Luke 15:3.

"Then drew near unto Jesus all the publicans and sinners to hear Him." Have you any imagination. What do you see when you read these words? The publicans, the tax gatherers, were keen, clever men, quick to size up a man. They looked at the Pure One and were convinced that He was a Prophet sent by God. His warm welcome drew them.

"The pharisees and the scribes murmured." The pharisee and the scribe belonged to the respectable class of Church people. Their faces are dark with anger. "They murmured" the bitterest charge an oriental could make against another. "He eatest with sinners. To the oriental mind the food of the sinner was contaminated and would convey evil to the eater. The clash of classes; it is alive today.

In such an atmosphere the Teacher is moved to utter this parable for the uplift of the publicans and sinners. How simply He goes about it. He asks and answers the question "What makes a good shepherd." The The good shepherd is known by his thoughts; he thinks of his sheep. If one of them is gone as'ray he thinks more of it. In his eyes that one for the time being is the only one. It is true to life. It is this power of intense devotion which is the highest qualification of the good shepherd. Our Lord would have us know that it is this qualification of devotion which also makes a good God. God's creatures are His interests. He thinks of each of them. The stray sheep is entitled to God's care and attention.

The good shepherd turns his thoughts into action. He sets out to search for his lost sheep. He searches till he finds it. The sheep is dead tired. He puts it on his shoulder rejoicing. The Lord Jesus would have us learn that such care and gentleness are Divine characteristics. God cares for the lost sheep. God is love.

But that is not all. There is a test of character which goes deeper. It is the test of feeling. There is no test of feeling greater than the joy in a man's heart and his desire to share it with his neighbors. "When he cometh home he calleth together his friends and neighbors, saying unto them:—Rejoice with me for I have found my sheep which was lost. He desires to share his joy with others.

Then the Lord Jesus teaches the lesson for all good people to remember. He is thinking of the scribes and pharisees who are listening. "I say unto you that likewise joy shall be in heaven over one sinner that repenteth, than over ninety and nine just persons who need no repentance. Will you keep these three thoughts in your mind that God thinks of His sheep that is lost; God searches for the lost sheep; God rejoices with His angels over the finding of the lost sheep.

Are you an "under shepherd" of the Lord. Will you read this heart moving opinion offered by the Master Shepherd:—"The hireling fleeth because he is a hireling and careth not for the sheep."

Are you a respectable Church member; take heed to these words:—"The Lord saith: Many shall come from the east and the west and shall sit down with Abraham and Isaac and Jacob in the Kingdom of Heaven. But the children of the Kingdom shall be cast out, there shall be weeping and gnashing of teeth."

MY SOUL CLEAVETH TO THE DUST: O LORD, QUICKEN THOU ME ACCORDING TO THY WORD.

London Cleric Uses 'Jimmie' To Put Across His Message

By RICHARD TOMPKINS

LONDON, Jan. 29 —(AP)—A London counterpart of "Charlie McCarthy" has taken up the pulpit and is doing well at it.

The voice of the stooge, named "Jmmie," is that of the Rev. Elijah P. Schofield, Congregational minister and ventriloquist, who doesn't hide his talents.

"From the point of Christian folk, ventriloquism is part of my life and I must use it as other talents, "says Schofield." With non-church-going people it is the revelation that a parson is human."

Schofield is determined to bring religion down to earth for young and old. His unique service has brought many new members to his congregation. "'Jimmie's" sermons and back chat delight grownups as well as youngsters.

The dummy wears no surplice, no cassock or other vestment. He appears in a swallow-tailed coat, winged collar and black bow tie. He is a cheerful little stooge in the hands of Schofield.

Cheerful Message

"We don't go to church service to have long faces," says Schofield. "If we can have a laugh and get over the real message, so much the better.

"'A severe, but well-meaning, deacon once reminded me that I could not serve God and mammon and assured me that 'Jimmie' would drag me through the gates of hell as surely as day dispels night. My reaction was to prove him wrong and to dedicate 'Jimmie' in the fullest possible way to God's service."

Schofield, a pleasant little man of 27, with wavy brown hair and brown eyes, was ordained in 1946. He wears his graduate gown and hood in the pulpit, to denote his master of arts and bachelor of divinity degrees from the University of Edinburgh.

At Schofield's church, the Clapton Park Congregational, in London's east end, "Jimmie" sits on the pulpit, puts in words, and answers questions that have puzzled grown-ups as well as children.

Schofield starts an "argument" with "Jimmie" to get the attention of his audience. The ventriloquist goes on to the question of dummies: "How dependent they are on people, as we are dependent on other people." Then "Jimmie" gives the text at the end.

"Not that we are sufficient ourselves to think any thing of ourselves, but our sufficiency is of God." (Second Corinthians, chapter 3, verse 5).

During the war, "Jimmie" often looked at questions outside the church. At a sing-song service in Bradford, Yorkshire, one night, "Jimmie" was confronted with this question:

"If God is love, why doesn't he stop the war?"

Schofield and "'Jimmie" discussed the question and "Jimmie" gave this admonition:

"People expect God to be present in times of trouble but in times of prosperity they forget all about him. If God stopped the war with a wand, the world would be stupified but not converted."

Most of Schofield's ventriloquial work is in young people's meetings in the church and at youth clubs.

Jesus Never Succumbed; Victor Over Temptation

By WILLIAM E. GILROY, D. D.

The writer of the Book of Hebrews says (Hebrews 4:15) that Jesus "was in all points tempted like as we are, yet without sin." We speak of "the temptation of Jesus," though as Matthew records them in Matthew 4, the temptations were there.

It is important, however, to realize that, if Jesus were tempted as we are, the temptations were not only three, nor were they all at that one time. As we read the Gospels we can see how persistent were the temptations to which the Master was subject.

How else can we interpret His passionate rebuke of Peter, "Get thee behind me, Satan," when Peter had said to him,"Be it far from Thee, Lord," when the Master had spoken of his prospective sufferings and death? Was it not that Peter was voicing the temptation from within Jesus himself to renounce His mission and destiny, and turn from that way of sacrifice?

And it was not this time temptation with which the Master struggled in that agony in the Garden of Gethsemane, when He prayed earnestly that the cup might pass?

No, the temptation of Jesus was not all of one time or place, For Him, as for us, it lasted all through to the end, and His admonition to the disciples was, "Watch and pray."

But the three temptations of Jesus that Matthew records were basic and had a significance beyond any later, or inherent, temptation. There is a point in all of our lives at which temptation is crucial, at which the decision we make or the victory we achieve determines and marks our whole life. That decision, or victory, may have to be repeated and reaffirmed. But it is the determining point, that tells whether life is to be for God, or for self, for the highest and best, or for some lower aim or ease and pleasure, wealth or fame.

In those three temptations of Jesus the allurement was of the things that ambitious men have sought: power of achievement, "Command that these stones be made bread"; the sense of personal grandeur and superiority, "Cast thyself down" (from the pinnacle of the temple); and wealth, combined with power, "All these things will I give thee."

Thy were the temptations to which strong men have succumbed and to which Jesus, conscious of a great possible destiny, must have been susceptible, or the temptation could have had little reality. He was tempted, as He was tempted later, even to the last hour. But He never failed. His triumph was in the humble and courageous submission to the Father's will. "Nevertheless, not my will, but Thine be done."

Restoring Chapel

CHESHUNT, Hertfordshire, England, Jan. 29—(CP)—For the first time in hundreds of years, Epiphany was celebrated in a quaint little chapel at the Great House, once the private oratory of Cardinal Wolsey.

When Rev. Benjamin Haddad went to live at the Great House three years ago, he decided to restore the chapel so that he could worship there with his family and friends. The chapel has a small but beautiful altar, stained glass windows and an organ, and holds a congregation of 50.

"Since Wolsey's time the chapel has been put to many strange uses; Haddad said. "At one period mushrooms were grown there, while at another stage in its history the chapel became a hen roost."

Haddad recently restored the banquetng hall in which Queen Elizabeth once dined.

Health Week Activities Aim At Educating Citizens

DR. DONALD CAMERON

Health Week will be observed in Peterborough all next week commencing on Sunday. The big event of the week will be the dinner on Tuesday evening when Dr. G. D. W. Cameron deputy minister of Health at Ottawa will be the principal speaker. Dr. Cameron is the son of Dr. and Mrs. G. S. Cameron of Peterborough. His subject will be "Trends in National Health Activities". The national part being played in the Canadian Health scheme has taken a very prominent place in the health of Canadian people during the past few months. For early in the summer the federal government announcement a plan which will affect every Canadian.

"It is hoped that the impetus given to the suject of health by the launching of the federal government's National Health Plan will help reduce the public apathy which has been so apparent where public health services were concerned "the Public Health Association has said.

Control Many Diseases

"The bringing under control of such diseases as typhoid fever, Small pox and diphtheria can be considered joint triumphs of medical science and public health authorities—yet none of the preventive measures required would have been successful without the co-operation of the public" health authorities states. Early in December a survey was made in the schools of the city to discover what the children ate for breakfast. This survey is being studied and some of the results are expected to be dealt with by Dr. Ross Matthews in his address to the Y's Men's Club on Thursday night.

Many Canadians, mainly through ignorance or indifference, are suffering from the results of improper eating habits it is stated by the nutrition division of the Health League of Canada.

Miss Margaret Smith, Director of the Health League's Nutrition Division, likens the human system to a factory—a human factory, the most wonderfully designed, the most wonderfully designed, the ly equipped factory in the world. However, like industrial factories the human factory requires constant upkeep and a constant supply of the proper raw materials to keep it at peak efficiency.

Everyone appreciates the importance of building an industrial factory on a sound foundation with strong materials, and understands the needs for proper upkeep and repair. The human factory, which works round the clock, cannot be kept in good repair without the proper foods to provide essential nourishment for its highly specialized activities.

Therefore, the Health League suggests, the average person's diet should be based on Canada's Food Rules. These suggest the following food should be eaten daily—milk, fruit. vegetables (frequently raw). whole-grain cereals wholewheat or Canada Appr Vitamin B bread with but meat, and fish, Eggs and chee. should be eaten three times a week at least, and liver frequently raw), whole-grain cereals and of water. Use of todized salt is recommended. A fish liver oil, as a source of Vitamin D, should be given to children and expectant mothers, and may be advisable for other adults.

Curlers Plan To Entertain Visiting Scots

For the fourth time since the turn of the century Scottish curlers are going to mix brooms with Peterborough and district rinks. In 1903, 1912 and 1923 Scottish curlers played again local followers of the besom and stane. In 1938 they visited for a part of a day in Peterborough but played in Lindsay.

At nine o'clock Monday morning rinks from Lakefield, Oshawa, Bobcaygeon, Lindsay and Peterborough tangle with the visitors. At three in the afternoon the Scottish curlers take on rinks from Lindsay, Cobourg, Oshawa and Peterborough. The five centre ices will be used. In all there will be ten games. There are three rinks from Peterborough. One rink plays in the morning and two in the afternoon.

Arriving in their special car on the 1:45 a.m. CPR train from Toronto the Scottish curlers will rest until eight o'clock, when a bus will take them on a tour of the city. The tour will last about 15 minutes. They will then have breakfast at the Empress Hotel. From there they will go to the Curling Rink to begin the day's play at nine. His Honor Mayor M. J. Swanston will pitch the first stone. At 12:30 in the Empress Hotel a Civic dinner will be given the Scots. At six o'clock the local Curling Club will banquet their visitors in the Kawartha Room. They will parade from the rink to the hotel with the CGE Pipe Band. After the banquet the curlers will parade to the CNR station, where the curlers will leave on the 8:45 train.

Those representing the Peterborough Curling Rink are: First Rink. Thomas McArthur, James Richmond, Cole Blewett, J. A. Gibbs. Second Rink: W. M. Cruthers, Stanley Lowe, E. R. Shirley, R. L. Dobbin. Third Rink, Cyril Giroux, Norman Hamley, Ross F. Downey, Wallace Harvey.

Fraser Criticizes Film Board Again

OTTAWA, Jan. 29.—(CP).—G. Fraser (PC - Peterborough-West), Parliament's leading critic of the National Film Board, is back at it again. He has given the Commons notice of two motions, each with several sub-divisions, on the Government body's activities.

He wants to know how many still pictures or photographs its employees took and printed in 1948, whether it took pictures in the Lake of Bays district, who took them, how many people were involved at where they stayed while in the district.

MAIN ST. TOPICS

WILD BIRDS SEEN

Fifty-one different wild birds have been seen by Alex. Kay, conservation officer, since the first of the month. There are quite a few robins which didn't go south with the rest in the Fall. He also saw a loon below the Auburn Dam late in December.

2 CASES MEASLES

Few cases of chickenpox—perhaps 20 or more—have been reported this month by the Department of Health. There were 45 cases during December and 62 in November. Other statistics reported for December are: German measles, one; measles, one; tuberculosis, two.

GOVERNOR

District Governor Ed Simmons of Trenton will pay an official visit to the Rotary Club at the regular Monday luncheon. Subject of his address has not yet been announced. It is expected that he will take part in the induction of new members.

CHINESE NEW YEAR

The visit of the dragon is passing almost unnoticed in Peterborough today since the Chinese New Year has fallen on Saturday. None of the Chinese are planning any special celebration because they have to remain open for the heavy week-end trade. In the more southern parts of China unaffected by the civil war, the towns and villages inland from the coast have prepared elaborate celebrations in the traditional manner, to welcome the "year of the Ox".

DRAMA FESTIVAL

The program for the Eastern Ontario Drama Festival to be held at Brockville Feb. 17-19 was announced today by its president, Dr. J. L. Carroll. Entries from Ottawa, Peterborough, Brockville and Lanark County are participating in the competitions for both full-length and one-act plays. Robert Speaight, English actor and director will act as adjudicator.

HONOR RETIRED EMPLOYEES

Two CGE machine shop employees each with more than 30 years service were honored on Friday night at a dinner held in the Koffee Poot. Fred Milburn, 274 Sherbrooke St., a crane operator, was employed at the plant for 32 years; and Ed Coss, Sr., Wallace St., had 31 years service. About 75 machine shop employees and friends from other departments attended for the special dinner and to see the presentation of a wallet and a sum of money to each. Ian McRae and J. E. Girven made the presentations.

Food Caterers Win Tribute From Inspector Reports No Diseases From Food In 1948

"An achievement of those catering to the public in eating places and of manufacturers and processors of food in the city," was a tribute paid in the 1948 report of the Sanitary Inspector to the Board of Health. Ronald M. MacPherson said that the most outstanding feature of the year's progress was the absence of any outbreaks of disease attributed to food.

There has been almost a complete eradication of cockroaches in food establishments, he said, due to use of a new insecticide.

"In only one instance was it necessary to use compulsion in order to attain our standards of sanitation in food dispensing establishments. This is an indication of the fine co-operation received . . . "

PETERBOROUGH'S FOOD HANDLERS will be shown practical demonstrations of unclean restaurant conditions at their Feb. 2 class sponsored by the Peterborough Branch of the Health League of Canada. A scene in the laboratory of Canada Packers Limited, where the tests for the League are being made this year, shows chief chemist William Nash examining two specimen plates which will be shown and explained at the next class; laboratory assistant Douglas Elcomb watches him in the background.

Job Insurance Program Causes Hardship

Relief to persons waiting Unemployment Insurance payments has become a grave problem to the city's Welfare Department. Since the first of this year, there have been about a dozen such applications received. Welfare Administrator Arthur G. Metheral said that expenditures on such cases were "definitely going up."

He said that it was difficult for the city to grant such applications. For relief payments to employable people—such as those eligible for Unemployment Insurance—the city must bear the full cost of the relief.

"It comes 100 per cent from the city taxpayers in these cases," he said. In cases of relief payments to persons losing work through illness (and certified as such by a doctor) the province shares the cost with the municipality.

Reports from other cities indicate that a similar situation is causing a drain on civic resources. Kitchener, for instance, reports applications of this nature have been coming in nearly one-a-day since January 1.

"The waiting period is too long—that is the basic problem," contends Mr. Metheral. He said that Alderman Dick Raine and himself, representing the city at a meeting of Ontario Municipalities in Kingston last Fall had introduced a resolution on the subject. It called for a reduction of the waiting period before Unemployment Insurance payments begin to six days.

At present, the shortest time is 15 days. There is a nine-day wait under the regulations and another six days for the first week, as payments are made on the hold-back weekly basis.

This fortnight without income brings the grief. The welfare branch investigates each case. In some, because of the unassisted burden on the city's budget, the requests must be turned down.

But others cannot be turned aside, no matter who is paying, said Mr. Metheral. "If we did not step in to help in some of these cases," he said, "they would go without food. Then it becomes a case which must be paid."

File Expansion Plan

OTTAWA, Jan. 29 — (CP) — Trade Minister Howe's office said today one of Canada's three basic steel companies had filed a proposed expansion plan with the government. It declined to name the company.

ANSWERS MR. FRASER

Reconstruction Minister Winters said consideration is being given to the problem of protecting the equity of veterans in their homes during periods of illness, unemployment or hardship. He was replying to G. K. Fraser (PC—Peterborough West), who asked if the government had worked out any plan to protect the veterans' equity.

INJURED IN CRASH

A report from Belleville indicates that a car driven by Donald Putnam, Peterborough was extensively damaged when it skidded Friday morning. The car struck a sheet of glare ice on the highway, and fortunately Mr. Putnam was driving slowly. The car skidded into a hydro pole, smashing it, and Mr. Putnam was thrown against the steering wheel. He required ten stitches to close cuts on his mouth and also suffered a wrenched knee. Expert Looks Over Sites For Rink

COBOURG, Jan. 29 — (ENS)—Mr. Cyril Davis of Toronto, an expert on rinks who has tested sites for suitability in the Old Country was in Cobourg yesterday at the request of Bob Holland, in connection with the proposed recreational centre. Mr. Davis will tender a written report next week. While the site committee has recommended the Victoria Park site, there has been a growing popular feeling in the past few days to locate the recreational centre in the McClelland Memorial Park with the view to making it part of a long range recreational development in that park.

Few At Wolf Hunt

COBOURG, Jan. 29 — (ENS)—There were only a few from this district who made the trip to the Hastings wolf hunt today. The bad weather and sleet of yesterday took the edge of the enthusiasm for the hunt as far as local hunters were concerned. However, plans are going forward for the fox hunt which the Northumberland Fish and Game Club is staging within a few weeks and it is hoped to have walkie talkies and everything but radar to facilitate the hunt.

1097 Foxes Shot, Trapped In Four Counties Since Bounties Introduced

Another 75 fox pelts were brought into the office of the Peterborough County Clerk and Treasurer on Thursday, making a total of 247 since the bounty became effective on January 1.

The $3-bounty seems to have inspired hunters to make a concentrated effort to wipe out these marauders of poultry yards. But this figure still falls short of that set in Victoria County where 650 have been brought in since the bounty became effective in November.

Victoria County in mid-week had paid out claims on more than 300 pelts since the beginning of the year. One posible explanation for the popularity of fox hunting there is the $5 bounty paid—$2 more than in Peterborough.

In the United Counties of Durham and Northumberland a fox properly skinned and dried also brings $3. The County Clerk and Treasurer reported that about 200 bounties had been paid since November.

He also said that in two weeks it is expected the township clerk of the United Counties would have the necessary forms as well as the authority to identify, mark and pay the claims on fox pelts.

Burleigh Man Leads

Largest bag of foxes 17 this week was brought into the office by Sam Truswell, Burleigh Twp. All of the animals were trapped in Burleigh.

Albert Taylor of Curve Lake was the runner up with eight—seven shot and the other trapped. Roy wood of Peterborough was next with six.

Ex-Warden James Humphries, Reeve of Asphodel set an example to other hunters in that township by shooting two.

Those who this week brought in pelts for identification and payment were:

William Bannon, Belmont, three shot, in Belmont; Robert McMahon, Douro, two shot, in Douro; Wesley Dunford. Dummer, two shot, in Dummer; Robin Thorn, Otonabee, two shot, near Stewart Hall in Otonabee; Douglas Jones, Peterborough, one shot and one trapped near the 2nd Bridge, Otonabee; Milo Vanvolkenbrug, Methuen, five shot and three trapped in Methuen; Sam Truswell, Burleigh, 17 all trapped in Burleigh; James Humphries, Asphodel, 2, all shot in Asphodel; Max Humphries, also of Asphodel, shot two in that township; Gordon Manley Peterborough, three, shot in Otonabee; Jack McIlmoyle, Peterborough, four, two shot in Otonabee and two in Smith; Earl Carl, Peterborough, shot one in Otonabee; Ralph Jopling, Smith, shot three in Ennismore; Harold Sage, Smith, trapped two in 9th Concession of Smith; J. R. Hall, Peterborough, shot one near the airport in Smith; C. G. Chaplin, Seymour Twp., one shot, one trapped, in Belmont and Asphodel; Albert Taylor, Curve Lake Reserve, four shot, one trapped, in Ennismore; Gerard Curtin, Ennismore, five shot, in Ennismore; Roy Wood, Peterborough, six shot, in Douro; Donald Price, Peterborough, one shot, in Dobbin's Woods, North Monaghan.

DISTRICT GOVERNOR VISITS

First official visit of District Governor Stanley Darling to the Lions Club will be on Monday night. He was elected to this office last fall.

PCVS Pupils Engage Male Voice Choir

Sponsored by Grade 13 of Peterborough Collegiate, a concert by the Toronto Men Teachers' Choir will be presented at the Collegiate on February 2, at 8.15 p.m. The appearance of the famed 60-voice singing group is a project of the senior grade. Proceeds will be turned over to the School Fund as Grade 13's contribution.

Under the direction of Eldon Brethour, the choir represented Toronto before the National Convention of Educators in Cleveland. It was formed in 1942 by a small group of Toronto men teachers who wanted to get together to sing. As Toronto Schools Director of Music, Mr. Brethour has built it into a choral group which has won continent-wide fame for the quality of its performances.

Appearing with the choir as baritone soloist is Eric Tredwell, well known concert singer, who is a Toronto teacher. Alex Turner is accompanist.

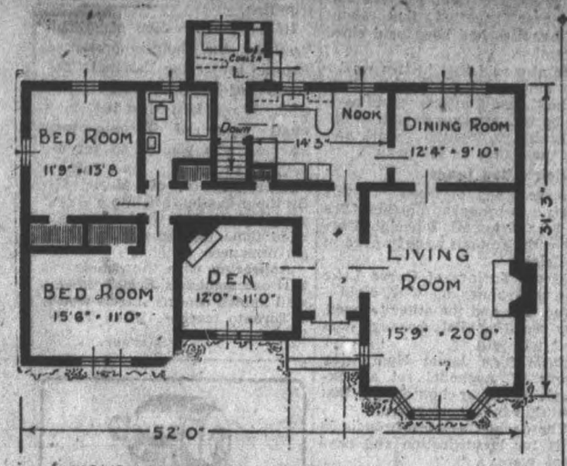
PRACTICAL PLANS FOR THE HOME YOU WANT AND HOW TO PLAN IT



HOUSE No. 67—Lovers of the all-on-one-floor house will admire the convenient arrangement of this plan. Kitchen, dining room and laundry room are just as the housewife would want them. Both bedrooms are quite separate from the "living" area of the house and close to the bathroom. While the living room is definitely a splendid room, our attention is taken by the snug den with its corner fireplace. For further information write Home Building in Canada, 372 Bay Street, Toronto.

Haliburton Plans Gala Weekend

If present snow conditions and weather continue, or improve, in the Haliburton district, their three day snow carnival, February 4, 5 and 6th, will be a roaring success. Many events sceduled for these dates will put Southern Ontario's latest winter resort section on the map in a big way. It is only 75 miles from Peterborough by good highways and equally accessable from Toronto, Orillia and other larger centres.

To start the snowball rolling on February 4 the Hon. Leslie Frost, MP. and Clayton Hodgson, MP, will officially open the Minden Community Arena, a structure that cost approximately $30,000. Toronto's Junior Marlboro hockey team will play an all-star team from the four rural hockey teams in Haliburton. At the new rink 50 children will take part in precision skating and offer choral singing. There will also be imported fancy figure skaters.

The next day will be devoted to the official opening of the Haliburton ski tow, which has been in actual operation for a short while, and also Haliburton's new curling rink.

On the last day, Sunday, should see skiers covering the snow slopes around Haliburton village that is especially fortunate in a natural setting of fine hills round the community. It will give a new impetus to the three or four winter resorts that, from all reports, have had a very successful season so far. From the crowds of visitors that are anticipated, accommodation will be taxed to the limit.

Youth Jailed 2 Years

TORONTO, Jan. 29—(ENS)—Shafford, 18, convicted last week of the attempted rape of a 15-year-old girl, was sentenced today to two years less one day definite and two years less a day indeterminate. He was originally charged with rape.

Blonding of Furniture Is Not Impossible Task

So you have brunette furniture...and now want to make it blonde to blend with the new modern colour scheme you have in mind. No doubt its reconversion looks like a pretty formidable if not impossible job...but if you are one of those people endowed with a little more than average enthusiasm for such chores, then there's no reason why you can't make a good job of it yourself. All you'll need is patience, a few materials and elbow grease.

To prepare old pieces for blonding, the old surface coating must first be removed thoroughly with a good varnish remover. Apply this in generous quantities with a large paint brush and allow to stand until it softens sufficiently. Wipe off thoroughly with rags or old newspapers and repeat this process until every trace of varnish is off. Next, wash with turpentine, wipe off thoroughly with rags and then bleach with oxalic acid which in turn is washed off with water. Instead of oxalic acid you can purchase a cold bleach already prepared.

When the surface of the wood has become dry, a finish of white shellac is applied...if the grain of the wood is good, but if the grain is not satisfactorily even and dark patches are evident, it is wise to use a filler tinted sufficiently to neutralize the discolouration. Follow this with a coat of flat varnish which may be waxed when dry.

Many Methods Of Finishing

There are various effects from which to choose the type of finish you prefer. The finish, of course, is determined to some extent by the kind of wood used. Newly cut mahogany is quite light in tone, but age and exposure to light soon darken it. Bleached mahogany is about the same depth of tone as natural oak. A A filler and a sealer are required for this wood after bleaching, followed by a finishing coat of clear lacquer. Up to four coats of lacquer are used; the first three coats should be rubbed smooth with steel wool and the last one with pumice and oil. Mahogany must never be subjected to harsh acids during the process of bleaching.

To give a deeper-than-honey finish to light furniture, a wood filler to match the wood is coated with flat varnish and later waxed. This is also recommended for woods which may not have a satisfactory grain. A golden tint is produced by applying two coats of flat or clear varnish over a surface which has been smoothly sanded, drying well between coats, of course. When the last coat is thoroughly dry, rub down lightly with pumice and water and then wax the surface.

Woods Most Suitable

As the main beauty to look for in converting old pieces into attractive-looking blondes is their clearness and lightness of grain, wood with dark streaks should not be blended. It will be more satisfactory to use an enamel, tinted to match the tone of the other pieces in the room. Plain white enamel covered with clear varnish is a good substitute for white pickled blonde wood...if your taste still favours the light shades. And, of course, white shellac alone may cover bleached wood in this case.

Blonde furniture is not only decorative and distinctive but it is also substantial and practical. It is particularly easy to keep clean when it is well finished because in most instances a damp cloth will suffice to remove soil. Though it is so far removed from the traditional as to be adaptable to modern interpretation, it is equally suitable for Colonial homes.

Combining well with light blonde furniture are clear and lighter floor coverings in rosy tones and pastels, with delicate blues and greens, flesh, pale eggshell, beige and honey.

Although blonde woods are adaptable for any room in the home, they are most popular in the dining room. One particularly successful use of blonde woods was in a little dinette where not only the table, four chairs and sideboard were of blonde maple, but the corner cupboard, as well, was made from the same wood, finished in clear lacquer and waxed. The woodwork...including baseboard and molding...was cream and so was the ceiling. Cream figures stencilled in an all-over design enlivened medium-dark blue-green walls. The floor covering in this case was dark green and cream window curtains wore blue-green ruffles.

Prima vera, the name applied to white mahogany, which, by the way, is not white at all but really a cream yellow, was used in a dining suite upholstered in royal blue corded tapestry. This smart combination was accentuated by walls painted rose-pink and woodwork painted cream. The ceiling was also cream and the carpet brown. The blinds were off-white.

A dining-living room, modern in arrangement became doubly glamorous with the addition of blonde furniture. In this room one end wall was pointed pastel-orange cream, one side wall of blue-green faced one of paler blue-green while the remaining wall and the ceiling was very pale yellow. The woodwork was pale greyed-blue and blue leather upholstered the white maple furniture except for two small sofas ...one covered in gold and one in green and white stripes.

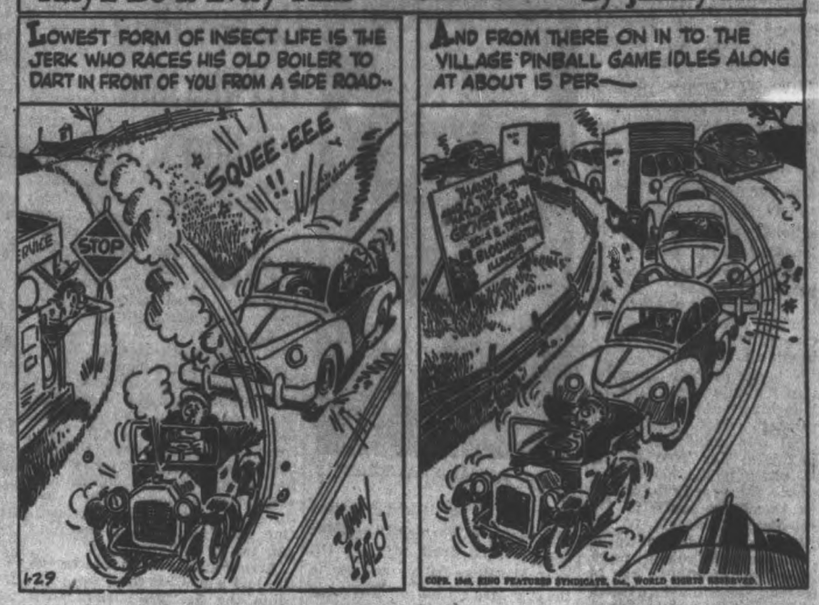
Democracy's Offensive

WASHINGTON, Jan. 29—(AP)—Walter P. Reuther said Friday night the United States "will not win a victory for democracy in the present world crisis with either bullets or bottlenecks." As a substitute for bullets, the president of the United Automobile Workers (CIO) proposed an "all-out offensive" at home for civil rights, housing, minimum wage, national health program, and a broadened and expanded social security.

Run Over By Bus

KANSAS CITY, Jan. 29—(AP)—A five-ton bus ran over a young woman Friday and didn't hurt her a bit—the snow saved her. Miss Mary E. Parker, 24-year-old physiotherapist, lost her footing and slipped beneath a bus she was trying to catch. The right rear wheel passed over her legs but the snowy cushion on the street was so deep she wasn't hurt. X-rays showed no broken bones.

They'll Do It Every Time — By Jimmy Hatlo



Broadway Revue Folds, Find Humor Forced

By PAT USSHER

NEW YORK, Jan. 29—(CP)—A first-class revue needs originality, wit, lively dancing and imaginative sketches—and a cast capable of putting the show across.

New York had had several good examples this season, such as "Lend An Ear," "Along Fifth Avenue" and "Small Wonder."

But the newest of its kind, "All For Love," unfortunately fails to measure up to its predecessors. It has talented performers, handsome costumes and sets. But the material is mostly dull and the humor forced.

Paul and Grace Hartman, who provided lots of amusement join last season's "Angle In The Wings," are handicapped in this by dreary sketches. Comedian Bert Wheeler is up against the same difficulty. Eric Victor, well known as a dancer in Montreal, did the choreography which included one or two effective numbers. And there's one song that might become popular: "My Heart's In The Middle Of July." But apart from that, it's heavy going.

"Leaf" Bows

"Leaf and Bough" took its leave from Broadway soon after it made its appearance.

A drama in three acts comprising innumerable five-minute "radio serial" scenes, it is a bit of social research by Joseph Hayes patterned close on the style of Tennessee Williams. It had an excellent cast, was colorfully directed by Rouben Mamoulian was imaginatively set and lighted, but...

The book was so grim the play bowed out after three performances.

A note for the future-book, however: Hayes is an up-and-coming playwright.

Bach Concert

Norman Farrow, bass-baritone from London, Ont., was one of the singers in a concert of Bach Arias at Town Hall last week which local music critics received favorably. The program was sung and played by the Bach Aria group formed in 1946. The Herald Tribute said Farrow "furnished the best singing of the evening" and the New York Times wrote that Farrow sang with "nobility of tone and personal dignity."

"Happy Time" Studied

"The Happy Time" a dramatization of Robert Fontaine's autobiographical novel with an Ottawa setting, is under consideration by Saint Subber and Lemyel Ayers. The producers of the successful musical, "Kiss Me, Kate" are thinking of invading the straight drama field with it but haven't yet taken out an option. Alfred De Liagre, Jr., relinquished his option on the script after casting difficulties developed.

Drew Moves Non-Confidence Vote Urges Tax Conference Reconvened

By D'ARCY O'DONNELL

OTTAWA, Jan. 29.—(CP).—Canada's external and internal relations were underlined Friday when Prime Minister St. Laurent and George Drew made their first major speeches in the Commons as leaders of the country's top political parties. Mr. Drew, elected Progressive Conservative chief last October, dealt almost exclusively with Dominion-Provincial relations as he set the traditional throne speech debate into full swing. He urged anew that the Dominion-Provincial conference be reconvened to overhaul the country's tax structure and moved a motion of non-confidence in the government.

Mr. St. Laurent took the floor after Mr. Drew concluded a 2¼ hour speech by moving a motion of non-confidence. The motion, which will not be voted on for several weeks, bluntly asked members to advise the Governor General that his "advisers no longer have the confidence of the Commons."

Before the debate started, the Commons voted 141 to 55 to start study Feb. 7 of legislation providing for Newfoundland's entry into Confederation. Progressive Conservative members, who voted against the motion on procedural grounds, unsuccessfully urged that the Government test its strength in the Commons before considering any legislation.

The chamber shook with applause as each leader had his inning.

Criticizes Conference

Mr. Drew sharply criticized the government for failing to reconvene the Dominion-Provincial Conference. The debate offered him the first opportunity to put on the Commons record the stand he had taken as Premier of Ontario at the last conference in 1946. He charged that some members of the Government had made "utterly false" statements about his stand at the conference.

Mr. St. Laurent belabored the Progressive Conservatives for their apparent lack of coherence of defence policy. He read newspaper reports quoting Ivan Sabourin, Quebec Progressive Conservative leader, as saying Canada might well remain neutral in the event of a war between Russia and the United States.

He also read an excerpt from the new Progressive Conservative platform declaring Canada should "give its strongest support to the concept of the establishment of a western defensive union of nations."

"We are concerned with what is the real attitude of the Progressive Conservative party," said Mr. St. Laurent.

Defends Act

Defending the government's entry into regional security past with other nations, Mr. St. Laurent said:

"There is no use deceiving ourselves or mincing words. We know that the people of the North American continent, that the people of the Democracies of Western Europe, fear there may be an aggression from this great power (Russia) which was allied with us in the last war but that professes an ideology which would necessarily exclude the civilian under which our institutions have been established.

"We fear that those totalitarians who direct that great mass of human beings might attempt, by force, to impose their ideology upon the rest of the world. But we believe they are realistic and we believe if we can negotiate with them from strength, they will be apt to feel there would be considerable risk in starting any war. We believe they will not start any war they are not confident they can win.

"We believe that. . . the likely signatories of this North Atlantic Pact have the potential strength, manpower, industrial know-how, material, the courage and desire to remain free men which would make it very doubtful any aggressor could overcome them.

"We are forming or hope to form the alliance not for the purpose of having to fight together—of course we will if it is imposed upon us, but it is not for that purpose. Primarily, it is being formed for the purpose of doing that for which the Charter of the United Nations was signed at San Francisco in 1945."

Continue Controls

He touched briefly on controls and said that since the provinces were not prepared to take over rent controls, the government planned to ask parliament for the power to continue them for another year. He stressed that the government did not want to continue controls any longer than necessary.

He noted that some had suggested the government's plan to abolish appeals to the privy council might constitute a threat to provincial autonomy.

He had checked appeals to the council during the last 11 years. In that period, there had been 55 cases, one of which was disallowed, five were allowed and 49 were dismissed. In none of the five appeals allowed was there any Dominion-Provincial question involved.

A Bill providing for abolition of the appeals was given first reading at the House opening.

Kept Within Constitution

Turning briefly to Dominion-Provincial relations shortly before adjournment, Mr. St. Laurent said that despite the talk of centralization, he challenged anyone to name a single instance since the war in which the government had tried to go beyond the limits prescribed in the constitution.

Mr. Drew, reiterating many of the statements he had made outside the Commons, said the constitution was being threatened "by carefully-planned efforts to deny the provinces the opportunity to carry on their affairs freely by use of their independent taxing sources."

Progressive Conservatives Believed Due For New Name

By CLYDE BLACKBURN

OTTAWA, Jan. 29—(CP).—The somewhat unwieldy name tag of the official Opposition in the Commons seems likely to stick for a long time—that is Progressive Conservative. George Drew, party leader, and some of his associates may have certain views about going back to the old and simple "Conservative tag, but they are not making them known.

The name was adopted at a party convention in Winnipeg in 1942 when John Bracken was chosen leader. The official attitude now is that a change could only be made at a full convention.

It has been argued that to describe the party as "Progressive" is to state what should be taken for granted—that the party is progressive and up-to-date.

However, to drop the descriptive word now might be construed that the party was going back to Conservatism in the literal sense and is no place for up-and-coming young Tories.

Years ago when the Co-operative Commonwealth Federation was formed it was a mouthful for orators and a pain-in-the-neck for headwriters. Nowadays practically everybody knows the designation of CCF.

Change Appointments

When Norman Robertson, High Commissioner to the United Kingdom, returns next month to become Clerk of the Privy Council he will also be Deputy-Minister to Prime Minister St. Laurent—but not Deputy Prime Minister.

Mr Robertson, formerly Under-Secretary of State for External Affairs, succeeds Arnold Heeney. Mr. Heeney takes over the Under-Secretaryship post.

When Mr. Robertson was Under-Secretary he was, in effect, Deputy-Minister to the Prime Minister. At that time, in 1944 for instance, former Prime Minister Mackenzie King was also Minister of External Affairs.

No Portfolio for PM

Nowadays the Prime Minister holds no portfolio as the External Affairs job has been given to the Hon. L. B Pearson. But Prime Minister St. Laurent will have a Deputy-Minister serving him in his capacity as President of the Privy Council.

Sound complicated? Well, since the Prime Minister presides over all sessions of the Privy Council when he is in Ottawa and available the Clerk of the Privy Council is his right-hand man.

However, if a senior minister must preside in the absence of the Prime Minister, he leans on the Clerk and Deputy-Minister who attends all sessions of the Council.

Church Meeting Reviews Fine Year

COTTESLOE, Jan. 29 (ENS)—Annual meeting of Cottesloe church was held at home of Mr. and Mrs. J. S. Kidd. Reports showed a successful year with a balance on hand from Sunday School and church. Officers elected were: Elders, Wm. Forsythe and J. S. Kidd. Stewards. Albert Webster, J. Blakly, Geo. Barr, Fred Toms, Walter Girven, Hayden Jones and Dave McCoy.

Much regret was felt at the resignation of the church treasurer Mr. Albert Webster who has held that office for thirty years. Mr. J. S. Kidd was appointed to fill the vacancy.

The Sunday School officers elected were Miss Helen Tedford Supt. with Hayden Jones assistant. Secy. treas. Mrs. Howard Harnden, assistant Dorothy McMillan. Teachers are Miss Helen Tedford, J. S. Kidd, Mrs. Tom Webster, Mrs. D. McCoy, Mrs. Chas. McMillan, Mrs. J. S. Kidd. Temperance Supt. Hayden Jones, Missionary Supt. Mrs. John Gallaher; Pianist Dorothy McMillan. Lunch was served and a vote of thanks given to Mr. and Mrs. Kidd for their hospitality.

TOO COLD—Yvonne von Rensburg, 26, exchange school teacher from South Africa, traces the route she will take when she leaves Vancouver shortly because it's "too cold." She said winter in South Africa is warmer than summer in Vancouver. Then, too, there's a boy friend at home. It will cost her four months' pay and a substitute teacher's salary for that period to break her contract but she says it's worth it.

Mrs. Gunning was the dealer, but the other girls crossed their hearts that the cards were well shuffled. All Mrs. Gunning had to do was bid a grand slam in spades.

Seamen End Strike

MONTREAL, Jan. 29 (CP). — The Merchant Officers' Guild announced Friday that Canadian officers and men on the Montreal freighter Point Aconi at Barry Harbor, Wales, have ended their long sit-down strike and agreed to come home. The ship was tied up almost two months ago when the crew charged the Aconi Steamship Company was violating articles by discharging them in a foreign port and replacing them with nationals of other companies.

Sentenced To Death

PRAGUE, Jan. 29 (Reuters)—Gen. Heliodore Pika, Czech Deputy Chief of Staff from 1945 to 1948, was sentenced to death on charges of spying for the British Intelligence Service. Prague military court stated that Pika had betrayed important military, industrial and state secrets to "prominent members of the British Intelligence." He was also accused of spying against Russia when he was chief of the Czech military mission to Soviet Union in 1940.

Hydro Expands in Ontario

10 NEW POWER PROJECTS DEVELOPING OVER 1,500,000 HP

Since 1945, Ontario has experienced a growth in demand for electrical energy without precedent in the history of the Province. To meet present and future needs, The Hydro-Electric Power Commission of Ontario is now speeding to completion the greatest construction program it has ever undertaken. Ten new plants will swell the power supply to industries, homes and farms by approximately 1,135,000 kilowatts (1,520,000 hp).

A frequency conversion program for a section of the Province is also under way so that ultimately 60 cycles will be the standard frequency throughout Ontario.

Office associates also presented a coffee table and crystal sandwich plate.

Hold Purple and Gold Ball In Empress Hotel Setting

Annual Purple and Gold Ball of Peterborough Civic Hospital Alumnae, held Friday evening, was in a new setting this year, the Empress Hotel ball room. More than 400 guests attending overtaxed accommodations a little. But tradition is not easily broken and a bit of inconvenience hasn't marred the oft repeated statement "the nurses' dance is one of the nicest of the season."

Mrs. M. B. Pringle, president of the Alumnae, made the first lucky draw and the prizes were claimed by Mr. and Mrs. J. I. Kean. Vice president, Miss Marian Deyell, also convener of the ball made a second draw later in the evening and Mr. and Mrs. Jack Wilson held that number.

Guests were:

ACHING FEET PAINFUL LEGS

If your feet are "simply killing you" or your legs are swollen and painful, massage night and morning with Buckley's White Rub. This must give quick, lasting relief or double your money back! Price 30c and 50c.

For Quick Cough Relief, Mix This Syrup, at Home

You'll be surprised how quickly a bad winter cough can be relieved, when you try this well known recipe. It is universally used throughout Canada because it gives such gratifying results. It's no trouble at all to mix, and costs but a trifle.

Into a 16 ounce bottle, pour 2½ ounces of Pinex; then fill up with granulated sugar syrup to make 16 ounces. Syrup is easily made with 2 cups of sugar and 1 cup of water, stirred a few moments until dissolved. No cooking needed. Or you can use corn syrup or liquid honey, instead of sugar syrup. This makes four times as much cough medicine for your money. Never spoils and tastes fine.

Quickly you feel its penetrating effect. It loosens the phlegm, helps to clear the air passages, and soothes the irritated membranes. This explains why it brings such quick relief.

Pinex is a special compound of proven ingredients, in concentrated form, well known for its soothing effect on throat irritations. Money refunded if it does not please you in every way.

Pinex Is Dependable!

Mother Gives Trousseau Tea

Mrs. W. H. Yelland, 579 Rogers St., entertained Thursday at a trousseau tea for her daughter Miss Eleanor Yelland, bride of today. Receiving with the hostess and bride-elect was the groom's mother, Mrs. E. R. Armstrong.

Tea was poured by aunts of the bride, Mrs. R. H. Simmons and Mrs. Robert Gavine. Refreshments were served by Mrs. G. Scriver, Mrs. H. Hall, Mrs. A. Tate, Mrs. Emile Armstrong, Mrs. J. C. Yelland and Mrs. R. C. Simmons.

Her trousseau and gifts were displayed by Mrs. Tom McNeil, Mrs. Jack Trennum, Mrs. Clark Darling, Miss Eunice Armstrong and Miss Mary Powell.

Eleanor Yelland Bride Of Robert E. Armstrong Today

A setting of spring flowers, snapdragon and daffodils banked with fern, at the alter of Mark St. United Church today was background for the marriage of Eleanor Joyce Yelland and Robert Eugene Armstrong. The bride is the only daughter of Mr. and Mrs. W. H. Yelland and the groom a son of Mr. and Mrs. E. R. Armstrong, all of Peterborough.

The Rev. A. M. Partridge performed the ceremony. Before the bride entered Mrs. Donald Landry sang "Through the years" and at the signing of the register, "The Lord's Prayer." Mrs. Cecil Searles played the wedding music.

The bride was attired in a blue gabardine suit and wore a hat of corded silk, bonnet style with rosettes of the material at each side, in deep burgundy shade with other accessories the same. She carried a ring bouquet of red roses and white snapdragon. She was given in marriage by her father and attended by Miss Doris Finnie. The latter wore a wine gabardine suit, a hat similar to the bride's and accessories in black and carried pale pink and yellow carnation and white narcissus in a ring bouquet.

Mr. Emile Armstrong was groomsman for his brother. Ushers were Mr. Alvin Yelland, uncle of the bride, and Mr. Donald Armstrong, brother of the groom.

Receiving afterward in the church parlors, Mrs. Yelland, the bride's mother, was gowned in powder blue with white floral pattern and wore black accessories. Mrs. Armstrong assisting was gowned in grey with black accessories. Each wore a corsage of red roses.

When leaving to spend a week in the Laurentians the bride donned a grey topcoat and grey squirrel neckpiece.

Mr. and Mrs. Armstrong will reside at 115 Douro St.

MISS NELL SCHELL from Holland, who is making her home in Peterborough, now is seen at her desk where she does accounting for Lynch's Drug Store. A graduate of the University of Amsterdam, she taught mathematics and English to Dutch High School students. Through her knowledge of our language and a concealed radio she was able to give her people an idea how the war was really going while they lived under occupation rules. —Examiner Staff Photo

Dutch Mathematics Teacher Speaks to Soroptimists

An endeavour to arouse a slight feeling of sympathy was planned by Miss Nell Schell in speaking to the Soroptimist Club of Peterborough at their dinner meeting Friday evening. Not for herself in any way, but for that small country, Holland, which is her homeland, and which has come through such trying times.

First of all she explained that it's entire area is little more than two thousand square miles and most of it is lower than sea level. God created the world, but the Dutch have virtually created their own country pushing the sea off the land with their dike system" she said.

Holland Taken

The teacher of mathematics and English in a Dutch high school then spoke of the greatest catastrophe to befall her country, invasion by the Germans in 1940. Indication that their frontiers had been crossed was in the air over her Southern Holland home when it was blackened with German planes, and soon radios gave the news their government had declared war on the enemy.

"Of course we knew it was silly for our boys to fight such a great army but we thought it would be only for a few days. The Tommies were just across the channel and surely they were well armed and ready to come and help us." Just at that time she recalled Chamberlain with his umbrella making a peace-mission visit to Hitler. "Five days later we heard of the surrender and we were completely taken over."

Living Difficult

To live in a normal way under occupation was impossible. Miss Schell said food was very scarce. In the first years they missed the things they could no longer obtain, but then they got used to it she said. Biggest inconvenience of all was the shrinkage of their clothing. If caught in a storm, one's coat would likely be down to a son or daughter's size the next day.

Society of the Dutch in those years was confined to family life. Loyal citizens wouldn't mix with the enemy. They could not go to theatres because only German films were showing, there were no concerts and few operas and they could not get food for private parties. They were in constant fear of betrayal for everything they might do was apt to be wrong. Even reading material, except that provided by the Germans, was forbidden.

In Miss Schell's home a radio was concealed in the ceiling and she was able to hear occasional broadcasts from England. A small service she gave on her own account was to interpret the news to the priest, the municipal heads and such people as she felt should know.

Business Too Easy

Her father has a manufacturing business in Holland in which she has given some clerical assistance. In this regard Miss Schell says to Canadians "You don't really work for a living here. Everything is thrown in your lap. Your profits are figured out in so many dollars where we had to figure in cents, and right down to a half cent too. Everything we made, we worked very hard for."

Farmers Make Little

Dutch farmers who are coming to Ontario in such large numbers belong to a class that is considered thoroughly respectable and reliable, but perhaps the poorest in Holland. To explain this statement Miss Schell described the manner in which they have to live on their little farms of five or six acres and how very difficult it is for them to make any profit. For this reason their menu is usually potatoes with vegetables and for variety — vegetables with potatoes. "During the war they tried to make a little money—and who could blame them" she said. The most popular method was to provide gin, which they obtained from Belgium, for the Canadian soldiers who would give them almost anything for it, and so many Dutch farmers had the appearance of a Canadian army for several years."

Canadians Best

"We considered the Canadians much the best soldiers who came to our country" Miss Schell hastened to explain, "The only thing we didn't like was their drinking, but when you think of what they were going through and being so far from home, you really can't blame them at all" she said. "They were with us in the fall of '44 and spring of '45 and we came to like them very much and were sorry when they left, but we kept up a correspondence."

Willing Assistant

In introducing Miss Schell, Soroptimist Miss Leta Brownscombe mentioned some of the ways in which she has already proved a splendid citizen. She has a full-time position as bookkeeper in a busy downtown store, yet she willingly gives up her private life to act as interpreter when there are language difficulties with new citizens from Europe, and clubs and organizations in the city besiege her with requests to speak to them. In one week she has addressed three meetings, speaking more than an hour at each and then staying to answer the many questions her listeners want to ask—and she knows the answers too.

Miss Myrtle Sargent thanked Miss Schell. Vice president Mrs. Mae Thompson presided in absence of the president.

Norma May Wallace Wed In Candlelight Ceremony

By candlelight in George St. United Church at 7.30 Friday evening marriage vows were pledged between Norma May Wallace and Robert Neil Rollwagen BE, the Rev. Dr. James Semple officiating. The bride is daughter of Mrs. P. G. Wallace and the late Mr. Wallace, Peterborough, and the groom is the only son of Mr. R. W. Rollwagen of Australia and the late Mrs. Rollwagen.

Standards of spring flowers and ferns decorated the church.

Mr. Charles Allen at the organ played the wedding march and "Leibestraum" at the signing of the register.

The bride was given in marriage by her uncle, Mr. C. R. Morrow of Toronto. Her dress of mid-night blue satin was designed with a gathered apron front brought into a bustle at back and long sleeves on the plain bodice with high round neckline. She wore a white ostrich plume headdress and carried a muff of pale pink carnations and roses.

Only bridal attendant was Mrs. Wm. Loomis wearing a dress of dark blue crepe with ostrich plume in American beauty shade in her hair and accessories matching. Red roses and white snapdragons made up the muff she carried.

Mr. Gordon White was the groom's attendant. Gordon Wallace, brother of the bride, and Herbert Bruce ushered.

For her daughter's wedding Mrs. Wallace chose a dress of coachman blue and accessories to match and wore Talisman roses at her shoulder. A reception was held at her home after the ceremony.

Later the bride and groom left for a short honeymoon in Ottawa, the bride travelling in a grey coat, matching hat and bag, with black persian lamb trim.

Mr. and Mrs. Rollwagen will live in Peterborough.

Kinsmen's Ladies Admire Party Decorations

For the Kinsmen ladies' night party, Miss Melva Lee Doxee created the most effective and interesting decorations yet seen in the Kawartha Club. She is the daughter of Kinsman Howard Doxsee who was convener of the dance. Bases for her unique scheme were life-size black silhouettes of dancing girls wearing paper balloon costumes in gold and silver, pink and blue, and hung on the walls in a variety of positions. Each became the subject of appreciative comment during the evening. Some were visible to guests as they drove up to the club and were admired from that distance.

Handsome prizes were provided for the ladies and Mrs. G. Hodgson was winner of the lucky draw. Mrs. L. G. Lawrence took the ladies' door prize, and there was also a gift for the men which went to Mr. J. King. Spot dance winners were Mr. and Mrs. T. Williams and prizes for a statue dance went to Mrs. Fred Ash and Mr. R. Lewis.

Present were: Mr. and Mrs. Walker Jones, Mr. and Mrs. Howard Doxsee, Mr. and Mrs. J. K. Mervin, Mr. and Mrs. Hal Macfarlane, Mr. and Mrs. Geo. Bennett, Mr. and Mrs. R. Burnside, Dr. and Mrs. A. H. Of Interest to Women

DOROTHY DIX

Parents Have No Right To Select Girl's Husband

DEAR DOROTHY DIX—I am a woman of 23, holding down a responsible position. My problem is that I am deeply in love with a young man I have known for two years. He is up and coming and fine in every way, but my parents object to my marrying him because his father is a drunkard. My sweetheart is a teetotaler, but my parents claim that in the years to come he will go the way of his father and take to drink.

Do you think I should give up the man I love on the off chance that he will inherit his father's weakness?

UNHAPPY GIRL

✧ ✧ ✧

ANSWER—If your young man came from a family in which there was insanity or which was afflicted with some inheritable disease, your parents would be right to try to keep you from marrying him. But alcoholism is not hereditary.

Dorothy Dix

And as for children "taking after" their fathers and mothers, it works around the other way quite as often.

Many a boy has a perfect horror of drink because in his childhood he saw his father in his cups. Many a girl makes the neatest of housekeepers because her mother was a sloven. And many a girl is gentleness and patience and amiability itself to her husband because she has always in her mind the picture of her poor henpecked father bending his head before her virago mother's nagging.

Should Pick Husband Herself

Any intelligent girl who has sense enough to hold down a good job and earn her own bread and butter is perfectly capable of picking out her husband herself, and all that the father and mother have a right to do is to sign on the dotted line and give her their blessing.

✧ ✧ ✧

DEAR DOROTHY DIX — My husband tells me that he has lost that certain spark for me that is necessary to love. He still likes me in a friendly way. There is no other woman and, in fact, he cannot actually tell what has caused him to lose his affection for me, and he is trying very hard to revive his love, for we have children, and we do not wish to break up our marriage.

I do not know what tactics to take to bring back the emotional change that he so desires. He wants help from me, but I cannot give it because I don't know what to do. What advice can you give me?

A READER.

✧ ✧ ✧

ANSWER—I think your husband is expecting the impossible from marriage. He is asking for perpetual youth and that comes to no man. He thinks because he no longer thrills at the sound of his wife's footsteps and sees circling clouds of glory around her middle-aged head, that he has lost his love for her.

But that is all nonsense. A boy's love and a man's love are two entirely different things. They represent different periods of growth and taste. A youth, for instance, spends hours telling his sweetie how much he loves her and he smothers her with kisses and caresses, but no sane woman could endure a constant diet of soft talk. It would bore her to death. And a man has the same reaction to love-making as a woman has. He says it with beefsteaks instead of orchids.

Now the trouble with your husband is that he is not willing to let Nature take its course. He isn't satisfied with the middle-aged type of love. He wants the thrill of romance that no miracle can revive. Nothing can give your husband back the spark he craves, but it would help him to see the light if he would leave you and the children and take a long vacation.

✧ ✧ ✧

DEAR MISS DIX—I am a man of 37. Have had my share of the war and life's experiences. Have a good job, nice car, and am not a bad-looking fellow. I have dated many girls, but the trouble is I am not married and I would like to settle down and have a home. Why is it that with all the girls I meet none seems to be the right one? Is it because I am too choosy?

A FRIEND.

✧ ✧ ✧

ANSWER—I don't think a chap can be too choosy in picking out a wife because she is the one he has to live with, and his happiness depends on whether he gets Miss Right or Miss Wrong.

Don't get discouraged because no girl has yet rung the bell for you. You will find her somewhere. Don't hurry to get married. Go slow. Be sure you have picked out the girl who is IT.

Cherry Cobbler Wonderful For a Special Winter Meal

BY GAYNOR MADDOX

Warm cherry cobbler with cool cream makes a wonderful end to a winter meal. And here's a baked lemon pudding recipe also to make things seem snug indoors on cold nights.

Cherry Cobbler
(Serves 6)

Two cups canned red pitted cherries, drained, 1 tablespoon flour, ½ cup sugar, ¼ teaspoon salt, ¾ cup cherry juice, 1 cup sifted all-purpose flour, 1½ teaspoons baking powder, ½ teaspoon salt, ¼ cup shortening, 1/3 cup milk, 2 tablespoons sugar.

Place cherries in greased 6x10-inch baking dish. Sprinkle flour over cherries. Combine sugar, salt and cherry juice and pour over cherries. Meanwhile make cobble dough. Sift flour, baking powder, salt and sugar together. Cut in shortening fine. Add milk, stirring with a fork into a soft dough. Drop dough by small spoonfuls on cherry mixture and sprinkle with sugar. Bake in hot oven (425 degrees F.) 25 minutes. Serve warm with cream.

Baked Lemon Pudding
(Serves 4)

One-half cup sugar, 5 tablespoons sifted flour, ¼ teaspoon baking powder, ⅛ teaspoon salt, 2 eggs, separated, 1½ teaspoons grated lemon rind, 3 tablespoons lemon juice, 1½ tablespoons melted butter, 1 cup milk.

Sift ¼ cup sugar with flour, baking powder and salt. Beat egg yolks until light, then add lemon rind and juice, melted butter or margarine and milk and beat well with spoon. Stir in sifted dry ingredients and beat until smooth with hand beater or electric beater. Beat egg whites until quite stiff, then gradually add remaining ¾ cup sugar, while continuing to beat until stiff. Fold into first mixture, pour into greased one-quart casserole and place in pan of warm water. Bake in moderately hot oven (375 degrees F.) 45 minutes, or until firm on top and nicely browned. As the pudding bakes, it separates into a thin bottom layer of lemon sauce with a thick, fluffy cake-like layer on top. Serve cold.

MONDAY'S MENU

BREAKFAST: Prune juice, cooked whole wheat cereal, enriched toast, marmalade, coffee, milk.

LUNCHEON: Large bowls of cream of potato and onion soup, crusty bread, pressed ham sandwiches, cabbage and apple salad, oatmeal cookies, tea milk.

Local history material is also contained in the reference section. It is stressed by the officials there as of paramount importance, not only for the immediate area, but for the whole district, for the library has collected many items of the background of Peterborough and district.

"The Reference Division," said Miss Sullivan, "aims to give service by supplying accurate, up-to-date information to all groups and organizations—schools, business and social—and to individuals." The Peterborough section has received commendation from visiting library officials who said that it compared favorably with those in American cities many times the sizes.

Enthusiastic support and active participation marks the work of the children's Department, where more than 3,500 boys and girls of Peterborough had memberships last year. There are nearly 7,000 volumes, carefully selected to the reading levels of the patrons—ranging from the tiny big-pictures-small-words readers up to 14 and 15 years of age. The circulation in the section in 1948 was nearly 60,000.

Under Miss Lillian Wesley, fulltime childrens' librarian in charge and the two part-time assistants, Mrs. Melvin Phippen and Miss Marion McTague, the department creates a real interest in its work among the younsters. "Book talk" are given to every class in the public and separate schools of the city from Grades III to VII who used the library from their schools for the talks. There were 267 such sessions held in 1948, with about six books reviewed and discussed in each.

The Vacation Reading Club, operated by the Department during last summer, attracted about a hundred young readers. Credits for books read were in the form of cowboys clothing put on forms to represent each child—so that each piece of clothing represented one book or two, keeping interest and competion keen. A big picnic rounded out the successful venture.

Two classes—"story hours"—are held every Saturday morning in the children's library. Stories are told by the librarians, films are shown. The interest is reflected in the attendance, which has been averaging 60 each morning.

The well-lighted, cheerful and neat quarters for the children are tailored to their requirements, complete to child-sized reading tables and benches. The walls are lined with the things of which childhood's dreams and joys are made—fairy stories, adventures, hero stories. Gay posters, made by the children, decorate the room. Under Miss Wesley's instrution, several large murals have been drawn and painted by the libraries' loyal members. Another one—measuring about 15 feet long and five feet high—is now being worked on after school hours by the potential artists. The value of such projects, developing the children's talents, arousing their interests and keeping them from destruction practises, has been emphasised by many groups who have applauded the Department's work.

With the big circulation of the whole library comes necessarily much handling of books—meaning torn pages, ripped backs, defaced covers. About 1,500 volumes a year need repair work done. This is handled right at the library by Miss Myrtle Knapp, whose department transforms the damaged books (a good gauge to their popularity, by the way, the librarians say) back into original form.

Visual education in Peterborough district is also centered at its public library. Form it circulate the films of the Peterborough Film Council, which operates four projectors in dozens of showings each week. During 1948, more than 100,000 people witnessed showings of educational films. More than 2,000 films were shown nearly 1,000 audiences. The film department, through its contacts with the National Film Board, other non-profit bodies and private concerns, keeps a constant stream of new film material available for many groups in the city and district which make graceful use of it.

Music, too, is included in the rounded program. Mr. Graff, who has nursed along a small collection of record albums, hopes to be able to expand it to a size where it would be practical to offer recordings for circulation to the general membership. Public response to the suggestion is growing, he reports, and there is a chance that the section may expand its operations soon.

Main financial support for the library is from the city, with a provincial grant in addition. The original gift of $30,000 for the construction of the building was from the American philanthropist, Andrew Carnagie.

Looking ahead to plans of expanding the Peterborough Public Library and its facilities for knowledge and pleasure to the people, Mr. Graff pointed out the basic problem.

"Not enough people know what we have to offer her. . . . this is their library and can grow larger and be of greater value only if they use it to its full extent."

Habs To Test Revived Punch Against Wings

By The Canadian Press

Montreal Canadiens, hottest team in the National Hockey League for the last month, will give their revived scoring punch the acid test tonight. The Habitants will be firing pucks at goalie Harry Lumley of the pace-setting Detroit Red Wings.

By far the best defensive team in the circuit, the Habs have shown added fire power in recent starts. Their victory drive has carried them from fifth place into a second-spot tie with the fading Boston Bruins.

In other week-end games, Chicago Black Hawks visit Maple Leaf Gardens for a clash with Toronto Maple Leafs tonight, while on Sunday Montreal travels to New York, Detroit goes to Boston and the Leafs and Hawks play a return engagement in Chicago.

Bill Durnan, Montreal's great netminder, hasn't found the Detroit snipers so tough so far this season. Of his four shutouts, big Bill has racked up three against the Wings.

Some Good News

The Habs got some good news Friday with the announcement that their two star cripples, defenceman Butch Bouchard and centre Elmer Lach, will be back in harness as soon as they can get into playing shape.

The week-end games are important to the three bottom clubs in the loop, Toronto, Chicago and New York. At the moment, Leafs hold down fourth spot, one point up on Chicago and two in front of New York.

For their double date with Chicago, Toronto will shift rookie Tod Sloan to centre on a line with Harry Watson and Wild Bill Ezinicki, using pivot Cal Gardner in the role of utilit centre. Another Leaf line will have Max Bentley pivoting Joe Klukay and either Harry Taylor or Ray Timgren.

Have Gelineau Back

Boston Bruins are expected to have goalie Jack Gelineau back in nets for their Sunday clash with Detroit. The McGill University star who turned pro earlier this week looked good in his first appearance, although he caught Toronto on a hot night and the Leafs beat the Bruins 3-1.

The regular Boston netminder Frank Brimsek is still at his home in Minnesota where his young son died this week.

In Winnipeg Friday night, Frank Boucher, New York manager, said there was no basis to a rumor of a deal between Rangers and Toronto Maple Leafs.

Boucher admitted he'd "sure like to get" Max Bentley but that he would not strengthen his team at centre ice at the expense of weakening the club in another position.

PITCHER BOB FELLER (left) of the Cleveland Indians threw a balk into a contract signing party when he refused to sign an agreement for 1949 because of a dispute over bonus terms. President Bill Veeck (right) cuts a dollar bill indicating the slosh he thinks Feller should receive from his last year's $82,000 salary.

Here and There In Sport

By The Canadian Press

New York Giants Friday became the fifth Major Baseball club to hire negroes when they purchased outfielder Monte Irvin and pitcher Ford Smith from the Negro National League.

Their contracts were immediately turned over to Jersey City Giants, an International League farm club.

Irvin, a right-handed batter, was purchased from Newark Eagles and Smith, also right-handed, was obtained from the Philadelphia club. The latter pitched for Kansas City Monarchs of the Negro American League last year where he won 10 games and lost five.

Dick Metz, veteran of almost 20 years links competition, grabbed the lead in the $10,000 Phoenix Open Friday with a 36-hole score of 137. A 68 Friday, coupled with an opening 69, gave him the total, five under par.

Sammy Snead, the opening-day leader, shot a 70 for a total of 138. Dr. Cary Middlecoff, the Memphis dentist, pulled a 68 Friday for a third-place 139.

Australia's challenge for the Davis Cup in the North American zone has been received by the United States Lawn Tennis Association at New York. Other challengers in the North American zone are Canada, Cuba and Mexico. Twenty-two countries—including Israel—have entered the competition in the European zone.

Fred Schelke, veteran horse trainer who bred and raced Shepperton, one of the outstanding Canadian-breds, died Friday in a Toronto hospital after an illness of six weeks. Native of Indiana, he came to Canada years ago as trainer for the late J. K. L. Ross, and later was trainer for the Guy Bedwell, Harry Hatch and R. W. R. Cowie stables.

Abby Demarco, veteran centre who has seen several seasons of National Hockey League action, has been purchased by Buffalo Bisons from Washington Lions, it was announced at Buffalo.

George Robertson, who belongs to Montreal but who has played for Buffalo most of the season, was loaned to Washington for the remainder of the season as part of the deal.

The newly-organized Michigan Racing Association Friday was awarded the right to conduct horse racing at the Detroit Fairgrounds track this season. The decision by the Michigan Agricultural Commission and the State Administrative Board at Lansing, Mich. ended long months of jockeying for the lucrative Fairgrounds lease. Seven groups bid for the franchise, the applicants including the Detroit Racing Association which had conducted racing at the Detroit track for several seasons.

The prized Coronation Cup, emblematic of the Women's Irons championship of Canada, returned to Montreal Friday when Mrs. George E. Cheese's Royal Montreal rink scored a surprise 17-2 victory over a foursome skipped by Mrs. Howard Stewart of Ottawa Rideau. The defending champions, Ottawa Curling Club, were eliminated in the semi-finals.

Stirling Boys Win

CAMPBELLFORD, Jan. 29 — (ENS)—Stirling defeated Campbellford in the first hockey fixture of a two-round Bantam "C" playoff by 7-6 in Davidson's Arena on Friday night. The game opened at a fast clip with the homesters netting the first goal.

The teams:

Stirling—Goal, Mason; defence, Munro, Smith; centre, Herminson; wings, Montgomery and Williams; alternates, McCroy, Chambers, McMurray, Anderson, B. Eggleton and Akers.

Campbellford — Goal, Ingram; defence, Barnum and Seymour; centre, Fields; wings, Auger and Garvey; alternates, Guerin, Wilson, Dooher, Forrestel, Yenta, Doherty and Petherick.

Referee, J. Wright of Stirling; linesman, W. Blake of Campbellford.

Gavilan Scores Upset Win Over Williams

By JACK HAND

NEW YORK, Jan. 29 (AP) — Kid Gavilan will post forfeit for a welterweight title match with Sugar Ray Robinson, following his exciting upset victory over Ike Williams, the lightweight king.

The 20th Century Sporting Club has something else in mind— a 15-round rematch of Friday night's 10-round non-title battle with Ike. Frank Palermo, Williams manager, is in full agreement with the promoters.

"No soap," says Angel Lopez, Gavilan's manager. "No third match. Why should we fight him again? I will go to the New York State Commission Monday or Tuesday and put up the money demanding that Robinson fight us.

"We'll fight anybody they say if Robinson doesn't want to fight. Charley Fusari, Gene Burton, Vince eFoster, Bernard Docusen or anybody. Yes, even Williams, if they say so, but only for the welter title.

"If Robinson fights as a welterweight again he has to fight the Kid or pay us $5,000. We never signed any papers releasing him from that agreement, made when he promised to weigh 150 for the non-title fight with the Kid at the Yankee Stadium last September. (Robinson weighed 150½ and outpointed the Cuban).

Some Doubt on Weight

There is some doubt about Robinson's ability to make the 147-pound weight limit. Sugar Ray claims he can do it, but others are dubious. In any event he probably will not be ready to risk the crown without a few tune-ups after a long layoff due to a rib injury. That would push back any title match until the summer.

In the meantime, Williams will be pressing for another match with Gavilan. It will be a sure sell-out in Madison Square Garden, for the crowd of 15,125 which Friday night paid $57,195 for the second of the series wants more. Few fights in recent Garden history have been fought more bitterly than this brawl.

Gavilan required three stitches in a cut over his right eye after a furious scrap that was fought head to head and shoulder to shoulder all the way.

Ike won the first time they met, last February, on a close but unanimous decision. This time it was split.

Warsaw Winners

NORWOOD, Jan. 29—(ENS)—Warsaw took Havelock 6-2 in the Arena Thursday night. Backus was good subbing for Hill, who was injured in a previous game. Backus was helped off the ice with seven minutes to go in the second, with an injured knee. Hill though limping, donned the uniform and took over the job of net minding. It was a good game though Warsaw were not back into form and Don Sharpe was missing from the line-up. Havelock played well.

George Payne fell into the boards at the end of the rink, and was carried unconscious from the ice. He was unable to return to the game.

Line-up:

Warsaw—Goal, Patterson; defence, G. Payne, Tedford; centre, Griffin; wings, Darling, D. Evans; alternates, McQuaig, L. Short, Judge, R. Payne, E. Payne, J. Watts, I. Watts.

Havelock—Goal, Backus (Hill); defence, J. Hermans, J. Milne; centre, Elliott; wings, W. Seeney, J. McMillan; alternates, Laing, Cosgrove, H. Dunford, A. Smith.

Summary:

First period:

Warsaw—Griffin, 4.00.

Warsaw—G. Payne (J. Watts), 7.00.

Penalty shot.

Second period:

Warsaw — Judge (McQuaig), 16.00.

Warsaw — Evans (G. Payne), 17.30.

Havelock—A. Smith (Milne), 19.50.

No penalties.

Third period:

Havelock—Seeney (Hermans), 2.25.

Warsaw — Evans (Darling), 13.00.

Warsaw—Joe Watts, 16.30.

Penalties—R. Payne, V. Clements.

Referee—H. Morrison; linesman, B. Goodfellow.

Remember When—

By The Canadian Press

Canada's second Olympic hockey team, Toronto Granites, ruled as favorites 25 years ago today when they whipped Sweden 22-0 at Chamonix, Switzerland. Great Britain proved easy marks in succeeding rounds and the Canadians became champions with a 6-1 victory over United States in the final.

Steal Skater's Coats

NEW YORK, Jan. 29 (AP). — Thieves entered Sonja Henie's hotel apartment Thursday night and took two fur coats she valued at $28,000. The loss was discovered after Miss Henie returned to the hotel following her ice show at Madison Square Garden.

BADMINTON FAMILY — Jack Purcell, former world badminton champion, did not try to make his youngsters play the game, but when they took it up he coached them in the fine points. The results were evident in the Toronto and District tournament at the Toronto Carlton Club this week when his three children made good showings. Pictured above, left to right: Peter 19, Bill 21, who won the man's singles title; Nancy (Mrs. Frank Pidgeon), and the 45-year-old champion. Nancy's husband won the men's singles at last year's tournament.

Fans Keep Game In Uproar Referees Call Barrie Match

(By The Canadian Press)

It's getting to the point these days where a referee might as well scrap the rule-book and stay home.

Last night officials Honey Kuntz and Jack Liscombe had so much trouble with fans and players in an Ontario Hockey Association game between Barrie Flyers and Windsor Spitfires they were forced to call it with six minutes of regulation time remaining. Windsor won 4-2 to stretch their first-place margin to four points over Barrie.

In another Junior A game, the third-place Stratford Kroehlers walloped the sixth-place Guelph Biltmores 12-5. In the Senior A loop, Kitchener-Waterloo Flying Dutchmen blanked Toronto Marlboros 6-0 to climb into a first-place tie with the Marlboros. Hamilton Tigers defeated the last-place Stratford Indians 13-1.

Fans Litter Ice

In Barrie, officials were forced to call time frequently when fans littered the ice with miscellaneous objects. The fireworks started when two penalties were given to Barrie's Stan Long. On Long's first penalty, in the second period, Captain Sid McNabney protested too vigorously and was given a misconduct. A total of 13 penalties were handed out during the game—seven to Barrie.

Climax of the tilt came when Long picked up the puck as he came out of the penalty box in the third period and went into the Windsor zone. During a mix-up in the Windsor goal-crease Hogg scored. Referee Liscombe disallowed the goal because the player was in the crease.

The teams resumed play—but Barrie's netminder, Gil Mayer played up too, with no one guarding the nets. Then the referee called the game.

The Spitfires carried a slight edge in play and went ahead 2-1 in the first period, got the only goal of the second and split two in the third.

Francis O'Grady with two and Glen Skov and George Ouellette were Windsor marksmen. Gord Pennell and Sid McNabney counted for the losers.

Close To Flyers

The Kroehlers came within two points of overtaking the Flyers as they romped into a 6-0 lead in the first period, held a 11-1 lead at the end of the second and then were outscored 4-1 in the final frame.

Danny Lewicki led Stratford scorers with three goals while Doug French and Bibber O'Hearn followed up with two apiece. Singletons went to Pierre Cadieux, Dinny Flanagan, Bob Leckie, Jim Pernfuss and Red Mitchell. Ron Ferguson got three for Guelph while Don Oberholtzer and Tom Mouncey got one apiece.

The Dutchmen dumped Marlboros handily before a Toronto crowd of 10,879. The Dutchmen took a 2-0 lead in the first period, got one in the second and then two in the third.

Doug Verity paced Kitchener with two goals. Former Boston Bruin Bobby Bauer scored one and assisted on two. The others were scored by Billy Curick, Mike Dzuirs and Ted Grasser.

Keene Victorious

NORWOOD, Jan. 29—(ENS)—Norwood boys looked nifty Thursday night in their new blue and white sweaters, the gift of Gladwin Irving. But Keene won 4-1. The sweaters gave them a new incentive and their improved brand of hockey held the first stanza scoreless with a penalty to Joe McCarthy for playing with a broken stick.

In the second, Hawkes from Dalton scored early in the period. Kempt and Houle got one each. Webb on solo effort scored in the last few seconds of play. Rusaw was gated for tripping.

Dalton counted from Thomson, and Houle finished the scoring at the halfway mark in the third. Fairfield took a rest for trying to play with a broken stick.

The teams:

Keene—Goal, Musgrave; defence, Dalton, W. Thompson; centre, Hawkes; wings, Houle, B Thomson; alternates, Kempt, Kumff, Paudash, Howard, Walton, J. McCarthy, Adamson.

Norwood—Goal, Aldred; defence, Spring, B. Scott; centre, B. Kelly; wings, Webb, Reddy; alernates, Martin, Brown, Rusaw, Cuthbertson, H. Scott, Rodgers, Fairfield.

Referee, H. Morrison; linesman, B. Goodfellow.

Open Drama Festival

SAINT JOHN, N. B., Jan. 29—(CP)—Presentation of Daphne du Maurier's play Rebecca by the Anglin Players of Saint John Friday night opened New Brunswick's 1949 Drama Festival. Adjudicator Robert Speaight was critical of the costumes and stage effects, and said some characters were poorly cast.

Marmora Gets TVL Win Over Norwood

NORWOOD, Jan. 29—ENS)—Marmora remained undefeated in the TVL by sweeping to a convincing 14-3 victory here over Norwood last night before about 800 fans, the best crowd so far this season. It was a better game than the score indicates, but Marmora rolled to a 7-0 lead in a big first frame and had a margin of play the last two periods, as well. Only three penalties were handed out in a clean contest, a misconduct going to Payne in the second when a fan grabbed him from behind and he, thinking it was a rival player, swung on the nearest opponent.

Goals were counted in the first by E. Leonard, with three, E. Trumble, K. Trumble, McInroy and Lavender, with assists going to K. Trumble (2), E. Leonard, E. Trumble, McInroy and Cousins. The latter got a goal in the second for Marmora as Lavender counted two and K. Trumble one. Cousins had three assists and K. Trumble one. J. Brown scored for Norwood and Peterson added another on Hamilton's pass. K. Trumble tallied twice and G. Leonard once in the third assists going to Goodchild, K. Trumble and McInroy. The teams:

Marmora: Goal, Borland; defence, E. Leonard and G. Leonard; centre, Cousins; wings, Lavender and K. Trumble; alternates, McInroy, Goodchild, E. Trumble and Kerr.

Norwood: Goal, Morrison, defence, Hamilton and Simpson; centre, B. Webb; wings, Puffer and Payne; alternates, Rogers, J. Brown, Peterson, I. Webb, Goodfellow, Fennell and G. Brown.

Referee: Cousins; linesman, Leggitt.

APPLICATION TO PARLIAMENT

NOTICE IS HEREBY GIVEN That the Corporation of the City of Peterborough will apply to the Legislative Assembly of the Province of Ontario, at the next session thereof, for a Special Act for the following purposes:

1—To amend The Peterborough Civic Hospital Act, 1945, to enable the Corporation of the City of Peterborough to provide additional Funds for the completion of the Erection of The Peterborough Civic Hospital and such further Funds which may be required for the Enlargement in the future of the said Hospital.

2—To amend the said Act to permit the Corporation of the City of Peterborough to levy a Special Annual Rate sufficient to provide for the annual estimates submitted by the Board of Governors of the said Hospital and approved by the Council of the City of Peterborough.

3—And for such other purposes as may be necessary to effectually accomplish the aforesaid or which may be incidental thereto.

4—To enable and permit the Corporation of the City of Peterborough to pay to T. A. Wilson Lumber Company Limited the sum of $5,583.42, the balance owed by The Peterborough Civic Arena Committee to the said Wilson Company for the construction of a Covered Skating and Hockey Arena.

DATED at Peterborough, Ontario, this 10th Day of January, A.D. 1949.

THE CORPORATION OF THE CITY OF PETERBOROUGH,
By WILFRID F. HUYCKE, K.C., Solicitor for the Applicant.

County Farm Notes

By HARRY THEOBALD

Local Soil Tests Indicate Insufficient Phosphorous And Nitrogen . . . Preliminary Report On Ontario Hog Costs Study . . . Breed Association Meetings In Toronto Next Week . . . Forums Reflect Rural Approval Of Security Measures.

Tests at O.A.C. of samples of Peterborough soil have indicated insufficient potash and nitrogen, F. C. Paterson, agricultural representative, reported this week.

"We had more samples last fal than ever before," he said. "The number ranged all the way from one to 27. Some farmers brought in two or three, another eight and so on. I was glad to see this response, because soil management begins with exact knowledge of the conditions and what is needed.

The man who brought in eight samples, had one from eight different fields. This step was done in the fall, and we sent the samples to Guelph fo rlaboratory tests. Recently we have been getting the results.

One fact will not surprise any of our people. All the samples showed that the soil in this area is well supplied with lime. That is typical of our district. So, we have no liming problem—at least not yet. Several samples indicated a fair supply of potash, which seemed to me rather unusual. The rest varied in the content of phosphorus, and all on the low side. All were short of adequate nitrogen. That was true of one of our good farms.

Recommendations accompanying the reports from the Agricultural College varied according to fields and crops, but all stressed the need of more fertilizer than is commonly used, with particular attention to plentiful supplies of phosphorus depending on whether the fields are manured. But, even where manure has been used, it was recommended that phosphorus was still needed.

One of the fields from which samples were taken was indicated by the owner for corn. The advice in that report called for more phosphorus and nitrogen than are commonly supplied to corn fields in this county. Mr. Jack Ketcheson, our soils man in this district, discussed these reports with me. He stressed the need of more humus, more clover plowed in, for example.

So, we can go back to the simple formula of Norman Thomas—condition the soil for growing clover and then growing them.

The course that one of our young men took in his plan of soil enquiry was first examination of the crops in the field. In going through them at that time, we could see the indications of certain mineral deficiencies. Crop and land observations have been combined with the sampling, and finally we get the reports from OAC. with their recommendations. I may say they all coincided pretty well.

Taking advantage of this service is an action project which any one can do. One of our farmers wished to plan and budget a fertilizer program. He was looking for definite information, and I think that he now has pretty accurate index of his needs. At any rate he now has on hand the fertilizers he intends to use.

If there is one general thing to be stressed in soil conditioning, and this applies to all Central Ontario, that is to grow more clover. But, we must have the plant food to begin with. Clovers by their root system are valuable to the soil. They help greatly to supply humus and mineral food.

It will be interesting to see how these soil tests and OAC recommendations from the laboratory findings work out."

OPINION OF PENSIONS

Letters from farm forums on the recent broadcast subject of social security measures indicated that more than 90 per cent were in favor of the general trend expressed in the platforms of the national political parties.

One of the dissenting groups was the Forum of 8th concession, Greenock in Bruce country. Their comment was: "In the beginning of man, our Lord said 'Thou shalt earn thy bread by the sweat of thy brow', not through pensions. "It was felt that individual initiative would be discouraged, and in some cases might develop dishonesty.

With specific reference to old age pensions, more than 94 per cent of the forums agreed that at 65 years of age every person should receive the equivalent of $40 to $50 a month, according to the purchasing power of the dollar, and without the means test. That attitude implied that those who had sufficient income from other sources would pay back the money because they did not actually need a pension. Those favoring pensions felt that this assistance would give people a sense of independence, instead of being recipients of charity.

Many farm forum people wondered where the money would come from if such a plan became effective. More than half the correspondence suggested it should be derived partly from the Dominion government and partly from the people themselves on a contributory basis.

This would put everybody on an equal footing and give them a feeling of self-support. Initiative would be encouraged. Lyndale form in Norfolk wrote: "The Trend is a good thing provided all citizens realize, or are taught to realize, first that all the rights and privileges we enjoy, or wish to enjoy, as citizens of this country have corresponding responsibilities and duties on our part."

HOG PRODUCING COSTS

Costs of producing pork are being indicated in the information which has come from the 55 Ontario farmers who have been keeping records in the plan which was put into effect by Premier Kennedy some time ago as Minister of Agriculture.

One breeder in each of 55 counties in the province agreed to keep records of cost last year and in part of 1947. Some of these practical farmers had only three brood sows and others kept up to eleven. Their findings indicate variations of experience due to methods of handling, the types of hogs used and also the feed.

"Farm operators were producing 100 pounds of pork with anywhere from 314 pounds of grain plus concentrates, up to as high as 621 pounds," the Department recently quoted from compiled data. "It is expected that further studies will enable the introduction of modern methods which will reduce the amount of feed to an average minimum, eliminating some of the waste that has apparently existed in the wide range of feed quantities used.

Net returns so far have indicated all the way from a total loss to a gain in revenue of $2,500 a year. The recording is being continued for another year. The number of living pigs weaned per sow ranged from a mere half-dozen to 22. Weaning period has also varied from five to 10 weeks.

The purpose of this enquiry is to assist hog producers in materially reducing their operating costs."

+ + +

ORDERING FERTILIZER

Canada used 872,000 tons of fertilizer last year, and requirements for 1949 will be about the same volume, according to a note from the Dominion Department of Agriculture. On that basis supplies should be sufficient for normal needs this year.

Dealers say that orders should be placed early. Nitrogen is still scarce "and is the limiting item in increasing production. It is still under international allocation by IEFC in Washington, and Canada's allocation for 1949 is 27,044 tons."

"Although Canada exports nitrogen, good faith must be maintained with IEFC by not holding for domestic use more than the tonnage allocated in this agreement. Imports of nitrogen solutions from the U.S. have been reduced, and this creates a heavier demand for sulphate of ammonia which is already not too plentiful."

PETERBOROUGH HOLSTEIN CENTRE

The Central Ontario Holstein championships show that has been held in Peterborough each October since its transfer from Roseneath Fair, is tending to give this city and district recognition as one of the Holstein centres of the province.

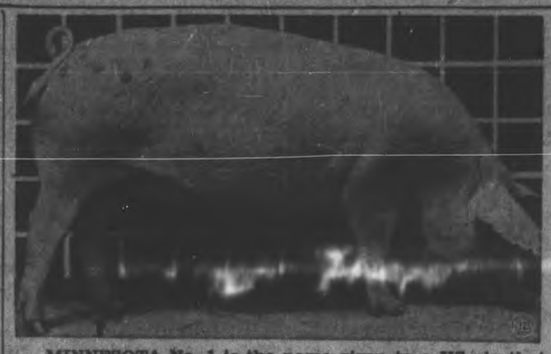
Ontario county, one of the district group, received 13 of the All-Canadian or reserve A.C. awards in the 1948 nominations, announced recently. Peterborough and Hastings counties were represented in the awards.

Of further interest was the sale of the 1947 and 1998 mature championship cows for $3,000 and $5,000 respectively by Hugh Ormiston of Brooklin in the $79,340 purchase of Ontario Holsteins by John Barros of Santiago, Chile. "Forthlyne Dolletta Inka Posch" last year's grand champion cow at Peterborough sold for $5,000, and Springdale Lucy Pride, grand champion here in 1947 brought $3,000.

Last year's champion was the All Canadian cow of the year and was also reserve All-American. J. J. E. McCague of Alliston qualified at the Peterborough show with "Marksman" for its award as All Canadian sire.

The purchase of the 15 Holsteins by John Barros is described as one of the biggest dairy cattle deals for export in the history of Canada.

Peterborough Holstein breeders have displayed a great deal of enterprise in their arrangements for the October district championships show, and they have received encouraging local support. One of the regrets attached to the success of breeders throughout a wide area of Central Ontario is that Robert Holtby is not alive to see the fruition of his Black and White Days, the great improved stock in the area, and, not the least important, the personal work of breeders in their association's accomplishments.



MINNESOTA No. 1 is the name given to a US pig that has been developed in the last ten years by cross-breeding the Tamworth with the Danish Landrace. It gets more length from the imported pig, is leaner, and is a marked departure from the US hogs that have been for generations fattened heavily on corn. The hardiness of the Tamworth in the American climate was a property aimed at in the Minnesota experiments.

American farmers are gradually expanding production of a leaner hog. By experiments in cross-breeding during the last ten years they have literally stretched the pig, adding cubits and inches to its length and reduced its poundage of fat.

Domestic use of vegetable oils for cooking was an influence that raised rural eyebrows at the corn-fed fat hog. Proprietary products with vegetable oil bases, backed by extensive advertising, cut deeply into the old-fashioned demand for shortenings and frying fats. That was one factor which set agricultural thinking of a leaner pig.

One of the cross-breds that appears to be widely accepted has been named Minnesota No. 1 which began with a cross of the Tamworth and the imported Danish Landrace pig. It is already being raised by farmers in that State. Another hybrid is called the Hamprace. U. S. news services have been mentioning this development in swine production. An article in the Rural New Yorker some time ago discussed several of these new breeds which are said to have the approval of the packing industry.

"The original stock of Minnesota No. 1 was obtained first by crossing the two breeds and then backcrossing some of the offspring in the early work.

In keeping with the modern trend in hogs, the Minnesota pig has a streamlined shape. It is basically red, but may have some black specks or spots. It has a longer body, shorter legs, large ears and shorter snout than most of our common breeds.

Fast and thrifty growth is a top advantage of this breed. The average hog must be fed 425 pounds of feed for every 100 pounds of gain. The Minnesota No. 1 has required an average of only 315 pounds for every 100 pounds of gain, which means a saving of 110 pounds of feed for every 100 pounds gain in flesh, better than 25 per cent.

Another feature of No. 1 is in rapid development. Over an eight-year period, the Minnesota No. 1's averaged 32 pounds at 56 days, 107 pounds at 112 days, and 211 pounds at 168 days. Some of them reached 200 pounds in 135 days, with the highest litter averaging 215 pounds in 145 days.

The eight-year average for all litters was 9.28 pigs born alive. In 1946 spring farrowings at the University's experiment station at Grand Rapids, the Minnesota No. 1 averaged over 10 pigs per litter. This was one to three pigs better than other breeds. The sows show improved milking ability. The better form of the No. 1 brings an improved dressing percentage. Packers have been pleased with the length of side and belly (bacon) and loin, and the smaller amount of fat."

That is only a quotation from the New Yorker article which devotes considerable space to the crossbreeding practice.

Ontario farmers have established the purebred Yorkshire with a leanness that appeals to the domestic trade and also to the British market. Feeding methods have been directed to that objective. It is interesting to note that the U S. trend away from the heavily larded hog with excess of fat in the bacon strips has reached the stage at which the daily press finds material for syndicated stories for consumer reading.

FEDERATION AFFFAIRS

Directors of Peterborough Federation of Agriculture will meet in the office of the Department of Agriculture, Thursday Feb. 3rd.

John Kitney, secretary, announces that the next noon luncheon of the Federation will be Feb. 22. The speaker will be Harold McGroggin of the income tax division of the Department of National Revenue. His talk to the junior farmers at their Christmas week conference at Kemptville was of exceptional interest. He has been asked to discuss the income tax in a practical manner for the benefit of farmers.

SYSTEM OF MARKETING

Farm Radio Forum will discuss marketing in its next two broadcasts. The subject for Mon., Jan. 31 is: "This Little Pig Went To Market" and on Feb. 7th "Food in Sales Clothing" which will deal with methods of merchandising farm products.

Three main topics will probably be explained in the story of the selling of the little pig. They are: the open market; organized marketing and government monopoly.

The open market refers to marketing by individuals without intervention from the government or from producers' organizations.

Organized marketing is any system which the producers control throught their own organization; for example through a co-operative or a producers' marketing board.

Government monopoly occurs when a government or a board set up by the government handles the marketing of the product. The Canadian wheat board is an example. It markets the wheat of western Canada.

Progressive farmers recognize the vital importance to them of the marketing of their products. The Forum groups should be largely attended Monday night.

THRESHMEN'S DINNER

Eastern Ontario brotherhood of Threshermen are again returning to Peterborough for their convention March 24. Their dinner that evening will be at the Canadian Legion Hall with the women of Stewart's Hall catering. Art McIntyre reoprts that Frank Wilson of Federation Mutual Insurance will be the speaker.

MAPLE CALVES DUE

Gestation tables promise the first of the "test tube" calves toward the end of next week. Gordon LaPlante, local representative of the Maple Cattle Breeders' Association, expects the birth of two probably Feb. 4. They are both in Holstein herds because it was with that breed the artificial insemination group at Maple began their experiment which has broadened in the number of breeds and in the counties now associated with the parents association.

BREEDERS' MEETINGS

Livestock breeders' annual meetings in Toronto next week will likely attract many of the farmers from this area. These booked for Mon., Jan. 31 are: (Ontario) Jersey, Aberdeen Angus, Hereford, Dual Purpose Shorthorns, and the Ontario Swine Breeders.

Tues. Feb. 1—Canadian Jersey Cattle Club, Ontario Shorthorn Club; Hackney Horse and pony Societies.

Wed. Feb. 2—(Canadian) Shorthorn; Aberdeen Angus; Hereford; Holstein; Ontario sheep breeders, and several of the horse breeders' association.

Peterborough Holstein Club has arranged for a special CPR car on the morning local Wednesday.

WIND INSURANCE

Extensive wind damage to roofs in a wide area of central and western Ontario a week ago Wednesday suggested to R. M. Peirson of Co-op a note of caution to farmers to consider this detail of property protection.

"Replacement costs are three to four times higher than they were 20 years ago," Mr. Peirson said. "That is something which should be reckoned with, and wind insurance as I remember the rates have been on the light side. Most of the roofs built more than ten years ago were wholly or partly blown off barns in the wide expanse of the country. It was really serious. Stocks of roofing material, including aluminum sheeting, were snapped up at once.

We heard one story of a farmer near Newcastle that when he telephoned his claim he was told there were nearly 2,000 ahead of him. That have been an exaggeration, but the experience as a whole should get some attention from farmers who have never been hit by wind loss."

OTTAWA WINTER FAIR

Ottawa Winter Fair reported an operating surplus of $1,490 at their director's meeting this week. Dates next fall are Oct. 24-28. Directors endorsed the standard Canadian ribbon awards of red for first and blue for second. This is the opposite of the U.S. custom. This difference in colors signifying first and second placements has caused some confusion with Canadian exhibitions that follow the American custom.

Hit-and-Run Driver Kills Toronto Man

Doctors Fear Fiancee May Lose Leg, Condition Just Fair

TORONTO, Jan. 31 (CP)—Bill Miller, 21, was killed and his 19-year-old fiancee, Helen Billson, critically injured by a motorist sought by police today for leaving the scene of the accident on Toronto's eastern outskirts.

The young victims were walking to a bus stop after a Saturday night dance when what was described as a "dirty sedan" ran them down on the shoulder of the road.

Miller was fatally injured and his fiancee was taken to hospital with severe injuries. The girl, a former dress model, may possibly have her left leg amputated.

Hospital officials to-day said the girl's condition was "just fair" and surgeons were still considering the necessity of an operation.

Another young couple, Mr. and Mrs. H. Beggs, told police they were not far from Miller and Miss Billson when the two were knocked down from behind.

Motorist Flees

The car slowed down and a middle-aged man got out, Beggs said. When Beggs moved towards him the motorist ran back to his car and drove away. A passing motorist helped get the two to hospital where Miller was found dead and Miss Billson had severe leg injuries.

Police checked all garages in the district where the accident occurred, on the Kingston road at the eastern city limits, in their search for a car damaged by the impact.

A door handle from the car was found near the scene.

Russian Leader Prepared To Hold Discussions On Peace And Disarmament

Foreign Diplomats Doubtful Proposal Anything But Propaganda; No Obstacle Seen To Lifting Blockade

By EDDY GILMORE

MOSCOW, Jan. 31—(AP).—Prime Minister Stalin's latest pronouncement has convinced many Russians their leader is going to meet President Truman. Foreign diplomats here are much more cautious — even doubtful. The question: "Will Stalin and Truman meet?" is the gambit for many conversations among the Muscovites today and the answers follow the same pattern: "I believe they will."

An American newspaper man asked Stalin, in writing:

"Would Your Excellency be prepared to confer with President Truman at a mutually suitable place to discuss the possibility of concluding such a pact of peace?"

Stalin's reply yesterday was:

"I have already stated before that there is no objection to a meeting."

One foreign diplomat commented:

"Truman has said he'll be glad to meet Stalin in Washington anytime. Now Stalin says there is no objection to a meeting, but notice, the answer is general. It does not specify where, or even at a mutually suitable place."

The Russian leader also said the Soviet government would be willing to discuss a joint declaration of peaceful intentions and gradual disarmament.

(Stalin has said previously that he would be willing to meet with Truman. The President, in turn, has offered to meet with Stalin any time the Russian leader will come to Washington. Officials in Washington pointed out, however, that there has been no official approach for such a meeting).

In answer to a series of four questions, Stalin also said Russia "sees no obstacles" to lifting the Berlin blockade if the Western Powers meet two conditions.

Two Conditions

One would be postponement of the establishment of a Western German State pending a meeting of the Big-four Council of Foreign Ministers on the entire German issue. The other would be lifting of the Allied counter-blockade.

(The offer to lift the Berlin blockade if the Allies first meet in the Foreign Ministers Council also has been made previously. The question of timing has upset settlement attempts on this basis.

Cameron Farmer Places First In English Match

WORKINGTON, England, Jan. 31—(Reuters)—Alvin Mark of Cameron, Ont., placed first Saturday in the general-purpose-plow class at the Empire Plowing Match here.

Mark, who last autumn won one of the championships at Ontario's International Plowing Match at Lindsay, near his home town, beat 28 competitors to take first prize.

Mark was left to choose his own draught of horses. One of his team had been yoked to a plow only a few days before, but after cutting his first six furrows he was complete master of his horses. His performance struck expert onlookers as a remarkable one.

Wilber McFaddin, of Millbank, Ont., had to be content with fourth place.

Rhys Bacher of Hagersville, Ont., and Robert Timbers of Stouffville, Ont., were unplaced among 31 competitors in the tractor class for general work, won by K. Chattel, the Yorkshire champion.

The Canadians were given a civic reception and, by way of return, their manager Elliot Moses, promised to wear his Indian chief regalia at a dinner in the Canadians' honor here today.

Sunday the Canadian plowmen toured the lake district, famed for its mountain scenery. Today they will visit a steel works and go down a coal mine if there is time.

President Li Visits Shanghai

SHANGHAI, Jan 31 (AP) — Acting President Li Tsung-jen arrived at Shanghai's Lunghwa Airfield at noon today from Nan-King. He was on an undisclosed mission.

In Nanking sources close to the President's office said Li flew to Shanghai "in pursuit of efforts toward peace with the Communists."

In Shanghai he was expected to confer with representatives of minority political groups and to make a second attempt to persuade Liberal Democratic League leaders to lend their efforts toward a negotiated peace. Li was accompanied by two members of his official peace delegation, Shao Li-Tze, former Ambassador to Moscow, and We Yu-Hou.

The arrival of Li came a short time after it had been strongly rumored in Nanking that he planned to flee to Canton, where the government has announced it will begin functioning Feb. 5.

Nanking itself today approached the strange state of being neither Nationalist nor Communist but an island between the two warring governments.

ROB BANK OF $60,000

MIAMI BEACH, Fla., Jan 31—(AP). — The Mercantile National Bank of Miami Beach early today was held up and robbed of an estimated $60,000 to $70,000 in cash. Two night clerks, E. L. Peter and J. W. Dameron, were held up by two armed gunmen.

Ask Gov't. Intervene In Strike

PARIS, Ont., Jan. 31—(CP).—As the second week of the Textile Workers' strike here drew to a close today, the union forwarded to Premier Kennedy of Ontario a petition seeking Government intervention with a view of bringing together Penmans, Limited, and the United Textile Workers in an effort to settle the dispute. The petition asked Premier Kennedy to use his influence with Labor Minister Charles Daley to arrange discussions aiming at a settlement.

The decision was reached by the strikers and sympathizers at a meeting Sunday evening, and it was also decided to forward to Attorney-General Leslie Blackwell a renewed appeal for removal of the Provincial Police from Paris.

All the provincial officers on strike duty left Paris for the week-end, but they were back on the job today.

Val Bjarson, Ontario director of the UTWA, reporting the forwarding of the two petitions to Toronto, said today that the union had done everything possible to avoid a strike.

He also said that copies of the petition would be sent to Liberal Leader Farquhar Oliver and CCF Leader E. B. Jolliffe, both of Ontario.

"If the strike is still going on when the Legislature opens on Feb. 20, we will demand that it be aired in the House," Mr. Bjarson said.

2 Rival Parties Govern Israel

TEL AVIV, Jan. 31—(AP)—An Assembly dominated numerically by two rival Labor parties will form Israel's first regular government, probably within the next two weeks.

Presumably the Assembly, chosen in last week's election, will name as the new state's first president Dr. Chaim Weizmann, long-time Zionist leader who has been president of the Provisional Council of State.

It is expected to return David Ben-Gurion to the post of Premier-Defence Minister, the strongman post he held in the provisional government.

Ben-Gurion's closely-knit Mapai party, a left wing labor group, won 152,972 votes. Mapai will hold 44 of the 120 seats in the Assembly the largest single bloc.

Mapam, the other Labor faction, finished second, with 18 seats.

Third was a religious bloc composed of four separate parties which want the Jewish Orthodox tradition instilled in the new government. This group had 12 per cent of the vote and took 15 assembly seats.

Edward Johnson To Resign At End of 1949 Opera Season

NEW YORK, Jan. 31—(CP).—Edward Johnson, who rose from a choir boy in Guelph (Ont.) churches to world-wide fame as a romantic tenor until 1935 when he became general manager of the Metropolitan Opera, will retire from that post at the end of the 1949-50 season. His retirement was announced Sunday by George A. Sloan, chairman of the board of directors of the Metropolitan Opera Association.

The 70-year-old Johnson, however, will retain an active post as a member of the board.

Sloan said that the impresario had made repeated requests since 1945 to be relieved of his managerial duties and "the Board has now reluctantly agreed" to accept his resignation in the spring of 1950.

Sloan said the board was looking forward to making the 1949-50 season an "artistically outstanding one" as a special tribute to Johnson in his 15th and last year as general-manager. The "Met" last season showed a deficit of $233,257 but much of the losses were incurred by an extensive remodelling program in-

Air First Charges AgainstGumdropGang

HAMILTON, Jan. 31—(CP)—The first of 66 charges against Hamilton's youthful "Gumdrop Gang" were aired in court today after clever weekend detective work had turned up two teenagers and five juveniles in the solution of 20-odd break-ins in the Westdale area during the last three months.

The gang, named for their attraction to chocolates and other sweets, are reported to have taken more than $1,000 in cash and merchandise from the homes and offices they visited.

Those charged included James Spence, 18, and Robert Court, 17. Spence pleaded guilty to 19 charges of breaking and entering and court, who was described as "lookout in most cases," pleaded guilty to five. They were remanded one week.

Have Special Prayers

NEW DELHI, Jan. 31—(AP) India Sunday observed this first anniversary of Mohandas K. Gandhi's death with prayers, recitations and spinning Prime Minister Jawhahlal Nehru, named by Gandhi to be his political heir, led prayers at Birla House, where Gandhi was shot at a prayer meeting just a year ago Sunday.

Envoys Go To Canton

NANKING, Jan. 31 — (AP).—A Foreign Office source said today approximately two-thirds of the diplomatic missions here had agreed to send representatives to the new seat of government at Canton. Most will send subordinates, he said, with the chiefs of the missions remaining in Nanking.

Rooming House Fire Takes One Man's Life

SUDBURY, Jan. 31—(CP)—A fire in a Beech St. rooming house today claimed the life of 74-year-old Arthur Deschamp.

Deschamp was one of five men sleeping in a basement bedroom when fire broke out around 4 a.m. He is believed to have left the room, but became confused in the smoke and unable to find an exit. His body was only slightly burned when found.

There were approximately 25 people in the building at the time of the fire.

Flees Hospital Prisoner May Die

TORONTO, Jan 31 — (CP)—Police and doctors throughout the city were on the lookout for a man suffering from haemophilia, a rare blood disease, who may die this afternoon if he does not receive a blood transfusion.

The man—Florent Morin, 31, of Montreal, and charged with false pretences, walked out of St. Michael's Hospital at 2.30 a.m. today. He was placed in hospital following his arrest Dec. 23 and was to undergo an operation.

Officials said that Morin must have blood transfusions every 10 hours and he must receive medical attention immediately or die. When a nurse checked on him she found the bed empty. Police believe he may be able to buy clothes because he was known to have $25 in cash.

Haemophilia is a disease characterized by tendency to frequent and excessive bleeding. Morin had a severe nose bleed when admitted to hospital.

Remand Woman In Stabbing Case

TORONTO, Jan. 31 (CP)—Mrs. Grace McDonald had to be assisted into court today where she was remanded to Feb. 3 on a charge of murder in the paring-knife slaying of her husband.

A police matron held the arm of the 25-year-old woman who wept bitterly and stood with bowed head to hear the charge. She also was charged with wounding.

Her husband, George William McDonald, was stabbed Saturday night and died later in hospital.

Police arrested Mrs. George McDonald Sunday on a charge of murder after her husband was found bleeding to death from stab wounds at their suburban York township home. Police said the fatal stabbing came after an argument between the couple as to whether Mrs. McDonald should visit her sister at a city hospital.

Red Troops Enter Peiping In Force

PEIPING, Jan. 31 (AP)—Communist troops formally entered Peiping this afternoon in large numbers.

Under the local peace agreement of Jan. 22, the Communists are scheduled to take over the city tomorrow.

The plan calls for the city to be operated by a joint committee, composed of four Communists and three Nationalists.

Nationalist troops have been marched out of the city, except for a few left behind to aid local police in keeping order.

Propose Bunche Line In Armistice Talks

RHODES, Jan. 31—AP)—A reliable source said the United Nations Palestine mediator has proposed a "Bunche Line" as a solution to the Israeli-Egyptian quarrel here over Holy Land boundaries. Such a line might be drawn in the disputed Negev desert area of south Palestine. With the armistice talks on the verge of failure, the mediator, Dr. Ralph J. Bunche, was said to have forced the Egyptians into the position of making major concessions, or ending this conference.

Airliner Knifed By Plane 33 Passengers Land Safely

NEW YORK, Jan. 31—(AP;—A giant airliner, gashed open by a small private plane in a collision 4,000 feet in the air, made a safe emergency landing Sunday with its load of 33 passengers uninjured.

The two men in the private plane were killed, and parts of one body and pieces of their shattered craft showered down on Long Island.

The engine and front part of the private plane, the body of one of its occupants and part of the body of the other were imbedded in a jagged hole in the top of the four-engine Pan American World Airways Constellation.

The planes crashed over Port Washington, N.Y., and Captain George Knuth skilfully landed the battered Constellation at Mitchell Field, about 10 miles away.

The collision occurred a few minutes after the airliner, March of the Skies, had left La Guardia Field for London at 4:17 p.m. EST, carrying 23 passengers and 10 crew members.

Most of the passengers left for London on other planes early today.

The dead are Arthur Dutting, 57, pilot, and his passenger, Eugene Kowalczyk, 35.

Those aboard the airlines escaped by a stroke of luck when a hole 15 feet long and five feet wide was gouged out of the top of the fuselage. The front of the small Cessna private plane was imbedded just to the rear of the Constellation's flight deck in a space devoted to the galley and to some made-up berths. There were no passengers or crew at the spot when the planes collided.

Knuth, pilot of the airliner, said the small plane "few into the top" of the Constellation. It was daylight and the weather was clear.

Royal Navy Fleet Makes Arctic Tests

LONDON, Jan. 31—(Reuters)—A test fleet of the Royal Navy, with crews totalling 1,500, is making last-minute adjustments in British ports to sail within the next few days for "action" in the Arctic Circle.

Amid the ice and frozen spray it will seek firsthand information for records of the way crews and latest equipment stand up to Arctic naval warfare.

A small motor torpedo boat force will also sail to Norway by way of the Shetland Islands for similar tests.

The fleet will consist of the light fleet carrier Vengeance, two battle-class destroyers, the Frigate Loch Arkaig, the submarine Artful, and the fleet tanker Wave Premier.

The Vengeance and the destroyers will spend about a month in the trials area—several hundred miles northwest of Iceland— and they will later be joined by the Frigate, submarine and tanker.

Fear Unskilled Diplomats In Germany

US Frittering Away Top Advantages By Piecemeal Negotiations

BERLIN, Jan 31 — (AP) — Is the United States frittering away its diplomatic advantages in Europe with piecemeal negotiations by diplomats unfamiliar with the problems?

This question has been raised here privately by many American military government officials who feel the United States is defeating its own ends in Germany by these tactics.

These officials advocate one over-all top level conference with Britain and France, in which the question of Germany and its related problems, would be settled in one complete package.

They feel all the problems of preventing Germany from waging another war could be worked out within the framework of the western military alliance and western union bolstered by United States guarantees.

They claim the United States is constantly making concessions in isolated conferences without gaining anything in return.

They assert that America, British and French differences over Germany's future have made virtually no progress toward settlement in months, that these differences threaten the European recovery program and allied solidarity against the Russians.

Ideas Differ

Individual ideas differ slightly among members of this group, but can be summed up according to the views their express privately as follows:

"The United States has the twin task in Germany of making Western Germany self-sufficient to relieve the taxpayers of billions of dollars payments. At the same time it must see that Germany is disarmed and does not threaten the security of Europe again.

"The French, for example, have a legitimate claim to security, and the United States should make certain it is satisfied. But this security settlement should come within the framework of a general settlement. . . No satisfactory agreement can be reached until the whole problem is studied as a whole."

Americans here point out that some of those who have been conducting discussions have had little or no experience on the German problem, while France and Britain has used experienced top-flight negotiators on all conferences.

Does Wild West Leap Stops Driverless Taxi

TORONTO, Jan. 31 — (CP)—Motorman S. B. Mather staged a wild west stunt Saturday when he leaped from his trolley on to a driverless taxi and brought it safely to a stop against a second streetcar.

Mather spotted the careening taxi along North-Central Avenue Road. He raced the street car full speed ahead, passed the taxi, jumped out and leaped on to the speeding vehicle.

The car started its wild ride while the driver was assisting an elderly fare to alight.

Ask Norway To Join Atlantic Pact

Strong Soviet Pressure Ignored By Oslo, Will Stick To West

WASHINGTON, Jan. 31—(AP)—The seven-country group negotiating the North Atlantic security pact here expects to invite half-a-dozen more countries, including a Soviet-pressured Norway, to become full partners in the project. This move probably will be the West's most dramatic answer to Russia's one-two punch against the North Atlantic alliance, delivered during the week-end.

Officials here interpreted the Russian foreign office blast at the alliance Friday night and Generalissimo Stalin's statements Sunday as part of the same pattern of attack on the growing unity of the non-Communist western world and particular the North Atlantic treaty.

Key Country

Norway figures as the key country in current talks on Western alliance, largely because she alone, of all the countries in the projected Security League, has a common border with the Soviet Union.

The Russians recognized Norway's importance Saturday night by stating their criticisms of the North Atlantic Treaty formally and directly to the foreign office at Oslo. They apparently made no specific threat or demand but left no doubt in the minds of observers here that they were doing their utmost diplomatically to put little Norway on the spot.

The Norwegians themselves apparently rejected the implied Russian warning and persisted in their intention, even against the advice of their neighbor Sweden, to line up firmly with the Western League.

This was strongly indicated Sunday night when an announcement came from Oslo that efforts of the Norwegians, Swedes and Danes to agree upon a common Scandinavian policy had broken down. Sweden had wanted a three-country Scandinavian alliance; Norway had wanted a tie-up with the United States and other Western powers through the Atlantic League, and Denmark had tried to develop a middle way.

Collapse of the talks finally opened the way for the seven countries negotiating the pact here in Washington to get on with their next major move. This still has to be formally agreed upon, but persons familiar with the action to date said there was no question now that it would be taken within 10 days or two weeks.

Invitations may go out as quickly as they can be agreed upon to the following countries: Norway, Iceland, Ireland, Portugal and Italy. Denmark is another possibility.

Russian Leader

A proposal advanced in last fall's U. N. Security Council meeting in Paris calling for lifting of the blockade and a meeting of the Foreign Ministers 10 days later was vetoed by Russia's Andrei Vishinsky.)

Stalin's statements answered questions submitted by Kingsbury Smith, general European director of International News Service.

The statements followed by two days a 34-page Russian white paper asserting the projected North Atlantic Pact is intended to set up Anglo-American world domination by force.

(World capitals studied Stalin's statements in the light of what has appeared to be a recent "peace offensive" by Russia and Communists in other countries. Official comment from the West has been that the Russian words mean little unless they are backed with acts demonstrating her peaceful intentions.)

Plan Consultation

LONDON, Jan. 31 (Reuters)—Britain is likely to consult with the United States and France on Stalin's statement on the possibilities of a settlement between Russia and the United States, a Foreign Office spokesman said today.

Stalin's replies and the note delivered to Norway by the Soviet Ambassador on Saturday, he added, were being examined at the Foreign Office in the context of the "intransigent statement" issued on Saturday by the Soviet Foreign Office, attacking Western Union and the proposed North Atlantic Pact, together with other relevant matters.

Winter Blitzes Texas

DALLAS, Tex., Jan. 31—(AP)—All of Texas except the Rio Grande valley were covered Sunday night by snow. At least eight deaths were attributed directly or indirectly to the snow and cold weather.

Alfred Driver Dies In Bethany

BETHANY, Jan. 31 (ENS) — Following a paralytic stroke on Thursday morning, Alfred Driver died at his home in Bethany on Sunday. He had just celebrated his 80th birthday last week. Born in Norwood, Surrey, England in January 1869, Mr. Driver with his wife and family came to Canada in 1908 and settled on a farm near Bethany, retiring to live in the village in 1925. A war veteran, he served his country actively for many years. In 1900 before coming to Canada he volunteered for active service in the South African War, receiving the Queen Victoria Medal and five bars. In the first World War he again volunteered with the Princess Patricia's Canadian Light Infantry, serving overseas until honorably discharged in 1916, receiving the 1914 Star as well as the General Service and Victory Medal. Again in 1918 he served with the Royal Canadian Naval Volunteer Reserve with the rank of Chief Petty Officer. After the war he came back to Bethany, farming for a time and helping with all the community activities. He was a talented musician, being the bandmaster for many years and choir leader in the Methodist Church. He was the first Lecture Master in the local Orange Lodge 1022. The funeral service will be held on Wednesday at 2 o'clock from the house.

Surviving are his wife, the former Emma Bristow; three sons, Gilbert of Moose Jaw, Sask.; Douglas in New Toronto; Leonard in Bethany and one daughter, Mrs. Lyle Dawkins (Doris) of Phoenix, Arizona.

Public Health Pioneer Dr. Jas. McNally Dies

LONDON, Ont., Jan. 31—(CP)—A pioneer in public health administration in Ontario Dr. James McNally, 81, died in hospital Sunday.

He had spent more than a quarter of a century in public health work until his retirement in 1937 and was a former member of the Faculty of the University of Western Ontario.

Native of Bruce County, Dr. McNally was a graduate of Trinity College, Toronto. Later he practiced for some years in the Owen Sound area, entering public health service there about 1910.

Besides his widow, Lena, he is survived by three sons, Arthur in the United States Army; Gordon, Guelph; Maj. Norman McNally, Kingston; three daughters, Mrs. E. M. Willis, Calgary; Jessie, New York City; Mrs. A. G. Denison, London. Funeral will be held Wednesday.

Curve Lake Club Entertains Lodge

NORTH SMITH, Jan. 31 (ENS)—Wesley Hall was well-filled for concert presented under the auspices of Wesley LOL No. 919. Arrangements were under the direction of WM Neil Blewett and Mr. Kenneth Stewart was chairman.

Mrs. Reg. Muskrat, president of the Homemakers' Club of Curve Lake, and her concert party, entertained with an exceptionally good two-hour program which was enthusiastically applauded.

Mr. Levi Fawn and Miss Marjorie McCue were accompanied on piano, guitar and violin. Mr. Leonard Hershey was treasurer. Messrs. R. Bullock and R. Armstrong and Mesdames N. Blewett and R. Bullock were in charge of refreshments.

25 Missing On Ship

RIO DE JANEIRO, Brazil, Jan. 31—(AP)—Twenty-five persons were missing Sunday night after a small ferry boat carrying 45 persons collided with underwater reefs and sank in Guanabara Bay. Twenty others were rescued.

FIREMEN WORK to quench flames in a Boston subway station elevator shaft where three persons died. Five others were hospitalized after being overcome by smoke. Three hundred persons escaped through an emergency exit.

Yeovil Beats Sunderland 5,000 To 1 Odds In Balance

LONDON, Jan. 31 (CP)—Odds of 5,000 to 1 hung in balance today as England's west country braced for the draw which could make or break a football dream.

It all depended on a little red ball.

If the right ball is drawn first it will mean rejoicing in Yeovil Down, a little Somerset community which takes its soccer seriously. The right ball would enable Yeovil to play its fifth-round Football Association cup match at home a week from Saturday.

And to Yeovil there is no place like home.

Yeovil proved that Saturday. Playing on their famed "slope"—one touchline is eight feet lower than the other—Yeovil handed Sunderland, English League First Division club, a 2-1 defeat in overtime.

It was the crowning upset of the fourth-round week-end matches. Sunderland, never out of the top-class first division in its 70-year history, represents an £90,000 ($320,000) investment in player salaries.

Yeovil, the only non-league team still in the running for the Cup—16 teams survived the fourth-round—pays about £85 a week in salaries.

Yeovil's triumph over Sunderland Saturday can be compared to a playground team in Canada defeating a National Hockey League club.

Up to Saturday, bookies laid 5,000 to 1 against the chances of the Somerset "giant-killers." Now they are a little worried about that sloppy field which Yeovil rents for a shilling (20 cents) a year.

Christie St. Hospital Officially Closed

TORONTO, Jan. 31 (CP) — Christie Street Military Hospital, a converted factory building which has housed thousands of wounded soldiers since 1918, was officially closed Sunday.

Medical services and about 140 men remaining under a sort of residence care will be moved to the big Sunnybrook Hospital on the outskirts of Toronto within a few months.

Christie Street Hospital situated in West-Central Toronto adjacent to a branch railway line, was administered by the Department of Veterans Affairs in the last war. After the Federal services have completed the move to Sunnybrook, the hospital will be taken over by the city.

35 Junior Farmers Visit City Plants

Thirty-five junior farmers of Prince Edward county arrived in the city today by bus to visit several of the large processing industries. They were accompanied by Dan Taylor, agricultural representative, and were met by Frank C. Paterson who had arranged their local program.

First call was at Canada Packers where the boys had an opportunity of observing operations, including rail grading. They then went to Co-Op Services, and after lunch they visited the Quaker Oats Company and Old Orchard Farms where they say the Hereford herd of John Stuart, Jr.

Harold Baptie Ex-Reeve Of Cavan Dies

Last of an old Cavan township family, Harold Baptie, 554 Bolivar St., died at Civic Hospital Sunday after a long illness. He had lived here for 20 years, having moved to Peterborough from Springville when he retired from farming 20 years ago.

The Baptie family were pioneers of the Ida district of Cavan. Harold was a son of James Baptie and Elsia Goodfellow, who lived for years on what was known as the Goodfellow farm, immediately south of Springville. It is now owned by Mr. Harold Cathcart. The house is on the west side of the Peterborough-Port Hope Highway, and north of Kendry siding of the CPR.

James Baptie was a successful farmer who specialized in horses and poultry. His son followed generally in his father's preferences of farming and was widely known among the experienced horsemen of the district.

Harold Baptie was long interested in the affairs of his municipality, was elected to its council and finally represented Cavan as reeve with the council of the united counties of Northumberland and Durham at Cobourg. Mr. Baptie was a Liberal in politics and a member of Knox United Church.

It is understood that the maternal branch of the family was also of pioneer origins, and that the old Goodfellow farm at Springville was obtained when that section of Durham county was being settled. After his term in the reeveship of Cavan Mr. Baptie was also tax collector of North Monaghan. He had many friends in the city and adjoining counties who will deeply regret his death, although it was not unexpected as a result of a heart condition which had slowly become more serious in the last two years.

The funeral will be Tuesday from the Comstock funeral home, Water St., at 2 p.m. to Little Lake Cemetery. Service will be conducted by Rev. H. G. Douglas assisted by Rev. Wm. McDonald.

Whites Escape Reds In Burma

RANGOON, Jan. 31—(AP)—A plane load of Britons and Americans today told of their rescue from the Town of Bassein, which has become a flaming battleground in Burma's civil war.

Guns blazed in fierce street-fighting and fires dotted the town as the plane took off Saturday.

The foreign group made a forced landing at Bessein Friday just before Karen rebels and Burmese Communist insurgents captured the town. They were liberated, they said, when government troops stormed the city Saturday.

cluding changes to make the stage adaptable for television.

Try Telecasts

It is expected that next season telecasts of opera performances will bring in enough money to keep the Met out of the red.

Johnson has instituted many Progressive changes to "modernize" opera during his term as general-manager, second longest in the 65-year history of the world's leading operation house.

Long season's popular-prices, greater opportunity for Canadian and American talent, use of new developments in stage craft and motion picture technique are but a few of the progressive measures achieved under his management.

Johnson is a popular figure not only in opera world but in his native Guelph. For the development of music among the children of his home city he donated $25,000 and for many years an annual donation has been received to be divided among pupils who have shown special aptitude in musical studies.

Italian Success

As Edoardo Di Giovanni he made his Italian premiere at Padua, Italy, in 1912 and continued to sing under that name until he returned to the United States in 1920.

From the beginning until the end of his Italian stay he sang only principal parts and was one of the country's most popular tenors. So perfect was his Italian diction that frequently he was taken for an Italian.

It was during his stay in Europe that he married Countess Beatrice D'Arneiro, daughter of Viscount José D'Arneiro of Portugal. They had one daughter, Mrs. George Drew, wife of Canada's Progressive Conservative leader. Mrs. Johnson died in 1919.

He joined the met in 1921 after having sung with the Chicago opera. His rich voice was heard in all the great cities of the United States and Canada in opera or concert.

CCF To Enter 200 Candidates

OTTAWA, Jan. 31—(CP)—The comparatively youthful C. C. F. party has decided to make a major bid to win the next Federal election.

For the first time in its 15-year career, the party will place "well over 200" candidates in all the provinces—including Newfoundland.

Currently, the party holds 32 of the 265 seats in the Commons, third in strength behind the Progressive Conservatives with 67 and the Liberals with 124.

Decision to hit hard into the next general election was reached at a week-end meeting of the CCF National Council, headed by F. R. Scott of Montreal, and the CCF federal caucus, headed by M. J. Coldwell, National CCF Leader.

To organize the Newfoundland field where seven members will be chosen for Commons seats when the colony becomes Canada's 10th province, the CCF will send J. W. Noseworthy of Toronto, a Newfoundlander by birth, to build up organization during the months of March and April.

The CCF hopes to follow up with a convention in Newfoundland by Easter to complete provincial organization there.

Wounds Priest Suspect Shot By Police

NEW YORK, Jan. 31 (AP)—A blazing gun battle in the heart of Manhattan led Sunday to the capture and wounding of a suspect sought in the shooting of a Roman Catholic priest.

The man, identified as Elmer Stanford, about 40, was felled by police fire—which he returned—after he was trapped in a rooming house.

An intensive police search had been under way since late Saturday when Rev. Vincent J. Campbell was shot and wounded while hearing confessions.

Church-goers said the assailant, sitting quietly in the Church of St. John the Martyr, rose suddenly, unwrapped a paper-covered rifle and fired into the confessional booth. Then he fled.

The priest was wounded in the leg but not severely injured.

A score of police pumped a dozen bullets into the suspect's room before he was subdued, wounded in the throat and stomach.

After surrounding the three-storey building police called on the trapped man to surrender. When he ignored the order, detectives crouched behind parked automobiles, started hurling tear gas bombs into the house. But the acrid fumes failed to flush the culprit.

Abandoning the gas attack, police crashed the front door of the house and raced to the second floor, again shouting to Stanford to surrender.

Civil War Rages Near Rangoon

RANGOON, Jan. 31 (AP) — Fighting in Burma's bitter civil war broke out eight miles north of Rangoon today as government officials talked peace terms in the capital city with leaders of the rebelling Karen tribesmen.

The peace talks began Sunday with Saw Ba U Gyi, president of the Karen National Union, meeting with Premier Thakin Nu and Burma military leaders.

Official sources said a cease-fire agreement covering the Karens and other rebel groups was discussed. A spokesman said Ba U Gyi and other Karens might be offered cabinet posts.

Karen terms, a government source said, include recognition of a separate Karen state, to be known as Kerenistan, within the Burma Union and formation of a Coalition government

The Karens also ask, he said, for amnesty for all Karens and other rebel groups, including Communists.

Industrials Slump On Toronto Exchange

TORONTO, Jan. 31 — (CP) — Industrials moved downhill for the seventh successive day on the Toronto Stock Exchange today. Losses ranged from fractions to about two points in a comparatively small list. Golds and base metals were mild demand and there was some tightening of key stocks. Anglo-Canadian slipped 35 cents in a weaker western oil list.

Volume for the first three hours was 491,000 shares, about 39,000 shares more than Friday's similar period.

Papers showed a slightly firmer tone from last week when they led the decline in the industrials. Minnesota and Ontario, Great Lakes Paper added fractions but B.C. Pulp slid $2 on a single sale to $106.

Seniors provided what little interest there was in golds. Kerr Addison and Dome gained fractions and Teck Hughes added pennies. Piccadilly Wiltsey Coghlan and United Keno Hill showed some activity in the juniors for small changes.

Noranda rose ⅛ in a steady base metals list. Quemont, Falconbridge and Golden Manitou were also ahead while Smelters, Waite an Hudson Bay weakened.

Suspended Sentence Given Teen-Agers

Three teen-agers—two boys and a girl—appeared in city court today to plead guilty to charges of stealing and receiving stolen goods. They were placed on suspended sentence. The arrests were made during the weekend by PC Vernon O'Donaghue.

Bernard Hunt, 18, of 310 St. Louis St., pleaded guilty to stealing a battery from the East City Motor Sales and was placed on suspended sentence for two years.

Gerald Tully, 18, of 867 Chamberlain St., pleaded guilty to stealing several cases of beer and 16-year-old Mildred Butcher entered a guilty plea to receiving stolen goods. Police evidence was that the beer, the property of Cecil Webb, was stolen from a parked truck. The two received a year's suspended sentence.

83-Year-Old Recalls '70s, '80s

CAMPBELLFORD, Jan. 31. —(ENS).—Mrs. H. T. Scott entertained at a birthday dinner on Saturday for her mother, Mrs. Adeline Rutherford, who had reached her 84th year. Close friends and relatives sat down to a lace-covered table decorated with yellow 'mums and tapers in silver holders and centred with a two-tier birthday cake with 84 candles.

In the evening many friends called to offer good wishes to Mrs. Rutherford at the home of her son, Fred M. Rutherford, Ranney St. Refreshments were served with Mrs. Scott pouring tea and Mrs. Fred Rutherford receiving at the door.

Her eldest son, Garnet, of Havelock and her three brothers, Frank Spencer, Stirling, and Ernest and Alfred of Havelock, were present at the celebrations.

Born in Seymour, Mrs. Rutherford was formerly Sarah Adeline Spencer, daughter of the late John Spencer and Sarah Jane Dunk. She attended Petherick's school and frequently walked the six miles to the Anglican Sunday School in town.

In 1884 she was married to George Rutherford in the Presbyterian manse, Campbellford. After the wedding they travelled by horse and buggy to the Rutherford farm near Allan's Mills, where she lived until her husband's death in 1925.

Tilled With Oxen

Mrs. Rutherford recalls the days when her father tilled his land with oxen and harvested his fields with a reaper. "We were like squirrels in those days," she says. "We hoarded enough food in the fall to keep the wolf from the door during the winter. Now it is a hand-to-mouth existence," she commented.

Wild life was plentiful. She tells how one day when they were picking wild gooseberries, a bear emerged from a thicket and "eyed me curiously."

Life in those early days centred around the church, she says. Sunday was set aside as a day of rest and worship, and preachers did not talk to empty seats as they now do. People were sociable and charitable and home life was simple and sacred.

Every day began and ended with scripture reading and prayer. "Today, things are different," she said. "People come to town in their cars and visit on the street."

In the seventies and eighties life on the farm was hard. There were few labor-saving devices. Everything was done the hard way, she stated.

Butter 10 Cents

Butter sold at 10 cents a lb., eggs at 8 cents a dozen and a large dairy herd netted very little cash. Bartering was more common and she recalled the struggle in saving enough money to purchase their first binder. Her husband had to draw his grain to Trenton where it was loaded on sailing ships. "Yet we managed to make ends meet and save a little for a rainy day," she says.

A barn raising was an exciting event in the life of the community. The men performing feats of skill on the timbers. She spoke of one young fellow who frequently stood on his head on the purlin plate. Liquor flowed freely but there was very little intoxication, she said.

After the raising, the young people would gather for a dance. She commented on her husband's ability as a violinist and step dancer. "Old time fiddling and step dancing are lost art," she concluded.

Mrs. Rutherford's hobby is making hooked mats. Her philisophy—let the other fellow do the worrying; he health rule—keep the mind and body occupied and her guide—the Bible.

Leg Fractured

CAMPBELLFORD, Jan. 31. —(ENS).—Albert Rumph of the White School district, received a compound fracture of the left leg on Saturday, while trimming a tree on the farm of Owen Clark. He was treated at the hospital by Dr. W. W. Baker and later taken to Belleville. Mr. Rumph came from Holland and has been in the employ of Owen Clark for a year.

Truck Turns On Side

HASTINGS, Jan. 31.—(ENS).—A truck on Hastings County road, just outside the village, driven by G. A. Farrell of Campbellford, skidded on the ice, turned around three times, and finally came to rest at the side of the road on its right side. No other vehicle was involved. Police said no charges would be laid.

Accountant Qualifies

CAMPBELLFORD, Jan. 31—(ENS)—Charles J. Black of Toronto recently received the Certified General Accountant degree. He is a graduate of Campbellford Highh School and a son of Mrs. Charles Black, Ranney St.

WINTER TRAINING—Parka-clad soldiers wearing snowshoes go out on patrol as part of the three-day Arctic indoctrination course for reserve and active army members at Shilo, Man., military camp. The men camped in tents one night when the temperature touched 36 degrees below zero. Similar training is being given soldiers in eastern Canada at Petawawa near Ottawa.

Figure Skaters Present Revue

ronto, awed 700 shivering specL tators in near zero weather Saturday night with their display of figure skating. Though not being able to use their own elaborate scenery the Revue took advantage of the smooth fast ice to make up for any beauty lost through the absence of the scenery.

Under the auspices of the Optimist Club, this show, made up of professionals from figure skating clubs in the vicinity of Toronto, came here to raise funds for their project, Trafalgar House at Nicholls Oval. The house is to be used as a Boys' Town. There will be a machine shop and a woodworking shop for boys wishing to develop a hobby. A refreshment bar and lounge are also going to be in the house.

Canada's only professional figure skating revue, the Maple Leaf Ice Revue is made up of professional figure skating instructors at arenas in the vicinity of Toronto. Johnny Dunne and Les Beager are co-producers of the show. The latter acted as master of ceremonies.

Harold Hartley, billed as the only professional colored figure skater, won the admiration of the crowd with his fancy skating. Besides his own specialty he co-starred with Pat Pattison in "Sidewalk Sadie."

Three comedy acts, the muging of Spike Jones' "Two Front Teeth" and "I'm Forever Blowing Bubble Gum" by figure skater Johnny Cox, the team of Hick and Burp, and comedy Horse caught the eye of the youngsters in the audience. Hick and Burp, a cook and a cowboy, held the crowd in fits of laughter with their actions. Comedy Horse, played by Harvey Passfield and Fred Rowland, had difficulty in keeping the front and back working, the rear usually dragging.

Plan Director Of Recreation

COBOURG, Jan. 31 (ENS) — Robert Cooper of Toronto, Rotary Club Lifeguard at Cobourg for the past two summers, was interviewed here during the week-end by the committee appointed earlier in the week by a meeting of representatives of various local organizations. Purpose of the conference was to see if Mr. Cooper would be interested in the job here of recreational director, his duties being to co-ordinate sporting activities throughout the year.

Various phases of his duties were discussed, as well as salary, and Mr. Cooper asked two weeks in which to make up his mind as there were certain things which had to be enquired into before he was able to decide.

Remanded One Week

Clayton Hunt of 310 Louis St., pleaded guilty to receiving a pair of men's trousers and was remanded for sentence for one week in police court today. The trousers were stolen from Stanley Giles.

Max Kennedy, Ennismore, paid a fine of $10 and $2.50 costs for being drunk in public.

Fined $10 and $2.50 costs for having liquor in a place other than a residence as Charles O'Brien, 207 George St.

Thomas Killen, Ennismore, was fined $15 and $2.50 costs for having liquor in a place other than a residence.

DOUSE THREE CHIMNEY FIRES

Firemen put out three chimney fires over the weekend and answered one false alarm. At 1.46 p.m. Saturday the first of the three was reported at the residence of J. Blodgett, 380 London St. The others were on Sunday: At 11.35 a.m., the residence of A. Payne, 354 McFarlane St.; and at 3.05 p.m., the residence of J. Devlin, 125½ Lock St. A false alarm was turned in from a Cameron St. address when the residents thought an electric wire was burning.

Stalin Offer Propaganda? West To Let Actions Speak

By MILTON BESSER

NEW YORK, Jan. 31.—(AP).—Peace or propaganda?

That question was posed anew today following Prime Minister Stalin's statement in Moscow Sunday that he had "no objection" to a meeting with President Truman at a mutually acceptable place to discuss a peace pact between Russia and the United Staes.

Recent Communist statements and actions have caused speculation in some quarters that the Soviet Union is launching a "peace offensive." Others, noting caustic language toward the United States and Britain which were interwoven with the "peace" statements, see it as propaganda portraying the Communists as peace lovers and all who differ with them as opposed to peace.

These events could be recalled: Last Jan. 11 Marcel Cachin, the veteran French Communist leader, told the National Assembly that there was no unbridgeable discord between the East and West.

On Jan. 15 Palmiro Togliatti, the Italian Communist leader, before a Communist meeting in Milan, said it was possible for the Communist and non-Communist worlds to live peaceably together.

Peace Offensive

The next day Cachin addressed the same meeting and said war is not inevitable between the East and West. He made similar statements elsewhere.

On Jan. 16 the New York Times, in a dispatch from Paris, said a new Communist "peace offensive" was under way, inspired by a tactical shift in the Soviet's foreign policy.

In Rome Jan. 23, Togliatti and Cachin on the same platform said Soviet Russia wants and needs peace.

The next day the Communist leaders of Italy and France ordered their 5,000,000 followers in France and Italy to work in a "peace front" dominated by the Soviet Union. But there were hostile accusations that the United States was preparing for war.

Other events in this period included the granting by the Soviet Union of a visa to Moscow to a New York Times correspondent.

The Soviet Union also decided to send a representative to an international wheat agreement conference in Washington after skipping it the previous year.

An article in an information organ of the Soviet Union published in the United States called for mutual understanding between Russians and Americans and for a decisive step toward a stable peace in 1949.

Max Reimann, Western Germany's top Communist leader, aske dfor "better relations" between the United States and Russia.

Did all this add up to a genuine Soviet desire to end the cold war and reach a settlement of outstanding issues with the Western Allies?

The western powers had an answer:

Actions speak louder than words. Let's wait and see.

Names Directors For Fair Board

LAKEFIELD, Jan. 31 (ENS)—Lakefield Fair Board held its annual meeting on Friday in the Memorial Hall.

President Clarence Coons said exhibits at last year's fair had been excellent; there was a good show of livestock and there had been a large attendance.

Secretary - treasurer Howard Beavis drew attention to some of the expenditure on rewiring and painting the buildings which amounted to approximately $325. This accounted for the low state of the funds, he explained.

Total receipts in 1948 were $2,-862.49; balance from 1947 was $402.52, and expenses for 1948 amounted to $3,109.70.

The following were named directors: R. Frankish, C. Lowes, E. Rosborough, S. Wood, R. Darling, R. Wiles, G. Mullen, W. Tedford, E. Maloney, C. Coons, R. Beavis and M. Pimmett.

Honorary directors: Reeve W. C. Grant, R. Harrison, J. Maloney, T. Braden, T. Milburn, G. K. Fraser, M.P., Harold Scott, M.P.P., H. J. Abbott and Winder Smith.

Honorary women directors: Mrs. A. Darling, Mrs. G. Graham and Mrs. N. S. Higgins.

Associate directors: H. Donaldson, W. Hawthorne, A. Graham, T. Garvey, R. Beavis, H. Mullen, E. G. Sloan, T. Waldon, J. Coughlin, L. Reynolds, A. Clysdale, W. Brailey, C. English, M. G. Griffiths, K. Rollins, K. Frankish, D. Wasson, J. Brown and R. Wiles Jr.

Women directors: Mrs. George Spence, Mrs. C. Coons, Mrs. S. A. Grylls, Mrs. Alex Graham, Mrs. Reg. Doubt, Mrs. E. Fife, Mrs. H. Crowe and Mrs. G. Carey.

Postpone Decision

After much discussion the board decided to leave the question of whether to hold horse races at this year's fair for decision at another meeting.

George Spence and Allan Clark were re-appointed auditors.

Mrs. S. A. Grylls and Mrs. Howard Beavis were appointed delegates to the convention, with the president and secretary-treasurer.

Knights Of Columbus Hear Senator Duffus

COBOURG, Jan. 31 (ENS) — Sixty-eight members of the Knights of Columbus of Cobourg and Port Hope received Holy Communion at St. Michael's Roman Catholic Church yesterday and afterward breakfast at the Baltimore Hotel where they were addressed by Senator J. J. Duffus of Peterborough. Chairman of the breakfast program was Patrick Lappin.

The speaker was introduced by Jack Butler and was thanked by Lorne Blodgett of Port Hope and Ed Burns of Cobourg. Senator Duffus pointed out that the Knights of Columbus was organized in 1882 in New Haven in the United States. All members should put into practice the Christian principles of the Order in their daily lives and to fight modern unbelief. It was the philosophy of the K of C to respect authority including federal, provincial and municipal governments.

Song leader during the program was Joe Delanty and pianist was Jack Kewin. Brief remarks were heard from J. W. Cosgrove, Grand Knight of Cobourg K of C; Pat McGlynn, Rev. G. J. Maher and Gordon Fielding of Cobourg and Arthur Cauley of Peterborough.

WI Brings Cheers To Old People's Home

LAKEFIELD, Jan. 31.—(ENS).—Thirty-six members of the Women's Institute visited the County Home recently. They took oranges and candy for the residents of the home whom they entertained with old songs and hymns, with Mrs. J. McKercher at the piano.

Mrs. S. Chatter presented a reading and sang a comic song; Mrs. E. Irwin gave a reading; a skit was presented by Mesdames C. Foster, C. Chittle, A. Dunford, M. O'Donnell, J. Murphy, G Dunford and J. McKercher.

Lunch was served by Mrs. Garbutt, who was assisted by Mesdames H. Saunderson, C. Chittle, C. Foster, C. Crawford, and those pouring tea were Mesdames C. Bickle and E. Waldon.

UNEMPLOYMENT UP

Unemployment in Britain in November, 1948, stood at 328,000, 1½ per cent of the working population, compared with 282,000 a year earlier.

HEADING FOR FAR EAST—The Canadian destroyer Crescent is being sent to the Far East for use in event of emergency. Disturbed conditions in the east led to the action, Defence Minister Claxton said. The Crescent, shown in this Royal Canadian Navy photo, was scheduled to sail January 28 from Esquimalt with other fleet units to participate in spring exercises.

Veteran Fire Fighter Lauds Aerial Ladder Equipment

Capt. Albert Mason, 52, of 474 Bolivar St., has been with the Peterborough Fire Department for 27 years. At the time he joined the force in 1922 as fireman 3rd grade, there were 22 men on the strength, including the Chief. He rose in the ranks and by January, 1937, was appointed acting-Captain and in January, 1948, his position as full Captain was confirmed. Capt. Mason feels that great progress has been made in working conditions over the past years and feels also that the Peterborough Fire Department is one of the best in Canada.

Some of the large city fires which Capt. Mason recalls, and he attended all of them, were the former Home Lunch on George St., the Salvation Army Temple, Canadian Canoe Company, DVA Hospital and the Whitaker Wool Company. He is very enthusiastic about the new aerial ladder equipment and claims it was a long-wanted need for the city and its help would have prevented some of the above-mentioned fires from becoming as serious as they were.

Born in England.

He was invalided out and same England, and came to Canada in 1912. His father and brother had already settled and were working here. At the start of World War One, he joined the 26th Battery, Canadian Field Artillery, and spent over three years in France. He was invalided ont and same back to Peterborough and learned the electrical trade through the Veteran's training scheme. As an electrician he worked for some city contractors until he joined the PFD in 1922.

His wife, the former Kathleen Boshell, also same from Nottingham. They have one daughter and one son and another son, Christy, was killed overseas during World War Two. He was a disoatch rider with RCASC.

He has been secretary of the Peterborough Fire Fighters Association for the past 15 years and is a member of All Saint's Anglican Church. He is also a Mason, member of Corinthian Lodge.

Lower Prices

Reports are drifting across the American border which indicate that prices are dropping in the United States—even in New York. For instance, we hear of roast beef selling at 35 cents a pound, chicken at 47 cents, and margarine stable at 35 cents. Five-cent cigars are back on New York counters, one bar near Times Square is offering free lunch with the beverage. Men's shoes selling a month or two ago at twelve dollars are now tagged at seven or eight. Mink coats are selling at fifty per cent. reductions. Washing machines are advertised at $69, a complete living-room suite at $149, vacuum cleaners at $27.50. The American Bureau of Labour Statistics has announced that the cost of living index has fallen again for the fourth month in a row.

* * *

Do these figures indicate that Canada will soon be off the high-price shelf? In such matters, this country usually lags a month or three behind the United States, but American changes in price levels and labour conditions, for better or for worse, usually have their delayed reflections in Canada. We await with interest both the next statements on our cost of living index and the Report of the Royal Commission on Prices soon to be tabled in the Commons

Communist Circus In New York

The Federal Courthouse in New York City is currently the scene of a convincing demonstration of the difficulty of proving that a Communist is guilty of treason to a non-Communist nation because his party advocates overthrow of the government of that nation by force. The United States is trying eleven Communist leaders on a grand jury indictment which charges that "they had conspired in 1945 to form the present Communist Party structure and teach and advocate the violent overthrow of the U.S. Government". And so far, the attorneys for the defence have managed, in effect, to prevent the beginning of the trial. If they are allowed to continue their present tactics, the actual trial will not begin for weeks.

The trial is presided over by Federal Judge Harold Medina, and it seems that Judge Medina, in 1946, when he was practising law, had argued in court that "The blue-ribbon jury is made up of bankers, insurance men, brokers, manufacturers and people of means. Taken in the aggregate, with the exclusion of women, labouring men, workers and Negroes, it is a rigged jury". This, of course, might almost have been made to order for the Communists, who are charging that the panel from which the trial jury is to be picked consists of jurors selected from such lists as college directories and the *Social Register*, that Jews and Negroes are systematically excluded, and that their clients are all "within the classes discriminated against", since two are Negroes and the rest are "workers".

So they began summoning members of the jury panel for cross-examination. A Mr. Herbert Allen, described as an investment banker, was called to the stand and was examined by Mr. Harry Gladstein, counsel for one of the Communists. The examination began with the question: "Is your name in any college directory?" Mr. Allen replied: "Unfortunately, I didn't have the opportunity for education you seem to have had. I had to work my way up in life". It was a good answer—but it didn't stop Mr. Gladstein and his associates. They fired others at Mr. Allen, inquiring about his racial origin, the size of his house, his stock and share holdings, his membership in directorates or associations.

When they had finished with Mr. Allen, there were some five hundred more names on the jury panel—if the Communists' lawyers are permitted to work on them. If they are, it will be weeks before the actual trial begins, and in the meantime it would not be surprising if spectators are treated to more exhibitions like that of Counsel George Crockett, a Negro, who sobbed out an impassioned protest against racial discrimination one day last week.

The New York trial proves one point—and it may contain proof of an even more important point. The first has been often proved: that Communists and their defenders are almost invariably intelligent and energetic in seeking and using legal loopholes. The second is that there are still spots in democracies which must be removed, if they are to be thoroughly democratic. There must obviously be some discrimination in selecting jurors, but the jury described by Judge Medina could hardly be regarded as democratic.

Spain's Troubles

Spain is the ugly duckling of Europe, out in the cold as far as receiving much help from other countries is concerned. Certainly the Communist countries will not lend it a helping hand for the Government of Franco is dictatorial and anti-communist. The western democracies are not fond of Spain either—because it was no friend, not even a friendly neutral, during the war against dictators. Franco's government is the last that remains of the Nazi-Facist type, weak copy though it is.

Spain is in great economic difficulties Its controlled economy is an example of failure and corruption. Prices have risen sharply but wages have lagged far behind. The workers are poorly off, and the poor are very poor. Basic foods can be bought in any quantity but at exorbitant prices. The Falange Party with its army of petty officials fattening on graft is an expense which the people can ill-afford. Nevertheless, there seems to be little chance of having political democracy established in Spain. Franco could probably be overthrown only by a communist revolution, which the western democracies would abhor.

Spain needs both economic help and political reformation. Franco should properly look to the Argentine Republic of President Peron for assistance, because of racial affinity and more particularly because Franco's brand of government is a kind that Peron seems to favour. However, the Argentine is itself in economic difficulties. The United States is therefore Spain's hope and Franco has turned his eyes to Washington. The country probably needs as much as 400 million dollars if it is to avert collapse. Perhaps the new Truman program of aid to assist backward countries throughout the world to develop their economy will have facets for Spain. Spain has rich deposits of iron ores, potash, lead, zinc, wolfram, mercury. In normal times her agriculture was almost self-supporting in cereals. She was a large exporter of fruits. She has oil refineries, a tanker fleet and a textile industry. She needs, however, machinery of all kinds.

If the United States decides to give material assistance to Franco's Spain, we think that it has a right to demand that the Spanish Government indulge in a spot of political and social reform. There is no justification in sending millions of dollars to Spain so that party henchmen can line their pockets and pave their castles with gold.

A Peterborough Social Project

The Social Education ("So-Ed") project which was first tried out locally six years ago and is now in its sixth term is an adult educative and social enterprise which has proved its merit. The registration this year is good, and the program scheduled is attractive. The organizers, voluntary instructors and group leaders, and the Y.M.C.A. and Y.W.C.A. which jointly sponsor So-Ed, are making a real contribution to the intellectual and social life of the community. The many people who subscribe the modest sum required for participation in the So-Ed activities have mental stimulus from group discussions and outstanding speakers (we note that Principal Wallace of Queen's University is among them this term); their personal activities can be extended through the handicraft and occupational groups, and the short term of courses and crafts is itself entertaining.

Some folk complain that in Peterborough there is little to do outside the routine passive amusements, little to stimulate the mind and less to widen horizons. So-Ed is one of several social or artistic projects which have jutted into local life in the last several years helping to brighten and broaden our outlook. Out of such come new interests and varied personal capabilities which can make a richer social Peterborough.

"Of Cabbages And Kings"

By PETER ELIOT

"WITH a heart laden with what anxieties must President Roosevelt have driven along Pennsylvania Avenue to and from the Inauguration on March 4, 1933!" reminisces Sir Gerald Campbell in his autobiography Of True Experience. "Let me bring that day back to memory by recounting a story as it was subsequently related to me by Acting Mayor O'Brien of New York, not in a joking spirit but as affording a striking illustration of the manner in which, through the development of communications, we are all bound up together in the bundle of life. It was eight o'clock in the morning (Washington time) on the day when President Roosevelt first took office, that the Acting Mayor was rung up, while in his bath at a Washington hotel, by the editor of the Evening Standard, telephoning from London. The Mayor's wife had gone to Mass, but he had decided to be lazy since he had retired late.

"'Good morning, Mr. Mayor, I hope you have a fine day for your celebrations in Washington. I rang you up just to ask you how you feel about the New York banks this morning?'

"'Our banks? Oh, they're in good shape, liquid, fine; no trouble expected there!'

"'But don't you know, Mr. Mayor, that all your banks closed this morning?' said the editor in London."

JAMES Dent in his story of his firm The House Of Dent 1888-1938, tells a story about Sir Johnston Forbes Robertson. At a Shakespearian gathering, when Sir Arthur Quiller-Couch, the famous "Q" was reading a paper on "Shakespeare as a Poet", Sir Johnston was in the chair. Before he went on the platform he turned to Dent and said, "Ah, Quiller-Couch: I know him, but what did he do? He wrote some stories didn't he—wrote some novels?"

"Yes," replied Dent, "he wrote novels and very many short stories."

"Ah, yes, yes, that is all right," replied Sir Johnston.

Later when called upon to thank Quiller-Couch following his address, Sir Johnston said:

"When I am tired after a hard day's work and I put my slippers on and rest in my old arm-chair, I take up one of Sir Arthur Quiller-Couch's lovely and perfect stories, and at once I am at peace and in Elysium."

❖ ❖ ❖

COLLABORATORS on books do not always disagree—not all successful teams emulated Gilbert and Sullivan. Maisie Ward remembers the Chesterton-Belloc team and describes how the originator of "Father Brown" worked with Hillaire Belloc in Gilbert Keith Chesterton—"G.K.'s' biography.

"I remember going with the Chestertons to a preview of a Father Brown picture (she says). Two of the stories had been cleverly combined, the cast was first rate, including Una O'Connor and Walter Connolly, and I came out feeling convinced that Father Brown would become another Charlie Chan. The stories would adapt so well, abounding as they do in scenes impossible for the stage, but perfectly easy for the screen—high walls, windows, ladders, flying harlequins. But the first picture failed (possibly because it was too short) and no more were made. The drama remained the one field in which he had no success."

The public quickly adopted Shaw's name for a novel written by Belloc and illustrated by Chesterton, a "Chesterbelloc." Often Belloc begged Chesterton for drawings in advance in order to help the story. "I have already written a number of situations which you might care to sketch." Belloc once wrote to his team-mate. "I see the people in action more clearly....your drawing makes all the difference to my thinking." And again, "I can't write till I have the inspiration of your pencil. For the comedy in me is ailing."

Belloc would come over to Beaconsfield for a day or night and the two men would retire into Chesterton's minute study whence hoots of laughter would be heard. At the end of a couple of hours they would emerge with the drawing for a book complete, indeed several more than were needed.

"My publishers have demanded a fresh batch of corpses," Chesterton was heard to remark on one occasion. Of Father Brown, the little detective priest later was to become a feature in crime anthologies, and when Anthony Berkeley in 1929 wanted to found the Detective Club he wrote that "it would not be complete without the creator of Father Brown." Of him Chesterton once said: "I am very fond of that officious little loafer."

AN occasion when Stephen Leacock was lecturing to a very stodgy audience, is recalled by Arthur Compton-Rickett in his I Look Back, published by Herbert Johnson, Ltd. In the middle of his remarks Leacock had paused for a drink of water, but before raising the glass to his lips, he had gravely addressed the chairman:

"Kindly see the audience do not escape. I was lecturing yesterday and the audience took advantage of the fact that my throat was dry and while I was drinking—decamped."

Nobody laughed.

FOLLOW HIM

They were receiving a little conventional advice from the minister. First the husband was given a long dissertation upon his responsibilities as a married man, and then came the wife's turn.

"You must love, honour, and obey your husband," droned the parson, "and follow him wherever he goes."

The wife looked aghast. "Fancy!" she exclaimed, "and Jim a deep-sea diver!"

CHARITABLE

Visitors to the house in the daytime made so much noise that the night nurse could not get sufficient rest.

One day she mentioned this to the doctor, who wrote a large notice bearing the words: "Please remember the night nurse," and placed it on the hall table.

Next evening when she came on duty, she found, beneath the notice, a dollar and a small pile of coppers.

Current Press Opinion

That First-Day "Triumph"

Ottawa Journal: In the first hours of this session of Parliament the Prime Minister and the Leader of the Opposition had a brief, apparently friendly exchange of words over a point of procedure and the reporters, perhaps over-conscious of this as a "fighting" session, write of the encounter in terms of a boxing match with Mr. Drew winning on points.

It seems to us the picture is overdrawn. This was a minor incident, interesting but of no great importance, and it proves neither that Mr. St. Laurent is inept nor that Mr. Drew is the better man. The records of these two men, each of them new to the post he occupies, is not to be written in a day but over the session and the years.

There is likely to be much of this sort of writing in the next few months, depicting Parliament as a prize ring and St. Laurent and Drew as the contestants—the "champ", the contender, all that sort of thing. It should not be taken too seriously, least of all by the principals—the vital hinge is that the country's business should be done with the greatest possible degree of efficiency.

Why U.S. Union Comes Into Canada

Edmonton Journal: D. R. Stewart, of New York, organizing representative of the American C.I.O. Oil Workers International Union, addressed the Winnipeg Labour Council last week, and, according to the Free Press, made an interesting speech.

His union, says Mr. Stewart, is to organize oil workers in Alberta and other sections of Canada. Wage increases will be on the agenda, and that, of course, is a legitimate ambition of any wage-earner, unionized or not.

But there is another reason why the O.W.-I.U. is anxious to get into Canada. It is, says Mr. Stewart frankly, "a selfish reason." It is, to quote the Winnipeg newspaper's report, "to ensure that Canadian oil could not be produced more cheaply than American.

Beads Not Enough Now

Fort William Times-Journal: Once upon a time white men came to America with beads and cheap but gaudy trinkets. With these they approached the Indian natives, trading them for valuable furs. The Indians of that time were satisfied with the exchange. The white traders were very satisfied.

But times have changed. Not so very long ago, white men of the United States went to Kuwait, a small country in Arabia. They were men interested in oil and they arranged an agreement with the country's ruler, the Sheik of Kuwait, for permission to drill on his land lying beside the Persian Gulf. After the drilling, oil gushed from the earth, and the operation was very profitable indeed. The sheik is not being satisfied with beads, however.

Recently a gold-trimmed yacht left the harbor at Long Beach, Calif., on its way to the Sheik of Kuwait. It is a gift from the American oil companies who struck oil. One million dollars was spent on refitting the 195-foot yacht. It carries two 26-foot motor launches, also gold-trimmed.

Apple News

Halifax Chronicle-Herald: We have become so accustomed in recent years to hear bad news about the apple industry that the report of Canada's Trade Commissioner to Venezuela is almost startling in its cheerfulness.

According to C. S. Bissett, the Commissioner, there is a market for Nova Scotia's apples in Venezuela and a shipment which went on that market was well received.

The market is open, he says, there is no foreign exchange control, and United States dollars are available. Thus there is a prospect for increased exports of Nova Scotia apples to that market. Certainly it is a market which is worthy of careful examination.

A Mistaken Attitude

L'Action Catholique, Quebec: The second point in Mr. Truman's program which extols the following out of a "program of world economic relief" may imply a grave danger. Services too ostentatiously rendered wound the self-respect of peoples as they do of individuals. An economic power that makes its authority felt too heavily quickly degenerates into tyranny. Luxury displayed profusely offends proud sentiment. It is not believable that the French like it to see certain American tourists merrily tearing up their francs under their noses. If the United States, while helping European countries, give the impression that at the same time they want to set up their own counters there controlling the economic life of those countries, making them customers in spite of themselves and giving them practically the status of colonies, it is not so sure that there will not be a reaction, that Communist propaganda, already so well organized and tuned up for this purpose, will not obtain surprising results in the long run. In short the beneficent action of the Americans within the United Nations might be compromised.

Bible Message

(From the Authorized Version)

Open to me the gates of righteousness: I will go into them, and I will praise the Lord: this gate of the Lord, into which the righteous shall enter....

The stone which the builders refused is become the head stone of the corner. (Ps. 118: 19, 20, 22.)

❖ ❖ ❖

But God, who is rich in mercy, for his great love wherewith he loved us, even when we were dead in sins, hath quickened us together with Christ, (by grace ye are saved); and hath raised us up together, and made us sit together in heavenly places in Christ Jesus: that in the ages to come he might shew the exceeding riches of his grace in his kindness toward us through Christ Jesus....

Now therefore ye are no more strangers and foreigners, but fellow-citizens with the saints, and of the household of God; and are built upon the foundation of the apostles and prophets, Jesus Christ himself being the chief corner stone; in whom all the building fitly framed together groweth unto an holy temple in the Lord: in whom ye also are builded together for an habitation of God through the Spirit. (Eph. 2: 4-7, 19-22.)

Unconsidered Trifles

Wullie was a countryman who had come into money, and he was having his first holiday and staying at a city hotel. One morning the hotel manager found Wullie cleaning his own boots.

"You needn't do that, sir," said the manager. "It is the hotel boy's duty to attend to your requirements. All you need to do is to ring the bell for him."

"But where's the bell?" asked Wullie.

"That's it by your bedside," replied the manager.

"That the bell!" exclaimed Wullie. "The boy told me it was the fire alarm and said I wasn't to touch it on any account."

The shoe clerk studied the narrow foot of the thin, little customer, a foot from which he had removed a well-worn shoe of E width, and said: "Good heavens, man! You should wear an A width."

Shaking his head, the customer replied: "I'm a house to house salesman. I've found I can keep a door open just a little wider with an E."

Markham And Petes

Markham Millionaires meet the Petes at nine—not 8.30—in Civic Arena tonight, an OHA senior "B" fixture. The Millionaires showed their class Friday p.m. by beating the speedy Legionnaires, and, as this will be their only appearance in Peterborough this winter, the game should be well worth seeing. Fast ice assured and the Petes, who had a stiff workout o'er the week-end (Red Sullivan was home and drilled with 'em), may have a few changes in their lineup. They'll be battling for this one against a smart squad, and it rates a right hefty gallery of puck fans.

* * * * * *

As January bows off the wintry scene, this is the OHA setup locally for the week: Markham at Petes here tonight; Legion vs. Meteors in senior "B" at Lindsay tomorrow, as the junior "B" IOOF-ers trek to Uxbridge to tackle Toronto Royals; the Toronto Royals vs. Oddfellows in junior "B" here Wednesday; while Friday sees Stouffville vs. Legion in senior "B" here, and the Petes playing Meteors in Lindsay. They're battling for certain playoff spots now as the various schedules wind up in the next two or three weeks. Hockey schedules in natural-ice centres are short.

PMHA-ers Are At It

On the morrow in the gloaming down south at Civic Arena, three PMHA clubs go all out in the first of their home-and-home (goals to count) OMHA playdown games. Marines bantams go at six, followed by Clapper's midgets, and then Trojan juves, all three meeting Lindsay teams. Return tilts on Scugog ice this Thursday. Ice should be okay so some or all of our clubs will be either on route further here Tuesday and they've got artificial ice over in Lindsay, along the provincial playdown trail comes Friday, or else finished for this semester. Folks, come out and give the local lads a hand.

Cage fans saw a bit of everything at the YM on Saturday night as Marines' teams split a pair. Hamilton Cycles of the Can.-Am. League showed plenty as a team of six guys yanked out a 34-29 verdict o'er Marines "A" in a fine exhibition. Al Clark's crew were minus Joe Stewart and he might have made the difference. 'Twas the first loss of the season for the locals and not a bad one, at that. Gord McIntyre's Marines "B" bunch hit a new high for the semester as they flew to a 72-48 Lakeshore Loop win o'er Cobourg, the latter showing up well the last half. Jim Thorburn led the locals with a nifty 23-point precision total.

PCVS Cagers Rolling

Coach Bev Goulding's hoop PCI-ers had themselves a cozy week-end up Lindsay way. Seniors triumphed 66-26, with Don Griffin tallying 21 points, followed by Al Northcott and Hugh Dibben. The PCVS junior "A" squad started its season off with a neat 53-12 win as Hall, Ackford, Evans and Grant sparked their attack. And the bantam PCI-ers made it two in a row away from home, coasting to a 35-8 verdict. Hempstead counted 16 points for them, with Graftstein and Cunningham also effective. Three Cobourg teams come here this Friday to play, seniors, junior "B" and bantams. These are COSSA group scheduled fixtures.

PCVS Hoopsters Take Three From Lindsay

At Lindsay Collegiate Friday night the visiting PCVS cagers defeated all three home teams by one-sided margins. Scores were: Senior 66-26, Junior 53-12, Bantam 35-8.

After a close first quarter which ended 6-6, the PCVS seniors began to solve the Lindsay defense and ran in nine second quarter hoops to take a 28-12 lead into the rest period. The margin became 23 points and the score 42-19 at the end of the third quarter. Ten more field goals and four foul shots by the winners for a 24-point last quarter brought the final score to 66-26. Don Griffin was high scorer with 21 points, Al Northcott had 10 and Hugh Dibben 9 for PCVS. Battersby accounted for 16 out of the 26 Lindsay total.

An Easy Win

The PCVS Junior "A" team playing its first game of the season met with little opposition from the home team Juniors. Lindsay, playing a man for man defense, was unable to keep the PCVS guards in check early, permitting Evans, Grant and Jopling to run in 12 out of 15 first quarter points. The home team was unable to score at all in the second quarter and PCVS led 27-5 at half time. Ackford and Hall were to the fore in the third quarter and had much to do with the score being 45-9 at this point. A quiet last quarter of 8-3 made the final margin 53-12. Hall with 16 points, Ackford with 11 and Evans and Grant 8 each led the scorers. Hardy had 4 for Lindsay and Warden 3.

PCVS Bantams won their second straight game away from home, putting them in an excellent position to win their group title. Lindsay was held to two foul shots in the first half while permitting PCVS to count seven field goals and a foul shot for a 15-2 margin. And though the home team finally scored from the floor in the second half for six points, the visitors ran in another 20 on eight field goals and four foul shots. Lionel Hempstead, smallest boy on the floor, scored 16 points, Murray Graftstein 9 and Larry Cunningham 5. J. Acheson had 3 for Lindsay.

The teams:

PCVS Seniors—N. Thompson 8, Sergeant, Hempstead 2, Northcott 10, D. Dibben 4, Griffin 21, H. Dibben 9, Dinsdale 4, B. Thompson, Graftstein 4, Richardson, Welsh 4. Total 66.

Lindsay Seniors—Battersby 16, Elliot 4, Skitch 2, McQuaid 1, Harrington 3, Bellam, Hale, Walling. Total 26.

Referee—Ted Luck, Toronto.

PCVS Junior "A"—Young 4, Ackford 11, Hall, 16, Pulley, Bailey, Frise, A. Cunningham 4, Evans 8, Grant 8, Jopling 2. Total 53.

Lindsay Juniors—Logan, Smith, Fitzelle 2, Hardy 4, Foshay 2, Georges 1, Warden 3, Wilkinson. Total 12.

Referees—Luck and Dinsdale.

PCVS Bantams—L. Hempstead 16, Langhorne 3, Pammett, Taylor, L. Cunningham 5, Boorman 2, Johnston; M. Graftstein 9, Armstrong, Fowler, Scriver. Total 35.

Lindsay Bantams—Lightbody, Eberlee, Graham 2, Gleeson, Truax, Morton, Ward 1, J. Acheson 3, B. Acheson, MacLean 2. Total 8.

Referees—Luck and Dinsdale.

Marines' Cagers Split Two Bees Winning, Aces Losing

Marines' basketball teams split evenly at the YMCA here Saturday night. The local "A" team suffered its first reverse of the season, when Hamilton Strand Cycle of the Can.-Am. League nosed out a 34-29 exhibition win. But Marines "B" cagers rolled to a 72-48 victory over Cobourg in a Lakeshore League fixture.

The loop number was a loose checking affair featured by fast breaks by the locals. Led by Deroo, Thorburn and Trimm, Gord McIntyre's gang piled up a 34-16 lead at the half as both sides concentrated on the attack and let defence work go. Cobourg went better the second half, though outscored 38-32. Galley and Quigley were most effective for them, while Griffin and Payne played a hard game for the winners. Thorburn scored 23 points. Teams:

Cobourg: Bevan 9, Guy, Quigley 15, Galley 15, Hart, Wilson, Usher, Baker, Allender 3, Holland 6.

Marines "B": Payne 6, Dadson 4, Trimm 7, Thorburn 23, McLaren 6, Griffin 2, Deroo 14, Batchelor 3, Butcher 2, Gardner 5.

Referee, A. Menzies.

A Good Game

The nightcap was a good scrap with the classy visitors earning the narrow win on the night's play. Marine's attack was functioning smoothly in the first half with Ed Nicholls in the payoff spot to run up a 14-7 margin at the interval. Both sides mizzed the hoop often and the visitors had trouble trying to penetrate the Marines' zone. Hamilton came on fast to open the second half with MacKay leading the drive. Gord Burns threw three long ones for Al Clark's crew to keep them in the hunt, but the visitors pulled ahead late with several fast breaks to catch the homesters flat-footed. Strands used a short passing attack which was a bit better than any seen here this season. Teams:

Hamilton: Fisher 3, Bard 2, Peall 7, Hunter 11, MacKay 9, Reader 2.

Marines "A": Nicholls 8; Gillespie, Burns 9, A. Stewart 5, Edger 3, Menzies, Smith 4, MacPherson.

Referee, N. Stanger; umpire, J. McLaren.

Spitfires Down St. Mike's In 6-5 Triumph

In two OHA Junior A games during the week-end Windsor Spitfires lengthened their first-pace margin by defeating Toronto St. Michael's College Majors 6-5 in a four-point tilt. Toronto Marlboros moved into a sixth-pace tie with Guelph Biltmores by downing Oshawa Generals 4-2.

The Spitfires moved into a 3-2 lead in the first period, added one more in the second and then were outscored by the Irish 3-2 in the last period.

Bill McKay scored two goals for the wniners. Francis O'Grady, Bruce Giesebrecht, Larry Wilson and Bert Giesebrecht got one each. Bud Marshall, Gord Hannigan, Neil Corcoran, Con Bonhomme and Tim Horton tallied for the Irish.

The Dukes built up a two-goal lead early in the first period, split two goals in the second and two in the third. Wide-open play featured the third period and both netminders turned in a good performance.

Bobby Hassard, Lornie Pirie, George Armstrong and Tim Regan scored for the Marlboros while Dick Gamble and Frank Sullivan accounted for Oshawa's goas.

Two games are slated in tonight's OHA. In the Senior A loop, the leading Kitchener-Waterloo Flying Dutchmen take on the last-place Stratford Indians. In the Junior A division, the Generals clash with the third-place Stratford Kroehlers.

M. F. Mackay led his Montreal West rink to a 10-9 victory over a Morrisburg rink skipped by J. E. Christensen Saturday in the final of the 18th annual Rankin Trophy Bonspiel at the Seignory Club. The trophy presented to the winners by J. I. Rankin, the Montreal donor, goes to the Montreal West Club for the first time. MacKay's curlers displayed some fine team work throughout the three-day 'spiel in which 24 rinks participated.

Don Black, the pitcher who was struck out by a severe injury, has come back. Bill Veeck, president of Cleveland Indians, took a look at the latest medical report Saturday and signed the Tribe hurler to a 1949 contract. With a big grin, Black signed on the dotted line for a salary that was the 'same as last year." The figure wasn't announced.

Assumption College Purple Raiders ran wild over a McMaster University of Hamilton quintet at Windsor Saturday, 87-42, as they chalked up their second basketball win in a row over the Macmen. The Raiders won in Hamilton earlier this season 54-37.

University of Western Ontario Mustangs won their third straight intercollegiate senior basketball league fixture at Toronto Saturday night, defeating University of Toronto Blues 43-37. It was Toronto's first game of the schedule.

Dick Leonard of New York Saturday won the Canadian singles racket title when he defeated Clarence Pell also of New York at the Montreal Racket Club 15-13, 16-15, 4-15 and 15-4.

Leonard then teamed up with Pell to annex the doubles crown by beating Montrealers John Holland C. Pacaud, 15-10, 15-4, 15-10.

Young Andy Tommy, Jr., of Ottawa flashed down Mont Tremblant's south slope Sunday to record the best time of all classes in the 14th annual Tascherau downhill classic at Mont Tremblant, Que. He blasted the lightning-fast course in three minutes, 38 seconds, nearly six seconds faster than Tommy Barbeau of Montreal Totem who captured senior B laurels.

More than 8,000 snowshoers, belonging to 82 different clubs in the New England states and the Province of Quebec invaded Montreal during the week-end for the annual International Snowshoers' Convention. Although only a slim layer of snow covered city streets, the convention went through its program.

The favored Ace Admiral captured the second running of the $100,000 Santa Anita Maturity Saturday, whipping 11 other four-year-olds before 52,000 turf fans, largest of the season at Santa Anita Park. Act Admiral, owned by Mrs. Elizabeth Graham who wasb orn in Woodbridge, Ont., staved off all challenges in the 1¼-mile battle over a fast track and collected $85,200 in this rich race for four-year-olds.

Henri Rochon and Rene Buser, ex-Swiss Davis Cup player now living in Canada, were ranked at the top by the Province of Quebec Lawn Tennis Association for its 1948 list of senior men.

Pittsburgh Pirates Saturday bought Pitcher Murry Dickson from St. Louis Cardinals for an undisclosed sum. Dickson had spent five years with the Cards.

TWO SHARPES ON CARD—Mighty Mike Sharpe, who meets John Katan in the Brock Arena main bout on Wednesday, will have his equally handsome brother Ben to cheer him on his Empire title aspirations. Ben Sharpe has been signed to wrestle tough Johnny Marrs, the Minneapolis mauler, who bounced Bulldog Drummond here two weeks ago. There will be another bout on the sparkling card and with the good-looking Sharpe lads, Ben pictured abve, flying into action, it is expected the fans will be on hand in goodly numbers—especially the girls.

Fenelon Falls Pastes Lindsay

FENELON FALLS, Jan. 31—In a winner-take-all game, the challenging and undefeated Fenelon Falls Generals Saturday night defeated Lindsay Mercurys, 9-4. The Lindsay team, packed with a crack Peterborough line and goalkeeper, failed to break the powerful Fenelon team's winner streak for the gate receipts.

While Busher Jackson, coach of the Fenelon team, along with two others players, was out of action with broken ribs, Percy Nichols, formerly of Philadelphia professional fame, and Johnny Hamilton, ex-St. Michael's and San Francisco Shamrocks ace, led Fenelon Falls to another victory. "Sixty" Coombs was prominent for the Lindsay team.

Next Friday night the Generals challenge Toronto Frigidaires and on Saturday take on the Gravenhurst Bears.

Marmora Gets 9-6 Win Over Lakefield

MARMORA, Jan. 31 (ENS) — Advantage secured in the second period enabled Marmora to win their postponed game with Lakefield on Saturday evening, the final score being Marmora 9, Lakefield 6. The battle royal as it turned out to be, was fought at a surprising fast pace throughout for teams extending themselves the previous night. Lakefield forced the pace at the start and for the first time this season, a visiting team scored first in the new Marmora rink. L. Lonsberry beating Borland after four minutes play on Fawcett's assist. Marmora soon equalized as Ken Trumble scored prettily on G. Leonard's pass. Cousins scored on Gus Leonard's assist. Unassisted Chappell tied the score again. Just before the period closed Lavender registered on K. Trumble's assist.

The latter opened the scoring in the second frame after 58 seconds of play, beating Jones on Gus Leonard's pass. Lakefield responded through Henry on Hopkins' assist, but in the last half of the period Marmora added goals through K. Trumble (2), G. Leonard and McInroy.

With the third period scarcely begun, Blewett on an individual rush, beat Borland. McInroy added the homesters last goal. After Blewett had again scored unassisted he provided the pass for Fawcett to further lower Marmora's lead just before the final bell sounded. The game was devoid of rough play and was voted by the Marmora section of the thousand or more fans as the best on the home rink this season.

Teams:

Lakefield—Goal, Jones; defence Blewett, Jopling; centre, Wasson; wings, Chappell, Jewell; alternates, Paterson, L. Lonsberry, Fawcett, Hopkins, Henry, S. Lonsberry, Birch, Burton.

Marmora—Goal, Borland; defence, G. Leonard, E. Leonard; centre, Cousins; wings, Lavender, K. Trumble; alternates, E. Trumble, Goodchild; McInroy, Kerr, Nicholson.

Referee, T. Junkin, Lakefield; Linesman, T. Cousins, Marmora.

Weather Changes

LONDON, Jan. 31—(Reuters)—Britain enjoyed a Sunday of brilliant sunshine and warm temperatures Sunday. This contrasted with conditions Saturday, when Britain's road, rail and air services were interrupted and Thames shipping brought to a standstill by the most freakish fog of the winter.

Lakefield Juveniles Win Group Honors

LAKEFIELD, Jan. 31—(ENS)—With a hard fought 3-1 win over Little Britain on Friday night, Lakefield juveniles emerged champions of their group.

Played on Little Britain ice, 16 penalties were handed out as the squads roughed it up considerably.

Little Britain, smarting under a 9-0 shellacking in Lakefield a week previous, showed a complete reversal of form and put up an excelent battle.

Morrison got two goals for the winners as Wasson scored the other and Calberry got an assist.

Line ups:

Lakefield—Goal, Don Wasson; defence, Dean Wasson, Dracup; centre, Fawcett; wings, Hunter, Sloan; alternates, Morrison, Hockaday, Calberry, Coons, Geraldi, D. Montgomery, Hamblin.

Little Britain—Goal, Wakeford; defence, Ferguson, Chidley; centre, Maddock; wings, W. Hall, Reid; alternates, K. Mark, B. Mark, Roy, Menelly, L. Hall, Heatley.

Referee, Joe Junkins.

Habs Suffer Weekend Blitz Take Two Harsh Drubbings

By BERT ALLEN,
Canadian Press Staff Writer.

Saturday the wiseacres were calling Montreal Canadiens the "hot" team and the club to beat for the National Hockey League title. Today, the Habitants and their fans still hadn't recovered from a week-end nightmare.

What happened to Bill Durnan shouldn't happen to any good net-minder. Durnan watched 14 pucks fly by in two week-end games as the deflated Habitants took a 5-2 drubbing from Detroit at home Saturday and were slaughtered 9-0 by the Rangers in New York Sunday night.

The high-flying Red Wings made it a perfect road trip by blanking Boston Bruins 4-0 at the Hub Sunday night to boost their lead to 10 points. In other contests, Toronto Maple Leafs and Chicago Black Hawks tied 4-4 at Maple Leaf Gardens Saturday, and the Hawks came through with a 4-2 triumph at Chicago Sunday night.

Hard To Take

The avalanche of rubber Rangers poured at Montreal was doubly hard to take for Durnan, four-time Zezina Trophy winner for least goals scored against during a season. He had been winging along with a seemingly comfortable lead in the goalkeepers race, but now finds himself running second by one goal to Rangers' Chuck Rayner. Durnan has played two more games than Rayner, however.

The 9-0 whitewash was the worst ever suffered by Durnan in his six-year NHL career, and it was the largest shutout margin in the league since these same Rangers whipped Chicago 9-0 in New York Jan. 5, 1947.

Not Much Better

If the Habs looked bad against Rangers, they weren't much better in losing 5-2 to Detroit the previous night.

The game was a rough affair and Maurice Richard got a going over in fights with Gordie Howe and Sid Abel. The Rocket drew 21 minutes in penalties for his efforts from Referee King Clancy and suffered a bruised hip which kept him out of the New York debacle.

Defenceman Bill Quackenbush of Detroit assisted on two goals and went through his 41st consecutive game without a penalty. He surpassed Bucko McDonald's previous mark of 40 games.

Bud Polle paced the Detroit attack with two goals while Ted Lindsay, Marty Pavelich and Gerry Couture fired the others. Montreal marksmen were Kenny Mosdell and Bobby Filion.

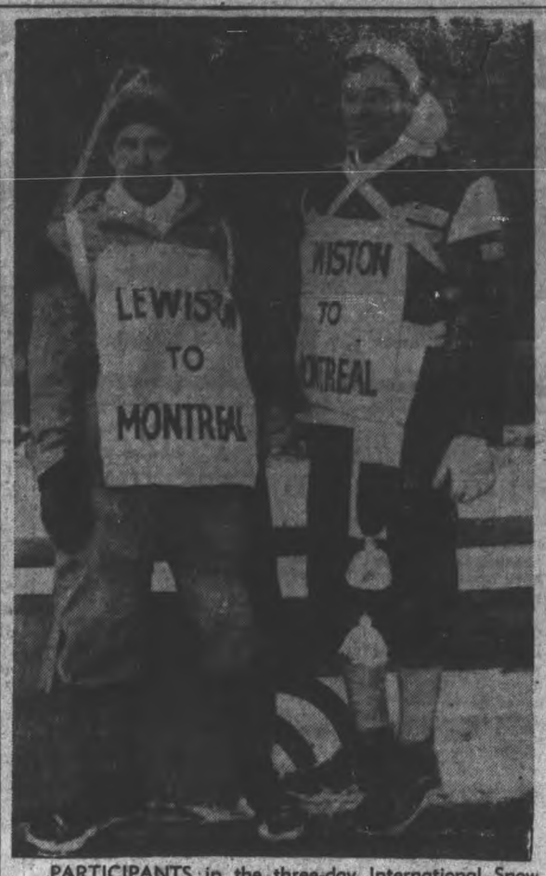
At Boston Sunday night Polle ran his week-end goal production to four when he tallied twice to help sink the Bruins. Jim Enio and Max McNab collected the other Wing counters as goalie Harry Lumley hung up his third shutout of the camnaign.

Edgar Laprade and Tony Leswick scored two goals in leading Rangers to their 9-0 win over Canadiens. Don Raleigh, Nick Mickoski, Frankie Eddolls and Clint Albright notched the other Ranger tallies.

Chicago regained fourth place from Toronto by a single point with their victory over the Leafs. The fourth and last Chicago goal came by Bill Mosienko with eight seconds to go in the third period when goalie Turk Broda was pulled out of the Toronto nets.

Ralph Nattrass, Metro Prystai and Gaye Stewart also scored for Chicago, while Vic Lynn and Gaye Stewart scored for Leafs.

At Toronto Saturday, each team scored a goal in the final minute of play in a slam-bang contest. Harry Watson connected first to send Toronto ahead 4-3, but the battling Hawks drove right back with a marker by Doug. Bentley to gain a standoff. Max Bentley, Joe Klukay and Bill Barilko also scored for Leafs, with Jimmy Conacher, Gus Bodnar and Adam Brown nabbing singles for the Hawks.



PARTICIPANTS in the three-day International Snow shoers' Convention in Montreal are shown here as they arrived. Above are Arthur Lizotte, left, and Gerard Levesque who snowshoed all the way from Lewiston, Maine, a distance of 276 miles which they covered in less than 14 days.

CANADIAN FREED — Hugh Elliott, 34, of Ottawa, was arrested in December by Chinese Nationalist troops while heading toward Communist lines. A teacher in a co-operative school at Shantan in Kansu province, he was freed Jan. 26 with the assistance of the Canadian embassy after the court which was to try him vanished from besieged Nanking.

After Gambling 15 Years, Says 'You Can't Win'

BY VERONICA DE WOLF

WASHINGTON, Jan 31 (AP)—Your wife cashes in on a horse because she likes the color of the jockey's jacket. You collect non-negotiable tickets because you follow breeding lines.

Ever wonder why?

A man who has been studying gambling for 15 years says he's found out it's because "you just can't win."

Feeding slugs into his own slot machine, Dr. Ernest E. Blanche said:

"It's mine and it's honest, but it pays me only 70 per cent."

Dr. Blanche, a 36-year-old mathematician, once wanted to be a physician. Instead, he has been diagnosing the probabilities of gambling success.

He aims his preaching against gambling from the practical rather than the moral viewpoint.

"People don't want to be told they can't win," he says. "My theory is that they'll always lose if they stay at it. The ones who can't be convinced are the ones I'm trying to reach."

One Chance In 17

Some of his conclusions:

"You've got one chance in 17 of making four straight passes with the dice, shooting for seven, 11 or your point.

If it's eight straight winning throws, the chances are one in 287. If it is 10, you have one chance in 1,181—unless the dice are crooked.

His own home is a cache of gambling equipment—all experimental and some of it phoney. He has been kicked out of some places merely for taking notes.

Hasn't he ever found a winning system?

Says the doctor: "Don't think I wouldn't have used it if I had."

Obituary

MILLBROOK, Jan. 31 (ENS)—St. Thomas' Anglican church, Millbrook, was well filled on Thursday for the funeral of Marian Lancashire, wife of John E. Allen, her death having taken place the previous Tuesday, after a long period of ill health.

Mrs. Allen was born on the family homestead, south of Millbrook, 53 years ago, and had spent practically all her life in Millbrook and vicinity. She was the eldest daughter of Joseph Lancashire and his wife, the late Margaret Elizabeth Elson.

The marriage of John E. Allen and Marian Lancashire, which took place 29 years ago united two pioneer families. Their first home was south of the village on what is now the Widdis farm and in recent years they have lived at 'The Rectory' at the extreme east end of King St. home of Mr. Allen's grandfather, the late Venerable Archdeacon Thomas W. Allen.

An active member of St. Thomas' church, Mrs. Allen was for several years treasurer of the Woman's Missionary Auxiliary and a member of the Women's Guild. In social circles, her happy disposition and thorough enjoyment of life won for her a wide circle of friends.

Besides her husband and father Mrs. Allen leaves a sister, Mrs. Alan Gray (Kathleen) of Toronto; two brothers, Howard of Millbrook and Henry of Toronto, a veteran of World War II. There are two nephews.

The Rev. C. M. MacLean conducted a private service at the home and a public service at the church on Thursday. There were many floral tributes.

Pall-bearers were T. A. Campbell, L. H. Winslow, Dr. J. W. Wright, H. D. Bigelow, Ivan Gray and Wilfrid Elson. uBrial was in the Allen family plot at St. John's cemetery, Ida.

OTTAWA — Mrs. Mary A. Stearns, 83, of Smiths Falls, suffered leg injuries and two other pasengers required hospital treatment when two street cars collided. Mrs. Stearns was allowed to return home after treatment. The acident was believed due to a faulty switch.

Rev. Partridge Of Mark St. Dies Suddenly

A few hours after officiating at the Sunday evening service, the Rev. Allan Manly Partridge, 61, minister of Mark Street United Church, suffered a heart attack. He died two hours later, at about 4 a.m. today.

Mr. Partridge appeared to be in good health; the only indication to the contrary was when he complained of not feeling too well to a parishioner. During the day he attended three services, preaching at the 7 p.m. service at Mark St.

Later he attended a special welcome to Rt. Rev. Dr. Willard Brewing, moderator of the United Church, who was preaching on Sunday at the anniversary of Trinity United Church.

He went home and retired for the night. At about 2 a.m. he suffered the fatal attack and died two hours later.

Mr. Partridge was minister of Mark Street Church for two and a half years and was held in the highest regard by the members of his congregation, and citizens in general. Previously he had held pastorates in Beaverton, Maple, Queensville, Coldwater and Uno Park, Ontario.

He graduated from Victoria College, Toronto, 38 years ago after receiving his B.A.

Left are his wife, the former Katie Dean Bowers; a brother, Horace, and a sister, Eva, both of Barrie. He also leaves a grandson, Allan Murdock Partridge of Peterborough. His son, the late Pilot Officer William John Desmon, was killed in the Second World War.

Mr. Partridge was born in Barrie in 1888, son of the late William Edward Partridge and Eliza Parkhouse.

He was Chaplain of the Corinthian Lodge A F and A M No. 301, a member of Peterborough Lodge IOOF, and a member of the Peterborough Curling Club. Mr. Partridge was also this year District Chaplain of Peterborough District A F and A M.

Tribute From Presbytery

Peterborough Presbytery of the United Church met today at Knox Church under the pall of the sudden death of Rev. A. M. Partridge of Mark St. Church.

Tribute to his ministry and personality was paid by Rev. E. E. Pugsley, Norwood, chairman of the Presbytery, who expressed the deep shock of the members in the tragic loss of Mr. Partridge who was active in his ministry until almost the last moment of life. He attended the meeting at Mark St. preparing for reception of the moderator, Rev. Dr. Willard Brewing, Toronto, and subsequently took part in the reception at Trinity United Church.

The funeral service will be under the charge of the Presbytery with Rev. Mr. Pugsley officiating at 1.30 p.m. Wednesday at Mark St. Church. The address will be given by Rev. E. M. Burgess of Alton, and interment will be at Queensville.

At the bus depot Sunday night, cabbies were loud in their appeals for passengers. One man leaving a bus was buttonholed by one enthusiastic cab driver. The man shook his head. Eyebrows shot up incredulously. "You'd better sir . . . It's mighty cold out." He swung open the door of the heated car invitingly. The man raised his overcoat lapels over his ears, snuggled his hands into his pockets and walked on into the freezing night.—R.B.

Favor Opening Pickerel Season May 1

TORONTO, Jan. 31—(Staff Special)—Three Peterborough men, and one from Havelock were elected officers of Zone 5 of the Ontario Federation of Anglers and Hunters at the annual meeting held here Sunday. The zone embracse all fish and game clubs between Trenton and Oakville and is one of the largest of the six in the province. The officers are: Blake Uren, Oakville, president; Dave Wilson, Toronto, 1st vice-pres.; Pete McGillen, Peterborough, 2nd vice-pres.; Harold Darrough, Orangeville, sec.-treas. Directors are Campbell Rowatt, and Jack Arnott, Peterborough; Geoorge Hubbell, Havelock, Jack Hambleton, Frank Kortright, C. A. Walkinshaw, Jack Prentice, B. F. Lomas, Carl Warne, Toronto; Wm. Craig, Lansing; D. C. Feadley, Orangeville; Dr. R. J. Hiscox, Brampton; Hugh Plowman, Wm. Stewart, Barrie; Dave Haig, Midland; Henry Fry, Gravenhurst; and Dr. W. F. R. Stubbs, Caledon.

Approve of Resolution

A resolution from the Peterborough Fish and Game asking for opening of the pickerel season May 1 and closing of bass, pickerel and maskinonge seasons Oct. 1 was accepted. It now goes before the Federation and if passed there will be forwarded to the fish and game committee of the Legislature. This was the only resolution from the Kawartha district.

Fourteen resolutions in all were reviewed by delegates of Zone 5 and all but two were accepted.

Orillia's request for a buck law was rejected as was one from Midland seeking a 22 inch size limit on pike.

Eight vacancies were left on the directorate to accommodate representatives from clubs expected to affiliate. These include Cobourg, Campbellford, Port Hope, Lindsay, and Kawartha Conservation Association, Peterborough. The eight men will be elected April 3 when the first quarterly meeting of the zone is held in Peterborough.

It was decided that copies of the annual meeting report will be sent secretaries of all clubs in the zone.

Annual Meeting

Today and Tuesday more than 250 delegates are expected for the annual meeting of the Federation of Anglers and Hunters. Hon. Harold R. Scott, Minister of Lands and Forests is the speaker at the banquet tonight. Presentation of the Carling Conservation trophy to the man making the finest contribution to the cause of conservation in 1948 will be made. The Mary Pickford trophy won some years ago by the Peterborough club when Charles Kingan was president, will go to the club with the best record of achievement in 1948. Two scholarships will be presented to students of biology at Queen's and Western Universities.

Ontario is now divided into six zones, and each zone elects four directors to the Federation. These 24 men comprise what is known as the Sportsmen's Parliament. They represent 110,000 sportsmen in more than 140 clubs in Ontario. Directors from Zone 5 are Blake Uren, Pete McGillen, Dave Wilson and Harold Darraugh.

One highlight of the Sunday session was the indignation expressed over establishment of two industries which threaten to pollute the Kawartha lakes.

Toronto delegates report a dye factory is contemplated at Coboconk and it is feared the industrial waste will drain into the Gull River and Balsam Lake. The other firm is now being built at Lindsay and will manufacture meat casings. Waste from this plant includes sulphuric acid and this will be piped into the Scugog river, threatening damage to the marine life in Sturgeon Lake.

A request for investigation has been forwarded to the Federation's anti-pollution committee.

PETERBOROUGH WELCOMES SCOTTISH CURLERS, 25 members of the Scottish West team, who started to play rinks from Lakefield, Oshawa, Bobcaygeon, Lindsay and Peterborough on Monday morning. Before the game they toured the city by bus, had a hotel breakfast and were tendered a civic dinner at noon. They will be guests of Peterborough Curling Club at a night dinner.

Seven Accidents Probed By Police

Seven traffic accidents on city streets were investigated by police on Saturday. Driving conditions, said police, were responsible for most of the collisions. Ridges of ice and generally icy surfaces added up to about the worst non-stormy day of the year so far, traffic officers reported.

Damage to two cars was caused on Water St. about 1.45 p.m. when the car driven by Mrs. Clarise M. Kidd of Lakefield collided with the parked car of J. Wesley Bell, R.R. 4, Peterborough. Fenders and lights on both cars were damaged. PC Harold Mesley investigated.

Skidding on the slippery Sherbrooke and Park St. intersection shortly after noon, the car of Mrs. M. Raine, 192 Hunter St., struck an unidentified parked car. Bumpers, fenders and lights were damaged. PC Harold Mesley investigated.

Fairly heavy damage to two cars was again the result of a collision, about 5.30 p.m., this time on Water St., near Hilliard St. Cars slid on the ice. Drivers were Stuart A. Marshall, 285 Reid St., and Mrs. Nick Peconi, R.R. 4, Peterborough. There was about $120 damage to the Marshall car. The Peconi car had a bent bumper. PC Claire J. McGillen investigated.

John P. Quirk, 137 Lansdowne St., reported to police that he had struck an unidentified parked car on Sherbrooke St. He said the C.P.R. cartage truck he was driving struck a heavy ice ridge and skidded into the car.

George and McDonnel Sts. was the scene of a car-truck collision, the truck being driven by Stanley Bell, 693 George St. and the car that of Everson Reid, 83 Sophia St. Fenders, panels, and bumpers were casualties.

Hit-And-Run Driver

A hit-and-run driver struck the parked car of S. Paquette of East City Motor Sales as the car was parked on Driscoll Terrace. The rear trunk of the car was caved in by the impact from the unknown vehicle.

Ronald Milligan, 684 St. Mary St., and Thomas Killen of Ennismore were drivers in a collision at McDonnel and Bethune Sts. Saturday evening. Fender and frame of the Milligan car were damaged and bumper and fender of the Killen car was damaged. PC Claire McGillen investigated.

Cure Adult Delinquency First Rev. Dr. Brewing Warns

"What would Christ's answer be to the gangsterism going on in Toronto?" That was the question put by the Rt. Rev. Dr. Willard Brewing, Moderator of the United Church, when he addressed the congregations of Trinity, St. Andrew's and Lakefield United Churches on Sunday in celebration of the 75th anniversary of Trinity Church congregation and the 33rd anniversary of the present church.

"Guns have hit the headline ever since these juvenile gangsters have been old enough to read," he declared. "They have stood as the finest symbol of strength during the years in which they have been growing up and now they want to try it themselves."

"Sometimes the police arrest the wrong man," Dr. Brewing maintained. "The lonely young man in prison would be among distinguished company if his family and all those responsible for his position were with him. The family of the human race is so closely interwoven that these youngsters are not alone as sinners. In every case it is the victim who is supposed to be wrong, not the perpetrators of the crime."

Dr. Brewing declared that they were not isolated crimes committed by individuals. The incidents were indicative of the social crimes of which all were guilty and unless they were remedied, the entire community would "go down together."

"If we are going to cure juvenile delinquency we shall have to cure adult delinquency first," he said. Adult delinquents were not so obvious, he said, because they evaded the law.

Tells Of Two Lives

Dr. Brewing spoke of the two lives of man which he called the horizontal life and the vertical life. The horizontal view had become so interesting that the vertical view had become blurred. Those who could look up and around were the best men of this generation, he said.

"The community will never be adequately housed and fed and comforted until humanity is able to look to God as the Father," he declared.

Referring to the international situation, Dr. Brewing said "in fear of Nazism we made bed fellows with the Communists and now that the Nazi regime is in a state of suspended animation, we woo Franco Spain and the Vatican in fear of the Communists. Political victory in Italy was obtained by fear and superstition that the best in us would despise."

The Moderator claimed that "none of these conflicting interests gives obedience to Christ or Christianity—neither the Nazis, nor Fascism nor any other group."

After the evening service Dr. Brewing met the congregation socially in the church hall.

The Wednesday night bowling games of Mark St. United Church has been cancelled this week. It is due to the death of Rev. A. M. Partridge, pastor of the church.

REGISTER THIS WEEK

The Red Cross rooms are open for registration of blood donors all this week, afternoons from 2.30 to 5.30 and evenings from 7 to 9 o'clock or you may telephone 8222 same hours if you cannot register in person. Your blood can help save a life.

2nd COURSE HELD

Second class for Food Handling under the auspices of the local branch of the Health League is being held on Wednesday afternoon and night. Soda fountain operation, dishwashing procedures, insect and vermin control will be the subjects for discussion.

SPECIAL CPR FARE

Stanley Wood, secretary of the Holstein Breeders' Association, said today that the CPR fare to Toronto Wednesday morning is $3. "I have tickets for 40. Anybody can go, but they should get their tickets from me, and should notify me by noon Tuesday. We have asked for an extra coach, and I was informed that those special tickets should be bought before Wednesday morning." The Holstein breeders' convention is being held in Toronto, Wednesday. The local train leaves at 7.10 a.m.

TAXI DAMAGED

A taxi skidded off the road near the junction of Highway 28 and the Nassau Road Sunday afternoon. It was driven by C. A. Collins, 50 Ware St. The car struck a guard rail post.

EXCEED POWER QUOTA

Peterborough exceeded its electric power quota in the Monday to Friday period of industrial activity constituting last week. The average for the week was 274,000 kwh. as against the Hydro maximum of 270,000, and the mid-December week consumption of 246,400. The Utilities Commission is meeting this afternoon.

ONLY $430 SHORT

With two weeks remaining for the attainment of its objective, Peterborough Presbytery of the United Church received the announcement this morning at Knox Church that only $430 was outstanding in its missionary and maintenance allocation. The goal for this fund is $27,904, and Presbytery had reached the place of being within sight of its accomplishment.

SLIGHT DAMAGE IN COLLISION

Damage estimated at $10 was caused on Saturday as a result of a collision between cars driven by W. McFarlane and E. Turk, both of Young's Point. The accident occurred on the Selwyn Rd. when Turk's car pulled out from a mail box in an easterly direction, and his right front wheel collided with McFarlane's car which was travelling west. Provincial Constables Keith O'Shaughnessy and Cecil Chambers investigated.

Rovers Spend Night In Open

Twelve Rovers from the 5th All Saints' Crew attended on Sunday the first full-scale winter training scheme for Rover crews at Oshawa's Camp Samac. Two hundred members of Rover crews from United States and Canada went through the manoeuvres. Despite near zero temperatures about a dozen of the Scouts spent Saturday night outdoors in sleeping bags, while sixty others slept in winterized pup tents.

Accommodation for the Rovers at the camp, which is several miles north of Oshawa, was capable of handling only half of the Scouts. There are two main council halls and camp cabins on the grounds. However the Rovers, ranging in age from 16 to 25, came prepared to spend the night out in the open.

Registration and opening ceremonies were held Saturday afternoon. Saturday closed with a banquet, speeches and movies in the main council hall.

Major-General Daniel Spry, Dominion Commission, arrived by train on Sunday morning to see the day's activities and participate in a camp ceremony where both American and British flags were broken out as a gesture of international goodwill.

"Roving city gangs who are causing so much trouble these days could derive a lot of benefit from a weekend like this. It might show them what it takes to make a real man," said Mr. Spry.

Rovers from the All Saints' crew were led by Skipper Sid Ray. The Rovers who attended were Gordon White, Jim Webb, Stan Alexander, Doug Harris, Len Wall, Jack White, Ed Potter, Bob Miller, Bob LeBar, John Brightman, and Bill Rowbotham.

Grant Not Seeking CCF Nomination

Reeve William C. Grant of Lakefield will not be C.C.F. candidate at the next federal elections. He indicated his withdrawal today.

A meeting of the party's county organization has been called for February 3 at which nominations will be received to stand as candidates. Voting will be held about a month from the nomination meeting, officials said.

In both the nomination and election meeting, mail nominations and votes from party members in the county unable to attend will be accepted.

25 Scottish Curlers Play Rinks From City, District

The roarin' game visited Peterborough from the land of its origin today. Five top curling rinks of Scotland are meeting city and district teams in a friendly round of games. Hosts for the overseas and district curlers are members of the Peterborough Curling Club.

His Worship Mayor Max Swanston sent the first stone of the morning down the ice to start the games. Previous to the opening, the entire group of curlers observed a minute's silence in tribute to Rev. A. M. Partridge, a city curler, who died early today.

There are three rinks from Peterborough in the competition and district rinks from Oshawa, Lindsay, Bobcaygeon, Lakefield and Cobourg.

The Scottish curlers are making this one-day goodwill visit to Peterborough as a stop on a tour of the United States and Canada.

The visit of the Scots—the fourth time in this century that curlers from Scotland have mixed brooms with local enthusiasts — was marked with a special sign painted on the central ice. It read, in large attractive red-and-blue "Welcome to the Scottish Curlers."

The 25 Scottish curlers represent the following clubs: Corstorphine, Symington, Lommermuir, Cramond, Falkirk Ice Rink, Durisdeer Institute, Lock Connel, Kirkcaldy Ice Rink, Ayr Ice Rink, Dalkerth, Biggar, Dollar and Devondale.

There are 10 city and district rinks meeting the Scots in today's games. Names of the skips of the rinks are: Peterborough Curling Club (three rinks), W. M. Cruthers, Thomas McArthur, Cyril Giroux; Lindsay, (two rinks), Percy Skitch and Arthur Carew; Cobourg, George Mitchell; Oshawa (two rinks), Ben Ward and Park Hill; Lakefield, David Charlton; Bobcaygeon, G. Thurston.

City's Estimates Being Delayed

Merely as an observation and not as a criticism of his associates, Ald. Hurrell Dodds, chairman of the board of works, remarked today that if the council keeps piling estimate jobs on City Engineer Chalmers he won't be able to get on with the main estimates of the year, the departmental budget.

"We are being asked for estimates for this job and that, and all quite properly, but there is also a big job to be done in making out the board of works estimates," the chairman said. "The Park St. drain is quite a big job in itself, and I suppose we'll pay for it by issuing debentures. It is one of the things the council has been asking for this month."

Around the city hall the intimations are that the budget will not be brought in until around the end of February. Peterborough's council has for years been inclined to leave their appropriations and tax rate job until the second month. In some cities of the province, the budget gets its first scanning in the preceding December.

Cold Weather Affects Market

Poorest market since the beginning of the year was reported on Saturday. Cold weather apparently kept away most of the usual customers, and few vegetable retailers turned up at their regular stalls.

There was a small supply of poultry, eggs, and quarters of beef and pork. Some apples and a few live pigs were also on sale.

Chickens were selling between 45-50 cents a pound; and boiling fowl were going at about 40 cents. Eggs, according to grade, sold between 50 cents a dozen, and some extra specials drew 55 cents.

The only commodity in abundance was firewood. It sold between $14-$17 a cord.

Congregation Honors Miss Mabel Clarry

Organist and director of Trinity United choir, Miss Mabel Clarry took part Sunday evening in the service for the last time in that capacity. The anniversary of the church also marked the retirement of Miss Clarry, who has led the music at the church for 34 years.

An address from the Official Board and from the choir, expressing appreciation of her long service to the church was read to Miss Clarry at the evening service by recording secretary R. F. Downey, after which R. J. Kidd presented her with a cheque.

SLID INTO BUS

A car, driven by Jack Thompson Little Cedar Lake, slid into the rear of a city bus at the corner of George and Park Hill Road on Saturday, night. The bus had stopped to let some people out. The left headlight of the car was damaged and there was a small dint on the bus.

Scotland Yard Fits Cars With Two-Way Radio Sets

By ASTLEY HAWKINS

LONDON, Jan. 31—(Reuters).—Scotland Yard, London's police headquarters, is fitting all its motorcycles and cars with two-way radio in its campaign against crime. At the same time they want to recruit another 5,000 men in the city's police ranks. One of the chief reasons for London's shortage of policemen is lack of housing. Several hundred men in the force now are living apart from their families because the districts they cover cannot provide a home for their wives and children. County districts which can offer homes not only get more new recruits but draw on men who have resigned from the London force.

Despite all their handicaps, London police have so far managed to keep pace with the city's criminals.

Crime Down

Although a wave of violent assaults and robberies has recently caught the public imagination and brought some urgent newspaper demands for better deployment of force available, figures show that the number of serious crimes in London in 1948 was slightly less than in 1947. The number of arrests was considerably more in the same period. Only about a quarter of all cases, however, were "successfully concluded."

Scotland Yard is now "getting its man" more often because it is making more use of its radio-equipped "flying squad" cars.

Need More Men

But Scotland Yard chiefs maintain that with more men available for ordinary patrol duties in residential and commercial districts they could prevent a large number of crimes which now have to be followed up. They admit that with the present shortage of policemen, criminals can work in many places without much chance of being disturbed. The aim is to have a policeman on duty every few hundred yards.

Public assistance to police in combatting crime showed a remarkable response in 1948. In answer to a police request that the public should telephone a special alarm number — 999 — when help was urgently needed or important information could be given, Londoners put in 80,000 calls during the year, sometimes at the risk of their lives.

This co-operation has meant a lot to the police in their work and the Londoner's sense of public duty is now being further encouraged in a call for volunteers as "special constables," civilians who can be called out in emergencies to supplement the regular force.

Norwood Inaugurates Village Branch UEFB

NORWOOD, Jan. 31 (ENS)—Delegates from the various organizations of the village were present at the first meeting of the U.E.F.B. which was held in the library.

Plans were made for a drive to be held in February.

Build New Tower For Christ Church

Plans for the erection of a new tower for Christ Church were discussed at the annual vestry meeting and a contractor is to be engaged for this purpose.

The meeting opened with a pot luck supper. Highlights from Rector F. W. Pooley's report were a visit of the Rev. Hugh Collier and the choir of All-Hallows Church, Toronto, in May and the confirmation service at St. John's, Emily, when 13 were confirmed by Bishop George Wells.

Treasurer reported an income of $2082.38 and all organizations had substantial balances. $463.67 was donated outside the parish. The office of rector's warden goes to R. F. Thorn; people's warden, George C. Stephenson; sidesmen, Ira Skuce, B. Hyland, W. Reeds, K. Atwell, Robter Skuce, and H. Sisson; lay delegate to Synod, A. W. Stephenson, sec'y-treas., Mrs. A. W. Jam 46 Arab Families Into Tiny Barrack Building

By MAX BOYD

GAZA, Palestine, Jan. 31—(AP).—Forty-six Arab families who fled Holy Land fighting now are jammed into a single barnlike building the size of a modest home. The 300 people who live in this former British Army barracks have hardly enough room to lie down. Families are separated from neighbors only by five-foot partitions of loose rocks and burlap bags. On frequent cold, rainy days the air is heavy with smoke from fires on the concrete floor. At night the refugees sleep on the floor protected to some extent by mats and comforters from Egypt.

This concentration of refugees is the heaviest observed by an Associated Press correspondent during a survey of towns and refugee camps in the Egyptian-held part of southern Palestine. Several other barracks are crowded almost as badly. Refugees also are packed into the cells of a former British prison and some are living in caves. Others, more fortunate, are sheltered by 2,450 tents supplied by the United Nations, the Egyptian army and the Red Crescent (the Arabic Red Cross). Homes in Arabic towns such as Gaza and Khan Yunis are bulging with additional thousands.

225,000 Refugees

Egyptian army representatives estimate there are 225,000 refugees behind the Egyptian lines in this part of southern Palestine.

The refugees on the southern front are less than half of the total for whom the United Nations has pledged $29,000,000 and actually advanced $5,000,000 until member governments contribute the larger sum. Estimates of the number displaced by the Palestine conflict range between 500,000 and 750,000. Most are Arabs.

Townspeople as well as farmers and Bedouin tribesmen are among the refugees.

Old people, children and pregnant women are numerous in every camp.

The refugees are living mainly on contributions from the Red Cross, the Red Crescent, the Arab Council and U.N. In the camps their principal food is half a pound of flour a day. In towns the flour ration is less.

Third World War Starts In Orient, Chennault Says

By J. REILLY O'SULLIVAN

NEW YORK, Jan. 31—(AP)—The United States is losing the Pacific war to Communist expansion and a third World War is in the making in the Orient, Maj.-Gen. Claire Chennault warns. But there's still time to do something about it in China, he says, despite Chinese Communist military victories that have forced Generalissimo Chiang Kai-shek's Nationalist regime near the brink.

Leader of the "Flying Tigers" against the Japanese, and since head of an airline in China, Chennault tells his story in the book, "Way Of A Fighter."

His old commander, the late Gen. Joseph Stilwell, and former State Secretary Marshall are singled out for soecial criticism.

A complete Communist victory in China, Chennault writes, could touch off other victories in southeast Asia, giving the Reds a string of bases from Saigon to Siberia. "Then the stage will be set for the unannounced explosion of World War III."

Wants Flank Secure

He seriously questions that Russian will make any more than probing skirmishes in Europe until her Asiatic flank is secure.

Insisting that it is not too late for effective action in China Chennault holds that United States military aid should be given top priority.

"It is certainly not impossible for a small force of stout men who know the terrain to apply the best of modern equipment against critical Communist weak spots and halt the advance in its tracks," he writes. "This would save the lower Yangtze Valley and south and west China as a base in which Chinese Nationalism could reorganize . . ." He apparently has in mind an air force such as he led against the Japanese invaders.

Gen. Marshall, who went to China in the fall of 1945 as a special representative, is blamed by Chennault or forcing a truce in the civil war at a time when the central government forces were winning.

Chennault declares that before Stilwell was relieved of his command he had "poisoned Sino-American relations for two critical years and hamstrung effective allied co-operation on the Asiatic continent."

ALL NATIONS—Twenty-one nations were represented at the University District Home and School Association's international concert at Montreal High School recently. The group shown here includes a Scottish lassie, Chinese girls, Greeks, Irish and others. The Canadian group was divided in two, with one section singing the national anthem and the other a French Canadian song.

British Colonies Will Assist Recovery Effort

By JAMES McCOOK.

LONDON, Jan. 31 — (CP). — British colonies, 45 in all, will make an important contribution to the success of European economic recovery under proposals framed in London.

They are expected to earn dollars, provide essential food and other supplies an an increasing scale, and, through their own governing bodies, co-operate in general plans for restoration of better world conditions.

In 1947 colonial exports to the United Kingdom were about $600,000,000 and by 1952-1953 should have risen to $980,000,000. Exports to the colonies from the United Kingdom should have risen to $1,000,000,000 compared with $930,000,000 in the fiscal year 1948-1949.

Surplus To Increase

Their dollar surplus is expected to increase substantially. It has run at the rate of about £150,000,000 in the present fiscal year.

A high proportion of colonial investment must be concentrated on basic services. These developments, for the benefit of the colonial peoples, cannot be subordinated to a "breakneck increase in food and raw materials production wholly designed for export," a United Kingdom White Paper said.

The program anticipates increased colonial production of peanuts in Africa to ease edible oil shortages which are world wide; colonial sugar production of 1,400,000 tons in 1952-1953 compared with 740,000 tons in 1948; a 100-per-cent gain in rubber production which earned about $180,000,000 in 1947.

Tin, copper, cobalt, bauxite, and lead all will be obtained in larger quantities with the prospect ready markets will be found.

Mount Allison Wins Top Drama Honors

SAINT JOHN, N. B., Jan. 31—(CP)—A staging of Eugene O'Neill's "Emperor Jones" by Mount Allison University players Saturday won top honors among New Brunswick entries in the Maritime Region Drama Festival here.

Adjudicator Robert Speaight said the Mount Allison performance and that of the Saint John Theatre Guild in George Bernard Shaw's "Dark Lady of the Sonnets" were in Dominion festival class.

Director George Stark of the Mount Allison group was awarded the festival cup by Lieutenant-Governor D. L. MacLaren of New Brunswick.

Mr. Speaight described "Emperor Jones" as "an extremely difficult play." There had been no "serious" flaw in acting but there were "serious flaws" in visual presentation.

A MOTHER may die unless You give blood

Of all Canadian women who die in childbirth, every fourth mother dies of hemorrhage. Three-quarters of these mothers can be saved . . . with but a small gift from you.

A great new civilian Blood Transfusion Service has been opened by the Canadian Red Cross. The object of this Service is to provide hospitals and the patients they serve with whole blood and plasma . . . FREE to be used for life-saving transfusions.

Volunteer donors are urgently needed to support this Service. After you register you will be asked to donate blood only twice a year. And each time you donate, you help save someone's life and restore that person to friends and loved ones.

Contact your local Red Cross Branch or Clinic and tell them—"Yes, please enroll me as a blood donor. I want to give blood to save someone's life!".

The Peterborough Red Cross Rooms, corner George and Brock Streets, will be open afternoons and evenings from Monday, January 31st, to Saturday, February 5th, both days inclusive, for the general registration of donors from the city and district.

Afternoons from 2.30 to 5.30
Evenings from 7.00 to 9.00 o'clock.

F. W. Moffat Industrialist Dies In Toronto

TORONTO, Jan. 31.—(CP). — Frederick W. Moffat, 83, vice-president of the Moffat Stove Company and one of Canada's leading industrialists, died Saturday. He was the father of Dr. Agnes Magee of Peterborough.

A noted designer of gas and electric cooking equipment, he was also keenly interested in foreign church missions. More than 50 years ago he sent specially-designed stoves to Canadian missionaries in India, China and Africa as gifts.

Born near Edinburgh, Scotland, Mr. Moffat came to Canada with his family in 1869. His father, the late T. L. Moffat, a journeyman founder, established his own foundry in a small barn in Markdale. It was in the converted hayloft of this machine shop that F. W. Moffat served his apprenticeship.

In 1883 the Markdale foundry began building coal and wood ranges and became known as the Moffat Stove Co. Frederick Moffat inherited his father's gift for craftsmanship and inventiveness.

In 1893 the Moffat family moved to Weston, where they established a plant site, with Frederick Moffat plant manager. The first framework buildings erected stood in the centre of the property on which is now located one of the largest range manufacturing plants in the world.

Designed Models

Mr. Moffat became keenly interested in the manufacture of gas ranges and originated, designed and built a line of models which were destined to bring fame to the Moffat Company.

When a high-temperature resistance wire was invented in 1909 Mr. Moffat was ready to apply the discovery to practical use. By 1913 he had developed one of the world's first successful electric ranges. Many of those first basic patents and designs are still in use today.

A friend of the late Sir Adam Beck, Mr. Moffat followed closely the development of hydro-electric power in Ontario and throughout the world. As low-cost power became available for cooking, he expanded the plant and proceeded to design and produce electric ranges.

After the First World War, Mr. Moffat designed and built some of the world's first commercial ranges, bake ovens, griddles and toasters. He is credited with designing and building with his own hands, the first industrial electric furnace for porcelain enamelling in Canada and probably on the continent.

His inventions were legion. In addition to the devices developed for the products which his company manufactured, they include hundreds of gadgets — many of which were marketed but reserved for the use of his family and friends.

Hospital Invention

Long before central vacuum systems were in use in hotels and hospitals, he had installed a cleaning system with an outlet in every room in his home. Electric and gas hot water system, electric heaters, were among his early inventions.

Many years ago, he developed the electric paraffin wax bath for therapeutic treatment which has become standard equipment in many Canadian hospitals.

Applying himself to the fields of agriculture and horticulture, he came to be regarded as an authority on organic plant life.

He is survived by his widow; two sons, Bryce and James, and two daughters, Dr. Magee of Peterborough, and R. A. Irwin of London, Ont.

Refuses To Resign

PORT STANLEY, Jan. 31—(CP)—Chief Constable C. E. Hilliard, said Sunday night he will not resign his position despite a written request Saturday from the village council asking his resignation by Monday. Chief Hilliard came here last September from Thorold.

ALL OVER CANADA and the United States the winter to date has been characterized by glassy road surface and consequent treacherous traffic conditions. And the weatherman warns that Quebec is in for a taste of the freezing conditions which have obtained in the West and Ontario during the last few days. As far south as Texas the winter storms have raged, even to halting rail traffic. Workmen here here attempt with poles to push telegraph poles, heavily weighted with ice, away from train tracks near Dallas. Traffic over the line was brought to a standstill until the poles and lines could be cleared from the right-of-way. Two days of sleet and freezing rain caused extensive damage in this area to power and communication lines.

World News In Brief

Taken from Wires of Canadian Press

NORTH BAY — Rev. M. N. Omond, 65, pastor of St. Andrew's United Church, died of a heart attack. Born in London, Ont., he was a graduate of Queen's University, Kingston, in arts and theology. He was the United Church representative for Northern Ontario on a commission appointed to discuss union with the Anglican Church.

TORONTO.—David Croll, Liberal member of Parliament for Toronto-Spadina, charged the Canadian medical profession was "actively working to discourage the entry of refugee doctors into Canada. The charge was promptly denied by Dr. William Magner, president of the Canadian Medical Association. Mr. Croll told a meeting of the Jewish Immigrant Aid Society that Canada has a perpetual shortage of doctors and that "professional discrimination" could not be justified.

HAMILTON. —Police rounded up a gang of seven teen-age youths, five of them juveniles, during the week-end and charged them with a series of breakins and thefts in the Westdale district. A total of 64 charges were laid against the youths, ranging from 11 to 18.

VALLEYFIELD, Que.—Damage estimated at $100,000 was caused when an early-morning fire, believed to have been caused by an over-heated stove, raced through the J. O. Clairmont, Ltd., door and window factory here. No one was injured.

CHICAGO.—The Chicago local of the International Typographical Union (AFL) voted to end its prolonged strike against the Hammond, Ind., Times. It was the first break in the strike against five Chicago newspapers and the Hammond Times begun 14 months ago. However, a union spokesman said the agreement would have "no effect whatsoever" on the Chicago dispute.

LETHBRIDGE, Alta.—Plans for wide-scale immunization of children in Southern Alberta were speeded up as diphtheria claimed its second victim during the week-end. Jane Derkson, eight, of Coaldale, Alta., died.

QUEBEC.—Labor Minister Antonio Barrette said withdrawal of Quebec's Draft Labor Code is "in the domain of possibilities." The statement of the minister was the first hint from official government authorities that the project may be put off until next year.

TORONTO.— An Estonian immigrant couple here said they have all but abandoned hope for the safety of 40 refugees who reported nearly six months ago they would attempt the Atlantic crossing in a small boat. Mr. and Mrs. Isaac Tikkis said they received a letter from Tikkis' brother, then in Portugal, last August saying the group would leave for Canada shortly on the second leg of its voyage to Canada. Since then, there had been no word from the refugees.

25 Greeks Fined

ATHENS.—A tribunal assessed fines totalling $2,450,000 against 25 Greeks and foreigners convicted of being members of a currency smuggling ring. The defendants were sentenced to prison terms ranging from one month to three years. They were found guilty of smuggling $1,176,000 in foreign currency from Greece.

TOKYO, Jan. 31.—(AP). — United States occupation headquarters announced 260 Japanese war criminals convicted in China are being transferred to Japan for imprisonment at the request of the Chinese Government.

TOKYO.—A mild earthquake shook Tokyo Sunday night. No damage was reported.

PEIPING.—For several anxious hours Peiping residents thought fighting between the Communists and the Nationalists had been resumed. But it was only some troops firing rifles to express their annoyance at not receiving one silver dollar apiece —which they had demanded as a Chinese New Year bonus.

BERLIN. — Taegliche Rundschau, Russian Army newspaper in Germany, says about 30,000 German prisoners of war will be repatriated in February. Allied and German sources estimated Russia still holds more than 200,000 German war prisoners.

TOKYO. — Japanese Socialist party leaders firmly rejected a Communist bid for a coalition against the recently-elected Conservative party government. Socialist leaders said they wanted no part of a Communist policy of "confusion and destruction" in the rebuilding of Japan.

TOKYO.—The bodies of Miles W. Vaughn, 58, United Press vice-president for Asia, and Maj. Thomas R. Haddock, of the Army Dental Corps, were recovered. The two Americans, along with three Japanese, drowned Sunday when a small sampan capsized in Tokyo bay.

Severely Burned

TORONTO.—Mrs. Annie Catton, 62, was severely burned when her dress caught fire as she tried to extinguish a fire at her home here. She was dragged from the house by neighbors who tore off her flaming clothing. Her condition is reported to be improving in hospital. The fire did approximately $500 damage to the house.

PORT CREDIT.—Bernard MacDonald, 19, got back only useless pieces of bills from a robber who had taken $14 from him. Although the thief made a pretence at being armed, MacDonald attacked him with a tree branch and thought he had recovered his money when the man handed back the torn bills.

NIAGARA FALLS. —Members of the fourth, fifth and sixth generations of Thomas MacMicking, who came from Scotland to found the Presbyterian Church at nearby Stamford in 1784, worshipped in the church on the church's 165th aniversary. The church is the oldest in Upper Canada built by popular subscription.

BROCKVILLE. — The tourist publicity office here reports the receipt of numerous inquiries for information and literature from South American countries, a part of the world which previously had been seldom represented amongst tourist enquirers.

KINGSTON.— Kingston police have launched investigations into three reported assaults on Kingston women within the last few days. Street lights are being left on until 6:45 a.m. instead of 5 a.m. in an effort to cut down on the assaults, which have occurred on dark streets.

HAMILTON.—Meanest thief of the week-end was one who entered the home of Howard Large here and looted three piggy banks of approximately $13.75. Entrance was gained by forcing a cellar window.

Clark Gable Enthusiastic On Television

By BOB THOMAS.

HOLLYWOOD, Jan. 31 (AP)—Clark Gable was on the telephone in his dressing room, giving detailed instructions on a cabinet he wanted built.

"It's for my television set," he explained afterwards. "It is an ugly-looking thing and I want to fix it to go with the rest of the furniture."

"You mean you look at television?"

"Sure. Look at it every night. It's great."

Coming from the king of the movie industry, a competitive medium, this smacked of treason.

"I get a big kick out of watching the fights, wrestling and hockey on it," he added.

I boldly suggested a time might come when Gable could be viewed on television screens.

"Sure. Why not?" he answered. "I've been reading about a new device whereby you call the telephone company and tell them what movie you want that night. Then you invite some friends over, have dinner go in the living room, turn on the television set at the appointed time and you see the movie. The telephone company sends you the bill at the end of the month.

"That's it, brother."

"What is this new system going to do to Hollywood, if it comes about?"

Problem For Theatres

"Hollywood does not have to worry. It can still make movies, but for television. It's the theatres that will have to worry."

The Chapter voted some money to the Provincial Maintenance Fund and also to the Canadian Legion.

Three new members were received into the Order: Mrs. W. J. Turner, Mrs. W. Chamberlain and Mrs. Roy Nevins, and three applications for membership were accepted.

Mrs. Baskin and Mrs. Waddell were hostesses at tea and were assisted by Mrs. George Bitten, Mrs. F. Kempt and Mrs. P. Kempt. Mrs. Goheen presided at the tea table.

15 Fatalities Recorded Over Weekend

By The Canadian Press

The stabbing of a young Toronto man was among 15 weekend fatalities recorded by the Canadian Press across eastern Canada.

Eight of the deaths were due to traffic mishaps.

George W. McDonald, 27, was found fatally injured in his Toronto home and police charged his 25-year-old wife, Grace, with murder. The couple have a two-year-old son.

Near Timmins Jan Antoni Joworski, 36, was killed by a rock fall in the Hollinger mine. At Port Arthur two aged men, Leo Desbien, 74, church caretaker, and Wesley Hamilton, about 70, were found dead of carbon monoxide fumes in a church furnace room.

George McGuire, 46, of no known address, died in hospital at Hamilton Saturday from injuries received when he either fell from a train or was struck on the railroad tracks.

Baby Dies

At Ottawa two-year-old Hollace Collins, daughter of Sgt. C. L. Collins of the city police, died Saturday night and an inquest will be held to determine whether death was due to burns suffered when her bed was ignited by a small grill used to heat a respiratory medicament. The blaze started while the child was in a steam tent but hospital authorities said the child died of croup.

Joseph Guy Lafontaine, 22, was killed and six persons injured when a motorbus collided with a car near Masson, 25 miles east of Ottawa, late Sunday.

Immigrant Killed

Dal Holdthusen, an English immigrant, was killed Saturday night when his car collided with a truck at Toronto. At Woodstock Jonahan Fletcher died in hospital from injuries received in a car accident Jan. 17, and Conrad Weingart, 73, died in hospital at Walkerton from injuries received when hit by a car Saturday night.

Another car - truck collision killed Oscar Edward Melvin, 68, at Dartmouth, N.S., while Byron Howard, K.C., 44, was fatally injured at Ottawa Saturday night when his car collided with a streetcar.

The drowning was that of Ernest Baird, 32, whose truck broke through the ice of the Ottawa river at Quyon, Que., 30 miles west of Ottawa. This accident indirectly led to one of the traffic deaths when a car driven by Baird's relatives struck and fatally injured Michat Lotocki of Britannia Bay, a farm hand walking across the roadway.

Find $500,000 Treasure

AKRON, O., Jan. 31—(AP)—In the hotel room of an aged woman recluse, administrators of her estate Saturday found a treasure worth more than $500,000. Under police escort, they removed it to a nearby bank. Wrapped in an old newspaper on the floor of a closet was $300,000 in government bonds. In an old sugar sack stuffed in the corner of a dresser drawer was a small fortune in diamonds, rubies, pearls and jade. An old trunk yielded $20,000 in stocks and a bank book showing assets of $15,000.

Telephone Man J. Esterbrook Dies

A veteran telephone man who witnessed expansion of the industry since its early days, John Percival Esterbrook, died in Toronto on Tuesday (January 25) after a prolonged illness.

Mr. Esterbrook was a native of Peterborough, and retired from The Bell Telephone Company of Canada in 1947 after more than 49 years' service. During that time he saw telephone history in the making and was among those who laid the groundwork for the introduction of dial telephone service in Toronto in 1924.

He started his career as an installer, and then held many responsible posts in the plant department. Subsequently he served as plant superintendent in the Toronto's south, north and finally east districts, and held the latter position at the time of his retirement.

A well-known golfer and an ardent fisherman, Mr. Esterbrook was also extremely active in the Telephone Pioneers of America, in which he was chairman of the Algonquin Council in 1938-39. He is survived by his widow, the former Sadie M. Sweetman, and a son, Leonard.

New President Leads Bethany WMS Meet

BETHANY, Jan. 31 —(ENS)— Women's Missionary Society of the United Church held its January meeting at the home of Mrs. J. Milby and Mrs. B. Taylor. Mrs. T. J. Jackson, the newly elected president took charge and the theme was "Thy Kingdom Come through the Teaching Ministry of the Church".

Mrs. Clarence Rowan and Mrs. M. Finney read several passages of scripture. Watch Tower Heralds who took part were Mrs. Taylor reporting for China, Mrs. Rowan for Africa and Mrs. Waddell, Korea. Mrs. Jackson read extracts from the Missionary Monthly written by Mrs. Stella Self, urging the strengthening of Home Bases by enlisting new members, more prayer, more hard work and unity.

The society ordered 30 programs for the World's Day of Prayer. Mrs. Waddell offered her home for quilting during the coming month. The fourth chapter of the Study Book "West of the Gorges" was given by Mrs. Waddell, which dealt with the life and work of Dr. Stella Ching and her associates. Fees amounting to $4.50 and a collection of $4.30 were received. The hostess served refreshments.

Develop New Fever Thermometer For Detecting Mental Illness

By ALTON L. BLAKESLEE

BOSTON, Jan. 30—(AP).—A grade of zero is perfect on a new kind of "fever thermometer" for detecting mental illness. The zero means you're normal. This "thermometer" is a rating scale in the form of a chart. It indicates by a number how sick a mentally ill person is. It's not unlike a thermometer that tells how high your temperature is above normal.

It's something new and hopeful in the evaluation of mental illness. It tells more accurately whether a person is getting better or worse, and how effective any treatment has been. It may help in learning how important chemical changes in the body may be in causing mental illness.

The chart is called the worcester rating scale. It was developed and is being used by Dr. William Malamud, Professor of Psychiatry at Boston University School of Medicine, and Dr. S. L. Sands, research director of Worcestor State Hospital.

Unless you have an obvious mental illness, you would score zero on this scale. You'd get a zero even if you are slightly neurotic, as most people are.

Not Too Specific

The reason is because the thermometer starts with a zero of what is normal or you. There's no attempt to say what "normal" is for everyone.

A person's normal mood is one of the 22 different items that Dr. Malamud checks on his chart. Others are appearance, sleeping habits, awareness, thought processes, speech and memory.

Dr. Malamud first learns what had been normal for the mental patient in each of the 22 items before he became sick. Then he judges how much the person varies from his own normal level, and puts down a number, from one to seven, for the degree of variation.

If the optimist is still only an in mood. But if he's changed into a pessimist, he gets one. If he's optimist, he rates a normal zero swung away over into exhilaration or deep depression, he might get a score of six or seven.

Each of the 22 items is scored in this way. The total score—whether 40, 76 or 100 or more—is simply a measure of how sick he is.

Mental illness brings subtle chemical changes in the body. They can be found by testing the body fluid, much as the blood.

The chart offers a new way of learning what these changes mean, and whether they may be a cause in the illness can be measured more accurately against any changes in the body chemistry.

Bancroft Man Reports New Uranium Strike

What may prove to be a new uranium strike, the closest to date to Peterborough, was located past June by Arthur Shore of Bancroft. The ground, covering 1600 acres and leased from settlers lies five miles west of Bancroft in Faraday township, just east of Paudash Lake.

Mr. Shore prospected the area for several months early in 1948 before locating the section described above, in June. The strike appears to run north-east to south-west and where there is little or no overburden on two hills, a fine veinlet formation appears to cover width from ten to 30 feet. There is considerable overburden in the valleys to the extent that by late fall it was not possible to trench through it to bedrock.

Provincial laboratory analysis of bulk channel samples, according to Mr. Shore, show the rock content to contain a considerable quantity of uranium oxide. He hopes it may prove to be a commercial ore body. There has been no activity on the property since December when cold weather prevented further surface sampling.

Several prominent mining engineers have visited the property and Mr. Shore said that they consider it worthy of immediate further development. He hopes to make the necessary financial arrangements to start a diamond drilling program in the spring.

A prospector of eight years experience in Southern Ontario, Mr. Shore at one time operated a Feldspar mine in the Monteagle valley, northeast of Bancroft.

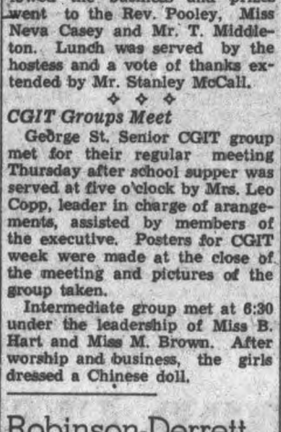
The marriage took place at the parsonage of St. James United Church of Violet Viola Derrett of Peterborough and John Frederick Robinson, youngest son of Mr. and Mrs. Geo. W. Robinson of Otonabee. The Rev. F. W. Craik officiated.

The bride wore an afternoon dress of sheer white silk with hat and veil to match and a corsage of red roses. Twin sister of the bride, Miss Vera Derrett as bridesmaid was in pink nylon with white hat and veil. Her corsage was of pink roses. The groom's brother, Mr. Allan Robinson, was his attendant.

A reception was held at the home of the groom's sister, Mrs. Gordon Robinson, Otonabee, after which the couple left on a short motor trip. Mr. and Mrs. Robinson will reside of Walnut St., Peterborough.



MRS. SAM CARR, who was arrested in New York recently on a deportation warrant and sent to Ellis Island for detention with her husband.

Diocesan Council Makes Plans For Next Quarter

Diocesan Council of the Catholic Women's League held the quarterly meeting in St. Mary's School, Peterborough, Saturday afternoon with good representation from city and district subdivisions. Miss Agnes Grant, president, presided.

His Excellency, Bishop Gerald Berry, attended and discussed with members the work being done for new Canadians.

Arrangements were made for the annual essay contest for Grades 8 and 9 pupils and the third annual diocesan scholarship toward university studies.

National Health Week and the Red Cross Blood Donor campaign were called to the attention of members with a request for co-operation.

Reports from the national convention of the Catholic Women's League held in Calgary in November were summarized and an appeal made by the president that the CWL in each subdivision sponsor some spiritual exercise during the Lenten season.

Afternoon tea was served by members of St. Peter's Cathedral subdivision after the meeting.

Mildred King Wed at Havelock

HAVELOCK, Jan. 31—(ENS)—The marriage of Mildred Florence King, daughter of Mr. and Mrs. Horace King of Belmont Lake to James Albert Howe, son of Mr. and Mrs. Albert Howe of Belleville took place on Saturday, Jan. 29 at the parsonage of Havelock United Church. Rev. F. R. Vanderburgh officiated.

The bride wore a navy suit with grey top coat, grey shoes, navy hat, gloves and purse.

Miss Audrey Buchanan of Havelock was bridesmaid wearing a gown of navy moire taffeta with bronze accessories. Both wore a corsage of red roses. Mr. William Ward of Belleville was best man.

Following the ceremony a reception was held at the home of the bride's parents where a buffet lunch was served with Mrs. A. Dafoe and Mrs. C. Ellis pouring tea. Serving were Misses Noreen Pollock, Patricia Lockhart and Thelma Dafoe and Mesdames J. Scott and A. Anderson.

The bride's mother received wearing a grey crepe gown with black accessories. She was assisted by the groom's mother, wearing a black gown with matching accessories. They wore similar corsages of pink roses.

Later the bride and groom left on a trip to Toronto and points west, the bride travelling in a gown of blue moire taffeta with grey coat and navy accessories. They will reside in Belleville.

Among the guests were: Mr. and Mrs. L. Sweet, Mr. and Mrs. Ray Howe, Mr. and Mrs. Albert Howe, Mr. W. Ward and Mrs. Grace Wood of Belleville; Mr. and Mrs. George Morrow, Mr. and Mrs. George Lowry and Mrs. Ethel Dupew of Toronto; Mr. and Mrs. M. Barton of Madoc; Miss I. Watson of Stirling; Mr. and Mrs. R. J. McCutcheon, Mr. and Mrs. John King, Mr. and Mrs. Lyle King and son Larry, Mr. and Mrs. Roy Forbes, Mrs. Ezra King, Mr. and Mrs. James H. Toms, Mr. and Mrs. Percy Miller, Miss Shirley Miller, Mr. and Mrs. K. Andrews, Mr. and Mrs. W. Towes, son Stanley and daughter Bessie, Mr. and Mrs. Clarence King, daughters Evaline and Darline, Mr. and Mrs. Gavin Buchanan, Mr. David Morrow and son Irvin and Mr. George Jones of Havelock.

SKATING STAR SONJA HENIE unhappily wrings her hands beside her almost empty closet. She lost two mink coats valued at $28,000 that were stolen from her Hotel Pierre suite in New York City. Miss Henie said she thinks thieves were actually after her jewels, which were deposited in the hotel safe.

Couple Wed Here Come From Saskatchewan

A pretty wedding was solemnized Saturday afternoon in Knox United Church when Patricia Joan McArdle became the bride of Kenneth Ralph Pyche. The bride is a daughter of Mr. and Mrs. J. McArdle of Prince Albert, Sask., and the groom a son of Mr. and Mrs. R. W. Pyche, also of Prince Albert. The Rev. H. G. Douglas performed the ceremony.

The bride wore a gown of white satin with fitted bodice featuring a nylon net inset at the neckline with lace-edged frill and lily point sleeves. Her veil of white embroidered net was held in place with a white flowered headdress and she carried a bouquet of red roses.

Miss Ramona McArdle attended her sister, attired in pink taffeta, styled with low neckline, short sleeves and a full skirt with bustle effect. Her headdress was of pink flowers and she carried a bouquet of pink carnations. Mr. Edward Pyche was groomsman for his brother.

A reception for immediate relatives was held afterward at the home of the groom's sister, Mrs. G. Bronson. A three-tier wedding cake sent by the bride's mother from Prince Albert centred the table. A long distance telephone call was also received from the bride's family in Saskatchewan.

After a short honeymoon, Mr. and Mrs. Pyche will reside at 337 London St., Peterborough.

Silver Horseshoe Given Couple After Wedding

HAVELOCK, Jan. 31 (ENS)—The marriage took place in St. John's Anglican Church, Havelock on Saturday, January 29, of Helen Dorothy, daughter of Mr. and Mrs. Harry G. Revoir, Havelock to Kenneth John Campbell, son of Mr. and Mrs. A. Campbell of Hillier. Daffodils and ferns formed a beautiful setting for the ceremony which was performed by Rev. P. A. Rickard.

The wedding music was played by Mrs. Donald Kirk and the soloist Mrs. John Beatty of Havelock sang "Because" before the ceremony and "I'll Walk Beside You" during the signing of the register.

The bride, given in marriage by her father, was gowned in heavy ivory satin, fashioned with slim, moulded bodice, low square neckline and long sleeves coming to a point over the hands. The gently flaring skirt was softly pleated in the centre front and back panel, falling in a fan-shaped train. A deep band of satin gave a peplum effect to the waistline forming a pouff bustle back. A beaded crown headdress held her full-length embroidered silk veil. She carried a cascade bouquet of Bettertime red roses.

Mrs. Gerald Mulligan of New Toronto, sister of the bride, was matron of honor gowned in frosted turquoise moire with matching headdress of tulle illusion and carrying a nosegay of spring flowers.

The bridesmaids were Miss Helen Clarke of Havelock, Miss Lois Carson of Frankford and Mrs. Cecil Revoir of Toronto, the latter a sister-in-law of the bride. They were gowned alike in frosted moire in pastel shades of mauve, yellow and green respectively with matching headdresses of tulle illusion and carried nosegays of spring flowers. Little Charilyn Mulligan of New Toronto, niece of the bride, and Carolyn Clarke of Havelock, flower girls were frocked alike in pastel peach and blue moire respectively with poke bonnets and carried muffs with corsages of roses.

Mr. Clare Campbell of Bloomfield, brother of the groom, was best man and the ushers were: Mr. Donald Revoir of Havelock, Mr. Cecil Revoir of Toronto, brothers of the bride, and Mr. Gerald Mulligan of New Toronto, brother-in-law of the bride.

In keeping with a Scottish custom the bride's little cousin David Campbell from Scotland, presented the bride and groom with a silver horseshoe, a "good luck" token as they were leaving the church.

Following the ceremony a reception was held in the church banquet room. The bride's mother received wearing a gown of London mist crepe with matching accessories and a corsage of pink carnations. She was assisted by the groom's mother who wore a gown of birch grey crepe with matching accessories and a corsage of white carnations.

Later the bride and groom left for a motor trip through Quebec, the bride travelling in a gown of Victorian blue brocaded crepe with mouton coat, matching hat, and a corsage of red roses. They will reside in Toronto.

Guests were present from Frankford, Hillier, Wellington, Belleville, Toronto, Campbellford, Peterborough, Cobourg, Bloomfield and Nipiwan, Sask.

DOROTHY DIX

Mother May Break Marriage If She Lives at Son's Home

DEAR MISS DIX: I am a man of 26. Have been married three times which were very happy ones until mother came to live with us. Since then my wife and I have had quite a lot of trouble. My wife says that before we go so far as to get a divorce she would like very much for us to try to live by ourselves again and see if things are not better, as we have a baby and would like to make a success of our marriage.

Dorothy Dix

I love my wife very dearly and I am sure she loves me. We have had a talk with mother and told her that we would like to live by ourselves; but she got very angry and said a lot of cruel things and cried for two or three days, so we are back where we started. She has a home to go to, but doesn't want to live by herself, and thinks we have done her a great wrong by telling her that wanted to live by ourselves. She is 55 years old.

What should we do under the circumstances?

WORRIED HUSBAND

✧ ✧ ✧

ANSWER: The recipe for making a happy marriage is for the husband and wife to live by themselves. This is not only a preventive of divorce, but a sure cure for domestic brawls. Every young couple who get married have to go through the adjustment ordeal. If they are human, they are bound to have their little spats, which amount to nothing. If they are alone, they kiss and make up and all is forgotten and forgiven.

Different Story

But if mother and father live with the young people, it is a different story. The parents feel that they have a right to run their children's lives, and when John resents father-in-law's laying down the law to him and Sally weeps over mother-in-law's criticism over everything she does, trouble begins.

There are, of course, conditions which make it imperative for parents to go to live with their children, and in such cases it is the bounden duty of sons or daughters to make their father and mother as happy as they can. But there are innumerable other cases, like yours, in which it is just sheer selfishness that makes a rich mother and father wish themselves as unwanted guess on their children.

The excuse that these mothers make for foisting themselves on their children is that they are lonesome; but this need not be for no one has to be lonely or bored in a world that is filled with exciting happenings.

Of course, parents do not mean any harm to their children when they camp down on them, but there would be a lot more happy marriages if father and mother didn't go to live with their children when they got married.

✧ ✧ ✧

DEAR MISS DIX: I have been a widower for nearly three years. By accident I ran across an old girl friend, whom I thought dead. Soon afterward I received a letter from her. Should not I have written first, as I knew her address and she did not know mine? I wrote her a friendly letter, not expecting to hear from her again, but she answered almost by return mail asking me to come to see her. I do not care to marry after having had a loving and devoted wife for nearly 50 years.

PUZZLED WIDOWER

✧ ✧ ✧

ANSWER: I do not think you need be puzzled by the lady's action's. They are as plain as the nose on your face. She is on the husband hunt and is hot on your trail, if you don't watch out she will get you.

I do not think that a man of your position and intelligence, and particularly one who has the sacred memory of a wife who was all the world to him, would be happy married to a woman who shows so plainly that what she is after is a meal ticket.

My earnest advice to you is not to answer this predatory lady's letters—not even one, if you wish to escape.

✧ ✧ ✧

DEAR DOROTHY DIX: Why is it that when a boy makes a date with a girl, he stands her up? Is it possible for a boy to fall in love with a girl on their first date? Should she believe him, or is he just putting her to a test?

E. M. L.

✧ ✧ ✧

ANSWER. Very few boys are so ill bred that they break a date with a girl without any good reason for doing so. You must have gotten hold of some heels instead of gentlemen.

A boy may be attracted to a girl by her good looks or by her being interesting or having a charming manner, but that isn't love. However many boys have a line that they hand out to every girl they go out with. They say: "Beautiful, where have you been that I have never seen you before?" Or: "Angel Face, I knew the first time I saw you that you were my predestined mate." It's sweet talk, but no sophisticated girl even takes it seriously, nor does the boy mean a word he says. Love at first sight is a myth.

Directions

According to my butcher, calves' hearts have become so popular that he cannot keep them on hand. A fast meal that my family enjoys is calves' heart, covered with a can of condensed mushroom soup and baked at low temperature until tender.

Because I had to many leftover cooked vegetables in my refrigerator I bought a small piece of beef shank and made soup this week: I added 1½ quarts water to the shank, put it on to boil with 2 teaspoons salt, ⅛ teaspoon pepper and a bay leaf, and then I began to add vegetables; 2 tablespoons each lentils, rice, white beans, barley; later I added carrots, cabbage, onion, tomato, celery, and some canned peas, and a little leftover turnip. I fished out the bones and bay leaf, and added a little more salt at the end of 4 hours simmering. It was very satisfactory and filling. Not an elegant soup, but the kind hungry children enjoy.

I realize that the boiled pork hock and lima bean idea is not very unusual but it is so good and so easily prepared that I wonder we do not have it oftener. A bay leaf is good in this too—plus salt and a little extra pepper. If the beans are soaked overnight they do not require as long cooking as the hocks, which need about 3½ hours.

Red Cross Asks Support For Hospital at Apsley

APSLEY, Jan. 31—(ENS).—The annual meeting of Apsley branch of the Canadian Red Cross Society was held in the Parish Hall recently. Mrs. La Barge, nurse-in-charge, reported 72 admissions, 25 X-rays, 226 out-patients, 18 births, 33 minor operations and 239 home visits. In the 12 schools visited, 329 children were inspected and 203 children were innoculated against tetanus, whooping cough and diphtheria; there had been 96 vaccinations. As many as 37 babies had been seen at six clinics.

Mrs. Ray of Peterborough Branch, who has worked untiringly for the benefit of Apsley hospital, said that the volume of work in the past 1½ years since the Hospital was enlarged and renovated, justified the effort.

She referred to the nnurses in charge. Mrs. V. Downey and Mrs. V. Card, Mr. and Mrs. George Woodbeck who were in charge during the renovation period, the present nurse in charge, Mrs. LaBarge and the housekeeper, Miss I. Gibson.

Water—especially in the proper place—seemed too be the big difficulty, but a driller was working at this problem.

Mrs. Ray outlined the work of the Peterborough city and County Dental Health Association in laying ground work for dental coaching. On May 13, 13 dentists and their secretaries visited 12 schools and made lists to be given to Dr. Froud to assist him in his work in the dental coach.

"We owe these men a deep gratitude for their interest and generosity in giving their time and skill so freely," Mrs. Ray said. One of the highlights of the occasion was the supper served in the Parish Hall by the women of Apsley branch. The results were gratifying as the parents had cooperated. The children in many schools had been attended to, and the coach will remain until the work is finished.

Must Retain Doctor

The Community Doctor Service has been in operation since May 1947 and has been of great benefit to the district. Dr. J. C. M. Fetterly has been at the hospital since that time. "We feel sure he has done excellent work and one would be loath to have him leave," Mrs. Ray said. She stressed in order to keep Dr. Fetterly or any other doctor, thus making the hospital of more value to the community, everyone must cooperatie with Apsley Board "in signing up families and individuals in greater numbers. It was necessary to start now for a better registration by May 1, she said.

Mrs. Ray said on behalf of herself and Mrs. Hooper, that they had enjoyed working with members of the Board and expressed the hope of the Peterborough Branch that the hospital will continue to be a health centre for the community.

In the absence of the president, Mr. M. H. Wilson, vice president Herbert Tucker presided. Mrs. Rol. Tucker was secretary.

The treasurer's report showed the branch in good standing.

The secretary reported eight regular and one special meeting with an average attendance of 10 members. A nutrition course, sponsored by the local branch, was held in September. Lecture demonsrations were given by Miss Reed, division staff nutritionist. Total registration of two groups was 49 of which 25 received certificates of 100 per cent attendance.

Free dental care is given to boys and girl attending public schols in Burleigh, Anstruther and Chandos under supervision of the junior Red Cross branch of Ontario division.

All officers were re-elected as follows:

Honorary presidents, Mr. and Mrs. Gordon K. Fraser; honorary member, Mrs. J. Downing; president, N. Wilson; vice president, Herb Tucker; secretary, Mrs. Rol. Tucker; treasurer, Mrs. M. C. Tucker; executive, Mrs. A. Ray and Miss Dix of Peterborough; Mrs. Stewart Brown, Mr. and Mrs. W. Lean, Mrs. W. Church, Mrs. Theo Wilson, Mrs. T. H. Lean, the Rev. C. A. G. Spence, Dr. Fetterly, Mrs. LaBarge, Don Hester, Norman Lean, Mrs. Ray Harvey, Mrs. Theo Post, Mrs. Ray Doxee, Mrs. D. Newberry, Mr. and Mrs. George Woodbeck, PPC. Bert Howden, Henry Edwards and Dan Whitmore.

By MARY MOORE

QUESTION: There is a recipe for using condensed milk and a square of chocolate to make macaroons. You do it in a double boiler. Would you send me this? If it is not asking too much I would also like the recipe for the lemon filling made with condensed milk.

A. O'Hare.

✧ ✧ ✧

ANSWER::

Cocoanut Chocolate Macaroons (with condensed milk)

In top of double boiler place 2-3 cup condensed (sweetened) canned milk with 1 square cooking chocolate; heat until chocolate is melted, remove from heat and stir in at least ¾ lb. shredded cocoanut or more if mixture will take it up. Sift ½ teaspoon baking powder over it and stir this in well. Drop by teaspoonfuls on buttered baking sheet. Bake at 325 deg. Fahr. for about 12 minutes.

Lemon Pie Filling (with condensed milk and uncooked)

Stir together in bowl 1 15-oz. tin condensed (sweetened) milk, ½ cup lemon juice, 1 teaspoon grated lemon rind, 2 egg yolks. When well mixed pour into baked pastry or crumb shell. Add ¼ teaspoon cream of tartar to the remaining 2 egg whites and beat until stiff, then add 3 tablespoons sugar gradually, beating until very stiff. Spread over the pie filling. Bake meringue at 325 deg. Fahr. until lightly browned.

✧ ✧ ✧

QUESTION: Is there a coffee blanc mange? I have a friend who is crazy about anything coffee-flavoured. I thought I would make a coffee flavoured dessert that could be made ahead of meal time, when she came. Mary Jane.

Coffee Spanish Cream

Mix 4 tablespoons finely ground coffee with 1 tablespoon gelatine, then stir in 1¼ cups whole milk and heat together over low heat until boiling. Strain through cheesecloth over 2 beaten egg yolks which have been mixed with ¼ cup sugar and ¼ teaspoon salt. Return all to double boiler and stir and cook until thin coating forms on spoon. Beat 2 egg whites stiff then pour the custard over them stirring, to blend. Pour into mould on individual moulds to chill. Serve with cream or whipped cream.

✧ ✧ ✧

QUESTION: You remember those tomato dumplings you mentioned? Well I made them and cooked them on top of some beef and vegetable soup I had made. The soup was so thick and there were enough pieces of shin beef through it, that I place a large dumpling in the centre of each dinner plate, picked up some pieces of meat for each plate, then with my slotted spoon lifted out some of the vegetables and it made our whole dinner, and it was very good and very much of a change for us. You mentioned braising shin beef. Would you tell me how to do this?

Charley's Aunt.

✧ ✧ ✧

ANSWER:

Braised Shin Beef

This is a tough cut and must be cooked slowly with added liquid.

Sprinkle a 3 or 3½-lb. piece of boneless shin beef with flour which has been salted and peppered—dredge the cut inside surfaces too. In bottom of deep kettle place about ½ cup fat salt pork dice or chopped side bacon, and simmer until tried out. Put in prepared beef and sear on all sides over high heat. An addition now of 1 cup each diced celery, carrot and onion are good. Add 1 cup boiling water, cover tightly and cook 4 hours in oven of 250 deg. Fahr. or simmmer until tender. If necessary add boiling water. If desired thicken gravy with paste of 2 tablespoons flour mixed with ¼ cup cold water and add about 8 small potatoes, cut in halves. Cook until potatoes are tender. It is a pot roast if it is cooked on top of stove; braised if done in oven.

Robson Named To Team For Golf Clinic

TORONTO, Jan. 31—(CP)—Ontario golfers will have the opportunity this Spring to start their 1939 season off with a bang and at the same time learn a few points on the game from some of the continent's greats.

Details of the occasion—a monster golf rally to be held indoors March 23—were given Saturday to officials of the Ontario Golf Association at their annual meeting here.

Phil Farley of Toronto, Ontario amateur champion, told the association, following his election as president, that Horton Smith of Pinehurst, N.C., former United States Open and Amateur champion, will address a dinner gathering and later join a six-man Ontario golf-expert team for a one-hour instructional clinic.

The six will be Bob Gray, Jack Littler and Joe Noble, of Toronto; Clair Chinery of Hamilton; Lloyd Tucker of Kitchener; and Lex Robson of Peterborough.

The rally will be limited to 950 persons and will be held during Toronto's annual sportsman's week.

Golf Highlights

The association learned also of several other golf highlights.

Among them were:

1. The handicap table has been extended from 32 to 36 and a new standardized system of handicapping now is in force.

2. Junior age limit has been reduced one year to 18 years.

3. The OGA's and Royal Canadian Golf Association's "dollar per year" membership collection plan, begun during 1948, is allowing both organizations to extend their activities, among them increased concentration on the development of junior golfers.

Twenty-seven directors were named to OGA's board. They include: Robert Abbott, Peterborough; A. L. Code, Perth; H. W. Davis, Kingston; Geo. A. M. Edwards, Galt; Lt.-Col. G. R. Johnston, Brockville; John P. Kinghorn, Font Hill; Duncan E. MacDonald, Cornwall; W. J. McGibbon, Kitchener; W. D. Powell, Brantford; and Edward W. Robson, Oshawa.

CHOW TIME—Cooking facilities were far from primitive when active and reserve army engaged in Exercise Snow at Shilo, Man., military camp. A modern pressure cooker over a small stove helped them whip up a hot meal. Sitting around the stove in their tent, left to right, are: Maj. Wes. Aikenhead of Melfort, Sask., Sgt. Dusty Miller of Winnipeg, Bdr. Harvey Myers of Calgary, and Sgt. Don Bain of Winnipeg.

Hockey's Big Seven

By The Canadian Press

Doug Bentley and Roy Conacher, Chicago's potent one-two punch, widened their lead in the National League scoring race on the week-end. Bentley picked up one goal and two assists to boost his total to 48, while Conacher added an assist and now has 46 points, nine ahead of Montreal's Billy Reay and Sid Abel, Detroit, who went scoreless. Bud Poile of Detroit went on a spree, collecting four goals and one assist to jump into a sixth-pace tie with Gus Bodnar of Chicago. Each has 32 points

The leaders:	G	A	Pts
D. Bentley, Chicago	17	31	48
R. Conacher, Chicago	17	29	46
Abel, Detroit	19	18	37
Reay, Montreal	18	19	37

QUITS USING LAXATIVE PILLS

Keeps regular now with famous cereal

Is constipation a serious trouble with you? Then read this unsolicited letter:

"I was sick with constipation. I reached the point where no sort of pill helped. Then my mother said I should try KELLOGG'S ALL-BRAN. So I began eating ALL-BRAN every day. It's hard to believe, but I am regular now!" Mrs. Lucien Kelly, 8 Deslauriers Street, Quebec.

You, too, may forget you ever had constipation due to lack of bulk in the diet. Simply eat an ounce of KELLOGG'S ALL-BRAN daily and drink plenty of water. ALL-BRAN is *not a purgative* but a wholesome regulating cereal. Eat as a cereal or in muffins for constipation relief. If after using a package you are not *completely* satisfied, get *double* your money back as guaranteed on the package. Get delicious ALL-BRAN from your grocer today. Made by Kellogg's of London, Ontario.

Kansas Pla-Mors Drop 2 Games To Omaha

By the Canadian Press.

St. Paul Saints are just one point behind the leading Kansas City Pla-Mors in the United States Hockey League's northern division today. The Pla-Mors dropped two week-end decisions to Omaha.

George Agar and Bing Jukes each hit two goals in leading the Saints to a 5-1 victory over Fort Worth Sunday night.

Omaha Knights dropped Kansas City by identical 4-1 scores Sunday night and Saturday.

In other Saturday games Tulsa triumphed 4-2 over Dallas, and Minneapolis smothered Fort Worth 9-2.

Remember When—

By The Canadian Press

Max Schmeling's chances of meeting Jimmy Braddock for the world's heavyweight boxing championship exploded 12 years ago tonight when the Irishman signed to meet Joe Louis. Braddock had contracted to meet Max Schmeling, victor over Louis, but an offer of $500,000 with an option of 50 per cent. of the gate for the Louis bout changed his mind. Louis won the title, and defeated Schmeling the next year.

U.S. Now Has Atomic Weapons Of New Design Said More Explosive Than A-Bomb

By FRANK CAREY

WASHINGTON, Jan. 31—(AP).—The United States now has atomic weapons of "new design" which have much more explosive energy than the old atomic bombs. The Atomic Energy Commission, which has hinted as much previously, announced it outright today in its fifth semi-annual report to Congress. It gave no hint whether the new, powerful weapons are improved bombs or entirely different explosive devices.

The Commission told Congress it took steps during 1948 to protest its major plants against sabotage and to provide "for the emergency defence of vital facilities against attack."

But it said "production and improvement of atomic weapons" has continued to receive its major attention. And in that department it reported "important advances"—in making atomic materials and weapons, as well as in developing new designs.

Tests Useful

It said study of the three highly secret atomic tests conducted at Eniwetok Atoll in the South Pacific in the spring of 1948 "have firmly established that a substantial gain in energy release was obtained."

And it indicated that its new designs are in production for the country's atomic stockpile by noting that the Eniwetok tests "pointed the way to the production of new weapons," then adding:

"In order to take full advantage of these achievements, a considerable expansion of the production program was required."

Th Commission said:

"By the year's end the United States atomic energy program had attained a momentum which if sustained, the Commisison believes will maintain and increase the nation's lead in atomic energy development."

Hint At Details

And the Commission hinted at details undisclosed in the 212-page report, commenting:

"(The report) is prepared against a background of world affairs which makes it necessary for the American people to maintain self-imposed restraints on the dissemination of a vast amount of data acquired since the beginning of the atomic energy enterprise in 1939."

The Commission disclosed "increased production of fissionable materials (uranium 235 and plutonium) at lowered cost," and said:

"The amount of these materials available is a significant measure of the national health.

"It determines how many atomic weapons the American people can build for defence and the number of power of atomic machines—nuclear reactors—that can be operated for application of the new energy to all parts of our national life."

"Work has also been done," the report said, "on the engineering development of weapons for the greater ease of production and greater serviceability."

While the Commission made only a brief reference to the production of industrial power from atomic energy, it said the subject is so important that it plans to send a special report to Congress to deal with it.

Continue Retake

PHOENIX, Ariz., Jan. 31—(AP)—Ben Hogan and Jimmy Demaret continue their golfing retake today when they meet in an 18-hole playoff to decide the winner of the $10,000 Phoenix open tournament. Sunday Hogan pulled the same trick he did the previous week at Long Beach, Calif., when he scored a one-under-par four on the final hole to tie Demaret. Both had 72-hole totals of 278—the highest in a Phoenix open since 1935. Hogan had a final 74 and Demaret a 73 on the par 71 course.

Welders Defeated By Campbellford

CAMPBELLFORD, Jan. 31 — (ENS)—Reinforced by Mortimer, Hill, Stewart and Greenlaw of the Peterborough Legion Senior "B" squad the local TVL boys defeated the Ideal Welding intermediate aggregation of Toronto in an exhibition game by the wide margin of 12-4 on Saturday night before a capacity crowd. The proceeds will be turned over to the new Memorial Hospital.

The home team outscored the visitors 3-1 in the opening frame, 6-1 in the middle session and 3-2 in the final period. The first line of Peloquin, Robinson and Blake were back in their old-time form, showing plenty of scoring punch. The Peterborough puckmen turned in a stellar performance with clever passing plays and adept stick handling. The Welders played a bang-up game but were cheated of victory time after time by goalie Nelson.

The teams:

Toronto—Goal, Trozzi; defence, Taylor and Clarke; centre, Dalzell; wings, Murphy and Spier; alternates, K. Casteucci, Hill, Smith, Patterson, Harding, Fiskari, Harrington and V. Casteucci.

Campbellford — Goal, Nelson; defence, Hendy and Tanner; centre, Robinson; wings, Peloquin and Blake; alternates, Free, Chernoff, Kruger, Hendricks, Hay, Mortimer Hill, Stewart and Greenlaw.

Referee, Sid Hopping; linesman, Doug. Lambert.

16 Homeless In Fire

OTTAWA, Jan. 31—(CP)—Sixteen persons were made homeless early Sunday when a two-alarm blaze destroyed a four-door two-storey brick row at 102--08 Driveway in mid-town Ottawa, causing damage estimated at $75,000. No one was injured. The blaze raged for five hours before brought under control.

Strategy Talks Buzz Anew At Caucuses During Week

OTTAWA, Jan. 31—(CP).—Political groups in the Commons, at their regular caucuses beginning this week, will buzz anew with strategy talks. The Liberals are expected to choose Wednesday, their weekly caucus day for years. That is when members of the party gather to talk with their leader, on how best to befuddle opponents and conduct House activities.

Parliament, which opened last Wednesday, has a new Prime Minister and House leader, and a new leader of the official Opposition — the Progressive Conservative Party.

Prime Minister St. Laurent could not be called a professional politician. He abandoned a successful law practice because his party needed him when the veteran Ernest Lapointe died and left the Quebec Liberals without a Federal Leader

He stayed as Prime Minister when Mr. Mackenzie King decided to retire and a convention picked Mr. St. Laurent as his successor.

PM's Hot Seat

Mr. St. Laurent would rather argue a case in court then squirm on the hot seat of a Prime Minister in the House of Commons.

An election is in the offing—it may come sooner than some people believe if the Opposition pressure gets hot—and the new Progressive Conservative Leader, George Drew, has not missed a cue so far.

This week's Liberal caucus will consider the best method of meeting the policy touched off by Mr. Drew from the moment Parliament opened. It is a policy of hitting often and fast at every opportunity with the idea of keeping the government on the defensive.

The Conservative caucus will meet this week to check up on the success of the "constant attack" strategy and to decide whether it is good or bad. Their decision might depend on how soon the party would like to fight a general election.

The CCF and Social Credit Parties will have no major problems in caucus, but they probably will discuss the times and issues on which they will lean one way or the other between the two old parties in their struggle for place.

Mapping Problems

Problems of mapping Canada's vast territory will be discussed this week when 136 delegates from all parts of the country meet in Ottawa for the 42nd annual meeting of the Canadian Institute of Surveying.

Papers on various aspects of surveying will be presented, but the address expected to draw the largest gallery will deal with mining. W. H. Durrell of Montreal, general manager of the Labrecor Mining and Exploration Company, will discuss the Quebec Labrador iron ore development, which has been described widely as "one of the best stories of Canadian mining in many years."

Hergeshimer Beats Record Of 233 Goals

By The Canadian Press.

Phil Hergesheimer, veteran Philadelphia right winger, is the toast of the American Hockey League today after completing his hockey dream Saturday by surpassing Les Cunningham's all-time league record of 233 goals.

Hergesheimer scored three goals to boost his total to 234. But his team-mates fell before the Providence Reds 10-4 with only Philly forward Steve Wochy adding to the eastern division team's scoring total.

Harvey Fraser, Carl Liscombe and Roger Bedard each scored two goals to lead the Reds. Other Reds to connect were Elwyn Morris, Maurice Arcand, Pete Kapusta, and Jack Stoddard.

On Sunday night, Hergesheimer went scoreless as his fourth-place team went down again before the Reds 7-2.

Carl Liscombe scored twice for Providence. Other Red goal-getters were Harvey Fraser, with two, Billy Arcand, Chuck Scherza and Johnny Chad. Rudy Brodeur and George Defelice scored singles for Philly.

St. Louis, after blanking Pittsburgh Hornets 2-0 Saturday travelled home for a Sunday tilt with Washington Lions which they won 7-2.

Goals by Cliff Simpson and Pat Lundy matched those by Rudy Migay and Ray Ceresino and gave Pittsburgh a 2-2 draw against Indianapolis.

Scoring in every period, New Haven Ramblers of the Eastern loop turned back Hershey Bears 4-1.

Hawks Gain Win

NORWOOD, Jan. 31—ENS)—Elwood Begg secured his first shut-out on Saurday morning in the Pee Wee League series, for the Black Hawks, in the game with Rangers. Black Hawks secured all goals and all penalties. Peoples netted three with Morgan and Benny Miles each getting an assist. Mervin Mullett, Miles and Peoples all were given two minutes in the box, the latter two for tripping.

Line-up:

Black Hawks—Goal, E. Begg; defence, Mervin Millett, M. Redden; centre, L. Peoples; wings, Glen Aldred, Bunny Miles; alternates, M. Ranson, R. Millett, F. Morgan, G. Millett, B. Mullan.

Rangers—Goal, E. Kavanagh, defence, W. Smith, V. Mullan; centre, D. Lockhead; wings, J. Feeley, J. Ferguson; alternates, Bob Tedford, G. Cassidy, G. Kavanagh, R. Tolley, P. McNeely, D Hamblin.

Referee — Ross Aldred, linesman, J. Robson.

Doesn't Expect War

NEW YORK, Jan. 31—(AP) — Gen. Eisenhower said Saturday night he does not think war with Russia is likely because "war is not the acceptable way to accomplish their purpose." He said he based his belief on the instability of Eastern Europe, with the "defection of Tito" as an example, and the fact that industry there has not been re-established. But, he added, "there is always the possibility of war."

Black Market In Germany Threatening Food Shortage

BERLIN, Jan. 31—(AP). — The black market is booming again in western Germany, lapping up grain and meat and threatening an acute food shortage. Despite bumper crops and heavy grain imports, some slashes in the bread ration are being announced. Philip Raup, director of United States military government's food and agriculture group, says:

"The black market is a decree of luxury that Germany cannot afford. The Germans are behaving as if they were in good condition. Germany does not yet appreciate that she is poor.

"The food situation in infinitely worse here than in England. Yet the Germans are eating better than the English. Better bakery products, for example, are on sale in western Germany today than in London."

Grain Disappears

Grain needed for bread is being poured into livestock for sale on the black market, he points out. Grain is seeping into the black market for milling as white bread. (Only one-fifth of the official bread ration is in white).

Farmers are feeding grain to chickens and peddling the eggs on the black market, Raup says other farmers are holding back their grain in the hope of getting higher prices later. Last October German officials granted a 25-cent-increase in grain prices.

On top of its excellent harvest, western Germany is receiving $980,000,000 of food imports in the year ending June 30, 1949. This includes 3,450,000 tons of bread grain imports alone.

Six per cent of these food imports were paid for with German exports. But for 94 per cent Western Germany has not had to give up anything in return. They were paid for by the United States and British governments or were brought in under the European recovery program.

But the average German can't be sure of getting even his official bread and meat ration.

Meat is even harder to get legally. Butchers hawk it without coupons at black-market prices.

Leafs And Wings Tie

NORWOOD, Jan. 31—(ENS)—It was a 1-1 tie for the Leafs and Red Wings in the Pee Wee loop fray on Saturday morning in the Arena. It also leaves them tied for second place with three points each, Hawks are well out in front with six, Mainland tallied for Wings on a nice set-up from Bondy in the first period and Burtt for the Leafs from Rusaw in the second. No penalties in this clean game.

Line-up:

Red Wings—Goal, Billy Mullan; defence, C. Fredericks, R. Feeley; centre, Max Millett; wings, C. Mainland, F. Feeley; alternates, W. Ranson, B. Bondy, F. Rooney, T. Wallbridge, R. McManus, H. Allen.

Maple Leafs—Goal, Neil Telford; defence, Carl Burtt, Smith; centre, L. Gordon; wings, P. Hines, D. Rusaw; alternates, R. Stewart, H. Scott, J. Redden, J. Rooney, D. McManus, Harry Parker.

Referee, D. Morrison; linesman, R. Aldred.

Campbellford Wins

LAKEFIELD, Jan. 31—(ENS) —Campbellford High School defeated Lakefield High School 8-5 in a clean, rugged contest on Friday evennig in Lakefield Memorial Arena.

The teams were evenly matched until late in the third period when the visitors scored three goals.

Dooker shone for the winners as Coyle and Sloan led the losers.

Line ups:

Lakefield—Goal, Blake; defence, J. Sabatino and Pearson; centre, Twist; wings, Coyle and Sloan; alternates, McCracken, D. Calberry, D. Wilford, E. Sabatino, G. Kelly, G. Hunter.

Campbellford — Goal, Oddie; defence, P. Doherty and Taylor; centre, J. Doherty; wings, Anderson, R. Dooher; alternates, Revoy, Bennett, Gumms, Darrack, Jeffs, Hay, Reid, Massie and K Ford.

By bobbing his head in a certain way, the sea gull shows other gulls the direction of a school of fish.

Danube Skaters Take Top Place

MILAN, Italy, Jan. 31—(AP)—Danube countries, reasserting their traditional strength in figure skating, Sunday with one exception swept first, second and third places in all three of Europe's 1949 championships.

Austria's Eva Pawlik and Edi Rada won Europe's women's and men's titles.

Hungary's Andrea Kekesy and Ede Kiraly retained the couples' championship they won at Prague a year ago. Kiraly also placed second in the men's contest.

Czechoslovakia's Alena Vrzanova, in a reckless and fiery display, placed second for women. Hungary and Austria took second and third in the couples.

The only entrant of the 42 stars from 10 countries to break the otherwise solid Danube front in the first three places was Britain's champion, 18-year-old Jeannette Altwegg, who won third for women.

Canada's Barbara Ann Scott, who turned professional late last year, won the women's title in 1947 and again last year.

Norwood Winners

NORWOOD, Jan. 31—(ENS)—Norwood boys defeated Havelock 2-1 in Norwood Arena Saturdaly morning. It was a good fast game all through; five penalties were handed out by Referee Aldred, four to the homesters.

Joe Rooney scored from Marvyn.

Line-up:

Norwood—Goal, Jack Stackhouse; defence, Jim Feeley, Bud Wrightly; centre, Ernie Spencer; wings, C. Davis, Bob Spencer; alternates, D. Morrison, Dick Fredericks, M. Scott, L. Peoples, Joe Rooney, G. Aldred, C. Mainland, D. Rusaw, Max Millett, B. Millett, J. Ferguson.

Havelock—Goal, Bob Revoy; defence, P. Chevalier, Reg. Pollock; centre, B. Laing; wings, B. Pollock, A. Patterson; alternates, B. Buchanan, J. Chase, J. Thompson, K. McMillan, G. Bales.

Referee—Ross Aldred; linesman, H. Hunter.

Suspend Classes Week

TORONTO, Jan. 31—(CP)—A week-long suspension of classes for students in the second year design class at the Ontario College of Art has been ordered by Principal Fred S. Haines. The suspension followed a disturbance in the class on Friday. Mr. Haines said a question of "discipline" was involved but would make no comment pending a report to be given Monday to the council of the college.

Rescues 3 In Fire

DESCHENES, Que., Jan. 31—(CP)—While flames threatened to cave in the tiny dwelling momentarily, Leo Blondin, 34-year-old laborer, Sunday risked his life to rescue his partially-blind father-in-law and his own two young sons. The pre-dawn blaze of unknown origin roared through the one-storey wooden structure, destroying it within minutes.

OHA Tells Emms To Behave Or Leave League

TORONTO, Jan. 31 (CP) — The Ontario Hockey Association Sunday laid down an ultimatum to both Coach Happy Emms of Barrie Flyers and the junior team's hometown fans to improve their conduct or get out.

Emms, former National Hockey League defenceman, was severely reprimanded and told any further outbreaks of temper could result in his indefinite suspension. The fans were warned that repetition of their bad conduct could result in the Barrie Arena being closed to all OHA games.

The warnings were delivered during a five-hour meeting of the OHA executive called to consider Barrie's actions in a junior league game Friday night at Barrie against Windsor Spitfires.

The referees called the game with six minutes remaining for what they termed "farcical conduct" on he part of Barrie. Emms had withdrawn his team in protest against a disallowed goal. When he put it back on, fans kept littering the ice with debris.

The committee ruled that the remaining six minutes will be played when the two teams meet next Wednesday in Windsor. The Spitfires, eight points ahead of Barrie in first place, was leading 4-2 and it was picked up from there.

The committee also ordered the Arena management to move the penalty box—now on the same side as the players' benches—to the opposite side of the rink.

Farmers Seeking 216,000 Trees

Applications for 216,000 trees passed through the hands of W. A. Anderson, Otonabee, in receiving orders for deliveries this spring from the Ontario Department of Lands and Forests.

"I am sure we would have had even a greater demand if farm help was equal to the increased work," Mr. Anderson said. "The ordinary work of farmers is in itself a big problem these days, and many of them who are interested in the planting of trees on a fairly large scale are waiting for a planting machine. That is the information we have had."

Quick Conversion

TORONTO, Jan. 31—(CP)—A major atomic power plant could be quickly converted to make bombs, Dr. O. M. Solandt, Director-eneral of Defence Research said Saturday in an address before the Royal Canadian Institute. The scientific chief of staff did not associate Canada's Chalf River atomic plant with this statement but it was believed to be big enough to fall within the category of which he spoke.

Charge Crew Mutinies

CARACAS, Venezuela, Jan. 31 —(AP)—Crew members of the tiny sloop Antonio Carballo were accused Saturday of tossing their captain and a life raft overboard while the vessel was near the African coast. The complaint charging mutiny was filed by the vessel's owner. Venezuelan security officials are investigating.

6—In Memoriams

JAMES—In loving memory of a dear son and brother L/Cpl. Stanley James, who died of wounds in Italy five years ago today, January 31. Buried in Morro River Cemetery, Ortona.
The world may change from year to year,
And friends from day to day,
But never will the one we loved
From memory pass away.
—Ever remembered by his mother, father, brothers and sisters.

6—In Memoriams

JACKMAN—In loving memory of a dear wife and mother, Mrs. George E. Jackman, who passed away January 31, 1948.
"She is gone but not forgotten,
As dawns another year,
In our lonely hours of thinking.
Thoughts of her are always near.
Days of sadness will come o'er us,
Friends may think the wound is healed
But they little know the sorrow,
That lies within our hearts concealed."
—Ever remembered by husband, George and daughters, Doris and Velma.

JACKMAN—In loving memory of mother who passed away January 31, 1948.
What would we give to clasp her hand,
Her patient face to see;
To hear her voice, to see her smile,
As in the days that used to be.
But some sweet day we'll meet again
Beyond the toil and strife,
And clasp each other's hand once more
In heaven, that happy life.
—Sadly missed and ever remembered by sons Eric and Ray and daughters-in-law Jean and Mona.

JACKMAN—In loving memory of a dear mother, Mrs. Margaret Jackman, who passed away one year ago today.
The depths of sorrow we cannot tell,
Of the loss of one we loved so well,
And while she sleeps a peaceful sleep,
Hr memory we shall always keep.
—Ever remembered, Delmar and Jean.

Army General Heads Paraguay Government

ASCUNCION, Paraguay, Jan. 31 (AP)—An army general headed Paraguay's provisional government today after dissident members of President J. Natalicio Gonzalez' own party forced his resignation in a surprise coup Sunday.

A hastily-convened national assembly Sunday night elected Brig.-Gen. Raimundo Rolon—defence minister under Gonzalez—to head the provisional government. The constitution requires a presidential election be called within the next two months.

Head Ontario Branch

STRATFORD, Jan. 31—(CP)—Three officers of the London Fusiliers were elected to head the Western Ontario branch of the Canadian Infantry Association at the meeting held here during the weekend. President is Lt.-Col. George Fawcett; secretary, Capt. Bruce Urquhart; and treasurer, Capt. J. Hines.

Deplores Loss Of Tradesmen Through Depression And War

By FORBES RHUDE
Canadian Press Business Editor

Perhaps the most pressing problem of the building industry, if one is to judge from discussions at this week's meeting of the Canadian Construction Association in Toronto, is that of maintaining the ranks of tradesmen. In other words, not enough boys and young men are learning building trades to replace retiring older hands and to meet the needs of the great new surge of industry.

As one man put it, referring to the depression of the '30's and the war years: "We have lost a whole generation."

For a period, about 10,000 war veterans in training raised the ranks of newcomers, but that is about over now and in 1948 there were only 3,000 civilian apprentices in eight provinces. (The association is not clear on the Quebec situation, through differences in definition of apprentice.)

J. M. Pigott of Hamilton commented: "The results of present efforts are too trivial to satisfy anyone."

Against the 3,000 figure, he said, employers and representatives or organized labor, meeting under Government auspices, have estimated that industry can absorb about 20,000 apprentices in all trades, in all provinces.

No Difficulty In 1947

"Our experience with the combined civilian apprentices and veteran trainees indicates clearly that there was no difficulty when 15,000 were handled in 1947."

The Federal Government has recently offered to pay half the cost, as was done in the case of veterans, in each province, of pre-employment training and subsequent special training, and an association resolution states:

"That provinces which have entered into apprenticeship agreements with the Federal Government with regard to full-time class training during apprenticeship, be urged to take advantage of the recent offer to extend the terms of the agreements to provide for full pre-employment classes."

Import Tradesmen

R. G. Johnson, general manager, said the association has been informed that trowel tradesmen of established skill are available from Italy and France and possibly other parts of western Europe.

"It is expected that employers will be required to guarantee 18 months' employment and pay transportation and travelling expenses from Europe to the place of employment in Canada.

"These costs may be deducted from wages at the rate of $15 a month provided that half the amount so retained is refunded to the immigrant at the end of 18 months.

"Good results have been reported on similar arrangements with a movement of Terrazzo workers.

"Before embarking on this program, however, it will be necessary to obtain definite commitments from employers as to their preparedness to participate....

"Under ordinary immigration procedures, the greatest number of skilled construction workers has come from Great Britain. It is anticipated that this will continue to be a major source of new construction workers."

GOING NO PLACE with the road and rattle of high speed is the streamlined locomotive Sir Nigel Cresley, named after a famed British railroad engineer, as it demonstrated an $800,000 test bench, consisting of rollers fitted with rims like railroad tracks, at the opening of the British Railroads' new research station at Rugby, England. The bench carries out tests up to 120 m.p.h., and has, as seen in the picture, a mobile chimney for placing above the loco's smokestack and taking off the exhaust. The Cresley is the same type loco as the Mallard, British holder of the world's steam speed record.

Germans Find Goettingen Popular College

By GUY BETTANY

GOETTINGEN, Jan. 31. (Reuters).—Most popular university in the British zone of Germany today is Goettingen. But gone are the days when its students wore comic hats, drank beer from huge mugs and fought duels.

Students at Goettingen in 1949 are serious men and women who have no money or time for intemperate drinking and think duelling only foolish. Their life is a continual struggle to find the money to finish their studies, to buy books which are unreasonably expensive, and to pay for their food and fuel.

The students are not so young, either. On the average they are between 25 and 26. About one in four is married and many have children. Their youth was spent in the army and now they are making up for the lost years.

Goettingen has long concentrated on law, science and medicine, but there are faculties of theology and philosophy which have been expanded because of the bomb damage to the University of Bonn.

Too Many Doctors

Germany already is overstocked with doctors, yet there are 2,000 medical students in Goettingen. This means that only those of exceptional ability will be able to find a job.

The students have a certain amount of self-government, and there is a student representative in the Senate of the professorial governing body, although he has a voice only in student affairs.

The students' clubs were abolished by Hitler in favor of Kamaradsbaften, comrade groups which were more or less the same thing but organized on Nazi lines. They in turn were abolished by the British military government, and nothing has really taken their place.

Students at Goettingen are not all German. There are 500 displaced persons, and a small number of students from other countries.

Though the life of a student at Goettingen is on the whole rather dreary, there are moments of gaiety. The various seminars give dances in turn. At carnival time there is a whole string of masked balls, each seminar and each club giving a celebration.

MRS. GEORGETTE BRUCKS, 21, of Los Angeles, agreed to undergo a sterilization operation as penalty for beating her seven-month-old son to death. The judge said he would grant her six years' probation if she submitted to surgery. Here she embraces her 20-month-old son.

Governor General Issues Message For Health Week

OTTAWA, January 31 — "Any enterprise which has as its object the betterment of the health of the people of this country has my enthusiastic endorsement," His Excellency the Governor-General, Viscount Alexander of Tunis, said in a message to the people of Canada stressing the importance of Canada's fifth National Health Week which opened today.

"Health Week" is sponsored by the Health League of Canada of which His Excellency is Patron.

Text of Viscount Alexander's message:

As Patron of the Health League of Canada, I appeal to everyone for their wholehearted support and cooperation in the observance of the Fifth National Health Week.

I cannot emphasize too strongly the vital influence which a constant vigil over the preservation of our individual health has in the maintenance of Canada's progress.

Any enterprise which has as its object the betterment of the health of the people of this country has my enthusiastic endorsement.

Nail Shortage Worries Home Builders

Weather this winter, while enjoyable to the average citizen, is not helping building contractors to any extent. Several report that men will work in near-zero weather but they won't work in rain, and on several days, the rain has pelted down.

Hubert Eastwood, of the Eastwood Construction Company, says fair progress is being made on the interior work at Civic Hospital, and up at Lindsay where 35 men are working on the Brinton Carpet Company plant, splendid progress is reported. Brickwork on this latter job did not start until January.

Hardware men and builders don't look for any improvement in the nail and cement picture in the Spring. At present because demand has fallen off, cement is plentiful, but storage of this commodity is expensive as repiling is necessary to prevent hardening. Suppliers forecast that as soon as Spring arrives with its building boom, the available supplies will be wiped out.

Nails are coming through regularly but not in sufficient quantities to meet even the winter demand. Here, again, the spring building is sure to make the nails more difficult to obtain.

Harold Rehill remarked today, the cement situation in the spring will be influenced by the amount required to complete Hydro projects. If these projects are well-advanced by then, there will be much more cement available for the building trade.

Steel pipe in all sizes is in extremely short supply, and this condition is worrying plumbing, steamfitters and general contractors.

Drop School Grant

TORONTO, Jan. 31 — (CP) — Ontario Education Department officials said Friday that the per capita grant for High Schools will not be made this year, but other provincial aids would fill the gap. A schedule of percentage grants had been mailed to all local school boards. A spokesman said the schools "will not sufefr" from the change.

Trapped In Fire

BLUEBERY BAY, Jan. 31 — —(CP). — Trapped inside a blazing cabin, Anna Gilbertson, infant daughter of Mr. and Mrs. Henry Gilbertson, was fatally burned on Thursday. The child's four-year-old sister Lillian ran from the cabin for help, but nearby woodsmen arrived too late to save the baby. Their parents were away buying supplies.

Small Magazine Helps Locate Counterfeit Bills

By HERBERT C. JOHNSON

NEW YORK, Jan. 31 (AP).—A hatcheck girl took one look at a $20 bill handed her in a New York night club the other morning. She called the manager. Her action resulted in the arrest of two men and a woman, the confiscation of $200 in counterfeit bills, and a police charge the trio had passed a spurious $130 in a tour of the hot spots.

On the theory that money handlers aren't always as alert as the hatcheck girl, "The National Counterfeit Detector" has been published once a month since 1907.

It is a tiny magazine, measuring 5½ by 8 inches. It runs to about 48 pages. But if you studied it carefully from month to month, there's not much chance you'd ever get stuck with a counterfeit bill.

Last month Government officials said a flood of $10 and $20 counterfeits had been tossed on the country. Bank officials said there were masterful imitations.

The Detector" describes in detail every United States and Canadian counterfeit known or believed to be in current circulation. It also describes bogus issues of more ancient date.

Gets Latest News

Frequently, Thomas P. Drew, president of "The National Counterfeit Detector" and a top-flight New York indstrial executive, pays a visit to the New York office of the Secret Service to get the latest news on phoney money.

Drew looks on the pint-size magazine as a good-will cushion between bank or store management and the public.

"You'd holler too," he says in a brochure, if a teller or store clerk detected a bogus bill you unknowingly had passed him, and then screamed "counterfeit" in the presence of other customers.

Instead, he suggests the teller or clerk could lead the unlucky client to a bank or store officer. The officer could soothe the client, open the "Detector", show the client, in black and white, just what type of paper had tried to pass.

This tactful handling, Drew says hopefully, will ease the blow and send the customer away — minus $5, $10 or $20 — in a somewhat less resentful state of mind.

Life For Poor In Spain Difficult, But Not Grim

By ALBUEN D. WEST

NEW YORK, Jan. 31 —(AP)— Some of the questions asked most frequently about Spain are: Is Franco going to fall? Do the Spanish people like Franco? Are things pretty grim in Spain?

Foreign observers in Spain generally agree there is no present visible threat to the Franco regime. Diplomats are reporting to their governments that the republican opposition has been decimated if not liquidated. Communism has been and is ruthlessly surpressed.

The interest of diplomatic observers now is centered on the possibility of the return of a king to the throne of Spain. They see every indication of increasing cooperation in the regime by the monarchists.

The rendezvous between Generalissimo Franco and Don Juan, pretender of the Spanish throne, last August has been interpreted generally as taking the starch out of anti-Franco monarchists.

Police Dictatorship

Spain's present government is generally described as a police or military dictatorship. The leaders of the armed forces named Generalissimo Franco chief of state and have the unquestioned power to remove him from that office. Yet both official and unofficial foreign observers in Madrid hold such a step a most remote possibility.

Do the Spanish people like Franco?

The answer to this question can only be answered by a plesbiscite held with freedoms of speech, press, assembly and organization. Such freedoms are not enjoyed by the Spanish people.

While the question of how many Spaniards do or don't like the Franco regime remains unanswered—all observers agree the population has little interest in politics. As in most countries, the average citizen in Spain is concerned with getting enough food and clothing for himself and family.

But the economic situation in Spain does not deserve the adjective "grim."

For the poor of Spain life is difficult just as it has been for centuries. Today inflation is the workers' added burden. There is little or no unemployment in Spain. Yet scarcities have boosted living costs about 400 per cent. Wages are up only about 50 per cent.

Yet as in most of the world there is every luxury for those with money. Store windows are filled with rich foods. High prices restaurants and fancy night clubs flourish.

See Uncertainties For Car Industry

By DAVID J. WILKIE

DETROIT, Jan. 31 —(AP)— Many uncertainties lie ahead of the automoblie industry this year despite optimistic statements by its leaders.

There probably has been no time since the war when you could hear as many differing opinions about what may happen before the year's end.

Is the seller's market about ended? Are prices going to level of for decline? Will the industry build 6,000,000 vehicles this year? Can the auto dealers sell that many cars and trucks in 1949?

These are a few of the questions being heard with increasing frequency in automotive circles. Most of the answers are being qualified.

Some executives have emphasized the car industry never has sold as many cars and trucks in January, February and March as it normally does in April, May and June. This is traditional, they say. Yet the very appearance of a tapering off is evidence that something like normalacy may be returning to the industry.

For several makes of cars the seller's market already has gone. Supply and demand will not be entirely balanced during the year's second quarter, but you won't have much trouble getting delivery of most middle price cars.

A low-priced car will not be quite as easy to get. But even in the popular price field the dealers may be hunting customers by this time next year.

Buy More Tobacco

LONDON, Jan. 31—(Reuters)—Britain expects to buy more tobacco from the United States this year than in 1948 if there is no substantial change in her dollar position, it was officially announced Friday. Export of Canadian tobacco will not be affected, a trade source said.

SUES RAILROAD—Mrs. Vivian Turner Roberts stands with her daughter in Memphis, Tenn. after testifying in a $20,000 damage suit. The part-Cherokee Indian of Ypsilanti, Mich., charges that the Illinois Central Railroad forced her to ride in an all-Negro passenger coach.
